c. A brief on types of customers

HDFC Life specializes in providing life insurance, a distinctive tool for financial planning that offers families financial security in the event of exigencies such as death or serious health conditions. Beyond life insurance, these products also allow families to save and invest, creating a financial cushion to ensure their family's financial stability, meet their long-term financial objectives and fulfill their desires and ambitions. Below is a quick summary of our customers:

- Individuals who earn a salary or are self-employed with dependents looking for coverage against death, critical illness, or accidents, as well as protection for liabilities related to loans in the event of death, critical illness, or accident. These products also include savings and investment options for various long-term goals such as children's education, marriage, retirement, etc. The firm also serves retirees in search of pension products.
- Companies that receive a variety of offerings to handle their gratuity, superannuation, and leave encashment funds. These offerings cater to the protection needs of employees from both large and small companies.

26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Sr. No.	Material issues identified	Indicate whether Risk or Opportunity	Rationale for identifying risk or opportunity	In case of risk approach to adapt or mitigate	Financial implication of the risk or opportunity (indicate positive or negative implications)
1.	Brand and Reputation Management	Risk/ Opportunity	<ol style="list-style-type: none"> Negative publicity erodes trust, leading to customer loss, while positive reputation boosts retention and sales opportunities. Reputational damage can draw regulatory scrutiny, resulting in fines and operational challenges. Poor brand perception hampers investor attraction, affecting stock performance. A positive brand image improves employee morale and efficiency. 	<p>Our enduring relationships with customers come with the responsibility of addressing claims, even years after the policy purchase. This highlights the need for us to build and nurture a reputation that strongly connects with our customers.</p> <p>Therefore, our organization places exceptional emphasis on our brand and reputation, which significantly influences our strategic initiatives and reinforces our commitment to excellence.</p>	<ol style="list-style-type: none"> Reputational damage lowers sales and revenue as customers turn to competitors. Repairing a damaged reputation requires costly marketing, PR, and customer compensation. Brand perception affects stock performance, shareholder value, and access to capital.

Sr. No.	Material issues identified	Indicate whether Risk or Opportunity	Rationale for identifying risk or opportunity	In case of risk approach to adapt or mitigate	Financial implication of the risk or opportunity (indicate positive or negative implications)
2.	Information & Cyber Security	Risk	<ol style="list-style-type: none"> 1. Insurers handle sensitive data, making them prime targets. 2. Non-compliance leads to fines and damage to reputation. 3. Cyber attacks disrupt services and erode trust. 4. Breaches lead to customer loss and hinder new business. 	Our information security policy is well-defined and encompasses cybersecurity measures, to guarantee the protection of all information assets. This is achieved by implementing thorough management processes across the organisation. In accordance with the recommendations of the IRDAI, we have integrated Business Continuity Planning (BCP) with Information & Cyber Security. BCP conducts a business impact analysis (BIA) when assessing processes, evaluating the impact on services, both customer-related and financial/non-financial, in line with regulatory requirements. The Company employs various data privacy and protection solutions to ensure that the data of its customers, employees, vendors and other stakeholders is appropriately handled through its life cycle.	<ol style="list-style-type: none"> 1. Investigation, system restoration, and customer notification. 2. Non-compliance results in hefty fines and legal expenses. 3. Disruption leads to loss of trust, revenue loss and customer churn.
3.	Business Ethics & Policies	Risk	<ol style="list-style-type: none"> 1. Ethical lapses can lead to negative publicity, damaging the company's reputation and trust among customers. 2. Violations of ethical standards or policies can result in fines, legal penalties, and increased regulatory scrutiny. 3. Unethical behavior can lower employee morale, leading to decreased productivity and retention. 4. Ethical breaches can erode customer trust, resulting in customer attrition and difficulty in acquiring new business. 	Upholding ethical business practices is a top priority for us, and we are committed to efficiently handling both the associated risks and opportunities it entails. This commitment encompasses addressing issues such as fraud, corruption, bribery, facilitation payments, fiduciary responsibilities, and any other behaviours that may have ethical implications. Our Code of Ethics and Conduct, reflecting our company's core values, demonstrates our commitment to upholding ethical standards throughout our operations.	<ol style="list-style-type: none"> 1. Fines and legal expenses incurred due to non-compliance with ethical standards and policies. 2. Decreased customer trust and loyalty can lead to revenue loss and market share decline. 3. Implementing and enforcing ethical policies may require additional resources and investment.

