Fostering Wellness Embracing Tomorrow

For over a century, our name has been synonymous with pain management and wellness, seamlessly blending the ancient wisdom of Ayurveda with cutting-edge scientific advancements. We remain true to our roots while continuously evolving to meet the ever-changing needs of today's customers.

Our journey of fostering wellness begins with a diverse product portfolio – ranging from pioneering pain relief balms to innovative solutions in women's hygiene and preventive health. We ensure that our offerings are not only effective but also accessible and safe for all. By leveraging our extensive R&D capabilities, we continue to develop products that are rooted in natural, sustainable ingredients, minimizing harm to both people and the planet. However, our impact extends far beyond the products we create. Through our CSR initiatives, we are committed to uplifting the communities we serve.

With every step we take, we are not merely responding to the challenges of today—we are embracing the possibilities of tomorrow. By finding novel ways to foster wellness in every way, we are building a legacy of health, empowerment, and sustainability that will endure for generations to come.

Sustained demand for balms and pain relief products from Q3 into Q4 of FY24.

Consistent revenue growth in consecutive quarters (Q3 and Q4) of FY24.

Strategic Vision

Seizing new opportunities for expansion and innovation.

Enhancing operational efficiency through digital transformation.

Consistent execution excellence by the AHCL management team.

Focus on growing both the headache and pain categories as consumer demand rebounds.

Continuing to expand rural distribution through the van sales program.

Aim to improve and sustain operating margins in the mid-teens by balancing growth investment with operating leverage.

Expansion of the customer base driven by the launch of a low-sugar variant of Electro+.

Exploring significant growth potential in e-commerce and modern trade channels, where premium product offerings align well.

Embracing a Direct-To-Customer (D2C) strategy with additional brick-and-mortar establishments under the 'World of Amrutanjan' brand.

Message from the Chairman & Managing Director

Dear Valued Owners,

The key takeaway from the year in review is our return to growth! Your management team delivered a double digit growth in revenue and profit despite softened demand in our core pain relief segment.

The COVID years witnessed an above average consumption of topical pain relief products followed by a sharp decline in the years after, resulting in a build-up of channel stock, which is being gradually optimized. While there was a pronounced spike in consumption of all types of pain relievers (topical and oral), there was a noticeable shift toward oral analgesic. This trend seems to have continued during the post-COVID period till date, wherein use of tablets to relieve headaches is higher than that of balms indexed at the same level (source: IQVIA). Nevertheless, the headache relief category bounced back to high single-digit growth in the current year, and we project annualized volume and value growth for the mid-term to be in the range of 9-10%.

A compelling insight from our data reveals that headaches are experienced most by those under 30, likely a consequence of increased screen time, career pressures, and the demands of modern lifestyles. While this demographic is less inclined to use topical balms, they are showing growing interest in our Headache Roll-on—a modern, portable, and health-conscious alternative to tablets.

The topical body pain relief category is outpacing the headache relief segment, with our brands experiencing comparable growth. We are committed to dedicating resources and time to expanding our market share in this promising area.

Our women's hygiene business continues to grow in the high double-digits, owing to higher acceptance of our uniquely designed sanitary pads. The BIS standards mandated by the Government of India require certain levels of performance—which our products seamlessly meet, underscoring our commitment to consumer satisfaction.

The average temperature in India has risen by almost 0.7 degrees Celsius between 1961 and 2020 according to the World Bank Climate Change Portal, bringing with it, a myriad of health challenges to its citizens. With temperatures set to rise in the decades to come, hydration will become a critical preventive health need. The increase in number of people adopting healthy, active lifestyles is also acting as a catalyst for the electrolyte drink category. Our brand, 'Electro+' in its ready-to-drink format, offers the highest electrolytes and energy per 200ml, complemented by palette-pleasing juice flavors.

We believe corporates have a role in reducing their carbon footprint, and to this effect, we have set goals for plastic reduction and green energy consumption.

As a value-based organization, purpose is our North star – and our selection of categories and strategies reflect this. Our CSR funds are a testament to this commitment, supporting NGOs focused on girl child education and animal welfare.

Looking ahead, our goal is not just to achieve the ₹10 billion milestone but to strengthen our legacy as a trusted leader in the healthcare and wellness sector. As we continue to evolve, we remain focused on delivering solutions that enhance the well-being of our consumers. Together, we will build a future where Amrutanjan stands as a reliable partner of trust in providing health and wellness products.

Single Teacher Schools

Amrutanjan Health Care Limited has supported 10 centers focused on promoting education in rural areas, partnering with 'Single Teacher Schools' NGO for the past seven years in the field of education. The Company's collaboration has now extended to environmental protection efforts, with initiatives like desilting ponds, which have brought significant benefits to the local communities.

Devnar Foundation for the Blind

For 32 years, the Devnar Foundation for the Blind has provided free education and accommodation to visually challenged students through its Residential English Medium School, helping them secure jobs in public and private sectors. Today, their school houses 640 students. Amrutanjan Health Care Limited made a significant contribution by installing an electrical transformer at the Devnar's school premises. This vital support ensures a stable power supply, enabling uninterrupted operation of essential facilities like computer labs, audio recording, lighting, fans, and kitchen services, particularly benefiting the students during evening activities and dinner time.

Hence, in compliance with the above Circulars, the 87th AGM of the Company is being conducted through VC or OAVM facility. Hence the members can attend and participate in the ensuing AGM through VC/OAVM. The deemed venue for the 87th AGM shall be the Registered Office of the Company.
- In compliance with various Circulars issued by MCA and SEBI, the Notice calling the AGM has been uploaded on the website of the Company at www.amrutanjan.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com
- In compliance with various Circulars issued by MCA and SEBI, the Notice calling the AGM and Annual Report for the Financial Year 2023-24 are being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. For any communication, the shareholders may also send requests to the Company's investor-mailid: shares@amrutanjan.com
- A member entitled to vote at the AGM is entitled to appoint proxy to attend and vote on his/her behalf and the proxy need not be a member. In terms of MCA Circulars, since physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, facility of appointment of proxies by Members under Section 105 of the Companies Act, 2013 ("the Act") will not be available for the 87th AGM 2024 and hence the Proxy Form and Attendance Slip are not annexed to the Notice. However, bodies corporates/institutional members (other than individuals, HUF, NRI, etc.) are entitled to appoint authorised representatives as the members to attend the AGM through VC/OAVM, participate thereat and cast their votes through e-voting.
- Facility of joining the AGM through VC/OAVM shall open 30 minutes before the time scheduled for the AGM and the Members can join the AGM by following the Instructions mentioned in this Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
- Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
- An Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 ("Act") relating to the Items 4 & 5 to be transacted at the meeting is annexed hereto. Information pursuant to regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI LODR) and Secretarial Standard on General Meetings (SS-2) with respect to Directors seeking appointment/re-appointment at the AGM is also furnished in the Annexure to this Notice. The Director has furnished the requisite consent / declaration for his appointment.
- The Board of Directors, at its meeting held on 23rd May, 2024, has recommended a final dividend of ₹2.60 per equity share of face value of ₹1/- each for the financial year ended March 31, 2024 for the approval of members at the 87th AGM. The Record date for the payment of Dividend has been fixed as Monday, September 16, 2024. The dividend, as recommended by the Board, if approved at the AGM, in respect of equity shares will be payable to the beneficial owners of shares as on September 16, 2024 as per the details to be furnished to the Company by the Depositories for this purpose.
- The Register of Members and the share transfer books will remain closed from Tuesday, September 17, 2024, to Monday, September 23, 2024 (both days inclusive). Transfer requests received during book closure, if any, will be considered only after reopening of the Register of Members.
- Members may note that pursuant to Finance Act, 2020, dividend income will be taxable at the hands of shareholders with effect from 1st April, 2020. Therefore, the Company is required to deduct tax at source (TDS) at the time of making the payment of final dividend to members at prescribed rates as follows .

Members having valid PAN *	10% or as notified by the Government
Members not having Valid PAN*	20% or as notified by the Government

*Shareholders are requested to note that in case their PAN is not registered or having invalid PAN or a Specified Person as defined under section 206AB of the Income-tax Act, 1961 the tax will be deducted at a higher rate prescribed under section 206AA or 206AB of the Income-tax Act, 1961, as applicable

*As per section 139AA of the IT Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, shall be required to link the PAN with Aadhaar. In case of failure to comply with this, the PAN allotted shall be deemed to be invalid / inoperative and he shall be liable to all consequences under the IT Act and tax shall be deducted at the higher rates as prescribed under the IT Act.

- A Resident individual shareholder with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source by submitting the documents in accordance with the provisions of the Income Tax Act, 1961. Further, no tax shall be deducted on the dividend payable to resident individual shareholders if the total dividend to be received by them during financial year 2024-25 does not exceed ₹5,000.
- The Final dividend, once approved by the members in the AGM, as per Regulation 12 read with Schedule I of SEBI LODR, will be paid electronically through various online transfer modes to those members who have updated their bank account details. To avoid delay in receiving dividend, members are requested to update their KYC with their depositories (where shares are held in dematerialized mode) and with the Company's Registrar and Transfer Agent (RTA) (where shares are held in physical mode) to receive the dividend directly into their bank account on the payout date.
- Members are requested to note that the Company's Equity Shares are under compulsory demat mode of trading. The Securities and Exchange Board of India (SEBI) vide its circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated that no transfer, transmission, transposition or issue of duplicate securities certificate of shares held in physical mode are permitted with effect from January 25, 2022. Hence, members who have not yet dematerialized their physical shareholdings in the company are advised to avail the facility of dematerialization of equity shares of the company.
- Members holding shares in electronic form are requested to intimate immediately any change in their address or bank mandates to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to advise any change in their address immediately to the Company/Registrars and Transfer Agents (RTA), M/s. Cameo Corporate Services Limited.
- Members who hold shares in physical form in multiple folios in identical names or joint holding in the same order of names are requested to send the share certificates to the Company/RTA for consolidation into a single-folio.
- In case of joint holders attending the meeting, only such joint holder who is higher in the order of the names would be entitled to vote.
- Pursuant to the provisions of Section 124 and 125 of the Companies Act, 2013, the dividend which remains unclaimed for a period of seven (7) years from the date of declaration would be transferred to the "Investor Education and Protection Fund" (IEPF) constituted by the Central Government and the shareholders would be able to make claims to the amount of dividends transferred to the Fund only after following the prescribed procedure. Accordingly, during the Financial Year 2023-24, the Company has transferred the unclaimed dividend of ₹3,55,370.40, ₹7,81,618, ₹3,63,007/- declared during the Financial Year 2015-16 (1st Interim), 2015-16 (2nd Interim) and 2016-17 (1st Interim). The unclaimed dividend pertaining to Interim Dividend declared during 2016-17 (2nd Interim) amounting to ₹3,64,851 was also transferred to IEPF account in the month of April 2024. These queries may also be replied to by the company suitably by email.
- Subject to receipt of requisite number of votes, the Resolutions shall be deemed to be passed on the date of the Meeting.
- The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the members during the AGM. All documents referred to in the

Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice upto the date of AGM, i.e. 23rd September 2024. Members seeking to inspect such documents can send an email to shares@amrutanjan.com

24. As per the provisions of Section 72 of the Companies Act, 2013, the facility for submitting nomination is available for members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit these details to their Depository Participant in case the shares are held by them in electronic form and to the RTA in case the shares are held in physical form.
25. Since the AGM will be held through VC in accordance with the Circulars issued by the Regulatory, the route map of the venue is not attached to this Notice.

