Founders Message

Dear Shareholders,

I am honored to address you in the Annual Report for the fiscal year 2023-24 of DP Wires Limited, a company dedicated to the manufacturing of Low Relaxation Pre-stressed Concrete (LRPC) Strands.

In our journey of providing quality products, DP Wires Limited has emerged as a strong and competitive player in the industry. Our commitment to delivering excellence in the form of Steel Wire, Low Relaxation Pre-Stressed Concrete Strands, Normal Relaxation Pre-Stressed Concrete Wire, and Strands has positioned us as a trusted supplier, both in India and on the international stage.

This remarkable achievement is a testament to the exceptional talents and unwavering dedication of our team of professionals. Their hard work and commitment to maintaining the highest standards have been instrumental in our success.

As we move forward, we remain dedicated to upholding these high standards, complying with Indian and international norms, and consistently delivering quality products to our customers.

I extend my gratitude to our shareholders for their trust and support, which drives us to excel and innovate in all our endeavors.

Thank you for your continued belief in DP Wires Limited, and I look forward to another year of growth and achievement.

Sincerely,
KANTILALKATARIA
Non-Executive Director,
DP Wires Limited Founder, DP Kataria Group of Companies

Chairman's Message

Dear Stakeholders,

I am pleased to present the latest report on the performance and progress of our organization. As we navigate through an ever-changing landscape, I am heartened by the dedication and resilience displayed by our team.

Over the past quarter, we have witnessed both challenges and achievements. Our commitment to innovation has enabled us to adapt swiftly to market shifts, ensuring our continued growth and stability. The collective efforts of our employees have resulted in remarkable advancements across our key projects.

As we look ahead, the road may present its share of obstacles, but I am confident in our ability to overcome them. The synergy of our diverse talents, coupled with our share division, will undoubtedly steer us towards continued success.

I extend my sincere gratitude to each board member for your invaluable guidance and support. Our collaboration has been instrumental in propelling us forward, and I am excited to see what we can achieve together in the coming months.

Thank you for your unwavering dedication to our organization.

Sincerely,
ANILKUMARMEHTA

Managing Director's Message

Dear Stakeholders,

Today we gather here to celebrate not just a business event but a journey that has been 26 years in the making.

Journey started from humble beginnings by the worthy hands of my father to now becoming a player in the specialized steel wire manufacturing industry which plays a very important role in strengthening India's infrastructure.

As we gather here to mark this historic event, let us also acknowledge the diligent efforts and tireless commitment of every individual who has been a part of the DP Wires family. From our dedicated employees to our steadfast partners, from our investors, our Vendors, Our Suppliers who believed in our vision to our well-wishers who cheered us on, your contributions have played an integral role in shaping our progress.

So, let's embrace this day as not just another milestone, but as a testament to our unity, innovation, and unwavering dedication to excellence. Thank you all for being a part of this extraordinary journey.

A special acknowledgment goes out to our esteemed investors who have shown faith in our vision and have become an integral part of our growth story. Your trust in us drives us to reach new heights, and your investment is a testament to our shared belief in the potential of DP Wires Limited.

Thank You

Sincerely,
PRAVEEN KATARIA
Managing Director

CFO's Message

Dear Shareholders,

DP Wires is a company established in 1998 , but our family has been in the steel industry since 1971 . My father ShriKantilaljiKataria is a gold medalist engineer and one of the pioneers in Development of Industries in Ratlam.

We Started Manufacturing of our main product, LRPC Strand in the Year 2000, at that time in India only two companies Manufacturing LRPC Strand, that is TATA Steel and Usha Martin. So our basic idea was, to manufacture such a product in which we get a big Market, with minimum competition. And provide the best Quality product to capture the market. Today we are supplying our product in all major infra projects, Mumbai-Ahmedabad Bullet Train Project, Delhi Mumbai Industrial Corridor, Mumbai Metro, Indore Metro, Bhopal Metro, Surat metro and at all places.

We are the registered vendor in all major government projects like Metro, Bullet Train, Dams and Bridge Construction, Nuclear Power Plants. Few Years ago, LRPC was not used in Residential or Commercial in India but today, in India LRPC is used in all High Rise Structures, Beamless Buildings and big Malls.

As we look ahead, we are excited about the opportunities that lie on the horizon. We are poised to explore new avenues, make a difference in the lives of our stakeholders, and contribute positively to the growth of our economy. We are dedicated to creating value not only for our shareholders but also for our employees, customers, and the community at large.

Thank you.

Sincerely,
ARVIND KATARIA
CFO &Wholetime Director

Corporate Overview

Our Company was incorporated as D P Wires Private Limited under the provisions of the Companies Act, 1956 vide certificate of incorporation dated February 26, 1998, issued by the Registrar of Companies, Maharashtra, Mumbai. The registered office was shifted to Ratlam, Madhya Pradesh in 2012 to achieve operational & administrative efficiency.

Established in the year 1998, DP Wires is India's one of the leading manufacturers and suppliers of Steel wires, and Plastic films which find its application in industries like Oil & Gas, Power, Environment, Civil, Energy, Automobile, Infrastructure etc. Our Company has manufacturing facilities with a capacity of ~ 84,000 MT per annum situated in a single premise in Ratlam, Madhya Pradesh. ISO certified range of products that cater to marquee clients such as Hindalco, L&T, APCO, Gannon Dunkerley, Simplex Infrastructures, Vascon Engineers and such others.

We are engaged in manufacturing and supply of Steel wires, plastic pipes and plastic films which find its application in industries like oil & gas, power, environment, civil, energy, automobile, infrastructure etc. All our manufacturing divisions are situated in a single premise at Industrial Estate, Ratlam. In the year 2001-02, we started commercial production of wire drawing of high carbon, low carbon & alloy steel, polyethene and polyethene layflat tubing. In year 2003-04 we have started production of LRPC Strands used in bridges, flyovers etc. Later on we kept on introducing new products on the basis of demand and our production capacity.

We are also engaged in power generation through 2 wind farms of 0.80 MW each in village Okha-Madhi and Jodhpur in District Jamnagar. We have entered into PPA with Gujarat Urja Vikas Nigam Limited for sale of electricity generated through these wind farms for a period of 20 years. Both these wind farms were installed on turnkey basis by Eneron India Pvt. Ltd. in the year 2006-07. Our Plastic Products have been used in Lining of Canals, Landfills, Highway & Road Constructions, Ponds, Tanks, Water Reservoirs, Mining, and Solution Ponds and for corrosion Resistant on Steel tanks etc. Our Wire Products find application in construction, bridges, oil & gas, automobile springs, sleepers of railway track, national highways and state electricity board.

With the Dream to Become the Best Wire Manufacturers in India, DP Wires Ltd. was established in the Year 1998. It was a daring feat to start a business of your own back then as there were a lot of mouths which spoke against this idea, however, our perseverance, grit and determination shaped us into what we are today. We have successfully managed to attract thousands of customers from all over the country and most of them were amazed by the quality of the products we manufacture. Promoted by DP Wires Family Based in Ratlam, MP, D. P. Wires Limited is a Leading Manufacturer of Specialized LRPC Strands, Specialized Steel Wires and Geomembrane Sheet.

It can satisfy the demand for quality steel wires from the automobile manufacturing, architecture, amenities and energy sectors because of its robust commercial and technological foundation. The Indian city of Ratlam (M.P.) is home to our manufacturing facility. This contemporary facility, which makes use of the most cutting-edge technology available, is equipped to handle the demands of modern engineering specifications.

Our factory's location allows dispatching and shipping to virtually any destination in the nation simple and affordable thanks to quick access to all major national and international commerce routes. We recognize the value of delegation because if one person or group is in charge of every aspect of the business, there will be several problems, including poor management of the production processes and mismanagement. As a result, our forward-thinking Chairman Shri Kantilalji Kataria envisioned a comprehensive administrative structure for the group to ensure its seamless operation.

With a workforce that had a wealth of experience producing and selling steel wires for a variety of requirements, the firm began producing steel wires in 1971. The company can produce 50,000 MT of steel wire each year. To provide our clients with top-notch products, we have increased our manufacturing capacity to 100,000 MT annually. Our goal at D.P. Group is to provide our customers in the pre-stress concrete business with cost-effective solutions and the highest quality goods and services. To that end, we have been diligently developing LRPC strands.

D.P. Wires Limited has established itself as a competitive provider of quality products Steel Wire, Low Relaxation Pre-stressed Concrete Strands, Normal Relaxation Pre-stressed Concrete Wire and Strands as per Indian as well as international standards thanks to a capable team of professionals with their talents and unwavering commitment.

Beyond Limits & Boundaries

Our wires & cables have a remarkable ability to stretch and adapt, making them essential components in creating structures that endure the test of time. Whether it's a bridge spanning a vast expanse, a dam holding back immense volumes of water, or a high-speed train hurtling through the landscape, our wires are the connective tissue that make these projects possible.

Commitment to endless opportunities our steel wires provide. They enable architects and engineers to dream bigger, reach farther, and construct with unwavering confidence. Our company's commitment to manufacturing high-quality steel cables and wires goes hand in hand with our dedication to pushing the boundaries of what can be achieved in construction and infrastructure development. Whether it's building bridges, supporting dams, or revolutionizing transportation, our steel cables and wires are at the forefront of innovation and endurance.

