Odisha CM Majhi Launches Godavarish Mishra Adarsh Pratya Vidyalaya and Heritage School Scheme

Bhubaneswar, Nov 14 (UNI) : Odisha Chief Minister Mohan Charan Majhi on Thursday launched the Godavarish Mishra Adarsh Pratya Vidyalaya, aimed at providing quality education to children across the state.

Inaugurating the State-level Children's Day Celebration 'Suravi' at the Capital High School campus, Majhi announced that under the Godavarish Mishra Adarsh Pratya Vidyalaya scheme, one modern primary school will be constructed in each panchayat across the state.

A total of 6,794 schools will be built. Similar to the Satyabadi Van Vidyalaya, which provided an ideal learning environment, these schools will also aim to create a nurturing environment for children, the Chief Minister said.

He highlighted that special emphasis will be placed on developing children's language and basic mathematical skills, enabling them to pursue higher education more easily.

Majhi further stated that efforts will be made to strengthen children's foundational knowledge and intellectual development by focusing on good infrastructure, quality education, and holistic growth.This scheme will include provisions for new classrooms, separate toilets for boys and girls, boundary walls, a green environment, a digital library, language labs, playgrounds, dining halls, computers, and smart boards.

Additionally, importance will be placed on sports, physical exercise, and social and cultural education, he added.

The Chief Minister also launched the Heritage Schools Scheme, which aims to preserve and restore the state's old schools. Under this scheme, schools that are over 100 years old, or the oldest in each district, will be developed.

Efforts will be made to revive their heritage and historical significance, with a total of 51 heritage schools to be restored, Majhi noted.

The Chief Minister further announced that the State Government would cover the monthly expenses of hostel boarders at Odisha Model Schools.

Of the 314 Odisha Model Schools, 173 have already received Central Government approval for girls' hostels under the Kasturba Gandhi Girls' School Scheme.

This scheme provides free accommodation and meals for all students, and the government is working to make the remaining 141 girls' hostels and 314 boys' hostels operational, he added.

He mentioned that guidelines were previously issued to collect a monthly food expense of Rs. 2000 from boarders across 455 hostels.However, after listening to parents' requests, it was decided that the government would cover these monthly expenses. Students, therefore, will not need to pay for these expenses, making hostel facilities entirely free for all borders.

Attitude of UP govt, UPPSC towards students insensitive: Rahul

New Delhi, Nov 14 (UNI) : Leader of Opposition in the Lok Sabha Rahul Gandhi on Thursday said that the attitude of the Uttar Pradesh government and the UP Public Service Commission (UPPSC) towards the students appearing for competitive exams in Prayagraj is extremely "insensitive and unfortunate".

Gandhi while accusing the BJP government of destroying the education system, said that the students' demand for holding the examination in one shift is "absolutely justified".

He |said his party Congress |fully supports the demands of the students, who have been forced to sit on the street and 'their democratic rights cannot be suppressed by dictatorship'.

On his social media handle X, Gandhi said, "The attitude of the UP government and Uttar Pradesh Public Service Commission towards the competitive students in Prayagraj is extremely insensitive and unfortunate".

"Non-transparent system in the name of normalisation is unacceptable and the students' demand for examination in one shift is absolutely justified," the former Congress president said."Why should students pay the price for the incompetence of the BJP government which is busy destroying the education system?" he asked.

Opening of Symbiosis' Dubai campus celebration of growing bilateral educational ties: EAM

Dubai/New Delhi, Nov 14 (UNI) : External Affairs Minister S Jaishankar on Thursday said the inauguration of Symbiosis University's new overseas campus in Dubai is a celebration of the growing educational cooperation between India and the UAE.Speaking at the inauguration, which was also attended by Sheikh Nahayan Mubarak Al Nahyan, UAE's Minister of Tolerance and Co-existence, EAM said the new overseas campus of Symbiosis International university will offer courses in Management, Technology and Media & Communications.

"As one of the top Universities in Asia, I am confident that Symbiosis will replicate its outstanding quality of teaching and pedagogy in Dubai to prepare its students for 21st Century skills. In the spirit of the motto of the University, 'Vasudhaiva Kutumbakam', that is, the World is One Family - I am sure that this campus will foster greater collaboration and research linkages between scholars of India and UAE, for mutual prosperity and global good.

"This philosophy is also deeply entrenched in India's National Education Policy, 2020 - which aims to internationalise and share best practices of the Indian education system, including setting up of offshore campuses," the EAM added.

He said that currently, Indian curriculum and learning is being imparted through more than 100 International Indian Schools in UAE benefitting more than 300,000 students. India's Central Board of Secondary Education, National Institute of Open Studies and Institute of Chartered Accountants are also providing institutional and student certifications in UAE. With the inauguration of the Campus, Symbiosis International University will set a new benchmark in terms of Indian college education here.

EAM said the opening of the Symbiosis' Dubai campus comes at a time when "India-UAE ties are today truly in an era of new milestones and many firsts. Indeed, Prime Minister Modi's historic visit in 2015 is certainly a first in this Century. So too is our Comprehensive Economic Partnership Agreement, which was negotiated in record time. The trade and investment levels between our countries are at new levels and increasing with each passing year. Fintech linkages like RuPay-Jaywan or UPI-AANE are also the firsts in their domain. In fact, the activities and collaborations that we are constantly expanding – be it in renewable energy, infrastructure, digital technology, defence or security – are all pathbreaking in their own way."

EAM pointed out that opening of a campus abroad is a "concrete commitment to the goal of a globalizing India.

Delhi air quality plummets to severe level

Delhi and other parts of the National Capital Region (NCR) were enveloped in a thick layer of smog with low visibility.

The blanket of smog is even more shocking when seen from the air.""Delhi's pollution gets worse every year. We really should put our heads together and find a solution for cleaner air. It's beyond this party or that, it's practically impossible to breathe especially for kids, elders and those with respiratory issues. We just have to do something about it," She added.The India Meteorological Department (IMD) has predicted that Delhi and the NCR are likely to experience smog and dense fog during the night and morning hours till 17th of November.
