## Rashi Peripherals Limited to make a strategic acquisition of Satcom Infotech Pvt Ltd, the leader in Cyber security

**Mumbai, January 15, 2025** – Rashi Peripherals Limited (NSE: RPTECH) (BSE: 544119), among the leading national distribution partners for global technology brands in India, has announced its intent to acquire 70% equity stake in Satcom Infotech Pvt. Ltd, a prominent distributor specializing in cybersecurity solutions. This strategic move expands RP Tech’s portfolio in the cybersecurity sector, further elevating its position as a leading, comprehensive ICT solutions provider in India.

With this strategic investment, RP Tech aims to leverage Satcom’s established expertise in the cybersecurity domain to introduce new brands and forge impactful partnerships. Satcom will benefit from RP Tech’s robust financial capabilities and extensive geographical reach, enabling the company to scale its operations and enhance its service delivery across India.

With this proposed acquisition, RP Tech reinforces its commitment to delivering reliable technology solutions, enhancing its portfolio with advanced and secure offerings across its extensive distribution network. By integrating cybersecurity into its offerings, RP Tech is poised to further solidify its leadership in the ICT industry and meet the evolving needs of businesses navigating the digital landscape.

Speaking on the acquisition, Mr. Kapal Pansari, Managing Director at RP Tech, said, *“This proposed acquisition is a defining moment for RP Tech as we expand our offerings into the high-growth cybersecurity sector. By combining Satcom’s deep domain expertise with our financial and operational strengths, we are confident we can deliver a wider array of solutions to our customers. We are excited about the opportunities this partnership brings and look forward to creating a strong business impact.”*

Mr. Vinod Kumar, CEO of Satcom Infotech said, *“This proposed acquisition is a transformative move for Satcom Infotech, reinforcing our mission to deliver advanced technology solutions to a broader market. RP Tech’s widespread distribution network, presents a tremendous opportunity for Satcom Infotech to enhance our product reach and service capabilities. We plan to integrate this network seamlessly into our operations to ensure that our solutions reach partners and customers more efficiently and reliably. Their strong financial foundation enables us to scale our operations swiftly, invest in new initiatives, and deliver greater value to our partners and customers. With RP Tech’s logistical strength and trusted channel partnerships, we can accelerate market penetration, improve delivery timelines, and provide exceptional support to our stakeholders.”*

Established in 2003, Satcom Infotech Pvt. Ltd. has emerged as a premier Value-Added Distributor (VAD) of comprehensive cybersecurity solutions in India. Specializing in delivering end-to-end security services, the company caters to a broad spectrum of business users, from small enterprises to large corporations. Over the years, Satcom Infotech has built a strong reputation for consistently distributing world-class IT solutions, empowering our channel partners and corporate clients with cutting-edge technologies and unparalleled support.

**About Rashi Peripherals Limited**

Rashi Peripherals Limited founded in 1989, has become one of India's fastest-growing national distribution partners for global technology brands. With over 35 years of experience, RP Tech has played a pivotal role in formalizing the fragmented and unorganized ICT product distribution landscape in India. The company offers a comprehensive range of services that include pre-sale activities, solutions design, technical support, marketing services, credit solutions, and warranty management. It operates through two primary verticals: Personal Computing, Enterprise, and Cloud Solutions (PES) and Lifestyle and IT Essentials (LIT).
