### SECRETARIAL AUDIT REPORT

(As per Form No. MR-3)

For the financial year ended 31-03-2024

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies

(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members,

M/s GVK Power & Infrastructure Limited

(CIN: L74999TG2005PLC059013)

Darshak Chambers, Plot No.32, Ground Floor,

House No.1-8-303/48/32, Street No.1,

Penderghast Road, Secunderabad – 500003

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. GVK Power & Infrastructure Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

The maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.

We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.

We have not verified the correctness and appropriateness of financial records and books of accounts of the Company.

Wherever required, we have obtained the Management Representation about the compliance of laws, rules and regulations and happening of events etc.

The compliance of the provisions of corporate and other applicable laws, rules, regulations, standards is the responsibility of Management. Our examination was limited to the verification of procedures on test basis.

The secretarial audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the Management has conducted the affairs of the Company.

Based on my verification of the M/s. GVK Power & Infrastructure Limited's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion the Company has, during the audit period covering the financial year ended on 31st March, 2024, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by M/s GVK Power & Infrastructure Limited for the financial year ended on 31st March, 2024 according to the provisions of

1. The Companies Act, 2013 (the Act) and the rules made thereunder;
2. The Securities Contracts (Regulation) Act, 1956 (SCRA) and the rules made thereunder;
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
4. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI ACT):-
  - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011;
  - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
  - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; and
  - d. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
6. The Company being an "Ultimate Holding Company" and without any manufacturing/production activities on its own, most of the Labour Laws are not applicable to the company. However, the company is complying with the provisions of the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and the Payment of Gratuity Act, 1972.

7. As regards compliance of Environmental Laws, as may be applicable to the company, we state that the company does not have any manufacturing unit since it is a Holding Company. As per the management, the respective subsidiary/associates of the company are complying with the applicable Environmental Laws. Therefore, the company need not comply with any specific Environmental Laws by itself.

We have also examined requisite compliances with the applicable clauses of the Secretarial Standards issued by the Institute of Company Secretaries of India and found that they have been duly complied by the Company.

During the period under review, the Company has complied with all the relevant provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc.,

**We further report that**

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-executive Directors and Independent Directors. The Changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and the SEBI (LODR) Regulations, 2015.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company not entered into / carried out any activity that has major bearing on the Company's affairs.

<b>II.</b>	<p><b>Audit Qualification (each audit qualification separately):</b></p> <p><b>Details of Audit Qualification (Disclaimer of opinion):</b></p> <p>1. We draw attention to note 6 to the consolidated financial results which states that as at March 31, 2024, the GVKPIL Group had accumulated losses and the GVKPIL Group has incurred losses excluding exceptional item during preceding years. The GVKPIL Group's current liabilities are significantly in excess of current assets. Three of the subsidiary companies where the project has been terminated are following liquidation basis of accounting. The GVKPIL group has delayed/defaulted in repayments of loans and interest thereon and various loan accounts have been classified as non-performing assets by banks/ lenders including recall of loans /filing of cases under the Insolvency and Bankruptcy Code in certain cases. The Resolution professional have also been appointed in certain cases by NCLT. There are various litigations going on in the GVKPIL Group. The GVKPIL Group has also provided guarantees and commitments and/or has undertaken to provide financial assistance on behalf of various entities and as further detailed in notes 8, 9, 10(a) and 10(b) (referring to notes on GVK Coal Developers (Singapore) Pte Limited, GVK Energy Limited, GVK Bagodara Vasad Expressway Private Limited and GVK Deoli Kota Expressway Private Limited), uncertainties are being faced by various projects such as delays / non development of coal mines in an overseas project where the parent Company has provided guarantees and commitments for the borrowings, losses incurred by gas based power plant in the absence of gas and litigations on rights to claim capacity charge, arbitration on delay of commencement of road projects, termination of various projects etc. Various guarantees given by GVKPIL and GVK Energy Limited (GVKEL) on behalf of their subsidiaries, associates and joint controlled entity have been invoked by the lenders. These factors indicate significant doubt on going concern ability of the GVKPIL group. Notwithstanding the above, the financial statements of the GVKPIL Group have been prepared on</p>			

	<p>going concern basis as management believes that the GVKPIL Group would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. Further, the Management is confident that aforesaid entities would win litigations; will reach an optimal solution with non-controlling shareholders and lenders etc. as required despite current macro-economic environment challenges. Considering the various uncertainties involved as fully described in the Basis of Disclaimer section of our report, the probable impact could be material and pervasive on these consolidated financial results and that may cause significant doubt on company's ability to continue as a going concern. Accordingly, we are unable to comment that the management assumption of preparing these financial results on going concern basis is appropriate.</p> <p><b>Type of Audit Qualification:</b> Disclaimer of Opinion</p> <p><b>Frequency of qualification:</b> First time</p> <p><b>For Audit qualification(s) where the impact is not quantified by the auditor:</b></p> <p><b>Management's estimation on the impact of audit qualification:</b> Not Applicable  <b>If management is unable to estimate the impact, reasons for the same:</b></p> <p>Management believes that the GVKPIL Group would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. We draw attention to Note No 8 to the Consolidated Financial Results regarding GVK Coal Developers (Singapore) Pte. Limited, (GVK Coal Developers) (an associate) in which the GVKPIL Group has investments and has receivables aggregating to Rs.79,048 Lakhs and to whom the holding company along with others jointly and severally had given irrevocable and unconditional guarantee and commitments (CG) for loans up to aggregating to USD 1132.45 Million (Rs.9,44,168 Lakhs) (GVKPIL itself guaranteed towards the repayment of limits which shall be lower of either 53.9% (including in respect of the Hedging Agreements if any) of all principal amounts outstanding under the finance documents or USD 692.61 Million) taken by the aforesaid associate Company part of which is collateralized by pledge of 155,587,500 (March 31, 2023: 155,587,500), 130,287,382 (March 31, 2023: 130,287,382) and 48,000,000 (March 31, 2023: 48,000,000) shares of GVK Energy Limited, GVK Transportation Private Limited and GVK Airport Developers Limited respectively for securing loan obtained by GVK Coal Developers (Singapore) Pte. Limited and has also undertaken to provide financial assistance of USD 3.11million (Rs.2,593 Lakhs) with respect to which there are multiple significant uncertainties including outlook on the sector, non-achieving of financial closure and clearances for the project, concluding an appropriate solution with various stakeholders including lenders, and necessary environmental and regulatory clearances etc. The GVK Coal Developers current liabilities exceeded current assets by USD 2624 million (Rs.21,87,713 Lakhs) as of March, 2024 and accumulated losses as of March, 2024 is USD 1386 million (Rs. 11,55,562 Lakhs) based on audited special purpose consolidated financial statements of GVK Coal Developers (Singapore) Pte. ## Consolidated Financials

England and Wales Commercial Courts (England Court) on November 09, 2020 and have sought to recover the amounts advanced to GVK Coal Developers. During the current financial year 2023-24, the England court vide its order dated October 19, 2023 has crystallized the amount payable by the defendants (GVKPIL and other guarantors / stakeholders in GVK Coal Developers) at USD 2.19 billion including the amount towards interest.

As per legal opinion obtained by the Holding company, the order dated 19th October 2023 passed by the England court is not speaking order. It has also been opined that the Order dated 19.10.2023 cannot be enforced in India and is contrary to the substantive law of India and is also in violation of the principles of natural justice.

As per the GVKPIL management, several attempts were made by the company to have a solution with the lenders including an agreement dated March 23, 2017, wherein a non-binding framework solution was agreed upon for a settlement. Subsequently also there were several efforts to engage with the lenders to arrive at a settlement. The GVK Coal Developers having failed to repay debt obligation, ICICI bank has invoked CG of GVKPIL on Nov 02, 2020 and demanding to pay the GVK Coal Developers dues.

Further, one of the lenders has filed an application under Section 7 of the Insolvency and Bankruptcy Code 2016 to initiate Corporate Insolvency Resolution Process against the GVKPIL (being guarantor for loan taken by GVK Coal Developers) before National Company Law Tribunal, Hyderabad on July 14, 2022 and the company has filed the reply. As per the NCLT website, initially final hearing was mentioned as 24.04.2024 but the authority has partly heard the details and next hearing is scheduled on 31.05.2024. As per the GVKPIL management, petition filed by the ICICI Bank against GVKPIL is barred by Section 10A of the Code as the invocation of the Guarantee was admittedly done vide invocation of guarantee dated 02.11.2020 and as such the invocation of the guarantee on GVKPIL falls squarely within the period prescribed by Section 10A of the code. As per Section 10A, no application for initiation of corporate insolvency resolution process can be filed in respect of a default that has occurred on or after 25th March, 2020 till 25th March, 2021. However, as per ICICI Bank petition, the account (GVK Coal Developers) has become NPA with all the lenders around FY 2016-17. The ultimate outcome of the same and the resultant impact of the same on the financial statements is not ascertainable and cannot be commented upon.

GVKPIL is hopeful of achieving one time settlement with the lenders in view of its arrangement with Adani Airport Holdings Limited (AAHL) which is adequately incentivized to find solution with the lenders to get unencumbered ownership over the shares of GVK Airport Developers pledged with the lenders.

While the GVKPIL Group has made a provision for impairment in respect of the aforesaid investment and receivables aggregating to Rs.79,048 Lakhs, no provision has been made towards the Corporate Guarantee and commitments issued by GVKPIL. Considering the various uncertainties and complexities involved as mentioned above, we are unable to comment on the viability of the GVK Coal project and the additional provision that may be required concerning the aforementioned guarantees and commitments made by the GVKPIL and the resultant impact of the same on these consolidated financial results.

**Frequency of qualification:** Repetitive

**For Audit Qualification(s) where the impact is not quantified by the auditor:**

**Management's estimation on the impact of audit qualification:** Not Applicable

**If management is unable to estimate the impact, reasons for the same:**

The company has already made provision of the entire investment and receivables. It has also engaged with lenders and made several attempts to have an amicable solution. In this regard attention is being drawn to the agreement entered on 23<sup>rd</sup> March 2017, wherein a non-binding framework solution was arrived at between the lenders and the company. Subsequently the company has also corresponded and followed up with the lenders to arrive at the amicable settlement. The last communication with the lender was on 12<sup>th</sup> Jan, 2021 wherein a revised offer was made. Any further provision cannot be estimated due to significant uncertainties including fluctuating coal prices, concluding an appropriate solution with various stakeholders by GVK Coal and of settlement with lenders which is typical to such negotiations.

3. We draw attention to Note 9(b) to the consolidated financial results regarding Deconsolidation of assets and liabilities of GVK Power (Goindwal Sahib) Limited ("GVKPGSL"), a step down subsidiary of the Holding Company with effect from 10th October 2022, as the same has been admitted into Corporate Insolvency Resolution Process on October 10, 2022 based on petition filed by Axis Bank Ltd, one of the lenders in the consortium of GVKPGSL with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the GVKPGSL. Interim Resolution professional appointed by NCLT had taken possession of all assets of GVKPGSL. Since the GVKPIL Group lost the control over the GVKPGSL, the assets and liabilities of GVKPGSL have been deconsolidated as at October 10, 2022 as required u/s Para 25 of Ind AS 110 Consolidated Financial Statements, which has resulted in a net gain of Rs.343,685 Lakh as disclosed as Exception Items in the Consolidated Financial Results during the year ended 31st March 2023.

During the current financial year 2023-24, the Resolution plan submitted by resolution applicant has been approved by the Hon'ble NCLT Hyderabad vide its order dated 22.12.2023. As per the said order, the secured lenders have received Rs.1,078 crores against their claims of Rs.6,585 Crores. i.e. with a deficit of Rs.5,507 Crores. The GVKEL has provided Corporate Guarantee to the lenders of GVKPGSL with respect to the amount lent by them. Lenders through its security trustee (IDBI Trusteeship services limited) have invoked the corporate Guarantee. Further, during the financial year 2023-24, one of the lenders (IDBI) has filed the case against the GVKEL demanding the amount of Rs.1,494 Crores in the Hon'ble NCLT, Hyderabad and next date of hearing is fixed on July 10, 2024. No provision has been made by GVKEL against these Corporate Guarantees.

As per GVKPIL management, liability of Corporate Guarantor is co - extensive with the liability of the Principal Borrower. Further, as per GVKPIL management, Section 31(1) of the Code states that when a resolution plan is approved by the adjudicating authority the same is binding on all the creditors and the guarantors and all other stake holders and hence no claim is maintainable against them. Considering, the liability of the Principal Borrower stands discharged pursuant to the CIRP of the Principal Borrower, as per GVKPIL management, the liability of the Corporate Guarantor also extinguishes.

The contention of the management is subject to interpretation and there are different judgements on the same. Further, as per the Corporate Guarantee agreement, the liability of the guarantor under this guarantee shall not be affected by:

- Any change in constitution, ownership or corporate existence of the borrower or any absorption, merger, or amalgamation of the borrower with any other company
- Any insolvency, liquidation, bankruptcy or similar situation proceeding in

We draw attention to Note No. 9(c) to the consolidated financial results as per which GVK Gautami Power Limited (GVKGPL), a jointly controlled entity of GVKEL has been admitted into Corporate Insolvency Resolution Process (CIRP) during the current financial year 2023-24, i.e on October 20, 2023, based on petition filed by Edelweiss Asset Reconstruction Company Ltd, one of the lenders in the consortium of GVKGPL with the Hon'ble NCLT, Hyderabad and Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKGPL. GVKEL has already provided for an impairment for the full value of investment in GVKGPL of Rs 51,897 Lakh.</p> <p>The GVKEL has also provided Corporate Guarantee to the lenders of GVKGPL with respect to the amount lent by them. This Corporate Guarantee has not been invoked by lenders so far (account became NPA on 1st October 2016) and no demands have been raised on GVKEL. This Corporate Guarantee may however be invoked by the Lenders of GVKGPL considering the default therein and Insolvency proceedings undergoing in GVKGPL. In such an eventuality, GVKEL may need to reimburse the same, especially considering that the net assets of GVKGPL is negative. The extent of the liability that may arise in respect of guarantee given is not determinable at present and no provision has been made in this regard in relation to such liability. In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying consolidated financial results.</p> <p><b>Type of Audit Qualification:</b> Disclaimer of Opinion  <b>Frequency of qualification:</b> Repetitive  <b>For Audit Qualification(s) where the impact is not quantified by the auditor:</b>  <b>Management's estimation on the impact of audit qualification:</b> Not Applicable  <b>If management is unable to estimate the impact, reasons for the same:</b></p> <p>GVKGPL has been admitted into Corporate Insolvency Resolution Process (CIRP) during the current financial year 2023-24, i.e on October 20, 2023. 5. We draw attention to the following matters disclosed in Note 10(a) to the consolidated financial results regarding the financial statements of GVK Bagodara Vasad Expressway Private Limited (GVKBVEPL), a step-down subsidiary of the holding company:

The project of the GVKBVEPL was terminated by Gujarat State Road Development Corporation (GSRDC) by referring the defaults of the Concessionaire. Consequent to the termination of the project, GVKBVEPL has accounted cost incurred on the project of Rs.58,904 Lakh as amount receivable from the GSRDC as management has represented that the project of the GVKBVEPL was terminated due to the reasons attributable to the GSRDC. GVKBVEPL has disputed the termination notice and invoked Arbitration in terms of provisions of concession agreement. Tribunal having heard arguments of both sides has given a split verdict during the financial year 2023-24, dated 11th August 2023. Two out of three Judges have passed a combined award dated 11th August 2023 of Rs.41,296 Lakhs (Net) in favor of GSRDC and one Judge has passed a dissenting award dated 11th August 2023 of Rs.27,438 Lakhs (Net) in favor of the GVKBVEPL. Considering this split award and based on the facts and legal opinion obtained, the GVKBVEPL has filed an appeal before Commercial Court Ahmedabad and the matter is coming up for hearing on 20.06.2024. As per the management till date no signed order has been served on them. Accordingly, GVKBVEPL has not made any provision on recoverability of Rs.58,904 Lakhs and also with respect to amount decreed to be payable to GSRDC of Rs.41,296 Lakhs. There is an uncertainty on the final outcome of the same and the extent of the liability that may arise in respect of aforesaid matter is presently not ascertainable. In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying consolidated financial results.

All the loan accounts are non-performing assets and the GVKBVEPL has received recalled notices from the banks and financial institutions and hence borrowing from the banks and financial intuitions are treated as current borrowings. Balances of borrowings (including interest accrued thereon) from lenders amounting to Rs.940,26 lakhs as at March 31, 2024 as per books of accounts are unconfirmed. In absence of such confirmations, we are unable to comment on the appropriateness of carrying amount of borrowing (along with interest accrued thereon and penal interest/ penal charges) as presented in Consolidated financial statements.

The above issues are reported as Qualification by the auditors as well in the audit report on the standalone financial statements of GVK Bagodara vasad expressway Pvt Ltd, subsidiary of GVKTPL vide their audit report dated April 29, 2024.

agreement. The signed copy of the order has not been received. The company has filed an appeal before Commercial Court, Ahmedabad on November 20, 2023. Management is confident that GVK has a good case. Hence, the impact of the same is unascertainable.

6. As discussed in detailed in Note 9(f) to the consolidated financial results regarding annulment of settlement by Edelweiss with respect to their loans / NCDs to GVKEL and Alaknanda Hydro Power Company Limited (AHPCL), non-accounting of estimated increase in liability on account of annulment of settlement terms by Edelweiss (amount not ascertained), invocation and transfer by Edelweiss of 46,60,11,000 Equity shares of AHPCL held by GVKEL of Rs.10 each, recording of exceptional loss of Rs.19,486 lakhs during the year ended March 31, 2023 by GVKEL on account of invocation of pledged shares and transfer by Edelweiss (being difference in face value of pledged shares invoked by Edelweiss and the liability of Edelweiss appearing in books of GVKEL and AHPCL), recording of discharge of liability of Edelweiss pending legal suit before Hon'ble Delhi High Court, wherein GVKEL pleaded that as a consequence of the invocation and transfer of a valuable asset, GVKEL liability towards the loan has been discharged and since the value of share is far in excess of the outstanding loan liability, the excess share to be returned. Next hearing of the case is scheduled on July 09, 2024.

Due to above mentioned default in the repayment of amount due on Loan / NCDs, ECL Finance Limited, Edelweiss Asset Reconstruction Company Limited, India Credit Fund II & Ecap Equities Limited (collectively referred to as "Edelweiss") (through its debentures trustee namely Catalyst Trusteeship Limited) has filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the company and GVK Energy Ltd. on October 21, 2022, the company has filed its replies and next hearing of the case is scheduled on July 12, 2024.

Meanwhile, during the current financial year 2023-24, AHPCL, GVKEL and GVKPIL has entered into another settlement agreement with the lenders on October 09, 2023, which requires to pay Rs 330 Crores and simple interest @12.50% pa is payable w.e.f. 1st November 2023. The entire amount along with interest is to be paid on or before 30th November 2023. The GVKPIL Group could not comply with the settlement terms and requested for extension of time to Edelweiss and they have extended the time till 30th Jun'2024 with phased payments. On 27th February'24 the lead lender of Alaknanda Hydro Power Company Limited has approved the release of Rs 200 Crores out of Rs 330 Crores to be paid and Rs.130 Crores to be brought in by GVKPIL group. Till date GVKPIL group has paid an amount of Rs 91.50 Crores out of Rs 130 Crores to be brought in by them. There are delays in payment of this phased amount as well. In case of failure to comply with any of the terms and conditions specified, this settlement shall stand revoked without any notice and the original dues payable by the GVKPIL Group /Borrower shall be reinstated and lender shall be entitled to recover the total dues together with applicable interest. Management has represented that they can make remaining payment and waiting for approval of all lenders of AHPCL. In view of the same, we are unable to comment on the accounting done in this regard in books of account and the ultimate impact of the same including of the invocation of the settlement offer by Edelweiss, invocation of pledged shares of AHCPL by Edelweiss, invocation of corporate guarantee issued by the GVKPIL and GVKEL and impact of the proceedings in the NCLT, if any on the consolidated financial results till the payment of dues as per settlement agreement.

Further, in the light of the above, we are unable to comment upon consequential

	<p>impact, if any, arising out of the same in the accompanying consolidated financial results including with respect to the balance amount of investments, loans and trade receivables of GVKEL aggregating to Rs.94,961 Lakhs in books of GVKPIL.</p> <p><b>Type of Audit Qualification:</b> Disclaimer of Opinion  <b>Frequency of qualification:</b> Repetitive  <b>For Audit Qualification(s) where the impact is not quantified by the auditor:</b>  <b>Management's estimation on the impact of audit qualification:</b> Not Applicable  <b>If management is unable to estimate the impact, reasons for the same:</b></p> <p>Management confident that the settlement with the lender will be successfully completed. Hence, there is no impact.</p> <p>7. As discussed in detailed in Note 9(a) to the Consolidated Financial Results regarding GVK Coal (Tokisud) Private Limited ("GVKCTPL"), a step-down subsidiary of the Holding Company. The Hon'ble Supreme Court of India had deallocated dedicated coal mine allotted to GVK Power (Goindwal Sahib) Limited (GVKPGSL). GVKCTPL, a subsidiary company of GVKEL and mine operator was offered a compensation by the Nominated Authority of Rs.11,129 Lakhs as against carrying value of assets of Rs.31,113 Lakhs as at March 31, 2017. GVKCTPL had appealed against the said order in the Hon'ble High Court of Delhi. The aforesaid court vide its order dated March 09,2017, directed GVKCTPL to submit its claim to the adjudicating authority constituted under the Coal Mines (Special Provisions) Act, 2015. Subsequently GVKCTPL submitted its claim for the balance amount of Rs. 19,882 Lakhs to the aforesaid authority. The nominated authority under the Ministry of Coal vide its order dated 16th March 2022 has further approved and released compensation of Rs.13,867 lakhs. Out of this an amount of Rs.8,883 lakhs have been deposited by nominated authority in interest bearing account with Registrar General of the Court as per the directions of the high court of Delhi dated 11th April 2022 and an amount of Rs.4,984 lakhs have been paid to lenders by nominated authority towards the balance dues payable as per the claims made by the lenders as on the date of vesting orders less the amount already paid to the lenders. Nominated authority has advised in the above order to approach Coal Tribunal in respect of disputes including the compensation disallowed with regard to R&amp;R costs. The GVKCTPL has accordingly filed the appeal under sec. 27 of the Coal Mines (Special Provisions) Act, 2015 with Coal Tribunal for Rs 34,830 lakhs on August 01, 2022 and the next hearing of the case is scheduled on June 20, 2024.</p> <p>The GVKEL, holding company, has given corporate guarantee for the loan taken by the GVKCTPL for which no provision has been made at present considering the uncertainties. In the light of the above, we are unable to comment on the recoverability of assets with carrying value of Rs.6,015 Lakhs and the liability to be provided towards the Corporate Guarantee issued together with consequential impact, if any, arising out of the same in these accompanying consolidated financial results.</p> <p><b>Type of Audit Qualification:</b> Disclaimer of Opinion  <b>Frequency of qualification:</b> Repetitive  <b>For Audit Qualification(s) where the impact is not quantified by the auditor:</b>  <b>Management's estimation on the impact of audit qualification:</b> Not Applicable  <b>If management is unable to estimate the impact, reasons for the same:</b></p>

The Hon'ble Supreme Court of India had deallocated coal mine allocated to GVK Coal (Tokisud) Private Limited, subsidiary company. As directed by Hon'ble High Court of Delhi, GVK Coal (Tokisud) Private Limited has submitted its claim for an amount Rs. 19,882 lakhs with the adjudicating authority constituted under the Coal Mines (Special Provisions) Act, 2015. The nominated authority under the Ministry of Coal vide its order dated 16th March 2022 has further approved and released compensation of Rs.13,867 lakhs. Out of this an amount of Rs.8,883 lakhs have been deposited by nominated authority in interest bearing account with Registrar General of the Court as per the directions of the high court of Delhi dated 11th April 2022 and an amount of Rs.4,984 lakhs have been paid to lenders by nominated authority towards the balance dues payable as per the claims made by the lenders as on the date of vesting orders less the amount already paid to the lenders. Including the above amount of Rs 4,984 lakhs, a total of Rs 23,761 lakhs, being the due on vesting date has been paid to lenders. The company has accordingly filed the appeal under sec. 27 of the Coal Mines (Special Provisions) Act, 2015 with Coal Tribunal for a claim of Rs 34,830 lakhs on August 01, 2022 and the next hearing of the case is scheduled on June 22, 2023.

Hence, the impact of the same is unascertainable.

8. We draw attention to the note 10 (b) which states that the GVK Deoli Kota Expressway Private Limited (GVK DKEPL), a wholly owned step-down subsidiary of the parent company on June 25, 2019, has issued a termination notice under Article 37.2.2 of the Concession Agreement for termination on account of material breach and defaults on the part of National Highway Authority of India (NHAI) during the course of construction like providing Right of Way (ROW), shifting of utilities, obtaining approvals & clearances, alternate route & prevention of complete user fee collection etc., which has resulted in significant delays in construction of expressway.

On September 12, 2019, NHAI issued a termination notice as per clause 37.2.1 of the Concession Agreement for non-fulfillment of the obligation as stated in the Concession Agreement by Concessionaire. NHAI by virtue of this notice, is deemed to have taken possession and control of the project highway along with all the equipment on or at site. After this termination notice toll plaza is deemed to have been transferred to NHAI and from September 16, 2019, onwards NHAI started collecting the toll on the project highway.

The matter is under Arbitration and the company has filed claim documents with Tribunal and NHAI has filed statement of defense and next cross examining the witness of NHAI is scheduled on July 29, 2024.

GVK DKEPL has defaulted in repayment of principal amount and payment of interest on such term loans taken from consortium of banks and financial intuitions. As a result, the lenders have classified the term loan as non-performing asset and have recalled the entire facilities extended to the company. As result of that, the term loans have become repayable on demand, Company has not received borrowing statements and confirmation of borrowing balances from lenders. Accordingly, we are not in a position to comment on the interest not accounted etc.. and the impact of the same on the consolidated financial results.

The Concession Agreement being the sole agreement executed by the Company, termination of the same has now resulted into liquidation basis of accounting which has been adopted in preparation of these financial statements of GVK DKEPL. The company has recorded receivable from NHAI after setting off toll assets and other related future liabilities, which is subject to decision and process of arbitration between Company and NHAI.

GVK DKEPL based on its internal assessment is confident that it will be able to recover the balance amount spent on the project till date including its various claims and accordingly the management believes that it is appropriate to recognize total assets aggregating to Rs.44,008 lakh; comprising Rs.43,637 lakh as Other Non-Current assets, Rs.9 lakh as Property Plant & Equipment and Rs 362 Lakh as the Current Assets on December 31,2023 (Rs.44,008 lakh as on March 31,2023) at carrying value in the financial statements. Considering the litigation and uncertainties, we are not in a position to comment on the recoverability of these assets as well as claims made by respective parties.

The auditors of GVKDEPL have given an EOM in this regard in their audit report dated 29th April 2024.

9. Note 13 to the consolidated financial results regarding investigation by various Government agencies on various alleged irregularities relating to conflict of interest, misuse of funds, money laundering and other matters, pending completion of which and non-provision of certain related information sought from the holding company by us including complete copy of the Enforcement Directorate complaint. CBI has filed a charge sheet before the Chief Metropolitan Court, Mumbai on February 09, 2023, laying as allegation under section 120B read with section 420 of IPC against Mumbai International Airport Limited (MIAL), Vice Chairman & erstwhile CFO of the Holding Company and four other GVKPIL group companies apart from others. The Court has granted bail to all the accused. The main issue alleged is siphoning of fund of MIAL eventually causing a loss to Airport Authority of India (AAI). Vide order dated 08.12.2023, fresh cognizance of offences in the chargesheet has been taken and accused persons have been summoned. However, the said order has been currently stayed by the Ld. Sessions Court, Mumbai in revision petitions preferred by various accused persons and therefore, the proceedings are currently stayed in the matter and matter will resume only once the stay order gets vacated by the Revision Court. The company is of the view that the case will not stand the test of scrutiny of the court and will eventually be dismissed. The company is also of the view that the charges are unsubstantiated and no offence u/s section 420 IPC is made out as there is no loss to AAI, Government, or any Tax Authorities as alleged.

In addition to be above, the Enforcement Directorate (ED) had also taken up the investigation under the Prevention of Money Laundering Act (PMLA) on the basis of an FIR registered by the CBI. ED had filed a complaint in April 2021 on the same matters against the above-mentioned parties and some of the subsidiaries, joint ventures and step-down subsidiaries of the Company, their directors and officers. ED had filed a complaint before the City Court and Additional Session Judge, Greater Bombay under Section 45 of Prevention of Money Laundering

## Consolidated Financials

Act, 2002 for commission of offence of Money laundering under section 3, read with section 70, Punishable u/s 4 of the Prevention of Money Laundering Act, 2002. The matter is currently at stage of adjudication of application on behalf of Accused-4 seeking supply of all the unrelid documents and unrelid statement u/s 50 PMLA and is fixed for filing reply of Enforcement Directorate on 27.06.2024.

The Audit Committee of the Holding Company, based on the legal advice received by the Audit committee of MIAL, have decided not to proceed with any independent investigation on the matters mentioned in the FIR or the complaint filed by ED. Considering the status of the proceedings with cases related to CBI and ED, the implications, if any, that may arise on the GVKPIL group can't be ascertained and the impact if any of the same on the consolidated financial results cannot be commented upon.

