ASHOKA BUILDCON LIMITED ADDS ANOTHER SUCCESS STORY : ITS SUBSIDIARY UEPL UNDERGOES SUCCESSFUL ACQUISITION BY MAHANAGAR GAS LIMITED

Subsequent to a Share Purchase Agreement signed by Mahanagar Gas Limited with Unison Enviro Private Limited (UEPL) and its Shareholders, Ashoka Buildcon Limited (ABL) and an investment fund managed by Morgan Stanley India Infrastructure (MSII) for acquisition of 100% stake of ABL and MSII in UEPL, the transaction process has been completed. The deal was closed at a final equity consideration amount of Rs. 286.67 crores for 51% stake of ABL.

Ashoka Buildcon Limited had started UEPL in the year 2015 with a focus to participate in government's efforts towards providing cleaner energy to the citizens. The

company bagged City Gas Distribution licenses in the G.A.s of Ratnagiri, Latur, Osmanabad, Davangere and Chitradurga Districts. Continuing its tradition of delivering excellence, team Ashoka was able to establish City Gas Distribution network in an impressive time frame. The company introduced new technologies and initiatives that are proving to be game changers in the industry.

The transaction showcases ABL's ability to identify, implement and successfully divest in new and promising sectors. It reiterates our commitment to give our investors a good return and help the country's transition to cleaner energy.

CHAIRMAN'S MESSAGE

Dear Shareholders,

India's economic outlook appears positive and is poised for growth, driven by initiatives to enhance infrastructure and business conditions. Major institutions are revising their growth forecasts upwards. This optimism stems from strong performance in 2024 and a robust domestic market. Government spending and a resurgent manufacturing sector are key drivers. Investment in connectivity and favorable monetary policies are expected to attract more investors and boost economic expansion. Despite challenges like inflation and geopolitical factors, India's strong fundamentals, including a robust private sector, are likely to support growth. Overall, the Indian economy shows promise for continued upward momentum.

Economic Overview

India's economy has displayed remarkable resilience

and sustained robust growth, propelled by a combination of strategic initiatives undertaken by the government and favorable economic conditions with real GDP expanding by 8.2%.

A key factor fueling this growth has been the government's increased focus on infrastructure development, with an allocation of Rs.11.1 Lakhs Crore (3.4% of GDP) for capital expenditure in the fiscal year 2024-25. Additionally, initiatives such as the Production Linked Incentive (PLI) scheme, aimed at boosting key targeted manufacturing industries, have contributed to the growth of the manufacturing sector. India has also witnessed a steady inflow of Foreign Direct Investment (FDI), attracted by favorable policies and the country's vast consumer market, bolstering economic growth.

Industry Overview

India's infrastructure sector is poised for strong growth, with planned investments amounting to US\$1.4 trillion by 2025. The government's ambitious National Infrastructure Pipeline program outlines the injection of massive capital into various sub-sectors, including energy, roads, railways, and urban development. This unprecedented push is expected to spawn associated industries, create jobs, and stimulate the economy. Specific focus areas are the expansion of public digital infrastructure, clean and renewable energy projects, and establishing resilient urban infrastructure. This ambitious undertaking seeks to enhance India's global competitiveness and improve the quality of life across its vast populace. The Indian government's proposed capital expenditure has a heavy emphasis on the renewable energy and road sectors. This trend is reflected in the bulk of transactions and investment activity happening currently but highlights the importance of

having a diversified focus across sectors.

The Bharatmala Pariyojana is progressing with Phase I focusing on developing 34,800 km of National Highways. It emphasizes corridor-based development and is set to conclude by 2027-2028, covering 31 States/UTs and over 550 districts. Additionally, the government targets building 22 new greenfield expressways, signaling significant advancements in India's transportation infrastructure.

Private sector participation is vital for financing key infrastructure projects in India, given the government's fiscal constraints and the need for prudent spending. Involving the private sector promotes industry competitiveness, enabling access to a wider talent pool and enhanced resource utilization. There are several PPP projects currently in pipeline across sectors. Ultimately, the collaboration between the government and the private sector is essential for creating resilient, future-ready infrastructure that paves the way for a prosperous and sustainable future for all citizens of India.

Financial Perspective and Outlook

Your company, on account of robust order inflows, better project execution, subdued by inflationary challenges, could still deliver on its financial performance.

Total revenue increased from Rs.6,478 Crore in Fiscal 2023 to Rs.7,841 Crore in Fiscal 2024, reflecting a 21% increase. Profit before exceptional items and tax amounted to Rs.358 Crore.

The focus remains on sustaining a robust EPC business in highways, railways, power transmission, and buildings. The total order book of the Company at

the end of Fiscal 2024 stands at Rs.11,697 Crore. Of this total, the Roads HAM and Roads EPC segments contribute Rs.911 Crore and Rs.4,426 Crore, respectively; Power T&D and other projects contribute Rs.4,796 Crore; Railways account for Rs.877 Crore; and Buildings EPC contributes Rs.687 Crore. Your Company anticipates good order inflow for FY25. With this order book, your Company would be positioned to ensure sustainable growth in its current business portfolio through profitable expansion and execution.

Conclusion

I extend my deepest gratitude to our esteemed shareholders for the unwavering trust you have consistently placed in us. Your steadfast support is an invaluable pillar of strength, guiding us through these unprecedented times with resilience and confidence. Our Company remains steadfastly committed to its core values of transparency, accountability, responsibility, compliance, ethics, and trust. These principles will continue to be the foundation of all our endeavors. I would like to express my heartfelt appreciation to all our stakeholders, including our dedicated shareholders, private equity partners, banks and financial institutions, the Ministry of Surface Road Transport and Highways, the National Highways Authority of India, various State Road Development Corporations and Boards, State Power Generation and Distribution Authorities, our loyal customers, dependable vendors, and the entire Team Ashoka.

Together, we will forge ahead, embracing a future filled with promise and prosperity.

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013

Item No. 5:

In accordance with the provisions of Section 148 of the Companies Act, 2013 (“the Act”) and the Companies (Audit and Auditors) Rules, 2014 (“the Rules”) the Company is required to appoint a Cost Auditor to audit the cost records of the Company, for products and services, specified under Rules issued in pursuance to the above section.

Based on the recommendation of the Audit Committee, the Board of Directors has approved the appointment of M/s S R Bhargave & Co.(Firm Registration No. 000218) Cost Accountants, Pune, as the Cost Auditors of the Company to conduct audit of cost records maintained by the Company for the Financial Year ending March 31, 2025, at a remuneration not exceeding Rs.5,40,000/- (Rupees Five Lakh Forty Thousand only) plus applicable taxes and reimbursement of expenses at actuals and out-of-pocket expenses as may be incurred by the Cost Auditors. The turnover subject to Cost Audit was Rs.4,524 Crore (approx.) in the segments viz. EPC Road related Projects and RMC Projects etc for FY 2023-24.

Your Company has received consent from M/s S R Bhargave & Co., Cost Accountants, to act as the Cost Auditors of your Company for the financial year 2024-25 along with certificate confirming their independence and eligibility.

In accordance with the provisions of Section 148 of the Act read with the Rules, the remuneration payable to the Cost Auditors needs to be approved / ratified by the Members of the Company. Accordingly, the consent of the shareholders is sought for the purpose.

None of the Directors and Key Managerial Persons and their relatives are concerned financially or otherwise in the resolution set out at No. 5.

The Board recommends the resolution as set out at Item No. 5 for approval by the Members as an Ordinary Resolution.

Item No. 6:

Mr. Ashish Kataria has been appointed as a Whole-time Director of the Company for the period of 5 years from April 1, 2022, along with remuneration payable on appointment for the period commencing from April 1, 2022 to March 31, 2023 by shareholders via Postal Ballot the results of which were declared on June 28, 2022.

The members, at the AGM held on September 29, 2023, had approved remuneration payable for FY 2023-24, to Mr. Ashish Kataria, with a provision for increase in remuneration of not more than 20% per annum of remuneration of the previous year, as recommended by Nomination & Remuneration Committee, and approved by the Board of Directors based on the performance evaluation every year. However, in view of

increased responsibilities of Mr. Ashish Kataria, as a Whole-time director, the approval of the members is sought here to approve remuneration payable to him for FY2024-25, as the proposed increase in salary for FY 2024-25 is more than 20% of the remuneration paid for FY2023-24..

Mr. Ashish Kataria is B. E. – Civil from MIT, Pune; M.S. in Construction Engineering from University of Southern California, USA and M.B.A. from University of Bradford, U.K. Engineering and Management. He possesses an overall functional experience of around 20 years. He has been involved in the successful completion of various Road Projects of the Company and Ashoka Concessions Limited, a subsidiary. He was instrumental in development of City Gas Distribution Projects (CGD) in Unison Enviro Private Limited, a subsidiary, which was successfully divested to Mahanagar Gas Limited in the year under review. Apart from above he is also involved in development and expansion of overseas business.

The Board is of the opinion that Mr. Ashish Kataria’s rich and diverse experience is a valuable asset to the Company. The Brief profile providing the details of the Qualifications, Experience, skills and shareholding of Mr. Ashish Kataria as per requirements of the Companies Act, 2013, the rules made there under and the Secretarial Standard (SS-2) are given in **Annexures A& B**.

As recommended by the Nomination and Remuneration Committee, the Board had approved the remuneration payable to Mr. Ashish Kataria at its meeting held on May 22, 2024 the remuneration payable to Mr. Ashish Kataria, subject to the approval of the Members of the Company for the period from April 01, 2024 till March 31, 2025 as per following terms and conditions.

Contribution to Provident Fund, National Pension Scheme, Superannuation Fund, wherever applicable, is to be determined in accordance with the prevailing Income Tax Rules and amount of contribution not to exceed mandatory limits as per respective Acts; however, the Company's contribution to Provident Fund, National Pension Scheme, Superannuation and any other Annuity Fund would not be included in the computation of ceiling on remuneration under the Companies Act, 2013, to the extent these either singly or put together are not taxable under the Income-tax Act, 1961;
 - v. Leave encashment will be as per the Rules of the Company. In case of the Leave encashment at the end of the tenure, the same will not be considered as perquisites; and
 - vi. He shall be entitled to reimbursement of entertainment expenses, travelling expenses, boarding and lodging and all other incidental expenses incurred in connection with and for the business of Company in India and abroad and will not be deemed/treated as a perquisite.

Minimum Remuneration:

In the event of loss or inadequacy of profits for the Financial Year 2024-25, the above remuneration will be paid to him as the Minimum remuneration, which will be within the maximum ceiling limit specified under Part II of Section II of Schedule V to the Companies Act, 2013, including any statutory modification(s) or re-enactment(s) thereof, for the time being in force and in accordance with the recommendation of the Nomination and Remuneration Committee and the approval of

the Board of Directors of the Company.

The scope and quantum of remuneration and perquisites specified herein above may be enhanced, enlarged, widened, altered or varied by the Board of Directors in the light of and in conformity of the Companies Act, 2013 and or/ the rules and regulations made there under and/or such guidelines as may be announced by Central Government from time to time, however, within the limits as are approved by the members. Mr. Ashish Kataria also received remuneration of Rs.1.15 Crore during FY2023-24 from Ashoka Concessions Limited, a subsidiary of the Company, as a Whole-time Director of that Company.

As per Regulation 17(6) (e) of SEBI (LODR) Regulations 2015, The fees or compensation payable to executive directors who are promoters or members of the promoter group, shall be subject to the approval of the shareholders by special resolution in general meeting, if-the annual remuneration payable to such executive director exceeds rupees 5 crore or 2.5 per cent of the net profits of the listed entity, whichever is higher; or where there is more than one such director, the aggregate annual remuneration to such directors exceeds 5 per cent of the net profits of the listed entity in view of the above, the aggregate remuneration payable to executive directors who are promoters or members of the promoter group may exceed 5% of the net profit of the Company, hence, as an abundant precaution, the approval of the members has been sought as a special resolution for payment of remuneration to Mr. Ashish Kataria for FY 2024-25.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. FORWARD LOOKING STATEMENT

This report may contain forward looking statements, which describe the Company's objectives, projections, estimates, expectations or predictions within the applicable Securities Laws and Regulations. The Company's actual results, performance or achievements could thus differ materially from those projected in any such forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements, based on any subsequent developments, information or events.

2. INDIAN ECONOMY

Indian economy is projected to maintain a growth rate of 7% or higher for FY24, with some forecasts indicating a similar trend for FY25. This potential achievement, especially amid global economic challenges, reflects the resilience and promise of the Indian economy.

The global economy faces challenges in its post-Covid recovery, with recurring disruptions such as supply chain issues impacting trade, transportation, output, and inflation worldwide. India, having navigated through previous shocks of COVID 19 and geopolitical tensions, remains cautiously optimistic about overcoming emerging disturbances.

Looking ahead, several trends will shape the economic landscape. The era of hyper-globalization in manufacturing is waning, although complete de-globalization isn't imminent. Governments are exploring onshoring and friend-shoring of production, which may influence transportation, logistics costs, and product prices in the long term. In essence, the challenges ahead for India's economy include the difficulty of relying solely on exports for growth, emphasizing the need to reduce logistics costs and improve product quality to maintain and expand market share. Additionally, the rise of Artificial Intelligence raises concerns about the future of services trade and employment, as technology may erode the cost advantage enjoyed by countries exporting digital services.

The Indian economy is well-positioned to address these challenges, thanks to policies implemented over the past decade. The government has significantly increased infrastructure investment, with public sector capital investment steadily rising from Rs.5.6 lakh Crore in FY15 to Rs.18.6 lakh Crore in FY24. This substantial investment has led to tangible improvements in physical and digital infrastructure, including highways, airports, metro rail networks, and trans-sea links, driving transformative changes in the economy.

The pursuit of inclusive development reflects positively on Indian households' financial health, with over 51 Crore Jan Dhan Yojana bank accounts holding total deposits exceeding Rs.2.1 lakh Crore, over 55% of which belong to women.

Inflation is under control, fiscal and current account deficits have reduced, and foreign exchange reserves cover nearly eleven months of imports, indicating stability and strength compared to the situation in 2014. The government's effective management of COVID and vaccination drives, along with prudent crude oil supply management, contributed to the economy's swift recovery.

Looking ahead, India is poised to become the third-largest economy in the world within the next three years, with a targeted GDP of USD 5 trillion. The government has set an even higher goal of achieving 'developed country' status by 2047, which appears achievable with continued reforms and the full participation of state governments. Reforms need to encompass changes in governance at various levels, focusing on citizen-friendly and small business-friendly initiatives, along with improvements in health, education, land, and labor sectors.

FY2025 is anticipated to witness continued growth momentum, driven by increased goods exports, improved manufacturing productivity, and higher agricultural output.

INDUSTRY OVERVIEW

In FY24, India's infrastructure sector experienced significant growth and saw substantial investment aimed at bolstering various areas crucial for economic development. The government increased its focus on infrastructure to support the country's growth aspirations, resulting in several key achievements and strategic investments.

National Infrastructure Pipeline (NIP):

The NIP now encompasses 9,142 projects with a total investment outlay of around \$1.9 trillion. About half of these projects are in the transportation sector, with a significant portion dedicated to roads and bridges.

Budget Allocation:

The capital investment outlay for infrastructure was increased by 33% to Rs.10 lakh Crore (\$122 billion) in the FY24 budget, accounting for 3.3% of GDP and nearly three times the outlay in 2019-20.

Railways:

The budget for the Indian Railways was set at Rs.2.40 lakh Crore (\$29 billion), marking the highest-ever allocation, which is about nine times higher than in 2013-14. The Indian Railways is projected to achieve total revenue of Rs.2.64 lakh Crore (\$31.81 billion) by the end of FY24

Road Infrastructure:

The pace of highway construction has increased dramatically, from an average of 12 kilometers per day in 2014-15 to around 34 kilometers per day in 2023-24. Major projects include 2,500

km of access-controlled highways, 9,000 km of economic corridors, and 2,000 km of strategic highways.

Logistics and Ports:

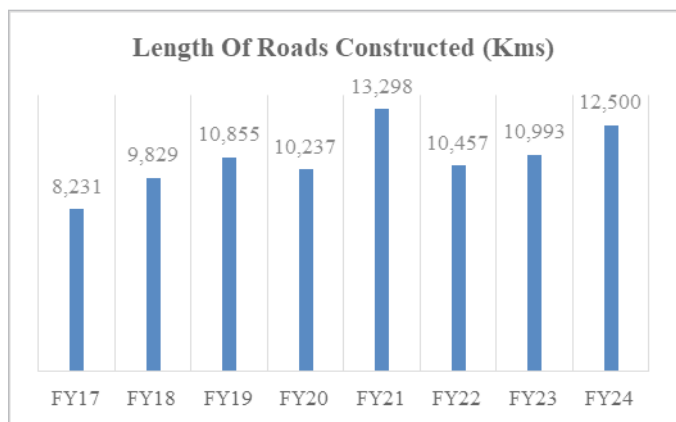

India’s logistics market was valued at \$435.43 billion in 2023 and is expected to grow at a CAGR of 8.36% to reach \$650.52 billion by 2028. The government aims to reduce logistics costs from 14% to 8% of GDP. (India Brand Equity Foundation)

Urban Infrastructure:

Significant investments are planned for urban infrastructure, including the creation of an Urban Infrastructure Development Fund (UIDF) to support projects in Tier 2 and Tier 3 cities. The airport sector has also seen targeted capital outlays of approximately Rs.98,000 Crore (\$11.8 billion) for terminal expansions and runway improvements.