Strong Bonds At The Core

In the world of construction and infrastructure development, the demand for durable, reliable, and high-performance materials is paramount. That's where we come in. Our company specializes in manufacturing wires & cables that play a pivotal role in the construction of dams, bridges, flyovers, bullet trains, and buildings. These essential components are the lifeblood of any major construction project, just like the heart is to the human body.

Our steel cables are the embodiment of strength and resilience. Just like the human heart, they are designed to endure immense pressure and strain while maintaining their integrity. These cables provide crucial support and stability to some of the most iconic structures worldwide. Whether it's a towering skyscraper, a massive suspension bridge, or a critical component in a bullet train system, our steel cables are at the core of these engineering marvels.

World Class Manufacturing Facilities

Our Plant

DP Wires Limited takes pride in its state-of-the-art manufacturing plant, which serves as a foundation for its excellence in Specialized Steel Wire Industry. Here are some key details about the manufacturing plant:

Location: The manufacturing plant of DP Wires Limited is strategically located in heart of India, i.e. city of Ratlam, a region that offers easy access to raw materials, transportation networks between major metros of India, and a skilled workforce.

Infrastructure: The plant boasts a modern infrastructure designed to facilitate efficient production processes and meet the highest industry standards. It encompasses a large production area, warehouses, quality control laboratories, administrative offices, and employee facilities.

Technological Advancements: DP Wires Limited's manufacturing plant is equipped with cutting-edge machinery, equipment, and technology. The company continually invests in advanced manufacturing technologies to enhance productivity, improve product quality, and optimize resource utilization.

Product Range: The plant has the capability to manufacture a diverse range of wire and cable products. This includes electrical wires, power cables, communication cables, automotive wires, and specialty cables catering to various industries such as construction, automotive, telecommunications, and energy.

Quality Assurance: DP Wires Limited is committed to delivering products of the highest quality. The manufacturing plant follows rigorous quality control processes at every stage of production, adhering to national and international standards. The plant is equipped with testing facilities to ensure that each product meets or exceeds customer expectations and industry specifications.

Environmental Considerations: DP Wires Limited prioritizes sustainable manufacturing practices. The manufacturing plant incorporates eco-friendly measures to minimize its environmental impact. This may include energy-efficient machinery, waste management systems, and adherence to environmental regulations.

Workforce: The manufacturing plant employs a skilled and dedicated workforce that plays a vital role in ensuring efficient operations and product excellence. DP Wires Limited invests in employee training and development programs to enhance technical expertise and foster a culture of continuous improvement.

Safety and Compliance: The safety and well-being of employees are of utmost importance to DP Wires Limited. The manufacturing plant adheres to strict safety protocols, ensuring a safe working environment for all employees. The plant also complies with relevant regulatory standards and certifications to maintain product quality, safety, and customer satisfaction.

The manufacturing plant of DP Wires Limited serves as a hub of innovation, efficiency, and quality. With its modern infrastructure, advanced technology, commitment to sustainability, and dedicated workforce, the plant enables DP Wires Limited to produce a wide range of wire and cable products that meet the needs of diverse industries. The plant's emphasis on quality control, safety, and compliance reflects the company's unwavering commitment to delivering excellence in its manufacturing operations.

Quality

D.P Wires Ltd. focuses on maintaining consistent quality throughout its manufacturing processes and products. This involves employing stringent quality control measures from the sourcing of raw materials to the final production stage. Quality checks are conducted at various stages, such as wire drawing, annealing, coating, and packaging, to ensure that the wires meet or exceed industry standards and customer requirements.

Key aspects of ensuring quality in the steel wire business include:

- Choosing high-grade raw materials, such as high carbon or stainless steel, with specific mechanical and chemical properties suitable for the intended applications of the wires.
- Implementing standardized manufacturing processes that adhere to best practices and industry standards. This includes wire drawing, heat treatment (annealing), coating (galvanizing or other protective coatings), and surface finish.
- Ensuring compliance with relevant international or industry standards such as ASTM, ISO, or EN specifications. Adhering to these standards guarantees that the steel wires meet the required mechanical, chemical, and physical properties.

Accreditations

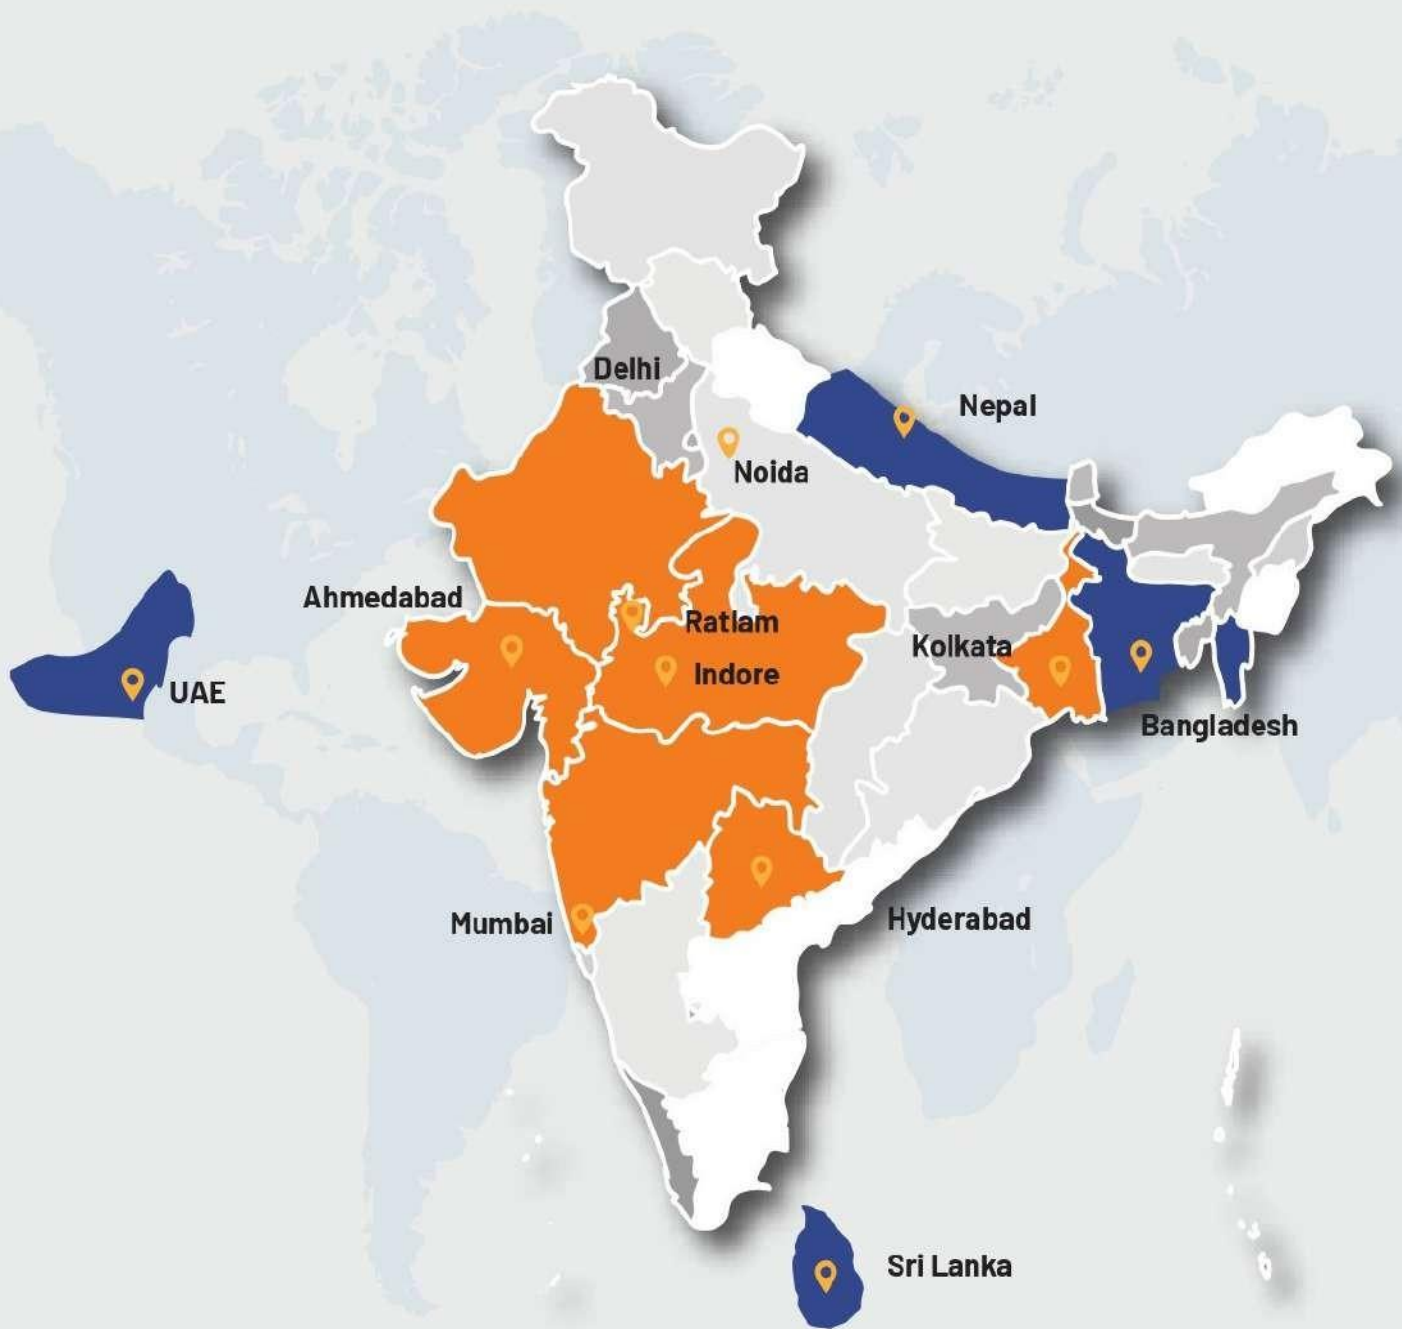

ISO 9001: This internationally recognized quality management system certification confirms that the company has established and implemented effective quality management processes across all operations.