Sr. No.	Material issues identified	Indicate whether Risk or Opportunity	Rationale for identifying risk or opportunity	In case of risk approach to adapt or mitigate	Financial implication of the risk or opportunity (indicate positive or negative implications)
4.	Risk Management and Governance Structure	Risk	Weak risk management and governance structure can directly threaten the company's ability to fulfill obligations to policyholders	Our core focus in risk management is to proactively identify, assess, and mitigate the risks encountered by our company. We adopt a vigilant stance, consistently monitoring both current and emerging risks. By conducting thorough assessments of their potential impact, we strive to be well-prepared for protection against any losses or operational disruptions. As part of our risk management strategy, we proactively identify and leverage opportunities that emerge from risks, leading to favourable outcomes for our organisation. Our corporate governance philosophy is rooted in the principles of integrity, transparency, accountability, and responsible corporate conduct. This aims to boost investor confidence and create lasting value for all stakeholders. Additionally, it aids the company in reinforcing its core values and principles throughout all its business activities.	It can lead to increased operational costs, regulatory fines, loss of customer trust, underwriting and investment losses, and potential legal liabilities, ultimately impacting profitability, solvency, and ability to meet obligations.
5.	Regulatory and legislative landscape	Risk/ Opportunity	<ol style="list-style-type: none"> 1. Evolving regulatory and legislative landscape can introduce uncertainty and complexity. 2. Compliance with new or changing regulations may require significant resources and operational adjustments. 3. Proactive adaptation to regulatory changes can provide a competitive edge and market leadership. 	As a regulated business entity, our company places significant importance on adhering to regulatory norms and staying informed about evolving regulations. We recognise that any negative shifts in the corporate tax landscape can potentially affect our organization's net profits and overall valuation. Moreover, we acknowledge that unfavourable changes in the personal tax regime can directly influence consumer demand for insurance and savings products, impacting our revenues and profitability. Through vigilant monitoring and adaptation to these regulatory dynamics, we aim to ensure compliance, mitigate potential risks, and maintain our financial strength in an ever-changing business environment.	<ol style="list-style-type: none"> 1. Fines and penalties for non-compliance with regulations. 2. Increased operational costs associated with adapting systems, processes, and training to meet regulatory requirements. 3. Access to new markets or product opportunities that align with regulatory trends. 4. Competitive advantages gained through innovation and differentiation in response to regulatory demands.

Sr. No.	Material issues identified	Indicate whether Risk or Opportunity	Rationale for identifying risk or opportunity	In case of risk approach to adapt or mitigate	Financial implication of the risk or opportunity (indicate positive or negative implications)
6.	Safe and Healthy Workplace	Risk	<ol style="list-style-type: none"> Unsafe or unhealthy workplaces pose risks to employee health and safety, impacting morale and productivity. Failure to provide a safe, healthy, diverse, and inclusive workplace can lead to legal liabilities, fines, and lawsuits. Companies that do not prioritize diversity and inclusion may struggle to attract and retain top talent and adversely impact reputation of the company. 	We are committed to creating a workplace that fosters a culture centred on safety, with a strong emphasis on protecting our employees from potential hazards. Our priority is to integrate the highest safety standards in both our offices and branches. By implementing robust safety protocols, conducting regular risk assessments, and providing comprehensive training, our goal is to reduce risks and enhance the physical and mental well-being of our valued employees. Our policy promotes diversity & inclusion as a culture and allows all employees to bring their authentic selves to work and contribute wholly with their skills, experience and perspectives for creating unmatched value for all stakeholders.	<ol style="list-style-type: none"> Costs associated with compensating employees for workplace injuries or illnesses. Costs incurred in defending against lawsuits and regulatory penalties related to workplace safety, health, diversity, or inclusion. Costs associated with recruiting and training replacements for employees who leave due to dissatisfaction with workplace conditions.
7.	Stability of Systems and Processes	Risk/ Opportunity	Implementing stable systems and streamlined processes enhances operational efficiency, customer satisfaction, and regulatory compliance. Stability fosters a conducive environment for innovation, continuous improvement, and strategic growth initiatives.	We strive to ensure the reliability and consistency of our core systems, infrastructure, and operational processes to maintain a stable environment and minimise disruptions to our business operations.	<ol style="list-style-type: none"> Cost savings from improved operational efficiency and reduced error rates. Increased revenue potential from enhanced customer satisfaction, retention, and market competitiveness.
8.	Product Pricing	Risk/ Opportunity	Proper pricing strategies can increase profitability and market share while incorrect pricing can lead to loss of competitiveness and revenue.	The pricing of a product has a direct impact on an organisation's financial sustainability, customer affordability, and its policyholder obligations. A proper pricing strategy considers various factors and employs fair and transparent practices to mitigate potential financial and reputational risks. Our goal is to have a fair and transparent pricing which safeguards customer interests, avoids an adverse financial impact, and which upholds a trustworthy image.	Increased revenue and profitability from optimized pricing strategies.
9.	Climate change - Risk and Resilience	Risk	<ol style="list-style-type: none"> Climate change increases the frequency and severity of natural disasters leading to higher claims payouts. Changing climate patterns can lead to the spread of diseases and illnesses, resulting in increased health insurance claims. Investments in industries vulnerable to climate change may experience financial losses due to devaluation of assets 	Promoting business sustainability and reducing environmental impact are pivotal for organizations. Managing environmental risks, particularly those related to climate change, is crucial for long-term sustainability and mitigating reputational risks. We implement and regularly review a comprehensive framework to manage climate change risks and opportunities effectively. This strategy decreases resource consumption, minimises carbon footprint, and facilitates ongoing improvement in environmental performance, fostering a more sustainable future.	<ol style="list-style-type: none"> Higher frequency and severity of weather-related events lead to increased claims payouts. Insurers may need to adjust premiums and risk pooling strategies to account for climate-related risks. Higher claims payouts may lead to increased reinsurance costs for life insurance companies. Investments in industries vulnerable to climate change may suffer losses, impacting financial performance.