PM Gati Shakti National Master Plan:

This initiative aims to integrate infrastructure planning across various sectors to enhance logistics efficiency and reduce project delays through a geospatial platform for monitoring and implementation.

2.1. Ministry of Road Transport and Highways – MoRTH

The Ministry of Road Transport and Highways (MoRTH) in India had a notable year in FY24, achieving significant milestones and setting ambitious targets for FY25.

Achievements in FY24

- Highway Construction:** MoRTH constructed 12,349 km of national highways, marking the second highest in its history. This was a key infrastructure development, showing continued commitment to expanding the nation’s road network.
- Monetization Success:** MoRTH successfully mobilized Rs.38,334 Crore through various monetization initiatives,

including the Toll-Operate-Transfer (TOT) model and Infrastructure Investment Trusts (InvITs). This represented a 64% increase from the previous fiscal year.

- Private Sector Investment:** There was a historic high in private capital investment in the sector with Rs.34,805 Crore being mobilized. This reflects a revived interest and confidence from the private sector in highway projects.

Plans Ahead

- Monetization Target:** MoRTH aims to achieve a record Rs.60,000 Crore through monetization efforts in FY25. This target will involve continued use of TOT highways and InvITs, with an emphasis on attracting global investors. The overall goal is to meet the national monetization pipeline target of Rs.1.6 trillion by FY25.
- Revival of BOT Model:** MoRTH plans to revive the Build, Operate, Transfer (BOT) model, issuing tenders for 53 projects covering 5,200 km of highways. This approach aims to secure further funds directly from the private sector.
- Expansion and Modernization:** The ministry will continue its efforts to expand and modernize the highway network, ensuring better connectivity and infrastructure support across the country.

These initiatives highlight MoRTH’s strategic approach towards enhancing India’s road infrastructure and leveraging private investment to support its ambitious development goals.

2.2. Ordering Activity in the Sector

Road execution is expected to witness a growth of 5-8% to 12,500-13,000 km, after recording a robust expansion of ~20% in FY2024. The pace of execution in this fiscal will be supported by a healthy pipeline of projects, increased capital outlay by the Government of India (GoI) and focus on completion of projects by the Ministry of Road Transport and Highways (MoRTH). Road execution had been impacted in H1 FY2024 on account of the prolonged monsoon in certain geographies, which affected productive days, resulting in muted growth during that period.

The Ministry’s project award pipeline is healthy, at above 45,000 km as of March 2024. This is despite the awarding being significantly impacted in FY2024 amid delay in approval from the Cabinet for the revised cost estimates of Bharatmala Pariyojana Phase 1 (BMP). Consequently, the overall awards declined by 31% to 8,551 km in FY2024 from 12,375 km in FY2023. A similar trend was seen in FY2019 before the last General Elections, when the project awarding had declined by over 67% on a YoY basis.

The EPC mode continues to be the mainstay of this process, accounting for 70-75% of the awards in FY2024, followed by BOT-HAM, accounting for 25-30% share. There were no awards under BOT-Toll in FY2024. Recently, in March 2024, the Ministry amended the BOT-Toll model concession agreement to improve its attractiveness.

Despite the recent changes in the model concession agreement for capacity augmentation of BOT-Toll projects, given the higher equity commitment and the inherent traffic risks in BOT-Toll projects, a material shift in the overall project awards towards BOT-Toll in the near to medium term is unlikely. It is expected the BOT-Toll awards' share to increase to around 10% in FY2025 compared to less than 5% of the orders in the last five years

The EPC and HAM project bidding process in FY2024 witnessed intense competition, as reflected in the consistently discounted bids (with respect to the authority's base price) since FY2021.

2.3. Union Budget 2024-25

The 2024 Interim Budget outlined the government's overarching vision and policies, including proposed measures for the infrastructure sector. An allocation of INR 11.11 lakh Crore, equivalent to 3.4% of the GDP, has been earmarked, with significant portions allocated to roads (INR 2.72 lakh Crore) and railways (INR 2.52 lakh Crore). As part of the "Viksit Bharat" vision, the government has introduced several policy reforms, especially targeting the infrastructure domain.

Under the PM Gati Shakti scheme, the implementation of three significant economic railway corridor programs is underway to facilitate multimodal connectivity, enhance logistics efficiency, and reduce costs. The Union Ministry of Railways has been granted Rs.2.55 lakh Crore for the financial year 2024-25, up 5.8% from Rs.2.41 lakh Crore the previous year, with an emphasis on infrastructure investment. This modest rise may be adequate to finance current initiatives, which include additional lines, electrification, track doubling, and the purchase of contemporary rolling equipment.

In the 2024-25 budget, the road sector saw a 2.7% increase. The Ministry of Road Transport and Highways received Rs.2,78,000 Crore, just 0.5% more than the revised estimate of Rs.2,76,351 Crore. Of the total budgetary grant, Rs.1,68,464 Crore is earmarked for funding the NHAI's national highway corridor construction project under the Bharat Mala Pariyojana. Included in the total allocation for road works is Rs.78,349 Crore for the six-laning of crowded sections of the Golden Quadrilateral.

Additionally, support is being provided for the expansion of Metro Rail and NaMo Bharat in major cities, with a focus on transit-oriented development. Efforts are also ongoing to

expedite the expansion of existing airports and the development of new ones. During her budget speech, Union Finance Minister Nirmala Sitharaman announced that the Centre will carry out three significant economic railway corridor projects. The announcement of upgrading 40,000 passenger coaches to Vande Bharat standards was another noteworthy development.

Overall, spending on infrastructure and partnership with the private sector will continue the growth momentum for all-rounded development.

3. COMPANY OVERVIEW

3.1. Business Overview for the Fiscal Year 2023 - 2024

During FY24, the Company recorded a revenue growth of ~21% on a standalone level whereas the higher increase in operating expenses impacted the profitability. The Revenue growth has been driven by commencement of execution on few new projects and strong execution on projects continuing from the previous year. As of 31st March 2024, EBITDA stood at Rs.691 Crores with EBITDA margin of 9% and Profit After Tax stood at Rs.442.78 Crores with PAT Margins at 5.65%. Margins have declined because some of the projects were bagged post-COVID and company has entered into the new segments as well.

Total Order Inflow during the year FY24 stood at Rs.1,649.62 Crore, whereas roads and bridges comprised of Rs.1,003.92 Crore and Power T&D Project worth Rs.645.70 Crore.

Our CGD Project has been successfully monetized to MGL for Rs.562 Crores for 100% equity. Thus this marks of our excellence in execution and project completion capabilities with quality work.

a. Updates on Asset Monetization

Asset monetization program continues to substantiate the Company's full cycle credentials and efficient use of capital to develop, construct, commission, operate and sale of investments. The improvement in the overall business environment also helped your Company in its efforts for monetizing some of its assets.

Divestment of CGD business showcases ABL's ability to identify, implement and successfully divest investments and provide good returns to all stakeholders.

Further, divestment of road project SPVs will facilitate successful exit to financial investor of Ashoka Concessions Limited, a subsidiary of the Company and efficient release of capital. Currently the Company is pursuing sale of HAM projects, toll projects & annuity projects of National/state highway authorities.

b. Project Updates

The updates on the Projects won and other developments

as regards the Projects undertaken by the Company and its subsidiaries are covered in the Board's Report.

c. Order Book

The Company had an order book of Rs.11,697 Crore as on March 31, 2024. The breakup of order is, the roads and railway project are Rs.6,214 Crores, which is 53% of the total order book. Among the road projects, HAM projects are to the tune of Rs.911 Crores and EPC road projects are Rs.4,426 Crores and railway is around Rs.877 Crores. Power T&D is to the tune of Rs.4,796 Crores which is approximately 41% of the total order book.

The total EPC building segment is Rs.687 Crores, which is 6% of the order book. The Company's focus would always remain on maintaining a sustainable EPC business in segments encompassing highways, railways, power transmission and distribution as well as buildings.

d. Innovation, Quality, Safety and Environment

The Company continues its focus on the latest technology, innovative construction practices as well as ensuring high quality in its entire work. Your Company is also conscious of the threat posed by global warming to our planet and therefore takes its responsibility towards the sustainable construction.

Your Company is very much sensitive and concerned about the health and safety of all its employees and other stakeholders. QHSE Policy and procedure have been framed and are implemented at all Project sites and offices.

e. Resources and Liquidity

The successful divestment of CGD business by the Company eased the pressure on working capital finance. However, the finance cost had increased due to usage of bank credit limit, interest bearing Mobilization Advance from clients & increase in interest rate as compared to previous year. The total consolidated project debt of various subsidiaries of the Company (road project SPVs developing & managing road concessions for NHAI and state authorities) stood at Rs.5,896 Crore as on March 31, 2024.

The Interest cost have gone up due to overall increase in Bank Rates / Repo rates but due to a proper mix of products like Working Capital Demand Loans, Supply Chain Finance and Corporate Credit Cards have kept the cost at reasonable levels. The Company is comfortable in sourcing for the funding of the ongoing and upcoming projects.

The Long Term rating of the Company is 'AA/Stable' by Acuite and 'AA- / Negative' by CRISIL. The Company is thereby comfortably placed in its working capital financing.

f. Challenges and Risks

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk; interest rate risk and currency risk. Financial instruments affected by market risk include borrowings, trade and other payables, security deposit, trade and other receivables, deposits with banks etc.

- i. Interest rate risk:** The Company's activities exposed to interest rate risk. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In addition, an increase in interest rates may adversely affect ability to service long-term debt and to finance new projects, all of which in turn may adversely affect results of operations. The Company dynamically manages interest rate risks through a mix of fund-raising products and investment products across maturity profiles and currencies within a robust risk management framework.
- ii. Foreign currency risk:** The functional currency of the Company is Indian Rupees. Foreign

currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates is very less and relates primarily to the Company's creditors for capital expenditures. The Company regularly monitors Foreign Currency exposure and movement in forex rates for appropriate decision. The Company has approved Forex Hedging Policy.

- iii. **Commodity Price Risk:** While executing certain projects, the Company has to buy material which contains precious metals i.e. aluminum, copper, etc. For the same, the Company is able to manage its exposure to price increases in project materials through bulk purchases and better negotiations.

The company proactively manages these risks through forward booking, inventory management and proactive vendor development practices. The risk of price fluctuations in commodities is also mitigated to certain extent based on the price escalation clause included in the contracts with the customers and through commodity hedging.

(b) Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash flow and collateral obligations without incurring unacceptable losses. The Company constantly monitors the liquidity levels, economic and capital market conditions and maintains access to the lowest cost means of sourcing liquidity through banking lines, trade finance and capital markets. In addition, processes and policies related to such risks are overseen by senior management.

(c) Regulatory Risk

The Company executes various Projects across the Country and hence the Company is exposed to risks attached to various statutes, laws and regulations of various states. The Company is mitigating these risks through regular review of legal compliances carried out through internal control and audits and advise from various experts in respective fields.

(d) Human Resource Risk

Retaining the existing talent pool and attracting new talent are major risks. The Company has initiated various measures including training and integration

of learning and development activities. The Company has formulated various schemes in the interest of the employees.

g. Human Resource Management

The Human Resource Department is dynamic and there have been further developments and emerging practices. The Human Resource Department of the Company has significantly invested in its employer brand to attract and retain top talent and is focused on communicating the Company culture, values, and employee value proposition to differentiate themselves and appeal to prospective candidates. For the Financial Year 2023-24, the Company's focus remained on attracting and retaining the right talent to support business objectives, improve governance, and foster an inclusive work culture.

Training and development delivered via virtual mode i.e. e-learning offers the chance to the organization to deliver training at far reduced cost than traditional methods which require physical space and provisions. However, extensive skill development programs are conducted for site supervisors and vehicle operators to enhance and upgrade their skill sets. Commitment to governance was demonstrated through comprehensive code of conduct training, ensuring ethical standards across all the Offices and Project sites.

Ashoka Buildcon's Learning Environment ('ABLE') offers several benefits, including flexibility to learners to access learning content at their convenience, pace, anytime and anywhere. The ABLE provides opportunities for individuals to update their skills and knowledge and allows our professionals to acquire knowledge in their domain. This platform incorporates multimedia elements such as videos, simulations, and interactive quizzes. These features make the learning process more engaging and enhance understanding by catering to different learning styles for up-skilling and reskilling of our employees.

h. Internal Control and its adequacy

At Ashoka Buildcon Limited, Internal Controls are a key pillar for compliance of Corporate Governance. It operates through ERP system – SAP and has implemented adequate internal controls, which safeguard the Company's resources and ensures efficiency in operations, effective monitoring systems, and compliance with applicable laws and regulations.

The Company has well-placed function-wise detailed internal control system, and that the transactions are authorized, recorded and reported correctly. The Company's

internal financial control framework commensurate with the size and operations of the business and is in line with requirements of the Companies Act, 2013.

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone and consolidated financial statements for external purposes in accordance with generally accepted accounting principles. Internal control systems are aligned to prevent frauds and errors, if any.

A company's internal financial control over financial reporting includes following policies and procedures:

- Maintenance of records accurately and fairly;
- provides reasonable assurance that transactions are recorded as necessary to permit preparation of standalone, consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of matrix approved by management.
- provides reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

The Management have approved, adopted and implemented various policies, documents/standard operating procedures which assist the various departments of the Company in ensuring accountability, accuracy, controls and transparency within the organization. The Audit Committee periodically reviews the adequacy of the internal control systems and provides direction and guidance.

The internal audit plan is approved by Audit Committee which covers more than 80% of expected annual business every year. The Audit Plan includes a combination of audit of internal control systems and operational audits. Audit of internal control system focuses on the adequacy of internal controls in the Company and also the reporting system in various functional areas like Procurement, Project execution & Billing, Construction Equipment and vehicles, accounts, human resource, administration and other departments. The audit of information technology general control (ITGC) is also done every year by Internal auditors and Statutory auditors of the Company.

The findings of the Internal Audit and Internal Control system are shared by internal auditors with the Audit Committee by way of presentation. The Audit Committee

has expressed its satisfaction with the adequacy of the Internal Control systems and procedures of the Company for monitoring these systems.

Whistle-blower mechanism, an important element of the internal control system, encourages the directors and employees to report genuine concerns, misconduct, or fraud without any fear of unfair treatment or punishment with direct access to the Chairman of the Audit Committee in appropriate and exceptional cases.

Future Outlook

The global economy is expected to maintain its growth rate at 3.3% in CY2024-25. The developed economies may experience a slight acceleration, with growth predicted to increase to 1.8% in CY2024-25. However, emerging markets and developing economies are likely to experience a minor decline in growth rate from 4.3% in CY 2022-23 to 4.2% in CY 2023-24 and CY 2024-25. On the other hand, global inflation is expected to

gradually decrease from 6.8% in CY 2022-23 to 5.9% in CY 2023-24 and then to 4.5% in CY2024-25.

With the GDP projected to reach 7% during FY2024-25, India's economic growth outlook appears encouraging in the medium term. Private investments are expected to gain further momentum, supported by improving global liquidity conditions as central banks begin to ease monetary policies and reduce policy rates. A synchronised global recovery from disrupted supply chain in the coming year is likely to boost exports, while enhanced capital flows will drive increased investment and consumption. This scenario could prompt the Indian Government to reassess its spending priorities, resulting in a faster reduction of the fiscal deficit and a boost to private investments. The infrastructure landscape has evolved as a dynamic landscape, transitioning from the domain of utilities and public service providers to the focal point of policy dialogues.

Several factors are driving the future of infrastructure including the advent of new technologies, Industry 4.0, evolving consumer behaviour and aspirations, shifts in the nature of work and effective governmental development initiatives. In this changing scenario, the roles of infrastructure stakeholders are also changing and a different approach needs to be adopted for delivering infrastructure and services that are best suited to the demands of the modern era.

India's road infrastructure has undergone significant development, with a constant focus on improving the overall connectivity while also establishing critical links even in geographically challenging regions. As a priority sector for the Centre, the sector has witnessed ambitious highway construction targets to build a world-class network of expressways, speedy project awards and rapid execution to support these targets. The construction landscape has further been supported by efforts to constantly maintain a favourable policy regime for all stakeholders.

The company's primary focus remains to build sustainable EPC business in segments of highways, railways, power T&D and buildings.

Remark: Delay in filing of few E-forms which were filed after prescribed time with additional fees.

Reply: There was delay in filing e-form with Ministry of Corporate Affairs for reasons beyond the control of the Company. However, such form was filed with additional filing fees as prescribed under the Act and compliance has been regularized.

d. Internal Auditors

M/s. Suresh Surana & Co. LLP and M/s. Hiran Surana, Chartered Accountants had been appointed as Joint Internal Auditors of the Company for FY2023-24 and the reports of Joint Internal Auditors were reviewed by the Audit Committee from time to time at the meetings of Audit Committee. The observations and suggestions of the Internal Auditors were reviewed and necessary corrective/preventive actions were taken in consultation with the Audit Committee.

The Company has appointed M/s Suresh Surana & Co. LLP, Mumbai and M/s. Hiran Surana, Chartered Accountants, Nashik, as Joint Internal Auditors for FY2024-25.

Audits and internal checks and balances

M/s S R B C & CO. LLP, Chartered Accountants, audit the accounts of the Company.