Product Certifications: Depending on the specific applications of the steel wires, we seek product certifications, such as the CE mark (for Europe) or UL certification (for the United States), ensuring compliance with applicable safety and performance standards.

Industry-Specific Accreditations: We pursue industry-specific accreditations related to the steel wire business, such as certifications from industry associations or trade organizations. These accreditations demonstrate expertise, adherence to industry standards, and compliance with specific requirements.

By prioritizing quality and pursuing relevant accreditations we can ensure that our products consistently meet customer expectations, adhere to industry standards, and differentiate itself in a competitive market. This commitment to quality and accreditation will enhance customer trust, increase market opportunities, and contribute to the company's long-term success.

Demographic Growth

 **Centrally Located Manufacturing Plant** that can cater to Northern and Southern Markets

 **Widespread distribution network in all the key markets in India**

 **In between India's major metro cities i.e., Mumbai & Delhi**

 **Exporting to neighboring countries**

Product USP's

1. Fine Quality LRPC Strands

DP Wires have made a name for themselves by providing their every single client exactly what they expected even if it is something as simple as a steel wire or something as complex as a premium quality LRPC strand.

It is important for us that you are aware of the fact that DP Wires stands among the India's top 3rd largest manufacturers of LRPC Strands which find their application in different construction works. But it is yet to be answered what is LRPC strand and how exactly is it useful at a construction site. So, without any further ado, let's get to the useful part.

LRPC Strands USP

An LRPC Strand releases the stress on a structure by taking that stress upon itself. This helps the structure get a stronger base and a better build which in turn assures the safety and longevity. Therefore, it is important to use LRPC strands as not only do they bring strength to the entire structure, they also make sure that the building is going to last a lifetime

2. Induction Tempered Wire

Normally Induction Tempered Wire is categorized as Oil Tempered Wire for its mechanical properties, however, DP Wire's advanced and unique production system uses electric power instead of gas as an energy source for heating and water instead of oil for quenching

Principle of Induction Heat Treatment: Induction heat treatment is, as you can see in fig 1, one of the heat treatment methods assembled, under accurate control, with the Induction Heating Process and Rapid Cooling System which can cool wire material uniformly besides rapidly. This system not only materializes excellent properties of the material but also enables us to heat material so rapidly up to targeted temperature per its application without touching anything. Induction Heat Treatment is quite effective for non-pollution systems suitable for saving resources and energy

USP

From the wire rods to finished products, it is manufactured following perfect quality control by latest facilities and supreme technology, with an automatic induction heating system developed by us. D.P. Wires Induction Tempered Wire has the following features: Because of rapid and short time induction heat treatment for austenitization, ☑ Fine grain structure can be gained. ☑ Decarburization or oxidation of grain boundary. Because of the interaction of fine quenched structure and short time induction tempering, ☑ High strength and toughness can be obtained at the same time by using the precise control system for heating, quenching & tempering. Temperature is controlled for each wire at each stage of operations. ☑ Product's Tensile strength can be achieved according to the customer's specification. ☑ Uniform strength for the entire length of wire can be obtained. ☑ Possible to form smaller D/d

springs even using higher strength of wire. ☑ Fatigue and sag resistance remains at high level. ☑ Cost reduction will be possible by weight saving due to high applied stress

3. Spring Steel Wire

Despite the fact that there are numerous steel wires manufacturers who will claim that theirs is the best, you have no way to check the truth behind their claims. However, we are a different breed who has manufactured tons of steel wires while strictly adhering to the industry standards set for the manufacturing of the product in question. Our former clients have said some really nice words about the quality of our wires and that is why we have grown into a trusted name when it comes to manufacturing affordable and high quality steel wires.

USP

Steel is basically an alloy which is made by majorly using iron, recycled steel and carbon. It is used in making vehicles, utensils, ships, conductors, meshes, clips and barbed wires. However, it is because of the durability and robustness of steel that it has found itself some importance in the construction industry as well.

4. Geomembranes Sheet

DP Wires is going to change the way you line the surfaces of different types of industrial as well as commercial establishments by making sure that every geomembrane manufactured by us stands true to every single quality claim made by us. For that, we have ensured that every geomembrane we manufacture has to go through several tests and trials which are conducted under the expert supervision of our team of skillful individuals. We have a knack for producing only the best quality products and that is exactly what we do with the geomembranes we make.

The geomembranes we make are durable, abrasion resistance, corrosion resistance and have every single quality which a good geomembrane must have. Available in single and double textured surfaces, the geomembranes offered by us are truly a piece of art.

USP

A sheet which is used to line the surface or walls of a container, pool or a huge vessel is known as geomembrane. A geomembrane sheet provides the necessary protection against wear and tear because of prolonged exposure to different type of environmental and physical factors which can harm the entire structure.

These sheets also find their application in the form of liners for waste conveyance canals, fish ponds and agricultural industries as they prevent the damage that could be done due to the wear and tear provided by the rough surface of the respective areas. Now, let's take a good look at the different types of geomembranes which are used for different purpose.

Your Company has adequate production capacity to meet the increased demand of the Customers. The Company has wide basket of products which caters to our customers across the globe with presence in countries like Nepal, Oman, Doha, Muscat, Shrilanka etc. R&D Department of the Company looks after the innovation and also takes into consideration the standards laid down under the ISO certification 9001:2015. At Present there are only three suppliers who are dealing in Stranded Wires and we are an approved supplier of various Government authorities like National Highway Authority in India (NHAI), National Thermal Power Corporation Limited (NTPC), Delhi Metro Rail Corporation Limited (DMRC), Public Works Department (PWD), Central Public Work Department (CPWD), Railways, large public and private sector industries etc. Due to increased overseas demand and technological advancement, the Company has wide opportunities to expand its business operations and product base across the globe. The development of a country's infrastructure is vital to the growth of its sectors and the overall economy. There is an opportunity for DP Wires Limited to become more organized, through steady growth and acquisitions. This would improve overall construction quality. Strong population growth and a growing economy is fueling demand for infrastructure. The government is looking to attract private companies to invest in infrastructure through public-private partnership (PPPs). Growing recognition of "Vocal for local" in global market, company sees many opportunities in renewable power in India. Our Company is engaged in power generation for Gujarat UrjaVikas Nigam Limited. We have set up wind energy based 2 wind farms of 0.80 MW each in village Okha – Madhi and Jodhpur in District Jamnagar, Gujarat. These wind farms are connected by 33kV grid capacity Enercon Site, sub-station at Bhogat.

CORPORATE GOVERNANCE REPORT

INTRODUCTION

Corporate Governance broadly refers to the mechanism, processes and relations by which corporations are controlled and directed. Governance structures identify the distribution of rights and responsibilities among different participants in the corporation (such as the Board of Directors, Managers, Shareholders, Creditors, Auditors, Regulators and other Stakeholders) and include the rules and procedures for making decisions in corporate affairs. Corporate Governance includes the processes through which corporations' objectives are set and pursued in the context of the social, regulatory and market environment. Governance mechanisms include monitoring the actions, policies and decisions of corporations and their agents. Corporate Governance practices are affected by attempts to align the interests of stakeholders on these aspects.

Annexure VIII**MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT**
FINANCIAL YEAR 2023-24- A GLANCE**OVERVIEW OF INDIAN STEEL INDUSTRY**

India – World's Second Largest producer of Crude Steel

India is the world's second-largest producer of crude steel, with an output of 125.32 MT of crude steel and finished steel production of 121.29 MT in FY23.

In FY24, the production of crude steel and finished steel stood at 143.6 MT and 138.5 MT, respectively.

In FY23, crude and finished steel production stood at 125.32 MT and 121.29 MT, respectively. In July 2023, crude steel production in India stood at 11.52 MT.

The consumption of finished steel stood at 105.751 MT in FY22. In FY23, the consumption of finished steel stood at 119.17 MT. In FY24, the consumption of finished steel stood at 135.90 MT.

The per-capita consumption of steel stood at 86.7 kgs in FY23.

India's steel production is estimated to grow 4-7% to 123-127 MT in FY24.

Steel companies are looking to restart expansion projects on the back of burgeoning steel processes with a capacity addition of 29 MT.

