## Q2 & H1FY25 Earnings Presentation

November 2024

# Safe harbour & disclaimer

*This presentation ("Presentation") is prepared by TVS Supply Chain Solutions Limited ("Company") and is for information purposes only without regards to specific objectives, financial situations or needs of any particular person and is not and nothing in it shall be construed as an invitation, offer, solicitation, recommendation or advertisement in respect of the purchase or sale of any securities of the Company or any affiliates in any jurisdiction or as an inducement to enter into investment activity and no part of it shall form the basis of or be relied upon in connection with any contract or commitment or investment decision whatsoever. This Presentation does not take into account, nor does it provide any tax, legal or investment advice or opinion regarding the specific investment objectives or financial situation of any person. Before acting on any information you should consider the appropriateness of the information having regard to these matters, and in particular, you should seek independent financial advice. This Presentation and its contents are confidential and proprietary to the Company and/or its affiliates and no part of it or its subject matter be used, reproduced, copied, distributed, shared, retransmitted, summarised or disseminated, directly or indirectly, to any other person or published in whole or in part for any purpose, in any manner whatsoever.*

*The information contained in this Presentation is a general background information of the Company and there is no representation that all information relating to the context has been taken care of in the Presentation. We do not assume responsibility to publicly amend, modify or revise any information contained in this Presentation on the basis of any subsequent development, information or events, or otherwise. This Presentation includes certain statements that are, or may be deemed to be, "forward-looking statements" and relate to the Company and its financial position, business strategy, events and courses of action.*

*Forward-looking statements and financial projections are based on the opinions and estimates of management at the date the statements are made and are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those anticipated in the forward-looking statements and financial projections. Representative examples of factors that could affect the accuracy of forward looking statements include (without limitation) the condition of and changes in India's political and economic status, government policies, applicable laws, international and domestic events having a bearing on Company's business, and such other factors beyond our control.*

*Forward-looking statements and financial projections include, among other things, statements about: our expectations regarding our transaction volumes, expenses, sales and operations; our future merchant and consumer concentration; our anticipated cash needs, our estimates regarding our capital requirements, our need for additional financing; our ability to anticipate the future needs of our merchants and consumers; our plans for future products and enhancements of existing products; our future growth strategy and growth rate; our future intellectual property; and our anticipated trends and challenges in the markets in which we operate. Forward-looking statements are not guarantees of future performance including those relating to general business plans and strategy, future outlook and growth prospects, and future developments in its businesses and its competitive and regulatory environment. These forward-looking statements represent only the Company's current intentions, beliefs or expectations, and no representation, warranty or undertaking, express or implied, is made or assurance given that such statements, views, projections or forecasts in the Presentation, if any, are correct or that any objectives specified herein will be achieved.*

*We, or any of our affiliates, shareholders, directors, employees, or advisors, as such, make no representations or warranties, express or implied, as to, and do not accept any responsibility or liability with respect to, the fairness, accuracy, completeness or correctness of any information or opinions contained herein and accept no liability whatsoever for any loss, howsoever, arising from any use or reliance on this Presentation or its contents or otherwise arising in connection therewith. The information contained herein is subject to change without any obligation to notify any person of such revisions or change and past performance is not indicative of future results.*

*This document has not been and will not be reviewed or approved by a regulatory authority in India or by any stock exchange in India. No rights or obligations of any nature are created or shall be deemed to be created by the contents of this Presentation.*

# Q2 & H1FY25

## Financial Performance

# From the desk of MD

**Ravi Viswanathan**  
*Managing Director*

Commenting on the Q2 & H1FY25 performance, Mr. Ravi Viswanathan; Managing Director – TVS Supply Chain Solutions Limited said :

“The Q2 results demonstrate our ability to sustain growth momentum in both revenue and profit, amid ongoing macroeconomic challenges. New business wins have added ₹280 Crores of revenue for the quarter.

Our global account management strategy has helped us close the large deals that gives us the confidence of sustaining the growth momentum.

Overall, the results reflect our resilience in navigating a complex environment and we remain confident about our profitable growth in the coming quarters.”