The Company has adequate internal control systems that are commensurate with the size and nature of its business which ensures that all the assets are acquired economically and used optimally. The systems are safeguarded, protected against loss from unauthorised use or disposition, and

all transactions are properly authorised, recorded and reported correctly. A dedicated Legal Compliance ensures that the Company conducts its businesses with legal, statutory and regulatory compliances. The Company has instituted a legal compliance program in conformity with requirements of the Act to ensure that there exists a system which is adequate and operates effectively and efficiently. Well-documented policies supplement the internal control system. Audits of various departments are conducted as per the annual audit plan through joint internal auditors, who submit reports to the management and the Audit Committee of the Board from time to time. The views of the statutory auditors are also considered to ascertain the adequacy and efficacy of the internal control system and measures. The project sites of the Company are covered through SAP ERP system. All these measures are continuously reviewed by the management and as and when necessary, required improvements are made.

Adequacy of Internal Financial Controls with reference to the financial statements:

The Company has designed and implemented a process driven framework for Internal Financial Controls (“IFC”) within the meaning of the explanation to Section 134(5) (e) of the Act read with Rule 8(5) (viii) of the Companies (Accounts) Rules, 2014. The Company has appropriate internal control systems for business processes with regard to its operations, financial reporting and compliance with applicable laws and regulations.

It has documented policies and procedures covering financial and operating functions and processes. These policies and procedures are updated from time to time and compliance is monitored by the internal audit function as per the audit plan. The Company continues its efforts to align all its processes and controls with best practices.

Your Company uses SAP ERP Systems to maintain its Books of Account. The transactional controls built into the SAP ERP systems ensure appropriate segregation of duties, appropriate level of approval mechanisms and maintenance of supporting records. The systems, Standard Operating Procedures and controls including manual controls are reviewed by Management.

Your Company has in place adequate Internal Financial Controls with reference to the Financial Statements commensurate with the size, scale and complexity of its operations. The Company has appointed independent audit firms as Internal Auditors to observe the Internal Control system. The Board of the Company have adopted various policies viz. Policy on determining Material Subsidiary, Policy on Determination of Materiality of Events or

Information, Whistle Blower Policy, Policy on Related Party Transactions, Policy on Prohibition of Insider Trading, Policy on Prevention of Sexual Harassment at Workplace, Policy on Corporate Social Responsibility, Nomination and Remuneration Policy, Risk Management Policy, Dividend Distribution Policy and other policies and procedures for ensuring the orderly and efficient conduct of its business for safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **VIVA HIGHWAYS LIMITED** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me reasonable basis for evaluating the Corporate Conducts/Statutory Compliances and expressing my Opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on March 31, 2024 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I further report that the compliance with the applicable laws is the responsibility of the Company and our report constitutes an independent opinion. Our report is neither an assurance of future viability of the Company nor a confirmation of efficient management by the Company.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2024 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;

The Company is an Unlisted Public Company, hence not applicable.

- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws Framed there under

The Company is an Unlisted Public Company, hence not applicable.

- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings

The provisions of FEMA and Rules there under are not applicable since there are no Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings by the Company during the period under review.

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):- The Company is a unlisted Public Company, hence not applicable.

- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
- d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

The Company is an unlisted Public Company, hence above Regulations / Guidelines are not applicable.

(vi) Other laws as may be applicable specifically to the Company:

Based on the information provided by the Company, there are no specific laws applicable to the Company for the year under review except as follows: -

a) The Real Estate (Regulation and Development) Act, 2016(MahaRERA)

I have also examined compliance with the applicable clauses of the following:

b) Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

- i. The Holding Company (Ashoka Buildcon Limited) has withdrawn nomination of Mr. Gyan Chand Daga (DIN: 00101534) as a Nominee Director of the Company as his term as an independent director with the Holding Company expired on 31/03/2024. The Holding Company further nominated Mr. Mahendra Mehta (DIN: 07745442) as a nominee of Independent Director on the Board of the Company w.e.f. 31/03/2024.

I further report that:

Based on the Information provided by the Company, its officers and authorized representatives during the conduct of the audit, and also on the review of compliance reports by the respective Department Heads/Company Secretary, taken on record by the Board of Directors of the Company, in my opinion, adequate systems and processes and control mechanism exist in the Company to monitor and ensure compliance with eligible general rules like labour laws, competition laws, environmental laws and all other applicable laws, rules, regulations and guidelines.

The Board of Directors of the Company is duly constituted under the provisions of the Companies Act, 2013. The changes in the composition of the Board of Directors that took place, if any, during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice along with agenda were given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Necessary consents from the Directors were obtained to hold Board Meeting at shorter notices.

I further report that during the audit period under review, the Company has not issued Equity Shares and there was no specific event viz.:

- (i) Public/ Rights/ Preferential issue of shares / debentures/sweat Equity, etc.
(ii) Redemption / buy-back of securities

Yes.

EI-10. Assessments for the year:

Category	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100%
Forced/involuntary labour	100%
Sexual harassment	100%
Discrimination at workplace	100%
Wages	100%
Others – please specify	-

EI-11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.

The company had its own mechanisms to address such risks through its HR & HSE policy and SOPs. The Company is also committed to keeping the all work locations free from all harassment, including sexual harassment at the workplace, and has zero tolerance for such unacceptable conduct. The company management has formed its Internal Complaint Committee (ICC) and has regular quarterly meetings to have update on any harassment concerns or other unsolicited or offensive conduct. No significant risks /concerns are identified during such assessments.

Leadership Indicators

LI-1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

No complaint received against the human rights violation, thus no business processes were required to be modified.

LI-2. Details of the scope and coverage of any Human rights due-diligence conducted.

The Company adheres to the principles which include Human Rights clauses. These clauses are part of the Company’s Code of Conduct (CoC) and is extended across entire value chain. Fostering a culture of caring and trust through various corporate policies like Environment, Health & Safety (EHS) Policy, Whistle-Blower policy, Protection of Women’s Rights at Workplace Policy and the CoC.

LI-3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes Our Organization is accessible to the all differently abled visitors, and we are continuously working towards improving infrastructure for eliminating barriers to accessibility.

LI-4. Details on assessment of value chain partners:

Category	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	100
Discrimination at workplace	100
Child Labour	100
Forced Labour/Involuntary Labour	100
Wages	100
Others – please specify	-

LI-5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

No corrective actions were required to be taken, as no such concerns/risks arose. Periodic training is conducted through the various channels and procedures and preventive measures are specified to avoid such risks.

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

Essential Indicators

EI-1. Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2023-24	FY 2022-23
From renewable sources		
Total electricity consumption (A)	17004.56	16157.24
Total fuel consumption (B)	0.00	0.00
Energy consumption through other sources (C)	0.00	0.00
Total energy consumed from renewable sources (A+B+C)	17004.56	16157.24
From non-renewable sources		
Total electricity consumption (D)	55370.03	64234.02
Total fuel consumption (E)	1013951.59	1201898.1
Energy consumption through other sources (F)	0	0
Total energy consumed from non-renewable sources (D+E+F)	1069321.62	1266132.12
Total energy consumed (A+B+C+D+E+F)	1086326.18	1282289.36
Energy intensity per rupee of turnover (Total energy consumption/ turnover in rupees)	1.41 GJ / Lakh	2.01 GJ / Lakh
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	31.49 GJ / Lakh \$	45.07 GJ / Lakh \$
Energy intensity in terms of physical output	710.99 GJ / Road Lane KMs	755.67 GJ / Road Lane KMs

Remarks: For the intensity in terms of physical output, we have chosen the road lane km as the denominator. In FY 23-24, as our roadways business accounts for 58.25% of our turnover, thus the intensity has been calculated accounting for 58.25% of energy consumption. In FY 22-23, roadways accounted for 68.95% of our turnover, and the consumption has been accounted for accordingly.

EI-1. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, GHG data assessment is carried out CPG Assurance Services

EI-2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not Applicable

EI-3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2023-24	FY 2022-23
Water withdrawal by source (in kilolitres)		
(i) Surface water	150775	287757
(ii) Groundwater	151809	123324
(iii) Third party water	322390	121428
(iv) Seawater / desalinated water	0	0
(v) Others	0	0
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	624974	532509

Total volume of water consumption (in kilolitres)	624974	532509
Water intensity per rupee of turnover (Water consumed / turnover)	0.8089 KL / Lakh	0.8357 KL / Lakh
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)	18.1183 KL / Lakh \$	18.7187 KL / Lakh \$
Water intensity in terms of physical output	409.04 KL / Road Lane KMs	313.82 KL / Road Lane KMs

Remarks: For the intensity in terms of physical output, we have chosen the road lane km as the denominator. In FY 23-24, as our roadways business accounts for 58.25% of our turnover, thus the intensity has been calculated accounting for 58.25% of water consumption. In FY 22-23, roadways accounted for 68.95% of our turnover, and the consumption has been accounted for accordingly.

EI-3. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?
(Y/N) If yes, name of the external agency. –

No

EI-4. Provide the following details related to water discharged: Water discharge by destination and level of treatment (in kilolitres)

Total water discharged (in kilolitres)	0	0

Remarks: The waste water generated from ready mix concrete is collected in a collection pit, and utilized for the dust suppression in Camp area and haul roads. As a result, there is no water discharge occurring.

EI-4. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?
(Y/N) If yes, name of the external agency.

No

EI-5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation. –

Yes, ABL has taken efforts to reduce the liquid discharge such as by providing the collection, settling, and recycling tank for RMC wastewater. There is minimal to no water discharge during our operations, as water is utilized during the production of concrete, and recycled wastewater is used in our premises for Internal Road dust separation.

EI-6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	Current Financial Year	Previous Financial Year
NOx	ppm	21.80	21.61
SOx	ppm	13.10	14.26
Particulate matter (PM)	ppm	68.9	60.52
Persistent organic pollutants (POP)	-	0	0
Volatile organic compounds (VOC)	-	0	0
Hazardous air pollutants (HAP)	-	0	0
Others – please specify	-	0	0

EI-6. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. By M/s CPG Assurance, Mumbai

EI-7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) in MTCO₂e & its intensity, in the following format:

Parameter	Unit	FY 2023-24	FY 2022-23
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	TCO ₂ e	78382.30	89851.92
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	TCO ₂ e	12477.96	14452.65
Total Scope 1 and Scope 2 emission intensity per rupee of turnover	TCO₂e / rupee of turnover	0.1176 TCO₂e / Lakh	0.1637 TCO₂e / Lakh
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)	TCO₂e / rupee of turnover	2.6341 TCO₂e / Lakh \$	3.6665 TCO₂e / Lakh \$
Total Scope 1 and Scope 2 emission intensity in terms of physical output	TCO₂e / Road Lane KMs	59.47 TCO₂e / Road Lane KMs	61.47 TCO₂e / Road Lane KMs

Remarks: For the intensity in terms of physical output, we have chosen the road lane km as the denominator. In FY 23-24, as our roadways business accounts for 58.25% of our turnover, thus the intensity has been calculated accounting for 58.25% of the GHG Emissions. In FY 22-23, roadways accounted for 68.95% of our turnover, and the emissions have been accounted for accordingly.

EI-7. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. By M/s. CPG Assurance, Mumbai

EI-8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes, Ashoka Buildcon Ltd has planned to reduce the Scope 1 and Scope 2 emissions by identifying potential activities in their own processes by referencing the GHG reduction guidelines. Following are the key project implemented at project sites.

1. Use of Renewable Energy – The company has installed solar plants at toll plazas & Corporate office locations.
2. Use of Electrical Vehicles – The Company promotes the use of electric vehicles at offices as well as project sites

3. Milling Activity - The company has adopted this eco-friendly technique of reusing of the old road with an approved mix design and saving the scope 1 emissions of Transportation, Crusher operations for extraction and HMP production
4. HMP Technology - Organization has identified new energy efficient technology for its Hot Mix Plant (HMP) for scope 2 reduction.
5. Bundled Methane Avoidance Projects of biogas plant at Nashik with capacity of 1T of food waste and cow dung treatment daily
6. Use of energy-saving LED bulbs for offices and project sites.

EI-9. Provide details related to waste management by the entity, in the following format:

In FY 22-23, roadways accounted for 68.95% of our turnover, and the waste generation has been accounted for accordingly.

El-9. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No.

El-10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

ABL is certified for ISO 14001:2015 standard requirements. Wherever applicable the company follows 3R principles (Reduce, Reuse, Recycle) for waste management. Details related to waste are monitored on periodical basis and awareness sessions are undertaken for the employees who have a role and responsibility towards waste management. With respect to the hazardous waste generated in operations, this mostly consists of waste oil. The oil is collected and given to Authorized hazardous waste disposal agency for recycling, incineration etc.

El-11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

S. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.

LI-2. Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, By M/S CPG Assurance, Mumbai.

LI-3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

All the requisite Environmental Management Plans including are in place and implemented. All the regulatory compliance reports are being submitted as mentioned in the EC/Approval terms and conditions. Further, all the applicable Consent to Establish (CTE) and Consent to Operate (CTO) are in place for Batching Plants, Precast Yards, Fabrication Yard, etc., as applicable.

LI-4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1	Use of renewable energy	Use of solar energy generation plants at project sites	Reduction in Carbon Emissions by 3382 tCO2e in year 2023-24
2	Organic food waste composter	i) Eco-friendly Waste management ii) Improving Hygiene in the Workplace.	(i) Eco-friendly Waste management (ii) Improving Hygiene in the Workplace. i) 100 kg capacity of organic waste composter is operational at project site which results in avoiding emissions around 10 tCO2e/year (ii)

			Impact on employee or society; 50 employees are trained & 135 people are benefited from the Fertilizer.
3	Use of Fly Ash in construction	NHAI project sites are utilizing the fly ash generated by thermal power plants in nearby project locations which was good replacement for aggregate and soil.	Total Fly ash quantity of 47550 MT utilized at the project site which replaced the same quantity of the aggregate and soil. Ultimately Natural resource such as quarrying transportation aggregate has been saved.
4	Reuse of Milling material	NHAI project sites are utilizing the fly ash generated by thermal power plants in nearby project locations which was good replacement for aggregate and soil.	Reduction in Carbon Emissions by 564 tCO ₂ e in year 2023-24.
5	Use of Electrical vehicles	Use of electrical vehicles considering the reduction in pollution as well as cost effective use of transportation at the corporate office and project Sites.	Reduction in Carbon Emissions by 8 tCO ₂ e in year 2023-24.

LI-5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The Project specific emergency preparedness plans are established at each project site by the company to deal with the probable emergency situations. Emergency response procedures like provision for first aid, fire control and rescue are implemented for preventing and mitigating the hazard & risk and environmental impacts. The duties and responsibilities of all the staff and workers are being communicated periodically through regular trainings and mock drills at project sites. In the event of any occurrence of an emergency, the same shall be investigated and appropriate preventive measures would be initiated to avoid recurrence in future

LI-6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

No significant adverse impact reported from any value chain partners.

LI-7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

Company intends to assess the major value chain partners for environment impact for FY2024

Independent Auditor's Report

To the Members of Ashoka Buildcon Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Ashoka Buildcon Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have

fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 56 to the accompanying standalone financial statements, regarding an ongoing investigation by a law enforcement agency, in respect of a matter involving inter-alia the Company, pending final outcome of which no adjustments have been made to the standalone financial statements. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue recognition for construction contracts (as described in Note 01 (B) (23) and 35 of the standalone financial statements)	
<p>The Company's significant portion of business is undertaken through construction contracts where revenue is recognized over the period of time in accordance with the requirements of Ind AS 115 – 'Revenue from Contracts with Customers' by applying the percentage of completion (input method) on the contract/order value. The percentage of completion is determined based on proportion of contract costs incurred to date compared to estimated total contract costs, which amongst other things, involves estimates to determine these costs, identification of contractual obligations and the Company's rights to receive payments for performance completed till date, changes in scope and other matters that result in revisions to contract / order value, recognition of the liability for loss making contracts, contingencies etc.</p> <p>Considering above estimates, revenue recognition for construction contracts has been considered as a key audit matter.</p>	<p>Our audit procedures included, amongst others, the following:</p> <ul style="list-style-type: none"> • Read the Company's revenue recognition accounting policies and assessed compliance of the policies in accordance with Ind AS 115; • Obtained an understanding of the process of revenue recognition and accounting for contract costs including the design of related controls and performed procedures to test the operating effectiveness of these controls; • For projects selected on a sample basis, we performed substantive procedures with respect to order value and cost to come estimates considered by the Company by review of underlying contractual provisions, testing of actual costs incurred, testing of purchase orders executed for committed costs, review of the project progress reports prepared by the management, review of significant changes to total costs as compared to the budgets, review of project correspondences for change in scope, price revisions etc which form the basis of revenue recognition under the input method; • Performed analytical procedures on the project wise revenue recognition file prepared by the management including review of balances lying in the unbilled / unearned revenue accounts to assess whether management has appropriately considered required cost adjustments with reference to underlying relevant documents. • Assessed the presentation and disclosure in the financial statements as per the requirements of Ind AS 115.

