MEDIA RELEASE

Rathi Steel receives license to use BIS Standards mark on its SS 550 Reinforcement Bars

New Delhi, 4th February 2024 – Rathi Steel and Power Limited (BSE: 504903), a leading stainless steel long product manufacturer, is pleased to announce that the Bureau of Indian Standards (BIS) has granted the company a license to use the BIS standards mark on SS 550 Reinforcement Bars under the title of "High Strength Deformed Stainless Steel Bars and Wires for Concrete Reinforcement" in relation to 32 mm diameter.

This license, valid till February 2026, marks a significant milestone for Rathi Steel as it will approve the facilities for making and testing SS 550 reinforcement bars of 32mm diameter under the aforementioned title, as well as help optimally utilize existing capacity by manufacturing additional product lines.

The BIS license, ensuring compliance with national quality standards, will enable RSPL to increase its market reach and brand recall across the nation for high-strength stainless steel reinforcement bars. This is expected to provide an impetus to sales as the Company continues to expand its product portfolio to meet the increasing demand in the infrastructure and construction sectors.

The company is committed to obtaining BIS approvals for additional diameters and sizes to offer a complete product range and ensure a successful market launch.

Management Comment:

Commenting on this development, **Mr. Rajiv Bhattarya, President of Rathi Steel and Power Ltd.** said:

"Receiving the BIS certification for our SS 550 Reinforcement Bars is a testament to our commitment to quality and innovation.

This license not only validates our manufacturing excellence but also strengthens our ability to serve the growing demand for high-strength reinforcement solutions in India's infrastructure sector.

We are now focused on expanding our approvals to cover a wider range of sizes, ensuring that our products meet diverse industry needs.

RATHI STEEL AND POWER LTD.

STAINLESS STEEL SOLUTIONS FOR A SUSTAINABLE TOMORROW

With this milestone, RSPL is well-positioned to contribute to the nation's construction and development goals with superior and reliable stainless steel solutions, while generating sustainable value for all stakeholders."