26. VOTING THROUGH ELECTRONIC MEANS

- Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
- The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
- Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- The voting period begins on 20th September 2024 from 09.00 A.M and ends on 22nd September 2024 at 05.00 P.M**
During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (16th September 2024) of may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. To increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Explanatory Statement pursuant to Section 102 (1) of the Company

Item No. 4 Appointment of Mr. V Nagaraj (DIN: 00190903) as Non-Executive Independent Director

Mr. V Nagaraj (DIN: 00190903) Additional Director (Non- Executive Independent) has, joined the Board of the Company on August 13, 2024, and his current tenure is expiring on the conclusion of the ensuing AGM. Mr. Nagaraj holds Bachelor's Degree in Science and Postgraduate Diploma in Marketing Management/Business Administration. He has 40 years of comprehensive experience in OTC and Pharmaceutical industry. He was associated with Apex Laboratories as Sr. Vice President/Executive Vice-President and with Glenmark Laboratories/Marksans Ltd as GM/Director (Sales & Marketing) & Whole time Director. Earlier he has worked with Parke-Davis in Senior Managerial position. His vast experience in OTC and Pharma industry is considered as a value addition and of great relevance to the Company and the Board of Amrutanjan Health Care Limited.

The Company has received a declaration from Mr. V Nagaraj confirming that he meets the criteria of independence under the Companies Act, 2013 ("Act") and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR"). Further, the Company has also received Mr. V Nagaraj's consent to act as a Director in terms of section 152 of the Act, and a declaration that he is not disqualified from being appointed as a Director in terms of Section 164 of the Act.

The Nomination and Remuneration Committee has discussed the proposal and recommended the appointment of Mr. V Nagaraj as Non-Executive Independent Director, for a term of five (5) consecutive years commencing from August 13, 2024, which was later approved by the Board.

In the opinion of the Board, Mr. V Nagaraj fulfils the conditions specified in the Act, and rules made there under and SEBI LODR for his appointment as an Independent Director of the Company and is independent of the management.

In line with the Company's remuneration policy for Independent Directors, Mr. V Nagaraj will be entitled to receive remuneration by way of sitting fees as approved by the Board of Directors, reimbursement of expenses for participation in the Board meetings and Committee meetings and commission on profits of such sum as may be approved by the Board of Directors on the recommendation of the Nomination and Remuneration Committee subject to the overall ceiling limits prescribed under the Act and approved by the shareholders.

Pursuant to the provisions of Section 149 and other applicable provisions of the Companies Act, 2013, an Independent Director shall hold office for a term up to five (5) consecutive years on the Board of a Company, subject to passing of special resolution and disclosure in the Board's report and in the opinion of the Board, fulfil the conditions specified in the Companies Act, 2013, SEBI (LODR) and the other applicable provisions and rules thereto.

The Board after considering the skill, knowledge, immense experience and expertise in the field of Finance, Sales, Marketing and Business Development and the fulfilment of the conditions specified in the Act and the Rules framed thereunder and based on the recommendations of Nomination and Remuneration Committee, has recommended passing the resolution set out in Item No.4 of this Notice for approval of shareholders by way of Special Resolution. The letter of appointment of Mr. Nagaraj setting out the terms and conditions of appointment is being made available for inspection.

Mr. NAGARAJ VISWANATHAN is interested in the resolution as it relates to his own appointment.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

Item No. 5 Cost Auditor Remuneration

Pursuant to the provisions of Section 148 (3) of the Companies Act, 2013 and Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the Company is required to appoint a Cost Auditor to conduct the audit of the cost records of the applicable products of the Company. As per the Rules, the Board shall appoint an individual, who is a Cost Accountant, or a firm of Cost Accountants in practice, as Cost Auditor on the recommendations of the Audit committee, which shall also recommend remuneration for such Cost Auditor. The remuneration recommended by the Audit Committee shall be considered and approved by the Board of Directors and ratified subsequently by the shareholders.

The Board of Directors of the Company, at its meeting held on August 13, 2024, had considered the recommendation of the Audit Committee and approved the appointment of M/s Geeyes & Co., Cost Accountant (Firm Registration No:000044) as the Cost Auditor of the Company for the financial year 2024-25 at a remuneration of ₹5,50,000/- (Rupees Five lakhs fifty thousand only) plus applicable taxes and reimbursement of out-of-pocket expenses.

In accordance with the provisions of Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014, the remuneration payable to the Cost Auditors is required to be ratified by the members of the Company. Accordingly, ratification by the members is sought to the remuneration payable to the Cost Auditors for the financial year ending March 31, 2025 by passing an Ordinary Resolution as set out at Item No. 5 of the Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution. The Board of directors accordingly recommends the Ordinary Resolution as set out at Item No. 5 of the Notice for approval by the members.

13. BOARD MEETINGS

During the year, six (6) meetings of the Board of Directors were held. The intervening gap between any two Meetings was less than 120 days in compliance with the provisions of Section 173(1) of the Companies Act, 2013. The complete details of the meetings are furnished in the Report on Corporate Governance which forms part of this annual report.

14. MEETING OF INDEPENDENT DIRECTORS

During the year, one (1) separate meeting of Independent Directors was held. In the said meeting, the independent directors assessed the quality, quantity, and timeliness of flow of information between the management and the Board and have expressed that the current flow of information and contents were adequate for the Board to effectively perform its duties. They also reviewed the performance of the non-independent directors and the board as a whole and the performance of the Chairperson of the Company considering the views of Executive Director and Non-Executive Directors.

15. BOARD DIVERSITY

The Company recognizes and embraces the importance of a diverse board in contributing to its success. Adequate diversity on the Board is essential to meet the challenges of business globalization, rapid deployment of technology, greater social responsibility, increasing emphasis on corporate governance and enhanced need for risk management. The Board enables efficient functioning through differences in perspective and skill, and fosters differentiated thought processes at the back of varied industrial and management expertise, gender, knowledge, and geographical backgrounds.

The Board has adopted the Board Diversity Policy which sets out the approach to diversity of the Board. The policy is available at the website of the Company at www.amrutanjan.com.

16. BOARD EVALUATION

Pursuant to Section 134 of the Companies Act, 2013 read with Rule 8(4) of the Companies (Accounts) Rules, 2014 and SEBI LODR, the Board of Directors during the year carried out an annual performance evaluation of its own performance, the directors individually (without participation of the relevant director) and the Chairman. The evaluation was carried through a structured methodology approved by the Nomination and Remuneration Committee. The criteria for performance evaluation have been detailed in the Corporate Governance Report. The outcome of the evaluation also forms the basis for the Nomination and Remuneration Committee while considering the re-appointment of Directors.

17. REMUNERATION POLICY

The Remuneration policy of the Company deals with the appointment of and remuneration to the Executive & Non- executive Directors, Key Managerial Personnel and Senior Executives of the Company including criteria for determining qualifications, positive attributes, independence of a Director and other related matters. It aims to attract, recruit and retain exceptional talent and ensures that the remuneration is performance driven. The Policy can be accessed in the website of the Company through the link - <https://www.amrutanjan.com/policy.html>. The Nomination and Remuneration Committee has also framed a Policy on Board diversity appropriate to the business requirements of the Company, which inter-alia specifies optimum

combination of Executive Directors, Non-Executive Directors, and Independent Directors. The role of Nomination and Remuneration Committee is to ensure that the Policy on Board diversity is considered while recommending the appointment of new directors on the Board of the company

The details of remuneration paid/payable to the directors during the financial year 2023-24, are furnished in the Report on Corporate Governance annexed to this report.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Overview

Global Economy

Over the past two years, the impact of the Covid-19 pandemic on lives and livelihoods has diminished. This period has been marked by significant events, including supply chain disruptions and the Russia-Ukraine war, which triggered a global energy and food crisis and a surge in inflation. The period also saw globally synchronized monetary policy tightening.

According to the IMF's "World Economic Outlook April 2024" report, the global economy is resilient, with steady growth and inflation returning to target. The forecast for global economic growth is stable at 3.2% for 2024 and 3.3% for 2025. Inflation in emerging markets is expected to remain higher and decline more slowly compared to advanced economies. Trade policy uncertainty remains high due to major elections.

A significant share of global growth in 2024 is anticipated to come from Asia, despite China's weaker-than-expected recovery, sustained weakness in the USA, higher energy costs in Europe, and weak global consumer sentiment driven by the Ukraine-Russia war and the Red Sea crisis, which have led to higher logistics costs. Tightening monetary policies have resulted in increased policy rates and higher interest rates for new loans.

Emerging markets and developing economies showcased resilience, benefiting from shifts in global supply chains and trade tensions. The IMF projects these economies to grow by 4.3% in 2023, outpacing their advanced counterparts. Amidst these global dynamics, India stands as a bright spot.

The global healthcare industry in 2024 is marked by significant advancements and ongoing challenges. The sector is experiencing a resurgence in spending due to a recovering global economy and increased investments in health technology, digital therapeutics, and data sharing practices. Key trends include the adoption of artificial intelligence, telemedicine, and personalized medicine, which are transforming healthcare delivery and improving patient outcomes. However, the industry continues to grapple with healthcare worker shortages, regulatory complexities, and disparities in access to care. Innovations in care models and virtual healthcare are pivotal in addressing these challenges and shaping the future of healthcare.

In its latest Economic Outlook, the OECD describes that the global economy is maintaining steady progress. However, the economic landscape is becoming more complex, with both opportunities and risks. The risk of elevated inflation has increased the likelihood of prolonged high interest rates, raising external, fiscal, and financial risks. Projections indicate a decrease in global headline inflation to 5.7% in 2023, further dipping to 3.9% in 2024. Monetary policy tightening by central banks like the Federal Reserve and the European Central Bank has raised debt servicing costs, especially for nations with foreign currency-denominated debts. Effective policy action is essential to ensure macroeconomic stability and enhance medium-term growth prospects.

ANNEXURE B

Indian Economy

India's economy has demonstrated remarkable resilience amidst global challenges and geopolitical tensions, driven by strong domestic demand, substantial investments, and dynamic growth in manufacturing and services. The estimated Real GDP growth rate for FY24 is 8.2%, up from 7.0% in FY23, highlighting the country's robust economic framework and the effectiveness of its growth strategies. India is on track to become the third-largest economy within the next three years.

Corporate balance sheets are largely de-leveraged and healthy, with private investments on track. Inflation is nearing the Reserve Bank of India's (RBI) target of 4%, with forex reserves at record levels. The National Statistics Office (NSO) reported a retail inflation rate of 5.09% in February 2024, which eased to 4.85% in March 2024. The fiscal deficit is expected to stay within the 5.1% target for FY25. In FY24, the Consumer Price Index (CPI) inflation averaged 5.4%, with rural inflation exceeding urban inflation.

FY24 saw a milestone with gross GST collections of ₹20.18 lakh crore, up 11.7% from the previous year. Managing inflation remains a key focus for policymakers. India's infrastructure sector is set for significant growth, with the National Infrastructure Pipeline (NIP) planning \$1.4 trillion in investments by 2025. The growth estimate for FY25 has been revised upwards to 7.2%.

Despite the impact of global geopolitical events on demand, fuel prices, and foreign exchange, India has maintained its growth trajectory. A predicted rural recovery, aided by above-normal monsoons in 2024, is expected to further enhance growth.

(a) Industry Structure and Development

Industry Overview

The global FMCG market is anticipated to sustain its growth momentum in 2024, propelled by increasing consumer demand, technological advancements, and post-pandemic economic recovery. It is expected to grow at a CAGR of 4.9% from 2023 to 2028. Key drivers include the rising popularity of convenience products, health and wellness trends, and the expansion of e-commerce. The sector is also undergoing a significant shift towards sustainability, with companies adopting eco-friendly practices and sustainable packaging solutions in response to consumer demand and regulatory requirements. Sustainability will remain a critical focus for FMCG companies in 2024, with an emphasis on reducing carbon footprints and promoting circular economies.

Consumer preference for health and wellness products, such as organic, natural, and functional foods, is growing. There is an increasing demand for products that enhance health and well-being, prompting companies to innovate and expand their portfolios with healthier options. Digital transformation continues to play a crucial role in the FMCG industry, with the

rise of e-commerce and digital marketing strategies enabling companies to reach a broader audience and enhance consumer engagement. Digitalization in the FMCG sector is expected to accelerate in 2024, driven by technology investments that boost efficiency and growth. Emerging markets are also expected to be significant contributors to FMCG growth in 2024, with regions such as Asia-Pacific, Latin America, and Africa projected to see increased consumer spending due to rising disposable incomes and urbanization.

