RICE EXPORTS UP 22% TO OVER \$10 BILLION

Agri, processed food exports increase to \$20.3 bn in Apr-Jan

SANDIP DAS
New Delhi, February 21

INDIA'S EXPORTS of agricultural and processed food products grew by over 13% year-on-year, reaching \$20.3 billion in the first ten months (April-January) of FY25, driven primarily by a sharp rise in rice shipments.

According to data from the directorate general of commercial intelligence and statistics (DGCIIS), rice exports surged over 22%, climbing to around \$10 billion, compared to \$8.26 billion in the same period last year. By September 2024, the government removed nearly all restrictions on basmati and non-basmati rice exports, including minimum export price (MEP) limits and export duties. However, the ban on broken rice exports remains in place. Exporters anticipate a 15% rise in total rice exports for FY25, potentially reaching a record \$12 billion, fueled by strong global demand. In FY24, India's rice exports were valued at \$10.41 billion, a 6.5% decline

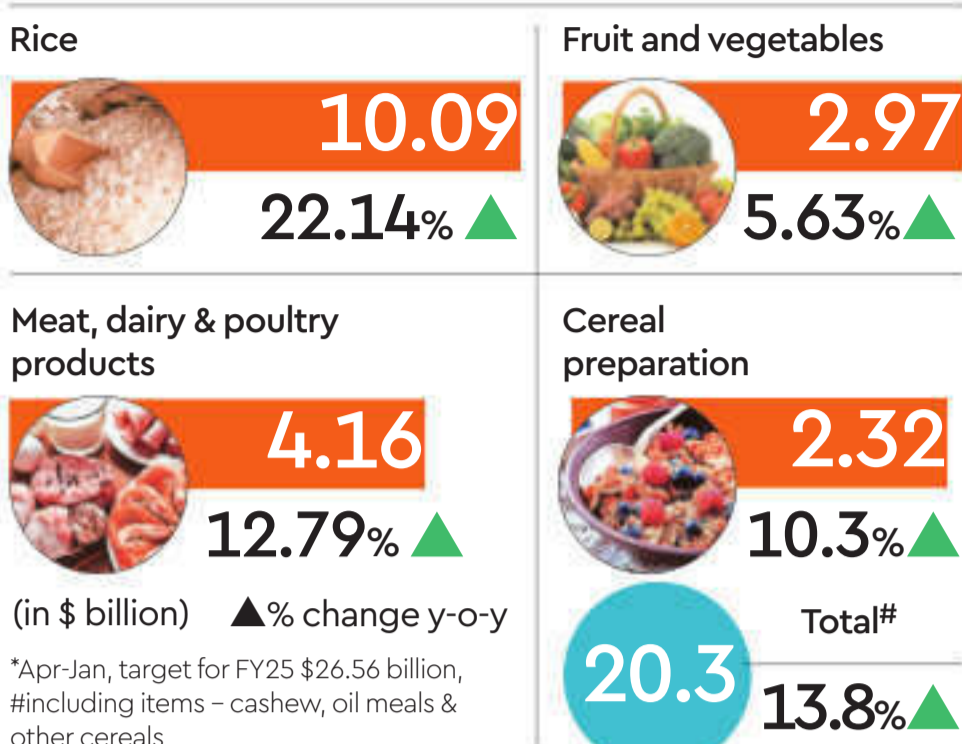

from the previous year due to earlier export restrictions aimed at stabilising domestic supply.

"We expect the value of basmati rice exports in the current fiscal at around \$5 billion because of robust global demand," Vijay Setia, managing director, Chaman Lal Setia Exports, a leading exporter of aromatic rice, based in Karnal, Haryana, told *FE*. India's dominance in the global rice trade is expected to strengthen further, with increased shipments to Africa and Southeast Asia. India has remained the world's largest rice exporter for over a decade.

Exports of buffalo meat, dairy and poultry products rose by close to 13% on year to \$4.16 billion during April-January compared to \$3.68 billion in the same period of FY24.

Officials said that in the past decade, there has been a rise in demand for Indian bovine meat across the globe due to its quality and nutrient value as buffalo meat is processed and exported as per the World Organization for Animal Health guidelines.

IN NUMBERS

Refrain from strikes: Bar Council to lawyers

JYOTSNA BHATNAGAR
Ahmedabad, February 21

THE BAR COUNCIL of India (BCI) has issued an urgent appeal to agitating lawyers who are irked by the proposed Draft Advocates (Amendment) Bill to refrain from strikes or any form of protest that could disrupt the administration of justice.