Key audit matters	How our audit addressed the key audit matter
<p>Assessment of classification and accounting for assets held for sale (as described in Note 01(B) (8), 65 and 66 of the standalone financial statements)</p>	
<p>The Company had, based on its assessment in earlier years, classified its investments in and loans / other receivables from certain of its subsidiaries engaged in construction and operation of road projects on Hybrid Annuity Mode basis ('HAM assets') and Build Operate Transfer basis ('BOT assets') as 'held for sale' as per Ind AS 105 - Non-current Assets Held for Sale and Discontinued Operations. In the current year, in view of the management past experience in disposal of the BOT assets since classification as 'held for sale'; time taken for approvals to be received from authorities and lenders, expiry of long stop date of share purchase agreement for a subsidiary company and considering that the exclusivity clause in the term sheet signed with the potential investors for BOT assets have expired on March 31, 2024, management has reassessed the 'held for sale' criteria under Ind AS 105 and has ceased this classification for BOT assets for the purpose of the financial statements. Accordingly, the Company has accounted for this change in accordance with Ind AS 105 and the financial statements of the previous periods presented have been reclassified / re-presented including deferred tax adjustments.</p> <p>Further, considering the high probability of the sale getting completed as per Ind AS 105, the HAM assets (completed projects) continued to be 'held for sale' as at March 31, 2023 and have been accounted accordingly.</p> <p>The above change being significant, the same has been considered as a key audit matter.</p>	<p>Our audit procedures included, amongst others, the following:</p> <ul style="list-style-type: none"> • Discussed with senior management on the basis for cessation of classification of BOT assets as held for sale, including obtaining and reading the management assessment note with respect to the same and review of related underlying documentation. • Assessed accounting on cessation of the classification of BOT assets as held for sale as per Ind AS 105 with respect to a) measurement at lower of carrying value of assets if it was not classified as 'held for sale' earlier and the recoverable value determined by the management on the date of cessation and b) Reclassification / re-presentation of the financial statements of the previous periods, including any consequential deferred tax adjustments. • Assessed the measurement of HAM assets at lower of its carrying amount and fair value less costs to sell as per Ind AS 105. • For the purpose of determining recoverable amount / fair values as above, obtained and read the competitive potential offers received by the management for the above assets. • Discussed the matter with those charged with governance and also obtained representation letter from the management. • Assessed the presentation and disclosure in the financial statements as per the requirements of Ind AS 105.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating

effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. [As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE 1 TO THE INDEPENDENT AUDITORS' REPORT

Annexure '1' referred to in paragraph under the heading "Report on other legal and regulatory requirements" of our report of even date

Re: Ashoka Buildcon Limited ("the Company")

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (i) (a) (B) The Company has maintained proper records showing full particulars of intangible assets.
- (i) (b) Property, Plant and Equipment were physically verified by the management during the year in accordance with a planned programme of verifying them once in three years which is reasonable having regard to the size of the Company and the nature of its assets.
- (i) (c) The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company as at March 31, 2024.
- (i) (d) The Company has not revalued its Property, Plant and Equipment (including Right of use assets) or intangible assets during the year ended March 31, 2024.
- (i) (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory during the year and in our opinion the coverage and the procedure of such verification by the management is appropriate. No discrepancies of 10% or more in aggregate for each class of inventory were noticed on such physical verification.
- (ii) (b) As disclosed in Note 28 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks and/or financial institutions during the year on the basis of security of current assets of the Company. Based on the records examined by us in the normal course of audit of the financial statements, the quarterly returns/statements filed by the Company with such banks and financial institutions are in agreement with the books of accounts of the Company.
- (iii) (a) During the year the Company has provided loans (including perpetual debt) and guarantees to Companies as given below. There are no security or advances in the nature of loans provided by the Company during the year.

Particulars	Loans (INR in lakhs)	Guarantees (INR in lakhs)
Aggregate amount granted/ provided during the year (including accrued interest converted to loans) -Subsidiaries -Joint venture of Holding Company	42,143.71	71,722.86
Balance outstanding as at balance sheet date in respect of above cases -Subsidiaries -Joint venture of Holding Company	1,72,393.58	92,669.79

- (iii) (b) During the year, considering the provisions of Companies Act, 2013 as applicable to companies providing infrastructure facilities, the terms and conditions of the grant of all loans (including perpetual debt), investments made and guarantees provided to companies are not prejudicial to the Company's interest. The Company has not provided any advances in the nature of loans or given security during the year.
- (iii) (c) The Company has granted interest free (including perpetual debt) and interest-bearing loans to Companies where the schedule of repayment of principal and interest has been stipulated. The payment of interest in case of interest bearing loans granted to Companies have been converted into loans in accordance with terms and conditions of the said loans. All interest bearing loans are repayable to the Company on demand and the Company has not made any such demand during the year. Interest free loans (including perpetual debt) are repayable at the discretion of the borrower.
- (iii) (d) All interest bearing loans are repayable to the Company on demand and the Company has not made any such demand during the year. Further, interest free loans (including perpetual debt) are repayable at the discretion of the borrower. Accordingly, there are no amounts of loans and advances in the nature of loans granted to companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days.
- (iii) (e) All interest bearing loans are repayable to the Company on demand and the Company has not made any such demand during the year. Further, interest free loans (including perpetual debt) are repayable at the

discretion of the borrower. Accordingly, there were no loans or advance in the nature of loan granted to companies, firms, Limited Liability Partnerships or any other parties which was fallen due during the year, that have been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

- (iii) (f) As disclosed in Note 62A to the financial statements, the Company during the year has granted loans or advances in the nature of loans, either repayable on demand or in the nature of perpetual debt for which repayment is at the discretion of the borrowers to Companies as stated below. Of these, following are granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

Particulars	Related Parties (INR in lakhs)
Aggregate amount of loans in nature of loans	30,989.71
- Repayable on demand	11,154.00
- Perpetual debt (repayable at the discretion of the borrowers)	
Percentage of loans in nature of loans to the total loans	24.45%

- (iv) The Company is engaged in providing infrastructural facilities and satisfies the conditions for exemption mentioned in section 186(11) of the Companies Act, 2013. Accordingly, Loans, investments, guarantees and security in respect of which provisions of 186 of the Companies Act, 2013, to the extent applicable, have been complied with by the Company. There are no loans, investments, guarantees and security in respect of which provisions of sections 185 are applicable.
- (v) The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to road and other infrastructure projects, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

- (vii) (a) Undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues as applicable have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases for provident fund and profession tax. According to the information and explanations given to us and based on audit procedures performed by us, no undisputed amounts payable in respect of these statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (vii) (b) The dues of goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of custom, duty of excise, value added tax, cess, and other statutory dues that have not been deposited on account of any dispute, are as follows:

ANNEXURE 2 TO THE INDEPENDENT AUDITORS' REPORT

Annexure 2 to the Independent Auditor's Report of even date on the Standalone Financial Statements of Ashoka Buildcon Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the standalone financial statements of Ashoka Buildcon Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to these standalone financial statements.

Meaning of Internal Financial Controls with Reference to these Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to these Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to Standalone Financial Statements for the year ended March 31, 2024

NOTE 01: MATERIAL ACCOUNTING POLICIES

A. General Information

Ashoka Buildcon Limited ("the Company") CIN No L45200MH1993PLC071970 is a public limited company domiciled in India and incorporated on May 13, 1993, under the provision of Companies Act, 1956. The registered office of Company is located at S.No. 861, Ashoka House, Ashoka Marg, Vadala, Nashik, Maharashtra 422011. Shares of the Company are listed on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE).

The Company is presently engaged in the business of construction of infrastructure facilities on Engineering, Procurement and Construction Basis (EPC) and Built, Operate and Transfer (BOT) Basis and Sale of Ready-Mix Concrete. The Company has promoted Special Purpose Vehicles (SPVs) for some of its projects, wherein 'Toll Collection Rights' are received in exchange of the Construction Cost. For this, the SPVs significantly engage the services of the Company for contract related activities due to inherent execution capabilities / expertise and experience of the Company.

The financial statements were approved for issue by the Board of Directors on May 22, 2024.

B. Summary of Material Accounting Policies

1. Basis of preparation

The Company's standalone financial statements ('financial statements') have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 read with Section 133 of the Companies Act, 2013 (as amended from time to time). During the year, the Company has adopted amendments to the said Schedule III. The application of these amendments do not impact recognition and measurement in financial statements. However, it has resulted in additional disclosures which are given under various notes in the financial statements.

These financial statements include Balance sheet, Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flows and notes, comprising a summary of material accounting policies and other explanatory information and comparative information in respect of the preceding period.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative financial instruments,
- Certain other financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

2. Presentation of financial statements

The financial statements (except for Statement of Cash Flow) are prepared and presented in the format prescribed in Division II – Ind AS Schedule III ("Schedule III") to the Companies Act, 2013. The Statement of Cash Flow has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". Amounts in the financial statements are presented in Indian Rupees in Lakhs as per the requirements of Schedule III. "Per share" data is presented in Indian Rupees upto two decimals places.

Current versus Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

3. Fair Value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities that entity can access at measurement date;
- Level 2 inputs are inputs, other than quoted prices included in Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

4. Foreign Currency

a. Functional and presentation currency

The financial statements of the Company are presented using Indian Rupee (₹), which is also our functional currency i.e., currency of the primary economic environment in which the company operates.

b. Transactions and balances

Foreign currency transactions are translated into the respective functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in profit or loss.

5. Property, Plant and Equipment (PPE)

PPE is recognized when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All items of PPE are stated at cost net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment. Cost includes expenditure that is directly attributable to the acquisition and installation of such assets, if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred.

Items such as spare parts and servicing equipment are recognised as PPE if they meet the definition of property, plant and equipment and are expected to be used for more than one year. All other items of spares and servicing equipment's are classified as item of Inventories.

PPE not ready for the intended use on the date of the Balance Sheet is disclosed as "Capital Work-In-Progress" and carried at cost net of accumulated impairment loss, if any, comprising of directly attributable costs and related incidental expenses.

Decommissioning cost, if any, on Property Plant and Equipment are estimated at their present value and capitalized as part of such assets.

An item of Property, plant and equipment's is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any

gain or loss arising on the disposal or retirement of an item of property, plant and equipment's is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Depreciation methods, estimated useful lives and residual value

Depreciation has been provided on the written down value method, as per the useful lives specified in Schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation carried out by the management's expert, in order to reflect the actual usage of the assets. The asset's useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period. The useful lives of PPE are as under:

Type of Asset with Useful Life

Sr. No.	Category of assets	Sub-category of assets	Useful life as per Schedule II	Useful life adopted by the company	Useful life adopted by the company for Overseas Projects
1	Plant and equipment	Concreting, Crushing, Pilling Equipment & Road Making Equipment	12	10	7
		Cranes with capacity of Less than 100 Tonne	15	15	7
		Cranes with capacity of Less than 60 Tonne	9	9	3
		Material Handling/Pipeline/Welding	12	9	3
		Earth Moving equipment	9	9	3
2	Office and equipment	Office and equipment	5	5	3
3	Computers and data processing equipment	End user devices	3	3	3
		Server	6	3	3
4	Furniture and Fixture	Furniture and Fixture	10	10	7
5	Vehicle	Motor buses, motor lorries and motor cars other than those used in a business of running them on hire	8	8	5
		Motor cycles, scooter and other mopeds	10	10	3
6	Buildings	Buildings other than factory building	60	60	50
		Temporary/Portable structure	3	3	2
7	General Laboratory Equipment		10	3	2
8	Plant and equipment	Centering materials are depreciated on a Straight-Line Basis over Useful life which has been defined as Four Years.			

The Company, based on assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

6. Intangible assets

a. Intangible Assets Under Service Concession Arrangements (Appendix C to Ind AS 115 – Revenue from Contracts with Customers)

In respect of Public to Private Arrangements (PPA), on a Built-Operate-Transfer (BOT) basis, Intangible Assets i.e. Right to collect toll/tariff are recognised when the Company has been granted rights to charge a toll/tariff from the users of such public services and such rights do not confer an unconditional right on the Company to receive cash or another Financial Asset and when it is probable that future economic benefits associated with the rights will flow to the Company and the cost of the asset can be measured reliably.

The Company constructs or upgrades infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include infrastructure used in a public-to-private service concession arrangement for its entire useful life.

Under the Concession Agreements, where the Company has received the right to charge users of the public service, such rights are recognised and classified as "Intangible Assets" in accordance with Appendix C to Ind AS 115 – Service Concession Arrangements. Such right is not an unconditional right to receive consideration because the amounts are contingent to the extent that the public uses the service and thus are recognised and classified as intangible assets. Such an

intangible asset is recognised by the Company at cost (which is the fair value of the consideration received or receivable for the construction services delivered) and is capitalized when the project is complete in all respects and when the subsidiary companies receives the completion certificate from the authority as specified in the Concession Agreement.

An asset carried under concession arrangements is derecognised on disposal or when no future economic benefits are expected from its future use or disposal.

Service Concession Arrangements that meet the definition of an Intangible Asset are recognised at cumulative construction cost, including related margins. Till completion of construction of the project, such arrangements are recognised as “Intangible Assets Under Development” and are recognised at cumulative construction cost, including related margins.

b. Other Intangible assets

Intangible assets are recognized when it is probable that future economic benefits attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Such Intangible Assets acquired by the Company are measured at cost less accumulated amortisation and any accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition and installation of such assets.

Amortisation

The intangible rights which are recognised in the form of right to charge users of the infrastructure asset are amortised by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets i.e. proportionate of actual revenue earned for the year over Total Projected Revenue from the Intangible assets expected to be earned over the balance concession period as estimated by the management.

As required, total Projected Revenue reviewed by the management at the end of each financial year and accordingly, the total projected revenue is adjusted to reflect any changes in the estimates which lead to the actual collection at the end of the concession period.

Right to collect tariff on Hydro project is amortised on a Straight-Line basis over the concession period.

Amortisation on software has been provided on the written down value method, as per the useful lives specified in Schedule II to the Companies Act, 2013.

Sr. No.	Category of assets	Sub-category of assets	Useful life as per Schedule II	Useful life adopted by the company
1.	Softwares	Server and Network - SAP	6	6
2.	Right to collect Toll / Tariff	Right to collect Toll / Tariff	As per concession period	

7. Impairment of Non-Financial Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount and the impairment loss is recognized in the Statement of Profit and Loss. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assumptions of the time value of money and the risks specified to the asset. In determining net selling price (fair value less cost of disposal), recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset’s carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

8. Non-current assets held for sale

The Company classifies non-current assets and disposal groups as ‘Held For Sale’ if their carrying amounts will be recovered principally through a sale rather than through continuing use and sale is highly probable and the asset or disposal Company is available for immediate sale in its present condition.

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

9. Financial instruments

Initial Recognition

Financial instruments i.e. Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial instruments (other than financial instruments at fair value through profit or loss) are added to or deducted from the fair value of the financial instruments, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial instruments assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

Financial Assets

Subsequent Measurement

All recognised financial assets excluding trade receivable, are subsequently measured at amortized cost using effective interest method except for financial assets carried at fair value through Profit and Loss (FVTPL) or fair value through Other Comprehensive Income (FVOCI). Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies of revenue from contracts with customers.

a. Equity investments in Subsidiaries, Associates and Joint Venture

The Company accounts for its investment in subsidiaries, joint ventures and associates and other equity investments in subsidiary companies at cost in accordance with Ind AS 27 - 'Separate Financial Statements'.

Investment in Compulsory Convertible Debentures of subsidiary company is treated as equity investments, since they are convertible into fixed number of equity shares of subsidiary. Investment made by way of Financial Guarantee contracts in subsidiary, associate and joint venture companies are initially recognised at fair value of the Guarantee.

Interest free loans given by the Company to its subsidiaries, associates and joint venture are in the nature of perpetual debt which are repayable at the discretion of the borrowers. The borrower has classified the said loans as equity under Ind AS - 32 'Financial Instruments Presentation'. Accordingly, the Company has classified this investment as Equity Instrument and has accounted at cost as per Ind AS - 27 'Separate Financial Statements'.

b. Equity investments (other than investments in subsidiaries, associates and joint venture)

All equity investments falling within the scope of Ind-AS 109 are mandatorily measured at Fair Value through Profit and Loss (FVTPL) with all fair value changes recognized in the Statement of Profit and Loss.

The Company has an irrevocable option of designating certain equity instruments as FVOCI. Option of designating instruments as FVOCI is done on an instrument-by-instrument basis. The classification made on initial recognition is irrevocable.

Dividends are recognised as other income in the statement of profit and loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

If the Company decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument are recognized in Statement of Other Comprehensive Income (SOI). Amounts from SOI are not subsequently transferred to profit and loss, even on sale of investment.

c. Investment in preference shares

Investment in preference shares are classified as debt instruments and carried at amortised cost if they are not convertible into equity instruments.

Investment in convertible preference shares of subsidiary, associate and joint venture companies are treated as equity instruments and carried at cost. Other Investment in convertible preference shares which are classified as equity instruments are mandatorily carried at FVTPL.

d. De-recognition

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired, or the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with that a) the Company has transferred substantially all the risks and rewards of the asset, or b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

e. Impairment of financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets

is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all trade receivables and/or contract assets that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Financial Liabilities – Initial recognition and measurement

Classification

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Subsequent measurement

Loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR), except for financial liabilities at fair value through profit or loss. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. Amortisation arising on unwinding of the financial liabilities as per EIR is included as a part of Finance Costs in the Statement of Profit and Loss.

Financial liabilities recognised at FVTPL, including derivatives, are subsequently measured at fair value.

a. Compound financial instruments

Compound financial instruments issued by the company is an instrument which creates a financial liability on the issuer and which can be converted into fixed number of equity shares at the option of the holders.

Such instruments are initially recognised by separately accounting the liability and the equity components. The liability component is initially recognised at the fair value of a comparable liability that does not have an equity conversion option. The equity component is initially recognised as the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. The directly attributable transaction costs are allocated to the liability and the equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the compound financial instrument is measured at amortised cost using the effective interest method. The equity component of a compound financial instrument is not re-measured subsequently.

b. Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. The liability is subsequently measured at carrying amount less amortization or amount of loss allowance determined as per impairment requirements of Ind AS 109, whichever is higher. Amortisation is recognised as finance income in the Statement of Profit and Loss.

c. De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting financial instruments

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

Re-classification of financial instruments

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets, such as equity instruments designated at FVTPL or FVOCI and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets.