In FY22, demand for steel is expected to increase by 17% to 110 million tonnes, driven by rising construction activities. Tata Steel is planning to set up more scrap-based facilities that will have a capacity of at least a billion tonnes by 2025. Tata Steel in India is also planning to expand its annual capacity from 34 MTPA to 55 MTPA by 2030.

In FY23, exports and imports of finished steel stood at 6.7 MT and 6.02 MT, respectively. In FY22, exports and imports of finished steel stood at 13.49 MT and 4.67 MT, respectively. In FY22, India's export rose by 25.1% YoY, compared with 2021. India's per capita consumption of steel grew at a CAGR of 4.43% from 46 kgs in FY08 to 74.10 kgs in FY19. The National Steel Policy aims to increase per capita steel consumption to 160 kgs by 2030-31. In November 2023 exports of finished steel stood at 2.34 lakh metric tonnes (LMT), while imports stood at 7.82 LMT.

In FY24, the exports and imports of finished steel stood at 7.49 MT and 8.32 MT, respectively.

Government has taken various steps to boost the sector including the introduction of National Steel Policy 2017 and allowing 100% Foreign Direct Investment (FDI) in the steel sector under the automatic route. According to the data released by the Department for Promotion of Industry and Internal Trade (DPIIT), between April 2000-March 2024, Indian metallurgical industries attracted FDI inflows of US\$ 17.51 billion.

For the first time ever, India surpassed China as the top developer of coal-based steel capacity in July 2023, according to the latest report from Global Energy Monitor (GEM).

The Government's National Steel Policy 2017 aims to increase the per capita steel consumption to 160 kgs by 2030-31. The Government has also promoted policy which provides a minimum value addition of 15% in notified steel products covered under preferential procurement.

- The government's capital drive contributed in maintaining the capacity utilization rate for the steel sector at a forecast of 80% in FY2024, regardless of assigning of some new expansion projects
- Considering that the Central Government's capital expenses (capex) are anticipated to rise by 37% YoY in FY2024
- Rating Agencies has revamped upwards its steel consumption growth estimate for FY2024 to 8-10%
- The withdrawal of export duties, monthly finished steel exports have doubled to around 0.6 MT in Q4 FY23 from the November 2022 lows of 0.3 MT. While this pick-up is encouraging to see, the near-term growth opportunities in the overseas markets which looks more challenging
- As trade flows are shifted to fast-growing nations, imports of steel have increased during FY2023 that resulted in India becoming a net importer of finished steel for five months in a row between October 2022 and February 2023.

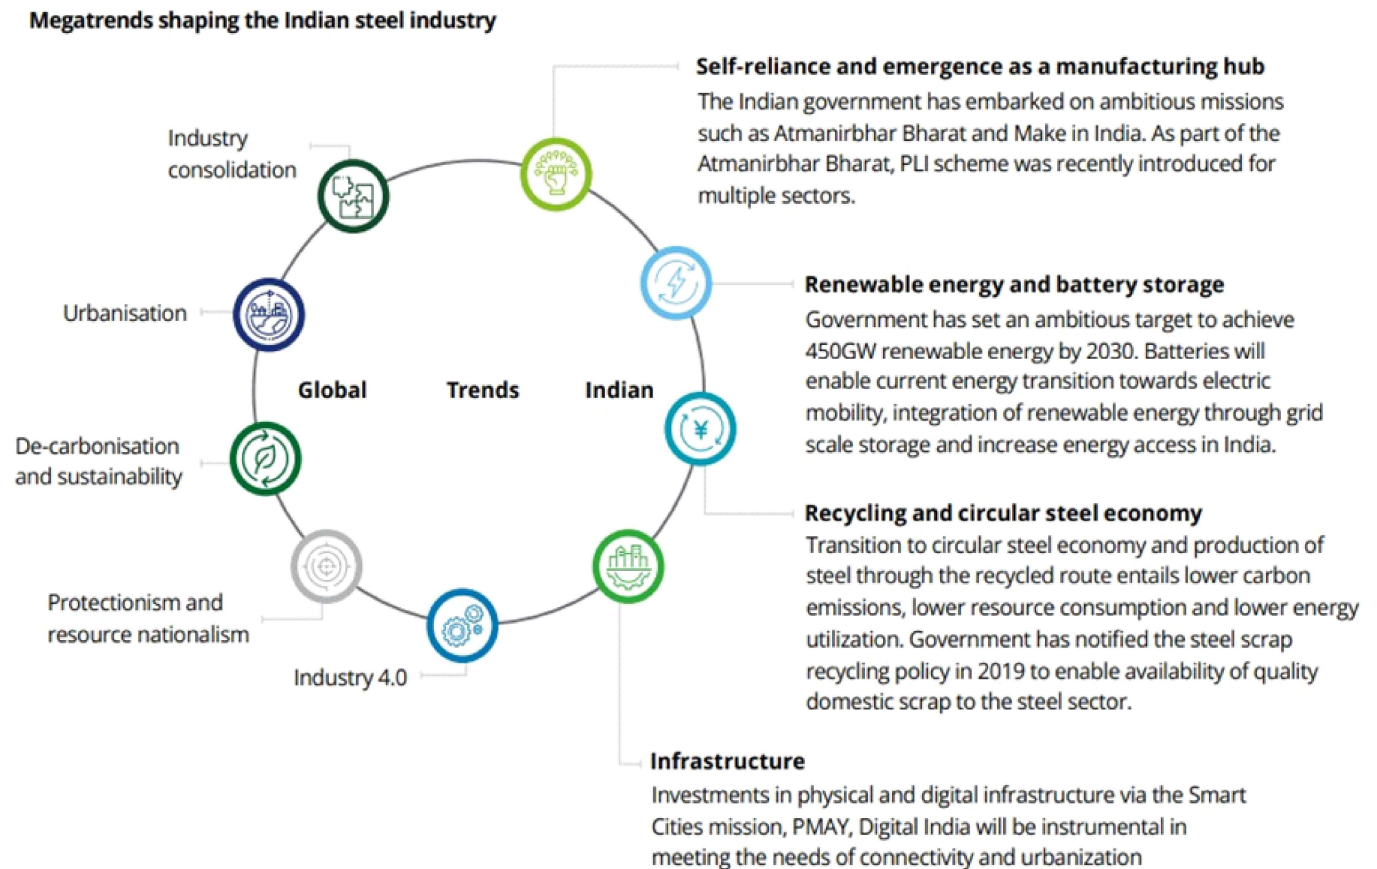

- Because of the local demand's sustained strength and the rising cost of inputs, domestic steel prices are anticipated to follow the global prices in direction and rise.

Steel manufacturing companies in India are classified into integrated steel producers and secondary producers based on their presence in the value chain. Integrated players, such as JSPL, JSW Steel, Tata Steel, SAIL, Essar Steel, Rashtriya Ispat Nigam account for ~61 percent of the total finished steel production.

Traditionally, India was a net importer of finished steel, however, the tide turned in FY17 when India became a net exporter. With the only exception in FY19, India has always been a net exporter of finished steel since then. Even during FY23 when the government had imposed export duty on steel products for half of the year, India has still managed to be a net exporter. Finished Steel trade in India. Some key factors that helped India revive its trade deficit and become a trade surplus country in finished steel include domestic support to the industry, the introduction of anti-dumping duties and safeguard duties for steel products. The latest anti-dumping duties imposed by India include the import of stainless steel, seamless tubes, and pipes from China and the import of electro galvanized steel from Korea RP, Japan, and Singapore. All such measures were not only directed to restrict the import of steel products at a competitive landed price, but also to improve capacity utilization, price realization, and profit margins for domestic producers.

Opportunities for the Indian Steel Industry

Source: Deloitte Analysis, Secondary Research, Press Information Bureau

Under the Union Budget 2023-24, the government allocated Rs. 70.15 crore (US\$ 8.6 million) to the Ministry of Steel. An investment of Rs. 75,000 crore (US\$ 9.15 billion) (including Rs. 15,000 crore (US\$ 1.83 billion) from private sources) has also been allocated for 100 critical transport infrastructure projects for last and first mile connectivity for various sectors such as ports, coal, and steel.

ADVANTAGE INDIA

1. Robust Demand

- ▶ India's finished steel consumption stood at 75.34 MT in April-November 2022.
- ▶ According to Mr. Arnab Kumar Hazra, Deputy Secretary-General of Indian Steel Association, in CY23, crude steel production is expected to touch 134 MT finished production to reach around 127-128 MT.
- ▶ To drive post COVID-19 economic recovery, for the government has planned investments in roads, railways, metro connectivity, industrial parks, industrial corridors, DFC, transportation of water, oil and gas, transmission towers, affordable housing. All these sectors will drive demand for steel.

2. Competitive Advantage

- ▶ In April-November 2022, the production of crude steel in India stood at 81.96 MT.
- ▶ Easy availability of low-cost manpower and presence of abundant iron ore reserves make India competitive in the global set up.
- ▶ India is home to fifth-highest reserves of iron ore in the world.

4. Increasing Investment

- ▶ To achieve steel capacity build-up of 300 MTPA by 2030, India would need to invest US\$ 156.08 billion by 2030-31.
- ▶ The industry is witnessing consolidation of players, which has led to investment by entities from other sectors. The ongoing consolidation also presents an opportunity to global players to enter the Indian market.