Sr. No.	Material issues identified	Indicate whether Risk or Opportunity	Rationale for identifying risk or opportunity	In case of risk approach to adapt or mitigate	Financial implication of the risk or opportunity (indicate positive or negative implications)
10.	Human Capital Development	Risk/ Opportunity	Inadequate human capital development leads to skill gaps and reduced competitiveness while investing in human capital enhances talent retention & development and organizational innovation.	The topic entails nurturing and developing the skills, knowledge, capabilities, and well-being of a company's workforce. It encompasses initiatives and practices designed to attract, retain, and engage employees, fostering a culture of continuous learning, and promoting diversity, equity, and inclusion. On recognising the value of human capital as a crucial asset, the company invests in employee training to enhance job performance, encourage professional growth, and support employee well-being programs. These comprehensive training programs provide employees with the necessary skills and knowledge to meet customer needs, adapt to industry changes, and contribute to our strategic goals. Furthermore, they align job opportunities with strategic business objectives through continuous learning, performance management processes, and talent transformation programmes.	Decreased productivity and efficiency due to lack of skilled workforce.
11.	Promoting Responsible Behaviour / Human Rights / Code of Conduct	Risk	Failure to promote responsible behavior and human rights can lead to negative publicity and damage the company's reputation	Demonstrating respect for human rights is a fundamental ask for a responsible business, both within and beyond our immediate operations. This expectation is mirrored in the evolving legislative landscape and is applied comprehensively across all our activities. We have implemented a dedicated grievance redressal mechanism to address human rights risks and empower our workforce.	Reputational damage may lead to customer attrition and loss of market share.
12.	Customer Centricity	Risk/ Opportunity	Customer-centric approaches enhance satisfaction, loyalty, and competitive advantage while failing to prioritize customer needs leads to attrition.	Our strategic emphasis revolves around centering the customer in business decisions, processes, and offerings. This involves comprehending our customer needs, preferences, and expectations and aligning our products, services, and experiences accordingly. Our customer-centric approach entails actively listening to customer feedback, offering need-based solutions, delivering high-quality service, and fostering long-term relationships. Through prioritising customer centricity, our goal is to elevate customer satisfaction, loyalty, and retention rate.	Increased revenue through higher customer retention and acquisition