10. Cash dividend and non-cash distribution to equity holders

The Company recognises a liability to make cash or non-cash distributions to its equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Dividends paid/payable are recognised in the year in which the related dividends are approved by the Shareholders or Board of Directors as appropriate.

11. Earnings per share

The Company's Earnings per Share ('EPS') is determined based on the net profit attributable to the shareholders' of the Company.

Basic earnings per share is calculated by dividing the profit from continuing operations and total profit, both attributable to equity shareholders of the company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed using the weighted average number of common and dilutive shares.

outstanding during the year including share-based payments, except where the result would be anti-dilutive.

12. Other Income

Dividend and Interest Income

Dividend income is recognized when the right to receive payment is established. Interest income is recognized using the effective interest method.

Income from profit from partnership firms and AOPs

The share in profit in LLP shall be recognized as income in the statement of profit and loss as and when the right to receive its profit share is established.

13. Inventories

Inventory of Raw Materials, Stores and spares and land are valued at cost or net realizable value whichever is lower. Cost includes all non-refundable taxes and expenses incurred to bring the inventory to present location. Cost is determined using weighted average method of valuation. Valuation is done weighted moving average method for raw material, stores and spares.

For old used items are valued at 10% value of the purchase price or its realizable value which ever is lower.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

14. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or

sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

a. Borrowing cost under Service Concession Arrangements

Borrowing costs attributable to the construction of qualifying assets under service concession arrangement classified as intangible asset, are capitalised to the date of its intended use.

Borrowing costs attributable to concession arrangement classified as financial assets are charged to Statement of Profit and Loss in the period in which such costs are incurred.

b. Other borrowing costs are charged to Statement of Profit and Loss in the period in which they are incurred.

15. Provisions & Contingencies

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events for which it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated as at the balance sheet date. Provisions are measured based on management's estimate required to settle the obligation at the balance sheet date and are discounted using a rate that reflects the time value of money. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Other Litigation claims

Provision for litigation related obligation represents liabilities that are expected to materialize in respect of matters in appeal.

Onerous contracts

A provision for onerous contracts is measured at the present value of the lower expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Company recognizes impairment on the assets with the contract.

Contingencies

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. Information on contingent liabilities is disclosed in the notes to financial statements unless the possibility of an outflow of resources embodying economic benefit is remote.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable and are reviewed at each balance sheet date.

16. Provision for Defect liability period/Resurfacing obligations

The Company provides for contractual obligations to periodically service, repair or rectify any defective work during the defect liability period as well as towards contractual obligations to restore the infrastructure at periodic intervals. Provisions are measured based on management's estimate required to settle the obligation at the balance sheet date and are discounted using a rate that reflects the time value of money. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. The same is reviewed at each balance sheet date and adjustments if any to the carrying amount is provided for accordingly.

In case of service concession arrangements classified as financial assets, expenses recognised in the period in which such costs are actually incurred.

17. Leases

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets.

Lease term which is a non-cancellable period together with periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company uses judgement in assessing the lease term (including anticipated renewals/ termination options).

The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i. Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis from the commencement date to the end of lease term.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment.

Refer to the accounting policies of Impairment of non-financial assets.

ii. Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

iii. Short term leases and leases of low value of assets

The Company applies the short-term lease recognition exemption to its short-term leases of machinery and equipment. It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee.

18. Taxes

Income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate and changes in deferred tax assets and liabilities attributable to temporary differences. The current income tax charge is calculated in accordance with the provisions of the Income Tax Act 1961.

Tax expense comprises current tax expense and deferred tax.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the end of the reporting period and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences and brought forward losses only if it is probable that future taxable profit will be available to realize the temporary differences, excluding exceptions cases.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

19. Employee benefits

a. Short-term obligations

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. These are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b. Post-employment obligations i.e.

- Defined benefit plans and
- Defined contribution plans.

Defined benefit plans:

The employees' gratuity fund scheme, managed by Life Insurance Corporation (LIC) is a defined benefit

plan. The present value of obligation is determined based on actuarial valuation carried out as at the end of each financial year using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities, of a maturity period equivalent to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in the statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined contribution plans:

The Company's contribution to provident fund, employee state insurance scheme, superannuation fund and National Pension Scheme (NPS) are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employee.

c. Other long term employee benefits

The Company's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted.

The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit or loss in the period in which they arise.

20. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

21. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker, who regularly monitors and reviews the operating result for following operating segments of the Company:

- i. "Construction & Contract Related Activity", includes Engineering, Procurement and Construction activity of infra projects;
- ii. "Built, Operate and Transfer (BOT)" includes Annuity to develop infra developer under BOT & Annuity
- i. "Sale of Goods" consist mainly Sale of construction material which includes RMC and Real estate

22. Business Combination

Acquisition of business has been accounted for using the acquisition method. The consideration transferred in business combination is measured at the aggregate of the acquisition date fair values of assets given, liabilities incurred by the Company to the former owners of the acquiree and consideration paid by the Company in exchange for control of the acquiree. Acquisition related costs are recognised in the statement of profit and loss.

23. Revenue recognition

A) Revenue

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

Revenue from construction contracts

Performance obligation in case of long - term construction contracts is satisfied over a period of time, since the Company creates an asset that the customer controls as the asset is created and the Company has an enforceable right to payment for performance completed to date if it meets the agreed specifications.

Revenue from long term construction contracts, where the outcome can be estimated reliably and 5% of the project cost is incurred, is recognized under the

percentage of completion method by reference to the stage of completion of the contract activity.

The stage of completion is measured by input method i.e. the proportion that costs incurred to date bear to the estimated total costs of a contract. The percentage-of-completion method (an input method) is the most faithful depiction of the company's performance because it directly measures the value of the services transferred to the customer.

The total costs of contracts are estimated based on technical and other estimates. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss after review of budgets and if contract cost exceed contract price.

Contract revenue earned in excess of billing is reflected under as "contract asset" and billing in excess of contract revenue is reflected under "contract liabilities".

Revenue – Billing to be done based on milestone completion basis or Go-live of project basis can be mentioned.

Retention money receivable from project customers does not contain any significant financing element, these are retained for satisfactory performance of contract.

In case of long - term construction contracts payment is generally due upon completion of milestone as per terms of contract. In certain contracts, short-term advances are received before the performance obligation is satisfied.

The major component of contract estimate is "budgeted cost to complete the contract" and on assumption that contract price will not reduce vis-à-vis agreement values. While estimating the various assumptions are considered by management such as:

- Work will be executed in the manner expected so that the project is completed timely;
- Consumption norms will remain same;
- Cost escalation comprising of increase in cost to compete the project are considered as a part of budgeted cost to complete the project etc.

Due to technical complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Service Contracts

For service contracts (including maintenance contracts) in which the company has the right to consideration from the customer in an amount that

corresponds directly with the value to the customer of the company's performance completed to date, revenue is recognized when services are performed and contractually billable.

Revenue recognition under Service Concession Arrangements

In case of entities involved in construction and maintenance of roads, revenue are recognised in line with the Appendix C to Ind AS 115 – Service Concession Arrangements. The revenue is recognized in the period of collection which generally coincides as and when the traffic passes through toll plazas.

Revenue from sale of Ready Mix Concrete (RMC) and other materials

Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The normal credit term is 30 to 90 days upon delivery.

Revenue from scrap sales and other ancillary sales is recognised when the control over the goods is transferred to the customers.

Warranty Obligation

The Company provides for contractual obligations to periodically service, repair or rectify any defective work during the defect liability period as well as towards contractual obligations to restore the infrastructure at periodic intervals. Provisions are measured based on management's estimate required to settle the obligation at the balance sheet date and are discounted using a rate that reflects the time value of money. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost. The same is reviewed at each balance sheet date and adjustments if any to the carrying amount is provided for accordingly.

In case of service concession arrangement classified as financial assets, expenses recognized in the period in which such costs are actually incurred.

Variable Consideration

The nature of the Company's contracts gives rise to several types of variable consideration, including claims, unpriced change orders, award and incentive fees, change in law, liquidated damages and penalties. The company recognizes revenue for variable consideration when it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur. The company estimates the amount of revenue to be recognized on variable consideration using the expected value (i.e., the sum of a probability-weighted amount) or the most likely amount method, whichever is expected to better predict the amount.

The Company's claim for extra work, incentives and escalation in rates relating to execution of contracts are recognized as revenue in the year in which said claims are finally accepted by the clients. Claims under arbitration/disputes are accounted as income based on final award. Expenses on arbitration are accounted as incurred. Claims – are recognized on its approval from client/authority/court decision or its surety of receipt. (Not on assessment)

Before including any amount of variable consideration in the transaction price, the Company considers whether the amount of variable consideration is constrained. The Company determined that the estimates of variable consideration are not constrained based on its historical experience, business forecast and the current economic conditions. In addition, the uncertainty on the variable consideration will be resolved within a short time frame.

Contract modifications

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to the existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch-up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if additional services are priced at the standalone selling price, or as a termination of existing contract and creation of a new contract if not priced at the standalone selling price.

B) Contract Balances

Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract assets represent revenue recognized in excess of amounts billed and include unbilled receivables. Unbilled receivables, which represent an unconditional right to payment subject only to the passage of time, are reclassified to accounts receivable when they are billed under the terms of the contract.

Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies

of financial assets in point 9 of Accounting Policies – Financial Instruments.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Contract liabilities include unearned revenue which represents amounts billed to clients in excess of revenue recognized to date and advances received from customers. For contracts where progress billing exceeds, the aggregate of contract costs incurred to date plus recognised profits (or minus recognised losses, as the case may be), the surplus is shown as contract liability and termed as unearned revenue. Amounts received before the related work is performed are disclosed in the balance sheet as contract liability and termed as advances received from customers.

24. Significant accounting judgments, estimates & assumptions

The preparation of the Company's financial statements requires management to make estimates and assumptions that affect the reported values of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Significant Estimates in Application of Ind AS 115

The Company applied the following estimates that significantly affect the determination of the amount and timing of revenue from contracts with customers:

Project revenue and costs

The percentage-of-completion method places considerable importance on accurate estimates of the extent of progress towards completion and may involve estimates on the scope of deliveries and services required for fulfilling the contractually defined obligations. These significant estimates include total contract costs, total contract revenue, contract risks, including technical, political and regulatory risks, and other judgement. The Company re-assesses these estimates on periodic basis and makes appropriate revisions accordingly.

Determining method to estimate variable consideration and assessing the constraint

Before including any amount of variable consideration in the transaction price, the Company considers whether the amount of variable consideration is constrained. The Company determined that the estimates of variable consideration are not constrained based on its historical experience, business forecast and the current economic conditions. In addition, the uncertainty on the variable consideration will be resolved within a short time frame.

Other Significant Accounting judgements, estimates and assumptions

Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

Significant management judgment is required to determine the amount of deferred tax assets (including MAT credit) that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Employee benefit plans

The cost of defined benefit gratuity plan and other post-employment benefits are determined using actuarial valuations.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 50.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flows (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of financial assets

The impairment provision for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of subsidiaries and associates

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable

market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget generally covering a period of the concession agreements using long terms growth rates and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. Further, the Company considers favorable arbitration awards towards its claim from various authorities in the impairment assessment of subsidiaries and associates on the basis of probability assessment.

Allowance for uncollectible trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

Litigations and Contingencies – Refer Note 16 above

25. Changes in Ind AS and related pronouncements effective at a future date

A. New and Amended standards.

The Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated 31 March 2023 to amend the following Ind AS which are effective for annual periods beginning on or after 1 April 2023. The Company applied for the first-time these amendments.

i. Disclosure of Accounting Policies - Amendments to Ind AS 1

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

ii. Definition of Accounting Estimates - Amendments to Ind AS 8

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company's financial statements.

iii. Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12.

The amendments narrow the scope of the initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The Company previously recognised for deferred tax on leases on a net basis. As a result of these amendments, the Company has recognised a separate deferred tax asset in relation to its lease liabilities and a deferred tax liability in relation to its right-of-use assets. Since, these balances qualify for offset as per the requirements of paragraph 74 of Ind AS 12, there is no impact in the balance sheet.

Apart from these, consequential amendments and editorials have been made to other Ind AS like Ind AS 101, Ind AS 102, Ind AS 103, Ind AS 107, Ind AS 109, Ind AS 115 and Ind AS 34.

B. Standards notified but not yet effective.

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. There are no standards that have been issued but not yet effective.

- Trade receivables are non interest bearing and are generally on terms of 30 to 90 days in case if sale of products and in case of long term construction contracts, payment is generally due upon completion of milestone as per terms on contract.
- The Company applies the expected credit loss (ECL) model for measurement and recognition of impairment losses on trade receivables and contract assets. The Company follows the simplified approach for recognition of impairment allowance on trade receivables and contract assets. The application of the simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized in the Statement of Profit and Loss. The amount is reflected under the head "Other expenses" in the Statement of Profit and Loss.

Nature and purpose of Reserves

Securities Premium :

Securities Premium is used to record the premium on issue of shares and utilised in accordance with the provisions of the Companies Act, 2013.

General Reserve :

General Reserve is used from time to time to transfer profits from Retained Earnings for appropriation purposes. As the General Reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in General Reserve will not be reclassified subsequently to Statement of Profit and Loss.

Retained Earning : Retained Earnings are the profits of the Company earned till date net of appropriation

Valuation technique used to determine fair value:

- This level includes those financial instruments which are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.
- This level includes financial assets and liabilities measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Note: All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy described as above, based on the lowest level input that is significant to the fair value measurement as a whole.

Note 47 : Financial risk management objectives and policies

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Note 62A :

Disclosures of loan given which are repayable on demand and perpetual debt.

(₹ In Lakhs)

Particulars	As at 31-Mar-24	As at 31-Mar-23
Aggregate amount of loans given during the year to subsidiaries		
- Repayable on demand	30,989.71	37,151.44
- Perpetual debt (at the discretion of the borrowers)	11,154.00	7,331.00
Percentage of above loans to the total loans outstanding	24.45%	24.45%

Note 63: Ashoka Concessions Limited (ACL), a subsidiary company, had issued Compulsorily Convertible Debentures (CCD) to its investors and to the Company (Parent) which has been classified as equity instrument in the separate financial statements of ACL. The Company has agreed additional terms with the investors and assumed obligations towards investors which would be settled through the some portion of equity shares to be received from ACL on conversion of CCDs held by parent Company. Accordingly the said obligations has been recognised at its fair value as at March 31, 2024 amounting to ` 37,200 Lakhs (March 31, 2023 – ` 38,400 Lakhs).

Note 64: Exceptional items:

- a) During the year ended March 31, 2024, pursuant to compliance with the conditions precedent in the share purchase agreement ('SPA') entered into with Mahanagar Gas Limited ('MGL'), the Company has sold its investment in Unison Enviro Private Limited ('UEPL'), a subsidiary of the Company to MGL for a consideration of ` 28,666.71 lakhs. Accordingly, the Company has recognised the gain on sale of investment of ` 21,663.93 lakhs in the statement of profit and loss.
- b) During the previous year, the Company had recorded reversal of impairment on its investment in ACL and reversal of obligation towards investor in ACL amounting to ` 36,718.14 lakhs due to increase in valuation of ACL mainly on account of increased cash flow in its Hybrid Annuity Model projects consequent to increase in interest receivable on annuity payments. Further the Company had recorded impairment on loans given to certain subsidiaries amounting to ` 1,803.03 lakhs. "

Note 65: Assets Held for Sale :

- i) The Company and its subsidiary Ashoka Concessions Limited ('ACL') are at advanced stage in respect of divestment of their entire stake in certain subsidiaries engaged in construction and operation of Road Projects on Hybrid Annuity Mode (HAM) basis awarded by National Highway Authority of India ('NHAI'). Considering, high probability of the sale getting completed as per Ind AS 105 - Non-current Assets Held for Sale and Discontinued Operations, the investments made, loans given to these subsidiaries (completed projects) and related current assets/liabilities continued to be classified as held for sale.
- ii) During the year, the Company has acquired the remaining 50% equity stake in GVR Ashoka Chennai ORR Limited ('CORR', erstwhile joint venture of the Company) from the other joint venturer for a consideration of ` 18,500 lakhs. The Company has obtained control over CORR on the acquisition date (i.e on March 15, 2024). On acquisition of control, Company is progressively proceeding on divestment of its 100% stake in CORR and considering the high probability of the sale getting completed as per Ind AS 105, the investments made, loans given and related current assets/liabilities continued to be classified as held for sale."

Note 66: Build Operate Transfer Assets

In addition to Note no 65 (i) with respect to the ACL's stake in five of its wholly owned subsidiaries which are engaged in construction and operation of Road Projects on Build Operate Transfer (BOT) basis (referred to as 'BOT assets') and a subsidiary of the Company, in view of the management experience in disposal of these assets since classification as 'held for sale', time taken for approvals to be received from authorities and lenders, expiry of long stop date of share purchase agreement for the subsidiary company, and considering that the exclusivity clause in the term sheet signed with the potential investors for BOT assets have expired on March 31, 2024, management has reassessed the 'held for sale' criteria under Ind AS 105 and has ceased this classification for the purpose of the financial results. Accordingly, the Company has accounted for this change in accordance with Ind AS 105 and the financial results of the previous periods presented have been reclassified / re-presented including deferred tax adjustments. However, ACL and the Company continues to pursue the process for disposal of its stake in these subsidiaries.