In India, the FMCG sector is set for robust growth in FY24, with projected revenue growth of 7-9%. This growth is attributed to higher volumes, a revival in rural demand, and steady urban consumption. The positive outlook highlights the industry's resilience and growth potential. In the first quarter of FY24, the Indian FMCG sector registered a 6.6% growth, driven by stable consumption and rising demand in rural areas. Despite past challenges, rural markets are showing signs of recovery, contributing to overall market growth.

The sector continues to face challenges such as inflationary pressures and fluctuating consumer confidence. However, government initiatives and favorable economic policies are expected to support industry growth. The Union Budget 2024, with its focus on agriculture and infrastructure, is likely to provide additional support for the FMCG sector. Non-food segments, particularly home care categories, are expected to perform well, driven by increasing consumer awareness and demand for hygiene products, reflecting the global shift towards health and wellness.

Category Overview

The rubefaciants category, after a de-growth in FY23, bounced back with a double-digit value growth in FY24 due to improved volume offtake. In fact, it was the second highest in the past five years, after the growth during peak COVID-19 in FY22—the same trend was seen in volume growth as well. This indicates that the growth is consumption-driven and the category is coming back to normalcy after hitting its peak during the second wave of the pandemic.

In FY24, the rubefaciants category was valued at ₹6,612 crore. Amrutanjan Health Care Limited (AHCL's) volume growth outperformed the category, achieving a growth rate approximately 1.1 times that of the category.

RUBEFACIENT VAL GR TRENDS (%)

The Head category within Rubefaciants followed the same trend; after a decline in FY23, it witnessed a double-digit value growth in FY24. The category was valued at ₹1,723 crore from ₹1,564 crore in the previous year. The Company experienced superior growth throughout most of FY24 compared to the Headache category. AHCL's volume growth was higher than the Headache category in three out of four quarters in FY24.

After experiencing negative growth in FY23, the Body Ache category achieved a healthy double-digit growth rate in FY24, surpassing the ₹3,000 crore mark. Though AHCL has a relatively smaller base in this space, the volume growth was higher than the category, across all quarters of FY24.

The category trends were also evident in internal sales, with secondary growth observed in both the Headache and Body ache segments, consequently impacting primary sales positively.

Company Overview

OTC Business

The Company's Over-the-Counter (OTC) segment achieved gross sales of ₹423.74 crore. General Trade (GT) emerged as the primary contributor, representing 85.4% of the total turnover and showing a growth of 13.0% compared to FY23. This increase aligns with the growth in the Headache category, which saw a resurgence in FY24 over FY23, mainly driven by the Chemists and Grocers channels.

Channel Revenue Contribution (OTC)

The Headache segment continues to be the leading driver of AHCL's domestic sales, contributing 60.4% (₹251.47 crore) to the total of ₹416.70 crore. Amrutanjan has also seen positive growth in other areas as a multi-brand and multi-category company.

One notable category is Women's Hygiene, which saw its contribution increase significantly from 21% to 26%. Additionally, Comfy has become the second brand in the Amrutanjan portfolio to achieve the ₹100 crore milestone. The brand achieved a remarkable 38% growth in FY24, increasing from ₹78.68 crore to ₹108.24 crore compared to the previous year.

In FY24, the Women's Hygiene category experienced significant growth. However, this led to a decrease in contribution from other categories despite their growth compared to the previous year. Sales of ₹38.32 crore in the Body category positioned it as the third largest segment in the OTC business.

Category Revenue Contribution (OTC Domestic)

Pain Management

AHCL is dedicated to promoting a sustainable environment. One major initiative involved switching the Maha Strong Balm from a plastic to a glass bottle, which has been well-received by consumers and the trade.

Marketing Activities

The Company is firmly committed to improving its pain management portfolio by implementing an Integrated Marketing Communication (IMC) plan. This extensive strategy utilized a variety of mediums, including TV, print, outdoor advertising, digital, and sampling, to broaden its reach and engage a wider audience. The primary goal of these efforts is to showcase the outstanding efficacy of the Company's pain management solutions.

Digital Assets

The Company emphasizes the strategy of highlighting how each balm is designed to address the specific needs of different consumer segments. This strategy comprehensively uses digital media, alongside TV media, to communicate this message effectively.

Amrutanjan Pain Balm: Headache and Cold; Strong Pain Balm: Headache and Body Pain; Maha Strong Pain Balm: Headache and Ortho Pain

Amrutanjan served as the official 'Pain Relief Partner' for the Chennaiyin FC franchise in the Indian Soccer League (ISL), launching a digital campaign to reach the relevant audience effectively.

Amrutanjan launched a digital campaign for the Head, Body, and Congestion portfolio, specifically targeting consumers in Zambia, one of its global markets. The campaign was well-received by the target audience and had high engagement.

Sampling

Sampling has always been a crucial strategy for consumer acquisition. AHCL has upheld this practice for decades and continued it in FY24. The Company distributed samples of pain balms and roll-ons in high-traffic areas across Tamil Nadu, Karnataka, Telangana, Andhra Pradesh, Maharashtra, Delhi, Gujarat, and Kerala, engaging with and reaching out to 5,00,000 people.

Visibility

AHCL enhanced visibility by consistently using point-of-sale materials (POSM) nationwide. One particular initiative focused on promoting Maha Strong and showcasing its glass bottle packaging at the point of sale. The Company installed impactful displays in stores that are highly frequented by consumers.

Rewards and Recognition

Amrutanjan was felicitated with the Economic Times (ET) 'Best Healthcare Brands Award-2023.' It is among the top 200 healthcare companies out of a thousand in India.

Electro+ ORS

Global warming is resulting in higher temperatures and more frequent extreme weather events, making the issue of dehydration a more urgent concern than ever. The body loses water through sweat, especially when insufficient water intake leads to increased health risks. These climate changes and resulting water shortages have contributed to various health issues related to dehydration and heat stress. Risks have risen for conditions such as cognitive dysfunction, malnutrition, waterborne infectious diseases, chronic kidney disease, and symptoms like fatigue, dizziness, headaches, and even heatstroke. While consumers are becoming more aware of the need for rehydration, overall penetration in this category remains low.

Amrutanjan's Electro+ is a highly effective rehydration drink specially formulated to address dehydration. It contains a perfect blend of electrolytes, glucose, and Vitamin C, providing half the recommended daily allowance in each 200-ml bottle. Moreover, Electro+ boasts the goodness of real fruit juice, which is available in delicious apple, orange, and lemon flavors.

Marketing Activities

AHCL acknowledges the importance of educating consumers about the need for rehydration. Therefore, all initiatives are solely focused on effectively delivering this message.

New Brand Ambassador for Electro+

As part of the Company's strategy of associating with sports, it partnered with Ruturaj Gaikwad, a renowned Indian cricketer and captain of the Chennai Super Kings, to be the brand ambassador for Electro+.

Amrutanjan Healthcare strengthens focus on Health with Electro+, launches Low Sugar variant and ropes in Ruturaj Gaikwad as Brand Ambassador

Chennai: Amrutanjan Healthcare, a renowned name in the healthcare and wellness industry, is proud to introduce the latest addition to its product line up - the low sugar variant of Electro+, an electrolyte drink designed to replenish energy levels and combat dehydration and fatigue. In conjunction with this launch, Amrutanjan also announces Indian cricketer Ruturaj Gaikwad as the brand ambassador for Electro+.

Electro+ has been formulated to provide effective cell-level hydration and replenishment of electrolytes, essential for restoring energy and combating exhaustion. With the introduction of a low sugar variant, Electro+ continues to prioritize health-conscious consumers, offering a refreshing beverage option with no added sugar.

The unveiling of the low sugar variant of Electro+ coincides with Amrutanjan's partnership with Ruturaj Gaikwad, an emerging star in Indian cricket. Ruturaj's dedication to his sport and commitment to maintaining peak performance align perfectly with Electro+'s core values of promoting health and vitality.

As the brand ambassador, Ruturaj Gaikwad will play a pivotal role in showcasing the benefits of Electro+ and encouraging consumers to prioritize hydration and electrolyte balance for overall well-being.

Amrutanjan created a new TV commercial (TVC) that scientifically explains how dehydration affects cells and how Electro+ can help restore them to normal levels. The TVC features people from various walks of life, demonstrating the relevance of rehydration drinks for everyone, regardless of their profession.

Digital Assets

The Company leveraged the IPL as a platform to reach a wider audience, utilizing digital and connected TV (CTV) channels.

AHCL engaged with influencers from various professions and launched video campaigns on digital platforms like YouTube and Instagram to communicate the benefits of healthy beverages like Electro+. These efforts were aimed at raising awareness and consideration for the brand.

Sampling

Amrutanjan continued its educational efforts on the ground by distributing samples to 1,00,000 consumers in Tamil Nadu, Karnataka, Telangana, Andhra Pradesh, Maharashtra, West Bengal, Delhi, Uttar Pradesh, Bihar, and Odisha.

Visibility

To further leverage the partnership with Raturaj Gaikwad, AHCL organized in-store visibility campaigns to boost brand awareness and consideration.

Events

Sports is a crucial segment for Electro+, and AHCL has demonstrated its firm commitment by serving as the 'Official Rehydration Partner' for the Professional Golf Tour of India (PGTI). The Company distributed Electro+ at all PGTI events across India and several marathon events, aligning with its mission to provide athletes with an effective and reliable solution for maintaining optimal hydration and enhancing their overall performance.

Women's Hygiene

In India, less than 50% of women use sanitary napkins for menstrual hygiene, with even lower usage rates in rural areas. The overall penetration is 45.8%, with urban areas at 63.2% and rural areas at 36.5%. Many women in rural regions still use cloth due to challenges such as

limited access to—and affordability of—sanitary products. With around 50% of women not using sanitary napkins, this category has a significant opportunity for growth.

Comfy Sanitary Napkins focuses on addressing the menstrual needs of women in rural and lower-income urban areas, providing an affordable solution. The brand has reached 81.94 lakh households (MAT August 23), with a 34% increase in penetration compared to last year. Reflecting its core mission to serve lower-income consumers, 65% of Comfy's reach is from rural households. Internal sales grew by 38% in FY24 compared to FY23. Key consumer metrics such as awareness, consideration, and usage have significantly improved in FY24 over the previous year.

Marketing Activities

A crucial factor in the success of the Comfy brand is its ongoing investment in comprehensive brand-building initiatives aimed at increasing awareness, consideration, and trials.

AHCL's continued partnership with well-known actress Shradha Kapoor demonstrates the brand's dedication to impactful collaborations. The commercial effectively conveys the empowering message of 'The Power to Be You' in a fresh, modern, and vibrant manner. Understanding the unique needs of audiences in different regions, Amrutanjan also developed new communication strategies for Tamil Nadu by partnering with a local celebrity to better connect with the local audience.

Digital Assets

As a pioneer in pain management, AHCL introduced the Period Pain Relief Roll-On specifically to address menstrual pain. The Company created digital films highlighting how traditional practices, such as tablets with side effects and hot water bags, can be cumbersome.

Sampling

The Company continued its commitment to Project Disha for the fourth consecutive year, a program focused on educating and encouraging women to use sanitary napkins. This year, the project expanded from one state to four (Tamil Nadu, Jharkhand, Uttar Pradesh, and Madhya Pradesh), broadening the school sampling activities. The goal is to promote healthy menstrual practices among students, and boost awareness and trials of Comfy.