Sr. No.	Material issues identified	Indicate whether Risk or Opportunity	Rationale for identifying risk or opportunity	In case of risk approach to adapt or mitigate	Financial implication of the risk or opportunity (indicate positive or negative implications)
13.	Fulfilling our Corporate Social Responsibility (CSR)	Risk/ Opportunity	Embracing CSR enhances brand reputation and customer loyalty	Our CSR interventions are developed and executed with a targeted approach aimed at maximising impact on beneficiaries. These initiatives are conducted either in collaboration with reputed agencies or directly managed by project management teams.	Increased revenue through positive brand perception and customer retention
14.	Performance Management and Compensation Policy & Practice	Risk	Inadequate performance management may lead to talent attrition and affect operational efficiency and effectiveness.	We provide comprehensive performance feedback to all employees annually, while our frontline sales staff and senior management receive feedback biannually. This system ensures prompt adjustments in employee performance at both operational and strategic levels. A clearly outlined compensation and benefits system helps to attract, motivate, and retain deserving employees for the achievement of organisational objectives. We provide a fair and equitable compensation based on an individuals' role, skill, experience, and performance, in a way that balances the needs of all stakeholders.	1. Attrition leads to recruitment and training costs. 2. Poor performance management reduces productivity and profitability.
15.	External Risks and Factors	Risk	These encompass risks and factors originating externally beyond an organisation's direct influence, yet with the potential to significantly affect our operations, reputation, or value chain. Such factors may include geopolitical shifts, regulatory modifications, market volatility, technological progressions, natural calamities, societal shifts, and stakeholder anticipations.	Refer to the Risk Management section on page number 77 of Integrated Annual Report FY 2023-24	External risks can lead to investment losses, increased claims payouts, reduced premium income, and potential liquidity challenges, threatening the company's ability to meet its obligations to policyholders and maintain competitiveness.
16.	Third party vendor management and Growing dependency on third party vendors	Risk	<ol style="list-style-type: none"> 1. Reliance on third-party vendors may lead to disruptions in services or products. 2. Outsourcing increases exposure to cybersecurity threats and data breaches. 3. Lack of direct control over vendors may result in inconsistent quality of service. 	We partner with many third party business partners/vendors for effective delivery of sales/ services and various other needs within the ambit of Regulatory guidelines. The risks associated with such partners can significantly affect our operations, reputation and financial standing. All third party vendors undergo appropriate level of scrutiny before being onboarded	<ol style="list-style-type: none"> 1. Downtime from vendor issues can lead to revenue loss and customer dissatisfaction. 2. Remediation costs and fines associated with data breaches from third-party vendors. 3. Legal fees and penalties from breach of vendor contracts.
17.	Responsible Investment	Risk/ Opportunity	Embracing responsible investment enhances brand reputation and attracts socially conscious investors	As a responsible investor with an AUM of close to ~3 lakhs crore, we encourage our investee companies to incorporate ESG practices in their policies, processes and operations through greater accountability and transparency	Increased investment returns and access to capital from socially responsible investors

Embedded within our performance management system are the Balanced Score Card principles, which evaluate each employee, based on organisational scorecard parameters. The scorecard covers holistic parameters including financials, markets, customers, people, sustainability, and other operational areas for fair assessment. Some of our key performance management procedures are summarised below:

- Frontline Sales (FLS) teams and senior management receive biannual performance feedback for timely adjustments.
- The FLS appraisal framework, called 'STAR - Sales Team Appraisal and Recognition,' is objective, linked to the scorecard, and is unbiased since it has no major subjective assessment from line managers.
- Senior leadership's annual bonus payouts depend on individual and organisational balanced scorecard performance.

10. Health and Safety Management System

- a. **Whether an occupational health and safety management system has been implemented by the entity? (Yes/No). If yes, the coverage such system?**

At HDFC Life, the Health and Safety of employees is of paramount importance. The endeavor is to foster a culture of wellness, where the safety and well-being of the workforce is prioritized. The Company essentially is in the business of providing insurance and the day-to-day functioning does not involve any potentially hazardous and/or life threatening operations. However, less frequent and unlikely events such as fire breakouts in the building due to short circuits, natural calamities, etc. pose a threat to the employees. Taking cognizance of such safety related incidents and the impact it could have, the company periodically conducts fire safety and emergency preparedness training and mock drills across locations.

To ensure the overall wellbeing of the employees, the company has introduced the Click2Wellness, FitbyBit Challenge and Walkathon initiatives. These programmes motivate and encourage employees to strike a balance between their health and professional life. These initiatives are extended to employees' families as well, for free.

With fast-paced, modern lifestyles characterized by sudden changes and uncertainty mental wellbeing is important. But breaking the stigma surrounding mental health can be tough, which is why the company has launched multiple campaigns and organized talk shows with celebrity speakers to initiate a dialogue on this sensitive subject. The company has driven a clear and strong message: It's okay to not be okay. The company's mental wellbeing helpline reflects the commitment to this belief.