# Financial Snapshot

## Revenue

**New Business Wins  
INR 280 Crs**

## Adj. EBITDA

## PBT (before exceptional items)

**Robust BD Pipeline  
INR 4,500 Crs**

## **Business update:**

- Won a significant new contract in excess of ₹ 2,200 cr. with a large industrial customer in North America.
- Won a 7-year strategic contract with a UK Governmental agency to offer critical systems spares & support, ensuring enhanced availability and operational readiness of the customer worldwide.
- Secured a 3-year business contract from a leading manufacturer of earth moving and construction equipment for managing their in-plant warehousing and logistics operations.

## **Tech update:**

- Delivered an end-to-end IT solution from order-to-cash and procurement-to-pay for a key Auto OEM based in Singapore.
- Successfully moved to ISO27001 standards in Singapore and USA with no open non-conformances as part of security offerings.
- Deployed AI led Polarized Light Damage Detection service offering for Beverage Clients in UK.
- Implemented AI led Auction price and target bidding for Courtier business in Europe.

## Global Functional leads

# Strategies for Growth : 3C Approach

We identify opportunities using the 'C3 Framework' in the three C's - Customer, Capability and Country

1

## CUSTOMER

- ✓ Deepen our customer relationships
- ✓ Acquire New Customers

We started with offering single service to a customer and subsequently we have been able to expand this relationship and started to offer bundle of services to them across regions

2

## CAPABILITIES

- ✓ Continued innovation and investment in technology
- ✓ Continued focus on delivering value-added solutions and building end-to-end Capabilities
- ✓ Continue to invest in team, talent, and partners

We have added multiple capabilities over the years in order to continue to enhance our customers supply chain and achieve higher efficiency in our operations throughout the whole supply chain

3

## COUNTRY

- ✓ Leverage our global network to expand into new markets
- ✓ Deepen presence in a country
- ✓ Continue to grow our global platform through targeted inorganic opportunities

Over the years we have expanded our geographical presence enabling us to accelerate growth, realize higher revenue and cost synergies and increase margins

Our strategy revolves around **ENCIRCLEMENT** which focuses on increasing the wallet share of existing customers by generating incremental business by increasing the scope of our services

Revenue from Operations with Impact due to Pricing

## Impact for FY24

FY24 revenues & volumes had been impacted on account of various global macro economic uncertainties

## Volume

## Outlook

Key Initiatives to drive future growth

- Building on existing customer / trade lanes Increased **presence across new geographies** like US,
- Digital transformation to focus on enhancing the customer experience and optimizing operating costs

# IFM Performance

## Demonstrated Growth in Revenues\*

## New Order Wins Continue...

## Diversified across industries

### Key Highlights

- ✓ Revenues continue to steady on account of new business development and encirclement
- ✓ End user industry demand is strong, and we expect the trend to continue
- ✓ **Outlook:** We continue to focus on our margins in IFM segment. We are implementing certain cost rationalization measures to boost our margins

\*Prior period financials presented for Continuing Operations; post classification of Circle Express as discontinued business

# Positive Margin Trajectory

Consl. Adj. EBITDA

ISCS Adj. EBITDA

NS Adj. EBITDA

## Levers of Margin Expansion

- ✓ Since FY21, our consolidated margin has expanded by **130 bps**, driven by the strong performance of the ISCS segment and ongoing initiatives to enhance the efficiency of the NS segment
- ✓ In the ISCS segment, we have successfully acquired new large customers across key geographies and increased wallet share from existing clients. Leveraging digital initiatives, we have achieved significant operational efficiencies
- ✓ In the NS segment, the performance of the GFS division has been impacted by normalizing freight rates and geopolitical tensions. To manage these challenges, we have taken strong cost control measures and driven procurement efficiencies. The positive impact of these initiatives is expected to become more pronounced in the coming quarters

# Diverse customer base with long term relationships

- Late order execution leading to high operating costs
- Revenue leakage
- Customer dissatisfaction

### Key Requirement

- 1 Complete overhaul and design new supply chain network
- 2 Integration of Warehouse management system with Customer's ERP
- 3 Reduce Inventory variance and damage, monitor solutions
- 4 Reduce transportation time and increase visibility of transport operations

### Services Provided

- ✓ Supply Chain Consultancy
- ✓ Warehouse Design
- ✓ Inventory Automation
- ✓ Warehouse Management
- ✓ Transport Management