10. We draw attention to Note 12 to the consolidated financial results regarding GVK Perambalur SEZ Private Limited (GVK SEZ), a wholly owned subsidiary company. GVK SEZ has Investment Property having book value of Rs.11,655 Lakh as on 31st March 2024. GVK SEZ stood as a Guarantor and mortgaged its land having book value as mentioned above (admeasuring 2,506.25 Acres) to Syndicate Bank (since merged with Canara Bank) on account of loans taken by the GVKPIL (the Holding Company). GVKPIL has since repaid the loan taken from Canara Bank and the bank has also acknowledged the same. However, Canara bank has not issued a no due certificate and has not returned the original title documents by exercising the right of general lien under section 171 of Indian Contract Act, 1872 and has enforced general lien over the title deeds in the name of GVK SEZ for liabilities of GVK Coal (Singapore) PTE Ltd, an associate of GVKPIL. GVKPIL and GVK SEZ have jointly filed writ petition before High Court, Telangana on October 27, 2021, stating that Bank exercising of general lien under section 171 of the Indian Contract Act, 1872 is wholly misconceived and illegal and contrary to the terms of Guarantee extended by the GVK SEZ and the matter is yet to be listed. GVKPIL has obtained independent legal opinion based on which the outcome of the subject matter will be positive and the bank will be directed to release the documents given as security. Further, Enforcement Directorate (ED) has provisionally attached the said Land property in view of investigation under Prevention of Money Laundering Act (PMLA). However, Hon'ble High Court of Telangana vide its order dated April 22, 2021 has stayed the proceedings by issuing Show Cause Notice to ED. As on March 31, 2024, the status remains the same. The matter is under litigation. Pending these litigations, the impact of the same on the GVKPIL Group is not determinable.

<b>Details of Audit Qualification (Disclaimer of opinion):</b>	
<b>II.</b>	<p>1. We draw attention to note 6 to the standalone financial results which states that as at March 31, 2024, the company, its subsidiaries, associates and Joint Control Entity has incurred losses excluding exceptional item during preceding years. The Company's current liabilities are significantly in excess of current assets. Three of the subsidiary companies where the project has been terminated are following liquidation basis of accounting. The subsidiaries, associates and Joint Control Entity have delayed/defaulted in repayments of loans and interest thereon and various loan accounts have been classified as non-performing assets by banks/lenders including recall of loans /filing of cases under the Insolvency and Bankruptcy Code in certain cases. The Resolution professional have also been appointed in certain subsidiaries/joint control entities by NCLT. There are various litigations going on in the GVKPIL. The GVKPIL has also provided guarantees and commitments and/or has undertaken to provide financial assistance on behalf of various entities and as further detailed in notes 8 and 9 (referring to notes on GVK Coal Developers (Singapore) Pte Limited, GVK Energy Limited) uncertainties are being faced by various projects such as delays / non development of coal mines in an overseas project where the Company has provided guarantees and commitments for the borrowings, losses incurred by gas based power plant in the absence of gas and litigations on rights to claim capacity charge etc. Various guarantees given by GVKPIL and GVK Energy Limited (GVKEL) on behalf of their</p>

subsidiaries, associates and joint controlled entity have been invoked by the lenders. These factors indicate significant doubt on going concern ability of the GVKPIL. Notwithstanding the above, the financial statements of the GVKPIL have been prepared on going concern basis as management believes that the GVKPIL would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. Further, the Management is confident that aforesaid entities would win litigations; will reach an optimal solution with non-controlling shareholders and lenders etc. as required despite current macro-economic environment challenges. Considering the various uncertainties involved as fully described in the Basis of Disclaimer section of our report, the probable impact could be material and pervasive on these standalone financial results and that may cause significant doubt on company's ability to continue as a going concern. Accordingly, we are unable to comment that the management assumption of preparing these financial results on going concern basis is appropriate.

**If management is unable to estimate the impact, reasons for the same:**

Management believes that the GVKPIL Group would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. Further, the Management is confident that aforesaid entities would be able to win litigations, recover claims and will be able to reach an optimal solution with non-controlling shareholders and lenders etc. as required despite current challenges.

2. We draw attention to Note No 8 to the standalone financial results regarding GVK Coal Developers (Singapore) Pte. Limited, (GVK Coal Developers) (an associate) in which the GVKPIL has investments and has receivables aggregating to Rs.79,048 Lakhs and to whom the company along with others jointly and severally had given irrevocable and unconditional guarantee and commitments for loans aggregating to USD 1132.45 Million (Rs.9,44,168 Lakhs) (GVKPIL itself guaranteed towards the repayment of limits which shall be lower of either 53.9% (including in respect of the Hedging Agreements if any) of all principal amounts outstanding under the finance documents or USD 692.61 Million) taken by the aforesaid associate Company part of which is collateralized by pledge of 155,587,500 (March 31, 2023: 155,587,500), 130,287,382 (March 31, 2023: 130,287,382) and 48,000,000 (March 31, 2023: 48,000,000) shares of GVK Energy Limited, GVK Transportation Private Limited and GVK Airport Developers Limited respectively for securing loan obtained by GVK Coal Developers (Singapore) Pte. Limited and has also undertaken to provide financial assistance of USD 3.11million (Rs.2,593 Lakhs) with respect to which there are multiple significant uncertainties including outlook on the sector, non-achieving of financial closure and clearances for the project, concluding an appropriate solution with various stakeholders including lenders, and necessary environmental and regulatory clearances etc. The GVK Coal Developers current liabilities exceeded current assets by USD 2624 million (Rs.21,87,713 Lakhs) as of March, 2024 and accumulated losses as of March, 2024 is USD 1386 million (Rs 11,55,562 Lakhs) based on audited special purpose consolidated financial statements of GVK Coal Developers (Singapore) Pte. Limited. The GVK Coal Developers lenders filed a claim in the High Court of Justice Business and Property Courts of England and Wales Commercial Courts (England Court) on November 09

## Standalone Financials

2020 and have sought to recover the amounts advanced to GVK Coal Developers. During the current financial year 2023-24, the England court vide its order dated October 19, 2023 has crystalized the amount payable by the defendants (GVKPIL and other guarantors / stakeholders in GVK Coal Developers) at USD 2.19 billion including the amount towards interest.

As per legal opinion obtained by the company, the order dated 19th October 2023 passed by the England court is not speaking order. It has also been opined that the Order dated 19.10.2023 cannot be enforced in India and is contrary to the substantive law of India and is also in violation of the principles of natural justice.

As per the GVKPIL management, several attempts were made by the company to have a solution with the lenders including an agreement dated March 23, 2017, wherein a non-binding framework solution was agreed upon for a settlement. Subsequently also there were several efforts to engage with the lenders to arrive at a settlement.

The GVK Coal Developers having failed to repay debt obligation, ICICI bank has invoked CG of GVKPIL on Nov 02, 2020 and demanding to pay the GVK Coal Developers dues.

Further, one of the lenders has filed an application under section 7 of the Insolvency and Bankruptcy Code 2016 to initiate Corporate Insolvency Resolution Process against the GVKPIL (being guarantor for loan taken by GVK Coal Developers) before National Company Law Tribunal, Hyderabad on July 14, 2022 and the company has filed the reply. As per the NCLT website, initially final hearing was mentioned as 24.04.2024 but the authority has partly heard the details and next hearing is scheduled on 31.05.2024.

As per the GVKPIL management, petition filed by the ICICI Bank against GVKPIL is barred by Section 10A of the Code as the invocation of the Guarantee was admittedly done vide invocation of guarantee dated 02.11.2020 and as such the invocation of the guarantee on GVKPIL falls squarely within the period prescribed by Section 10A of the code. As per Section 10A, no application for initiation of corporate insolvency resolution process can be filed in respect of a default that has occurred on or after 25th March 2020 till 25th March, 2021. However, as per ICICI Bank petition, the account (GVK Coal Developers) has become NPA with all the lenders around FY 2016-17. The ultimate outcome of the same and the resultant impact of the same on the financial statements is not ascertainable and cannot be commented upon.

GVKPIL is hopeful of achieving one time settlement with the lenders in view of its arrangement with Adani Airport Holdings Limited (AAHL) which is adequately incentivized to find solution with the lenders to get unencumbered ownership over the shares of GVK Airport Developers pledged with the lenders.

While the GVKPIL has made a provision for impairment in respect of the aforesaid investment and receivables aggregating to Rs.79,048 Lakhs, no provision has been made towards the Corporate Guarantee issued by GVKPIL. Considering the various uncertainties and complexities involved as mentioned above, we are unable to comment on the viability of the GVK Coal project and the additional provision that may be required concerning the aforementioned guarantees and commitments made by the GVKPIL and the resultant impact of the same on these standalone financial results.

**Type of Audit Qualification:** Disclaimer of Opinion

**Frequency of qualification:** Repetitive

**For Audit Qualification(s) where the impact is not quantified by the auditor:**

**Management's estimation on the impact of audit qualification:** Not Applicable

**If management is unable to estimate the impact, reasons for the same:**

The company has already made provision of the entire investment and receivables. It has also engaged with lenders and made several attempts to have an amicable solution. In

Standalone Financials

this regard attention is being drawn to the agreement entered on 23<sup>rd</sup> March 2017, wherein a non-binding framework solution was arrived at between the lenders and the company. Subsequently the company has also corresponded and followed up with the lenders to arrive at the amicable settlement. The last communication with the lender was on 12<sup>th</sup> Jan,2021 wherein a revised offer was made. Any further provision cannot be estimated due to significant uncertainties including fluctuating coal prices, concluding an appropriate solution with various stakeholders by GVK Coal and of settlement with lenders which is typical to such negotiations.

3. The company (GVKPIL) has subsidiary company GVK Energy limited (GVKEL). The company assessed based on the valuation carried out and other relevant factors, no provision is considered necessary in standalone books of accounts of GVKPIL towards the carrying value of investment in GVKEL of Rs 841.20 Crores and Loan and trade receivables of Rs.108.41 Crores though certain subsidiaries and joint ventures of GVKEL are facing uncertainties, detailed as below:

a) We draw attention to Note 9(b) to the standalone financial results regarding Deconsolidation of assets and liabilities of GVK Power (Goindwal Sahib) Limited ("GVKPGSL"), a step down subsidiary of GVKPIL with effect from 10th October 2022, as the same has been admitted into Corporate Insolvency Resolution Process on October 10, 2022 based on petition filed by Axis Bank Ltd, one of the lenders in the consortium of GVKPGSL with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the GVKPGSL. Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKPGSL.

During the current financial year 2023-24, the Resolution plan submitted by resolution applicant has been approved by the Hon'ble NCLT Hyderabad vide its order dated 22.12.2023. As per the said order, the secured lenders have received Rs.1,078 crores against their claims of Rs.6,585 Crores. i.e. with a deficit of Rs.5,507 Crores. The GVKEL has provided Corporate Guarantee to the lenders of GVKPGSL with respect to the amount lent by them. Lenders through its security trustee (IDBI Trusteeship services limited) have invoked the corporate Guarantee. Further, during the financial year 2023-24, one of the lenders (IDBI) has filed the case against the GVKEL demanding the amount of Rs.1,494 Crores in the Hon'ble NCLT, Hyderabad and next date of hearing is fixed on July 10, 2024. No provision has been made by GVKEL against these Corporate Guarantees.

As per GVKPIL management, liability of Corporate Guarantor is co - extensive with the liability of the Principal Borrower. Further, as per GVKPIL management, Section 31(1) of the Code states that when a resolution plan is approved by the adjudicating authority the same is binding on all the creditors and the guarantors and all other stake holders and hence no claim is maintainable against them. Considering, the liability of the Principal Borrower stands discharged pursuant to the CIRP of the Principal Borrower, as per the GVKPIL management, the liability of the Corporate Guarantor also extinguishes.

The contention of the management is subject to interpretation and there are different judgements on the same. Further, as per the Corporate Guarantee agreement, the liability of the guarantor under this guarantee shall not be affected by:

- Any change in constitution, ownership or corporate existence of the borrower or any absorption, merger, or amalgamation of the borrower with any other company
- Any insolvency, liquidation, bankruptcy or similar situation proceeding in respect of the borrower

Accordingly, there is an uncertainty on the final outcome of the same and the

## Standalone Financials

extent of the liability that may arise in respect of guarantee given by GVKEL is presently not ascertainable. In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying standalone financial results.

- b) We draw attention to Note No. 9(c) to the standalone financial results as per which GVK Gautami Power Limited (GVKGPL), a jointly controlled entity of GVKEL has been admitted into Corporate Insolvency Resolution Process (CIRP) during the current financial year 2023-24, i.e on October 20, 2023, based on petition filed by Edelweiss Asset Reconstruction Company Ltd, one of the lenders in the consortium of GVKGPL with the Hon'ble NCLT, Hyderabad and Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKGPL. GVKEL has already provided for an impairment for the full value of investment in GVKGPL of Rs 51,897 Lakh.

The GVKEL has also provided Corporate Guarantee to the lenders of GVKGPL with respect to the amount lent by them. This Corporate Guarantee has not been invoked by lenders so far (account became NPA on 1st October 2016) and no demands have been raised on GVKEL. This Corporate Guarantee may however be invoked by the Lenders of GVKGPL considering the default therein and Insolvency proceedings undergoing in GVKGPL. In such an eventuality, GVKEL may need to reimburse the same, especially considering that the net assets of GVKGPL is negative. The extent of the liability that may arise in respect of guarantee given is not determinable at present and no provision has been made in this regard in relation to such liability.

In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying standalone financial results.

- c) As discussed in detailed in Note 9(f) to the standalone financial results regarding annulment of settlement by Edelweiss with respect to their loans / NCDs to GVKEL and Alaknanda Hydro Power Company Limited (AHPCL), non-accounting of estimated increase in liability on account of annulment of settlement terms by Edelweiss (amount not ascertained), invocation and transfer by Edelweiss of 46,60,11,000 Equity shares of AHPCL held by GVKEL of Rs.10 each, recording of exceptional loss of Rs.19,486 lakhs during the year ended March 31, 2023 by GVKEL on account of invocation of pledged shares and transfer by Edelweiss (being difference in face value of pledged shares invoked by Edelweiss and the liability of Edelweiss appearing in books of GVKEL and AHPCL), recording of discharge of liability of Edelweiss pending legal suit before Hon'ble Delhi High Court, wherein GVKEL pleaded that as a consequence of the invocation and transfer of a valuable asset, GVKEL liability towards the loan has been discharged and since the value of share is far in excess of the outstanding loan liability, the excess share to be returned. Next hearing of the case is scheduled on July 09, 2024.

Due to above mentioned default in the repayment of amount due on Loan / NCDs, ECL Finance Limited, Edelweiss Asset Reconstruction Company Limited, India Credit Fund II & Ecap Equities Limited (collectively referred to as "Edelweiss") (through its debentures trustee namely Catalyst Trusteeship Limited) has filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the company and GVK Energy Ltd. on October 21, 2022, the company has filed its replies and next hearing of the case is scheduled on July 12, 2024.

Meanwhile, during the current financial year 2023-24, AHPCL, GVKEL and GVKPIL has entered into another settlement agreement with the lenders on

Standalone Financials

October 09, 2023, which requires to pay Rs 330 Crores and simple interest @12.50% pa is payable w.e.f. 1st November 2023. The entire amount along with interest is to be paid on or before 30th November 2023. The GVKPIL Group could not comply with the settlement terms and requested for extension of time to Edelweiss and they have extended the time till 30th Jun'2024 with phased payments. On 27th February'24 the lead lender of Alaknanda Hydro Power Company Limited has approved the release of Rs 200 Crores out of Rs 330 Crores to be paid and Rs.130 Crores to be brought in by GVKPIL group. Till date GVKPIL group has paid an amount of Rs 91.5 Crores out of Rs 130 Crores to be brought in by them. There are delays in payment of this phased amount as well. In case of failure to comply with any of the terms and conditions specified, this settlement shall stand revoked without any notice and the original dues payable by the GVKPIL Group /Borrower shall be reinstated and lender shall be entitled to recover the total dues together with applicable interest. Management has represented that they can make remaining payment and waiting for approval of all lenders of AHPCL. In view of the same, we are unable to comment on the accounting done in this regard in books of account and the ultimate impact of the same including of the invocation of the settlement offer by Edelweiss, invocation of pledged shares of AHCPL by Edelweiss, invocation of corporate guarantee issued by the GVKPIL and GVKEL and impact of the proceedings in the NCLT, if any on the standalone financial results till the payment of dues as per settlement agreement.

Further, in the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying standalone financial results with respect to the balance amount of investments, loans and trade receivables of GVKEL, aggregating to Rs.94,961 Lakhs in the books of GVKPIL.

**Management's estimation on the impact of audit qualification:** Not Applicable

**If management is unable to estimate the impact, reasons for the same:**

Management is in the process of negotiating the terms with lenders for restructuring of loan accounts, one-time settlements, and is also negotiating with the regulatory authorities for various approvals. Management is confident that it will be able to settle the matters amicably and ultimately able to achieve profitable operations. Pending resolution of the above uncertainties, currently the impact of the same is unascertainable.

4. Note 13 to the standalone financial results regarding investigation by various Government agencies on various alleged irregularities relating to conflict of interest, misuse of funds, money laundering and other matters, pending completion of which and non-provision of certain related information sought from the company by us including complete copy of the Enforcement Directorate complaint. CBI has filed a charge sheet before the Chief Metropolitan Court, Mumbai on February 09, 2023, laying as allegation under section 120B read with section 420 of IPC against Mumbai International Airport Limited (MIAL), Vice Chairman & erstwhile CFO of the Company and four other GVKPIL group companies apart from others. The Court has granted bail to all the accused. The main issue alleged is siphoning of fund of MIAL eventually causing a loss to Airport Authority of India (AAI). Vide order dated 08.12.2023, fresh cognizance of offences in the chargesheet has been taken again and accused persons have been summoned. However, the said order has been currently stayed by the Ld.

Sessions Court, Mumbai in revision petitions preferred by various accused persons and therefore, the proceedings are currently stayed in the matter and matter will resume only once the stay order gets vacated by the Revision Court. The company is of the view that the case will not stand the test of scrutiny of the court and will eventually be dismissed. The company is also of the view that the charges are unsubstantiated and no offence u/s section 420 IPC has been made out as there is no loss to AAI, Government, or any Tax Authorities as alleged.

In addition to be above, the Enforcement Directorate (ED) had also taken up the investigation under the Prevention of Money Laundering Act (PMLA) on the basis of an FIR registered by the CBI. ED had filed a complaint in April 2021 on the same matters against the above-mentioned parties and some of the subsidiaries, joint ventures and step-down subsidiaries of the Company, their directors and officers. ED had filed a complaint before the City Court and Additional Session Judge, Greater Bombay under Section 45 of Prevention of Money Laundering Act, 2002 for commission of offence of Money laundering under section 3, read with section 70, Punishable u/s 4 of the Prevention of Money Laundering Act, 2002. The matter is currently at stage of adjudication of application on behalf of Accused-4 seeking supply of all the unrelayed documents and unrelayed statement u/s 50 PMLA and is fixed for filing reply of Enforcement Directorate on 27.06.2024.

The Audit Committee of the Company, based on the legal advice received by the Audit committee of MIAL, have decided not to proceed with any independent investigation on the matters mentioned in the FIR or the complaint filed by ED. Considering the status of the proceedings with cases related to CBI and ED, the implications, if any, that may arise on the GVKPIL can't be ascertained and the impact if any of the same on the standalone financial results cannot be commented upon.

Investigations by various agencies are completed and charge sheets filed. The ultimate outcome is subject to Judicial scrutiny and hence the impact of the same is not ascertainable.

5. We draw attention to Note 12 to the standalone financial results regarding GVK Perambalur SEZ Private Limited (GVK SEZ), a wholly owned subsidiary company. GVK SEZ has Investment Property having book value of Rs.11,655 Lakh as on 31st March 2024. GVK SEZ stood as a Guarantor and mortgaged its land having book value as mentioned above (admeasuring 2,506.25 Acres) to Syndicate Bank (since merged with Canara Bank) on account of loans taken by GVKPIL. GVKPIL has since repaid the loan taken from Canara Bank and the bank has also acknowledged the same. However, Canara bank has not issued a no due certificate and has not returned the original title documents by exercising the right of general lien under section 171 of Indian Contract Act, 1872 and has enforced general lien over the title deeds in the name of GVK SEZ for liabilities of GVK Coal (Singapore) PTE Ltd, an associate of GVKPIL. GVKPIL and GVK SEZ have jointly filed writ petition before High Court, Telangana on October 27, 2021, stating that Bank exercising of general lien under section 171 of the Indian Contract Act, 1872 is wholly misconceived and illegal and contrary to the terms of

# Management Discussion and Analysis

## 1. About the Company

GVK Power & Infrastructure Limited (the Company) is a listed entity and an ultimate holding company of “GVK” which operates in diversified business operations under different verticals. The Company earlier used to operate predominantly in Energy, Airports, Transportation and has presence in other businesses like Urban infrastructures etc. With the closure of business under Airport sector, bleak future in Energy and Transportation sectors coupled with practically no possibility of raising funds from the Lenders/ Institutions, your management is unable to diversify into any other area of business.

## 2. The Economy and Sectoral growth

India's growth at 8.2% in FY 2023-24 is a reflection of the efforts for Viksit Bharat by 2047; the growth momentum is expected to continue and strengthen in the coming times. Despite deepening geopolitical distress and global macroeconomic headwinds, India remains resilient. India has become a growth leader among the major advanced, emerging, and developing countries. India's economy is becoming more and more robust as growth is strengthening quarter after quarter; the Q4 growth at 7.8% indicates a strong growth trajectory to continue in the coming quarters too. Manufacturing, construction and electricity sectors have become the major growth drivers in recent quarters. The overall real GDP growth at 8.2% in 2023-24 is highest among the leading advanced, emerging economies. The manufacturing sector has grown at 8.9% in Q4 2023-24 on the back of strategic reforms and prudent policy measures by the government and efforts of industry.

The consistent growth in the construction sector is indicating the creation of new employment as the construction sector absorbs skilled, semi-skilled and unskilled chunks of the workforce. High growth in the Electricity, Gas, Water Supply & Other Utility Services at 7.7% in Q4 is inspiring as this will boost the manufacturing activities in the economy. The tertiary sector growing at a steady pace of more than 6% is inspiring, displaying that India's growth momentum will continue. The gross fixed capital formation at 33.2% of GDP for Q4 2023-24 is indicating steady capacity expansion for more employment opportunities in the coming times.

### A) POWER

The generation during 2023-24 was 1738.828 BU as compared to 1624.465 BU generated during 2022-23, representing a growth of about 7.04%. The generation during 2022-23 was 1624.158 BU as compared to 1491.859 BU generated during 2021-22, representing a growth of about 8.87%. India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 442.85 GW as of April 30, 2024. Growing population along with increasing electrification and per-capita usage will provide further impetus. Power consumption in India in FY23-24 logged a 9.5% growth to 1,503.65 billion units (BU). India has committed to augment non fossil fuel based installed electricity generation capacity to over 5,00,000 MW by 2031-32.

In the Budget for 2024, the government's power sector initiatives have been allocated funds that are 50% higher. Increased funds have been allocated to green hydrogen, solar power, and green-energy corridors. To meet India's 500 GW renewable energy target and tackle the annual issue of coal demand-supply mismatch, the Ministry of Power has identified 81 thermal units which will replace coal with renewable energy generation by 2026.

100% FDI allowed in the power sector has boosted FDI inflow in this sector. Schemes such as Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY) and Integrated Power Development Scheme (IPDS) are expected to augment electrification across the country. Cabinet approves PM-Surya Ghar: Muft Bijli Yojana for installing rooftop solar in One Crore households. As per the National Infrastructure Pipeline 2019-25, energy sector projects accounted for the highest share (24%) out of the total expected capital expenditure of Rs. 111 lakh crore (US\$ 1.4 trillion). Total FDI inflows in the power sector reached US\$ 18.28 billion between April 2000-March 2024. India's power sector is expected to attract investment worth Rs. 17 lakh crore (US\$ 205.31 billion) in next 5-7 years.

### B. TRANSPORTATION

The National Highways have a total length of 1,46,145 km, which in totality serve as the arterial network of the country. The development of National Highways is the responsibility of the Government of India. The Government of India had launched major initiatives to upgrade and strengthen National Highways through various phases of the National Highways Development Project (NHDP) and is taking the initiative forward through the umbrella program of Bharatmala Pariyojana Phase-I and other schemes and projects.

National Highway (NH) network increased by 60% from 91,287 km in 2014 to 1,46,145 km in year 2024. Length of 4 lanes and above NH increased by 2.6 times from 18,371 km (2014) to 48,422 km. Length of operational High-Speed Corridors of NHs network has increased from 93 km in 2014 to about 2,138 km in 2024. The pace of National Highways (NH) construction has increased consistently due to the systematic push through corridor-based National Highway development approach. Construction during 2023-24 reached 12,349 km which is the 2nd highest and 20% more than previous year. Highest achievement was 13,327 km in 2020-21.

#### **GVK Power & Infrastructure Limited**

Lane augmentation is at all time highest (9,642 km) during 2023-24 and 17% more than previous year (8,233 km in 2022-23). 4L+ km of roads including Expressways/ Access Controlled Highways is at all time highest at 5,193 km and at 12% more than previous year (4,635 km in 2022-23) pace of NH construction increased 2.8 times to 33.8 km/day (2023-24) from 12.1 km/day (2014-15). Award during 2023-24 is 8,581 km as compared to 7,972 km during 2014-15.

Further, Mr. Harish Kant Kaushik was appointed as an Interim resolution Professional (IRP) by NCLT.

## 4. Risks & Concerns

### Energy

The energy crisis is the concern that the world's demands on the limited natural resources that are used to power industrial society are diminishing as the demand rises. These natural resources are in limited supply. While they do occur naturally, it can take hundreds of thousands of years to replenish the stores. The world faces two energy problems: most of our energy production still produces greenhouse gas emissions, and hundreds of millions lack access to energy entirely.

Among the major categories of risk considered are those relating to industrial operations, to atmospheric pollution, to shortage of water supply, and to change in climate. For each of these, we have considered the risks posed by energy systems based on fossil fuels, nuclear fuels, and solar energy. Some of the issues leading to the power deficit situation in the country include (i) shortage of fuel, (ii) high AT&C losses, (iii) a differential tariff structure, and (iv) delays in tariff revisions.

### Transportation

One of the most common transportation risks in distribution logistics is delays and disruptions. These can occur due to various factors such as traffic congestion, weather conditions, accidents, strikes, customs clearance, regulatory changes, or unexpected events. Few other instances of transportation risks are labor shortage delays, loss or theft of cargo, incorrect documentation, cargo damage and lack of proper insurance. To reduce these risks, businesses implement transportation risk management strategies and procedures.

## 7. Clean Development Mechanism

The Clean Development Mechanism (CDM) allows emission-reduction projects in developing countries to earn certified emission reduction (CER) credits, each equivalent to one tonne of Carbon-di-oxide (CO<sub>2</sub>). These CERs can be traded and sold, and used by industrialized countries to a meet a part of their emission reduction targets under the Kyoto Protocol.

The mechanism stimulates sustainable development and emission reductions, while giving industrialized countries some flexibility in how they meet their emission reduction limitation targets. Three of the group companies i.e. GVK Industries Ltd (Phase II), GVK Gautami Power Ltd and Alaknanda Hydro Power Company Ltd were registered with UNFCCC and as such these projects are eligible for CER credits.

## 8. Internal Control System and Adequacy

The company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These systems are designed to ensure that all the assets of the Company are safeguarded and protected against any loss and that all the transactions are properly authorized, recorded and reported. The Company has an internal audit function, which is empowered to examine the adequacy and compliance with policies, plans and statutory requirements.

The internal audit function team comprises of well-qualified, experienced professionals who conduct regular audits across the Company's operations. The internal audit reports are placed before the Audit committee for consideration. The management duly considers and takes appropriate action on the recommendations made by the statutory auditors, internal auditors and the independent Audit Committee of the Board of Directors.

## 9. Material developments in Human Resources/Industrial Relations front, including number of people employed

The total number of employees of GVK at the corporate office and projects sites as on March 31, 2024 stands at 190 approximately.

Your company periodically reviews the requirement of these employees across various projects based on the need and necessity. The optimal utilization of the human resources with multi-tasking is what is being emphasized across the group.

## 10. Future Outlook

As you may be aware, all infrastructure companies across India are facing challenging times due to their financial exposure to Banks and Lending Institutions. Repayment of these loans have become a real task particularly when their revenue flows are which are either minimal or nothing due to delays or very long gestation periods. As a result, they are unable to make loan repayments and are branded as Non-Performing Assets (NPA) by their Lenders. The situation for some companies is very

bad because even though their projects/plants are completed / ready for operations, they are unable to operate due to the non-availability of natural gas/coal etc. The majority of these factors are not under the control of the management. GVK is no exception to this.

## **11. Cautionary Statement**

Statements in the Management Discussion and Analysis describing the company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning applicable under the securities laws and regulations.

As 'forward-looking statements' are based on certain assumptions and expectations of future events over which the company exercises no control, the company cannot guarantee their accuracy nor can it warrant that the same will be realized by the company. Actual results could differ materially from those expressed or implied. Significant factors that could make a difference to the company's operations include domestic and international economic conditions affecting demand, supply and price conditions in the electricity industry, changes in government regulations, tax regimes and other statutes.