- b. **What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

We are essentially in the business of providing insurance and our day-to-day functioning does not involve any potentially hazardous and/or life threatening operations. However, less frequent and unlikely events such as fire breakout in the building due to short circuits, natural calamities, etc. pose a threat to our employees. Taking cognizance of such safety related incidents and the impact it could have, we periodically conduct fire safety and emergency preparedness training and mock drills across our locations.

LEADERSHIP INDICATORS

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

Yes, all employees are covered under life insurance. In case of death of an employee, the health insurance covers for the family for the remaining part of the year. There is also a concerted effort to provide employment to a family member, if required. Benefits like Gratuity, Provident fund, and other due payouts are facilitated for the employee's kin. The HR team attempts to collate all the PF for the deceased across previous companies and facilitate it for the kin. If required, a benevolence crowd funding from amongst the employees is done for the deceased employee.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity.

At HDFC Life, we believe that maintaining healthy stakeholder relationship is the key for long-term value creation. Further, we consider all the individual/s and group/s who have a material impact on the performance of the organization or who are impacted by us as key stakeholders. We also have extensive consultations with our senior management, experts, and business partners to identify a diverse stakeholder group.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Please refer to the Stakeholder Engagement section on page 53 of the Integrated Annual Report FY 2023-24 for further details.

LEADERSHIP INDICATORS

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

At HDFC Life, we have created a structured framework for engaging with stakeholders to ensure lasting and effective relationships. Through stakeholder engagement, we identify how our business operations and offerings impact the economy, the environment, and people. It is a valuable source of feedback on our products, service delivery, community outreach and other activities that impact them. The outcomes of these engagements feed into our materiality assessment and help us devise preventive and mitigation measures. We use different channels of communication and alter the frequency of engagement, depending on the availability of different stakeholder groups and the intensity with which our business could impact them. Through regular engagement, we gain insights to ensure that our business is aligned with stakeholder needs and realities. In addition, all the feedback from aforementioned engagement process is presented to the Board in various Board meetings and forums.

Our Board CSR and ESG Committee and ESG Management Committee are regularly apprised by our ESG team on the specific topics as well as regulatory developments, circulars and amendments by the extant authorities.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity

At HDFC Life, we have created a structured framework for engaging with stakeholders to ensure lasting and effective relationships. Through stakeholder consultation and materiality assessment, we identify how our business operations and offerings impact the economy, the environment, and people (including human rights). As we continue to build for the future, we conducted materiality assessment afresh in the current year, to identify and evaluate the environment, social and governance topics that are most critical to our business and our stakeholders. Further, we ensure that the output of these consultation exercises is incorporated into policies and activities of the company. Over the years, this has resulted in development of various policies and initiatives undertaken towards Responsible Investing, Diversity, Equity and Inclusion (DEI), Ethics & Integrity, Environment & Climate Change etc.

3. Provide details of instances of engagement with, and actions taken to address the concerns of vulnerable/marginalized stakeholder groups.

Please refer to the Financial inclusion section on page number 70 and Social and Relationship Capital section on page number 129 of the Integrated Annual Report FY 2023-24.

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

At HDFC Life, we have laid down a detailed whistleblower process, including mechanisms to prevent adverse consequences to the complainant.

Protection of Whistle Blower under the Policy

The whistle blower is entitled towards protection if:

- The individual makes a qualifying disclosure according to the set down process;
- The disclosure is made in good faith and not meant to cause injury or made due to vengeance or intimidation;
- The whistle blower assists in the process by maintaining confidentiality and not sabotaging the process through spreading rumors and or disclosing facts.

In such a case, the Company shall take all relevant measures towards the protection of the whistle blower and not blame, discredit or prevent any action detrimental to the whistle blower including but not limited to victimization, harassment of any kind, threat, biased behavior, or any other unfair employment practice. However, if the provisions of the policy are being used as a defense or a mechanism to mislead the company or with a malafide intention, the Company may take necessary action against the concerned individual. The Company will treat all disclosures in a confidential and sensitive manner. The investigation process may reveal the source of the information and the individual making the disclosure may need to provide a statement as part of the evidence required; in such a case, the organization will institute protection mechanism as highlighted above. The Company will make every possible attempt to support and protect employees who are part of the investigation team.