### Solutions

#### Digital Solutions

- ✓ TVS SCS WMS with integrated tracking
- ✓ Integrated TVS SCS WMS with customer ERP
- ✓ Control Tower
- ✓ Predictive analytics to forecast increased demand for supply chain agility

#### Business Solutions

- ✓ Designed new supply chain network
- ✓ Inventory and Transport Consolidation

## Results

Streamlined process and enhanced quality

Increased uptime resulting in increased production

Reduced cost of operations

Improved TAT & overall efficiency

# Case Study - Automotive

## Client

Leading Indian two-wheeler manufacturer

## Industry

Automotive

## Service Offering

Optimized the network to ensure error free deliveries

Inaccurate and damaged exports resulted in irate dealers, dormant inventory, and missed sales opportunities

## Overview & Challenges

The company was exporting CKD kits to 75 countries.

Facing multiple issues **with errors in shipment and damage of the CKD kits** on arrival.

The company was unable to meet the market demand and was having a bad experience in shipping the right parts, airlifting missing packages, and replacing damaged parts.

## Key Requirements

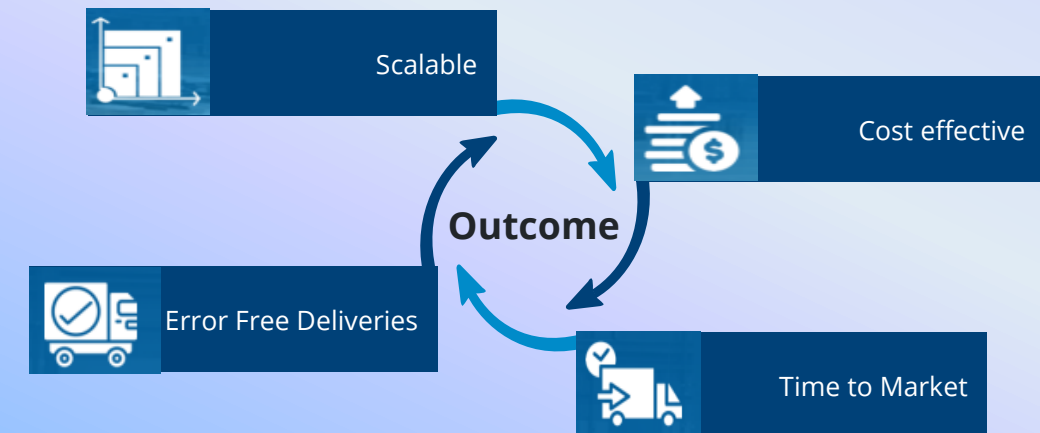

## Solutions

- ✓ System initiates packing when 100% of the parts are available
- ✓ MHE moves the material to the next station only when the right parts are packed
- ✓ Cameras monitor and alert operator's absence at a station
- ✓ Efficiency and speed are achieved through material lifts, spiral chutes, belt conveyors, pallet former, custom trolleys etc.
- ✓ Digitized Poke - Yoke validation ensures defect free delivery
- ✓ Plant capacity of 1000 bikes/day; Prepack storage - 3000 Bins, FG Storage - 3800 Pallets, 12 Inbound, and 4 Outbound docks

## Results

TVS SCS responded with a cutting-edge, purpose-built **warehouse automation solution** that achieved the goal of **error-free deliveries in less than 3 months**

# Tech Excellence: Driving Business Growth

We provide **Tech Enabled Solutions** customized to meet **specific customer needs**,  
**optimizing costs** and **maximizing efficiency**

## Transport Management

### **i-Loads**

One stop E2E platform for truck management, delivery tracking, billing, performance reporting

## Freight Management

### **LCL Consolidator**

Enable automated decision making on container closing providing real time cargo visibility

### **e-connect**

Online tracking system with 24/7 visibility of goods down to order item level

## Warehouse Management

### **Visibility**

Inventory management solution using RFID technology coupled with barcodes

## Supply Chain Management

### **Msys**

Product data management, demand forecasting. Warehouse management, business data & Analytics

### **Courier Alliance**

Marketplace to match courier partner with customer demand ensuring speedy completion of last mile delivery