# Independent Auditors' Report

The Members of GVK Power & Infrastructure Limited

## Report on the audit of Consolidated Financial Statements

### Disclaimer of Opinion

1. We were engaged to audit the accompanying Consolidated financial statements of **GVK Power & Infrastructure Limited** (hereinafter referred to as the "Holding Company" or "GVKPIL"), its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group" or "GVKPIL Group"), its associates and joint ventures (refer Note 42) to the consolidated financial statements), which comprise the Consolidated Balance Sheet as at March 31, 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash flow Statement for the year then ended, and notes to the Consolidated Financial Statements, including material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").
2. We do not express an opinion on the accompanying consolidated financial statements. Because of the significance of the matters involving uncertainties, described in the "Basis of Disclaimer of opinion" section of our report, notwithstanding having obtained sufficient appropriate audit evidence regarding most of the individual uncertainties, it is not possible for us to form an opinion on the financial statements due to the potential interaction of the uncertainties and their possible cumulative effect on the consolidated financial statements.

### Basis for Disclaimer of Opinion

3. We draw your attention to following notes of the Consolidated financial statements:
  - i. We draw attention to note 52 to the consolidated financial statements which states that as at March 31, 2024, the GVKPIL Group had accumulated losses and the GVKPIL Group has incurred losses excluding exceptional item during preceding years. The GVKPIL Group's current liabilities are significantly in excess of current assets. Three of the subsidiary companies where the project has been terminated are following liquidation basis of accounting. The GVKPIL group has delayed/defaulted in repayments of loans and interest thereon and various loan accounts have been classified as non-performing assets by banks/ lenders including recall of loans /filing of cases under the Insolvency and Bankruptcy Code in certain cases. The Resolution professional have also been appointed in certain cases by NCLT. There are various litigations going on in the GVKPIL Group. The GVKPIL Group has also provided guarantees and commitments and/or has undertaken to provide financial assistance on behalf of various entities and as further detailed in notes 46, 47, 49(a) and 49(b) (referring to notes on GVK Coal Developers (Singapore) Pte Limited, GVK Energy Limited, GVK Bagodara Vasad Expressway Private Limited and GVK Deoli Kota Expressway Private Limited), uncertainties are being faced by various projects such as delays / non development of coal mines in an overseas project where the Holding Company has provided guarantees and commitments for the borrowings, losses incurred by gas based power plant in the absence of gas and litigations on rights to claim capacity charge, arbitration on delay of commencement of road projects, termination of various projects etc. Various guarantees given by GVKPIL and GVK Energy Limited (GVKEL) on behalf of their subsidiaries, associates and joint controlled entity have been invoked by the lenders. These factors indicate significant doubt on going concern ability of the GVKPIL group. Notwithstanding the above, the financial statements of the GVKPIL Group have been prepared on going concern basis as management believes that the GVKPIL Group would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. Further, the Management is confident that aforesaid entities would win litigations; will reach an optimal solution with non-controlling shareholders and lenders etc. as required despite current macro-economic environment challenges. Considering the various uncertainties involved as fully described in the Basis of Disclaimer section of our report, the probable impact could be material and pervasive on these consolidated financial statements and that may cause significant doubt on company's ability to continue as a going concern. Accordingly, we are unable to comment that the management assumption of preparing these financial statements on going concern basis is appropriate.
  - ii. We draw attention to Note No 46 to the Consolidated Financial Statements regarding GVK Coal Developers (Singapore) Pte. Limited, (GVK Coal Developers) (an associate) in which the GVKPIL Group has investments and has receivables aggregating to Rs.79,048 Lakhs and to whom the holding company along with others jointly and severally had given irrevocable and unconditional guarantee and commitments (CG) for loans up to aggregating to USD 1,132.45 Million (Rs.9,44,168 Lakhs) (GVKPIL itself guaranteed towards the repayment of limits which shall be lower of either 53.9% (including in respect of the Hedging Agreements if any) of all principal amounts outstanding under the finance documents or USD 692.61 Million) taken by the aforesaid associate Company part of which is collateralized by pledge of 155,587,500 (March 31, 2023: 155,587,500), 130,287,382 (March 31, 2023: 130,287,382) and 48,000,000 (March 31, 2023: 48,000,000) shares of GVK Energy Limited,

GVK Transportation Private Limited and GVK Airport Developers Limited respectively for securing loan obtained by GVK Coal Developers (Singapore) Pte. Limited and has also undertaken to provide financial assistance of USD 3.1 million (Rs.2,593 Lakhs) with respect to which there are multiple significant uncertainties including outlook on the sector, non-achieving of financial closure and clearances for the project, concluding an appropriate solution with various stakeholders including lenders, and necessary environmental and regulatory clearances etc. The GVK Coal Developers current liabilities exceeded current assets by USD 2,624 million (Rs.21,87,713 Lakhs) as of March, 2024 and accumulated losses as of March, 2024 is USD 1,386 million (Rs. 11,55,562 Lakhs) based on audited special purpose consolidated financial statements of GVK Coal Developers (Singapore) Pte. Limited. The GVK Coal Developers lenders filed a claim in the High Court of Justice Business and Property Courts of England and Wales Commercial Courts (England Court) on November 09, 2020 and have sought to recover the amounts advanced to GVK Coal Developers. During the current financial year 2023-24, the England court vide its order dated October 19, 2023 has crystallized the amount payable by the defendants (GVKPIL and other guarantors / stakeholders in GVK Coal Developers) at USD 2.19 billion including the amount towards interest.

As per legal opinion obtained by the Holding company, the order dated 19th October 2023 passed by the England court is not speaking order. It has also been opined that the Order dated 19.10.2023 cannot be enforced in India and is contrary to the substantive law of India and is also in violation of the principles of natural justice.

As per the GVKPIL management, several attempts were made by the company to have a solution with the lenders including an agreement dated March 23, 2017, wherein a non-binding framework solution was agreed upon for a settlement. Subsequently also there were several efforts to engage with the lenders to arrive at a settlement.

The GVK Coal Developers having failed to repay debt obligation, ICICI bank has invoked CG of GVKPIL on Nov 02, 2020 and demanding to pay the GVK Coal Developers dues.

Further, one of the lenders has filed an application under Section 7 of the Insolvency and Bankruptcy Code 2016 to initiate Corporate Insolvency Resolution Process against the GVKPIL (being guarantor for loan taken by GVK Coal Developers) before National Company Law Tribunal, Hyderabad on July 14, 2022 and the company has filed the reply. As per the NCLT website, initially final hearing was mentioned as 24.04.2024 but the authority has partly heard the details and next hearing is scheduled on 31.05.2024. As per the GVKPIL management, petition filed by the ICICI Bank against GVKPIL is barred by Section 10A of the Code as the invocation of the Guarantee was admittedly done vide invocation of guarantee dated 02.11.2020 and as such the invocation of the guarantee on GVKPIL falls squarely within the period prescribed by Section 10A of the code. As per Section 10A, no application for initiation of corporate insolvency resolution process can be filed in respect of a default that has occurred on or after 25th March, 2020 till 25th March, 2021. However, as per ICICI Bank petition, the account (GVK Coal Developers) has become NPA with all the lenders around FY 2016-17. The ultimate outcome of the same and the resultant impact of the same on the financial statements is not ascertainable and cannot be commented upon.

GVKPIL is hopeful of achieving one time settlement with the lenders in view of its arrangement with Adani Airport Holdings Limited (AAHL) which is adequately incentivized to find solution with the lenders to get unencumbered ownership over the shares of GVK Airport Developers pledged with the lenders.

While the GVKPIL Group has made a provision for impairment in respect of the aforesaid investment and receivables aggregating to Rs.79,048 Lakhs, no provision has been made towards the Corporate Guarantee and commitments issued by GVKPIL. Considering the various uncertainties and complexities involved as mentioned above, we are unable to comment on the viability of the GVK Coal project and the additional provision that may be required concerning the aforementioned guarantees and commitments made by the GVKPIL and the resultant impact of the same on these consolidated financial statements.

iii. We draw attention to Note 47(b) to the consolidated financial statements regarding Deconsolidation of assets and liabilities of GVK Power (Goindwal Sahib) Limited ("GVKPGSL"), a step down subsidiary of the Holding Company with effect from 10th October 2022, as the same has been admitted into Corporate Insolvency Resolution Process on October 10, 2022 based on petition filed by Axis Bank Ltd, one of the lenders in the consortium of GVKPGSL with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the GVKPGSL. Interim Resolution professional appointed by NCLT had taken possession of all assets of GVKPGSL. Since the GVKPIL Group loss the control over the GVKPGSL, the assets and liabilities of GVKPGSL have been deconsolidated as at October 10, 2022 as required u/s Para 25 of Ind AS 110 Consolidated Financial Statements, which has resulted in a net gain of Rs.343,685 Lakh as disclosed as Exceptional Items in the Consolidated Financial statements during the year ended 31st March 2023.

During the current financial year 2023-24, the Resolution plan submitted by resolution applicant has been approved by the Hon'ble NCLT Hyderabad vide its order dated December 22, 2023. As per the said order, the secured lenders have received Rs.1,078 crores against their claims of Rs.6,585 Crores. i.e. with a deficit of Rs.5,507 Crores. The GVKEL has provided Corporate Guarantee to the lenders of GVKPGSL with respect to the amount lent by them. Lenders through its security trustee

## GVK Power & Infrastructure Limited

(IDBI Trusteeship services limited) have invoked the corporate Guarantee. Further, during the financial year 2023-24, one of the lenders (IDBI) has filed the case against the GVKEL demanding the amount of Rs.1,494 Crores in the Hon'ble NCLT, Hyderabad and next date of hearing is fixed on July 10, 2024. No provision has been made by GVKEL against these Corporate Guarantees.

As per GVKPIL management, liability of Corporate Guarantor is co - extensive with the liability of the Principal Borrower. Further, as per GVKPIL management, Section 31(1) of the Code states that when a resolution plan is approved by the adjudicating authority the same is binding on all the creditors and the guarantors and all other stake holders and hence no claim is maintainable against them. Considering, the liability of the Principal Borrower stands discharged pursuant to the CIRP of the Principal Borrower, as per GVKPIL management, the liability of the Corporate Guarantor also extinguishes.

The contention of the management is subject to interpretation and there are different judgements on the same. Further, as per the Corporate Guarantee agreement, the liability of the guarantor under this guarantee shall not be affected by:

- Any change in constitution, ownership or corporate existence of the borrower or any absorption, merger, or amalgamation of the borrower with any other company
- Any insolvency, liquidation, bankruptcy or similar situation proceeding in respect of the borrower

Accordingly, there is an uncertainty on the final outcome of the same and the extent of the liability that may arise in respect of guarantee given by GVKEL is presently not ascertainable. In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying consolidated financial statements.

- iv. We draw attention to Note No.47(c) to the consolidated financial statements as per which GVK Gautami Power Limited (GVKGPL), a jointly controlled entity of GVKEL has been admitted into Corporate Insolvency Resolution Process (CIRP) during the current financial year 2023-24, i.e. on October 20, 2023, based on petition filed by Edelweiss Asset Reconstruction Company Ltd, one of the lenders in the consortium of GVKGPL with the Hon'ble NCLT, Hyderabad and Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKGPL. GVKEL has already provided for an impairment for the full value of investment in GVKGPL of Rs 51,897 Lakhs.

The GVKEL has also provided Corporate Guarantee to the lenders of GVKGPL with respect to the amount lent by them. This Corporate Guarantee has not been invoked by lenders so far (account became NPA on 1st October 2016) and no demands have been raised on GVKEL. This Corporate Guarantee may however be invoked by the Lenders of GVKGPL considering the default therein and Insolvency proceedings undergoing in GVKGPL. In such an eventuality, GVKEL may need to reimburse the same, especially considering that the net assets of GVKGPL is negative. The extent of the liability that may arise in respect of guarantee given is not determinable at present and no provision has been made in this regard in relation to such liability. In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying consolidated financial statements.

- v. We draw attention to the following matters disclosed in Note 49(a) to the consolidated financial statements regarding the financial statements of GVK Bagodara Vasad Expressway Private Limited (GVKBVEPL), a step-down subsidiary of the holding company:

a) The project of the GVKBVEPL was terminated by Gujarat State Road Development Corporation (GSRDC) by referring the defaults of the Concessionaire. Consequent to the termination of the project, GVKBVEPL has accounted cost incurred on the project of Rs.58,904 Lakh as amount receivable from the GSRDC as management has represented that the project of the GVKBVEPL was terminated due to the reasons attributable to the GSRDC. GVKBVEPL has disputed the termination notice and invoked Arbitration in terms of provisions of concession agreement. Tribunal having heard arguments of both sides has given a split verdict during the financial year 2023-24, dated 11th August 2023. Two out of three Judges have passed a combined award dated 11th August 2023 of Rs.41,296 Lakhs (Net) in favor of GSRDC and one Judge has passed a dissenting award dated 11th August 2023 of Rs.27,438 Lakhs (Net) in favor of the GVKBVEPL. Considering this split award and based on the facts and legal opinion obtained, the GVKBVEPL has filed an appeal before Commercial Court Ahmedabad and the matter is coming up for hearing on 20.06.2024. As per the management till date no signed order has been served on them. Accordingly, GVKBVEPL has not made any provision on recoverability of Rs.58,904 Lakhs and also with respect to amount decreed to be payable to GSRDC of Rs.41,296 Lakhs. There is an uncertainty on the final outcome of the same and the extent of the liability that may arise in respect of aforesaid matter is presently not ascertainable. In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying consolidated financial statements.

b) All the loan accounts are non-performing assets and the GVKBVEPL has received recalled notices from the banks and

financial institutions and hence borrowing from the banks and financial intuitions are treated as current borrowings. Balances of borrowings (including interest accrued thereon) from lenders amounting to Rs.940,26 lakhs as at March 31, 2024 as per books of accounts are unconfirmed. In absence of such confirmations, we are unable to comment on the appropriateness of carrying amount of borrowing (along with interest accrued thereon and penal interest/ penal charges) as presented in Consolidated financial statements.

The above issues are reported as Qualification by the auditors as well in the audit report on the standalone financial statements of GVK Bagodara vasad expressway Pvt Ltd, subsidiary of GVKTPL vide their audit report dated April 29, 2024.

vi. As discussed in detailed in Note 48 to the consolidated financial statements regarding annulment of settlement by Edelweiss with respect to their loans / NCDs to GVKEL and Alaknanda Hydro Power Company Limited (AHPCL), non-accounting of estimated increase in liability on account of annulment of settlement terms by Edelweiss (amount not ascertained), invocation and transfer by Edelweiss of 46,60,11,000 Equity shares of AHPCL held by GVKEL of Rs.10 each, recording of exceptional loss of Rs.19,486 lakhs during the year ended March 31, 2023 by GVKEL on account of invocation of pledged shares and transfer by Edelweiss (being difference in face value of pledged shares invoked by Edelweiss and the liability of Edelweiss appearing in books of GVKEL and AHPCL), recording of discharge of liability of Edelweiss pending legal suit before Hon'ble Delhi High Court, wherein GVKEL pleaded that as a consequence of the invocation and transfer of a valuable asset, GVKEL liability towards the loan has been discharged and since the value of share is far in excess of the outstanding loan liability, the excess share to be returned. Next hearing of the case is scheduled on July 09, 2024.

Due to above mentioned default in the repayment of amount due on Loan / NCDs, ECL Finance Limited, Edelweiss Asset Reconstruction Company Limited, India Credit Fund II & Ecap Equities Limited (collectively referred to as "Edelweiss") (through its debentures trustee namely Catalyst Trusteeship Limited) has filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the company and GVK Energy Ltd. on October 21, 2022, the company has filed its replies and next hearing of the case is scheduled on July 12, 2024.

Meanwhile, during the current financial year 2023-24, AHPCL, GVKEL and GVKPIL has entered into another settlement agreement with the lenders on October 09, 2023, which requires to pay Rs 33,000 Lakhs and simple interest @12.50% pa is payable w.e.f. 1st November 2023. The entire amount along with interest is to be paid on or before 30th November 2023. The GVKPIL Group could not comply with the settlement terms and requested for extension of time to Edelweiss and they have extended the time till 30th Jun'2024 with phased payments. On 27th February'24 the lead lender of Alaknanda Hydro Power Company Limited has approved the release of Rs 20,000 Lakhs out of Rs 33,000 Lakhs to be paid and Rs.13,000 Lakhs to be brought in by GVKPIL group. Till date GVKPIL group has paid an amount of Rs 9,150 Lakhs out of Rs 13,000 Lakhs to be brought in by them. There are delays in payment of this phased amount as well. In case of failure to comply with any of the terms and conditions specified, this settlement shall stand revoked without any notice and the original dues payable by the GVKPIL Group /Borrower shall be reinstated and lender shall be entitled to recover the total dues together with applicable interest. Management has represented that they can make remaining payment and waiting for approval of all lenders of AHPCL. In view of the same, we are unable to comment on the accounting done in this regard in books of account and the ultimate impact of the same including of the invocation of the settlement offer by Edelweiss, invocation of pledged shares of AHPCL by Edelweiss, invocation of corporate guarantee issued by the GVKPIL and GVKEL and impact of the proceedings in the NCLT, if any on the consolidated financial statements till the payment of dues as per settlement agreement.

Further, in the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying consolidated financial statements including with respect to the balance amount of investments, loans and trade receivables of GVKEL aggregating to Rs.94,961 Lakhs in books of GVKPIL.

vii. As discussed in detailed in Note 47(a) to the Consolidated Financial statements regarding GVK Coal (Tokisud) Private Limited ("GVKCTPL"), a step-down subsidiary of the Holding Company. The Hon'ble Supreme Court of India had deallocated dedicated coal mine allotted to GVK Power (Goindwal Sahib) Limited (GVKPGSL). GVKCTPL, a subsidiary company of GVKEL and mine operator was offered a compensation by the Nominated Authority of Rs.11,129 Lakhs as against carrying value of assets of Rs.31,113 Lakhs as at March 31, 2017. GVKCTPL had appealed against the said order in the Hon'ble High Court of Delhi. The aforesaid court vide its order dated March 09,2017, directed GVKCTPL to submit its claim to the adjudicating authority constituted under the Coal Mines (Special Provisions) Act, 2015. Subsequently GVKCTPL submitted its claim for the balance amount of Rs. 19,882 Lakhs to the aforesaid authority. The nominated authority under the Ministry of Coal vide its order dated 16th March 2022 has further approved and released compensation of Rs.13,867 lakhs. Out of this an amount of Rs.8,883 lakhs have been deposited by nominated authority in interest bearing account with Registrar General of the Court as per the directions of the high court of Delhi dated 11th April 2022 and an amount of Rs.4,984 lakhs have been paid to lenders by nominated authority towards the balance dues payable as per the claims made by the lenders as on the date of vesting orders less the amount already paid to the lenders. Including the above amount of Rs 4,984 lakhs, a total of Rs 23,761 Lakhs,

## GVK Power & Infrastructure Limited

being the due on vesting date has been paid to the lenders. Nominated authority has advised in the above order to approach Coal Tribunal in respect of disputes including the compensation disallowed with regard to R&R costs. The GVKCTPL has accordingly filed the appeal under sec. 27 of the Coal Mines (Special Provisions) Act, 2015 with Coal Tribunal for Rs 34,830 lakhs on August 01, 2022 and the next hearing of the case is scheduled on June 20, 2024.

The GVKEL, holding company, has given corporate guarantee for the loan taken by the GVKCTPL for which no provision has been made at present considering the uncertainties. In the light of the above, we are unable to comment on the recoverability of assets with carrying value of Rs.6,015 Lakhs and the liability to be provided towards the Corporate Guarantee issued together with consequential impact, if any, arising out of the same in these accompanying consolidated financial statements.

viii. We draw attention to the note 49(b) which states that the GVK Deoli Kota Expressway Private Limited (GVK DKEPL), a wholly owned step-down subsidiary of the Holding company on June 25, 2019, has issued a termination notice under Article 37.2.2 of the Concession Agreement for termination on account of material breach and defaults on the part of National Highway Authority of India (NHAI) during the course of construction like providing Right of Way (ROW), shifting of utilities, obtaining approvals & clearances, alternate route & prevention of complete user fee collection etc., which has resulted in significant delays in construction of expressway.

On September 12, 2019, NHAI issued a termination notice as per clause 37.2.1 of the Concession Agreement for non-fulfillment of the obligation as stated in the Concession Agreement by Concessionaire. NHAI by virtue of this notice, is deemed to have taken possession and control of the project highway along with all the equipment on or at site. After this termination notice toll plaza is deemed to have been transferred to NHAI and from September 16, 2019, onwards NHAI started collecting the toll on the project highway.

The matter is under Arbitration and the company has filed claim documents with Tribunal and NHAI has filed statement of defense and next cross examining the witness of NHAI is scheduled on July 29, 2024.

GVK DKEPL has defaulted in repayment of principal amount and payment of interest on such term loans taken from consortium of banks and financial intuitions. As a result, the lenders have classified the term loan as non-performing asset and have recalled the entire facilities extended to the company. As result of that, the term loans have become repayable on demand, Company has not received borrowing statements and confirmation of borrowing balances from lenders. Accordingly, we are not in a position to comment on the interest not accounted etc. and the impact of the same on the consolidated financial statements.

The Concession Agreement being the sole agreement executed by the Company, termination of the same has now resulted into liquidation basis of accounting which has been adopted in preparation of these financial statements of GVK DKEPL. The company has recorded receivable from NHAI after setting off toll assets and other related future liabilities, which is subject to decision and process of arbitration between Company and NHAI.

GVK DKEPL based on its internal assessment is confident that it will be able to recover the balance amount spent on the project till date including its various claims and accordingly the management believes that it is appropriate to recognize total assets aggregating to Rs.44,008 lakh; comprising Rs.43,637 lakh as Other Non-Current assets, Rs.9 lakh as Property Plant & Equipment and Rs 362 Lakh as the Current Assets on March 31,2024 at carrying value in the financial statements. Considering the litigation and uncertainties, we are not in a position to comment on the recoverability of these assets as well as claims made by respective parties.

The auditors of GVKDEPL have given an EOM in this regard in their audit report dated 29th April 2024.

ix. Note 53 to the consolidated financial statements regarding investigation by various Government agencies on various alleged irregularities relating to conflict of interest, misuse of funds, money laundering and other matters, pending completion of which and non-provision of certain related information sought from the holding company by us including complete copy of the Enforcement Directorate complaint. CBI has filed a charge sheet before the Chief Metropolitan Court, Mumbai on February 09, 2023, laying as allegation under section 120B read with section 420 of IPC against Mumbai International Airport Limited (MIAL), Vice Chairman & erstwhile CFO of the Holding Company and four other GVKPIL group companies apart from others. The Court has granted bail to all the accused. The main issue alleged is siphoning of fund of MIAL eventually causing a loss to Airport Authority of India (AAI). Vide order dated 08.12.2023, fresh cognizance of offences in the chargesheet has been taken and accused persons have been summoned. However, the said order has been currently stayed by the Ld. Sessions Court, Mumbai in revision petitions preferred by various accused persons and therefore, the proceedings are currently stayed in the matter and matter will resume only once the stay order gets vacated by the Revision Court. The company is of the view that the case will not stand the test of scrutiny of the court and will eventually be dismissed. The company is also of the view that

the charges are unsubstantiated and no offence u/s section 420 IPC is made out as there is no loss to AAI, Government, or any Tax Authorities as alleged.

In addition to be above, the Enforcement Directorate (ED) had also taken up the investigation under the Prevention of Money Laundering Act (PMLA) on the basis of an FIR registered by the CBI. ED had filed a complaint in April 2021 on the same matters against the above-mentioned parties and some of the subsidiaries, joint ventures and step-down subsidiaries of the Company, their directors and officers. ED had filed a complaint before the City Court and Additional Session Judge, Greater Bombay under Section 45 of Prevention of Money Laundering Act, 2002 for commission of offence of Money laundering under section 3, read with section 70, Punishable u/s 4 of the Prevention of Money Laundering Act, 2002. The matter is currently at stage of adjudication of application on behalf of Accused-4 seeking supply of all the un relied documents and un relied statement u/s 50 PMLA and is fixed for filing reply of Enforcement Directorate on 27.06.2024.

The Audit Committee of the Holding Company, based on the legal advice received by the Audit committee of Mumbai International Airport Limited (MIAL), have decided not to proceed with any independent investigation on the matters mentioned in the FIR or the complaint filed by ED. Considering the status of the proceedings with cases related to CBI and ED, the implications, if any, that may arise on the GVKPIL group can't be ascertained and the impact if any of the same on the consolidated financial statements cannot be commented upon.

- x. We draw attention to Note 51 to the consolidated financial statements regarding GVK Perambalur SEZ Private Limited (GVK SEZ), a wholly owned subsidiary company. GVK SEZ has Investment Property having book value of Rs.11,655 Lakh as on 31st March 2024. GVK SEZ stood as a Guarantor and mortgaged its land having book value as mentioned above (admeasuring 2,506.25 Acres) to Syndicate Bank (since merged with Canara Bank) on account of loans taken by the GVKPIL (the Holding Company). GVKPIL has since repaid the loan taken from Canara Bank and the bank has also acknowledged the same. However, Canara bank has not issued a no due certificate and has not returned the original title documents by exercising the right of general lien under section 171 of Indian Contract Act, 1872 and has enforced general lien over the title deeds in the name of GVK SEZ for liabilities of GVK Coal (Singapore) PTE Ltd, an associate of GVKPIL. GVKPIL and GVK SEZ have jointly filed writ petition before High Court, Telangana on October 27, 2021, stating that Bank exercising of general lien under section 171 of the Indian Contract Act, 1872 is wholly misconceived and illegal and contrary to the terms of Guarantee extended by the GVK SEZ and the matter is yet to be listed. GVKPIL has obtained independent legal opinion based on which the outcome of the subject matter will be positive and the bank will be directed to release the documents given as security. Further, Enforcement Directorate (ED) has provisionally attached the said Land property in view of investigation under Prevention of Money Laundering Act (PMLA). However, Hon'ble High Court of Telangana vide its order dated April 22, 2021 has stayed the proceedings by issuing Show Cause Notice to ED. As on March 31, 2024, the status remains the same. The matter is under litigation. Pending these litigations, the impact of the same on the GVKPIL Group is not determinable.

#### 4. Emphasis of Matter

- i. We draw attention to Note 55 to the consolidated financial statements regarding sale of majority holding of GVK Airport Developers Limited (GVKADL) by company to Adani Airport Holding Limited (AAHL) as per binding co-operation agreement dated August 31, 2020 and other related transaction documents. AAHL has acquired and hold the securities as per co-operation agreement at the end of the financial year. The management considered the company as beneficial owner of the Optionally Convertible Debentures (OCDs) of Rs.112,464 Lakhs held by AAHL as per co-operation agreement in view of the terms of arrangement. Accordingly, the securities held in the name of AAHL have been classified as Current Investments of company in the consolidated financial statements. These investments in OCDs made by AAHL are yet to be transferred in the name of the company.
- ii. We draw attention to Note No 47(d) and 47(e) of the consolidated financial statements regarding the financial statements of Alaknanda Hydro Power Company Ltd, a stepdown subsidiary of the Holding Company, the following matters:
- a) As per Note 47(d) to the consolidated financial statements, regarding Uttar Pradesh Power Corporation Limited (UPPCL) appeal before Appellate Tribunal for Electricity (APTEL) challenging UPERC's determination of Normative Annual Plant Availability Factor (NAPAF) for Multi Year Tariff (MYT) for the years 2015-19 and 2019-24. The AHPCL has submitted its responses to APTEL against the said appeal. Accordingly, in the opinion of the management the appeal filed by UPPCL is not tenable and no provision is required in this regard.
- b) Note no 47 (e) to the statement, regarding recoverability of reimbursement of water tax based on management legal assessment with respect to (i) applicability of water tax on water drawn for generation of electricity as demanded by Uttarakhand water resources management regulatory commission ("UWRMRC") as per provisions of the Uttarakhand water management and regulatory act ,2013 and (ii) claiming the same from Uttar Pradesh power corporation limited ("UPPCL") as reimbursement under change in law by amending power purchasing agreement with UPPCL("PPA") for the

## GVK Power & Infrastructure Limited

period August,2022 to March,2024. The claim made by the AHPCL for the period August,2022 to October ,2022 is not accepted by UPPCL vide their letter dated June 16,2023 on the ground that the AHPCL has not followed the change in law provision & stipulations under the PPA and the AHPCL's application before UPERC for amendment to PPA for reimbursement of water tax under the provisions of change in law. UPERC vide its order dt.01 April, 2024 has directed UPPCL to make interim payment against proof of payment of water tax paid by AHPCL from August, 2022 onwards and continue to make interim payment. In case Hon'ble High Court of Uttarakhand decides levy of water tax is null & void, AHPCL shall be required to be claim refund from Uttarakhand Government along with carrying cost and the same shall be released to UPPCL along with such carrying cost.