Anonymous Emails or Allegations

The Company will maintain complete confidentiality and protect the interests of the Whistle blower at all times. While the Company will carry out an objective and unbiased investigation process to assess the veracity of the complaint received, it will desist individuals from sending any frivolous, biased and unsubstantiated complaints. The Company will encourage the whistleblower to identify them while registering a complaint. In case the Whistle blower chooses to remain anonymous, but provides specific and credible information, such as names of alleged perpetrators, location and type of incident, names of other personnel aware of the issue, specific evidence, amounts involved etc. supporting the complaint, then based on the assessment of the information/evidence provided, the Company will assess the information provided and may at its discretion consider an investigation into the complaint. The Company will investigate the complaint when reasonable evidence and/ or details on the allegations made are received from the Whistleblower. If emails are unsubstantiated and in spite of requests no specific and credible information is provided but emails persist then the sender will not be considered a whistleblower under this policy and appropriate legal action may be initiated against the sender of such emails on grounds of inflicting harassment and mental agony to the recipients of the email.

HDFC Life has dedicated teams to oversee Business Continuity Management (BCM). The Business Continuity Process (BCP) function drives all activities related to business resilience. The BCM team has a well-defined business continuity policy that is signed off by the Board and reviewed and updated annually.

The Business Continuity Management team operates through a standardized methodology, in-line with industry leading practices. The team undertakes Business Impact Analysis (BIA) activity while evaluating the processes and based on the disruption of services customer, financial/non-financial and regulatory impact is assessed. Basis this analysis, Recovery Time Objective (RTO) of business critical services are identified, which defines time within which services need to be made available and Recovery Point Objective (RPO) is defined which provides maximum targeted period in which data might be lost from a technology service due to an outage or major incident. The Business Continuity Management team draws inferences from these analyses and devises recovery strategies for stress scenarios such as technology unavailability, people unavailability and site unavailability to minimize potential business loss. Further, resumption plans are also drafted for the identified critical business functions to ensure the resumption of services at minimum operating levels in case of a disaster. Additionally, the team conducts periodic drills to ensure effectiveness of derived recovery strategies and focus on continually improving resumption techniques basis the learnings from such drills. The BCM plans are tested semi-annually or annually based on criticality of the function.

LEADERSHIP INDICATORS

1. **Channels/platforms where information on products and services of the entity can be accessed (provide web link, if available).**

The information pertaining to our products and services is available on the corporate web-page, <https://www.hdfclife.com/>. In addition, we also use various digital and social media platforms for disseminating information related to our products and services.

2. **Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.**

The HDFC Life website provides the prospectus and policy document (Terms and Conditions), that is offered for sale including products modified or products withdrawn. All the product features, benefits, waiting periods, exclusions and claim related requirements are explained in the same.

There is a Pre Conversion Verification Process (PCVC) in place to inform consumers' key features, terms and conditions of the proposed policy and any risk of disruption/ discontinuation of essential services. Under this process, customer details are verified and basic information of the products such as sum assured, premium payment term and policy term are intimated to the customer. To help customers understand the key features of product purchased by them, a Key Feature Document is provided.

Customers are also intimated about the product details, withdrawals permitted (if any), risks associated with ULIPs being market dependent plans, and are advised to pay the premium till the payment term. Further, they are kept informed via mailers regarding awareness on spurious calls, etc.

The company's product communication and advertisements contain relevant disclaimers and disclosures to ensure the consumers receives adequate, transparent information and are informed of the source where complete information may be obtained regarding the products. The company undertakes various consumer awareness initiatives through mass mailers and specific communications to its consumers educating them about the need for timely payment of premiums, fraud awareness, market outlook that impacts market linked policies along with advertisement campaigns designed towards financial education and the need for insurance.

3. **Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.**

The company has a detailed Business Continuity Plan which assesses the Business Impact of all activities impacting consumers. The consumer touchpoints are equipped with fall back mechanisms enabling them to service the consumers.

4. **Does the entity display product information on the product over and above what is mandated as per local laws? If yes, provide details in brief - Not applicable**

Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole?

Yes. The company conducts the Voice of Customer (VOC) study which is aimed at capturing customer satisfaction for every interaction done by the customer with HDFC Life with regards to purchase or any other service related to their policy. It helps in identifying strengths and improvement areas across touch points/channels. In this, feedback is captured in a brief online survey, sent via SMS. Questions in every survey include satisfaction with overall service (satisfaction scale - 5-point) along with an open-ended question to ask for reason for the rating given and an NPS question to understand future recommendation to friends/ family/colleague. Other questions are specific to the touch point/channel that the customer has interacted with. We achieved a weighted average score of 91% during FY 2023-24 in our customer satisfaction survey.