Note 67: The Code on Social Security, 2020

The Code on Social Security 2020 ('Code') has been notified in the Official Gazette on 29th September, 2020. The Code is not yet effective and related rules are yet to be notified. Impact if any of the change will be assessed and recognized in the period in which said Code becomes effective and the rules framed thereunder are notified.

Independent Auditor's Report

To the Members of Ashoka Buildcon Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Ashoka Buildcon Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") its associates and joint ventures comprising of the consolidated Balance sheet as at March 31 2024, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and joint ventures, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and joint ventures as at March 31, 2024, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, associates and joint ventures in accordance with the

'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 61 to the accompanying consolidated financial statement, regarding an ongoing investigation by a law enforcement agency, in respect of a matter involving inter-alia the Company, pending final outcome of which no adjustments have been made to the consolidated financial statements. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue recognition for construction contracts (as described in Note 42 and 69 of the consolidated financial statements)	
The Group's significant portion of business is undertaken through construction contracts where revenue is recognized over the period of time in accordance with the requirements of Ind AS 115 – 'Revenue from Contracts with Customers' by applying the percentage of completion (input method) on the contract/order value. The percentage of completion is determined based on proportion of contract costs incurred to date compared to estimated total contract costs, which amongst other things, involves estimates to determine these costs, identification of contractual obligations and the Group's rights to receive payments for performance completed till date, changes in scope and other matters that result in revisions to contract / order value, recognition of the liability for loss making contracts, contingencies etc.	Our audit procedures included, amongst others, the following: <ul style="list-style-type: none"> ▶ Read the Group's revenue recognition accounting policies and assessed compliance of the policies in accordance with Ind AS 115; ▶ Obtained an understanding of the process of revenue recognition and accounting for contract costs including the design of related controls and performed procedures to test the operating effectiveness of these controls;

Key audit matters	How our audit addressed the key audit matter
<p>Considering above estimates, revenue recognition for construction contracts has been considered as a key audit matter.</p>	<ul style="list-style-type: none"> ▶ For projects selected on a sample basis, we performed substantive procedures with respect to order value and cost to come estimates considered by the Group by review of underlying contractual provisions, testing of actual costs incurred, testing of purchase orders executed for committed costs, review of the project progress reports prepared by the management, review of significant changes to total costs as compared to the budgets, review of project correspondences for change in scope, price revisions etc which form the basis of revenue recognition under the input method; ▶ Performed analytical procedures on the project wise revenue recognition file prepared by the management including review of balances lying in the unbilled / unearned revenue accounts to assess whether management has appropriately considered required cost adjustments with reference to underlying relevant documents. ▶ Assessed the presentation and disclosure in the financial statements as per the requirements of Ind AS 115.
<p>Assessment of Classification and accounting for assets held for sale (as described in Note 41 of the consolidated financial statements)</p>

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon. The aforesaid report is expected to be made available to us after the date of the auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing

the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw

attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of 39 subsidiaries, whose financial statements include total assets of Rs 15,22,134.07 lakhs as at March 31, 2024, and total revenues of Rs 3,30,800.78 lakhs and net cash inflows of Rs 18,448.68 lakhs for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated financial statements also include the Group's share of net profit of Rs. 26.11 lakhs for the year ended March 31, 2024, as considered in the consolidated financial statements, in respect of 1 associate and 3 joint ventures, whose financial statements, other financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on the report(s) of such other auditors.
- (b) The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of 2 subsidiaries, whose financial statements and other financial information reflect total assets of Rs 157.62 lakhs as at March 31, 2024, and total revenues of Rs 22,645.90 lakhs and net cash inflows of Rs 967.98 lakhs for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. The consolidated financial statements also include the Group's share of net loss of Rs. 1,818.17 lakhs for the year ended March 31, 2024, as considered in the consolidated financial statements, in respect of 1 associate and 2 joint ventures, whose financial statements, other financial information have not been audited and whose unaudited financial statements, other unaudited financial information have been furnished to us by the Management. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries, joint venture and associate, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, joint venture and associate, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements

below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, associate companies and joint ventures companies, incorporated in India, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.

Annexure 2 to the Independent Auditor's Report of even date on the Consolidated Financial Statements of Ashoka Buildcon Limited

Report on the Internal Financial Controls under Clause (I) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Ashoka Buildcon Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and joint ventures, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, its associates and joint ventures, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI).

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial

statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of the consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may

occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, its associates and joint ventures, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to 37 subsidiaries and 1 associate which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries and associate incorporated in India.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

01: MATERIAL ACCOUNTING POLICIES

A. Corporate Information

The consolidated financial statements comprise financial statements of Ashoka Buildcon Limited (the Company / Holding Company) and its subsidiaries (collectively, the Group), its associates and joint ventures for the year ended March 31, 2024.

The list of subsidiaries considered for the preparation of the consolidated financial statements are mentioned in Note 63 to the Consolidated Financial Statements.

Ashoka Buildcon Limited is a public limited company domiciled in India and incorporated on May 13, 1993 under the provision of Companies Act, 1956. The registered office of Company is located at Ashoka House, Ashoka Marg, Wadala road, Nashik, Maharashtra - 422011. Shares of the Company are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE).

The Group is presently engaged in the business of construction of infrastructure facilities on Engineering, Procurement and Construction Basis (EPC) and Built, Operate and Transfer (BOT) Basis and Sale of Ready Mix Concrete. The Group has promoted Special Purpose Vehicles (SPVs) for some of its projects, wherein 'Toll Collection Rights' are received in exchange of the Construction Cost. For this, the SPVs significantly engage the services of the Company for contract related activities due to inherent execution capabilities / expertise and experience of the Company. The Company also has branches in certain locations outside India (Guyana, Benine etc.) to execute various EPC projects.

The consolidated financial statements were approved for issue by the Board of Directors on May 22, 2024.

B. Summary of Material Accounting Policies

a) Basis of preparation

The consolidated financial statements ('financial statements') have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended read with Section 133 of the Companies Act, 2013 (as amended from time to time). During the year, the Group has adopted amendments to the said Schedule III. The application of these amendments do not impact recognition and measurement in financial statements. However, it has resulted in additional disclosures which are given under various notes in the financial statements.

These financial statements include Balance sheet, Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash flows and notes,

comprising a summary of significant accounting policies and other explanatory information and comparative information in respect of the preceding period.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative financial instruments,
- Certain other financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments).

b) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company, its subsidiaries, associates and joints venture as at March 31, 2024. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

In certain subsidiaries, the shareholders have entered into an agreement to subscribe to the equity shares of those subsidiaries in a predetermined ratio. As a result, the Company's share of Net Worth in these subsidiaries which was in excess of its investment is added to "NCI Reserve" under Reserves and Surplus.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31, 2024.

Consolidation Procedure:

- Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- The Build, Operate and Transfer (BOT) contracts are governed by service concession agreements

with government authorities (grantors). These contracts are executed through special purpose vehicles (SPV) incorporated for this purpose. Under these agreements, the SPV's (operator) does not own the road but gets "Toll Collection Rights" or "Receivable under service concession arrangements" against Construction Services rendered. As per the principles of Appendix C – "Service Concession Arrangements" to Ind AS 115, such rights have been recognized as either intangible assets or financial assets in the financial statements of the SPV basis type of rights gets. Since the construction revenue earned by the operator is considered as exchanged with the grantor against toll collection rights, profit from such contracts is considered as realized. Accordingly, where work are sub-contracted to the Parent and/or fellow subsidiaries/ associates the intra group transactions pertaining to the BOT contracts and the profits thereon are taken as realized and not eliminated.

- Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned, directly or indirectly, by the holding company.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

c) Summary of Material Accounting Policies

1. Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Business combinations arising from transfers of interests in entities that are under the common control are accounted at pooling of interest method. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

Goodwill on consolidation as on the date of transition represents the excess of cost of acquisition at each point of time of making the investment in the subsidiary over the Group's share in the net worth of a subsidiary. For this purpose, the Group's share of net worth is determined on the basis of the latest financial statements, prior to the acquisition, after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. Capital reserve on consolidation represents excess of the Group's share in the net worth of a subsidiary over the cost of acquisition at each point of time of making the investment in the subsidiary. Goodwill arising on consolidation is not amortised, however, it is tested for impairment annually. In the event of cessation of operations of a subsidiary, the unimpaired goodwill is written off fully.

2. Investment in associates and joint ventures

An associate is an entity over which the group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries. The Group's investments in its joint venture is accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. If an entity's share of losses of the joint venture equals or exceeds its interest in the joint venture, the entity discontinues recognizing its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture. If the joint venture subsequently reports profits, the entity resumes recognizing its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of a joint venture is shown on the face of the statement of profit and loss.

The financial statements of the joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group. After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in the joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognises the loss as 'Share of profit of joint venture' in the statement of profit or loss.

3. Presentation of consolidated financial statements

The consolidated financial statements of the Group (except for Statement of Cash Flow) are prepared and presented in the format prescribed in Division II – Ind AS Schedule III ("Schedule III") to the Companies Act, 2013. During the year, the Group has adopted amendments to the said Schedule III. The application of these amendments do not impact recognition and measurement in financial statements. However, it has resulted in additional disclosures which are given under various notes in the financial statements.

The Statement of Cash Flow has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows".

Amounts in the financial statements are presented in INR (Indian National Rupees) lakhs as per the requirements of Schedule III. "Per share" data is presented in INR upto two decimals places.

4. Current versus Non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating Cycle

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

5. Fair Value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities that entity can access at measurement date;
- Level 2 inputs are inputs, other than quoted prices included in Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

6. Foreign Currency

• Functional and presentation currency

The financial statements of the Group are presented using Indian National Rupee (₹), which is also our functional currency i.e. currency of the primary economic environment in which the Group operates.

• Transactions and balances

Foreign currency transactions are translated into the respective functional currency using the exchange

rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in profit or loss.

7. Property, Plant and Equipment (PPE)

PPE is recognized when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All items of PPE are stated at cost net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment. Cost includes expenditure that is directly attributable to the acquisition and installation of such assets if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred.

Items such as spare parts and servicing equipment are recognised as PPE if they meet the definition of property, plant and equipment and are expected to be used for more than one year. All other items of spares and servicing equipment's are classified as item of Inventories.

PPE not ready for the intended use on the date of the Balance Sheet is disclosed as "Capital Work-In-Progress" and carried at cost, comprising of directly attributable costs and related incidental expenses.

Decommissioning cost, if any, on Property Plant and Equipment are estimated at their present value and capitalized as part of such assets.

An item of Property, plant and equipments is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipments is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Depreciation methods, estimated useful lives and residual value

Depreciation has been provided on the written down value method, as per the useful lives specified in schedule II to the Companies Act, 2013, or in the case of assets where the useful life was determined by technical evaluation

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

carried out by the management's expert, in order to reflect the actual usage of the assets. The asset's useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period. The useful lives of PPE are as under:

Type of Asset with Useful Life

Sr. No.	Category of assets	Sub-category of assets	Useful life as per schedule II	Useful life adopted by the Group	Useful life adopted by the Group for Overseas Projects
1	Plant and equipment	Concreting, Crushing, Pilling Equipment & Road Making Equipment	12	10	7
		Cranes with capacity of Less than 100 Tonne	15	15	7
		Cranes with capacity of Less than 60 Tonne	9	9	3
		Material Handling/ Pipeline/Welding	12	9	3
		Earth Moving equipment	9	9	3
		Mother Compressor, Online & booster compressor	12	10	-
		Plant & Machinery other than Compressors and Pipeline (CGS, Dispensers, Skids, Firefighting equipment)	15	15	-
		Cascades	20	20	-
		Pipeline (MDPE and Steel)	25	25	-
2	Office and equipment	Office and equipment	5	5	3
3	Computers and data processing equipment	End user devices	3	3	3
		Server	6	3	3
4	Furniture and Fixture / Signages	Furniture and Fixture / Signages	10	10	7

Sr. No.	Category of assets	Sub-category of assets	Useful life as per schedule II	Useful life adopted by the Group	Useful life adopted by the Group for Overseas Projects
5	Vehicle	Motor buses, motor lorries and motor cars other than those used in a business of running them on hire	8	8	5
		Motor cycles, scooter and other mopeds	10	10	3
6	Buildings	Buildings other than factory building	60	60	50
		Temporary/Portable structure	3	3	2
7	General Laboratory Equipment		10	3	2
8	Plant & Equipment	Centering materials are depreciated on a Straight-Line Basis over Useful life which has been defined as Four Years			

The Group, based on assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

8. Intangible assets

- a. Intangible Assets Under Service concession Arrangements (Appendix A of "Ind AS 115 – Revenue from Contracts with Customers)

In respect of Public to Private Arrangements (PPA), on a Built-Operate-Transfer (BOT) basis, Intangible Assets i.e. Right to collect toll/tariff are recognised when the Group has been granted rights to charge a toll/tariff from the users of such public services and such rights do not confer an unconditional right on the Group to receive cash or another Financial Asset and when it is probable that future economic benefits associated with the rights will flow to the Group and the cost of the asset can be measured reliably.

The Group constructs or upgrades infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

of time. These arrangements may include infrastructure used in a public-to-private service concession arrangement for its entire useful life.

Under the Concession Agreements, where the Group has received the right to charge users of the public service, such rights are recognised and classified as “Intangible Assets” in accordance with Appendix C-‘Service Concession Arrangements’ of Ind AS 115-‘Revenue from Contracts with Customers’. Such right is not an unconditional right to receive consideration because the amounts are contingent to the extent that the public uses the service. The asset is recognised by the Group at cost (which is the fair value of the consideration received or receivable for the construction services delivered) and is capitalized when the project is complete in all respects and when the subsidiary companies receives the completion certificate from the authority as specified in the Concession Agreement.

An asset carried under concession arrangements is derecognized on disposal or when no future economic benefits are expected from its future use or disposal.

Service Concession Arrangements that meet the definition of an Intangible Asset are recognised at cumulative construction cost, including related margins. Till completion of construction of the project, such arrangements are recognised as “Intangible Assets Under Development” and are recognised at cumulative construction cost, including related margins.

b. Premium Capitalization

Under some of the concession agreements, the Group has contractual obligation to pay premium (concession fees) to National Highway Authority of India (“NHAI”), Grantor, over the concession period. Such obligation has been recognised on a discounted basis as ‘Intangible assets – License to Toll Collection’ and corresponding obligation for committed premium is recognised as liabilities.

c. Other Intangible assets

Intangible assets are recognized when it is probable that future economic benefits attributable to the assets will flow to the Group and the cost of the asset can be measured reliably. Such Intangible Assets acquired by the Group are measured at cost less accumulated amortisation and any accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition and installation of such assets.

Amortisation

The intangible rights which are recognised in the form of right to charge users of the infrastructure asset are amortized by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets i.e. proportionate of actual revenue earned for the year over Total Projected Revenue from the Intangible assets expected to be earned over the balance concession period as estimated by the management.

As required, total Projected Revenue reviewed by the management at the end of each financial year and accordingly, the total projected revenue is adjusted to reflect any changes in the estimates which lead to the actual collection at the end of the concession period.

Right to collect tariff on Hydro project is amortised on a Straight-Line basis over the concession period.

Amortisation on Software has been provided on the written down value method, as per the useful lives specified in Schedule II to the Companies Act, 2013.

S. No.	Category of assets	Sub-category of assets	Useful life as per Schedule II	Useful life adopted by the company
1.	Software	Server and Network - SAP	6	6
2.	Right to collect Toll / Tariff	Right to collect Toll / Tariff	As per concession period	

9. Investment Properties

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and impairment losses, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

The group, based on technical assessment made by management, depreciates the building over estimated useful lives of 60 years. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

Investment property under construction

Investment property under construction represents expenditure incurred in respect of capital projects and are carried at cost. Cost includes land, related acquisition expenses, development/ construction costs, borrowing costs and other direct expenditure.

10. Impairment of Non-Financial Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount and the impairment loss is recognized in the Statement of Profit and Loss. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assumptions of the time value of money and the risks specified to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

A previously recognised impairment loss, if any, is reversed when there is an indication of reversal, however, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation / amortisation if there was no impairment.

11. Non-current assets held for sale

The Group classifies non-current assets and disposal groups as 'Held For Sale' if their carrying amounts will be recovered principally through a sale rather than through continuing use and sale is highly probable i.e. actions required to complete the sale indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. This condition is regarded as met only when the assets as disposal group is available for immediate sale in its present condition; subject only to terms that are usual and customary for sale of asset as disposal group and highly probable.

Management must be committed to the sale which should be expected to qualify for recognition as a complete sale within one year from the date of classification. As at each balance sheet date, the management reviews the appropriateness of such classification.

Non-current assets held for sale and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

12. Financial instruments

Initial Recognition

Financial instruments i.e. Financial Assets and Financial Liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial instruments are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial instruments (other than financial instruments at fair value through profit or loss) are added to or deducted from the fair value of the financial instruments, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial instruments assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

Financial Assets

Subsequent Measurement

All recognised financial assets excluding trade receivable, are subsequently measured at amortized cost using effective interest method except for financial assets carried at fair value through Profit and Loss (FVTPL) or fair value through Other Comprehensive Income (FVOCI). Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies of revenue from contracts with customers.

- Equity investments in Subsidiaries and Joint Venture

The Group accounts for the investment in subsidiaries and joint ventures and other equity investments in subsidiary companies at cost in accordance with Ind AS 27 - 'Separate Financial Statements'.

Investment in Compulsory Convertible Debentures of subsidiary company is treated as equity investments, since they are convertible into fixed number of equity shares of subsidiary.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Investments in debt instruments issued by subsidiary company are classified as “Other Equity Investments” if they meet the definition of equity.