This follows a meeting between BCI and Union Law Minister Arjun Ram Meghwal and senior ministry officials.

In an urgent communication addressed to office bearers of the Coordination Committee of all district court bar associations of Delhi, and presidents and secretaries of the Delhi High Court Bar Association and all district bar associations, the BCI said the law minister appeared to be "very positive and pro-lawyer in his approach."

The discussions, the letter

said, "have yielded substantial clarity and positive assurances regarding the genuine concerns of the legal fraternity" on the Bill. As the government has "demonstrated a constructive approach and is receptive to our suggestions," the need of the hour is to engage through dialogue rather than resorting to strike/boycott, BCI said.

The ministry has also given an assurance that "no provision shall be passed into law which is against the interest of the legal profession or its regulatory autonomy," the communication from BCI Chairman Manan Kumar Mishra said.

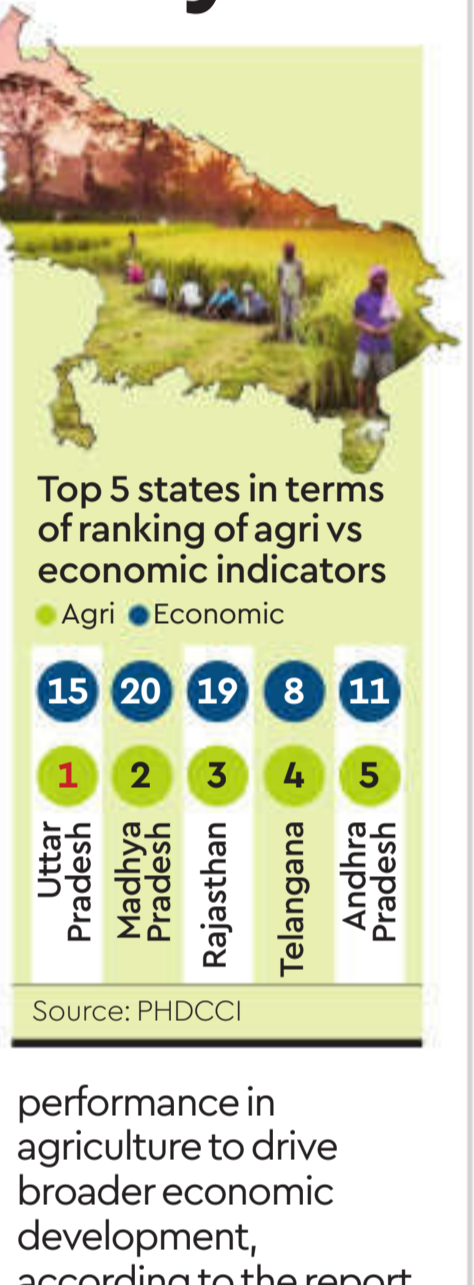

The BCI has also cautioned that post the meeting of all state bar councils on February 23, "if it is felt that there is necessity of any protest or agitation on any issue, the BCI will give such call at an appropriate time for a nationwide protest."

UP tops in agri growth: Study

UTTAR PRADESH, MADHYA Pradesh, Rajasthan, Telangana and Andhra Pradesh have been ranked as top five states amongst 20 states in terms of performance in the agricultural sector during FY22-FY23 despite their relatively lower ranks in economic indicators according to study by PHDCCI stated, reports Sandip Das. "While some states excel in agricultural performance, their overall economic growth remains modest," a report titled 'India's agricultural transformation: from food scarcity to surplus, stated'. This highlights an opportunity to better leverage the

performance in agriculture to drive broader economic development, according to the report.

Govt may hike taxes on vegetable oil import

REUTERS
Mumbai, February 21

INDIA IS LIKELY to raise import taxes on vegetable oils for the second time in less than six months to help support thousands of oilseed farmers reeling from a crash in domestic oilseed prices, two government sources said on Friday.

The hike in import duties by the world's largest importer of edible oils could lift local vegetable oil and

oilseed prices, while potentially dampening demand and reducing overseas purchases of palm oil, soya oil, and sunflower oil.

"(The) Inter-ministerial consultations regarding duty hike are over," said a government source. "The government is soon expected to raise the duties."

The government would take into account the impact of the decision on food inflation, said another government source.