The issue above is reported as Emphasis of Matter by the auditors in their audit report on the standalone financial statements of Alaknanda Hydro Power Company Ltd. (AHPCL), subsidiary of GVKEL vide their audit report dated April 24, 2024.

iii. We draw your attention to note no.50 of Consolidated Financial statements, regarding GVK Ratle Hydro Electric Project Private Limited (GVK Ratle), a subsidiary of the holding company, GVK Ratle had entered into a concession agreement with J&K Power Development Department (JKPDD) for construction and operation of a hydro power plant on Build, Own, Operate and Transfer model. GVK Ratle started the project development and had spent/paid advances to the tune of Rs.101,552 lakhs (till March 31,2021) on various works. However, there were significant delays in the construction of the project due to the impediments like land acquisition and execution of land, leases, issues in relation to working conditions, disturbances and law and order problems, issues under the Indus Water Treaty, issues in relation to Water charges, status of Mega Power Project and taxes such as entry tax, sales and other local taxes etc.

GVK Ratle requested for termination of project and offered for an amicable settlement. JKPDD rejected such settlement offer stating that the delays tantamount to event of default from GVK Ratle. GVK Ratle had initiated the arbitration process and Tribunal vide its order dated 11th July'20 and rectification order dated 7th September'20 had accepted the contentions of GVK Ratle and had given an award of Rs.29,048 Lakhs in favor of GVK Ratle. Not satisfied with the order, GVK Ratle has filed an appeal before district court, Kishtwar on 8th December,2020 against the said award, which is challenged by JKPDD and court granted the stay on proceedings. Meanwhile, GVK Ratle has filed an appeal before Supreme Court, the supreme court stayed all proceedings before the District Court, Kishtwar until it decides the issue relating to applicability of J&K Arbitration Act, 1997, even after it was repealed by J&K State Reorganization Act, 2019. The matter is yet to be listed for hearing before the Supreme Court.

GVK Ratle had also entered into a settlement agreement with its lender on 24th November'21 and the award realized from the JKPDD will be paid to lender as per the settlement agreement. Considering the fact of termination of the project and settlement with the lenders, the GVK Ratle has adopted the liquidation basis of accounting in preparation of these financial statements and treated the amount recoverable as per award as its asset with similar amount payable to lender as its liability as per settlement agreement.

Similar matter has been included as an Emphasis of matter paragraph (EOM) in the audit report on the standalone financial statements of GVK Ratle Hydro Electric Project Private Limited, the stepdown subsidiary of the Holding Company issued by an independent firm of Chartered Accountants vide their report dated April 25, 2024.

iv. We draw attention to the following matters disclosed in Note 49 (C) to the consolidated financial statements regarding the financial statements of GVK Transportation Private Ltd (GVKTPL), subsidiary of the holding company which states that GVKTPL has given the corporate guarantee to the lender (Yes Bank Ltd.) who has assigned the debt to J.C. Flowers Asset Reconstruction Pvt Ltd. Due to above default in repayment of loan by GVKDKEPL, J.C. Flowers Asset Reconstruction Pvt Ltd, has invoked the corporate guarantee and filed the petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against GVKTPL on February 24, 2022 and the next hearing of the case is scheduled on May 29, 2024 for orders.

## 5. Management's and Board of directors Responsibility for the Consolidated Financial Statements.

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows and changes in the equity of the group including its associates in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group, its associate and joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate

accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for assessing the ability of the Group and of its associate and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

## **6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our responsibility is to conduct an audit of the Group's Consolidated Financial Statements in accordance with Standards on Auditing and to issue an auditor's report. However, because of the significance of the matters involving uncertainties, described in the "Basis of Disclaimer of opinion" section of our report, notwithstanding having obtained sufficient appropriate audit evidence regarding each most of the individual uncertainties, it is not possible for us to form an opinion on the Consolidated financial Statements due to the potential interaction of the uncertainties and their possible cumulative effect on these Consolidated Financial Statements.

## Annexure-A to the Independent Auditor's Report

**Annexure-A to the Independent Auditor's Report on the consolidated financial statements of GVK Power & Infrastructure Limited for the year ended 31 March 2024**

**Report on the Internal Financial Controls with reference to aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act.**

**Referred to in paragraph 8.2 (h) under 'Report on other legal and regulatory requirements' section of our report even date**

1. In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to financial statements of GVK Power & Infrastructure Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies and joint ventures, which are companies incorporated in India, as of that date.

**Management's and Board of Directors' Responsibility for Internal Financial Controls with reference to financial statements**

2. The respective Board of Directors of the Holding company, its subsidiary companies, its associate company and joint ventures, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Also refer to the Basis of Disclaimer of Opinion section of our main audit report.

**Auditor's Responsibility**

3. Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to financial statements based on our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI.
4. Because of the matter described in Disclaimer of Opinion paragraph below, it is not possible for us to form an opinion on internal financial controls system with reference to financial statements of the Holding Company.

**Meaning of Internal Financial Controls with reference to financial statements**

5. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Basis for Disclaimer of Opinion**

6. According to the information and explanations given to us and based on our audit and subject to the Basis for Disclaimer of Opinion paragraphs in our main report, the following material weaknesses have been identified in the operating effectiveness of the Holding Company's internal financial controls with reference to Consolidated Financial Statements as at March 31, 2024:
  - a) The Holding Company's internal financial controls for determining whether adjustments are required to the carrying value

of investments, receivables and whether any liability to be recognized for the financial assistance, corporate guarantees and commitments given to an associate and joint venture of the Holding Company were not operating effectively, which could potentially result in non-recognition of provision with regard to the aforesaid financial statement line items (Refer paragraphs 3 of our main audit report).

- b) We draw your attention to the following disclaimer of opinion on internal financial control over financial statements of the consolidated financial statements of GVK Energy Limited (GVKEL), a subsidiary of the Holding Company issued by us vide our report dated May 27, 2024 reproduced by us as under:

“The Holding Company’s internal financial controls for determining whether adjustments are required to the carrying value of investments, receivables and whether any liability to be recognized for the financial assistance, corporate guarantees and commitments given to an associate and joint venture of the Holding Company were not operating effectively, which could potentially result in non-recognition of provision with regard to the aforesaid financial statement line items (Refer paragraphs 3 of our main audit report)”.

### **Disclaimer of Opinion**

7. Because of the significance of the matters involving uncertainties, described in the “Basis of Disclaimer of opinion” paragraph above, notwithstanding having obtained sufficient appropriate audit evidence regarding most of the individual uncertainties, it is not possible for us to form an opinion whether the Holding Company had adequate internal financial controls with reference to Consolidated financial statements and whether such internal financial controls were operating effectively as at March 31, 2024 based on the internal control with reference to Consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
8. We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statements of the Group, its associates and its joint ventures for the year ended March 31, 2024, and these material weaknesses has affected our opinion on the financial statements of the Group and we have issued a qualified opinion on the financial statements for the year ended on that date. (Also refer Basis for Qualified Opinion of the main audit report).

### **Other Matters**

9. We did not audit internal financial control with reference to 14 subsidiaries included in the consolidated audited financial statements, whose annual financial reflects (before adjustments for consolidation) total assets of Rs. 9,49,147 Lakhs and net assets of Rs. 2,26,954 Lakhs as at March 31, 2023, revenues from operations of Rs.1,08,011 Lakhs, total net loss after tax of Rs.19,213 lakhs and total comprehensive loss of Rs.19,124 Lakhs, for the year ended March 31, 2024, respectively, as considered in the consolidated financial statements. The consolidated audited financial statements include the group’s share of one associate, whose interim financial information reflect (before adjustments for consolidation) total net loss after tax Nil, total comprehensive net loss of Rs Nil for nine months ended March 31, 2024, as considered in the consolidated audited financial statements.

The internal financial control with reference to financial statements in so far as it relates to such subsidiary companies, associate and joint ventures have been audited by other auditors whose reports have been furnished to us by the Management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to the financial statements for the Holding Company, its subsidiary companies, associates and joint venture companies, as aforesaid under Section 143 (3) (i) of the Act in so far as it relates to such subsidiary companies, associate company and joint venture companies is based solely on the reports of the auditors of such companies.

## Notes to the consolidated financial statements as at March 31, 2023

(All amounts in INR lakhs, except share data and where otherwise stated)

### 1 Corporate information

GVK Power & Infrastructure Limited ("Parent Company") is primarily engaged in the business of providing operation and maintenance services, manpower & consultancy services and incidental services to owners of power plants, airports and infrastructure companies. The Parent Company together with its subsidiaries (collectively termed as "the Group"), joint ventures and associates are engaged in constructing and operating power plants, highway projects, exploration of coal mines and airports (discontinued operations).

These group consolidated financial statements have been approved by the Company's Board of Directors and authorized for issue on May 28, 2024.

### 2 Material accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for the group consisting of GVK Power & Infrastructure Limited (the 'Company') and its subsidiaries, associates and joint ventures.

#### 2.1 Basis of preparation

- i. Compliance with Ind AS: The Consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified pursuant to section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to Companies Act, 2013 (Ind AS compliant Schedule III), as applicable to the consolidated financial statements.
- ii. Historical cost convention: The consolidated financial statements have been prepared on a historical cost basis, except certain financial instruments measured at fair value (refer accounting policy of financial instruments).

#### 2.2 Basis of consolidation

##### i) Subsidiaries

Subsidiaries are all entities (including special purpose entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which the control is transferred to the group. They are deconsolidated from the date control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides an evidence of impairment of the transferred asset. Accounting policies of subsidiaries are in accordance with the group accounting policies. The acquisition method of accounting is used to account for business combinations by the group.

Non controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of changes in equity and Balance Sheet respectively.

##### (ii) Associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. Investments in associates are accounted for using the equity method of accounting (see iv below), after initially being recognised at cost. Also refer note 47.

##### (iii) Joint arrangements

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. Interests in joint ventures are accounted for using the equity method (see (iv) below), after initially being at cost.

##### (iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

When the group's share of losses in an equity accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint controlled entity are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment.

### (v) Changes in ownership interests

The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests reflect their relative interests in the subsidiary. Any difference between the amount of adjustment to non-controlling interests and any consideration paid or received is recognized within equity.

When the group ceases to consolidate or equity account an investment because of a loss of control, joint control or significant interest, any retained interest in the equity is remeasured to its fair value with change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purpose of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

## 2.3 Summary of material accounting policies

### a. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

### b. Fair value measurement

The Group measures financial instruments, such as, Investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to discharge a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or discharge the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, The Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, The Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

### c. Foreign currencies

The financial statements are presented in Indian rupees lakhs, which is the functional currency of the Group and the currency of the primary economic environment in which the Group operates.

#### Transactions and balances

Transactions in foreign currencies are initially recorded by the Group at its functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss with the exception of the following:

- Exchange differences arising on monetary items that are designated as part of the hedge of The Group's net investment of a foreign operation. These are recognised in OCI until the net investment is disposed of, at which time, the cumulative amount is reclassified to profit or loss.
- Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

### d. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue towards satisfactory performance obligation is measured at the amount of transaction price (Net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the company as a part of the contract. The Company has concluded that it is the principal in all of its

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

### Revenue from Contract with customer

Revenue from contract with customer is recognized when control of the services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those services. The Group has generally concluded that it is the principle in its revenue arrangements, because it typically controls the services before transferring them to the customer.

### Sale of power

Revenue from Sale of Power is recognised, when power is supplied to the Uttar Pradesh Corporation limited which coincides with generation of power, in accordance with the provisions of PPA. Tax reimbursements from UPPCL is recognised based on the admittance by the UPPCL

### Rendering of services:

#### (i).Rendering of operation and maintenance services:

Revenues represent amounts billed or accrued for services rendered and expenses incurred in relation to such services, in accordance with the Operation and Maintenance agreement with its customer. As per the operations and maintenance agreements, the Holding Company's income comprises of (a) Operating fees and (b) Reimbursement of actual expenses. Operating fees are linked to generation of electricity including deemed generation and is subject to escalations.

#### (ii).Manpower and consultancy services:

Income from Manpower and Consultancy services is recognised as per the terms of the agreement on the basis of services rendered.

Revenue from commercial property development rights granted to concessionaires is recognized on accrual basis, as per the terms of the agreement entered into with the concessionaires.

### Income from Toll Operations

The revenue is recognised as and when traffic passes through toll - plazas.

### Interest income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the group and the amount of income can be measured reliably. Interest income is included in finance income in the statement of profit and loss. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable except the interest income received from customers for delayed payments which is accounted on the basis of reasonable certainty/realisation.

### Dividend Income

Revenue is recognised when the share holders'/unit holders' right to receive the payment is established, which is generally when shareholders approve the dividend.

### Export Incentives

Export incentives (Service Exports from India Scheme) from Government authorities are recognised in income statement when there is no significant uncertainty regarding the ultimate collection and amount can be measured reliably.

### Guarantee commission

Revenue is recognised on a straight line basis taking into account the present value of the guarantee amount and the commission rate applicable.

## e. Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is reduced from the related expense which it is intended to compensate. When the grant relates to an asset, a deferred income is recognised and is released to profit or loss on systematic basis over useful life of the asset and is reduced from the related depreciation and amortisation expenses.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

### f. Taxes

Current income tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the country where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### g. Non-current assets held for sale

The Group classifies non-current assets and disposal groups (group of assets with directly associated liabilities) as held for sale/ distribution to owners if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Non-current assets and disposal groups as held for sale/ distribution are sold /distributed within one year from the date of classification.

Non-current assets held and disposal groups for sale/ distribution to owners are measured at the lower of their carrying amount and the fair value less costs to sell/ distribute. Assets and liabilities classified as held for sale/ distribution are presented separately in the balance sheet.

Property, plant and equipment once classified as held for sale/ distribution to owners are not depreciated or amortised.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

### h. Property, plant and equipment

Property, plant and equipment including land are stated at cost, net of credit availed in respect of any taxes, duties less accumulated depreciation and accumulated impairment losses. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Financing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for intended use are also included to the extent they relate to the period upto such assets are ready for their intended use. Expenditure directly relating to construction/erection activity is capitalized. Indirect expenditure incurred during construction/erection period is capitalized as part of the construction/erection cost to the extent such expenditure is related to construction or is incidental thereto.

Subsequent expenditure incurred on existing property, plant and equipment is added to their book value only if such expenditure increases the future benefits from the existing assets beyond their previously assessed standard of performance. Property, plant and equipment which are significant to the total cost the item of Property, plant and equipment having difference useful life are accounted and depreciated separately."

However, the group, based on technical assessment made by technical expert and management estimate, depreciates below mentioned assets at estimated useful life which are different from the useful life prescribed in the aforesaid order and Schedule II of the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair appropriate time period over which the assets are likely to be used.

Asset Class	Useful Life
Buildings (other than factory buildings) other than RCC Frame Structure	5 to 30 years
Buildings - Temporary Structure	5 years
Runways, taxiways and aprons	3 - 30 years
Roads	5 - 10 years
Vehicles	8 Years
Electrical Installations & Equipment	5 - 10 years
Plant and Equipment	7.5 - 10 years
Furniture and fittings	10 years
Office Equipment	2 to 5 years

Further depreciation on assets covered under definition of "Generating Station" as defined in "Central Electricity Regulatory Commission (Terms and Conditions of Tariff ) Regulations, 2014" is provided under Straight Line Method at the rates and the manner prescribed under the State Regulations if they prescribe rates and the manner of depreciation else on the basis of rates and manner prescribed in Central Regulations.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Spare parts, standby equipments and service equipments are recognised in accordance with Ind AS 16 'Property, Plant and Equipment', when they meet the definition of property, plant and equipment

The enabling cost incurred in connection with the main asset is capitalised along with the main asset. Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

### i. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

Intangible assets are amortised on a straight line basis over the estimated useful economic life.

### j. Investment property

Investment properties is property either to earn rental income or for capital appreciation or for both but not for sale in ordinary course of business, use in production or supply of goods or services or for administrative purpose. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

### k. Concession intangible and financial assets

Some companies in the Group constructs infrastructure (construction services) and operates and maintains that infrastructure (operation services) for a specified period of time.

These arrangements are accounted for based on the nature of the consideration. The intangible asset model is used to the extent that the company bears the demand risk. The financial asset model is used when the company has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor for the construction services. When the unconditional right to receive cash covers only part of the service, the two models are combined to account separately for each component.

If the company performs more than one service (i.e., construction or upgrade services and operation services) under a single contract or arrangement, consideration received or receivable is allocated by reference to the relative fair values of the services delivered, when the amounts are separately identifiable.

- An intangible asset is measured at the fair value of consideration transferred to acquire the asset, which is the fair value of the consideration received or receivable for the construction services delivered.
- The intangible asset is amortised over its expected useful life in a way that reflects the pattern in which the asset's economic benefits are consumed by the entity, starting from the date when the right to operate starts to be used. Based on these principles, the intangible asset is amortised over the duration of the concession.
- In the financial asset model, the amount due from the grantor meets the definition of a receivable which is measured at fair value. It is subsequently measured at amortised cost. The amount initially recognised plus the cumulative interest on that amount is calculated using the effective interest method.

Any asset carried under concession arrangements is derecognised on disposal or when no future economic benefits are expected from its future use or disposal or when the contractual rights to the financial asset expire.

### l. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that are incurred in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### m. Leases

The Group, at the inception of a contract, assesses whether the contract is a lease or not a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

Group as a lessee:

Effective April 1, 2019, the Group has adopted Ind AS 116 on 'Leases' using Modified Retrospective Method

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset. There is no effect of adoption of Ind AS 116 Leases on retained earnings as at 01st April, 2019

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense over the lease term.

The carrying amount of lease liabilities is re-measured on modification due to a change in the lease term or a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments, change in escalation rate) or a change in the assessment of an option to purchase the underlying asset.

Group as a lessor:

Operating lease

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of assets are called as operating leases. Effective April 1, 2019 the Group has adopted Ind AS 116 on 'Leases'. Rental income from operating lease is recognised on a straight line basis over the lease term.

### n. Inventories

Inventories in the form of stores and spare parts held for use in rendering of services are valued at lower of cost or net realisable value. Cost is determined on a weighted average basis.

### o. Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account.

The group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

### p. Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### q. Retirement and other employee benefits

#### Defined Contribution plan

Retirement and other employee benefit in the form of provident fund, Employees State Insurance Contribution and Labour Welfare fund are defined contribution scheme and the Group recognizes contribution payable to the fund/ scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

#### Defined benefit plan

The group provides for retirement benefit in the form of gratuity. The group's liability towards this benefit is determined on the basis of actuarial valuation using Projected Unit Credit Method at the date of balance sheet.

Remeasurement, comprising of actuarial gains and losses, (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment and
- The date that the group recognises related restructuring costs
- Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The group recognises the following changes in the net defined benefit obligation as an expense in statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

#### Compensated absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit and this is shown under short term provision in the Balance Sheet. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. Compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss.

### r. Financial instruments :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### Financial assets

##### Initial recognition and measurement:

All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, in the case of financial assets not recorded at fair value through profit or loss.

##### Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

- Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables, loans and other financial assets.

Debt Instruments at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cashflows and selling the financial assets, and
- b) The asset's contractual cashflows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair Value movements are recognised in the other comprehensive income (OCI). However, the group recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit & loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instruments at FVTPL

FVTPL is a residual category for debt instruments.

Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as at FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The group has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all the changes recognised in the profit & loss.

Equity Investment

All equity investments in scope of Ind AS 109 are measured at fair value

Equity instruments which are held for trading are classified as at FVTPL.

For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income, subsequent changes in the fair value. The group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

In case of equity investment classified as at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognised in the OCI. there is no recycling of the amounts from OCI to profit & loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity Instruments included within the FVTPL category are measured at fair value with all changes recognised in the profit & loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired or
- The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the group

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the group's continuing involvement. In that case, the group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

### Impairment of financial assets

Each Company in the Group assesses impairment based on expected credit losses (ECL) model to the following:

- Financial assets measured at amortised cost;
- Financial assets measured at FVTOCI;

Expected credit losses are measured through a loss allowance at an amount equal to:

- the 12-month expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL. For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

### Financial liabilities

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, or as loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the profit or loss. "

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to profit & loss. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

are recognised in the statement of profit or loss. The group has not designated any financial liability as at fair value through profit and loss.

### - Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss."

### Derecognition :

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. There are no reclassification of financial assets.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### s. Treasury shares:

The group has created GVK Employee Welfare Trust (EWT) for welfare of its employees. The EWT buys shares of the group from the market, for welfare of the employees. The group treats EWT as its extension and shares held by EWT are treated as treasury shares. Own equity instruments that are reacquired (treasury shares) are recognised at cost and are disclosed under other equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in other equity.

### t. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

### u. Contingent Assets and Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Ind AS financial statements.

Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

### v. Trade Receivables

Receivables are initially recognized at fair value, which in most cases approximates the nominal value of consideration receivable. If there is a subsequent indication that those assets may be impaired, they are reviewed for impairment and an allowance is recognized.

### w. Trade Payables

Trade Payables are recognized for amounts to be paid for goods or services acquired in the ordinary course of the business whether billed by the supplier/service is provided or not. Trade payables are classified as current liabilities.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

### x. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the financial year attributable to equity shareholders by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share is calculated by dividing the net profit or loss for the financial year attributable to equity shareholders by the weighted average number of equity shares outstanding including equity shares which would have been issued on the conversion of all dilutive potential equity shares unless they are considered anti-dilutive in nature."

### y. Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

### z. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirements of Schedule III, unless otherwise stated.

- a). Uttarpradesh Electricity Regulatory Commission (UPERC) Passed Final Multi Year Tariff (MYT) for year 2019-24 by order dated 20 April, 2023 on the basis of approved project cost of INR 406,197 Lakhs. Therefore recognised the differential revenue for the tariff years 2019-20 to 2022-23 of INR 31,915 Lakhs based on the said order by raising invoices on Uttarpradesh Power Corporation Limited (UPPCL).
- b). AHPCL had filed petition before Appellate Tribunal for Electricity (APTEL) challenging the UPERC order dated 24 August 2020 regarding the capital cost disallowed by UPERC and extension of Scheduled Commercial Operation Date (SCOD). The application has been admitted by APTEL vide order dated 06 October, 2023 in DFR 450 of 2023.
- c). UPPCL filed an appeal with Appellate Tribunal for Electricity (APTEL) challenging UPERC's determination of Normative Annual Plant Availability Factor (NAPAF) considered for Multi Year Tariff (MYT) for the years 2015-19 order dated 20 April, 2023 and also filed an interim appeal for stay of the said MYT tariff order. AHPCL has submitted its responses to APTEL against the said appeal. UPPCL contended that NAPAF shall be computed based on the daily 3 hours peaking capacity of the Project against the UPERC's computation of NAPAF based on UPERC regulations i.e; design energy. Based on managements legal assessment no provision is considered in this regard. APTEL has dismissed the Interim Application filed by UPPCL for stay of the said MYT tariff order.
- d). The company has submitted its claim towards Minimum Alternate Tax (MAT) reimbursement of INR 436 Lakhs for the Financial Year 2021-22 and INR 4,402 Lakhs for Financial Year 2022-23. The revenue in this regard will be recognised in the period in which the same are approved by UPPCL.

### Notes :

- (i) The actuarial valuation of plan assets and the present value of the defined benefit obligation were carried out at March 31, 2024. The present value of the defined benefit obligation and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.
- (ii) Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for the estimated term of the obligations.
- (iii) The salary escalation rate is arrived after taking into consideration the seniority, the promotion and other relevant factors, such as, demand and supply in employment market.

## 37. Significant accounting judgements, estimates and assumptions

The preparation of the Group's consolidated financial statements requires Management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the financial statements were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised and in any future period affected.

In the process of applying the Group's accounting policies, management has made the following judgements, estimates and assumptions which have significant effect on the amounts recognised in the financial statements:

### i) Provisions and Contingency

The contingencies and commitments are discussed in more details in refer note 39 and 40. It is not practical to state the timing of the judgement and final outcome. The management has assessed the probable unfavourable outcomes and creates provisions where necessary and where these are assessed as not probable, these are disclosed as contingent liability.

### ii) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the probable time and amount of future taxable profits together with future tax planning strategies.

Indian companies are subject to income tax in India on the basis of their standalone financial statements. Indian companies can claim tax exemptions/deductions under specific sections of the Income-tax Act, 1961 subject to fulfilment of prescribed conditions as may be applicable. As per the Income-tax Act 1961, companies are liable to pay income tax based on the higher of regular income tax payable or the amount payable based on the provisions applicable for Minimum Alternate Tax (MAT). MAT paid in excess of regular income tax during a year can be carried forward for a period of fifteen years and can be offset against future tax liabilities arising from regular income tax. Section 115BAA has been inserted in the Income Tax Act, 1961 vide Taxation Laws (Amendment) Ordinance, 2019 subsequently enacted on December 11, 2019 as The Taxation Laws (Amendment) Act, 2019 which provides a domestic company with an irrevocable option to pay tax at a lower rate of 22% (effective rate of 25.168%) for any previous year relevant to the assessment year beginning on or after April 1, 2020. The lower rate shall be applicable subject to certain conditions, including that the total income should be computed without claiming specific deductions or exemptions. MAT would be inapplicable to companies opting to apply the lower tax rate. Indian Companies can carry forward business losses for a maximum period of eight assessment years immediately succeeding the assessment year to which the loss pertains. Unabsorbed depreciation can be carried forward for an indefinite period. The Group has opted for the lower tax rate depending on the benefit available to the subsidiaries/ associates and joint ventures on a standalone basis. And in certain cases considering the substantial accumulated MAT credit and carried forward loss as stated above, the management has decided that it is beneficial not to opt for the option of availing revised income tax rate as per provisions of Section 115BAA under Income Tax Act, 1961.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

### iii) Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the yield rates of as per fixed income money market and derivatives association of India consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in note 36.

### iv) Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow (DCF) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Refer note 46, 47 and 49 regarding assessment on carrying values of certain assets.

### v) Impairment of financial assets

The impairment provision for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

### vi) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities disclosed in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using appropriate valuation techniques. The inputs for these valuations are taken from observable sources where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of various inputs including liquidity risk, credit risk, volatility etc. Changes in assumptions/judgements about these factors could affect the reported fair value of financial instruments. The Group has considered Weighted Average Cost of Capital (WACC) rate of respective periods in which transaction had occurred for measuring deposit, being financial liabilities, at amortised cost.

### vii) Allowance for uncollectible trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the ageing of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

### viii) Determination of control and accounting thereof

As detailed in the accounting policy, principles under Ind AS are different from the previous GAAP, especially with respect to assessment of control of subsidiaries. Further, investments in GVK Coal Developers (Singapore) Pte. Ltd has been accounted as associate since the company participates in all significant financial and operating decisions. The Company has therefore determined that it has significant influence over this entity, even though it only holds 10% of the voting rights.

ix) Also refer note 52 on significant judgement on going concern ability of the Group.

## 38. Segment Reporting

For management purposes, the Group is organised into business units based on its services and has three reportable segments, as follows:

- Power segment, which is engaged in the construction and operation of power plants.
- Roads segment, which is engaged in the construction and operation of highway projects.
- Other segments, which is engaged in exploration of oil and gas, SEZ and other investments.

The Board of directors of the group monitors the operating results of segments for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the consolidated financial statements.

#### iii. GVK DKEPL

On June 25, 2019, GVK DKEPL has issued a termination notice under Article 37.2.2 of the Concession Agreement for termination on account of material breach and defaults on the part of National Highway Authority of India (NHAI) during the course of construction like providing Right of Way (ROW), shifting of utilities, obtaining approvals & clearances, alternate route & prevention of complete user fee collection etc., which has resulted in significant delays in construction of expressway. Further, GVK DKEPL has claimed a termination payment of Rs. 169,650 lakhs (apart from various other claims towards future loss, Loss of Toll Revenue, Loss suffered on account of additional overheads etc.) from NHAI as per the terms of the Concession Agreement. In response to the above notice, GVK DKEPL has received letter from NHAI dated July 03, 2019 denying the claim of GVK DKEPL stating that the termination notice issued under clause 37.2.2 is invalid as defaults alleged by GVK DKEPL are false and NHAI has not committed any material default in complying with the provisions of the Concession Agreement.

On September 12, 2019, NHAI has issued a termination notice as per clause 37.2.1 of the Concession Agreement for non-fulfillment of the obligation as stated in the Concession Agreement by GVK DKEPL. NHAI by virtue of this notice, is deemed to have taken possession and control of the project highway along with all the equipment on or at site. After this termination notice toll plaza is deemed to have been transferred to NHAI and from September 16, 2019 onwards NHAI started collecting the toll on the project highway.

The matter is under Arbitration and the company has filed claim documents with Tribunal and NHAI has filed statement of defense and next cross examining the witness of NHAI is schedule on July 29, 2024. Refer note 49(b).

(All amounts in INR lakhs, except share data and where otherwise stated)

- i). Demand notices for Rs 20,703 Lakhs (March 31, 2023: Rs. 11,563 lakhs) served by the Uttarakhand Jal Vidyut Nigam Limited (UJVNL) of Government of Uttarakhand, demanding tax/ cess towards the "water used for generating electricity" for various periods (years).

The Government of Uttar Pradesh, Government of Uttarakhand and AHPCL have entered into a Restated Implementation Agreement (RIA). As per the terms of RIA, AHPCL is obligated to supply 12% free power to the State of Uttarakhand in lieu of Royalty for using the river water to generate electricity. As such, the tax/ cess introduced under the Act tantamount to double taxation, which is also not permissible under law.

AHPCL has challenged the imposition of water cess before the High court of Uttarakhand. High court of Uttarakhand by admitting the writ petition has stayed the operation of the said demand notices. The next hearing is from 4th to 7th June, 2024.

