Business Overview

Who We Are?

Mangalam Organics Limited is a pioneer in the field of pine chemistry. It is a leading manufacturer of terpene and rosin derivatives.

What We Manufacture?

Terpene Chemistry Camphor, Dipentene, Sodium Acetate Synthetic Resins Terpene Phenolic, Alkyl Phenolic, Rosinbased Resins

Our Mission

To continue to strive and innovate to meet the growing requirements of our valued customers.

Our wide Footprint

Turpentine, our principal raw material to manufacture Camphor, is procured from across the globe: Brazil, Argentina, Chile, USA, Russia, Indonesia, Vietnam, China, Portugal, and Spain, among other countries. Domestic sale of **Camphor and Synthetic Resins** takes place through our network of 8 offices across India. Our products are also exported to Europe, USA, African, Middle **Eastern and Southeast Asian** countries.

Our Legacy

Our operations are led by an experienced management team, with over five decades of experience in the pine chemicals industry.

CamPure

Historical & Cultural Significance

• Ancient medicinal Uses:

Camphor has been revered for its medicinal properties since ancient times, with its earliest known uses dating back to traditional and Ayurvedic medicine. It was widely utilized for its analgesic, anti-inflammatory, and antiseptic properties, making it a valuable remedy for a variety of ailments.

• Cultural Symbolism:

In many Asian cultures, the camphor tree has long been associated with spiritual and cultural significance. It is often viewed as a symbol of purification, longevity, and enlightenment, and its fragrant wood has been used in religious ceremonies and rituals for centuries.

• Modern Aromatherapy:

The distinct, penetrating aroma of camphor has also made it a popular ingredient in the world of aromatherapy. Its invigorating and clarifying scent is believed to have a range of benefits, from promoting mental focus to relieving respiratory discomfort.

Purity of Camphor & its Significance

Mangalam Organics Limited

Why Camphor?

As written in our Holy books, Pure Camphor symbolises union with God as it burns completely, leaving behind no trace. Pure Camphor dispels negativity, keeps one healthy and attracts prosperity.

Significance of the Camphor Flame

Camphor flame inspires the devotee to spread warmth and fragrance through one's life, burning away energetically to eventually allow the focus solely on the almighty without any trace of existence or ego.

How to check the purity of Camphor?

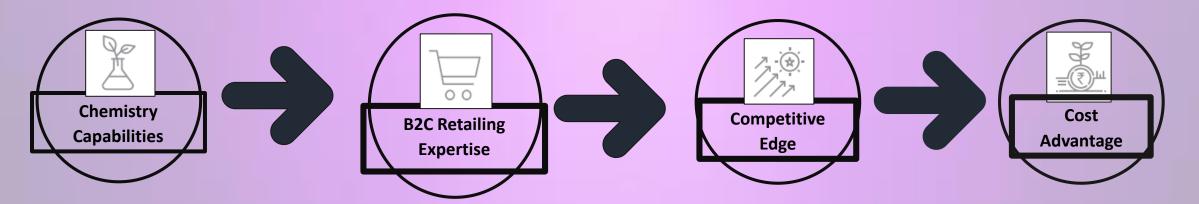

Pure Camphor burns completely without sparking and does not leave behind any residue or ash.

At the end of the aarti, one places his hands over the flame and touches his eyes and forehead which signifies "may the light which illumined the Lord light up my vision and may my thoughts be as pure and beautiful as this Camphor flame"

Bhimseni Camphor Chronicles

With immense spiritual and health benefits, Bhimseni camphor is the most beneficial for your body and soul. Bhimseni Camphor is known by many names, including Pacha kapoor, Nagi karpura, Patri kapoor, and Desi kapoor.

The many crucial qualities of this camphor make it the most powerful of all camphor forms.

Bhimseni camphor has been around for generations. Valued in Ayurveda for its purity and medicinal powers, it is often recommended by most Ayurvedic practitioners to treat various conditions. It repels microorganisms and germs, purifying the air around us. When burnt, it releases a fragrance, making it a powerful insect repellent.

It can be used to treat colds and coughs, helps with breathing problems, various skin and hair problems as well as helps treat toothaches.

CamPure

Goodness of camphor is something we've known for centuries, and its usage extends far beyond our prayer rooms.

Over the years we heard from countless people who choose camphor as a safe alternative to regular air fresheners. Inspired by such stories, we have launched the Camphor cones

We have bring the goodness of camphor in a range of Homecare & Personal Care products

Homecare and personal care products with the goodness of camphor