Empowering Women Every Day: Amrutanjan's Comfy Champions #PowerToBeYou on International Women's Day

Varanasi (Agency): In celebration of International Women's Day, Amrutanjan Health Care Limited reaffirms its commitment to empowering women and girls through its campaign #PowerToBeYou. The campaign, launched by Amrutanjan Comfy, a fast-growing menstrual hygiene brand, addresses the critical issue of period poverty in India and aims to spread the message that every woman has the right to manage her periods with dignity and confidence. Mr. S. Sambhu Prasad, Chairman & Managing Director, Amrutanjan Health Care Limited, said, "As a purpose-driven organization, we have consistently advocated for raising awareness about the significance of menstrual health and its potential to empower women. We firmly believe that every woman is entitled to access safe and hygienic period care products. With Comfy, we're dedicated to not only raising awareness about period poverty but also empowering women to confidently and proudly embrace their menstrual cycles. The #PowerToBeYou campaign serves as our unwavering commitment to fostering a society where period dignity is not merely a privilege but an unequivocal right." Comfy's brand ambassador Ms. Shradha Kapoor also added, "By championing menstrual equity and nurturing inclusive environments, we have the power to shift perceptions of periods from taboo to celebration. By prioritizing education, accessibility, and empathy, we can shape a world where every girl embraces her menstrual journey with pride, confidence, and empowerment, embodying the essence of #PowerToBeYou." #PowerToBeYou aims to transform communities by empowering women with access to affordable and high-quality menstrual hygiene products. By providing education, raising awareness, and promoting access to essential products, Amrutanjan Comfy is committed to creating a healthier and more equitable future for all women. For years, Amrutanjan Comfy has been at the forefront of addressing the issue of period poverty in India. Under its Project Disha, this year, the company has reached out to 10 states, 900 towns, 400 schools, 4.8 Lakh students and 100 Anganwadi centers across India to create awareness around menstrual hygiene and dismantle the barriers that hinder access to essential menstrual hygiene products. Heralding the celebrations of Women's Day, Comfy has recently started a drive to support women police officers, on their period journey, through a period pain relief initiative. After a successful pilot in Chennai, this initiative is poised to target more cities across India to raise awareness about menstrual health and alleviate period pain among women.

Visibility

AHCL's visibility initiatives continued to drive saliency at point of sale for both Comfy and Period Pain Relief Roll On.

Rural Van Coverage

Amrutanjan continued to focus on last-mile coverage to make its products available in the most remote parts of the country. We deployed Rural vans across Andhra Pradesh, Jharkhand, Maharashtra, Rajasthan, and Uttar Pradesh, covering 552 towns.

New Launch

Relief Hot Drink

Relief Cold and Cough hot drink was introduced to help with sore throat issues. It is a unique ayurvedic product (similar to Kada/Kashayam) that comes in powder form and must be consumed with hot water, tea, or milk. It is priced at an affordable ₹10. The product was extensively sampled in various markets and presented to retailers, who are crucial in recommending such products.

Relief Assorted Mint Pouch

Relief Cold and Cough drops are in an assorted pack with three new flavors: Lemon, Ginger, and Tulsi. This pack was aimed at activating the Wholesale segment, thereby reaching out to outlets in lower town classes.

Electro+ Low Sugar

To cater to the health-conscious and diabetic segments, AHCL launched Electro+ low-sugar variants in two flavors: Apple and Orange. This variant is different from Electro+ Rehydrate as it has no added sugar and is low in Osmolarity (245 mmol/L), which is the same as the WHO ORS Recommended Osmolarity.

Electro+ Lemon

Electro+ Lemon flavor was added to the portfolio to provide consumers with a range of options to choose from, catering to their taste preferences. It is enhanced with Taurine to increase alertness, reduce fatigue, and promote overall well-being.

Comfy Slim Fit

To meet the needs of consumers seeking more advanced sanitary napkins, the Company extended the Comfy brand to include slim-fit napkins. This slim napkin offers 5X Longer-Lasting Dryness than the leading brand.

Modern Trade (MT)

The Modern Trade (MT) channel continued its growth trend, achieving sales of ₹44.65 crore, a 7% increase over FY23. Over the past 11 years, the MT channel has seen significant expansion, growing more than sevenfold with an impressive Compound Annual Growth Rate (CAGR) of 22.1%. This outstanding achievement is a testament to the effectiveness of AHCL's strategies and the rising demand for its products in the modern retail segment.

Modern Trade Sale Revenue

Distribution

AHCL has been focused on expanding its distribution reach, making its products available in 1.13 million outlets. The distribution reach for the Rubefacient and Headache categories is undergoing adjustments, which is also reflected in AHCL's distribution network. Through this extensive distribution network, the Company ensures that its products are accessible across various states in India, meeting the needs of its valued customers.

Pain Management Distribution

One key metric for understanding the demand for a product is Share Among Handlers (SAH), which gives a picture of a brand's share in the outlets where it is present in. Amrutanjan SAH in the headache category has consistently increased, and recording the third highest in Q4 FY24 in the last 12 Quarters.

Direct Distribution

AHCL, with its extensive sales manpower, covers different types of outlets, ensuring the reach and availability of its range of products across categories. In FY24, AHCL's sales force effectively serviced a vast network of 3.66 Lakh outlets across India (as against 2.66 lakh outlets in FY23 across India), spanning various town classes. These outlets include chemists, grocers, general merchants, supermarkets, etc. The different types of outlets covered by its manpower are given below:

Outlet Types Covered by AHCL Salesforce (%)

Sales Effectiveness

The key mantra for AHCL has been consistently improving the efficiency of the sales manpower. As a result, there has been a significant increase across all key sales metrics, as given in the table below:

Sales Metrics	Mar 24 Vs April 23 Index (No. of Times)
Sec. Sales Per Manpower/Month	1.56
ECO Monthly	1.36
Productive Calls/Month	1.31
Total lines Sold/Month	2.10
Lines Per Day	2.02

E-Commerce

The Company's products are easily accessible through leading e-commerce platforms, ensuring a broader consumer reach. These platforms include well-known names such as Amazon, Flipkart, Flipkart Health Plus, Big Basket, Netmeds, PharmEasy, Reliance Jio Mart, Medplus, Apollo, D-Mart Ready, Walmart Best Price (B2B), Nykaa B2B, Tata 1mg, City Mall, and Wellness Forever. An essential aspect of AHCL's strategy is providing quick relief to consumers' pain within 10 minutes through partnerships with Quick Commerce platforms like Swiggy Instamart and Zepto.

In FY24, AHCL achieved sales of ₹7.06 crore through e-commerce. The Company is committed to investing in this channel to drive growth in the coming years.

Exports

Amrutanjan encountered some challenges in the export market across all global regions, resulting in export sales of ₹7.04 crore in FY24. Its exports are heavily reliant on African markets, which accounted for 76% of total export sales, up from 67% in FY23. Additionally, the body segment saw a notable increase in its contribution to overall export sales, rising from 33% to 42%.

Purchase & Logistics

In FY24, the Company faced many challenges. The Red Sea issue, Suez Canal issue, and the ongoing Russia-Ukraine war impacted its material supply. However, AHCL was able to overcome these challenges through meticulous and close follow-up with the vendors.

Favorable crude oil prices and relatively stable forex, coupled with effective procurement strategies, resulted in a savings of ₹431 lakh from polymers and base material for the Company's pain balm. Although there was a marginal impact on sourcing a few raw materials in the beverage division, there were savings in sourcing OTC raw materials, particularly essential oils and Karpoor, with a net saving of ₹155 lakhs.

The Company launched new products like Dental Pain Gel, Pain cream and Electro Plus Lemon and Low-sugar variants.

After the implementation of SAP in the purchase to pay process, the Company began migrating towards automated process controls. All the purchases in the Company are processed through a centralized procurement process.

The Company ensured material availability throughout the year to meet production requirements through meticulous planning and excellent coordination with vendors. The inventories of all materials were carefully managed to maintain uninterrupted production, despite fluctuations. This approach resulted in limited stock-out situations and a seamless flow of materials.

OTC Segment

AHCL optimized and contained the transportation cost by meticulous negotiations and awarding long-term contracts in logistics.

Quality, R&D and Safety

Amrutanjan Health Care Limited (AHCL) prioritizes quality in all facets of its operations, guided by a steadfast commitment to quality management principles. The Company's foremost objective is to ensure the well-being of its consumers by adhering to stringent regulatory standards and consistently meeting their expectations of safety, quality, and performance in all its products.

To accomplish this, AHCL has implemented standardized quality management systems at all its operational sites. These systems are designed to eliminate defects and enhance productivity, operating in alignment with Goods Manufacturing Practices outlined in the Indian Drugs & Cosmetics Act. The Company's Quality Management System for the over-the-counter (OTC) division and the Food Safety Management System for the Food and Beverage (F&B) division are aligned with ISO standards, further underscoring its dedication to quality and safety. AHCL is committed to building quality and safety into its products at every stage of production. This entails rigorous evaluation and continual monitoring of the Company's suppliers and materials, as well as a keen focus on delivering the highest quality output, to ensure consumer satisfaction.

AHCL's Research & Development team follows a Quality by Design (QbD) approach to developing new products, consistently striving for excellence in quality. Its flagship products have been subjected to comprehensive clinical studies, validating their efficacy and safety. The packaging design is not only unique to Amrutanjan Health Care Limited, but also incorporates anti-counterfeiting features, for enhanced consumer protection.

To demonstrate the Company's unwavering commitment to quality and food safety, its management systems undergo rigorous annual audits by TUV

certification bodies, ensuring ongoing compliance with established standards.

Amrutanjan is a recognized brand and pioneer in the industry, with a seal of trust and credibility in its products, having catered to consumers' pain-free living for over a century. It is now a valuable and popular brand among Indian consumers.

The Company's OTC Manufacturing units boast ISO certification and are fully compliant with Good Manufacturing Practices and the regulations outlined in the Drugs and Cosmetics Act. AHCL holds itself to the highest standards of quality during the manufacturing process to ensure the production of effective and defect-free products. With a capacity of 1,700 MTe, the Company is well-equipped to meet market demands.

Furthermore, AHCL recently inaugurated a cutting-edge manufacturing facility for allopathic products, equipped with advanced manufacturing and testing equipment in compliance with cGMP regulations. Products outlined in the USFDA OTC Monograph Guidelines will be registered with the USFDA, enabling AHCL to export these products to the USA and other nations.

The Company has obtained a permanent license for its new Allopathic division from the State Drug Control Department, for the manufacturing and sale of drugs. Currently, AHCL is manufacturing the OTC monograph products for process validation and stability studies.

In order to mitigate the production loss risk during unforeseen events like the recent pandemic, the Company has set up duplicate manufacturing facilities for key products across both plants. This contingency plan ensures uninterrupted supply to meet consumer demands in case one plant faces any operational challenges.

In the Beverage plant, the Company is producing ready-to-serve fruit juice and a variant with electrolytes. It follows the best practices as per FSSAI. The plant has been upgraded with a new line and state-of-the-art manufacturing equipments, with double the production capacity. The plant has its own Quality Control and Microbiology Lab facilities. It complies with the statutory and regulatory requirements.

As a first step in taking eco-friendly initiatives, the Company has transitioned from using plastic containers to using glass bottles for one of its products. The Company has implemented an EPR system to ensure compliance with environmentally responsible waste management practices, thus reducing its impact on the ecosystem.

The AHCL management provides a safe working environment for all its employees. The Company also has in place, a Safety Committee, which conducts regular safety audits. AHCL's employees are motivated to improve its operations through training and quality circle meetings for continual improvements.

Overall, the Company takes pride in moving towards digital transformation, adhering to high-quality manufacturing practices, expanding its international presence, and maintaining a safe and motivated workforce. The Company remains committed to further growth and excellence in the industry.

In the women's hygiene category, the Company currently sources its Comfy Sanitary Napkin through a strategic partnership under a private label agreement,

achieving a turnover of ₹100 crore in FY24. In response to increased demand, the Company will establish its own manufacturing facility, operational by Q2 of FY25. This state-of-the-art plant will feature advanced, high-speed, fully automated machinery and will have a production capacity of approximately 2.5 million pads per day, with plans for gradual ramp-up.