High Court of Uttarakhand while continuing the stay till July, 2022, has directed the company to pay water tax effective from August, 22. Accordingly, the company has paid Rs.1,371 lakhs towards water tax as per the demands received from UWRMRC (Uttarakhand Water Resources Management & Regulatory Commission) for the period August, 2022 to October, 2022 and there are further demands received from UWRMRC amounting to Rs. 7,769 lakhs for the period November, 2022 to March, 2024 that are yet to be paid as on 31.03.2024.

As per the provisions of the PPA even if AHPCL has to incur any statutory liabilities in terms of paying taxes etc, which are introduced subsequent to entering into the PPA, the said expenses shall be a pass through in the tariff. As such, even if the High court does not consider any of the above referred arguments of AHPCL and decides that AHPCL is liable to pay water tax/ cess, such amount payable by AHPCL, there cannot be any additional financial liability to AHPCL.

AHPCL has also filed an application before UPERC for amendment to PPA for reimbursement of water cess under the provisions of change in law vide petition no 2017 of 2023 of UPERC.

Further, in response to the petition no. 2017 of 2023 filed by AHPCL for reimbursement of water cess under the provisions of change in law under PPA, UPERC vide its order dt. 01 April, 2024 has directed UPPCL to make interim payment to the company, against proof of payment of water tax paid by the company from August, 2022 onwards and continue to make interim payment against water tax invoices raised by Government of Uttarakhand and paid by AHPCL to avoid shutting down of the plant and deprive state consumers from such green power.

This will avoid late payment surcharge to UPPCL on such payments made by AHPCL in case the Hon'ble High Court of Uttarakhand decides levy of water tax to be legally valid. In case Hon'ble High Court of Uttarakhand decides otherwise, the company shall be required to immediately claim refund from Uttarakhand Government along with carrying cost and the same shall be released immediately to UPPCL along with such carrying cost.

- ii). Person named Pawan Kumar filed a case against the company demanding death Compensation of Rs.10 lakhs (March 31, 2023: Rs. 10 lakhs) U/s 33 of ID Act on 22.11.2016. The Company has challenged the case before Labour Court, Dehradun on 01 August, 2017. The matter is yet to be listed.
- iii). Compensation to flood affected people on account of the order to National Green Tribunal (NGT) Rs 926.43 lakhs (March 31, 2023: Rs.926.43 lakhs). As per the directions of Supreme Court on 19.01.2023, the company has deposited an amount of Rs.300.00 lacs on 14.03.2023 for staying the grant of High Court orders.
- b). Case filed by AHPCL against demand notice received from Govt of Uttarakhand (GoUK) on 04.07.2011 to pay mining royalty of rupees 7,646 Lakhs towards excavated material /muck during the project construction period and executive activities. The claim has been further revised to Rs 13,100 Lakhs by GoUK. The case was upheld by Hon'ble High court of Uttarakhand quashing the royalty demand notice on 06.08.2015. The supreme court has reversed the said order and the GOVT of Uttarakhand has filed a review petition to open the petition filed against Hon'ble supreme court order. The matter is pending before Hon'ble Supreme Court against the petition filed by AHPCL aggrieved by the reopening of the case in Hon'ble High Court, Uttarakhand.
- c). BHEL filed a case with NCLT against company demanding their outstanding of Rs.5,537 lakhs plus interest for the delayed payments of Rs.2,994 lakhs totaling to Rs. 8,531 lakhs. The company has paid entire outstanding dues and requested BHEL to waive the interest demand and withdraw the case. The case was last heard on 18 April, 2024 and reserved the matter for judgement.

## 41. Fair Values

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- Long term fixed rate and variable rate receivables/ advances given are evaluated by the Group based on parameters such as interest rates, specific country risk factors, individual credit worthiness of the customer and the risk characteristics of the financed project, based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

The fair values of the Group's interest-bearing borrowings and loans are determined by using DCF method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2023 was assessed to be insignificant.

The management has assessed that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

### Financial instruments by category

Set out below, is a comparison by class of the carrying amounts and fair value of the Group's financial instruments.

### Fair value hierarchy

Level 1: Level 1 hierarchy includes financial instruments measuring using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing net asset value and Cash & Bank balances.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The carrying amounts of trade receivables, loans and trade payables are considered to be the same as their fair values, due to their short term nature.

The fair values of non-current borrowings are based on discounted cash flows using current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

### 44. Financial risk management objectives and policies

The Group is exposed to financial risk such as market risk, credit risk and liquidity risk. The general risk management program of the group focuses on the unpredictability of the financial markets and attempts to minimize their potential negative influence on the financial performance of the Group. The group continuously reviews its risk exposures and takes measures to limit it to acceptable levels. Board of Directors have the overall responsibility for the establishment and oversight of the Group's risk management framework.

#### Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of two types of risk: currency risk and interest rate risk. Financial instruments affected by market risk include borrowings and deposits.

The sensitivity analyses in the following sections relate to the position as at March 31, 2024 and March 31, 2023.

The analysis excludes the impact of movements in market variables on the carrying values of gratuity and other post- retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2024 and March 31, 2023.

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The interest rate risk arise from long term borrowings of the Group with variable interest rates (Bank base rate plus spread). Although the spread is fixed, it is subject to change at fixed time interval or occurrence of specified event. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

#### Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows

Particulars	Increase/(decrease) in profit before tax	
	March 31, 2024	March 31, 2023
<b>Change in interest rate</b>		
-increase by 50 basis points	(2,078)	(2,288)
-decrease by 50 basis points	2,078	2,288

The assumed increase/decrease in interest rate for sensitivity analysis is based on the currently observable market environment.

#### Foreign Currency exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's investment in foreign entity, financial asset/liability in relation to foreign entity in respect of financial guarantee and trade/other payables. The risks primarily relate to fluctuations in US Dollar against the functional currencies of the Group. The Group's exposure to foreign currency changes for all other currencies is not material. The Group evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. The Group has not entered into derivative instruments during the year.

The following tables demonstrate the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Particulars	Increase/(decrease) in profit before tax	
	March 31, 2024	March 31, 2023
<b>Change in USD</b>		
- 5% increase	48	58
- 5% decrease	(48)	(58)

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in US dollars, where the functional currency of the entity is a currency other than US dollars.

### Price Risk

Price risk is the risk of fluctuations in the value of assets and liabilities as a result of change in market prices of Investments. The below table demonstrates the sensitivity to a reasonably possible change in price on the carrying value of investments.

Particulars	Increase/(decrease) in profit before tax	
	March 31, 2024	March 31, 2023
<b>Change in price</b>		
- 5% increase	6,593	7,150
- 5% decrease	(6,593)	(7,150)

### Credit Risk

Credit risk is the risk arising from credit exposure to customers, cash and cash equivalents held with banks and current and non-current held-to maturity financial assets.

The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

Regarding credit exposure from customers, the Group has a procedure in place aiming to minimise collection losses. Credit Control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. Cash and other collaterals are obtained from customers when considered necessary under the circumstances. The securities held by the Group are in the form of cash deposits and bank letter of guarantee.

"The carrying amount of trade receivables, advances to suppliers, cash and short term deposits, guarantee commission receivable, and interest receivable on deposits represents Group's maximum exposure to the credit risk. No other financial asset carry a significant exposure with respect to the credit risk. Bank deposits and cash balances are placed with reputable banks. The credit quality of financial assets is quite satisfactory, taking into account the allowance for credit losses.

### Exposure to credit risk:

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. An impairment analysis is performed at each reporting date on an individual basis for major clients. The Group does not hold collateral as security. The Group's exposure to customers is diversified and there is no concentration of credit risk with respect to any particular customer as at March 31, 2024 and March 31, 2023.

### Trade receivables, loans, advances, and guarantee commission receivable:

An impairment analysis is performed at each reporting date on an individual basis for major receivables. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group also holds deposits as security from customers to mitigate credit risk.

### Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments in surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Group's management on an annual basis, and are updated throughout the year subject to approval of the Group's finance committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

### Liquidity Risk

Liquidity risk is the risk that the Group will have difficulty in raising the financial resources required to fulfil its commitments. Liquidity risk is held at low levels through effective cash flow management and availability of adequate cash. Cash flow forecasting is performed internally by rolling forecasts of the Group's liquidity requirements to ensure that it has sufficient cash to meet operational needs, to fund scheduled investments and debt and to comply with loan covenants.

The Group primarily uses short-term bank facilities in the nature of bank overdraft facility, cash credit facility and short term borrowings to fund its ongoing working capital requirements and growth needs.

### 45. Capital Management

For the purpose of the Group's capital management, capital includes issued equity capital, all other equity reserves attributable to the equity holders and non controlling interest. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure in consideration to the changes in economic conditions and the requirements of the financial covenants. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group includes within net debt, borrowings including interest accrued on borrowings, trade and other payables, less cash and cash equivalent.

Particulars	March 31, 2024	March 31, 2023
Borrowings including interest accrued on borrowings	547,859	558,908
Trade payables	1,184	2,363
Other liabilities	162,112	146,706
Less: Cash and cash equivalents (Note 14)	(50,458)	(50,808)
Less: Bank balances other than cash and cash equivalents	(29,676)	(155)
<b>Net debt</b>	<b>631,021</b>	<b>657,014</b>
Equity	15,792	15,792
Other Equity	(134,041)	(130,924)
Non controlling interest	174,526	160,433
<b>Total Equity</b>	<b>56,277</b>	<b>45,301</b>
<b>Gearing ratio (Net Debt/ Total Equity)</b>	<b>11</b>	<b>15</b>

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. No changes were made in the objectives, policies or processes for managing capital during the current and previous year. Breaches in meeting the financial covenants would permit certain banks to immediately call loans and borrowings.

**46.** The Group has an investment in GVK Coal Developers (Singapore) Pte. Limited (GVK Coal) which is assessed as an associate to the parent Company. The parent Company exercises significant influence on GVK Coal as per Ind AS 28.

The Group has provided for impairment of Rs 79,048 Lakhs for full value of its investment and receivable in earlier years in the absence of any certainty of realization either by use or from the settlement that may be reached.

The GVKPIL Group has also given guarantees and commitments for loans amounting to USD 1132.45 Million ( Rs. 944,168 lakhs as at March 31, 2024) (GVKPIL itself guaranteed towards the repayment of limits which shall be lower of either 53.9% (including in respect of the Hedging Agreements if any) of all principal amounts outstanding under the finance documents or USD 692.61 Million) taken by GVK Coal part of which is collateralized by pledge of 155,587,500 (March 31, 2023: 155,587,500), 130,287,382 (March 31, 2023: 130,287,382) and 48,000,000 (March 31, 2023: 48,000,000) shares of GVK Energy Limited,

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

GVK Transportation Private Limited and GVK Airport Developers Limited respectively for securing loan obtained by GVK Coal Developers (Singapore) Pte. Limited and has also undertaken to provide financial assistance of USD 3.11 million (Rs. 2,593 lakhs) as at March 31, 2024, with respect to which there are multiple significant uncertainties including outlook on the sector, non-achieving of financial closure and clearances for the project, concluding an appropriate solution with various stakeholders including lenders, and necessary environmental and regulatory clearances etc.. The entity's current liabilities exceeded current assets by USD 2,624 million (Rs. 2,187,713 lakhs) as of March 31, 2024 (March 31, 2023: USD 2,845 million (Rs. 2,339,320 lakhs)) and accumulated losses as of March, 2024 is USD 1,386 million (Rs. 11,55,562 Lakh) based on audited special purpose consolidated financial statements of GVK Coal.

The GVK Coal lenders had also filed a claim in the High Court of Justice Business and Property Courts of England and Wales Commercial Courts (England Court) on November 09, 2020, and have sought to recover the amounts advanced to GVK Coal. During the current financial year 2023-24, the England court vide its order dated October 19, 2023, has crystallized the amount payable by the defendants (GVKPIL and other guarantors/ stakeholders in GVK Coal) at USD 2.19 billion including the amount towards interest.

As per legal opinion obtained by the parent company, the order dated 19th October 2023 passed by the England court is not speaking order. It has also been opined that the Order dated 19th October 2023 cannot be enforced in India and is contrary to the substantive law of India and is also in violation of the principles of natural justice.

Management has made several attempts were made by the company to have a solution with the lenders including an agreement dated March 23, 2017, wherein a non-binding framework solution was agreed upon for a settlement. Subsequently also there were several efforts to engage with the lenders to arrive at a settlement. The GVK Coal having failed to repay debt obligation, ICICI bank has invoked CG of GVKPIL on Nov 02, 2020 and demanding to pay the GVK Coal dues.

Further, one of the lenders has filed an application under Section 7 of the Insolvency and Bankruptcy Code 2016 to initiate Corporate Insolvency Resolution Process against the parent company (being guarantor for loan taken by GVK Coal) before National Company Law Tribunal, Hyderabad on July 14, 2022 and the company has filed its reply. As per the NCLT website, initially final hearing was mentioned as 24.04.2024 but the authority has partly heard the details and next hearing is scheduled on 31.05.2024. As per the GVKPIL management, petition filed by the ICICI Bank against GVKPIL is barred by Section 10A of the Code as the invocation of the Guarantee was admittedly done vide invocation of guarantee dated 02.11.2020 and as such the invocation of the guarantee on GVKPIL falls squarely within the period prescribed by Section 10A of the code. As per 10A, no application for initiation of corporate insolvency resolution process can be filed in respect of a default that has occurred on or after 25th March, 2020 till 25th March, 2021. However, as per ICICI Bank petition, the account (GVK Coal Developers) has become NPA with all the lenders around FY 2016-17. The ultimate outcome of the same and the resultant impact of the same on the financial statements is not ascertainable and cannot be commented upon.

The parent company is hopeful of achieving one time settlement with the lenders in view of its arrangement with Adani Airport Holdings Limited (AAHL) which is adequately incentivized to find solution with the lenders to get unencumbered ownership over the shares of GVK Airport Developers pledged with the lenders. The extent of the liability that may arise in respect of guarantees and commitments and the manner of such settlement is presently not ascertainable and accordingly no provision has been made in this regard in relation to any liability.

**47.** The parent company has wholly own subsidiary company viz. GVK Energy Limited ('GVKEL'), certain subsidiaries and jointly controlled entity (group companies) of GVKEL are facing uncertainties as detailed below:

- a). The Hon'ble Supreme Court of India had deallocated dedicated coal mine allotted to GVK Power (Goindwal Sahib) Limited (GVKPGSL). GVK Coal (Tokisud) Private Limited (GVKCTPL), a subsidiary company of GVKEL and mine operator was offered compensation by the Nominated Authority of Rs. 11,129 Lakhs as against carrying value of assets of Rs. 31,113 Lakhs as at March 31, 2017. GVKCTPL had appealed against the said order in the Hon'ble High Court of Delhi. The aforesaid court vide its order dated March 09, 2017, directed GVKCTPL to submit its claim to the adjudicating authority constituted under the Coal Mines (Special Provisions) Act, 2015. Subsequently GVKCTPL submitted its claim for the balance amount of Rs. 19,882 Lakhs to the aforesaid authority. The nominated authority under the Ministry of Coal vide its order dated 16th March 2022 has further approved and released compensation of Rs.13,867 lakhs. Out of this an amount of Rs.8,883 lakhs have been deposited by nominated authority in interest bearing account with Registrar General of the Court as per the directions of the high court of Delhi dated 11th April 2022 and an amount of Rs.4,984 lakhs have been paid to lenders by nominated authority towards the balance dues payable as per the claims made by the lenders as on the date of vesting orders less the amount already paid to the lenders. Including the above amount of Rs 4,984 lakhs, a total of Rs 23,761 lakhs, being the due on vesting date has been paid to lenders. The nominated authority has advised in the above order to approach Coal Tribunal in respect of disputes

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

including the compensation disallowed regarding R&R costs. The GVKCTPL has accordingly filed the appeal under sec. 27 of the Coal Mines (Special Provisions) Act, 2015 with Coal Tribunal for Rs 34,830 lakhs on August 01, 2022 and the next hearing of the case is scheduled on June 20, 2024.

Based on the internal assessment, management believes that GVKCTPL will be appropriately reimbursed for cancelled coal mine. Additionally, the fund lying-in interest-bearing account with Registrar General of the Court will be sufficient to discharge all liabilities and accordingly no provision is required towards corporate guarantee given by GVKEL for loan taken by GVKCTPL and carrying value (Balance of claims) of Rs 6,015 Lakhs.

- b). GVK Power (Goindwal Sahib) Limited ("GVKPGSL") a subsidiary company of GVKEL, has been admitted into Corporate Insolvency Resolution Process on October 10, 2022 based on petition filed by Axis Bank Ltd, one of the lenders in the consortium of GVKPGSL with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the company.

Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKPGSL.

Since the Group has lost the control over the GVKPGSL, the assets and liabilities of GVKPGSL were deconsolidated as at October 10, 2022 as per Ind AS 110 and a gain of Rs.343,685 Lakh is recorded in consolidated financials for the year ended March 31, 2023 as per below entry:

Particulars	Rs Lakhs
Value of assets	- 345,970
Value of liabilities	698,027
Equity share capital	126,520
Amount already recognized in consolidated FS in previous period	-134,892
Net amount recognized as exceptional gain	-343,685

During the current financial year 2023-24, the Resolution plan submitted by resolution applicant has been approved by the Hon'ble NCLT Hyderabad vide its order dated December 22, 2023. As per the said order, the secured lenders have received Rs.1,078 crores against their claims of Rs.6,585 Crores. i.e. with a deficit of Rs.5,507 Crores. The GVKEL has provided Corporate Guarantee to the lenders of GVKPGSL with respect to the amount lent by them. The lenders through security trustee (IDBI Trusteeship services limited) have invoked the corporate Guarantee. Further, during the financial year 2023-24, one of the lenders (IDBI) has filed the case against the GVKEL demanding the amount of Rs.1,494 Crores in the Hon'ble NCLT, Hyderabad and next date of hearing is fixed on July 10, 2024.

As per management, liability of Corporate Guarantor is co - extensive with the liability of the Principal Borrower. Further, as per GVKPIL management, Section 31(1) of the Code states that when a resolution plan is approved by the adjudicating authority the same is binding on all the creditors and the guarantors and all other stake holders and hence no claim is maintainable against them. Considering, the liability of the Principal Borrower stands discharged pursuant to the CIRP of the Principal Borrower, as per GVKPIL management, the liability of the Corporate Guarantor also extinguishes.

Based on internal assessment of the management there is an uncertainty on the outcome of the liability that may arise in respect of guarantee given by GVKEL. therefore no provision has been made against the likely impact of the claim against such guarantee.

Further, in view of deconsolidation of GVKPGSL on October 10, 2022, the current year financials are not comparable with corresponding previous year.

- c). GVK Gautami Power Limited (GVKGPL), a jointly controlled entity of GVKEL, has been admitted into Corporate Insolvency Resolution Process (CIRP) during the current financial year 2023-24, i.e on October 20, 2023 based on petition filed by Edelweiss Asset Reconstruction Company Ltd, one of the lenders in the consortium of GVKGPL with the Hon'ble NCLT, Hyderabad and Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKGPL. GVKEL has already provided for an impairment in the full value of investment in GVKGPL of Rs 51,897 Lakh.

The GVKEL has also provided Corporate Guarantee to the lenders of GVKGPL with respect to the amount lent by them. This Corporate Guarantee has not be invoked by the Lenders so far (account became NPA on 1st October 2016) and no demands have been raised on GVKEL. This Corporate Guarantee may be invoked the lenders of GVKGPL considering the default therein. In such an eventuality, GVKEL may need to reimburse the same, especially considering that the net assets of GVKGPL is negative. The extent of the liability that may arise in respect of guarantee given is presently not determinable at present and no provision has been made in this regard in relation to such liability.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

- d). Uttar Pradesh Electricity Commission (UPERC) vide its order dated April 20, 2023 has approved final tariff for Multi Year Tariff (MYT) for tariff period 2019-24 based on approved project cost of Rs 406,186 Lakhs. After evaluating the UPERC order and the based on opinion sought, Alaknanda Hydro Power Company Limited (AHPCL) has raised bills towards arrears against Uttar Pradesh Power Corporation Limited (UPPCL) for the tariff year 2019-20 to 2022-23 in previous quarter to the extent of Rs.31,916 Lakhs, UPPCL has paid entire dues in the month of July'23. UPPCL has filed an appeal in APTEL, challenging the determination of NAPAF by UPERC for the MYT 2015-19 and 2019-24. AHPCL submitted its response to UPERC under the said appeal. AHPCL also filed an application before APTEL challenging UPERC order regarding the expenditure disallowed by them while approving the project cost.
- e). AHPCL has challenged the vires of the Uttarakhand Tax on Water Used for Generation of Electricity Act, 2012 ("Water Tax Act") before the Uttarakhand High Court. On July 12, 2022, the Uttarakhand High Court directed the company and all other Hydro Electric Projects (HEPs) to pay the Water Tax commencing from August 01, 2022. AHPCL has sought the Uttarakhand High Court to modify its order dated July 12, 2022, which was denied. Pursuantly, company has paid an amount of Rs.1,371 Lakhs to Uttarakhand Water Resources Management Regulatory Commission (UWRMRC), a nodal agency being appointed under the Water Tax Act, towards demand received against water tax for the period August, 2022 to October, 2022 and also made provision for Rs.7,769 Lakhs for the period November, 2022 to March, 2024. Impact on balance sheet the quarter ended March 2024 is Rs.1,371 Lakhs and for the year (April, 2023 – March, 2024) is Rs.5,484 Lakhs.

Further, UPPCL has also filed an application before the Uttarakhand High Court which also impugns the vires of the Water Tax Act. The same is pending for adjudication along with the AHPCL appeal and other batch of appeals.

AHPCL claim for reimbursement of the payments made to UWRMRC towards water tax of Rs.1,371 Lakhs has been denied by UPPCL vide their letter dated June 16, 2023, on the ground that AHPCL has not followed the change in law provision stipulations under the PPA. Subsequently, AHPCL has filed an application before the UPERC for declaring the imposition of Water Tax as a Change in Law UPERC vide its order dt. 01 April 2024 has directed UPPCL to make interim payment against proof of payment of water tax paid by AHPCL from August, 2022 onwards and continue to make interim payment. In case Hon'ble High Court of Uttarakhand decides levy of water tax is null & void, AHPCL shall be required to be claim refund from Uttarakhand Government along with carrying cost and the same shall be released immediately to UPPCL along with such carrying cost.

- 48.** During the earlier years, GVK Energy Ltd. (GVKEL) and Alaknanda Hydro Power Company Limited (AHPCL) have issued debentures vide respective Trust Deed and taken loans from ECL Finance Limited, Edelweiss Asset Reconstruction Company Limited, India Credit Fund II & Ecap Equities Limited (collectively referred to as "Edelweiss"). These Debentures and Loans are also secured by pledge of shares of GVK Power (Goindwal Sahib) Limited, GVK Coal Tokisud Company Private Limited and AHPCL held by GVKEL and shares of GVKEL held by GVKPIL as investment in respective companies. The loans were further secured by Corporate Guarantee given jointly by GVKEL and GVKPIL.

Since the repayment of loan and interest was defaulted, GVKEL and AHPCL have entered into settlement agreement with Edelweiss on October 31, 2020 which resulted in settlement of principal and interest outstanding of Rs.68,730 Lakhs (GVKEL Rs.12,139 Lakhs and AHPCL Rs.56,591 Lakhs) at Rs.52,500 Lakhs (GVKEL Rs.3,800 Lakhs and AHPCL Rs.48,700 Lakhs) along with interest rate of 12.50% pa compound monthly w.e.f. September 16, 2020 till July 31, 2021, which was further extended up to March 31, 2022. AHPCL and GVKEL has made total payments of Rs.33,059 Lakhs resulting in balance payable of Rs. 27,115 Lakhs including interest till May 16, 2022 (GVK EL Rs.3,506 Lakhs and AHPCL Rs.23,609 Lakhs). AHPCL and GVKEL has requested for further time till August 31, 2022 from Edelweiss for making balance payment and were in discussions with them.

However, Edelweiss has withdrawn the settlement agreement vide its mail dated April 11, 2022. Edelweiss has also written letter dated July 08, 2022 invoking the Corporate Guarantee issued by GVKEL and GVKPIL.

Further, since GVKEL and AHPCL could not make the payment as per settlement terms, ECL Finance Limited (Edelweiss) has invoked the pledge of equity shares and transferred 46,60,11,000 Equity shares, each having face value of Rs 10, of AHPCL held by GVK Energy Limited on May 16, 2022. ECL Finance Limited will continue to hold these shares as security on behalf of Edelweiss for the loans taken/NCD issued by AHPCL & GVKEL. ECL Finance Limited reserved the right to sell the same as per the terms of the pledge agreement read with security sharing agreements.

GVKEL filed a suit before Delhi High Court on May 30, 2022, wherein GVKEL pleaded that because of the invocation and transfer of a valuable asset our liability towards the loan has been discharged and since the value of share is far in excess of the outstanding loan liability, the excess share to be returned. The Hon'ble High Court Delhi has given interim order dated May 31, 2022 wherein it is stated that while selling the shares of AHPCL by Lenders, the best offer received by them would be communicated to the GVKEL and GVKPIL as well as to the Court, and an opportunity would be given to them to match the

## Notes to the consolidated financial statements

said offer within five days. In the meanwhile, if GVKEL and GVKPIL get an offer for the aforesaid shares, they shall also inform the defendants as well as the Court. In the event GVKEL and GVKPIL are unable to match the offer of the lenders, the lenders would be free to sell the said shares at the best offer received by them. Till the time, the shares which are invoked are sold in the aforesaid manner, the lenders shall not sell any other shares that have been pledged by the GVKEL and GVKPIL with the lenders. However, the lenders shall be free to invoke the pledged shares. Next hearing of the case is scheduled on July 09, 2024.

GVKEL has transferred the liability of AHPCL in its books of account relating to Edelweiss and based on legal opinion, GVKEL has shown the discharge of the loan liability of Edelweiss against the invoked shares till a settlement is arrived at with Edelweiss. GVKEL has not accounted for the impact of the annulment of settlement since they are confident of achieving settlement with Edelweiss. However, on conservative basis, a loss on invocation and transfer of shares, amounting to Rs.19,486 Lakhs during year ended March 31, 2023 (being difference in face value of pledged shares invoked by Edelweiss and the liability of Edelweiss appearing in books of GVKEL and AHPCL as per settlement terms) has been accounted in the books of accounts and reported as an exceptional item in the standalone financials of GVKEL and consolidated financials of GVKPIL.

Due to above mentioned default in the repayment of amount due on Loan / NCDs, Edelweiss (through its debentures trustee namely Catalyst Trusteeship Limited) has also filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against GVKPIL (being the Guarantor of the Loan / NCDs) and GVKEL on October 21, 2022 and the next hearing of the case is scheduled on July 12, 2024.

Meanwhile, AHPCL, GVKEL and GVKPIL has entered into a settlement agreement with the lenders on October 09, 2023, which requires to pay Rs 33,000 Lakhs up to October 31, 2023 and simple interest @12.50% pa is payable w.e.f. 1st November 2023. The entire amount along with interest is to be paid on or before 30th November 2023 and due date further extended till Jun 30, 2024 with phased payments. On 27th February'24 the lead lender of Alaknanda Hydro Power Company Limited has approved the release of Rs 20,000 Lakhs out of Rs 33,000 lakhs and Rs.13,000 Lakhs to be brought in by GVKPIL group and till date GVKPIL group has paid an amount of Rs 9,150 lakhs as agreed.

As per the terms of the settlement, lenders will release the securities including the transfer of 46,60,11,000 Equity shares, each having face value of Rs.10, of AHPCL to GVKEL on payment of amount due as per the settlement agreement.

**49.**The parent company has wholly own subsidiary company viz. GVK Transportation Pvt. Ltd. (GVKTPL). Two of the subsidiaries of GVKTPL are facing uncertainties, detailed as below:

a). GVK Bagodara Vasad Expressway Private Limited (GVK BVEPL), a wholly owned step down subsidiary of the parent company has carried out project work towards the Concessionaire Agreement entered with Gujarat State Road Development Corporation Limited (GSRDC). During construction, there has been significant delays in fulfilling the obligations from GSRDC like providing Land required for construction, right of way, shifting of utilities etc., which has resulted in significant delays in construction. On March 27, 2018, GSRDC has issued a termination and arbitration notice as per which GSRDC has terminated the concession agreement and also has claimed an amount of Rs. 108,419 Lakhs. In response to the same, GVK BVEPL has written to GSRDC denying the claims from GSRDC and terminated the agreement. GVK BVEPL has also stated that the delay is due to the default from GSRDC. Also, GVK BVEPL has notified GSRDC that dispute settlement process will be as per the Concession Agreement.

GVK BVEPL has approached The International Centre for Alternative Dispute Resolution (ICADR) for appointment of Arbitration Tribunal (AT). Arbitration Tribunal is constituted, and the dispute is being addressed. GSRDC has filed a claim of Rs 108,419 lakhs and GVK BVEPL has filed its statement of Defense and a counter claim of Rs.91,325 lakhs as termination payment due to GSRDC default (apart from various other claims towards Loss of Profit, Interest Payment on Debts etc.) disputing the very process of termination and are also taking other necessary legal remedies in this regard. Initially GVK BVEPL intended to bring into substitution process, however despite best efforts of GVK BVEPL, substitution process could not be completed. Meanwhile GSRDC awarded project to two different contractors. Hence GVK BVEPL is no more going concern, and the financials are prepared accordingly since financial year ended March 31, 2020.