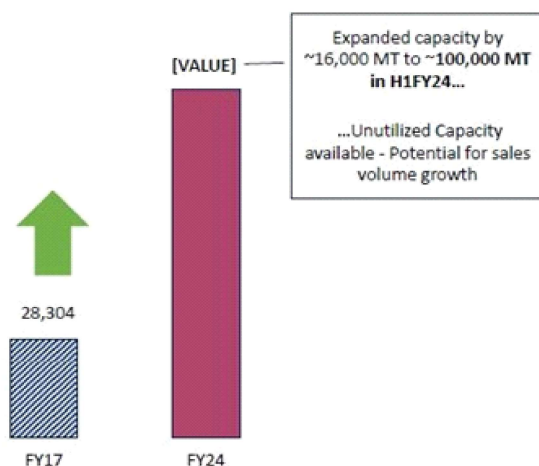

3. Policy Support

- ▶ In October 2021, the government announced guidelines for the approved specialty steel production-linked incentive (PLI) scheme.
- ▶ Export duty of 30% has been levied on iron ore* (lumps and fines) to ensure supply to the domestic steel industry.
- ▶ Under the Union Budget 2023-24, the government allocated Rs. 70.15 crore (US\$ 8.6 million) to the Ministry of Steel.

Outlook

Our key segment of business is Wire division and Plastic Division. We have expanded our capacity by 3 times in last 5 years in wire division. In plastics division, our capacity is increased by 2 times in last 5 years of business. We continue to grow faster with facing challenges and over come with all obstacles.

Capacity (MT) - 3x in 5 Years

Consistently Growing Sales Volume

We are further planning to expand our business to emerging markets and therefore we need to expand further capacities in both wire and plastic division. Our primary focus is on wire division in which we are planning to increase our bandwidth and meet our customers' requirements.

Economic Background and Financial Background

The Company has wide basket of products which cater to our customers across the globe with presence in countries like Nepal, Oman, Doha, Muscat, Sri Lanka. R&D Department of the Company looks after the innovation and also takes into consideration the standards laid down under the ISO certification 9001:2015. At present there are only three suppliers who are dealing in Stranded Wires and we are an approved supplier of various Government authorities like National Highway Authority in India (NHAI), National Thermal Power Corporation Limited (NTPC), Delhi Metro Rail Corporation Limited (DMRC), Public Work Department (PWD), Central Public Work Department (CPWD), Railways, large public and private sector industries. Due to increased overseas demand and technological advancement the Company has wide opportunities to expand its existing production capacity, business operations and product base across the Globe.

The development of a country's infrastructure is vital to the growth of its sectors and the over all economy. There is an opportunity for DP Wires Limited to become more organized, through growth and acquisitions. This would improve overall construction quality. Strong population growth and a growing economy is fueling demand for infrastructure. The government is looking to attract private companies to invest in infrastructure through public-private partnership (PPPs). With emphasis on "Vocal for local", the company sees many opportunities in renewable power in India. We have set up wind energy based 2 wind farms of 0.80 MW each in village Okha-Madhi and Jodhpur in District Jamnagar, Gujarat. These wind farms are connected by 33kV grid capacity Enercon Site, sub-station at Bhogat. Global slowdown in international market, logistics and transportation hurdles, increased competition, technological changes etc. remains as threats.

STRENGTH, WEAKNESS, OPPORTUNITIES AND THREAT ANALYSIS

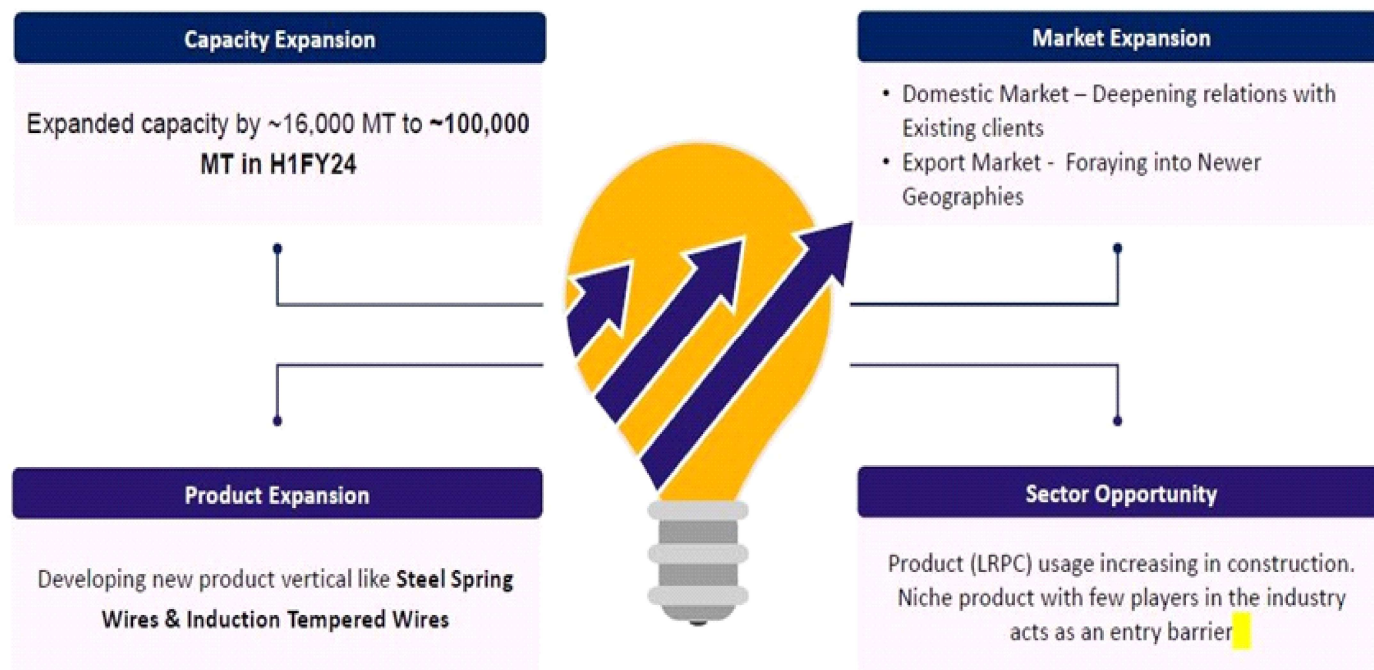

Future Outlook

Our Company caters to needs of different users which include government and private sectors. Among the government sector we have clients in central, state and local bodies. Most of the existing clients are loyal and have maintained healthy relationship with the Company. 25 Years of experience helps in a better understanding of requirements, demands & market trends. Customers are held in highest esteem. When dealing with our customers, we are characterized by our reliability, flexibility as well as solution-oriented work approach.

INDEPENDENT AUDITORS' REPORT

To
The Members
DP WIRES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **DP WIRES LIMITED** (the Company), which comprises the Balance Sheet as at March 31st, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2024, and its Profit and Other Comprehensive Income, Changes in Equity and its Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Description of Key Audit Matters | | |
|---|---|--|
| S.No. | Key Audit Matters | How was the matter addressed in our audit |
| 1 | Uncertain tax positions ñ Indirect Taxes | |
| | The Company has uncertain tax matters pending litigations under various indirect tax laws. The litigation involves significant judgement to determine the possible outcome based on which accounting treatment is given to the disputed amount. Given the magnitude of potential outflow of economic resources and uncertainty of potential outcome, uncertain tax positions are considered to be key audit matters. [Refer Note 35 to the financial statements.] | <p>Our audit procedures included, among others, the following:</p> <ul style="list-style-type: none"> • Obtained details of uncertain tax position and gained understanding thereof; ñ Obtained details of tax assessments and also demands raised; • Along with our internal tax experts, read and analysed relevant communication with the authorities; • Evaluated advice obtained by the management from legal consultants on possible outcome of the litigation; • Discussed with senior management and evaluated management's assumptions regarding provisions made or reflected as contingent liabilities; • Assessed whether the disclosures for uncertain tax positions are in accordance with the requirements of Ind AS 37 on iProvisions, Contingent Liabilities and Contingent Assets. |

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Financial Statements and our Auditors' Report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 (the Order), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "**Annexure-A**" a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act;

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

Referred to in Paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of the Independent Auditors' Report of even date to the members of **D P WIRES LIMITED** on the financial statements as of and for the year ended March 31st, 2024, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during financial year 2021-22. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification during financial year 2021-22.
- (c) According to the information and explanations given to us by the management and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favor of the lessee) recorded in the books of accounts of the Company are held in the name of the Company. In respect of Immovable Property taken on lease, the lease agreements are in the name of the company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) during the year.
- (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and the coverage and procedure of such verification by the management is appropriate in relation to the size of the Company and the nature of its business. It has been explained to us that the discrepancies noticed on physical verification of inventory as compared to books and records were not more than 10% in the aggregate for each class of inventory and the variation has been appropriately dealt with in the books of accounts.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets during the year. On the examination of records, it has been observed that the quarterly returns or statements filed by the company with such banks or financial institutions are in Agreement with the books of account of the Company except for the following discrepancies:

[₹ in Lakhs]

| Nature of Statement furnished before the Banks/Financial Institutions | Quarter ending to which the amount relates | Amount as per books of accounts | Amount as per Statements furnished to Bank/F.I. | Difference | Reasons for Differences, as informed by the management |

- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security to companies, firms, limited liability partnership or any other parties during the year. The Company has granted secured and unsecured loans to companies and other parties, in respect of which the requisite information is as below. The Company has not made any investment in or granted any loans, secured or unsecured, to firms and limited liability partnership.
- (a) Based on the audit procedure carried on by us and as per the information and explanation given to us, the details of loans provided by the Company to companies are given herewith in a tabular form, as under :

[₹ in Lakhs]

| Particulars | Subsidiary | Joint Venture | Associate | Others |
|--|------------|---------------|-----------|---------|
| Aggregate amount of loan advanced during the year ended 31st March, 2024 | Nil | Nil | Nil | 6155.00 |
| Balance outstanding as at Balance sheet date i.e. 31st March, 2024 | Nil | Nil | Nil | Nil |

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the investments made and the terms and conditions of the grant of secured and unsecured loans are, prima facie, not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, the loan has been granted without any security and without stipulating any schedule of repayment of principal and interest. As the loan is repayable on demand along with interest, the question as to regularity of the repayment or interest receipts does not arise.
- (d) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion, there being no stipulated schedule of repayment and the Company having not demanded the repayment of loan, the loan so granted has not become overdue.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.
- (f) According to information and explanations given to us and on the basis of our examination of the records of the Company, during the year, the Company has granted loans to its related parties, without any security, repayable on demand and which does not specify any terms and period of repayment, the details of which are mentioned below:

| Percentage of loans/ advances in nature of loan to the total loans [b/a*100] | 100% | - | 100% | - |

- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has not provided any guarantee or security as specified under Sections 185 and 186 of the Act. In respect of the investments made and loans given by the Company, in our opinion the provisions of Sections 185 and 186 of the Act have been complied with.

- (v) According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) According to the information and explanations given to us and on the basis of examination of the records of the Company, in our opinion, the Company is generally regular in depositing the undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues applicable to it, with the appropriate authorities though there has been a marginal delay in a few cases. According to the information and explanations given to us, no undisputed amount payable in respect of aforesaid dues were in arrears as on March 31st, 2024 for a period more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no material dues of goods and services tax, provident fund, employees' state insurance, income tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues applicable to it, which have not been deposited with the appropriate authorities on account of any dispute, except for the following:

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)
Referred to in Paragraph 2(f) under ‘Report on *Other Legal and Regulatory Requirements*’ section of the Independent Auditors’ Report of even date to the members of **D P WIRES LIMITED** on the financial statements as of and for the year ended March 31st, 2024, we report that: We have audited the internal financial controls with reference to financial statements of **D P WIRES LIMITED** (‘the Company’) as of 31st, March, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “**Guidance Note**”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls With Reference to Financial Statements

A company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE - 1B - SIGNIFICANT ACCOUNTING POLICIES

1B.1 Basis of Preparation

The Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 (the "Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

Accordingly, the Company has prepared these Financial Statements which comprise the Balance Sheet as at 31 March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income) for the year ended 31 March 2024, the Statement of Changes in Equity and the Statement of Cash Flows for the year ended 31 March 2024, and accounting policies and other explanatory information (together hereinafter referred to as "the Financial Statements").

1B.2 Basis of Measurement

The financial statements have been prepared on a going concern basis using historical cost convention and on accrual method of accounting, except for the following assets and liabilities which have been measured at fair value:

- Plan assets under defined benefit plans ñ measured at fair value.

1B.3 Functional and Presentation Currency

These financial statements are presented in Indian Rupees (₹), which is the Company's functional currency.

1B.4 Summary of Significant Accounting Policies

1B.4.1 Property, Plant and Equipment (PPE)

- Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any other cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.
- Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.
- Depreciation on Property, Plant and Equipment is provided using written down value method, except on Land (held as investment property), on which no depreciation is provided. Depreciation provided is based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. If, significant parts of an item of Property, Plant and Equipment have different useful lives, then they are accounted and depreciated for as separate items (major components) of Property, Plant and Equipment.
- The lease term in future periods is reassessed to The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.
- Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognised.
- Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as stores & spares forming part of the inventory.

1B.4 2 Leases
The Company as a lessee

- (a) The Company's lease asset classes primarily consist of leases for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether :
 - (i) the contract involves the use of an identified asset
 - (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease, and
 - (iii) the Company has the right to direct the use of the asset.
- (b) Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts.
- (c) At the date of commencement of the lease, the Company recognizes a Right-of-Use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases.
- (d) The lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.
- (e) The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.
- (f) ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.
- (g) The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.
- (h) Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessee

- (a) The Company has not entered into any lease contract during the year in the capacity of "Lessor".

1B.4 3 Capital Work-in-Progress

- (a) Expenditure incurred on assets under construction (including a project) is carried at cost under 'Capital Work-in-Progress'. Such costs comprises purchase price of asset including import duties and non-refundable taxes and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and after deducting trade discounts and rebates.
- (b) Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under 'Capital Work-in- Progress' and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.

- (c) Capital Expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under 'Capital Work-in-Progress' and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the iattributability and the iUnit of Measure concepts in Ind AS 16- iProperty, Plant & Equipment. Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.

1B.4 4 Finance Cost

- (a) Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.
- (b) All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

1B.4 5 Inventories

- (a) Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.
- (b) Cost of stores and spares, packing materials, trading products and other products are determined at Cost on FIFO basis

1B.4 6 Impairment of Non-Financial Assets - Property, Plant and Equipment

- (a) The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.
- (b) An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.
- (c) The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

1B.4 7 Assets Held For Sale

- (a) The assets are classified as held for sale if their carrying amount is intended to be recovered principally through sale rather than through continuing use. The condition for classification of held for sale is met when the asset is available for immediate sale and the same is highly probable of being completed within one year from the date of classification under the head 'Assets Held for Sale'. The Company, is not holding any asset which is to be classified as 'Assets Held For Sale'.

1B.4 8 Provisions, Contingent Liabilities and Contingent Assets

- (a) Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management's estimate of the amount required to settle the obligation at the balance sheet date. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.
- (b) If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.
- (c) Contingent liabilities are disclosed on the basis of judgment of the management. These are reviewed at each balance sheet date and are adjusted to reflect the current management's estimate.
- (d) Contingent assets are not recognized but are disclosed in the financial statements only when inflow of economic benefits is probable.

1B.4 9 Income Taxes

- (a) Income-Tax expense comprises of current and deferred income tax. Income tax expense is recognised in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income or Equity.
- (b) Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

- (c) Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.
- (d) Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.
- (e) Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised.

1B.4 10 Foreign Currency Transactions and Translations

- (a) Transactions in foreign currencies are initially recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.
- (b) Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalised as cost of assets.
- (c) Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively).

1B.4 11 Employee Benefits Expense

(a) Short Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(b) Post-Employment Benefits - Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund and ESIC Fund. The Company recognises contribution payable to the provident fund scheme and ESIC fund scheme, as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to that extent.

(c) Post-Employment Benefits - Defined Benefits Plans

- (i) The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
- (ii) The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days salary for every completed year of service as per the provisions of the Payment of Gratuity Act, 1972.
- (iii) The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees. The gratuity fund has been approved by the governing Income-Tax authorities.
- (iv) The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.
- (v) Re-measurements of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

1B.4 12 Revenue from Operations

- (a) Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably.

- (b) Revenue from sale of goods is measured at the fair value of the consideration received or receivable after taking into account contractually defined terms of payment and excluding trade discounts, volume rebates and taxes or duties collected on behalf of the Government such as Goods and Services Tax [GST].
- (c) The Company does not adjust short-term advances received from the customer for the effects of significant financing component if it is expected at the contract inception that the promised good or service will be transferred to the customer within a period of one year.
- (d) Revenue from power generating units is recognised on monthly basis when the generated units are transmitted as per the contractually agreed terms.

1B.4 13 Other Income

(a) Interest Income

For all Debt Instruments measured either at Amortized Cost or at Fair Value through Other Comprehensive Income, interest income is recorded using the Effective Interest Rate [EIR]. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability.

(b) Dividend Income

Dividend income is recognised only when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of dividend can be measured reliably.

1B.4 14 Goods and Services Tax [GST]

- (a) The Goods and Services Tax balances, as appearing in the Balance Sheet of the Company, are subject to the reconciliation at the time of furnishing the annual GST returns of the company, under the Goods and Services Tax Enactments, for the financial year 2023-24.

1B.4 15 Financial Instruments

(a) Financial Assets

(i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value, are adjusted to the fair value, through profit and loss, on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

(ii) Subsequent measurement

Financial assets carried at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL.

(iii) Reclassification of Financial

Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109 - Financial Instruments.

(iv) Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognised in Statement of Profit and loss when the company's right to receive payment is established.

(v) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(b) Financial Assets

(i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(c) Derivative financial instruments and Hedge Accounting

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss, except for the effective portion of cash flow hedges which is recognised in Other Comprehensive Income and later to Statement of Profit and Loss when the hedged item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial assets or non-financial liability.