This strategic investment highlights the Company's commitment to delivering consistent, high-quality products and positions it for sustainable growth in the competitive women's hygiene category. The Company remains dedicated to innovation and excellence, ensuring products meet customers' needs and positively impact the community.

Information Technology

Digital transformation is now the core of any business transformation, and at AHCL, the Company is passionate about adopting modern and efficient ways of doing business. The use of new-age tools with efficient automation and techniques has helped address operational issues and improve customer satisfaction. Confidentiality, integrity, and availability continue to be the foundation of Amrutanjan's IT Policy. The Company is committed to securing and protecting customer interests and critical business data.

SAP

SAP enterprise process adherence was a key focus area. The Company's key functional teams in Manufacturing, Supply Chain & Logistics, Quality, and Financial Accounting were mandated to implement automated controls provided by SAP. Therefore, many of the manual processes were replaced with automated controls, and the Company witnessed the benefits of this endeavor in the overall business operations. SAP Bank Integration is one such automation that went live in FY24. The General IT Controls (GITC) guidelines provide standard operating procedures for some of the most important aspects for maintaining a reliable and full-proof system. Refined Segregation of Duties (SOD) ensured relevant user access control and authorization. Some fundamental business continuity aspects were also revisited using SAP, such as disaster recovery, backup & restoration, and maintaining audit trails. SAP users now have the flexibility to perform some of their regular business transactions remotely on their mobiles, using the SAP Fiori applications.

World of Amrutanjan (WOA) Stores

AHCL's World of Amrutanjan Stores are one-of-its-kind experience stores that invite consumers to try, buy and provide feedback on all Amrutanjan products. These concept stores, located at Delhi, Ahmedabad, and Chennai, are supported by modern infrastructure and applications for quick billing and payment transactions using any of the online payment modes for convenience. The WOA Stores are under CCTV surveillance for improved user safety.

Information Security

Information Security is one of the most critical areas in the Company's digital transformation journey, especially when its business operations require interactions with external entities, exposing the Company to risks and threats. To assess AHCL's security posture, the Company

conducted Vulnerability and Penetration Testing (VAPT) of its environment, network, and applications. Unsupported hardware and software, which are soft targets for hackers, were retired. Various state-of-the-art defensive mechanisms have been implemented, such as Bitlocker, End Point Detection (EDR), latest Firewall, Log Analyzers, and other partner tools which can minimize the Company's risk exposure.

AHCL has set up a 24/7 Security Operation Centre, which continuously monitors the external and internal threat vectors, proactively reports any suspicious activities, and recommends remedial actions. The Company's patch management software and Data Loss and Prevention (DLP) Tools ensure that the latest patches are applied on end-user systems and data is protected. User awareness on various external and internal threats are also an important aspect of information security. Phishing drills and assessments were conducted to review and inform the users on how to avoid various unsolicited emails and socially-engineered threats. New Biometric System and Gate Pass Systems have been installed in all captive locations for access control and safety measures.

Ongoing Initiatives

Digitizing and tracking the SCM logistics and transportation and distribution networks will be the Company's key focus areas for FY25. It plans to implement SAP Transportation Management, E-Proof of Delivery (EPOD) Software, Distribution Management Software and rollout, and extend the Sales Force Applications for the Modern Trade teams. SAP Payroll and Travel & Reimbursement Automation are also among some of the other critical projects planned for the upcoming fiscal year.

Advanced Pain Management Centre

Advanced Pain Management Centre (APMC) situated in Chennai, Tamil Nadu, is dedicated to continuous research on novel and cutting-edge pain management techniques, offering world-class treatment standards. Thousands of patients continue to receive effective care here for their chronic pain conditions. The APMC was shifted to a more convenient location – Amrutanjan's premises at Chennai – during the year.

The APMC is a distinguished hospital that has achieved certification from the National Accreditation Board for Hospitals & Healthcare Providers (NABH) under the Pre-Accreditation Entry-Level Standards for Small Healthcare Organizations (SHCO) for its non-surgical pain management services. Adhering strictly to NABH guidelines, APMC prioritizes patients' safety, subjecting all procedures and processes to regular audits conducted by its in-house Quality team.

(b) Opportunities and Threats

The OTC (Over-the-Counter) business segment's pain management sector remains a significant contributor to the overall OTC segment. The majority of the Company's revenue (63%) is derived from the Head and Body categories, reaffirming their role as the primary revenue contributors for the Company's growth in the future.

Threats as foreseen by AHCL for the upcoming year:

- Low penetration of AHCL products in P3 markets and strong competition – challenging the Company's market penetration

- Increase in packaging material costs – impacting margins
- Changes in regulatory compliances – impacting business plans

Growth drivers (opportunities) in the upcoming year:

- Building distinctiveness to existing brands by addressing consumer needs
- Launching new products to cater to evolving consumer needs across existing and new categories harnessing 'The Amrutanjan Way'
- Expansion of existing brands to weaker markets
- Distribution:
 - Continuous improvement by setting specific annual milestones
 - Scaling-up by setting specific targets during the appointment of distributors, super stockists, and sub-stockists
- Building the D2C channel
- Deploying specific growth plans to drive MT and e-Commerce
- Continuing to invest in brand-building, using mass media, digital channels, sampling, and merchandising

(d) Outlook

IMF projects India to remain one of the fastest-growing economies in the world for 2024; the country is on track to become the third-largest economy within the next three years. India's growth is projected to be 7%¹ this year, reflecting a carryover from upward revisions to growth in 2023. This projection has been attributed to strength in domestic demand and a rising working-age population².

Indian FMCG sector witnessed a noteworthy 6% growth in value during Q4 FY23³, and is poised for tremendous growth in FY24, according to a recent CRISIL Report⁴. The projected growth for the FMCG sector is 7-9%, fuelled by higher volume, revival in rural demand, steady urban demand⁵, and the decrease in consumption gaps between urban and rural markets⁶. FMCG companies are relying on a lower inflationary environment, projections

¹PIB

²PIB

³NIQ

⁴DD News

of a normal monsoon, and a good rabi yield to support higher volume growth. Other key drivers for growth of the FMCG sector are government initiatives to stimulate consumption and create job opportunities, and digital transformation initiatives⁷.

In the D2C segment, rapid digital transformation and evolving consumer purchase behavior underscored the industry's adaptability and proactive approach to catering to digitally savvy consumers amidst changing market dynamics. In the retail sector, Modern Trade continues to exhibit strong performance with a high double-digit growth rate of 16.8%⁸, demonstrating resilience and sustained demand. This upward momentum in Modern Trade contributes positively to the overall market scenario. Non-Food categories have outpaced Food categories in consumption growth, achieving an increase of 8.7%. Additionally, the online sales channel for FMCG has grown significantly, reaching a valuation of ₹1.7 trillion⁹.

Premiumization and volume growth are projected to expand operating margins by 50-75 basis points, reaching 20-21%¹⁰. However, increasing marketing expenses driven by intense competition will constrain further margin expansion.

According to the CRISIL report, product realizations are expected to grow modestly with slight increases in key raw material prices for the food and beverages (F&B) segment. The softening of price growth has aided consumption, except for staples where non-oil categories continue to experience double-digit price growth. Prices for the personal care (PC) and home care (HC) segments are expected to remain stable.

Higher MSP, increased government spending on rural infrastructure, and a favorable monsoon will contribute to a rural consumer volume growth to the tune of 6-7% in FY25. Urban consumer volume growth is projected to remain steady at 7-8%, driven by rising disposable incomes and a focus on premium products.

However, the FMCG sector's outlook is not without its challenges. Inflationary pressures, subdued consumer confidence, and prevailing unemployment rates are expected to have an impact on the sector's growth. Despite these challenges, the FMCG market in India remains resilient and is poised for significant growth. Key governmental initiatives such as Gati Shakti and Amrit Kaal Vision 2047 have been instrumental in fortifying the FMCG sector's foundation and fostering long-term growth. The positive impact of the interim Union Budget 2024-25, with its focus on rural economic boosters, is expected to amplify this trend.

(e) Risk and Concern

A risk is a potential event or non-event, the occurrence or non-occurrence of which can adversely affect the objectives or strategy of the Company or result in opportunities being missed. Risk is measured in terms of likelihood of occurrence and potential impact if it materializes. COVID-19 remains a potential risk, with any new variant potentially leading to hospitalizations

and lockdowns, causing hardship for the population and disrupting the progress of the economic resurgence.

The two greatest risks for the economy at this stage stem from inflationary pressures and supply-side concerns.

The unpredictable fluctuation in key raw material prices, risk of new product launches not panning out, supply chain disruptions, and major changes in government policies & regulations are some of the long-term risks associated with the business. At Amrutanjan, risks are classified under preventive, strategic, and external categories.

Risk Management

Risk management is a structured, consistent, and continuous process across the organization for identifying, assessing, decision-making on responses to, and reporting on opportunities and threats that may affect the achievement of the Company's objectives. Risk management does not aim to eliminate risks, as that would simultaneously eliminate all chances of rewards or opportunities. Instead, constant efforts are made to analyze their potential impact, assess the changes to the risk environment, and define actions to mitigate any adverse impacts.

Amrutanjan Health Care Limited (AHCL) has implemented a risk management framework that ensures timely identification, analysis, and assessment of risks and potential consequences, formulation of specific mitigation strategies, and their seamless execution. The framework recognizes that risks are highly interconnected and interdependent. This evolved approach views risks within a coordinated and strategic framework, integrated within the organization.

The Risk Management Committee, which is chaired by the Chairman & Managing Director and comprises of three Non-executive Directors, the CFO and the COO, monitors organization-wide risk management activities and reports bi-annually to the Board of Directors.

(f) Internal Control Systems and their Adequacy

The adequacy of the internal control systems and key processes are audited quarterly in selected areas by qualified external auditors, and are reported to the Audit Committee. The follow-up action is reverted on, with a timeline and status.

Statutory compliances are monitored through a fully automated compliance monitoring tool, and a quarterly compliance dashboard is presented to the Board.

The Company has also established an in-house Internal Audit wing, reporting to the Chairman and Managing Director (CMD) for conducting audits, internal checks on processes, and providing suggestions for further improvements in the areas audited. This team coordinates with the Internal Auditors to ensure the successful closure of their audit observations. The Internal Auditors have a free right to access all required information. The Audit Committee functions independently, with complete access to the Internal Auditors and Statutory Auditors.

The Audit Committee continues to monitor the effectiveness of internal control over the use of new technologies that impact the financial controls and reporting the risk.

Performance Management System

The employee Performance Management System (PMS) has been automated through the Company's HRMS software, fostering transparency and enabling all employees to trust that the PMS at AHCL is robust and comprehensive. The Company's organizational objectives are deployed at the employee-level through KRAs, which are reviewed periodically. This also allows the Company to identify performers at different levels, support capability-building and reward exceptional performance.

Learning and Development

AHCL follows a systematic process in identifying learning and development needs through performance reviews, and deliberating with department and team leaders. As the Company has attracted employees with different cultural and experience backgrounds, it is imperative for its management to dedicate training programs for reskilling and upskilling. The Company's Code of Conduct is crucial for all employees to fully be aware of; refresher courses on it are carried out regularly across the organization. The Company has also conducted mandatory POSH awareness programs through both physical and virtual modes; as well as training programs on GMP, sales-enabling skills, managerial and leadership competencies.

One of the Company's key focus areas is its sales force. The Company executes customized learning programs for its sales team across India, utilizing both in-house and external experts. These programs cover selling, supervisory, and managerial skills. The objectives of these programs are designed to improve the selling skills and working patterns of frontline employees.

Occupational Health and safety

All manufacturing plants of the Company demonstrated a high level of safety performance, with zero fatalities. The Company's environment health and safety (EHS) is closely monitored by the management team; it ensures that all precautions have been made to ensure safety and health of the employees.