GVK BVEPL is closely working with the lenders by explaining to them the intricacies of the project and outlining support required to give effect to the process of arbitration. Tribunal having heard arguments of both sides has given a split verdict, Justice Thakkar and Justice Panchal have rendered a combined award of Rs 41,296 Lakhs in favor of GSRDC and Justice Deepak Varma had passed a dissenting award of Rs.27,438 Lakhs in favor of the Company. Till date GVK BVEPL not yet received the signed copy of the order. Considering this split award and based on the facts, the company has filed an appeal before Commercial Court, Ahmedabad on November 20, 2023 and the matter is coming up for hearing on 20.06.2024.

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

All the loan accounts are non-performing assets, and the company has received recall notices from the banks and financial institutions and hence borrowing from the banks and financial intuitions are treated as current borrowings.

Based on its internal assessment, GVK BVEPL is confident that it will be able to recover the amounts spent on the project till date and is also confident that claims made by GSRDC will be struck down and accordingly management believes that it is appropriate to recognize total assets aggregating to Rs. 58,919 lakhs; comprising Rs.58,916 lakh as Other Non-Current financial assets and Rs.3 lakh as Property Plant & Equipment on March 31,2024 (March 31, 2023, Rs. 58,919 lakhs) at carrying value in the financial statements and at present there is no provision for impairment is found to be necessary.

- b). GVK Deoli Kota Expressway Private Limited (GVK DKEPL), a wholly owned step-down subsidiary of the parent company. On June 25, 2019, GVK DKEPL has issued a termination notice under Article 37.2.2 of the Concession Agreement for termination on account of material breach and defaults on the part of National Highway Authority of India (NHAI) during the course of construction like providing Right of Way (ROW), shifting of utilities, obtaining approvals & clearances, alternate route & prevention of complete user fee collection etc., which has resulted in significant delays in construction of expressway. Further, GVK DKEPL has claimed a termination payment of Rs. 169,650 lakhs (apart from various other claims towards future loss, Loss of Toll Revenue, Loss suffered on account of additional overheads etc.) from NHAI as per the terms of the Concession Agreement. In response to the above notice, GVK DKEPL has received letter from NHAI dated July 03, 2019, denying the claim of GVK DKEPL stating that the termination notice issued under clause 37.2.2 is invalid as defaults alleged by GVK DKEPL are false and NHAI has not committed any material default in complying with the provisions of the Concession Agreement.

On September 12, 2019, NHAI issued a termination notice as per clause 37.2.1 of the Concession Agreement for non-fulfillment of the obligation as stated in the Concession Agreement by Concessionaire. NHAI by virtue of this notice, is deemed to have taken possession and control of the project highway along with all the equipment on or at site. After this termination notice toll plaza is deemed to have been transferred to NHAI and from September 16, 2019, onwards NHAI started collecting the toll on the project highway.

The matter is under Arbitration and the company has filed claim documents with Tribunal and NHAI has filed statement of defense and next cross examining the witness of NHAI is scheduled on July 29, 2024.

GVK DKEPL has defaulted in repayment of principal amount and payment of interest on such term loans taken from consortium of banks and financial intuitions. As a result, the lenders have classified the term loan as non-performing asset and have recalled the entire facilities extended to the company. As result of that, the term loans have become repayable on demand, Company has not received borrowing statements and confirmation of borrowing balances from lenders.

The Concession Agreement being the sole agreement executed by the Company, termination of the same has now resulted into liquidation basis of accounting which has been adopted in preparation of these financial statements of GVK DKEPL. GVK DKEPL has recorded receivable from NHAI after setting off toll assets and other related future liabilities, which is subject to decision and process of arbitration between Company and NHAI.

GVK DKEPL based on its internal assessment is confident that it will be able to recover the balance amount spent on the project till date including its various claims and accordingly the management believes that it is appropriate to recognize total assets aggregating to Rs.44,008 lakh; comprising Rs.43,637 lakh as Other Non-Current assets, Rs.9 lakh as Property Plant & Equipment and Rs 362 Lakh as the Current Assets on March 31,2024 (Rs.44,008 lakh as on March 31,2023) at carrying value in the financial statements.

- c). GVKTPL has accumulated losses, and its net-worth has been fully eroded, GVKTPL has incurred a net loss during the current and previous period/ year(s) and net cash loss during the current year and the company's current liabilities exceeded its current assets as at the balance sheet date. J.C. Flowers Asset Reconstruction Pvt Ltd (Debt assigned by Yes bank) has also filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against GVKTPL on February 24, 2022, and replies filed and reserved for orders on May 29, 2024. GVKPIL has not provided any corporate guarantees for GVKTPL and its subsidiaries.

- 50.**GVK Rattle Hydro Electric Project Private Limited (GVK Rattle), step down subsidiary of GVK Power and Infrastructure Limited has entered into a concession agreement with J&K Power Development Department (JKPDD) for construction and operation of a hydro power plant on Build, Own, Operate and Transfer model. GVK Rattle started the project development and had spent/paid advances to the tune of Rs.101,552 lakhs (till March 31,2021) on various works. However, there were significant delays in the construction of the project due to the impediments like land acquisition and execution of land, leases, issues in relation to

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

working conditions, disturbances and law and order problems, issues under the Indus Water Treaty, issues in relation to Water charges, status of Mega Power Project and taxes such as entry tax, sales and other local taxes etc.

GVK Ratle requested for termination of project and offered for an amicable settlement. JKPDD rejected such settlement offer stating that the delays are tantamount to event of default from GVK Ratle. GVK Ratle initiated the arbitration process and Tribunal vide its order dated 11th July'20 and rectification order dated 7th September'20 had accepted the contentions of the company and had given an award of Rs.29,048 Lakhs in favor of GVK Ratle. Not satisfied with the order, GVK Ratle has filed an appeal before district court, Kishtwar on 8th December,2020 against the said award, which is challenged by JKPDD and court granted the stay on proceedings. Meanwhile, GVK Ratle has filed an appeal before Supreme Court, the supreme court stayed all proceedings before the District Court, Kishtwar until it decides the issue relating to applicability of J&K Arbitration Act, 1997, even after it was repealed by J&K State Reorganization Act, 2019. The matter is yet to be listed for hearing before the Supreme Court.

GVK Ratle had also entered into a settlement agreement with its lender on 24th November'21 and the award realized from the JKPDD will be paid to lender as per the settlement agreement. Considering the fact of termination of the project and settlement with the lenders, the company has adopted the liquidation basis of accounting in preparation of these financial statements and treated the amount recoverable as per award as its asset with similar amount payable to lender as its liability as per settlement agreement.

**51.** GVK Perambalur SEZ Private Limited (GVK SEZ), a wholly owned subsidiary company has Investment Property having book value of Rs.11, 655 Lakh (March 31, 2023, Rs.11, 655 Lakh). GVK SEZ stood as a Guarantor and mortgaged its land admeasuring 2,506.25 Acres to Syndicate Bank (since merged with Canara Bank) on account of loans taken by the GVK PIL (the Parent Company). GVK PIL has since repaid the loan taken from Canara Bank and the bank has also acknowledged the same. However, despite the same, Canara bank has not issued a no due certificate and has not returned the original title documents. The Canara Bank has exercised the right of general lien under section 171 of Indian Contract Act,1872 and has enforced general lien over the title deeds in the name of GVK SEZ for liabilities of GVK Coal (Singapore) PTE Ltd, an associate of GVK PIL. GVK PIL and GVK SEZ have jointly filed writ petition before High Court, Telangana on October 27, 2021, stating that Bank exercising of general lien under section 171 of the Indian contract Act, 1872 is wholly misconceived and illegal and contrary to the terms of Guarantee extended by the GVK SEZ and the matter is yet to be listed. GVKPIL has obtained independent legal opinion based on which the outcome of the subject matter will be positive and the bank will be directed to release the documents given as security.

Enforcement Directorate (ED) had tried to provisionally attach the said Land property in view of investigation under Prevention of Money Laundering Act (PMLA). However, Hon'ble High Court of Telangana vide its order dated April 22, 2021, has stayed the proceedings of such provisional attachment of Land by issuing show Cause Notice to ED. As on day no response has been submitted and the status quo is maintained.

The matter is under litigation. Pending these litigations, the Investment Property having book value of Rs.11,655 Lakh (March 2023: Rs 11,655 Lakhs) is shown as recoverable since the Management is confident of winning the cases on merits.

**52.** As at March 31, 2024, the GVKPIL Group had accumulated losses and the GVKPIL Group has incurred losses excluding exceptional item during preceding years. The GVKPIL Group's current liabilities are in excess of current assets. Three of the subsidiary companies where the project has been terminated are following liquidation basis of accounting. The GVKPIL group has delayed/defaulted in repayments of loans and interest thereon and various loan accounts have been classified as non-performing assets by banks/ lenders including recall of loans /filing of cases under the Insolvency and Bankruptcy Code in certain cases. The Resolution professional have also been appointed in certain cases by NCLT. There are various litigations going on in the GVKPIL Group. The GVKPIL Group has also provided guarantees and commitments and/or has undertaken to provide financial assistance on behalf of various entities and as further detailed in notes 46, 47, 49(a) and 49(b) (referring to notes on GVK Coal Developers (Singapore) Pte Limited, GVK Energy Limited, GVK Bagodara Vasad Expressway Private Limited and GVK Deoli Kota Expressway Private Limited), uncertainties are being faced by various projects such as delays / non development of coal mines in an overseas project where the parent Company has provided guarantees and commitments for the borrowings, losses incurred by gas based power plant in the absence of gas and litigations on rights to claim capacity charge, arbitration on delay of commencement of road projects, termination of various projects etc. Various guarantees given by GVKPIL and GVK Energy Limited (GVKEL) on behalf of their subsidiaries, associates and joint controlled entity have been invoked by the lenders. These factors indicate significant doubt on going concern ability of the GVKPIL group. Notwithstanding the above, the financial statements of the GVKPIL Group have been prepared on going concern basis as management believes that the GVKPIL Group would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. Further, the Management is

## Notes to the consolidated financial statements

(All amounts in INR lakhs, except share data and where otherwise stated)

confident that aforesaid entities would win litigations; will reach an optimal solution with non-controlling shareholders and lenders etc. as required despite current macro-economic environment challenges.

**53.** In June 2020, Central Bureau of Investigation (CBI) has registered a First Information Report (FIR) against MIAL, its parent Company GVK Airport Holdings Limited (GVKAHL) (both are erstwhile step-down subsidiaries of the Company), the Chairman and Vice Chairman of the Company and has initiated investigation on various matters alleging misuse of funds of MIAL including for the benefit of other GVK group and related parties. CBI has filed a charge sheet before the Chief Metropolitan Court, Mumbai on February 09, 2023, laying as allegation under section 120B read with section 420 of IPC against MIAL, Vice Chairman & erstwhile CFO of the parent Company and four other GVKPIL group companies apart from others. The Court has granted bail to all the accused. The main issue alleged is siphoning of fund of MIAL eventually causing a loss to Airport Authority of India (AAI). Vide order dated 08.12.2023, fresh cognizance of offences in the charge sheet has been taken and accused persons have been summoned. However, the said order has been currently stayed by the Ld. Sessions Court, Mumbai in revision petitions preferred by various accused persons and therefore, the proceedings are currently stayed in the matter and matter will resume only once the stay order gets vacated by the Revision Court. The company is of the view that the case will not stand the test of scrutiny of the court and will eventually be dismissed. The company is also of the view that the charges are unsubstantiated, and no offence u/s section 420 IPC is made out as there is no loss to AAI, Government, or any Tax Authorities as alleged. Considering the status of the proceedings, the implications, if any, that may arise can't be ascertained and would be considered in the financial statements on conclusion of the aforesaid proceedings.

The Enforcement Directorate (ED) had also taken up the investigation under the Prevention of Money Laundering Act (PMLA) based on an FIR registered by the CBI. ED had filed a complaint in April 2021 on the same matters against the above-mentioned parties and some of the subsidiaries, joint ventures and step-down subsidiaries of the Company, their directors and officers. ED had filed a complaint before the City Court and Additional Session Judge, Greater Bombay under Section 45 of Prevention of Money Laundering Act, 2002 for commission of offence of Money laundering under section 3, read with section 70, Punishable u/s 4 of the Prevention of Money Laundering Act, 2002. The matter is currently at stage of adjudication of application on behalf of Accused-4 seeking supply of all the un-relied documents and un-relied statement u/s 50 PMLA and is fixed for filing reply of Enforcement Directorate on 27.06.2024.

The Audit Committee of the parent Company, based on the legal advice received by the Audit committee of MIAL, have decided not to proceed with any independent investigation on the matters mentioned in the FIR or the complaint filed by ED. Considering the status of the proceedings with cases related to CBI and ED, the implications, if any, that may arise on the GVKPIL group can't be ascertained and would be considered in the financial statements on conclusion of the aforesaid investigation.

**54.** The Board of Directors has approved the scheme of amalgamation in their meeting 23rd March, 2022 for with regard to Amalgamation of

- GVK Airport Services Private Limited (Transferor Company -1),
- GVK Power (Khadur Sahib) Private Limited (Transferor Company -2),
- GVK Shivpuri Dewas Expressway Private Limited (Transferor Company -3),
- Sutara Roads & Infra Limited (Transferor Company -4)
- GVK Power & Infrastructure Limited (Transferee Company) "

The application has been filed with National Company Law Tribunal, Hyderabad on 31st March, 2022, seeking for the dispensation of shareholders & credits meeting and same has been allowed by order dated January 09, 2023 read with order dated February 28, 2023. Subsequently, a petition was filed on June 08, 2023 for approval of the proposed scheme of amalgamation. The petition was heard before NCLT and the listing order was passed on July 04, 2023 directing the Petitioners to issue notice to the statutory authorities and also file a paper publication. Pursuant to the directions, the Petitioner companies have complied with the necessary directions and have not received any comment from any of these authorities. The NCLT asked to furnish further documents and the next date of hearing is on June 21, 2024. In view of the in ordinate delay in approval the company propose to withdraw the application of merger.

**55.** The Company and its erstwhile subsidiary GVK Airport Developers Limited (GVK ADL) had entered into a binding agreement comprising a co-operation agreement and other related agreements with Adani Airport Holdings Limited (AAHL) on August 31, 2020 and subsequent dates. This includes acquisition of the debt by AAHL from various lenders of GVKADL with a view to release pledge on certain shares of GVK Airport Holdings Limited (GVKAHL) and with an ability for AAHL to convert the acquired debt from the lenders of GVKADL to equity so as to acquire equity interest in Mumbai International Airport Limited

(MIAL) and also acquiring Company's equity and other instruments in GVKADL and also possible acquisition/ settlement of debt of GVK Coal Developers (Singapore) Pte Ltd (GVK Coal) (with a view to release pledge on remaining shares of GVKAHL). AAHL has since acquired the debt of GVKADL from lenders and has converted the same to equity acquiring controlling interest in GVKADL on July 13, 2021. Consequently GVKADL, Bangalore Airport & Infrastructure Developers Limited (BAIDL), GVKAHL, MIAL and Navi Mumbai International Airport Limited (NMIAL) are no longer subsidiaries of the Company from July 13, 2021.

The broad contours of the co-operation and related agreements is detailed below:

- (i) Acquisition of debt and related accrued interest with carrying value in the financial statements of GVKADL of Rs. 255,107 lakhs by AAHL.
- (ii) AAHL acquiring certain securities of Sutara Roads & Infra Limited, a subsidiary of the Company and another Company of the promoter group to be used exclusively for financial support of any of its affiliates and affiliates of GVKPIL post the date of co-operation agreement.
- (iii) Acquiring equity of Rs. 30,000 lakhs and other instruments of Rs.100,000 lakhs held by GVKPIL and its subsidiary in GVKADL by AAHL to be settled by transfer of securities held by AAHL referred to in (ii) above. The said security as held by AAHL will be transferred on the date when GVKPIL transfers the balance shares of GVKADL.
- (iv) GVKPIL and AAHL have also agreed on certain steps to be taken in respect of lenders of GVK Coal. "

GVKPIL has sold its majority holding in GVKADL to AAHL and AAHL has acquired and hold the securities as per Para (ii) above during the financial year ended March 31, 2022. The balance shares of GVKADL are yet to be acquired by AAHL. The management of the group considered GVKPIL as beneficial owner of the Optionally Convertible Debentures (OCDs) of Rs.137,464 Lakhs held by AAHL as per Para (ii) above in view of the terms of arrangement. Accordingly, the securities held in the name of AAHL have been classified as Current Investments of GVKPIL at Rs.137,464 Lakhs in the standalone financial statements and Rs.112, 464 Lakhs in the Consolidated financial statements.

**STANDALONE  
FINANCIAL  
STATEMENTS**

# Independent Auditor's Report

To the Members of GVK Power & Infrastructure Limited

## Report on the audit of Standalone Financial Statements

### Disclaimer of Opinion

1. We were engaged to audit the accompanying standalone financial statements of GVK Power & Infrastructure Limited ("the Company" "GVKPIL"), which comprise the standalone Balance Sheet as at March 31, 2024, the standalone statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Changes in Equity and standalone Statement of Cash Flows for the year ended on that date, and notes to the standalone financial statements, including material accounting policies and other explanatory information.
2. We do not express an opinion on the accompanying standalone financial statements of the company. Because of the significance of the matters involving uncertainties, described in the "Basis of Disclaimer of opinion" section of our report, notwithstanding having obtained sufficient appropriate audit evidence regarding most of the individual uncertainties, it is not possible for us to form an opinion on the financial statements due to the potential interaction of the uncertainties and their possible cumulative effect on the standalone financial statements.

### 3. Basis for Disclaimer of Opinion

We draw your attention to following notes of the standalone financial statements:

- i. We draw attention to note 54 to the standalone financial statements which states that as at March 31, 2024, the company, its subsidiaries, associates and Joint Control Entity has incurred losses excluding exceptional item during preceding years. The Company's current liabilities are significantly in excess of current assets. Three of the subsidiary companies where the project has been terminated are following liquidation basis of accounting. The subsidiaries, associates and Joint Control Entity have delayed/defaulted in repayments of loans and interest thereon and various loan accounts have been classified as non-performing assets by banks/ lenders including recall of loans /filing of cases under the Insolvency and Bankruptcy Code in certain cases. The Resolution professional have also been appointed in certain subsidiaries/joint control entities by NCLT. There are various litigations going on. The GVKPIL has also provided guarantees and commitments and/or has undertaken to provide financial assistance on behalf of various entities and as further detailed in notes 49 and 50 (referring to notes on GVK Coal Developers (Singapore) Pte Limited, GVK Energy Limited) uncertainties are being faced by various projects such as delays / non development of coal mines in an overseas project where the Company has provided guarantees and commitments for the borrowings, losses incurred by gas based power plant in the absence of gas and litigations on rights to claim capacity charge etc. Various guarantees given by GVKPIL and GVK Energy Limited (GVKEL) on behalf of their subsidiaries, associates and joint controlled entity have been invoked by the lenders. These factors indicate significant doubt on going concern ability of the GVKPIL. Notwithstanding the above, the financial statements of the GVKPIL have been prepared on going concern basis as management believes that the GVKPIL would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. Further, the Management is confident that aforesaid entities would win litigations; will reach an optimal solution with non-controlling shareholders and lenders etc. as required despite current macro-economic environment challenges. Considering the various uncertainties involved as fully described in the Basis of Disclaimer section of our report, the probable impact could be material and pervasive on these standalone financial results and that may cause significant doubt on company's ability to continue as a going concern. Accordingly, we are unable to comment that the management assumption of preparing these financial statements on going concern basis is appropriate.
- ii. We draw attention to Note No 49 to the standalone financial statements regarding GVK Coal Developers (Singapore) Pte. Limited, (GVK Coal Developers) (an associate) in which the GVKPIL has investments and has receivables aggregating to Rs.78,634 Lakhs and to whom the company along with others jointly and severally had given irrevocable and unconditional guarantee and commitments for loans up to aggregating to USD 1,132.45 Million (Rs.9,44,168 Lakhs) (GVKPIL itself guaranteed towards the repayment of limits which shall be lower of either 53.9% (including in respect of the Hedging Agreements if any) of all principal amounts outstanding under the finance documents or USD 692.61 Million) taken by the aforesaid associate Company part of which is collateralized by pledge of 155,587,500 (March 31, 2023: 155,587,500), 130,287,382 (March 31, 2023: 130,287,382) and 48,000,000 (March 31, 2023: 48,000,000) shares of GVK Energy Limited, GVK Transportation Private Limited and GVK Airport Developers Limited respectively for securing loan obtained by GVK Coal Developers (Singapore) Pte. Limited and has also undertaken to provide financial assistance of USD 3.11million (Rs.2,593 Lakhs) with respect to which there are multiple significant uncertainties including outlook on the sector, non-achieving of financial closure and clearances for the project, concluding an appropriate solution with various stakeholders including lenders, and necessary environmental and regulatory clearances etc. The GVK Coal Developers current liabilities exceeded

## GVK Power & Infrastructure Limited

current assets by USD 2,624 million (Rs.21,87,713 Lakhs) as of March, 2024 and accumulated losses as of March, 2024 is USD 1,386 million (Rs. 11,55,562 Lakhs) based on audited special purpose consolidated financial statements of GVK Coal Developers (Singapore) Pte. Limited. The GVK Coal Developers lenders filed a claim in the High Court of Justice Business and Property Courts of England and Wales Commercial Courts (England Court) on November 09, 2020 and have sought to recover the amounts advanced to GVK Coal Developers. During the current financial year 2023-24, the England court vide its order dated October 19, 2023 has crystalized the amount payable by the defendants (GVKPIL and other guarantors / stakeholders in GVK Coal Developers) at USD 2.19 billion including the amount towards interest.

As per legal opinion obtained by the company, the order dated 19th October 2023 passed by the England court is not speaking order. It has also been opined that the Order dated 19.10.2023 cannot be enforced in India and is contrary to the substantive law of India and is also in violation of the principles of natural justice.

As per the GVKPIL management, several attempts were made by the company to have a solution with the lenders including an agreement dated March 23, 2017, wherein a non-binding framework solution was agreed upon for a settlement. Subsequently also there were several efforts to engage with the lenders to arrive at a settlement.

The GVK Coal Developers having failed to repay debt obligation, ICICI bank has invoked CG of GVKPIL on Nov 02, 2020 and demanding to pay the GVK Coal Developers dues.

Further, one of the lenders has filed an application under Section 7 of the Insolvency and Bankruptcy Code 2016 to initiate Corporate Insolvency Resolution Process against the GVKPIL (being guarantor for loan taken by GVK Coal Developers) before National Company Law Tribunal, Hyderabad on July 14, 2022 and the company has filed the reply. As per the NCLT website, initially final hearing was mentioned as 24.04.2024 but the authority has partly heard the details and next hearing is scheduled on 31.05.2024.

As per the GVKPIL management, petition filed by the ICICI Bank against GVKPIL is barred by Section 10A of the Code as the invocation of the Guarantee was admittedly done vide invocation of guarantee dated 02.11.2020 and as such the invocation of the guarantee on GVKPIL falls squarely within the period prescribed by Section 10A of the code. As per Section 10A, no application for initiation of corporate insolvency resolution process can be filed in respect of a default that has occurred on or after 25th March, 2020 till 25th March, 2021. However, as per ICICI Bank petition, the account (GVK Coal Developers) has become NPA with all the lenders around FY 2016-17. The ultimate outcome of the same and the resultant impact of the same on the financial statements is not ascertainable and cannot be commented upon.

GVKPIL is hopeful of achieving one time settlement with the lenders in view of its arrangement with Adani Airport Holdings Limited (AAHL) which is adequately incentivized to find solution with the lenders to get unencumbered ownership over the shares of GVK Airport Developers pledged with the lenders.

While the GVKPIL has made a provision for impairment in respect of the aforesaid investment and receivables aggregating to Rs.78,634 Lakhs, no provision has been made towards the Corporate Guarantee and commitments issued by GVKPIL. Considering the various uncertainties and complexities involved as mentioned above, we are unable to comment on the viability of the GVK Coal project and the additional provision that may be required concerning the aforementioned guarantees and commitments made by the GVKPIL and the resultant impact of the same on these standalone financial statements.

iii. We draw attention to Note 50(e) to the standalone financial statements, the company (GVKPIL) has subsidiary company GVK Energy limited (GVKEL). The company assessed based on the valuation carried out and other relevant factors, no provision is considered necessary in standalone books of accounts of GVKPIL towards the carrying value of investment in GVKEL of Rs 841.20 Crores and Loan and trade receivables of Rs.108.41 Crores though certain subsidiaries and joint ventures of GVKEL are facing uncertainties, detailed as below:

a) We draw attention to Note 50(b) to the standalone financial statements regarding GVK Power (Goindwal Sahib) Limited ("GVKPGSL"), a step-down subsidiary of GVKPIL up to 10th October 2022, as the same has been admitted into Corporate Insolvency Resolution Process on October 10, 2022 based on petition filed by Axis Bank Ltd, one of the lenders in the consortium of GVKPGSL with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the GVKPGSL. Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKPGSL.

During the current financial year 2023-24, the Resolution plan submitted by resolution applicant has been approved by the Hon'ble NCLT Hyderabad vide its order dated 22nd December 2023. As per the said order, the secured lenders have received Rs.1,078 crores against their claims of Rs.6,585 Crores. i.e. with a deficit of Rs.5,507 Crores. The GVKEL has provided Corporate Guarantee to the lenders of GVKPGSL with respect to the amount lent by them. Lenders through its

security trustee (IDBI Trusteeship services limited) have invoked the corporate Guarantee. Further, during the financial year 2023-24, one of the lenders (IDBI) has filed the case against the GVKEL demanding the amount of Rs.1,494 Crores in the Hon'ble NCLT, Hyderabad and next date of hearing is fixed on July 10, 2024. No provision has been made by GVKEL against these Corporate Guarantees.

As per GVKPIL management, liability of Corporate Guarantor is co - extensive with the liability of the Principal Borrower. Further, as per GVKPIL management, Section 31(1) of the Code states that when a resolution plan is approved by the adjudicating authority the same is binding on all the creditors and the guarantors and all other stake holders and hence no claim is maintainable against them. Considering, the liability of the Principal Borrower stands discharged pursuant to the CIRP of the Principal Borrower, as per the GVKPIL management, the liability of the Corporate Guarantor also extinguishes.

The contention of the management is subject to interpretation and there are different judgements on the same. Further, as per the Corporate Guarantee agreement, the liability of the guarantor under this guarantee shall not be affected by:

- Any change in constitution, ownership or corporate existence of the borrower or any absorption, merger, or amalgamation of the borrower with any other company
- Any insolvency, liquidation, bankruptcy or similar situation proceeding in respect of the borrower

Accordingly, there is an uncertainty on the final outcome of the same and the extent of the liability that may arise in respect of guarantee given by GVKEL is presently not ascertainable. In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying standalone financial statements.

- b) We draw attention to Note No. 50(c) to the standalone financial statements as per which GVK Gautami Power Limited (GVKGPL), a jointly controlled entity of GVKEL has been admitted into Corporate Insolvency Resolution Process (CIRP) during the current financial year 2023-24, i.e. on October 20, 2023, based on petition filed by Edelweiss Asset Reconstruction Company Ltd, one of the lenders in the consortium of GVKGPL with the Hon'ble NCLT, Hyderabad and Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKGPL. GVKEL has already provided for an impairment for the full value of investment in GVKGPL of Rs 51,897 Lakh.

The GVKEL has also provided Corporate Guarantee to the lenders of GVKGPL with respect to the amount lent by them. This Corporate Guarantee has not been invoked by lenders so far (account became NPA on 1st October 2016) and no demands have been raised on GVKEL. This Corporate Guarantee may however be invoked by the Lenders of GVKGPL considering the default therein and Insolvency proceedings undergoing in GVKGPL. In such an eventuality, GVKEL may need to reimburse the same, especially considering that the net assets of GVKGPL is negative. The extent of the liability that may arise in respect of guarantee given is not determinable at present and no provision has been made in this regard in relation to such liability.

In the light of the above, we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying standalone financial statements.

- c) As discussed in detailed in Note 50(d) to the standalone financial statements regarding annulment of settlement by Edelweiss with respect to their loans / NCDs to GVKEL and Alaknanda Hydro Power Company Limited (AHPCL), non-accounting of estimated increase in liability on account of annulment of settlement terms by Edelweiss (amount not ascertained), invocation and transfer by Edelweiss of 46,60,11,000 Equity shares of AHPCL held by GVKEL of Rs.10 each, recording of exceptional loss of Rs.19,486 lakhs during the year ended March 31, 2023 by GVKEL on account of invocation of pledged shares and transfer by Edelweiss (being difference in face value of pledged shares invoked by Edelweiss and the liability of Edelweiss appearing in books of GVKEL and AHPCL), recording of discharge of liability of Edelweiss pending legal suit before Hon'ble Delhi High Court, wherein GVKEL pleaded that as a consequence of the invocation and transfer of a valuable asset, GVKEL liability towards the loan has been discharged and since the value of share is far in excess of the outstanding loan liability, the excess share to be returned. Next hearing of the case is scheduled on July 09, 2024.