Criteria

The criteria used by the Company to prepare the Identified Sustainability Information is issued under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("LODR Regulations") read with SEBI circular SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated 12 July 2023 ("SEBI Circular"), and the Guidance note for BRSR read with National Guidelines for Responsible Business Conduct Issued by Ministry of Corporate Affairs ("BRSR Framework")

Management's Responsibility

The Company's management is responsible for selecting or establishing suitable criteria for preparing the Identified Sustainability Information, taking into account applicable laws and regulations, if any, related to reporting on the Identified Sustainability Information, identification of key aspects, engagement with stakeholders, content, preparation and presentation of the Identified Sustainability Information in accordance with the Criteria. This responsibility includes design, implementation and maintenance of internal control relevant to the preparation of the BRSR and the measurement of Identified Sustainability Information, which is free from material misstatement, whether due to fraud or error.

Inherent limitations

The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

Our Independence and Quality Control

We have maintained our independence and confirm that we have met the requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and have the required competencies and experience to conduct this assurance engagement.

The firm applies Standard on Quality Control (SQC) 1, "Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements", and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

Our Responsibility

Our responsibility is to express a reasonable assurance in the form of an opinion on the Identified Sustainability Information based on the procedures we have performed and evidence we have obtained.

We conducted our engagement in accordance with the Standard on Sustainability Assurance Engagements (SSAE) 3000, "Assurance Engagements on Sustainability Information", issued by the Sustainability Reporting Standards Board of the ICAI. This standard requires that we plan and perform our engagement to obtain reasonable assurance about whether the Identified Sustainability Information are prepared, in all material respects, in accordance with the Reporting Criteria. A reasonable assurance engagement involves assessing the risks of material misstatement of the Identified Sustainability Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, analytical procedures and agreeing or reconciling with underlying records.

Given the circumstances of the engagement, in performing the procedures listed above, our work procedures included the following:

- Obtained an understanding of the Identified Sustainability Information and related disclosures;
- Obtained an understanding of the assessment criteria and their suitability for the evaluation and /or measurements of the Identified Sustainability Information. Made enquiries of Company's Management, including the various teams such as Sustainability team and those with responsibility for managing Company's Annual Reporting. Interviews with senior executives to understand the reporting process, governance, systems and controls in place during the reporting period;
- Review of the records and relevant documentation including information from audited financial statements or statutory reports submitted by the Company to support relevant performance disclosures within our scope.
- Evaluation of the suitability and application of Criteria and that the Criteria have been applied appropriately to the subject matter.
- Selection of key parameters and representative sampling, based on statistical audit sampling tables and agreeing claims to source information to check accuracy and completeness of claims such as source data, meter data, etc. Re-performing calculations to check accuracy of claims,
- Review of data from independent sources, wherever available, review of data, information about sustainability performance indicators and statements in the report, review and verification of information/ data as per the BRSR framework and Review of the accuracy, transparency and completeness of the information/ data provided;

Exclusions:

Our assurance scope excludes the following and therefore we do not express a conclusion on the same:

- Operations of the Company other than those mentioned in the "Scope of Assurance";
- Aspects of the BRSR and the data/information (qualitative or quantitative) other than the Identified Sustainability Information;
- Data and information outside the defined reporting period; and
- The statements that describe expression of opinion, belief, aspiration, expectation, aim, or future intentions provided by the Company

Opinion

Based on the procedures we have performed and the evidence we have obtained, the Identified Sustainability Information for the year ended March 31, 2024 (as stated under "Identified Sustainability Information") are prepared in all material respects, in accordance with the criteria.

Restriction on use

Our Reasonable Assurance report has been prepared and addressed to the Board of Directors of HDFC Life Insurance Company Limited at the request of the company solely, to assist company in reporting on Company's sustainability performance and activities. Accordingly, we accept no liability to anyone, other than the Company. Our Deliverables should not be used for any other purpose or by any person other than the addressees of our Deliverables. The firm neither accepts nor assumes any duty of care or liability for any other purpose or to any other party to whom our Deliverables are shown or into whose hands it may come without our prior consent in writing.