Employee Stock Option Plan (ESOP)

The Company has successfully implemented the vesting and exercising of the Employee Stock Option Plan (ESOP) for selected employees. All beneficiaries exercised their grants as per the plan and thus ESOP has greatly helped the management to retain their best talents.

Leadership

To strengthen the Company's leadership team, AHCL has hired competent talent for senior-level positions. The management is determined to build a future-fit talent group to drive the next level of growth. Various leadership programs are either conducted in-house or sponsored to enhance the quality of leadership, both to nurture inhouse talent and to cope up with the demand.

Employee Engagement

AHCL implemented regular "Pulse Surveys"; the frequency having increased from annual basis, to twice a year. This engagement survey not only gathers feedback, it also helps improve the work environment. This helps the Company to develop suitable strategies and interventions to improve the work culture, systems, and process. The scores of the Pulse Survey over the years is represented below:

Employee Engagement Survey - Over the Years

The Company has executed workplace initiatives such as "Clean Desk Activities," wellness programs, and annual tours for employees. Additionally, it has developed and implemented policies on "Equal Opportunities" to foster an inclusive workplace culture. Automation of routine tasks of HR processes have increased efficiency. The Company has also established regular discussion loops with the new employees to understand HR services and identify areas of improvement. Periodical town hall meetings with employees across levels, develops a more cohesive work culture, transparency, and feedback sharing practices. The Company has initiated moonlighting evaluations to identify any prospects that might affect working conditions.

Rewards and Recognition

The Company constantly updates its incentive programs to motivate the sales force towards achieving their goals. It has designed a vibrant variable pay policy, which takes into account the Company's performance, department's performance, and the individual's performance. The Company benefits from the good performance of individuals and vice versa. Long service of employees is valued and recognized with suitable rewards, encouraging employees to stay and build their careers alongside the organization.

The Company's purpose is to enhance employee performance through evolving interventions and methods. The continuous transformation will ensure the organization remains relevant, sustainable, and grows in line with business objectives. Amrutanjan is poised for growth with Human Resources strategies and practices aligned with business needs.

Relationship with Union

AHCL has always believed in open and effective employee relations, and maintaining a healthy relationship with its affiliated Union - Amrutanjan Health Care Limited Employees' Union. It enjoys a cordial relationship with the Union, and its representatives are taken into confidence on all Industrial Relations issues, ensuring that any conflict arising between the Union and the management are amicably sorted.

The Company has a system in place pursuant to Regulation 25(7) of SEBI LODR to familiarize its Independent Directors about the operations and functions of the Company, its performance, the industry and business model of the Company, major macro-economic factors affecting the business, regulatory scenario, etc. The senior management team gives a brief presentation on these areas during the Board Meetings. The details of the system are available in the Company's web link <https://www.amrutanjan.com/pdf/FR.pdf>

h. Meeting of Independent Directors

The independent Directors of the company meet without the presence of the Chairman & Managing Director / Chief Executive Officer, other Non- Independent Director, Chief Financial Officer, Company Secretary, and any other Management Personnel. This meeting is conducted to enable the independent directors to, inter-alia, discuss matters pertaining to review of performance of Non-Independent Directors and the Board as a whole, review the performance of the Chairman of the Company (taking into account the views of the Executive and Non- Executive Directors), assess the quality, quantity and timeliness of flow of information between the Company Management and the Board which is necessary for the Board to effectively and reasonably perform its duties.

One meeting of all independent directors was held during the year on May 24, 2023, through VC to inter-alia discuss the following

- Performance of Non-Independent Directors and the Board as a whole
- Performance of the Chairman of the Company, considering the views of the other Directors.
- Quality, Quantity, and timelines of flow of information between the Company and the Board.

The evaluation was done on parameters such as attendance, level of engagement and contribution, independence of judgment, safeguarding the interest of the Company and its stakeholders, etc. The Independent Directors have expressed their satisfaction on the performance and effectiveness of the Board.

i. Prohibition of Insider Trading

Pursuant to provisions of SEBI (Prohibition of Insider Trading) Regulations, 2015 as amended from time to time, to preserve the confidentiality and to prevent misuse of Unpublished Price Sensitive Information (UPSI), the Company has adopted a revised Code for Prohibition of Insider Trading which is applicable to the Designated Persons of the Company effective from 1st April 2019. The Code also provides for disclosures from the designated persons as required under the Regulations.

j. Performance Evaluation Criteria

In terms of the requirement under the Companies Act, 2013 and the Listing Regulations, the Board carried out evaluation of its own performance, the Directors individually and evaluation of working of the Committees of the Board during the financial year 2023-24. The structured evaluation process comprises of various aspects relating to the functioning of the Board and its Committees, number of Committees and their roles, frequency of meetings, level of participation,

performance of duties and obligations and implementation of good corporate governance practices. The questionnaire of evaluation is a key part of the process of reviewing the functioning and effectiveness of each Board member.

The key roles expected to be performed by the Independent Directors relate to governance, control, and guidance. The performance indicators of the Independent Directors include contribution to improve corporate governance practices, active participation in Board /Committee meetings and commitment to long-term strategic planning.

The evaluation report was also discussed at the meeting of the Board of Directors and Nomination and Remuneration Committee. The Board has expressed satisfaction over the performance of all the Directors, its own and its committees which reflected the overall engagement of the Directors, the Board, and its Committees with the Company. In order to further uphold the effectiveness of the Board's governance, an overview of the suggestions was deliberated and recommended for implementation in due course of time, by the Board.

PRINCIPLE 4 : Businesses should respect the interests of and be responsive to all its stakeholders.**Essential Indicator****1. Describe the processes for identifying key stakeholder groups of the entity.**

At Amrutanjan, a stakeholder is any person, organisation, community, or institution that either impact its operations/brand perception or getting impacted by its business. To understand stakeholders' needs and expectations and establish sustainable short-, medium-, and long-term strategies, Amrutanjan collaborates with a wide range of stakeholders. Amrutanjan believes that business risks and opportunities can be managed only through continuous involvement with all its stakeholders. The company's management, business, and functional heads identify the key stakeholders with respect to their level and area of operations, which include investors, shareholders, customers, business partners (including suppliers, service providers, and distributors), employees and workers, regulatory bodies, trade bodies, and other organisations, as well as the local community.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group

 - (f) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021
 - (g) The Securities and Exchange Board of India (Depositories and Participant) Regulations, 2018

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Equity Listing Agreements entered into by the Company with National Stock Exchange of India Limited;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except that the constitution of Audit Committee and Nomination & Remuneration Committee between the period 21st September, 2023 to 25th September, 2023 were not in line with Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulation, 2015. However, it is also noted that there were no meetings of these committees were conducted during the period i.e. 21st September, 2023 to 25th September, 2023.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions were carried out with unanimous approval of the Board and there was no instance of dissent voting by any member during the period under review.

We have examined the systems and processes of the Company in place to ensure the compliance with general laws like Labour Laws, Employees Provident Funds Act, Employees State Insurance Act, considering and relying upon representations made by the Company and its Officers for systems and mechanisms formed by the Company for compliance under these laws and other applicable sector specific Acts, Laws, Rules and Regulations applicable to the Company and its observance by them.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with other applicable laws on the operation of the Company and the rules made thereunder.

We further report that during the audit period, apart from the instance mentioned hereunder there were no specific events / actions having major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines etc.,

1. During 2022-2023, the Company had received an anonymous whistle blower complaint alleging lapses by certain Senior management employees including undue enrichment through marketing, advertising and procurement activities, ethical concerns and conflict of Interest etc. In this regard, the Company had initiated forensic audit through Deloitte Touche Tohmatsu India LLP (Forensic Auditors).

Whereas, during the period under review, the investigation was concluded. However, since the audit process has brought into light, few acts of personal gains by the Company employees, the Company had engaged M/s. PKF Sridhar & Santhanam LLP to investigate and perform an independent check on the observations provided by Deloitte Touche Tohmatsu India LLP (Forensic Auditors).

The Board of Directors of the Company at their meeting held on 2nd August 2023, had taken note of the investigation report provided by M/s. Deloitte Touche Tohmatsu India LLP and the Special Review Report by M/s. PKF Sridhar & Santhanam LLP.

2. Wherever notice was received by the company from the Stock exchange or wherever clarifications were sought, the Company had duly replied to them within timeline.

Independent Auditor's Report

To the Members of Amrutanjan Health Care Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Amrutanjan Health Care Limited (the "Company") and its Employee Stock Option Plan ('ESOP Trust') which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of financial statements and report of the auditor of the ESOP Trust the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Description of Key Audit Matter

Revenue recognition- See note 3(J) and 23 to the financial statements

The key audit matter	How the matter was addressed in our audit
<p>The Company's revenue is derived primarily from sale of goods. The principal products of the Company comprise pain management, congestion management, beverages and hygiene that are mainly sold through stockiest. Revenue from sale of goods is recognized on transfer of control of the products to the customer. The Company uses a variety of shipment terms across its operating markets and this has an impact on the timing of revenue recognition. The performance obligations in the contracts may be fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on contract terms.</p> <p>There is a risk that revenue could be recognized at a time which is different from transfer of control especially for sales transactions occurred on and around the reporting period. In view of this and since revenue is a key performance indicator of the Company, we have identified timing of the revenue recognition as a key audit matter</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ol style="list-style-type: none"> Assessed the appropriateness of the Company's accounting policy for revenue recognition as per relevant accounting standard. Obtained an understanding of the Company's sales process and evaluated design and implementation of key internal controls in relation to the timing of revenue recognition. We also tested the operating effectiveness of such controls for a sample of transactions with special reference to controls over revenue recognized on and around the year end. For a sample of sale transactions selected using statistical sampling, performed detailed testing and in particular examined whether these are recognised in the period in which control is transferred. This included examination of the terms and conditions of the customer orders including the shipping terms, transporter documents and customer acceptances, as applicable. Performed analytical procedures on current year revenue based on trends and where appropriate, conducting further enquiries and tests to identify unusual transactions. We also tested sample journal entries for revenue recognised during the year, selected based on specified risk-based criteria, to identify unusual transactions.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of report of auditor of the ESOP trust referred to in the 'Other Matters' section below is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report (Continued)

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Management's and Board of Directors'/Board of Trustees' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the Company/Board of Trustees of the ESOP Trust are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company/ESOP Trust and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors/Board of Trustees are responsible for assessing the Company's/ESOP Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors/Board of Trustees either intends to liquidate the Company/ESOP Trust or to cease operations, or has no realistic alternative but to do so.

The Board of Directors/Board of Trustees are also responsible for overseeing the financial reporting process of the Company/ESOP Trust.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements of ESOP Trust of the Company to express an opinion on the financial statements. We are

Independent Auditor's Report

responsible for the direction, supervision and performance of the audit of financial statements/financial information of such branch(es), joint operation(s) and employee welfare trust(s) included in the standalone financial statements of which we are the independent auditors. For the ESOP Trust included in the financial statements, which have been audited by auditor of the ESOP Trust, such auditor of the ESOP Trust remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled "Other Matters" in this audit report.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements of ESOP Trust included in the financial statements of the Company, whose financial statements reflects total assets (before accounting adjustments) of ₹168.57 lakhs as at March 31, 2024, total revenue (before accounting adjustments) of ₹2.09 lakhs and total net loss after tax (before accounting adjustments) of ₹161.29 lakhs for the year ended on that date, as considered in the financial statements. The financial statements of the ESOP Trust have been audited by the auditor of the ESOP Trust whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of such ESOP Trust, is based solely on the report of such auditor of the ESOP Trust.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- e. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- f. On the basis of the written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- g. the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- h. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its financial statements - Refer Note 35 to the financial statements.

Independent Auditor's Report (Continued)

- b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- d. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 40(i) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 40(j) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our

notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.