Due to above mentioned default in the repayment of amount due on Loan / NCDs, ECL Finance Limited, Edelweiss Asset Reconstruction Company Limited, India Credit Fund II & Ecap Equities Limited (collectively referred to as "Edelweiss") (through its debentures trustee namely Catalyst Trusteeship Limited) has filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against the company and GVK Energy Ltd. on October 21, 2022, the company has filed its replies and next hearing of the case is scheduled on July 12, 2024.

Meanwhile, during the current financial year 2023-24, AHPCL, GVKEL and GVKPIL has entered into another settlement agreement with the lenders on October 09, 2023, which requires to pay Rs 33,000 Lakhs and simple interest @12.50% pa is

## GVK Power & Infrastructure Limited

payable w.e.f. 1st November 2023. The entire amount along with interest is to be paid on or before 30th November 2023. The GVKPIL Group could not comply with the settlement terms and requested for extension of time to Edelweiss and they have extended the time till 30th Jun'2024 with phased payments. On 27th February'24 the lead lender of Alaknanda Hydro Power Company Limited has approved the release of Rs 20,000 Lakhs out of Rs 33,000 Lakhs to be paid and Rs.13,000 Lakhs to be brought in by GVKPIL group. Till date GVKPIL group has paid an amount of Rs 9,150 Lakhs out of Rs 13,000 Lakhs to be brought in by them. There are delays in payment of this phased amount as well. In case of failure to comply with any of the terms and conditions specified, this settlement shall stand revoked without any notice and the original dues payable by the GVKPIL Group /Borrower shall be reinstated and lender shall be entitled to recover the total dues together with applicable interest. Management has represented that they can make remaining payment and waiting for approval of all lenders of AHPCL. In view of the same, we are unable to comment on the accounting done in this regard in books of account and the ultimate impact of the same including of the invocation of the settlement offer by Edelweiss, invocation of pledged shares of AHCPL by Edelweiss, invocation of corporate guarantee issued by the GVKPIL and GVKEL and impact of the proceedings in the NCLT, if any on the standalone financial statements till the payment of dues as per settlement agreement.

Further, in the light of the above para iii (a), (b) and (c), we are unable to comment upon consequential impact, if any, arising out of the same in the accompanying standalone financial statements with respect to the balance amount of investments, loans and trade receivables of GVKEL, aggregating to Rs.94,961 Lakhs in the books of GVKPIL

- iv. Note 53 to the standalone financial statements regarding investigation by various Government agencies on various alleged irregularities relating to conflict of interest, misuse of funds, money laundering and other matters, pending completion of which and non-provision of certain related information sought from the company by us including complete copy of the Enforcement Directorate complaint. CBI has filed a charge sheet before the Chief Metropolitan Court, Mumbai on February 09, 2023, laying as allegation under section 120B read with section 420 of IPC against Mumbai International Airport Limited (MIAL), Vice Chairman & erstwhile CFO of the Company and four other GVKPIL group companies apart from others. The Court has granted bail to all the accused. The main issue alleged is siphoning of fund of MIAL eventually causing a loss to Airport Authority of India (AAI). Vide order dated 08.12.2023, fresh cognizance of offences in the chargesheet has been taken again and accused persons have been summoned. However, the said order has been currently stayed by the Ld. Sessions Court, Mumbai in revision petitions preferred by various accused persons and therefore, the proceedings are currently stayed in the matter and matter will resume only once the stay order gets vacated by the Revision Court. The company is of the view that the case will not stand the test of scrutiny of the court and will eventually be dismissed. The company is also of the view that the charges are unsubstantiated and no offence u/s section 420 IPC has been made out as there is no loss to AAI, Government, or any Tax Authorities as alleged.

In addition to be above, the Enforcement Directorate (ED) had also taken up the investigation under the Prevention of Money Laundering Act (PMLA) on the basis of an FIR registered by the CBI. ED had filed a complaint in April 2021 on the same matters against the above-mentioned parties and some of the subsidiaries, joint ventures and step-down subsidiaries of the Company, their directors and officers. ED had filed a complaint before the City Court and Additional Session Judge, Greater Bombay under Section 45 of Prevention of Money Laundering Act, 2002 for commission of offence of Money laundering under section 3, read with section 70, Punishable u/s 4 of the Prevention of Money Laundering Act, 2002. The matter is currently at stage of adjudication of application on behalf of Accused-4 seeking supply of all the unrelayed documents and unrelayed statement u/s 50 PMLA and is fixed for filing reply of Enforcement Directorate on 27.06.2024.

The Audit Committee of the Company, based on the legal advice received by the Audit committee of Mumbai International Airport Limited (MIAL), have decided not to proceed with any independent investigation on the matters mentioned in the FIR or the complaint filed by ED. Considering the status of the proceedings with cases related to CBI and ED, the implications, if any, that may arise on the GVKPIL can't be ascertained and the impact if any of the same on the standalone financial statements cannot be commented upon.

- v. We draw attention to Note 52 to the standalone financial statements regarding GVK Perambalur SEZ Private Limited (GVK SEZ), a wholly owned subsidiary company. GVK SEZ has Investment Property having book value of Rs.11,655 Lakh as on 31st March 2024. GVK SEZ stood as a Guarantor and mortgaged its land having book value as mentioned above (admeasuring 2,506.25 Acres) to Syndicate Bank (since merged with Canara Bank) on account of loans taken by GVKPIL. GVKPIL has since repaid the loan taken from Canara Bank and the bank has also acknowledged the same. However, Canara bank has not issued a no due certificate and has not returned the original title documents by exercising the right of general lien under section 171 of Indian Contract Act, 1872 and has enforced general lien over the title deeds in the name of GVK SEZ for liabilities of

GVK Coal (Singapore) PTE Ltd, an associate of GVKPIL. GVKPIL and GVK SEZ have jointly filed writ petition before High Court, Telangana on October 27, 2021, stating that Bank exercising of general lien under section 171 of the Indian Contract Act, 1872 is wholly misconceived and illegal and contrary to the terms of Guarantee extended by the GVK SEZ and the matter is yet to be listed. GVKPIL has obtained independent legal opinion based on which the outcome of the subject matter will be positive and the bank will be directed to release the documents given as security. Further, Enforcement Directorate (ED) has provisionally attached the said Land property in view of investigation under Prevention of Money Laundering Act (PMLA). However, Hon'ble High Court of Telangana vide its order dated April 22, 2021 has stayed the proceedings by issuing Show Cause Notice to ED. As on March 31, 2024, the status remains the same. The matter is under litigation. Pending these litigations, the recoverability of the investments made by GVKPIL in GVKSEZ of Rs.10,920 Lakhs is not determinable.

#### **4. Emphasis of Matter**

We draw attention to Note 55 to the standalone financial statements regarding sale of majority holding of GVK Airport Developers Limited (GVKADL) by company to Adani Airport Holding Limited (AAHL) as per binding co-operation agreement dated August 31, 2020 and other related transaction documents. AAHL has acquired and hold the securities as per co-operation agreement at the end of the financial year. The management considered the company as beneficial owner of the Optionally Convertible Debentures (OCDs) of Rs.112,464 Lakhs held by AAHL as per co-operation agreement in view of the terms of arrangement. Accordingly, the securities held in the name of AAHL have been classified as Current Investments of company in the standalone financial statements. These investments in OCDs made by AAHL are yet to be transferred in the name of the company.

#### **5. Management's and Board of Directors' Responsibility for the Standalone Financial Statements**

The Company's Board of Directors are responsible for the preparation and presentation of the Standalone financial statements that gives a true and fair view of the net profit/loss and other comprehensive income and other financial information of the Company in accordance with the accounting principles generally accepted in India, including Ind AS prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India.     - iv. (a) The Management has represented and refer note no. 43 to the standalone financial statements, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - (b) The Management has represented and refer note no. 43 to the standalone financial statements, that, to the best of it's knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or

invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances due to the possible effects of the matter described in the Basis for Disclaimer of Opinion section above we are unable to state whether the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material mis-statement.

v. The Company has neither declared nor paid any dividend during the year

vi. Based on our examination, which included test checks, except for the instance mentioned below, the company used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

- The feature of recording audit trail (edit log) facility was not enabled at the database level at GVKPIL to log any direct data changes for the accounting software used for maintaining the books of account.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

## Annexure A to Independent Auditors' Report

### on the Standalone Financial Statements of GVK Power & Infrastructure Limited for the year ended 31 March 2024

Referred to in paragraph 7.1 under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date to the members of GVK Power & Infrastructure Limited on the standalone financial statements for the year ended March 31, 2024

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that;

#### i. Property, Plant and Equipment and Intangible Assets

- a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment;  
B. The Company does not have intangible assets, therefore, the provision of paragraph 3(i)(a)(B) of the Order is not applicable to the Company ;
- b) The Company has a programme of physical verification to cover Property, Plant and Equipment whereby all these assets are verified once in every year. In our opinion, the periodicity of the physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, Property, Plant and Equipment were physically verified by the Management during the year and no material discrepancies were noticed on such verification for material items.
- c) There is no Immovable Property in the books of accounts of the Company. Accordingly, the provision of paragraph 3(i)(c) of the Order is not applicable to the Company.
- d) The Company has not revalued its Property and Plant and Equipment during the year.
- e) As disclosed by the management in Note 38 of the standalone financial statements, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) (as amended in 2016) and rules made thereunder.

#### ii. Inventories

- a) The company does not have any inventory. Hence, reporting under clause 3(ii) (a) of the order is not applicable.
- b) The Company has not been sanctioned any working capital limits, in aggregate, during the year, from banks or financial institutions on the basis of security of current assets. Hence, reporting under clause 3(ii) (b) of the order is not applicable.

#### iii Loans, Investments, Guarantees, Securities and Advances in nature of Loan

- (a) The Company has provided loans to subsidiaries / joint ventures / associates during the year. The details of the same are given below:

Aggregate amounts during the year	Amount (Rs in Lakhs)			
	Particulars	Guarantees	Loan	Investments
Subsidiaries	0	4,068	10,005	
Related parties other than above	0	1,301	0	
<b>Total</b>	<b>0</b>	<b>5,369</b>	<b>10,005</b>	
<b>Balances outstanding in the year</b>				
Subsidiaries	0	10,576	95,078	
Associates	462,642	0	0	
Related parties other than above	0	2,050	0	
Others	0	0	7,136	
<b>Total</b>	<b>462,642</b>	<b>12,626</b>	<b>102,214</b>	

- (b) The company has given loans to relating parties which are repayable on demand. Considering the Basis of Disclaimer as given in Audit Report and the reasons described there in, we are not in a position to comment whether the terms and conditions of the loans granted and investments made during the year are not prejudicial to the interest of the Company..
- (c) In the case of loans given, no schedule for repayment of principal and payment of interest has been stipulated by the company. Hence, we do not make any comment on the regularity of repayment of principal and payment of interest and overdue amount, if any, in this regard.
- (d) There is no overdue amount for more than ninety days in respect of loans given as the same is repayable on demand.
- (e) There is no loan given falling due during the year, which has been renewed or extended or fresh loans given to settle the overdues of existing loans given to the same party.

- (f) As mentioned in Para c above, the company has granted loans to 2 companies as per the summary given below, which are either repayable on demand or without specifying any terms or period of repayment during the year.

(Figures are in lakhs)

Particulars	All Parties	Promoters	Related Parties
Aggregate amount of loans/advances in nature of loans granted during the year	5,369	0	5,369
Percentage of aggregate loans/advances in nature of loans to the total loans granted	100%	0	100%

#### (iv) Compliance of Sec. 185 & 186

The Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.

- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Act and the Rules framed there under apply. Accordingly, the provision of paragraph 3(v) of the Order is not applicable to the Company.

- vi. The Central Government has not prescribed the maintenance of cost records under sub section (1) of section 148 of the Companies Act. Accordingly, the provision of paragraph 3(vi) of the Order is not applicable to the Company.

#### (vii) Statutory Dues

- a. The Company has generally been regular in depositing its undisputed statutory dues including Goods and Service tax, Provident Fund, Employees State insurance, Income-tax, Custom duty, Cess and other relevant material statutory dues, which are accounted in its books of account.

There are no undisputed amounts payable in respect of above statutory dues, which were in arrears as at 31 March 2024 for a period of more than six months from the date they become payable.

- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2024 on account of disputes are given below;

Name of the statute	Nature of dues	Amount (Rs. in lakhs)	Period to which the amount relates	Forum where the dispute is pending

- (d) On an overall examination of the financial statements of the company, we report that, funds raised on short-term basis have been used for long term purposes. Please also refer Para 3 Basis of Disclaimer of Opinion section above in our report.
- (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. Accordingly, the provision of paragraph 3(ix)(e) of the Order is not applicable to the Company. However, there are borrowings from subsidiary companies and loans given to subsidiary companies.

## **GVK Power & Infrastructure Limited**

- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries. Accordingly, the provision of paragraph 3(ix)(f) of the Order is not applicable to the Company.

### **(x) Application of funds raised through Public Offer**

- (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, the provision of paragraph 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the provision of paragraph 3(x)(b) of the Order is not applicable to the Company.

### **(xi) Fraud**

- a) Except as described below, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed nor reported during the year, nor have we been informed of such case by the Management.

Refer paragraph 3(iv) of our main audit report and as disclosed in note 53 to the standalone financial statements, regarding chargesheet filed by CBI before the Chief Metropolitan Court, Mumbai on February 09, 2023, laying as allegation under section 120B read with section 420 of IPC against Mumbai International Airport Limited (MIAL), Vice Chairman, Director & erstwhile CFO of the Company and four other GVK group companies apart from others. The Court has granted bail to all the accused. The main issue alleged is siphoning of fund of MIAL eventually causing a loss to Airport Authority of India (AAI). Vide order dated 08.12.2023, fresh cognizance of offences in the chargesheet has been taken again and accused persons have been summoned. However, the said order has been currently stayed by the Ld. Sessions Court, Mumbai in revision petitions preferred by various accused persons and therefore, the proceedings are currently stayed in the matter and matter will resume only once the stay order gets vacated by the Revision Court. In addition to the above, the Enforcement Directorate (ED) had also taken up the investigation under the Prevention of Money Laundering Act (PMLA) on the basis of an FIR registered by the CBI. ED had filed a complaint in April 2021 on the same matters against the above-mentioned parties and some of the subsidiaries, joint ventures and step-down subsidiaries of the Company, their directors and officers, and the concerned parties are cooperating with the investigating agencies. The matter is currently at stage of adjudication of application on behalf of Accused-4 seeking supply of all the unrelayed documents and unrelayed statement u/s 50 PMLA and is fixed for filing reply of Enforcement Directorate on 27.06.2024.

We are unable to comment whether any fraud has been committed by the Company or any fraud was committed by the officers and employees of the Company, on the Company.

- b) As represented to us by the management, there were no whistle blower complaints received during the year by the Company.

**(xii)** The Company is not a Nidhi Company and hence reporting under paragraph 3 (xii) of the Order is not applicable to the Company.

**(xiii)** In our opinion the company is in compliance with section 177 and 188 of the Companies Act, 2013 with respect to all applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting standards.

### **(xiv) Internal Audit**

- (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the reports of the internal auditors issued to the Company for the period under audit.

**(xv)** During the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. Accordingly, reporting under paragraph 3(xv) of the Order is not applicable to the Company.

### **(xvi) Registration u/s 45-IA of RBI Act**

- (a) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under paragraph 3(xvi) (a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities as per the Reserve Bank of India Act, 1934. Accordingly, reporting under paragraph 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under paragraph 3(xvi)(c) of the Order is not applicable to the Company.
- (d) As represented to us, the Group does not have any CIC as part of the Group.

(xvii) The company has not incurred cash losses during the current financial year covered by our audit and also during the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under paragraph 3(xviii) of the Order is not applicable to the Company.

- (xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements including note no.54 to the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, we are of the opinion that a material uncertainty exists with respect to going concern as on the date of audit report as mentioned in Para 3 of our Audit Report on the Standalone Financial Statements.
- (xx) As disclosed by management in note 41 of the standalone financial statements, the company was not required to spend on Corporate Social Responsibility (CSR) during the year in view of the continuing losses during the last three years and there is no unspent amount towards Corporate Social Responsibility (CSR) under sub-section (5) of section 135 of the Act pursuant to any project. ## **Annexure B to the Independent Auditors' Report**

### **on the standalone financial statements of GVK Power & Infrastructure Limited for the year ended 31 March 2024**

Referred to in paragraph 7.2(h) of the Independent Auditors' Report of even date to the members of GVK Power & Infrastructure Limited on the standalone financial statements for the year ended March 31, 2024.

#### **Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act**

1. In conjunction with our audit of the Standalone Financial Statements of the Company as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to financial statements of GVK Power & Infrastructure Limited (hereinafter referred to as "the Company").

#### **Management's and Board of Directors' Responsibility for Internal Financial Controls with reference to financial statements**

2. The respective Board of Directors of the company, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Also refer to the Basis of Disclaimer of Opinion section of our main audit report.

#### **Auditors' Responsibility**

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit conducted in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI.
4. Because of the matter described in Disclaimer of Opinion paragraph below, it is not possible for us to form an opinion on internal financial controls system with reference to financial statements of the Company.

#### **Meaning of Internal Financial Controls with reference to financial statements**

5. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Basis for Disclaimer of Opinion**

6. According to the information and explanations given to us and based on our audit, we draw attention to the following:
7. The Company's internal financial controls for determining whether adjustments are required to the carrying value of investments, receivables and whether any liability to be recognized for the financial assistance, corporate guarantees and commitments given to an associate and joint venture of the Holding Company were not operating effectively, which could potentially result in non-recognition of provision with regard to the aforesaid financial statement line items. Consequent to the material weakness in such internal controls, the possible effects on the financial statements of undetected misstatements could be both material and pervasive. (Refer paragraphs 3 of our main audit report).

## Disclaimer of Opinion

8. Because of the significance of the matters involving uncertainties, described in the "Basis of Disclaimer of opinion" paragraph above, notwithstanding having obtained sufficient appropriate audit evidence regarding most of the individual uncertainties, it is not possible for us to form an opinion whether the Company had adequate internal financial controls with reference to standalone financial statements and whether such internal financial controls were operating effectively as at March 31, 2024 based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
9. We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company for the year ended March 31, 2024, and the disclaimer has affected our opinion on the financial statements of the standalone Company and we have issued a disclaimer of opinion on the financial statements for the year ended on that date. (Refer the Basis of Disclaimer of Opinion section of the main audit report.)

# Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

## 1 Corporate information

GVK Power & Infrastructure Limited ('the Company' or 'GVKPIL') provides operation and maintenance services, manpower and consultancy services and incidental services to owners of power plants, airports etc. The Company has also acquired substantial ownership interest into power companies, airports, roads and companies providing infrastructure facilities. The registered office of the company is located at Darshak Chambers, Plot No 32, H No 1-8-303/48/32, Street Number 1, Penderghast Road, Hyderabad - 03.

These financial statements have been approved by the Company's Board of Directors and authorized for issue on May 28, 2024.

## 2. Material accounting policies

### 2.1 Basis of preparation

#### i. Compliance with Ind AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act., 2013 (the Act), read with Rule 7 of the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

#### (ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except the following:

- certain financial assets and liabilities are measured at fair value
- defined benefit plans - plan assets are measured at fair value.

### 2.2 Summary of significant accounting policies

#### (a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

#### (b) Foreign currency translation

The financial statements are presented in Indian rupees lakhs, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

#### Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. A monetary item for which settlement is neither planned nor likely to occur in foreseeable future is considered as part of the entity's net investment in that foreign operation.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains/ (losses).

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively.)

### (c) Fair value measurement

The Company measures financial instruments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

### (d) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

The specific recognition criteria described below must also be met before revenue is recognised.

#### Manpower and consultancy services:

Income from Manpower and Consultancy services is recognised as per the terms of the agreement on the basis of services rendered.

#### Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss

### Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the company, and the amount of the dividend can be measured reliably.

### Guarantee commission

Revenue is recognised on a straight line basis taking into account the present value of the guarantee amount and the commission rate applicable.

### (e) Income tax

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### Deferred tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not recognized if they arise from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

### (f) Property, plant and equipment

Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance or extends its estimated useful life. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Furniture and fittings	- 10 years
Office equipment	- 5 years
Vehicles	- 8 years
Data processing equipment	- 3 years

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### (g) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

#### Company as a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### Effective from April 1, 2019:

##### As a lessee:

From 1 April 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the company. Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the company under residual value guarantees
- the exercise price of a purchase option if the company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. Payments associated with short-term leases and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

### (h) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

### (i) Impairment of assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of cash inflows from other assets or group of assets (cash generating units). Non financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

### (j) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. Provisions are not recognised for future operating losses.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### (k) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The cost of providing benefits under the defined benefit plan is determined based on actuarial valuation.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss.

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

The Company treats accumulated leave, as a long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on an actuarial valuation using the projected unit credit method at the period-end/ year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire liability in respect of leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement beyond 12 months after the reporting date.

### (l) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

### Financial assets

#### Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

#### Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified in four categories:

- a) Debt instruments at amortised cost.
- b) Debt instruments at fair value through Other comprehensive income (FVTOCI).
- c) Debt instruments, derivatives and equity instruments at fair value through profit and loss (FVTPL).
- d) Equity instruments measured at fair value through other comprehensive income (FVOCI).

#### Debt instruments at amortised cost

A 'debt instrument' is measured at amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, other receivables and loans.

Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL).

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

#### Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- a) the rights to receive cash flows from the asset have expired, or
- b) the Company has transferred its rights to receive cash flows from the asset, and
  - i. the Company has transferred substantially all the risks and rewards of the asset, or
  - ii. the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

#### Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.
- c) Loan commitments which are not measured as at FVTPL.
- d) Financial guarantee contracts which are not measured as at FVTPL.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument. Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss. In the Balance Sheet ECL is presented as an allowance i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the company does not reduce impairment allowance from the gross carrying amount.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings, financial guarantee contracts.

#### Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

#### Loans and borrowings

This category is most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings. For more information refer Note 15.

#### Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

#### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss.

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to Statement of Profit or Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### (m) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

### (n) Earnings per share

#### (i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company;
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

#### (ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

### (o) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

### (p) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III to the Act, unless otherwise stated.

### 32. Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure in consideration to the changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total capital. The Company includes within net debt, borrowings including interest accrued on borrowings, less cash and short-term deposits.

Particulars	Year ended March 31, 2024	Year ended March 31, 2023
Borrowings including interest accrued on borrowings (refer note 15)	36,430	36,561
Less: Cash and short-term deposits (refer note 9)	(3,936)	(5,076)
Less: Investments in mutual funds and Bank deposits (refer note 7)	(6,414)	(9,565)
<b>Net debt</b>	<b>26,080</b>	<b>21,920</b>
Equity share capital	15,792	15,792
Other Equity	69,711	71,505
<b>Total Equity</b>	<b>85,503</b>	<b>87,297</b>
<b>Gearing ratio (Net Debt/ Total Equity)</b>	<b>0.31</b>	<b>0.25</b>

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2024.

**Notes to Standalone financial statements for the year ended March 31, 2024**

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

**33. Fair values**

The management assessed that the fair value of loans given, trade receivables, cash and cash equivalents, other financial assets, short term borrowings, trade payables and other financial liabilities approximate their carrying amounts largely due to the short-term maturities or interest bearing nature of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Set out below, is a comparison by class of the carrying amounts and fair value of the company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

**a) Financial instruments by category**

	Level	March 31, 2024		March 31, 2023	
		Carrying value	Fair value	Carrying value	Fair value
<b>Financial assets</b>					
<b>Measured at amortised cost</b>					
<b>Current:</b>					
Trade receivables	3	344	344	994	994
Loans	3	12,626	12,626	7,257	7,257
Investments	3	137,464	137,464	137,464	137,464
Other financial assets	3	118	118	52	52
Cash and cash equivalents	1	3,936	3,936	5,076	5,076
<b>Mandatorily measured at fair value through profit or loss</b>					
Investments	1	6,414	6,414	9,565	9,565
<b>Financial liabilities</b>					
<b>Measured at amortised cost</b>					
<b>Current</b>					
Borrowings	3	36,430	36,430	36,561	36,561
Trade payables	3	110	110	77	77
Other financial liabilities	3	139,138	139,138	129,796	129,796

**Level 1:** Level 1 hierarchy includes financial instruments measuring using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing net asset value.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity shares, contingent consideration and indemnification asset included in level 3.

**b) Valuation technique used to determine fair value**

Specific valuation technique used to value financial instruments include:

- The fair value of investment in mutual funds is measured at quoted price or NAV.
- The fair values for non-current investments, other non-current financial assets and borrowings are based on discounted cash flows using a borrowing rate at the date of transition. They are classified as level 3 fair values in their fair value hierarchy due to the use of unobservable inputs, including own credit risk.

### 34. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### A. Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

##### i. Determination of control and accounting thereof

As detailed in the accounting policy, principles under Ind AS are different from the previous GAAP, especially with respect to assessment of control of subsidiaries. Further, investment in GVK Coal Developers (Singapore) Pte. Ltd has been accounted as associate since the company participates in all significant financial and operating decisions. The company has therefore determined that it has significant influence over this entity, even though it only holds 10% of the voting rights.

##### ii. Impairment of non-current assets including investments in subsidiaries, joint ventures and associates

Determining whether investment are impaired requires an estimation of the value in use of the individual investment or the relevant cash generating units. The value in use calculation is based on Discounted Cash Flow ("DCF") model over the estimated useful life of the power plants, concession on roads etc. Further, the cash flow projections are based on estimates and assumptions relating to conclusion of tariff rates, operational performance of the plants and coal mines, life extension plans, availability and market prices of gas, coal and other fuels, restructuring of loans etc in case of investments in entities in the energy business, estimation of passenger traffic and rates and outcomes of litigations, and settlements may be reached with lenders which are considered as reasonable by the management and significant uncertainties faced including absence of financial closure in respect of GVK Coal Developers (Singapore) Pte Ltd.

Based on such determination the Company has impaired carrying value of its deemed investment in GVK Jaipur Expressway Private Limited Rs 2,284 Lakhs (March 31, 2023: Nil).

##### iii. Also refer note 54 on significant judgement on going concern ability of the Company.

#### B. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company has prepared financial statements based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

##### (i) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

##### (ii) Defined employee benefit plans (Gratuity)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries. Further details about gratuity obligations are given in note 27.

**Notes to Standalone financial statements for the year ended March 31, 2024**

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

**(iii) Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**(iv) Depreciation on property, plant and equipment**

Depreciation on property, plant and equipment is calculated on a straight-line basis using the rates arrived at based on the useful lives and residual values of all its property, plant and equipment estimated by the management. The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of property, plant and equipment, and the useful lives are in line with the useful lives prescribed under Schedule II of the Companies Act, 2013.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the group and that are believed to be reasonable under the circumstances.

**35 Financial risk management objectives and policies****Financial Risk Management Framework**

The Company is exposed primarily to Credit Risk, Liquidity Risk and Market risk (fluctuations in foreign currency exchange rates and interest rate), which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

**A Price risk**

The company's exposure to investment in mutual funds are subject to price and classified in the balance sheet as fair value through profit or loss.

**Sensitivity**

The table below summaries the impact of increase/decrease of the index on the company's investment in mutual fund and profit/(loss) for the year.

Particulars	Impact on Profit after tax		Impact on other components of equity	
	March 31, 2024	March 31, 2023	March 31, 2024	March 31, 2023
Increase by 1%	64	96	-	-
Decrease by 1%	(64)	(96)	-	-

**B Credit Risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, loans and other financial assets. Trade receivables, Financial guarantee receivables (Other financial assets) and Loans given by the Company result in material concentration of credit risk as these are with related parties.

**Exposure to credit risk:**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was Rs. 12,626 lakhs (March 31, 2023: Rs. 8,303 lakhs), being the total of the carrying amount of balances with trade receivables, Loans and Other financial assets.

**Trade receivables, Other financial assets, Loans given:**

An impairment analysis is performed at each reporting date. The Company does not hold collateral as security. Impairment analysis takes into account historical credit loss experience and adjusted for forward-looking information. Significant portion of trade receivables, other financial assets and loans given comprise receivables from related parties and not subject to significant credit risk based on past history.

### C. Liquidity Risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

### D. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and interest rate risk. Financial instruments affected by market risk include loans and borrowings, investments, other financial assets and other financial liabilities.

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. As the Company has debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are substantially dependent of changes in market interest rates.

As the company has no significant interest bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

#### Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on the portion of loans and borrowings. With all other variables held constant, the Company's profit/(loss) before tax is affected through impact on floating rate borrowings, as follows:

Particulars	Year ended March 31, 2024	Year ended March 31, 2023
Change in Interest Rate		
-increase by 50 basis points	-	-
-decrease by 50 basis points	-	-

#### Foreign Currency exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's investment in foreign entity and financial asset/liability in relation to foreign entity in respect of financial guarantee. The risks primarily relate to fluctuations in US Dollar against the functional currencies of the Company. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. The Company has not entered into derivative instruments during the year.

The year end foreign currency exposures that have not been hedged by a derivative instrument or otherwise is Nil.

**49.** The Company has an investment in GVK Coal Developers (Singapore) Pte. Limited (GVK Coal) which is assessed as an associate to the parent Company. The parent Company exercises significant influence on GVK Coal as per Ind AS 28.