Hedges that meet the criteria for hedge accounting are accounted for as follows:

(i) Cash flow hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of movement in interest rates and foreign exchange rates for foreign exchange exposure on highly probable future cash flows attributable to a recognised asset or liability or forecast cash transactions. When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in the cash flow hedging reserve being part of other comprehensive income. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the underlying transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the underlying transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified in the Statement of Profit and Loss.

(ii) Fair Value Hedge

The Company designates derivative contracts or non derivative financial assets / liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in interest rates, foreign exchange rates and commodity prices.

Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss. If the hedging relationship no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of a hedged item for which the effective interest method is used is amortised to Statement of Profit and Loss over the period of maturity.

(d) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(e) Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

1B.4 16 Operating Cycle

- (a) The Company presents its assets and liabilities in the balance sheet based on current/non-current classification which is based upon the Company's operating cycle. The Company has identified twelve months as its operating cycle.
- (b) An asset is treated as current when it is:
 - (i) Expected to be realized or intended to be sold or consumed in normal operating cycle;
 - (ii) Held primarily for the purpose of trading;
 - (iii) Expected to be realized within twelve months after the reporting period; or
 - (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- (c) A liability is treated as current when :
 - (i) It is expected to be settled in normal operating cycle;
 - (ii) It is held primarily for the purpose of trading;
 - (iii) It is due to be settled within twelve months after the reporting period, or
 - (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- (d) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

1B.4 17 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of shares issued during the year including bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

1B.4 18 Dividend Distribution

Dividends paid (including Income-Tax thereon) are recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by the shareholders.

1B.4 19 Statement of Cash Flows**(a) Cash and Cash equivalents**

- (a) For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.
- (b) The Statement of Cash Flows has been prepared under the 'Indirect Method' as set out in Indian Accounting Standard (Ind AS) 7 on 'Statement of Cash Flows'.

1B.4 20 Government Grants

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received. Government grants related to assets are presented by deducting the grant from the carrying amount of the asset. Government grants related to revenue are recognized on a systematic basis in net profit in the Statement of Profit and Loss over the periods necessary to match them with the related costs which they are intended to compensate.

NOTE - 1C - CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the financial statements in conformity with the Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

1C.1 Depreciation / amortisation and useful lives of property plant and equipment / intangible assets

Property, Plant and Equipment / Intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates

1C.2 Recoverability of Trade Receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

1C.3 Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

1C.4 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGUs) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

1C.5 Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

NOTE - 1D - New and amended Standards adopted by the Company

During the financial year ended 31st March, 2024, no new accounting standard has been adopted by the Company.

During the financial year ended 31st March, 2020, the Company has applied the following standards and amendments for the first time for their annual reporting period commencing April 1, 2019:

1D.1 Appendix C to Ind AS 12 - Uncertainty over income tax treatments

Appendix C to Ind AS 12 clarifies the accounting for uncertainties in income taxes. The interpretation is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. The adoption of Appendix C to Ind AS 12 did not have any material impact on the financial statements of the Company.

1D.2 Amendment to Ind AS 12 ñ Income Taxes

The Ministry of Corporate Affairs issued amendments to Ind AS 12 ñ Income Taxes. The amendments clarify that an entity shall recognize the income tax consequences of dividends on financial instruments classified as equity according to where the entity originally recognized those past transactions or events that generated distributable profits were recognized. The adoption of amendment to Ind AS 12 did not have any material impact on the financial statements of the Company.

1D.3 Amendment to Ind AS 19 - Plan Amendment, Curtailment or Settlement

The Ministry of Corporate Affairs issued amendments to Ind AS 19, ðEmployee Benefitsí, in connection with accounting for plan amendments, curtailments and settlements requiring an entity to determine the current service costs and the net interest for the period after the remeasurement using the assumptions used for the remeasurement; and determine the net interest for the remaining period based on the remeasured net defined benefit liability or asset. The adoption of amendment to Ind AS 19 did not have any material impact on the financial statements of the Company.

NOTE - 35 - DISCLOSURES AS PER IND AS 116 "LEASES"
APPLICATION OF IND AS 116

Ministry of Corporate Affairs (.MCA.) through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases, which replaces the existing lease standard, Ind AS 17 Leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind AS 116, effective annual reporting period beginning 1st April, 2018 (Date of Transition to Ind AS) and applied the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (1st April, 2018). Accordingly, the Company has measured its lease liability as at 1st April, 2018 at the present value of the remaining lease payments, discounted using the interest rate of 6.60% p.a. implicit in the lease at the date of transition to Ind AS.

Notes forming part of financial statements

The Right-of-Use Asset has been recognised at an amount equal to the lease liability. Accordingly, a Right-of-Use asset of ₹ 25.61 Lakhs and a corresponding lease liability of same amount has been recognized in the financial year 2018-19. The cumulative effect on transition in retained earnings net off taxes is ₹ Nil.

The Company has measured its lease liability at the present value of the remaining lease payments, discounted using the interest rate of 7.50% p.a. implicit in the lease at the date of transition to Ind AS. Accordingly, a Right-of-Use asset of ₹ 2.74 Lakhs and a corresponding lease liability of same amount has been recognized in the financial year 2021-22. The cumulative effect on transition in retained earnings net off taxes is ₹ Nil.

The Company has measured its lease liability at the present value of the remaining lease payments, discounted using the interest rate of 8.45% p.a. implicit in the lease at the date of transaction. Accordingly, a Right-of-Use asset of ₹ 7.00 Lakhs and a corresponding lease liability of Rs. 4.09 Lakhs has been recognized in the financial year 2023-24. The cumulative effect on transition in retained earnings net off taxes is ₹ Nil.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the Right-of-Use asset, and

finance cost for interest accrued on lease liabilities.

Ind AS 116 has resulted in an increase in net cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease

payments. The principal and interest portion of the lease payments have been disclosed under cash flow from financing activities which for the year ended March 31st, 2024, amount to ₹ 2.46 Lakhs (Previous Year ₹ 2.01 Lakhs).

For movement in Right-of-Use Asset Refer Note 3 and movement in Lease Liability during the year is as follows :

- The expected contribution for Defined Benefit Plan for the next financial year will be in line with F.Y. 2023-24.
- The company makes provident fund (PF) contributions to defined contribution benefit plans for eligible employees. Under the scheme the company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions specified under the law are paid to the government authorities (PF commissioner).
- Amount towards Defined Contribution Plan have been recognized under .Contribution to Provident and Other funds. in Note 29.

Notes forming part of financial statements
5 Defined Benefit Plan:

The Company has defined benefit plans for gratuity to eligible employees, contributions for which are made to Kotak Mahindra Life Insurance Company Limited, who invests the funds as per IRDA guidelines. The details of these defined benefit plans recognized in the financial statements are as under:

General Description of the Plan:

The Company operates a defined benefit plan (the Gratuity Plan) covering eligible employees, which provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employees salary and the tenure of employment.

The defined benefit plans typically expose the company to various risk such as :

(a) Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create plan deficit.

(b) Interest risk:

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the plan assets.

(c) Longevity risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(d) Salary risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

 (d) Interest Rate Risk:

Interest rate risk is the risk that the future cash flow with respect to interest payments on borrowing will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligation with floating interest rates.

 (e) Interest Rate Sensitivity:

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs.

The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations. The Company also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short term loans.

As at 31st March, 2024, financial liability of ₹ Nil Lakhs was subject to variable interest rates. Increase/decrease of 100 basis points in interest rates at the balance sheet date would result in decrease/increase in profit/(loss) before tax of ¹ Nil for the year ended 31st March, 2024.

The model assumes that interest rate changes are instantaneous parallel shifts in the yield curve. Although some assets and liabilities may have similar maturities or periods to re-pricing, these may not react correspondingly to changes in market interest rates. Also, the interest rates on some types of assets and liabilities may fluctuate with changes in market interest rates, while interest rates on other types of assets may change with a lag.

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

(Note: The impact is indicated on the profit/(loss) before tax basis).

 (f) Commodity Price Risk:

Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management frame work aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs. The company's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase

 (g) Credit Risk:

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the company. Credit risk arises mainly from the outstanding receivables from customers. The company has a prudent and conservative process for managing its credit risk arising in the course of its business activities. The credit ratings/market standing of the customers are evaluated on a regular basis.

 (h) Liquidity Risk:

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities. The Company maintains adequate cash and cash equivalents along with the need based credit limits to meet the liquidity needs.

Notes forming part of financial statements

(i) Hedge Accounting:

The Company has established risk management policies to hedge the volatility arising from exchange rate fluctuations in respect of firm commitments and highly probable forecast transactions, through foreign exchange forward and options contracts. The proportion of forecast transactions that are to be hedged is decided based on the size of the forecast transaction and market conditions. As the counterparty for such transactions are highly rated banks, the risk of their nonperformance is considered to be insignificant.

The Company uses derivatives to hedge its exposure to changes in movement in foreign currency. Where such derivatives are not designated under hedge accounting, changes in the fair value of such hedges are recognised in the Statement of Profit and Loss.

The Company may also designate certain hedges, usually for large transactions, as a cash flow hedge under hedge accounting, with the objective of shielding the exposure from variability in cash flows. The currency, amount and tenure of such hedges are generally matched to the underlying transaction(s). Changes in the fair value of the effective portion of cash flow hedges are recognised as cash flow hedging reserve in Other Comprehensive Income. While the probability of such hedges becoming ineffective is very low, the ineffective portion, if any, is immediately recognised in the Statement of Profit and Loss.