- e. The interim dividend declared and paid by the Company during the year is in accordance with section 123 of the Companies Act 2013. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend. As stated in Note 15 to the financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- f. The Company has used an accounting software for maintaining its books of account. Based on our examination and explanations given to us, we are unable to comment whether audit trail feature of the said software was enabled and operated throughout the year for all relevant transactions recorded in the software or whether there were any instances of the audit trail feature been tampered with.
- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. Annexure A to the Independent Auditor's Report on the Financial Statements of Amrutanjan Health Care Limited for the year ended 31 March 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, plant and equipment by which all Property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Discrepancies noticed on such verification were not material and have been properly dealt with in the books of account.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification, procedures and coverage as followed by management needs to be strengthened. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its products manufactured and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have generally been regularly deposited by the Company with the appropriate authorities.
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or

Annexure A to the Independent Auditor's Report on the Financial Statements of Amrutanjan Health Care Limited for the year ended 31 March 2024 (Continued)

Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

Annexure B to the Independent Auditor's Report on the financial statements of Amrutanjan Health Care Limited for the year ended 31 March 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A) (h) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Amrutanjan Health Care Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their

operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

1 Reporting entity

Amrutanjan Health Care Limited ("AHCL" / "the Company") was incorporated on 9 September 1936, with its registered office situated at Chennai, Tamil Nadu, India. The Company is engaged in the business of manufacture, supply, sale of products in pain management, congestion management, beverages and hygiene and services in pain management. The Company is a public listed company with its equity shares listed on National Stock Exchange of India Limited (NSE) in India.

2 Basis of preparation

A. Statement of compliance

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS Compliant Schedule III) and other relevant provisions of the Act.

The financial statements were approved for issue by the Company's Board of Directors on 23 May 2024.

Details of the Company's accounting policies are included in note 3.

B. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is Company's functional and presentation currency.

All amounts disclosed in these financial statements and notes have been rounded off to the nearest Rupees in lakhs, unless otherwise stated.

C. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items.

Items	Measurement basis
Non derivative Financial instruments at FVTPL	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

D. Use of estimates and judgments

In preparing the financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 3 (M), 3 (R) and 35 - provision for income tax litigations and related contingent liabilities.

Note 3 (K) and 34 - lease term: whether the Company is reasonably certain to exercise extension options.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ended 31 March 2024 is included in the following notes:

Note 3 (D) - estimated useful life of property, plant and equipment and intangible assets;

Note 7 - measurement of Expected credit loss ('ECL') allowance for trade receivables: key assumptions in determining the weighted-average loss rate.

Note 18 - measurement of defined benefit assets and obligations: key actuarial assumptions;

Note 35 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;

Note 32 - recognition of deferred tax assets: availability of future taxable profit against which deferred tax assets will be recovered in future periods;

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

Note 33 – fair valuation of financial assets; and

Note 34 – measurement of right-of-use assets and lease liabilities

E. Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The Chief Financial Officer has overall responsibility for overseeing all significant fair value measurements.

The Chief Financial Officer regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the Chief Financial Officer assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Company's audit committee.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in note 33 – financial instruments and note 31- Employee stock compensation

3 Material accounting policies

A. Operating cycle

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalent, the Company has considered 12 months as the operating cycle .

B. Foreign currency transactions

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency exchange differences are generally recognised in profit or loss.

C. Financial instruments

i) Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

ii) Classification and subsequent measurement

Financial assets:

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- fair value through other comprehensive income (FVOCI)
- fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at fair value through other comprehensive income if it meets both the following conditions and is not designated as FVTPL:

- a) the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and the information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice;
- these include whether management strategy focuses on earning contractual interest, maintaining a particular interest rate profile, matching the duration of financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risk that affect the performance of the business model (and the financial assets held with in the business model) and how those risks are managed;
- how managers of the business are compensated;
- the frequency, volume and timing of sales of financial assets in prior period, the reasons for such sales and expectations about future sales activity.

Financial assets that are held for trading or are managed and whose performance is evaluated on fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs, as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that pertains or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by the impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit and loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

iii) Derecognition

Financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Notes to the financial statements for the year ended March 31, 2024

D. Property, plant and equipment

i) Recognition and initial measurement

The cost of an item of property, plant and equipment including capital work-in-progress shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Items of property, plant and equipment are measured at cost, (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii) Transition to Ind AS

The cost property, plant and equipment at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognized as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

iv) Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is recognised in the statement of profit and loss. Freehold land is not depreciated. The estimated useful lives of items of property, plant and equipment for the current and comparative periods (in years) are as follows:

Asset category	Management estimate of useful life	Useful life as per Schedule II
Buildings including roads	3/ 10 / 30	30
Plant and equipment	15	15
Moulds (Included under plant and equipment)	Based on the number of units produced	Not applicable
Electrical installations	10	10
Computers and servers	3 / 6	3 / 6
Furniture and fittings including Lab equipments	5 / 10	5 / 10
Motor vehicles	8 / 10	8 / 10

Leasehold improvements are amortized on a straight line basis over the useful life of the asset or the lease period whichever is lower.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted prospectively, if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

E. Intangible assets

i) Intangible assets

Intangible assets (including those acquired by the Company in a business combination, if any) are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

ii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in statement of profit and loss as incurred.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

iii) Transition to Ind AS

The cost Intangible assets at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

iv) Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

The estimated useful lives of intangible assets for the current and comparative periods (in years) are as follows:

Asset category	Management estimate of useful life
Computer software	3 - 10

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

v) Intangible assets under development

Intangible assets under development includes intangible assets which are in process of being ready for its intended use and it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the cost of the asset can be measured reliably.

F. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the weighted average cost basis and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials and packing materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average cost basis.

Finished goods: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the actual operating capacity for variable overheads and normal capacity for fixed overheads.

Traded goods: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where the material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value. The comparison of cost and net realisable value is made on an item-by-item basis.

G. Impairment

i) Impairment of trade receivables and financial assets

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past dues;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties."

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 90 days past due.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

ii) Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

iii) Impairment of non-financial assets

At each reporting date, the Company reviews its non-financial assets (other than inventories, contract assets, and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Cash Generating Units ("CGUs").

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount.

Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

H. Employee benefits

i) Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in statement of profit and loss in the periods during which the related services are rendered by employees.

iii) Defined benefit plans

A defined benefits plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense / (income) on the net defined benefit liability / (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability / (asset), taking into account any changes in the net defined benefit liability / (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in statement of profit and loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Gratuity

The Company provides for gratuity, a defined benefit retirement plan (the "gratuity plan") covering eligible employees. The plan provides payment to vested employees at retirement, death or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The Company provides the gratuity benefit through annual contribution to a fund managed by the Life Insurance corporation of India ("LIC") and PNB MetLife India Insurance Co Ltd. Under this scheme the settlement obligation remains with the Company although the LIC administers the scheme and determines the contribution premium required to be paid by the Company. Liabilities related to the gratuity plan are determined and accrued by actuarial valuation using projected unit credit method by an independent actuary as at the balance sheet.

iv) Other long-term employee benefits - compensated absences

Accumulated absences expected to be carried forward beyond twelve months is treated as long-term employee benefit for measurement purposes. The Company's net obligation in respect of other long-term employee benefit of accumulating compensated absences is the amount of future benefit that employees have accumulated at the end of the year. That benefit is discounted to determine its present value. The obligation is measured annually by a qualified actuary using the projected unit credit method. Remeasurements are recognised in profit or loss in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer the settlement for at least twelve months after the reporting date.

v) Share-based compensation

The grant date fair value of equity settled share-based payment awards granted to employees is recognised as an employee expense, with a corresponding increase in equity, over the period that the employees unconditionally become entitled to the awards. The amount recognised as expense is based on the estimate of the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that do meet the related service and non-market vesting conditions at the vesting date.

vi) Treasury shares

The Company has created a Trust, Amrutanjan Health Care Limited ESOP trust (herein after known as "ESOP Trust"), for administration of share-based payment to its employees. Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from equity. When the treasury shares are issued to the employees by the trust, the amount received is recognised as an increase in equity and the resultant gain / (loss) is transferred to / from reserves.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

I. Provisions (other than for employee benefits)

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessment of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

J. Revenue

The Company earns revenue from sale of products in pain management, congestion management, beverages & hygiene. The Company also earns revenue from sale of services in pain management.

Disaggregation of revenue

The Company disaggregates revenue from contracts with customers by the nature of sale i.e. manufactured and traded goods and based on the reporting segments based on the information reviewed by the CODM. The Company believes that this disaggregation is the best description on how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors. Also refer note 23.

Variable consideration

If the consideration in a contract includes the variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

Stockist incentives, claims and schemes

Arrangements with customers includes a provision for stockist incentives, discount schemes and claims. In those instances, where there is a valid expectation from the customers to receive a incentive / discount / recover claims, the amount of variable consideration which is included in the transaction price may be constrained, unless included in the net sales price only to the extent that it is probable that a significant reversal in the amount of the cumulative revenue recognised under the arrangement will not occur in a future period. The Company applies the most likely amount method for determining the stockist incentives, discount schemes and claims.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer, before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets - note 3C - financial instruments - initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Performance obligations and revenue recognition policies

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

The following details provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

i) Sale of goods and services

Nature and timing of satisfaction of performance obligations, including significant payment terms

Revenue from sale of goods is recognized when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations, depending on individual terms. The performance obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms. Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of the goods sold and services rendered is net of variable consideration on account of stockist incentives, discount schemes and claims offered by the Company as part of the contract and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Accumulated experience is used to estimate provision for stockist incentives, discount schemes and claims. Revenue is recognized to the extent that it is probable a significant reversal will not occur. Invoice are usually payable within the mutually agreed credit period depending on individual customer terms.

Revenue from services is recognised in the accounting period in which the services are rendered.

ii) Export incentives

Export incentives are recognized when the right to receive credit as per the terms of the scheme is established in respect of the exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Determination of transaction price and allocation to performance obligation

Revenue is measured based on the transaction price, which is the consideration, adjusted for stockist incentives, discount schemes and claims if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Refer note 23 for reconciliation of revenue recognised with contracted price.

K. Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. The higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cashflows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities separately in the balance sheet within 'Financial Liabilities'.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

L. Recognition of interest income or expense

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability."

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability.

However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

M. Income tax

Income tax comprises current and deferred tax. It is recognised in statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

i) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

N. Operating segment

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company. For the disclosure on reportable segments see note 37.

O. Cash and cash equivalents

Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments.

P. Earnings per share

Basic Earnings Per Share

Basic earnings per share is calculated by dividing the profit (or loss) attributable to the owners of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted Earnings Per Share

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

Q. Current/ Non-current classification

The Company classifies an asset as current asset when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the asset primarily for the purpose of trading;
- it expects to realise the asset within twelve months after the reporting period; or
- the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- it holds the liability primarily for the purpose of trading;
- the liability is due to be settled within twelve months after the reporting period; or
- it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

R. Contingent liability

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

S. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

* The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience based on : a) Past trend of outstanding receivables over a rolling period of past 24 months and b) actual amount of outstanding receivables as on the reporting date.

Note: There are no unbilled receivables, hence the same is not disclosed in the ageing schedule

There are no trade receivables from related parties as at 31 March 2024 and 31 March 2023

The Company's exposure to credit and currency risks and loss allowance related to trade receivables are disclosed in Note 33.

B. Nature and purpose of reserves

a) Capital redemption reserve

The Company has recognised Capital redemption reserve on buyback of equity shares from its retained earnings. The amount in this reserve is equal to nominal amount of the equity shares bought back.

b) General reserve

The Company has transferred a portion of the net profit of the Company before declaring dividend to General reserve pursuant to the earlier provisions of Companies Act, 1956.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

c) Retained earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, capital redemption reserve, dividends or other distributions paid to shareholders.

d) Share based payment reserve

The Company has established equity settled share based payment plans for certain categories of employees of the Company. Refer note 31 for further details on this plan.

e) Treasury shares

When the ESOP trust purchases the Company's ordinary shares, the consideration paid including any directly attributable incremental cost is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is transferred to / from the securities premium.