The Company has also given guarantees and commitments for loans amounting to USD 1132.45 Million (Rs. 944,168 lakhs as at March 31, 2024; Rs. 931,065 lakhs as at March 31, 2023) (GVKPIL itself guaranteed towards the repayment of limits which shall be lower of either 53.9% (including in respect of the Hedging Agreements if any) of all principal amounts outstanding under the finance documents or USD 692.61 Million) taken by GVK Coal part of which is collateralized by pledge of 155,587,500 (March 31, 2023: 155,587,500), 130,287,382 (March 31, 2023: 130,287,382) and 48,000,000 (March 31, 2023: 48,000,000) shares of GVK Energy Limited, GVK Transportation Private Limited and GVK Airport Developers Limited respectively for securing loan obtained by GVK Coal Developers (Singapore) Pte. Limited and has also undertaken to provide financial assistance of USD 3.11 million (Rs. 2,593 lakhs) as at March 31, 2024 (Rs. 2,557 lakhs as at March 31, 2023), with respect to which there are multiple significant uncertainties including outlook on the sector, non-achieving of financial closure and clearances for the project, concluding an appropriate solution with various stakeholders including lenders, and necessary environmental and regulatory clearances etc.. The entity's current liabilities exceeded current assets by USD 2,624 million (Rs. 2,187,713 lakhs) as of March 31, 2024 (March 31, 2023: USD 2,845 million (Rs. 2,339,320 lakhs)) and accumulated losses as of March, 2024 is USD 1,386 million (Rs. 11,55,562 Lakh) based on audited special purpose consolidated financial statements of GVK Coal.

The GVK Coal lenders had also filed a claim in the High Court of Justice Business and Property Courts of England and Wales Commercial Courts (England Court) on November 09, 2020, and have sought to recover the amounts advanced to GVK Coal. During the current financial year 2023-24, the England court vide its order dated October 19, 2023, has crystalized the amount payable by the defendants (GVKPIL and other guarantors/ stakeholders in GVK Coal) at USD 2.19 billion including the amount towards interest.

As per legal opinion obtained by the company, the order dated 19th October 2023 passed by the England court is not speaking order. It has also been opined that the Order dated 19th October 2023 cannot be enforced in India and is contrary to the substantive law of India and is also in violation of the principles of natural justice.

Management has made several attempts were made by the company to have a solution with the lenders including an agreement dated March 23, 2017, wherein a non-binding framework solution was agreed upon for a settlement. Subsequently also there were several efforts to engage with the lenders to arrive at a settlement. The GVK Coal having failed to repay debt obligation, ICICI bank has invoked CG of GVKPIL on Nov 02, 2020 and demanding to pay the GVK Coal dues.

Further, one of the lenders has filed an application under Section 7 of the Insolvency and Bankruptcy Code 2016 to initiate Corporate Insolvency Resolution Process against the company (being guarantor for loan taken by GVK Coal) before National Company Law Tribunal, Hyderabad on July 14, 2022 and the company has filed its reply. As per the NCLT website, initially final hearing was mentioned as 24.04.2024 but the authority has partly heard the details and next hearing is scheduled on 31.05.2024. As per the GVKPIL management, petition filed by the ICICI Bank against GVKPIL is barred by Section 10A of the Code as the invocation of the Guarantee was admittedly done vide invocation of guarantee dated 02.11.2020 and as such the invocation of the guarantee on GVKPIL falls squarely within the period prescribed by Section 10A of the code. As per 10A, no application for initiation of corporate insolvency resolution process can be filed in respect of a default that has occurred on or after 25th March, 2020 till 25th March, 2021. However, as per ICICI Bank petition, the account (GVK Coal Developers) has become NPA with all the lenders around FY 2016-17. The ultimate outcome of the same and the resultant impact of the same on the financial statements is not ascertainable and cannot be commented upon.

The company is hopeful of achieving one time settlement with the lenders in view of its arrangement with Adani Airport Holdings Limited (AAHL) which is adequately incentivized to find solution with the lenders to get unencumbered ownership over the shares of GVK Airport Developers Limited pledged with the lenders. The extent of the liability that may arise in respect of guarantees and commitments and the manner of such settlement is presently not ascertainable and accordingly no provision has been made in this regard in relation to any liability.

The company has provided for impairment of Rs 78,634 Lakhs for full value of its investment and receivable in earlier years in the absence of any certainty of realization either by use or from the settlement that may be reached.

**50.** GVKPIL has wholly own subsidiary company viz. GVK Energy Limited ('GVKEL'), certain subsidiaries and jointly controlled entity (group companies) of GVKEL are facing uncertainties as detailed below

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

Certain subsidiaries and jointly controlled entity (group companies) of GVK Energy Limited ('GVKEL') are facing uncertainties as detailed below:

- a) The Hon'ble Supreme Court of India had deallocated dedicated coal mine allotted to GVK Power (Goindwal Sahib) Limited (GVKPGSL). GVK Coal (Tokisud) Private Limited (GVKCTPL), a subsidiary company of GVKEL and mine operator was offered compensation by the Nominated Authority of Rs. 11,129 Lakhs as against carrying value of assets of Rs. 31,113 Lakhs as at March 31, 2017. GVKCTPL had appealed against the said order in the Hon'ble High Court of Delhi. The aforesaid court vide its order dated March 09, 2017, directed GVKCTPL to submit its claim to the adjudicating authority constituted under the Coal Mines (Special Provisions) Act, 2015. Subsequently GVKCTPL submitted its claim for the balance amount of Rs. 19,882 Lakhs to the aforesaid authority. The nominated authority under the Ministry of Coal vide its order dated 16th March 2022 has further approved and released compensation of Rs.13,867 lakhs. Out of this an amount of Rs.8,883 lakhs have been deposited by nominated authority in interest bearing account with Registrar General of the Court as per the directions of the high court of Delhi dated 11th April 2022 and an amount of Rs.4,984 lakhs have been paid to lenders by nominated authority towards the balance dues payable as per the claims made by the lenders as on the date of vesting orders less the amount already paid to the lenders. Including the above amount of Rs 4,984 lakhs, a total of Rs 23,761 lakhs, being the due on vesting date has been paid to lenders. The nominated authority has advised in the above order to approach Coal Tribunal in respect of disputes including the compensation disallowed regarding R&R costs. The GVKCTPL has accordingly filed the appeal under sec. 27 of the Coal Mines (Special Provisions) Act, 2015 with Coal Tribunal for Rs 34,830 lakhs on August 01, 2022 and the next hearing of the case is scheduled on June 20, 2024.

Based on the internal assessment, management believes that GVKCTPL will be appropriately reimbursed for cancelled coal mine. Additionally, the fund lying-in interest-bearing account with Registrar General of the Court will be sufficient to discharge all liabilities and accordingly no provision is required towards corporate guarantee given by GVKEL for loan taken by GVKCTPL and carrying value (Balance of claims) of Rs 6,015 Lakhs.

- b) GVK Power (Goindwal Sahib) Limited ("GVKPGSL") a subsidiary company of GVKEL, has been admitted into Corporate Insolvency Resolution Process on October 10, 2022 based on petition filed by Axis Bank Ltd, one of the lenders in the consortium of GVKPGSL with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against GVKPGSL.

Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKPGSL.

Since the Group has lost the control over the GVKPGSL, the assets and liabilities of GVKPGSL were deconsolidated as at October 10, 2022 as per Ind AS 110 and a gain of Rs.343,685 Lakh is recorded in consolidated financials for the year ended March 31, 2023 as per below entry:

Particulars	Rs in Lakhs
Value of assets	- 345,970
Value of liabilities	698,027
Equity Share Capital	126,520
Amount already recognised in consolidated FS in previous period	-134,892
<b>Net amount recognised as exceptional gain</b>	<b>-343,685</b>

During the current financial year 2023-24, the Resolution plan submitted by resolution applicant has been approved by the Hon'ble NCLT Hyderabad vide its order dated December 22, 2023. As per the said order, the secured lenders have received Rs.1,078 crores against their claims of Rs.6,585 Crores. i.e. with a deficit of Rs.5,507 Crores. The GVKEL has provided Corporate Guarantee to the lenders of GVKPGSL with respect to the amount lent by them. The lenders through security trustee (IDBI Trusteeship services limited) have invoked the corporate Guarantee. Further, during the financial year 2023-24, one of the lenders (IDBI) has filed the case against the GVKEL demanding the amount of Rs.1,494 Crores in the Hon'ble NCLT, Hyderabad and next date of hearing is fixed on July 10, 2024.

As per management, liability of Corporate Guarantor is co - extensive with the liability of the Principal Borrower. Further, as per GVKPIL management, Section 31(1) of the Code states that when a resolution plan is approved by the adjudicating authority the same is binding on all the creditors and the guarantors and all other stake holders and hence no claim is maintainable against them. Considering, the liability of the Principal Borrower stands discharged pursuant to the CIRP of the Principal Borrower, as per GVKPIL management, the liability of the Corporate Guarantor also extinguishes.

Based on internal assessment of the management there is an uncertainty on the outcome of the liability that may arise in respect of guarantee given by GVKEL. therefore no provision has been made against the likely impact of the claim against such guarantee.

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

c) GVK Gautami Power Limited (GVKGPL), a jointly controlled entity of GVKEL, has been admitted into Corporate Insolvency Resolution Process (CIRP) during the current financial year 2023-24, i.e on October 20, 2023 based on petition filed by Edelweiss Asset Reconstruction Company Ltd, one of the lenders in the consortium of GVKGPL with the Hon'ble NCLT, Hyderabad and Interim Resolution professional appointed by NCLT has taken possession of all assets of GVKGPL. GVKEL has already provided for an impairment in the full value of investment in GVKGPL of Rs 51,897 Lakh.

The GVKEL has also provided Corporate Guarantee to the lenders of GVKGPL with respect to the amount lent by them. This Corporate Guarantee has not be invoked by the Lenders so far (account became NPA on 1st October 2016) and no demands have been raised on GVKEL. This Corporate Guarantee may be invoked the lenders of GVKGPL considering the default therein. In such an eventuality, GVKEL may need to reimburse the same, especially considering that the net assets of GVKGPL is negative. The extent of the liability that may arise in respect of guarantee given is presently not determinable at present and no provision has been made in this regard in relation to such liability.

d) During the earlier years, GVK Energy Ltd. (GVKEL) and Alaknanda Hydro Power Company Limited (AHPCL) have issued debentures vide respective Trust Deed and taken loans from ECL Finance Limited, Edelweiss Asset Reconstruction Company Limited, India Credit Fund II & Ecap Equities Limited (collectively referred to as "Edelweiss"). These Debentures and Loans are also secured by pledge of shares of GVK Power (Goindwal Sahib) Limited, GVK Coal Tokisud Company Private Limited and AHPCL held by GVKEL and shares of GVKEL held by GVKPIL as investment in respective companies. The loans were further secured by Corporate Guarantee given jointly by GVKEL and GVKPIL.

Since the repayment of loan and interest was defaulted, GVKEL and AHPCL have entered into settlement agreement with Edelweiss on October 31, 2020 which resulted in settlement of principal and interest outstanding of Rs.68,730 Lakhs (GVKEL Rs.12,139 Lakhs and AHPCL Rs.56,591 Lakhs) at Rs.52,500 Lakhs (GVKEL Rs.3,800 Lakhs and AHPCL Rs.48,700 Lakhs) along with interest rate of 12.50% pa compound monthly w.e.f. September 16, 2020 till July 31, 2021, which was further extended up to March 31, 2022. AHPCL and GVKEL has made total payments of Rs.33,059 Lakhs resulting in balance payable of Rs. 27,115 Lakhs including interest till May 16, 2022 (GVK EL Rs.3,506 Lakhs and AHPCL Rs.23,609 Lakhs). AHPCL and GVKEL has requested for further time till August 31, 2022 from Edelweiss for making balance payment and were in discussions with them.

However, Edelweiss has withdrawn the settlement agreement vide its mail dated April 11, 2022. Edelweiss has also written letter dated July 08, 2022 invoking the Corporate Guarantee issued by GVKEL and GVKPIL.

Further, since GVKEL and AHPCL could not make the payment as per settlement terms, ECL Finance Limited (Edelweiss) has invoked the pledge of equity shares and transferred 46,60,11,000 Equity shares, each having face value of Rs 10, of AHPCL held by GVK Energy Limited on May 16, 2022. ECL Finance Limited will continue to hold these shares as security on behalf of Edelweiss for the loans taken/NCD issued by AHPCL & GVKEL. ECL Finance Limited reserved the right to sell the same as per the terms of the pledge agreement read with security sharing agreements.

GVKEL filed a suit before Delhi High Court on May 30, 2022, wherein GVKEL pleaded that because of the invocation and transfer of a valuable asset our liability towards the loan has been discharged and since the value of share is far in excess of the outstanding loan liability, the excess share to be returned. The Hon'ble High Court Delhi has given interim order dated May 31, 2022 wherein it is stated that while selling the shares of AHPCL by Lenders, the best offer received by them would be communicated to the GVKEL and GVKPIL as well as to the Court, and an opportunity would be given to them to match the said offer within five days. In the meanwhile, if GVKEL and GVKPIL get an offer for the aforesaid shares, they shall also inform the defendants as well as the Court. In the event GVKEL and GVKPIL are unable to match the offer of the lenders, the lenders would be free to sell the said shares at the best offer received by them. Till the time, the shares which are invoked are sold in the aforesaid manner, the lenders shall not sell any other shares that have been pledged by the GVKEL and GVKPIL with the lenders. However, the lenders shall be free to invoke the pledged shares. Next hearing of the case is scheduled on July 09, 2024.

GVKEL has transferred the liability of AHPCL in its books of account relating to Edelweiss and based on legal opinion, GVKEL has shown the discharge of the loan liability of Edelweiss against the invoked shares till a settlement is arrived at with Edelweiss. GVKEL has not accounted for the impact of the annulment of settlement since they are confident of achieving settlement with Edelweiss. However, on conservative basis, a loss on invocation and transfer of shares, amounting to Rs.19,486 Lakhs during year ended March 31, 2023 (being difference in face value of pledged shares invoked by Edelweiss and the liability of Edelweiss appearing in books of GVKEL and AHPCL as per settlement terms) has been accounted in the books of accounts and reported as an exceptional item in the standalone financials of GVKEL and consolidated financials of GVKPIL.

## Notes to Standalone financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

Due to above mentioned default in the repayment of amount due on Loan / NCDs, Edelweiss (through its debentures trustee namely Catalyst Trusteeship Limited) has also filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against GVKPIL (being the Guarantor of the Loan / NCDs) and GVKEL on October 21, 2022 and the next hearing of the case is scheduled on July 12, 2024.

Meanwhile, AHPCL, GVKEL and GVKPIL has entered into a settlement agreement with the lenders on October 09, 2023, which requires to pay Rs 33,000 Lakhs up to October 31, 2023 and simple interest @12.50% pa is payable w.e.f. 1st November 2023. The entire amount along with interest is to be paid on or before 30th November 2023 and due date further extended till Jun 30, 2024 with phased payments. On 27th February'24 the lead lender of Alaknanda Hydro Power Company Limited has approved the release of Rs 20,000 Lakhs out of Rs 33,000 lakhs and Rs.13,000 Lakhs to be brought in by GVKPIL group and till date GVKPIL group has paid an amount of Rs 9,150 lakhs as agreed.

As per the terms of the settlement, lenders will release the securities including the transfer of 46,60,11,000 Equity shares, each having face value of Rs.10, of AHPCL to GVKEL on payment of amount due as per the settlement agreement.

- e) The company has assessed and based on the valuation carried out and other relevant factors, no provision is considered necessary in the books of accounts towards the carrying value of investment in GVKEL of Rs 84,120 Lakhs (March 31, 2023 Rs.74,122 Lakhs) and Loan of Rs.10,565 Lakhs (March 31, 2023 Rs. 6,497 Lakhs).

**51.** The company has made an investment in GVK Transportation Private Limited (GVKTPL) considering that GVKTPL does not have a certainty over the cash flows and timing of such cash flows in the underlying projects of GVKTPL, the Company has carried out an impairment assessment of its carrying value of investment in the earlier years.

GVKTPL has further made investments into three subsidiaries out of which two subsidiaries are facing uncertainties, detailed as follow:

**a. GVK Bagodara Vasad Expressway Private Limited (GVK BVEPL)**

A wholly owned step down subsidiary of GVKPIL has carried out project work towards the Concessionaire Agreement entered with Gujarat State Road Development Corporation Limited (GSRDC). During construction, there has been significant delays in fulfilling the obligations from GSRDC like providing Land required for construction, right of way, shifting of utilities etc., which has resulted in significant delays in construction. On March 27, 2018, GSRDC has issued a termination and arbitration notice as per which GSRDC has terminated the concession agreement and also has claimed an amount of Rs. 108,419 Lakhs. In response to the same, GVK BVEPL has written to GSRDC denying the claims from GSRDC and terminated the agreement. GVK BVEPL has also stated that the delay is due to the default from GSRDC. Also, GVK BVEPL has notified GSRDC that dispute settlement process will be as per the Concession Agreement.

GVK BVEPL has approached The International Centre for Alternative Dispute Resolution (ICADR) for appointment of Arbitration Tribunal (AT). Arbitration Tribunal is constituted, and the dispute is being addressed. GSRDC has filed a claim of Rs 108,419 lakhs and GVK BVEPL has filed its statement of Defense and a counter claim of Rs.91,325 lakhs as termination payment due to GSRDC default (apart from various other claims towards Loss of Profit, Interest Payment on Debts etc.) disputing the very process of termination and are also taking other necessary legal remedies in this regard. Initially GVK BVEPL intended to bring into substitution process, however despite best efforts of GVK BVEPL, substitution process could not be completed. Meanwhile GSRDC awarded project to two different contractors. Hence GVK BVEPL is no more going concern, and the financials are prepared accordingly since financial year ended March 31, 2020.

GVK BVEPL is closely working with the lenders by explaining to them the intricacies of the project and outlining support required to give effect to the process of arbitration. Tribunal having heard arguments of both sides has given a split verdict, Justice Thakkar and Justice Panchal have rendered a combined award of Rs 41,296 Lakhs in favor of GSRDC and Justice Deepak Varma had passed a dissenting award of Rs.27,438 Lakhs in favor of the Company. Till date GVK BVEPL not yet received the signed copy of the order. Considering this split award and based on the facts, the company has filed an appeal before Commercial Court, Ahmedabad on November 20, 2023 and the matter is coming up for hearing on 20.06.2024.

**b. GVK Deolikota Expressway Private Limited (GVK DKEPL)**

A wholly owned step-down subsidiary of GVKPIL. On June 25, 2019, GVK DKEPL has issued a termination notice under Article 37.2.2 of the Concession Agreement for termination on account of material breach and defaults on the part of National Highway Authority of India (NHAI) during the course of construction like providing Right of Way (ROW), shifting of utilities, obtaining approvals & clearances, alternate route & prevention of complete user fee collection etc., which has resulted in significant delays in construction of expressway. Further, GVK DKEPL has claimed a termination payment of Rs. 169,650 lakhs

(apart from various other claims towards future loss, Loss of Toll Revenue, Loss suffered on account of additional overheads etc.) from NHAI as per the terms of the Concession Agreement. In response to the above notice, GVK DKEPL has received letter from NHAI dated July 03, 2019 denying the claim of GVK DKEPL stating that the termination notice issued under clause 37.2.2 is invalid as defaults alleged by GVK DKEPL are false and NHAI has not committed any material default in complying with the provisions of the Concession Agreement.

On September 12, 2019, NHAI has issued a termination notice as per clause 37.2.1 of the Concession Agreement for non-fulfilment of the obligation as stated in the Concession Agreement by Concessionaire. NHAI by virtue of this notice, is deemed to have taken possession and control of the project highway along with all the equipment on or at site. After this termination notice toll plaza is deemed to have been transferred to NHAI and from September 16, 2019 onwards NHAI started collecting the toll on the project highway.

The matter is under Arbitration and the company has filed claim documents with Tribunal and NHAI has filed statement of defense and next cross examining the witness of NHAI is scheduled on July 29, 2024.

The Concession Agreement being the sole agreement executed by the Company, termination of the same has now resulted into liquidation basis of accounting which has been adopted in preparation of these financial statements of GVK DKEPL. Under the liquidation basis of accounting, all assets and liabilities are measured at their net realizable value. As toll collection right has been taken over by NHAI from the Company, Company has impaired toll and premium assets against premium liability (not due) and claim receivable from NHAI.

c) GVKTPL has accumulated losses, and its net-worth has been fully eroded, GVKTPL has incurred a net loss during the current and previous period/ year(s) and net cash loss during the current year and the company's current liabilities exceeded its current assets as at the balance sheet date. J.C. Flowers Asset Reconstruction Pvt Ltd (Debt assigned by Yes bank) has also filed petition with the Hon'ble NCLT, Hyderabad invoking Corporate Insolvency Resolution Process against GVKTPL on February 24, 2022, and replies filed and reserved for orders on May 29, 2024. GVKPIL has not provided any corporate guarantees for GVKTPL and its subsidiaries.

Based on such assessment management has made an impairment provision amounting to Rs 4,977 lakhs (which includes deemed investment of Rs. 1,181 lakhs) in the earlier years.

**52.** GVK Perambalur SEZ Private Limited (GVK SEZ), a wholly owned subsidiary company has Investment Property having book value of Rs.11, 655 Lakh (March 31, 2023, Rs.11, 655 Lakh). GVK SEZ stood as a Guarantor and mortgaged its land admeasuring 2,506.25 Acres to Syndicate Bank (since merged with Canara Bank) on account of loans taken by the GVK PIL. GVK PIL has since repaid the loan taken from Canara Bank and the bank has also acknowledged the same. However, despite the same, Canara bank has not issued a no due certificate and has not returned the original title documents. The Canara Bank has exercised the right of general lien under section 171 of Indian Contract Act,1872 and has enforced general lien over the title deeds in the name of GVK SEZ for liabilities of GVK Coal (Singapore) PTE Ltd, an associate of GVK PIL. GVK PIL and GVK SEZ have jointly filed writ petition before High Court, Telangana on October 27, 2021, stating that Bank exercising of general lien under section 171 of the Indian contract Act, 1872 is wholly misconceived and illegal and contrary to the terms of Guarantee extended by the GVK SEZ and the matter is yet to be listed. GVKPIL has obtained independent legal opinion based on which the outcome of the subject matter will be positive and the bank will be directed to release the documents given as security.

Enforcement Directorate (ED) had tried to provisionally attach the said Land property in view of investigation under Prevention of Money Laundering Act (PMLA). However, Hon'ble High Court of Telangana vide its order dated April 22, 2021, has stayed the proceedings of such provisional attachment of Land by issuing show Cause Notice to ED. As on day no response has been submitted and the status quo is maintained.

The matter is under litigation. Pending these litigations, the Investment Property having book value of Rs.11,655 Lakh (March 2023: Rs 11,655 Lakhs) is shown as recoverable since the Management is confident of winning the cases on merits.

**53.** In June 2020, Central Bureau of Investigation (CBI) has registered a First Information Report (FIR) against MIAL, its parent Company GVK Airport Holdings Limited (GVKAHL) (both are erstwhile step-down subsidiaries of the Company), the Chairman and Vice Chairman of the Company and has initiated investigation on various matters alleging misuse of funds of MIAL including for the benefit of other GVKPIL group and related parties. CBI has filed a charge sheet before the Chief Metropolitan Court, Mumbai on February 09, 2023, laying as allegation under section 120B read with section 420 of IPC against MIAL, Vice

Chairman & erstwhile CFO of the Company and four other GVKPIL group companies apart from others. The Court has granted bail to all the accused. The main issue alleged is siphoning of fund of MIAL eventually causing a loss to Airport Authority of India (AAI). Vide order dated 08.12.2023, fresh cognizance of offences in the charge sheet has been taken and accused persons have been summoned. However, the said order has been currently stayed by the Ld. Sessions Court, Mumbai in revision petitions preferred by various accused persons and therefore, the proceedings are currently stayed in the matter and matter will resume only once the stay order gets vacated by the Revision Court. The company is of the view that the case will not stand the test of scrutiny of the court and will eventually be dismissed. The company is also of the view that the charges are unsubstantiated, and no offence u/s section 420 IPC is made out as there is no loss to AAI, Government, or any Tax Authorities as alleged. Considering the status of the proceedings, the implications, if any, that may arise can't be ascertained and would be considered in the financial statements on conclusion of the aforesaid proceedings.

The Enforcement Directorate (ED) had also taken up the investigation under the Prevention of Money Laundering Act (PMLA) based on an FIR registered by the CBI. ED had filed a complaint in April 2021 on the same matters against the above-mentioned parties and some of the subsidiaries, joint ventures and step-down subsidiaries of the Company, their directors and officers. ED had filed a complaint before the City Court and Additional Session Judge, Greater Bombay under Section 45 of Prevention of Money Laundering Act, 2002 for commission of offence of Money laundering under section 3, read with section 70, Punishable u/s 4 of the Prevention of Money Laundering Act, 2002. The matter is currently at stage of adjudication of application on behalf of Accused-4 seeking supply of all the un-relied documents and un-relied statement u/s 50 PMLA and is fixed for filing reply of Enforcement Directorate on 27.06.2024.

The Audit Committee of the Company, based on the legal advice received by the Audit committee of MIAL, have decided not to proceed with any independent investigation on the matters mentioned in the FIR or the complaint filed by ED. Considering the status of the proceedings with cases related to CBI and ED, the implications, if any, that may arise on the GVKPIL can't be ascertained and would be considered in the financial statements on conclusion of the aforesaid investigation.

**54.**As at March 31, 2024, The company has also provided guarantees and commitments and/or has undertaken to provide financial assistance on behalf of various entities and as further detailed in notes 49, 50, 51(a) and 51(b) (referring to notes on GVK Coal Developers (Singapore) Pte Limited, GVK Energy Limited, GVK Bagodara Vasad Expressway Private Limited and GVK Deoli Kota Expressway Private Limited), uncertainties are being faced by various projects such as delays /non development of coal mines in an overseas project where GVKPIL has provided guarantees and commitments for the borrowings, losses incurred by gas based power plant in the absence of gas and litigations on rights to claim capacity charge, arbitration on delay of commencement of road projects, termination of various projects etc. Various guarantees given by GVKPIL on behalf of their subsidiaries, associates and joint controlled entity have been invoked by the lenders. These factors indicate significant doubt on going concern ability of the company. Notwithstanding the above, the financial statements of the company have been prepared on going concern basis as management believes that the company would be able to ultimately meet its commitments, reduce debt by stake sale and the entities on whose behalf guarantees/ commitments have been extended would be able to meet their obligations. Further, the Management is confident that aforesaid entities would win litigations; will reach an optimal solution with non-controlling shareholders and lenders etc. as required despite current macro-economic environment challenges.

**55.**The Company and its erstwhile subsidiary GVK Airport Developers Limited (GVK ADL) had entered into a binding agreement comprising a co-operation agreement and other related agreements with Adani Airport Holdings Limited (AAHL) on August 31, 2020 and subsequent dates. This includes acquisition of the debt by AAHL from various lenders of GVKADL with a view to release pledge on certain shares of GVK Airport Holdings Limited (GVKAHL) and with an ability for AAHL to convert the acquired debt from the lenders of GVKADL to equity so as to acquire equity interest in Mumbai International Airport Limited (MIAL) and also acquiring Company's equity and other instruments in GVKADL and also possible acquisition/ settlement of debt of GVK Coal Developers (Singapore) Pte Ltd (GVK Coal) (with a view to release pledge on remaining shares of GVKAHL). AAHL has since acquired the debt of GVKADL from lenders and has converted the same to equity acquiring controlling interest in GVKADL on July 13, 2021. Consequently GVKADL, Bangalore Airport & Infrastructure Developers Limited (BAIDL), GVKAHL, MIAL and Navi Mumbai International Airport Limited (NMIAL) are no longer subsidiaries of the Company from July 13, 2021.

The broad contours of the co-operation and related agreements is detailed below:

- (i) Acquisition of debt and related accrued interest with carrying value in the financial statements of GVKADL of Rs. 255,107 lakhs by AAHL.
- (ii) AAHL acquiring certain securities of Sutara Roads & Infra Limited, a subsidiary of the Company and another Company of the promoter group to be used exclusively for financial support of any of its affiliates and affiliates of GVKPIL post the date of co-operation agreement.

(All amounts are in Indian Rupees Lakhs except for share data or otherwise stated)

(iii) Acquiring equity of Rs. 30,000 lakhs and other instruments of Rs.100,000 lakhs held by GVKPIL and its subsidiary in GVKADL by AAHL to be settled by transfer of securities held by AAHL referred to in (ii) above. The said security as held by AAHL will be transferred on the date when GVKPIL transfers the balance shares of GVKADL.

(iv) GVKPIL and AAHL have also agreed on certain steps to be taken in respect of lenders of GVK Coal.

GVKPIL has sold its majority holding in GVKADL to AAHL and AAHL has acquired and hold the securities as per Para (ii) above during the financial year ended March 31, 2022. The balance shares of GVKADL are yet to be acquired by AAHL. The management considered GVKPIL as beneficial owner of the Optionally Convertible Debentures (OCDs) of Rs.137,464 Lakhs held by AAHL as per Para (ii) above in view of the terms of arrangement. Accordingly, the securities held in the name of AAHL have been classified as Current Investments of GVKPIL at Rs.137,464 Lakhs in the standalone financial statements.

**56.**The Board of Directors has approved the scheme of amalgamation in their meeting 23rd March, 2022 for with regard to Amalgamation of