Investment made by way of Financial guarantee contracts in subsidiary, associate and joint venture companies are initially recognised at fair value of the Guarantee. They are not re-measured subsequently.

- Equity investments (other than investments in subsidiaries and joint venture)

All equity investments falling within the scope of Ind-AS 109 are mandatorily measured at Fair Value through Profit and Loss (FVTPL) with all fair value changes recognized in the Statement of Profit and Loss.

The Group has an irrevocable option of designating certain equity instruments as FVOCI. Option of designating instruments as FVOCI is done on an instrument-by-instrument basis. The classification made on initial recognition is irrevocable.

Dividends are recognised as other income in the statement of profit and loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

If the Group decides to classify an equity instrument as FVOCI, then all fair value changes on the instrument are recognized in Statement of Other Comprehensive Income (SOI). Amounts from SOI are not subsequently transferred to profit and loss, even on sale of investment.

- Investments in preference shares

Investments in preference shares are classified as debt instruments and carried at Amortised cost if they are not convertible into equity instruments.

Investment in convertible preference shares of subsidiaries and Joint Venture companies are treated as equity instruments and carried at cost. Other Investment in convertible preference shares which are classified as equity instruments are mandatorily carried at FVTPL.

- Financial Assets Under Service Concession Arrangements (Appendix C of “Ind AS 115 – Revenue from Contracts with Customers)

The Group constructs or upgrades infrastructure (construction or upgrade services) used to provide

a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include infrastructure used in a public-to-private service concession arrangement for its entire useful life.

The Group recognises the considerations given by the grantor i.e. National Highway Authority of India (‘NHAI’) in accordance with Appendix C- ‘Service Concession Arrangements’ of Ind AS 115- ‘Revenue from Contracts with Customers’. The Group recognises a financial asset to the extent that it has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor of the contract for the construction services; the grantor has little, if any, discretion to avoid payment, usually because the agreement is enforceable by law.

- De-recognition

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired, or the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and with that a) the Group has transferred substantially all the risks and rewards of the asset, or b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

- Impairment of financial assets

The Group assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Group recognises lifetime expected losses for all trade receivables and/or contract assets that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Financial Liabilities

Classification

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Subsequent measurement

Loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR), except for financial liabilities at fair value through profit or loss. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. Amortisation arising on unwinding of the financial liabilities as per EIR is included as a part of Finance Costs in the Statement of Profit and Loss.

Financial liabilities recognised at FVTPL, including derivatives, are subsequently measured at fair value.

- Compound financial instruments

Compound financial instruments issued by the Group is an instrument which creates a financial liability on the issuer and which can be converted into fixed number of equity shares at the option of the holders.

Such instruments are initially recognised by separately accounting the liability and the equity components. The liability component is initially recognised at the fair value of a comparable liability that does not have an equity conversion option. The equity component is initially recognised as the difference between the fair value of the compound financial instrument as a whole and the fair value of the liability component. The directly attributable transaction costs are allocated to the liability and the equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the compound financial instrument is measured at amortised cost using the effective interest method. The equity component of a compound financial instrument is not re-measured subsequently.

- Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are initially recognised as a liability at fair value adjusted for transaction costs that are directly attributable to the issuance of the guarantee. The liability is subsequently measured at carrying amount less amortization or amount of loss allowance determined as per impairment requirements of Ind AS 109, whichever is higher. Amortisation is recognised as finance income in the Statement of Profit and Loss.

- De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

Re-classification of financial instruments

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets, such as equity instruments designated at FVTPL or FVOCI and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets.

13. Cash dividend and non-cash distribution to equity holders

The Group recognises a liability to make cash or non-cash distributions to its equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity. Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

Dividends paid/payable are recognised in the year in which the related dividends are approved by the Shareholders or Board of Directors as appropriate.

14. Earnings per share

The Group's Earnings per Share ('EPS') is determined based on the net profit attributable to the shareholders' of the Group.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Basic earnings per share is calculated by dividing the profit from continuing operations and total profit, both attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed using the weighted average number of common and dilutive shares outstanding during the year including share based payments, except where the result would be anti-dilutive.

15. Revenue recognition

A) Revenue

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements, except for the agency services below, because it typically controls the goods or services before transferring them to the customer.

- **Revenue Recognition under Service Concession Arrangements.**

In case of entities involved in construction and maintenance of Roads, revenue is recognised in line with Appendix C to Ind AS 115 – Revenue from Contracts with Customers. The revenue is recognized in the period of collection which generally coincide as and when the traffic passes through toll plazas.

- **Revenue from construction contracts.**

Performance obligation in case of long - term construction contracts satisfied over a period of time, since the Group creates an asset that the customer controls as the asset is created and the Group has an enforceable right to payment for performance completed to date if it meets the agreed specifications.

Revenue from long term construction contracts, where the outcome can be estimated reliably and 5% of the project cost is incurred, is recognized under the percentage of completion method by reference to the stage of completion of the contract activity.

The stage of completion is measured by input method i.e. the proportion that costs incurred to date bear to the estimated total costs of a contract. The percentage-of-completion method (an input method) is the most faithful depiction of the Group's performance because it directly measures the value of the services transferred to the customer.

The total costs of contracts are estimated based on technical and other estimates. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss. Contract revenue earned in excess of billing is reflected under as "contract asset" and billing in excess of contract revenue is reflected under "contract liabilities".

Revenue billings are done based on milestone completion basis or Go-live of project basis.

Retention money receivable from project customers does not contain any significant financing element; these are retained for satisfactory performance of contract.

In case of long - term construction contracts payment is generally due upon completion of milestone as per terms of contract. In certain contracts, short-term advances are received before the performance obligation is satisfied.

The major component of contract estimate is "budgeted cost to complete the contract" and on assumption that contract price will not reduce vis-à-vis agreement values. While estimating the various assumptions are considered by management such as:

- Work will be executed in the manner expected so that the project is completed timely;
- Consumption norms will remain same;
- Cost escalation comprising of increase in cost to complete the project are considered as a part of budgeted cost to complete the project etc.

Due to technical complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- **Service contracts.**

For service contracts (including maintenance contracts) in which the Group has the right to consideration from the customer in an amount that corresponds directly with the value to the customer of the Group's performance completed to date, revenue is recognized when services are performed and contractually billable. For all other service contracts, the Group recognizes revenue over time using the cost-to-cost percentage-of-completion method. Service contracts that include multiple performance obligations are segmented between types of services. For contracts with multiple

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

performance obligations, the Group allocates the transaction price to each performance obligation using an estimate of the stand-alone selling price of each distinct service in the contract.

When it is probable that total contract costs will exceed total contract revenue, expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

- **Variable consideration.**

The nature of the Group's contracts gives rise to several types of variable consideration, including claims and unpriced change orders; award and incentive fees; change in law; and liquidated damages and penalties. The Group recognizes revenue for variable consideration when it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur. The Group estimates the amount of revenue to be recognized on variable consideration using the expected value (i.e., the sum of a probability-weighted amount) or the most likely amount method, whichever is expected to better predict the amount.

The Group's claim for extra work, incentives and escalation in rates relating to execution of contracts are recognized as revenue in the year in which said claims are finally accepted by the clients. Claims under arbitration/disputes are accounted as income based on final award. Expenses on arbitration are accounted as incurred. Claims – are recognized on its approval from client/authority/court decision or its surety of receipt. (not on assessment)

Before including any amount of variable consideration in the transaction price, the Group considers whether the amount of variable consideration is constrained. The Group determined that the estimates of variable consideration are not constrained based on its historical experience, business forecast and the current economic conditions. In addition, the uncertainty on the variable consideration will be resolved within a short time frame.

- **Warranties Obligation.**

The Group provides for contractual obligations to periodically service, repair or rectify any defective work during the defect liability period as well as towards contractual obligations to restore the

infrastructure at periodic intervals. Provisions are measured based on management's estimate required to settle the obligation at the balance sheet date and are discounted using a rate that reflects the time value of money. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost. The same is reviewed at each balance sheet date and adjustments if any to the carrying amount is provided for accordingly.

In case of service concession arrangement classified as financial assets, expenses recognized in the period in which such costs are actually incurred.

- **Annuity Income under Service Concession Arrangements**

Revenue from annuity based projects is recognised in the Statement of Profit and Loss over the concession period of the respective projects based on the implicit rate of return embedded in the projected cash flows. Such income is duly adjusted for any variation in the amount and timing of the cash flows in the period in which such variation occurs.

- **Revenue from Sale of goods and other materials.**

Revenue from sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The normal credit term is 30 to 90 days upon delivery.

Revenue from scrap sales and other ancillary sales is recognised when the control over the goods is transferred to the customers.

Interest income is recognized on a time proportion basis, by reference to the principal outstanding and the applicable EIR.

Dividend is recognised when the Group's right to receive the payment is established.

- **Sale of real estate units**

Revenue is recognised when the group satisfies the performance obligation of transferring a promised good or service to its customers. A good or service is considered to be transferred when or as the customer obtains control over it. Revenue is recognised for an amount that reflects the consideration which the Group expects to receive in exchange for those products or services, except in case of variable consideration which reassess at each reporting date.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

In case of sale of development rights, sale of land etc. performance obligation is considered to be satisfied at the time of transfer of property and execution of necessary deeds. Accordingly, sale is recognised at a point in time.

Revenue is measured based on the transaction price, which is the consideration, adjusted for price variation, if any, as specified in the contract with the customer. Further, in case the amount of consideration is highly susceptible to factors outside the Companies' influence & if is the amount of consideration is uncertain for a longer time period, being variable consideration, the revenue is considered to be the carrying amount of asset transferred & balance consideration is reassess at each reporting date on the basis of which revenue is measured.

In accordance with Ind AS 37, the group recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Group enters into a transaction with a joint operation in which it is a joint operator, such as a sale or contribution of assets, it is conducting the transaction with the other parties to the joint operation and, as such, the Group recognise gains and losses resulting from such a transaction only to the extent of the Companies' interests in the joint operation when the good or service is considered to be transferred or as the customer obtains control over it.

Revenue for such arrangements is measured based on the transaction price, which is the consideration of share in the joint operation as specified in the contract with the customer.

- **Profit from Partnership firms and AOP's**

The share in profit in Partnership firms and AOP's shall be recognised as income in the statement of profit and loss as and when the right to receive its profit share is established.

B) Contract Balances

Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the

Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract assets represent revenue recognized in excess of amounts billed and include unbilled receivables. Unbilled receivables, which represent an unconditional right to payment subject only to the passage of time, are reclassified to accounts receivable when they are billed under the terms of the contract.

Trade Receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in Financial Instruments.

Receivable under Service Concession Arrangements

The group constructs or upgrades infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include infrastructure used in a public-to-private service concession arrangement for its entire useful life.

The group recognises the considerations given by the grantor or other government bodies in accordance with Appendix C- 'Service Concession Arrangements' of Ind AS 115- 'Revenue from Contracts with Customers'. The group recognises a financial asset to the extent that it has an unconditional contractual right to receive cash. As per Service Concession Arrangement the financial assets needs to be recognised in accordance with Ind AS 109. Ind AS 109 requires a financial asset to be measured at its fair value and any difference between the initial measurement of the financial asset in accordance with Ind AS 109 and the contract asset recognised under Ind AS 115 to be presented as an expense.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made, or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Contract liabilities includes unearned revenue which represent amounts billed to clients in excess of revenue recognized to date and advances received from customers. For contracts where progress billing exceeds, the aggregate of contract costs incurred to date plus recognised profits (or minus recognised losses, as the case may be), the surplus is shown as contract liability and termed as unearned revenue. Amounts received before the related work is performed are disclosed in the balance sheet as contract liability and termed as advances received from customers.

16. Inventories

Inventory of Raw Materials, Stores and spares and land are valued at cost or net realizable value whichever is lower. Cost includes all non-refundable taxes and expenses incurred to bring the inventory to present location. Cost is determined using weighted average method of valuation.

For all used items are valued at 10% value of the purchase price or its realizable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

17. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

- **Borrowing cost under Service Concession Arrangements**

Borrowing costs attributable to the construction of qualifying assets under service concession arrangement classified as intangible asset, are capitalised to the date of its intended use.

Borrowing costs attributable to concession arrangement classified as financial assets are charged to Statement of Profit and Loss in the period in which such costs are incurred.

- Other borrowing costs are charged to Statement of Profit and Loss in the period in which they are incurred.

18. Provisions & Contingencies

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events

for which it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated as at the balance sheet date. Provisions are measured based on management's estimate required to settle the obligation at the balance sheet date and are discounted using a rate that reflects the time value of money. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Other Litigation claims

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

Onerous contracts

A provision for onerous contracts is measured at the present value of the lower expected costs of terminating the contract and the expected cost of continuing with the contract. Before a provision is established, the Group recognises impairment on the assets with the contract.

Contingencies

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but will probably not, require an outflow of resources. Information on contingent liabilities is disclosed in the notes to financial statements unless the possibility of an outflow of resources embodying economic benefit is remote.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

19. Provision for Defect Liability Period (DLP) / Resurfacing obligations

The Group provides for contractual obligations to periodically service, repair or rectify any defective work during the defect liability period as well as towards contractual obligations to restore the infrastructure at periodic intervals. Provisions are measured based on management's estimate required to settle the obligation at the balance sheet date and are discounted using a rate that reflects the time value of money. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. The same is reviewed at each balance sheet date and adjustments if any to the carrying amount is provided for accordingly.

In case of service concession arrangements classified as financial assets, expenses recognised in the period in which such costs are actually incurred.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

20. Leases

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i. Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis from the commencement date to the end of lease term.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies of Impairment of non-financial assets.

ii. Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

iii. Short term leases and leases of low value of assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment. It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee.

21. Taxes

Income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate and changes in deferred tax assets and liabilities attributable to temporary differences. The current income tax charge is calculated in accordance with the provisions of the Income Tax Act 1961.

Tax expense comprises current tax expense and deferred tax.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted at the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences and brought forward losses only if it is probable that future taxable profit will be available to realize the temporary differences, excluding exceptions cases.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

22. Employee benefits

a. Short-term obligations

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits. These are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b. Post-employment obligations i.e.

- Defined benefit plans and
- Defined contribution plans.

Defined benefit plans:

The employees' gratuity fund scheme, managed by Life Insurance Corporation (LIC) is a defined benefit plan. The present value of obligation is determined based on actuarial valuation carried out as at the end of each financial year using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yield on government securities, of a maturity period equivalent

to the weighted average maturity profile of the related obligations at the Balance Sheet date.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in the statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined contribution plans:

The Group's contribution to provident fund, employee state insurance scheme, superannuation fund and National Pension Scheme (NPS) are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employee.

c. Other long term employee benefits

The Groups net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted.

The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurements gains or losses are recognised in profit or loss in the period in which they arise.

23. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

24. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker, who regularly monitors and reviews the operating result for following operating segments of the Group:

- i. "Construction & Contract Related Activity", includes Engineering, Procurement and Construction activity of infra projects;
- ii. "Built, Operate and Transfer (BOT)" includes Annuity to develop infra developer under BOT & Annuity
- iii. "Sale of Goods" consist mainly Sale of construction material which includes RMC and Real estate

The Company prepares its segment information in conformity with the accounting policies adopted for

preparing and presenting the financial statements of the Company as a whole.

Allocation of common costs - Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Inter-segment transfers - Inter-segment revenue has been accounted for based on the transaction price agreed to between segments which is based on current market prices.

Unallocated items - Revenue, expenses, assets, and liabilities which relate to the Company as a whole and not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

- Trade receivables are non interest bearing and are generally on terms of 30 to 90 days in case if sale of products and in case of long term construction contracts, payment is generally due upon completion of milestone as per terms on contract.
- The Company applies the expected credit loss (ECL) model for measurement and recognition of impairment losses on trade receivables and contract assets. The Company follows the simplified approach for recognition of impairment allowance on trade receivables and contract assets. The application of the simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment allowance based on lifetime ECLs at each reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized in the Statement of Profit and Loss. The amount is reflected under the head "Other expenses" in the Statement of Profit and Loss.
- Movement in Allowance for expected credit loss on trade receivables (non current and current) and contract assets (Refer Note 53)

- a Ashoka DSC Katni Bypass Road Limited :** In case of one of the subsidiary company i.e. Ashoka DSC Katni Bypass Road Limited (ADSKL), is an infrastructure developer cum operator for the infrastructure facility of Katni Bypass Road, on BOT (toll) basis. In pursuance to the Concession Agreement entered into with the Ministry of Road Transport & Highways (MORTH), ADSCKL was allowed to collect toll up to 16.09.2014, by issue of Notification dt. 22.02.2008. However, on account of various claims against MORTH, in relation to the project of Katni Bypass Road Project, decided in favour of ADSCKL by the Arbitral Tribunal, the Delhi High Court passed an interim Order on 12.09.2014, with respect to one of the claim amounts, being against Claim No. 3, permitting assessee to collect toll up to 22.02.2020, subject to certain terms & conditions (including the requirement relating to keeping of 50% of toll collection in FDR with the Bank, remaining in force till the Delhi High Court Order dt. 22.12.2017) & also subject to the decision of the Delhi High Court, on application by the MORTH u/s 34 of the Arbitration & Reconciliation Act. This toll collection period was further extended up to 18.03.2020, by the Order dt. 19.02.2020 of the Director General (Road Development) & SS, MORTH, to reimburse the loss arising on account of demonetization, subject to the decision on the said application u/s 34 of the Arbitration & Reconciliation Act. Thereafter, by the Order dt. 12.03.2020 r.w. the Order dt. 04.03.2020 of the Delhi High Court, ADSCKL was permitted to continue toll collection after 18.03.2020, with respect to another claim amount, being against Claim No. 1(c), subject to certain terms & conditions & subject to the decision on the said application u/ 34. Accordingly, the company collected tolls up to 17.08.2022.