16 Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. It sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments. The funding requirements are met through equity and cash generated through operations. The Company does not have any external borrowings. The Company monitors capital using a ratio of 'adjusted net debt' to 'total equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising provisions, financial liabilities, other current liabilities less cash and cash equivalents. Total equity comprises all components of equity.

Notes to the financial statements for the year ended March 31, 2024

(All amounts are in Indian Rupees Lakhs)

The Company operates the following post-employment defined benefit plans.

The Company has a defined benefit gratuity plan in India, governed by the Payment of Gratuity Act, 1972. The plan entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned. These defined benefit plans expose the Company to actuarial risks, such as longevity risk, interest rate risk and market (investment) risk. The plan is managed through "Amrutanjan Health Care Limited Employees Gratuity Fund". The funds maintained by "Amrutanjan Health Care Limited Employees Gratuity Fund" represent plan assets for the Company.

A. Funding

The plan is fully funded by the Company. The funding requirements are based on the gratuity fund's actuarial measurement framework set out in the funding policies of the plan. The funding of plan is based on a separate actuarial valuation for funding purposes for which the assumptions may differ from the assumptions set out in (E). Employees do not contribute to the plan. The Company expects to pay ₹164.60 to defined benefit plan in 2024-25.

B. Reconciliation of the net defined benefit liability

The following table shows a reconciliation from the opening balances to the closing balances for the net defined benefit liability and its components.

	Year ended 31 March 2024	Year ended 31 March 2023

D. Plan assets

Plan assets comprise the following:

	As at 31 March 2024	As at 31 March 2023
Group gratuity accumulation plan:*		
- PNB MetLife India Insurance Co. Ltd	3.62	42.76
- Life Insurance Corporation of India	16.74	8.25
	20.36	51.01

* the Company has paid ₹30 towards "Amrutanjan Health Care Limited Employees Gratuity Fund", which has been remitted to the plan assets post the year end.

E. Defined benefit obligations

i. Actuarial assumptions

Principal actuarial assumptions at the reporting date (expressed as weighted averages):

	As at 31 March 2024	As at 31 March 2023
Discount rate	6.96%	7.13%
Future salary growth	10.00%	10.00%
Attrition rate	20.00%	20.00%

As at 31 March 2024, the estimated term of the defined benefit obligation is (decrement adjusted) 3.67 years (31 March 2023: 3.68 years).

ii. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation and consequential charge to the statement of profit and loss by the amounts shown below:

	Year ended 31 March 2024		Year ended 31 March 2023	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement)	698.37	751.69	712.05	766.15
Future salary growth (1% movement)	749.68	699.62	763.80	713.45
Attrition rate (25% movement)	706.69	747.55	721.89	759.76

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

F. The expected maturity analysis of gratuity benefits is as follows:

	Less than a year	2-5 years	6-10 years	11-15 years	More than 15 years
31 March 2024					
Defined benefit obligation - Gratuity	164.60	422.22	264.66	90.66	32.87
31 March 2023					
Defined benefit obligation - Gratuity	163.38	438.38	269.24	97.03	32.55

During the financial year 2020-21, Amrutanjan's Board of Directors had approved the Amrutanjan Health Care Limited Employee Stock Option Scheme ('Scheme 2020') for the grant of stock options to the selected employees of the company. The Compensation Committee administers the plan through a trust established specifically for this purpose, called Amrutanjan Health Care Limited ESOP trust ('ESOP trust').

The ESOP Trust shall make additional purchase of equity shares of the Company using the proceeds from the loan obtained from the Company, other cash inflows from transfer of shares to employees under the ESOP Plan and shall subscribe, when allotted to such number of shares as is necessary for transferring to the employees. The Compensation Committee shall determine the exercise price which will not be less than the face value of the shares.

The trust had purchased Nil shares (2022-23 - Nil shares) from the market at an average rate of ₹ Nil (2022-23 - ₹ Nil) per share amounting to ₹ Nil (2022-23 - ₹ Nil) and has sold / transferred 33,114 shares (2022-23 - 779 shares) amounting to ₹283.96 (2022-23 ₹2.75) at an average rate of ₹353 per share (2022-23 - ₹353 per share) respectively. The options vested during the current year has been transferred to the employees' account. The value of the shares in the Company held by the ESOP Trust has been disclosed as Treasury Shares in the statement of changes in equity. The assets and liabilities of the trust is accounted for as assets and liabilities of the entity on the basis that the trust is exclusively set up for the purpose of administering the ESOP plan of the Company.

Accordingly, the financial statements includes the ESOP trust's total assets (before accounting adjustments) of ₹168.57 as at March 31, 2024 (₹448.22 as at March 31, 2023), total revenue (before accounting adjustments) of ₹2.09 (for the year ended March 31, 2023 ₹2.18) and total net loss after tax (before accounting adjustments) of ₹161.29 (for the year ended March 31, 2023 ₹1.80) for the year ended on that date.

The options under this grant would have a term of vesting to the employees ranging from 1-3 years. The exercise window is for a 1 year period from the date of vesting. The vesting conditions include service terms of employees and performance of the Company, based on turnover criteria. These options are issued at a discount of ₹70 per share from the fair value on the date of grant, the exercise price is ₹353 per share.

The Company has not disclosed fair values of financial instruments such as trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents, other financial assets, trade payables, lease liabilities and other financial liabilities, since their carrying amounts are reasonable approximates of fair values.

B. Measurement of fair values

Fair value hierarchy

Level I - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level II - Inputs other than quoted prices included within Level I that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level III - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table shows the levels in the fair value hierarchy as at each period:

Assets	31 March 2024			31 March 2023		
	Level 1	Level II	Level III	Level 1	Level II	Level III

C. Financial risk management

The Company's business activities are exposed to a variety of financial risks, namely credit risk, liquidity risk and market risk. The Company's management has the overall responsibility for establishing and governing the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the audit committee of the Company.

i. Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from Company's trade receivables and other financial assets.

The carrying amount of financial assets represents the maximum credit exposure which is as follows:

	Carrying amount	
	As at 31 March 2024	As at 31 March 2023
Investments	4.36	517.00
Trade receivables	4,788.94	3,302.03
Other financial assets	19,644.41	15,972.10
	24,437.71	19,791.13

Investments

The Company limits its exposure to credit risk by investing in debt securities and minimum investment being made in equity instruments. The credit worthiness of the counterparties of the investments made are evaluated by the management on an ongoing basis and is considered to be good with low credit risk.

Trade receivables

The Company has developed guidelines for the management of credit risk from trade receivables. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

Credit risk is managed through credit approvals, establishing credit limits and monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts that represents its estimate of incurred losses in respect of the Company's trade receivables.

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses.

Other financial assets

Other financial assets comprises of deposits with bank and financial institutions and interest accrued on such deposits. These deposits are held with credit worthy banks and financial institutions. The credit worthiness of such banks and financial institutions are evaluated by the management on an ongoing basis and is considered to be good with low credit risk.

Other financial assets also comprise of export benefits receivable and rental deposits given to lessors and Electricity deposit given to Electricity Board. The Company is confident of collection the amounts and is considered to good with low credit risk. The Company does not expect any losses from non-performance by these counter parties.

ii. Liquidity risks

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities. The Company approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

Cash flow from operating activities provides the funds to service and finance the financial liabilities on a day-to-day basis.

The Company regularly monitors the rolling forecasts to ensure that it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in interest bearing term deposits and other highly marketable debt investments with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the balance sheet date.

iii. Market risks

Market risk is the risk of loss of future earnings or fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables. The Company is exposed to market risk primarily related to foreign exchange rate risk (currency risk).

Sensitivity analysis

Equity price risk All of the Company's listed equity investments are listed on the National Stock Exchange (NSE). For such investments classified as at FVTPL, the impact of a 2% increase in the market price of the shares at the reporting date on profit or loss would have been an increase of ₹0.09 after tax (31 March 2023: ₹0.04 after tax). An equal change in the opposite direction would have decreased profit or loss by ₹0.09 after tax (31 March 2023: ₹0.04 after tax).

Currency risk

The Company is exposed to currency risk to the extent that there is mismatch between the currencies in which sales, purchase are denominated and the respective functional currencies of Company.

Foreign currency risk arise in transactions mainly from export of OTC products and import of raw materials and packing materials that gives rise to exchange rate fluctuation risk.

35 Contingent liabilities and commitments

(to the extent not provided for)

	As at 31 March 2024	As at 31 March 2023
a Commitments		
Estimated amount of contracts remaining to be executed on capital goods and not provided for (net of advances)	40.17	6.07
b Contingent liabilities		
Claims against the Company not acknowledged as debts		
Sales tax matters	98.95	98.95
Service Tax matters	236.07	-
Goods and Service Tax	260.93	41.23
Income tax matters	193.80	105.34
Other matters (refer note (ii) below)	760.50	760.50

(i) Pending resolution of the respective proceedings, it is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above as it is determinable only on receipt of judgements/decisions pending with various forums/authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial position.

(ii) Lease rent in respect of lease hold land has been revised by Government of Tamil Nadu with retrospective effect from November, 2001. The Company has contested the said revision before the Madras High court in writ petition.

(iii) During the earlier year, the Company had paid an amount of ₹11 to the Commissioner, Panchayat Union Thiruporur and during the prior years, the Company had paid an amount of ₹14.6 to Mamalapuram Urban Housing as contribution towards Tamil Nadu State Shelter Fund and an amount of ₹19.60 towards obtaining DTCP (Department of Town and Country Planning) approval for one of its Factories located in Alathur, Chennai, based on demand from the department. With respect to the above, the amounts payable towards property tax and other fees, are yet to be ascertained by the relevant authorities and the final assessment order is yet to be received by the Company. The Company could not ascertain reasonably the further amount payable and hence has been disclosed as contingent liability.

(iv) In light of recent judgment of Honourable Supreme Court dated 28 February 2019 on the definition of "Basic Wages" under the Employees Provident Funds & Miscellaneous Provisions Act 1952, there are significant uncertainties in determining the liability including, period of assessment, application of present and past employees and assessment of interest and penalties. Considering these interpretive challenges, the amount of the obligation could not be measured with sufficient reliability for past periods and hence disclosed as a contingent liability.

37 Operating segments

A. Basis for segmentation

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components and for which discrete financial information is available. All operating segments operating results are reviewed regularly by the Company's Chief Operating Decision-Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

The Company has determined following reporting segments based on the information reviewed by the CODM:

Reportable segments	Operations
OTC Products	Manufacturing products of pain management, congestion management and hygiene
Beverages	Manufacturing fruit juices and oral rehydration drinks
Others	Pain management centre

B. Information about reportable segments

Information related to each reportable segment is set out below. Segment profit (loss) before tax is used to measure performance because management believes that such information is the most relevant in evaluating the results of the certain segments relative to other entities that operate in the same industries.

39 During the month of December 2022, the Company had received an anonymous whistle blower complaint alleging lapses by certain senior management employees including undue enrichment through marketing, advertising and procurement activities, ethical concerns, and conflict of interest etc. In this regard, the Company had initiated an independent forensic audit by external agencies on these alleged lapses. The draft investigation report of forensic audit dated 22 May 2023 has reported potential collusions with respect to marketing and advertising activities of the Company by certain employees, resulting into payments of potential kickbacks / commission aggregating to ₹8.65 to such employees from vendors onboarded during the previous financial year. The Company has terminated the services of those employees and vendors. There were no adverse findings with respect to activities related to procurement of raw materials, packing materials and logistics. The investigation in respect of contract / casual labour expenses were pending as at 31 March 2023. During the current year, the Company has completed the investigations and the final investigation reports dated 28 July 2023 and 01 August 2023 has reported potential irregularities of ₹7.66 with respect to contract / casual labour payments. The management believes that the impact of aforesaid matters are not material to the financial statements.