NOTE - 40 - SEGMENT INFORMATION

The Company's operating segments are established on the basis of those components of the group that are evaluated regularly by the Executive Committee (the Chief Operating Decision Maker, as defined in Ind AS 108 - Operating Segments.), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.

- (a) Revenue and Expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and Expenses which relate to enterprise as a whole and are not allocable to a segment on reasonable basis have been disclosed as 'Unallocable'.
- (b) Segment Assets and Segment Liabilities represent Assets and Liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as 'Unallocable'.

NOTES:

1. Pursuant to Section 105 of the Companies Act, 2013, a person can act as proxy on behalf of members not exceeding 50 and holding in the aggregate not more than 10% of the total share capital of the Company carrying voting rights. A Member holding more than 10% of the total share capital of the company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder.

The instrument appointing proxy in order to be effective should be duly stamped, completed and signed and should be deposited at the Registered Office of the Company not later than 48 hours before the time fixed for the meeting. A Proxy Form is annexed to this report. Proxies submitted on behalf of limited companies, societies, etc., must be supported by an appropriate resolution/authority, as applicable.

2. Members holding shares in dematerialized form are requested to intimate all particulars of bank mandates, nominations, power of attorney, change in address, change of name, e – mail address, contact numbers, etc. to their depository participants (DP) and not to the company.
3. The Securities Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are requested to submit their PAN to their DPs.
4. Register of Directors and Key Managerial Personnel and their shareholding and Register of contracts or Arrangements in which Directors are interested, maintained under Sections 170 and 189 respectively of the Act, will be available for inspection by the members at the AGM.
5. Members whose shareholding is in electronic mode are requested to notify any change in address or bank account details to their respective depository participant(s) (DP).

6. As entire shareholding is in dematerialized mode, there is no need to close the books i. e. Register of members and Share Transfer Books.
7. Pursuant to the provisions of sections 101 and 136 of the Act read with relevant Rules made there under, companies can serve Annual Reports and other communications through electronic mode to those members who have registered their email addresses either with their DP or the company. Notice of the AGM along with Annual Report for the year ended March 31, 2024 is being sent by electronic mode to those members whose email addresses are registered with the Company/Depositories, unless a member has requested for a physical copy of the same. Physical copies of the Annual Report are being sent by the permitted mode to those Members who have not registered their email addresses. Members desirous of receiving physical copies of the Annual Report are requested to write to the Investors' Services Department at the Registered Office of the Company. Annual Report for the year ended March 31, 2024 circulated to Members is also available on the website of the company **www.dpwires.co.in**.

Members who have not registered their e-mail address with the Company are requested to submit their valid e-mail address to the Registrar and Transfer Agent of the company M/s Bigshare Services Private Limited. Members holding shares in demat form are requested to register/update their e-mail address with their Depository Participant(s) directly.

8. In case of joint holders attending the AGM, only such joint holders who are higher in the order of names will be entitled to vote.
9. Members are requested to:
 - a. Quote ledger folio numbers/DP ID and Client ID Numbers in all their correspondence;
 - b. Approach the Company for consolidation of multiple ledger folios into one;
 - c. To avoid inconvenience, get shares transferred in joint names, if they are held in a single name and/or appoint a nominee; and
 - d. Bring with them at the AGM, their copy of the Annual Report and Attendance slip.
10. NRI Members are requested to inform the Investors Services Department of the Company immediately of:-
 - a. Particulars of their bank account maintained in India with complete name, branch, account type, account number, and address of the bank with pin code number, if not furnished earlier; and
 - b. Change in their residential status and address in India on their return to India for permanent settlement.
11. Members desirous of obtaining any information concerning accounts and operations of the company are requested to address their communications at the registered office of the company, so as to reach at least seven days before the date of the meeting, so that the required information can be made available at the meeting, to the extent possible.
12. Members, who hold shares in electronic form, are requested to notify their DP and Client ID Number at the AGM for easier identification.
13. Corporate members intending to send their authorized representatives to attend the meeting are requested to send to the Company a certified copy of the Board resolution authorizing their representative to attend and vote on their behalf at the meeting.
14. Only bona fide members of the Company whose names appear on the Register of Members/Proxy holders, in possession of valid attendance slips duly filled and signed will be permitted to attend the meeting. The Company reserves its right to take all steps as may be deemed necessary to restrict non-members from attending the meeting.
15. In order to enable us to register your attendance at the venue of the Annual General Meeting, we request you to bring your folio number/demat account number/DP ID-Client ID to enable us to give you a duly filled attendance slip for your signature and participation at the meeting.
16. The details of the directors seeking re-appointment at the Annual General Meeting are provided in Annexure A to this Notice. The Company has received the necessary consents/declarations for the reappointment under the Companies Act, 2013 and the rules thereunder.
17. Voting through electronic means:
 - i. Pursuant to the provisions of Section 108 of the Act read with The Companies (Management and Administration) Rules, 2014, a member may exercise his right to vote by electronic means (e-voting) in respect of the resolutions contained in this notice.
 - ii. The Company is providing e-voting facility to its members to enable them to cast their votes electronically. The Company has engaged the services of Central Depository Services (India) Limited ("CDSL") as the Authorized Agency to provide e-voting facilities.
 - iii. The Board of Directors has appointed CS ShwetaGarg, Company Secretary in whole time practice, Indore with Membership No. FCS 5501 and Certificate of Practice No. 4984 as the Scrutinizer, for conducting the e-voting process in a fair and transparent manner.
 - iv. Members are requested to carefully read the instructions for e-voting before casting their vote.
 - v. The e-voting facility will be available during the following voting period after which the portal will be blocked and shall not be available for e-voting:

| | |
|--------------------------|---|
| Commencement of e-voting | From 9:00 a.m. (IST) on 27 th September, 2024 |
| End of e-voting | Up to 05:00 p.m. (IST) on 29 th September, 2024 |

At the end of the e-voting period, the facility shall forthwith be blocked. A person who is not a member as on the cut-off date should treat this notice for information purposes only.

- vi. The cut-off date for the purpose of e-voting is 20 th September, 2024.

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- (i) The voting period begins at 9:00 a.m. (IST) on 27 th September, 2024 and ends at 05:00 p.m. (IST) on 29 th September, 2024. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 20th September, 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants.

Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

EXPLANATORY STATEMENT

The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ('Act'), given hereunder sets out all material facts relating to the special business mentioned at Item No. 4 of the accompanying Notice dated September 04, 2024. As an additional information, the Explanatory Statement also contains material facts pertaining to ordinary business mentioned at Item No. 3 of the said Notice

Item No. 3

This Explanatory Statement is in terms of Regulation 36(5) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), though statutorily not required in terms of Section 102 of the Act. The Members at the Twenty First Annual General Meeting ('AGM') of the Company held on December 31, 2020, had approved appointment of Anil Kamal Garg & Associates, Chartered Accountants (Firm Registration No. 004186C), as the Statutory Auditors of the Company to hold office from the conclusion of the Twenty First AGM till the conclusion of the Twenty Sixth AGM of the Company to be held in the year 2024. As the existing Statutory Auditors have completed their two consecutive terms of 5 years as statutory auditors, they are not eligible to be reappointed.

Hence, after evaluating and considering various factors such as industry experience and efficiency in conduct of audit, independence, etc., the Board of Directors of the Company ('Board') has, based on the recommendation of the Audit Committee, proposed the appointment of M/s Dilip K Neema & Associates (Firm Registration Number 005279C), as the Statutory Auditors of the Company, for a term of five years from the conclusion of Twenty Sixth AGM till the conclusion of Thirty First AGM of the Company to be held in the year 2029, at a remuneration as may be mutually agreed between the Board and the Statutory Auditors. The proposed appointee have consented to their appointment as the Statutory Auditors and have confirmed that the appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act and that they are not disqualified to be appointed as the Statutory Auditors in terms of the provisions of Section 139 and 141 of the Act and the Rules framed thereunder.

The Board, in consultation with the Audit Committee, may alter and vary the terms and conditions of re-appointment, including remuneration, in such manner and to such extent as may be mutually agreed with the Statutory Auditors.

None of the Directors, Key Managerial Personnel or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution at Item No. 3 of the accompanying Notice.

Based on the recommendation of the Audit Committee, the Board recommends the Ordinary Resolution set forth at Item No.4 of the Notice for approval by the Members.

Item No. 4

To ratify the remuneration of M/s. M. P. Turakhia & Associates, Cost Auditor of the Company for the financial year 2024- 25

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s. M. P. Turakhia & Associates, Cost Accountants, Indore (Firm Registration No. 000417) to conduct the audit of the cost records of the Company for the financial year 2024- 2025 at remuneration as detailed in the resolution.

In accordance with the provisions of Section 148(3) of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the Shareholders of the Company. Accordingly, consent of the members is being sought for ratification of the remuneration payable to the Cost Auditors for the financial year ending 2024- 2025.

None of the Directors and Key Managerial Personnel of the Company & their relatives is in any way, concerned or interested, financially or otherwise, in this resolution.

The Board recommends the Ordinary Resolution at Item No. 4 for approval of the members.