Toll collection for the F.Y. 01.04.2023 to 31.03.2024 amounted to Nil & the interest on bank FDRs, made out of toll collection in compliance to the Delhi High Court Interim Order dt. 12.09.2014, amounted to ₹. 563.33 Lakhs, for the F.Y. 2023-24. In the financial accounts prepared by the ADSCKL, by applying the provisions of the IND AS, FDR income is not recognized as revenue for the year, since under the facts of the case, these items of revenue did not meet the criterion of high probability of significant reversal in the amount of revenue recognized will not occur when the uncertainty associated with the claim is subsequently resolved, as envisaged under IND AS 37. Accordingly, in accounts, such accumulated toll collection, post 16.09.2014 & the interest on connected FDRs, is consistently treated as liability & is disclosed in the ADSCKL's balance sheet after the reduction of FDRs made in pursuance to the Delhi High Court Order dt. 12.09.2014 & the reinvested amount of interest accrued thereon. The aggregate amount of such toll collection, as of 31.03.2024, amounted to ₹.15,957.55 lakhs, the aggregate amount of interest on connected FDRs amounted to ₹.3,732.85 lakhs & the corresponding FDRs made, inclusive of the reinvested amount of interest on such FDRs, amounted to ₹.10,000,87 Lakhs.

Toll Collection under disputes includes the amount of ₹ 2,457.23 Lakhs which ADSCKL has offered / agreed to pay to authority in conciliation proceeding out of total toll collection of ₹ 15,957.55 Lakhs. As the complete toll collection is shown as liability, this settlement amount is not booked separately as liability. The proposal given for settlement by the ADSCKL was not accepted by the Authority in conciliation proceeding and infact basis some non contractual working Authority has raised counter demand of ₹ 19,329 Lakhs. Currently matter is pending before High Court and the ADSCKL is also trying to resolve the matter by settlement amicable before appropriate authority of MORTH.

- b Ashoka Infraways Limited :** In Other similar case, i.e. Ashoka Infraways Limited (AIWL), which is another subsidiary company of the Group, AIWL has won arbitration award for various claims which has been disputed by the Public Works Department, Dewas before the District court of Dewas. Since the award is disputed, it is not recognised in books of accounts.

Further, in this matter, prior to the finalization of aforesaid award, the High Court of Madhya Pradesh had allowed the extension of 186 days to collect the toll to the subsidiary company. The said extension was expired in previous years, and is now merged with the aforesaid appeal of the Public Works Department, against the arbitration award before the District Court of Dewas. Since, the outcome of the said matter is still awaited, the amount comprising of Toll Revenue

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

₹1,215.26 Lakhs and interest ₹652.83 Lakhs on investment as at the balance sheet date is shown as liability and not recognised as an income and corresponding assets are reduced.

- c **Ashoka Infrastructure Limited** : In another similar case i.e. Ashoka Infrastructure Limited (AIL), which is another subsidiary of the group, the Toll collection has been discontinued at the directive of the Authority in AIL. AIL various claims which are pending before various Courts. 41 Disclosures of Assets and Liabilities Held for Sale

- (i) The Company and its subsidiary Ashoka Concessions Limited ('ACL') are at advanced stage in respect of divestment of their entire stake in certain subsidiaries, engaged in construction and operation of Road Projects on Hybrid Annuity Mode (HAM) basis awarded by National Highway Authority of India ('NHAI'). Considering, high probability of the sale getting completed as per Ind AS 105 - Non-current Assets Held for Sale and Discontinued Operations, the assets and liabilities of these subsidiaries (completed projects) continued to be classified as held for sale.
- (ii) During the year, the Company has acquired the remaining 50% equity stake in GVR Ashoka Chennai ORR Limited ('CORR', erstwhile joint venture of the Company) from the other joint venturer for a consideration of ₹ 18,500 lakhs and acquired control in CORR on the acquisition date (i.e. on March 15, 2024) in terms of Ind AS 103 – Business Combination. Pursuant to obtaining control, the Group has remeasured its previously held equity interest in CORR i.e. 50% at its acquisition-date fair value and recognised gain amounting to ₹ 4,391.50 lakhs in other income in the consolidated statement of profit and loss as per Ind AS 103 for the year ended March 31, 2024. Further, the Group has accounted the fair value of the assets acquired and liabilities assumed at the acquisition date and accordingly recognised capital reserve of ₹ 4,140.00 Lakhs directly in equity. On acquisition of control, Company is progressively proceeding on divestment of its 100% stake in CORR and considering the high probability of the sale getting completed as per Ind AS 105, the assets and liabilities of CORR are classified as held for sale.

Note No. 50 Capital Management

The primary objective of the Group's capital management is to maximise the shareholder value. For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Parent.

Debt is defined as long-term borrowings, current maturities of long-term borrowings, short-term borrowings and interest accrued thereon (excluding financial guarantee contracts) less Cash and Cash Equivalents.

Capital includes equity attributable to the equity holders to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value. The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements. To maintain or adjust the capital structure, the Parent may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the year ended March 31, 2024 and March 31, 2023.

Valuation technique used to determine fair value:

- This level includes those financial instruments which are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.
- This level includes financial assets and liabilities measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

Note: All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy described as above, based on the lowest level input that is significant to the fair value measurement as a whole.

Note No. 53 : Financial risk management objectives and policies

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework.

The Group has exposure to the following risks arising from financial instruments:

(A) Credit

(B) Liquidity

(C) Market

(A) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and loans and advances.

The Group's customer profile include public sector enterprises, state owned companies, group entities, individual and corporates customer. General payment terms include mobilisation advance, monthly progress payments with a credit period ranging from 45 to 90 days and certain retention money to be released at the end of the project. In some cases retentions are substituted with bank/corporate guarantees. The Group has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation.

Credit risk on trade receivables and unbilled work-in-progress is limited as the customers of the Group mainly consists of the government promoted entities having a strong credit worthiness. The provision matrix takes into account available external and internal credit risk factors such as companies historical experience for customers.

The exposure to credit risk for trade and other receivables by type of counterparty was as follows (excluding assets held for sale) :

Investments & Loan

Investments (other than investment in mutual funds) & Loan are with only group companies in relation to the project execution, hence the group believes exposure to credit risk to be minimal.

(B) Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of committed credit lines. Management regularly monitors the position of cash and cash equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities including debt financing plans and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

Maturities of financial liabilities noted in note no. 26, 27, 28, 29, 30, 35, and 37 is given below at undiscounted value :-

(C) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk:

1. Currency risk
2. Interest rate risk
3. Other price risk such as Commodity risk and Equity price risk.

1. Currency risk

The Group has balances in foreign currency and consequently the Group is exposed to foreign exchange risk. The Group evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

2. Interest Rate Risk

As infrastructure development and construction business is capital intensive, the Company is exposed to interest rate risks. The Company's infrastructure development and construction projects are funded to a large extent by debt and any increase in interest expense may have an adverse effect on our results of operations and financial condition. The Company current debt facilities carry interest at variable rates with the provision for periodic reset of interest rates. As of March 31, 2024, majority of the Company's indebtedness was subject to variable/fixed interest rates.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

The interest rate risk exposure is mainly from changes in floating interest rates. The interest rate are disclosed in the respective notes to the financial statement of the Company. The following table analysis the breakdown of the financial assets and liabilities by type of interest rate:

Note No.55 : Leases

Disclosures pursuant to Ind AS 116 "Leases"

The Group also applied the available practical expedients wherein it:

- Used a single discount rate to a portfolio of leases with reasonably similar characteristics.
- Relied on its assessment of whether leases are onerous immediately before the date of initial application.
- Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application.
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease.

The Group has lease contracts for various items of plant, machinery, land, building, vehicles and other equipment used in its operations. Leases of land generally have lease terms between 1 to 80 years, while Building, Plant and machinery, motor vehicles and other equipment generally have lease terms between 1 and 5 years. Generally, the Group is restricted from assigning and subleasing the leased assets.

The Group has elected not to apply the requirements of Ind AS 116 to short term leases of all the assets that have a lease term of twelve months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight line basis over the lease term.

The Group had total cash outflows for leases of ₹ 438.40 Lakhs in 31 March 2024, (Previous year ₹ 715.65 Lakhs)

Note : A) During the year ended March 31, 2018, pursuant to the search proceedings carried out in April 2016, the Company had received income tax assessment orders under section 153A for the financial year 2010-11 to 2016-17. Income tax authorities had disallowed certain sub-contractors payments by treating them as not genuine. The Company had the underlying documents to substantiate the genuineness of the work performed by these sub-contractors and no incriminating documents were found during the search proceedings. Accordingly, the Company had filed appeals against these assessment orders before the first appellate authority. Accordingly, as the outcome of the appeal is pending, additional tax payable for these years amounting to ₹ 2,489.00 Lakhs (including interest) (March 31, 2023 ₹ 5,924.01 Lakhs) is treated as contingent liability.

Note No.61 : Other matter

During the previous year, a first information report was filed against certain National Highway of Authority India ('NHAI') officials, Company and certain employees of the Company by a law enforcement agency (CBI) alleging bribery of such NHAI officials by Company personnel, for providing undue advantage to the aforesaid persons and the Company. Consequently, CBI had arrested five persons, including two NHAI officials and three officials of the Company. The CBI also conducted searches at the residences of the Company officials and the Patna office of the Company and had confiscated cash of the Company amounting to Rs 6.43 lakhs from its Patna office. Further, The Ministry of Road Transport and Highways, Government of India (MoRTH) had debarred the Company for 45 days from participating in any bids with NHAI / MoRTH which period ended on April 15, 2023. During the year ended March 31, 2024, the employees of the Company have been released on bail. The Company has completed the execution of one of the project stretch from Arah – Pararia (NH-319) as referred to in the FIR as per agreed contractual timelines and NHAI has issued completion certificate for the same. In view of the foregoing and pending the outcome of the investigation by CBI, management of the Company has decided to carry out independent investigation in the matter when the relevant chargesheets are filed. Pending final outcome of the above mentioned matters, no adjustments have been made to the consolidated financial statements in this regard.

Note No. 64 Exceptional Items

- (i) Ashoka Concessions Limited (ACL), a subsidiary, had issued Compulsorily Convertible Debentures (CCD) to SBI Macquarie ('Investors') and Holding company which has been classified as equity instrument in the separate financial statements of ACL. Simultaneously, the holding company had agreed additional terms with the investors and assumed obligations towards investors which would be settled through the some portion of equity shares to be received from ACL on conversion of CCDs held by holding company. This has been considered as a financial liability and measured at its fair value as at March 31, 2024 ₹ 1,52,600 lakhs (Previous Year ₹ 1,27,200 lakhs).

During the previous year, the Company, ACL, Viva Highways Limited and SBI Macquarie ('Investors') had entered into an agreement to elaborate on the terms of understanding in relation to the exit options of the investors and towards the obligations assumed by the Company which may be discharged through the sale/restructuring of certain identified assets. Based on the terms of the said agreement including its subsequent extension letters signed between the parties, the Company had recognized a liability of ₹. 7,200 lakhs and disclosed the same as exceptional item.

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

During the current year, the Company has been accruing incremental liability under finance costs based on these extension letters. However, on expiry of the extension period provided upto March 31, 2024, the Company has recognized the entire differential liability of ₹. 14,254.95 lakhs for the year ended March 31, 2024 as exceptional item

- (ii) During the current year, pursuant to the conditions precedent in share purchase agreement ('SPA') entered into with Mahanagar Gas Limited ('MGL'), the Company has sold its investment in Unison Enviro Private Limited ('UEPL'), a Subsidiary of the Company to MGL for a consideration of ₹. 28,666.71 lakhs. Accordingly, the Company has recognised the gain on sale of Investment of ₹. 24,947.11 lakhs in the statement of profit & loss.

Note No.65 : Build Operate Transfer Assets

With respect to the ACL's stake in five of its wholly owned subsidiaries which are engaged in construction and operation of Road Projects on Build Operate Transfer (BOT) basis (referred to as 'BOT assets') and a subsidiary of the Company, in view of the management experience in disposal of these assets since classification as 'held for sale', time taken for approvals to be received from authorities and lenders, expiry of long stop date of share purchase agreement for the subsidiary company, and considering that the exclusivity clause in the term sheet signed with the potential investors for BOT assets have expired on March 31, 2024, management has reassessed the 'held for sale' criteria under Ind AS 105 and has ceased this classification for the purpose of the financial statements. Accordingly, the Group has accounted for this change in accordance with Ind AS 105 and the financial statements of the previous periods presented have been reclassified / re-presented including deferred tax adjustments. However, Group continues to pursue the process for disposal of its stake in these subsidiaries.

Note No. 69 Significant accounting judgment, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Significant estimates in Application of Ind AS 115

The Group applied the following estimates that significantly affect the determination of the amount and timing of revenue from contracts with customers:

Project Revenue and Costs

The percentage-of-completion method places considerable importance on accurate estimates of the extent of progress towards completion and may involve estimates on the scope of deliveries and services required for fulfilling the contractually defined obligations. These significant estimates include total contract costs, total contract revenues, contract risks, including technical, political and regulatory risks, and other judgments. The Group re-assesses these estimates on periodic basis and makes appropriate revisions accordingly.

Determining method to estimate variable consideration and assessing the constraint

Before including any amount of variable consideration in the transaction price, the Group considers whether the amount of variable consideration is constrained. The Group determined that the estimates of variable consideration are not constrained based on its historical experience, business forecast and the current economic conditions. In addition, the uncertainty on the variable consideration will be resolved within a short time frame.

Other Significant Accounting judgments, estimates and assumptions

Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the companies.

Significant management judgment is required to determine the amount of deferred tax assets (including MAT credit) that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Service Concession Arrangement

The Cash flow model indicates the cash flow to be generated over the project lifecycle. The key inputs of the model comprise of revenue inflows (Toll / annuity), expenses to incurred to earn the revenue, estimations on cost to build and maintain the asset, interest obligations based on financing pattern and other operational efficiencies. These inputs are based on circumstances existing and management judgment / assumption on the future expectations based on current situations. Judgments include management view on expected earnings in future years, changes in interest rates, cost inflation, government policy changes, etc. These input assumptions could affect the reported cash flow from the related assets and accordingly these assumptions are reviewed periodically.

Property, plant and equipment and Intangible Assets

Refer Note 1.B.c.7 for the estimated useful life of Property, plant and equipment. The carrying value of Property, plant and equipment and Intangible Assets has been disclosed in Note 2 and 3.

Amortisation of Intangible assets

The intangible assets which are recognized in the form of Right to collect toll are amortized by taking proportionate of actual revenue received for the year over Total Projected Revenue from project to Cost of Intangible assets. The estimation of total projection revenue requires significant assumption about expected growth rate and traffic projection for future. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of financial assets

The impairment provision for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Employee Benefit Plans

The cost of the defined benefit gratuity plan and other post-employment benefits are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries. Further details about gratuity obligations are given in Note 56

Impairment of Toll assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget generally covering a period of the concession agreements using long terms growth rates and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. Further, the Group considers favorable arbitration awards towards its claim from various authorities in the impairment assessment of subsidiaries and associates on the basis of probability assessment

Allowance for uncollectible trade receivables

Trade receivables do not carry interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the aging of the receivable balances and historical experiences. Individual trade receivables are written off when management deems them not be collectible.

Assets Held for Sale

Refer note 65 for the estimate related to assets held for sale.

73A Other Matters

Viva Highways Limited (VHL), one of subsidiaries of the Company has entered into a Joint Development agreement with Shree Sainath Land & Development (I) Pvt. Ltd. (Sainath) on 26.03.2018 by giving its parcel of land at Land at S. No. 114/1/1, 114A/1/3 and 114C, admeasuring 10,950 Sq Mtrs for development. It was agreed that:

1. Sainath (a Karda Group concern, 50% owner of Sainath) was responsible for all development activities, including construction, permissions, marketing, sales, and financing, with Sainath entitled to 70% of the Gross Sales Proceeds and the Company to 30% for Project Harinakshtra & Destination 1.
2. VHL's land was secured for a project loan from LIC Housing Finance Limited (LIC HFL) via a registered mortgage creating charge of 150 Crore.

Due to financial difficulties, Sainath defaulted on the loan, leading to its classification as NPA. Despite VHL's efforts to revive the project and settle the loan, these attempts were unsuccessful. prompting VHL to terminate the JDA, take over the project at Sainath's risk and cost, and invoke a pledge of 35% of Sainath's shares (held by the Karda Group), which is pending update in ROC records. An application under Section 59 for VHL's name to be entered in the members' records was filed with NCLT.

Meanwhile, LIC HFL initiated Insolvency and Bankruptcy Code (IBC) proceedings against Sainath, and NCLT admitted the insolvency on October 20, 2023, appointing an IRP. VHL has filed its claims, including its 30% rights on receivables, with the Resolution Professional (RP) and NCLT, and submitted an Expression of Interest to take over the project through IBC proceedings. In light of ongoing litigation and disputes, VHL has provided for the net assets related to this project

Notes to the Consolidated Financial Statements for the year ended March 31, 2024

in the financial statements. Though VHL has invoked the pledge to protect its interest, it does not have any significant influence or control on Sainath considering the ongoing NCLT proceedings.
