Amid projected tech spends, IT sector hiring still in limbo

SLOWDOWN. Number of hires pales when compared to pre-pandemic levels

Ayushi Kar
Mumbai

IT firms have started to ramp up hiring as tech spends are expected to return. But mirroring the overall uncertainty that continues to prevail in the market, the uptick is muted.

Anticipating more business in the future, Indian IT industry is hiring more associates in the first quarter of FY25, but these numbers pale in comparison to the ramp up in hiring that took place before the pandemic, or even on a two-year basis.

According to the staffing firm Teamlease, the Indian IT sector will ramp up hiring by 12-15 per cent on a year on year basis in Q1FY25.

Of the three big IT firms that have reported results so far only Tata Consultancy Services has reported a positive net addition to its headcount during this results season. Infosys and HCL Tech continue to report negative additions to their headcount.

TCS improved its headcount by 5,452 employees as it added nearly 11,000 new associates in the June quarter. Net positive addition came after India's largest IT firm had re-

JOB GAP. IT sector will ramp up hiring by 12-15 per cent y-o-y in Q1FY25, says Teamlease

duced its headcount back to back in three consecutive quarters. However these numbers pale in comparison to the nearly 14,000 employees that TCS added to its headcount overall in Q1FY23, at a time when attrition at the IT firm was at an all time high as well.

Infosys which reported its results on Thursday continues to reduce its headcount. In Q1FY25, Infosys reduced its headcount by nearly 1,900 associates. At the end of FY24,

Infosys had reduced its headcount by nearly 26,000 associates.

BLEAK OUTLOOK

HCL Tech reduced its headcount by nearly 8,000 associates in Q1FY25, hiring 1,078 freshers. In the previous quarter, the IT firm had added nearly 2,000 associates on net, and hired more than 3,000 freshers.

businessline had reported in April that the top 3 IT Indian IT firms reported a dip in

headcount in FY24, for the first time in a decade. However as the Indian IT sector continued to bag major deals, and foresaw FY25 to be much better for business it was anticipated that hiring would pick up again. But given that uncertainties such as the US elections continue to loom, the timeline by which tech spends will return is not completely clear.

Thus hiring in the Indian IT sector continues to be in a limbo according to experts.

New MCA rule allows directors to update KYC details throughout the year

KR Srivats
New Delhi

The Ministry of Corporate Affairs (MCA) has amended a key rule to allow directors to update their KYC details, including official email addresses and mobile numbers, throughout the year.

This change — the Companies (Appointment and Qualification of Directors) Rules, 2014 — provides significant flexibility compared to the previous system, where updates could only be made during the annual KYC filing.

Previously, company directors were required to file their KYC annually, and any changes to their contact information could not be made until the following April. This often caused issues for directors who switched organisations or whose companies underwent restructuring, as their official contact details could become outdated.

BENEFICIAL MOVE

Makarand M Joshi of MMJC and Associates, a corporate compliance firm, said the amendment will greatly benefit professional directors who change positions mid-year. "The new MCA regulation ensures that directors can update their mobile numbers and email addresses in real-time, maintaining seam-

less communication, and staying informed during organisational transitions," Joshi said.

Directors must submit their KYC details to the Registrar of Companies using the DIR-3 KYC form annually, with no government fees charged for filing. The deadline for submission is September 30, and failure to meet this deadline could result in the deactivation of the Director Identification Number (DIN), preventing the director from performing his/her duties until the DIN is reactivated. A late fee may apply for reactivation.

The amendment aims to enhance the efficiency and convenience of the KYC update process, ensuring directors remain connected throughout the year, corporate observers said.

MCA streamlines IEPFA-related reporting, revamps forms

Our Bureau
New Delhi

Corporate Affairs Ministry (MCA) streamlined reporting of payments or transfer of securities under the Investor Education and Protection Fund Authority (IEPFA) administered framework, improving the overall filing experience for companies.

Besides revamping the forms, MCA has also done away with the previously stipulated requirement of depositing funds into a specific Punjab National Bank account. This has been done as online credits are now accepted.

However, a designated timeline of 30 days for crediting the funds to the IEPF has now been stipulated, which was hitherto absent.

The contents of two existing forms (IEPF 3 and IEPF 7) have been subsumed into IEPF 4 and IEPF 1 respectively. Revised set of forms — IEPF 1, IEPF 1A, IEPF 2 — have now been issued by MCA, informed sources said.

NO SPECIFIC ACCOUNT

Also, the previously stipulated requirement for depositing funds into a specific Punjab National Bank account has been eliminated with acceptance of online credits.

Sandeep Jhunjhunwala, M&A Tax Partner at Nangia Andersen LLP said "this (MCA) initiative not only simplifies the reporting process but also

fosters enhanced transparency. All fund activity is now accompanied by comprehensive investor data, ensuring a more robust and accountable system".

Makarand M Joshi, Founder, MMJC and Associates — a corporate compliance firm, said that the IEPF forms have now been aligned with the prevailing legal provisions relating to IEPF, enhancing the overall filing experience.

Bottlenecks faced in filing IEPF forms in certain situations (relating to submitting details of the nodal officer and deputy nodal officer, and so on) are now addressed in the new version of forms, Joshi added.

"Additionally, the new version of these forms, which consolidates two forms (IEPF 3 and IEPF 7) into the existing IEPF forms, will contribute to the ease of doing business," he added.

Notably, form IEPF 7, previously dedicated to detailing shares transferred to the fund, has been strategically merged with the revamped form IEPF 1 now encompassing both amounts credited and transferred shares. Further, form IEPF 1A which is a statement of amounts credited to IEPF, now mandates investor-wise details as well, facilitating verifications of amounts subsequently claimed or claimable by investors.

The IEPFA will serve as a vital bulwark for investors by meticulously administering the IEPF.

Radico Khaitan brings to India Sangam World Malt Whisky

Our Bureau
Bengaluru

Radico Khaitan, one of India's largest Indian-made foreign liquor (IMFL) companies, announced the launch of its Sangam World Malt Whisky in India, a year after it was launched globally.

"Our master blender visited various distilleries across the globe to make the amalgamation of the best of the malts and our own Indian single malt. Now our new product, which was launched in 2023 across the US, UAE, and Singapore, will be launched in India," Abhishek Khaitan, Managing Director of Radico Khaitan, told businessline. He added the product will initially be available in Uttar Pradesh, Rajasthan, and Delhi, and within a year across 15-20 States.

RAMPUR RANGE

"Radico Khaitan exports its products to over 100 countries, with the Rampur range sold across 40 countries. Gradually it will be everywhere," said COO Amar Sinha.

The whisky will be manufactured at the company's Rampur distillery in Uttar Pradesh, along with most of its premium brands. The distillery can annually produce 100 million litres of extra-neutral alcohol (ENA).

The company also has distilleries in Sitapur (UP), and Aurangabad, (Maharashtra) in a 36 per cent joint venture). With total annual capacity

Abhishek Khaitan, MD, Radico Khaitan

of 320 million litres, the company operates 43 bottling units — five owned, 29 under contract, and nine under royalty.

"We launched Rampur Indian single malt in 2016. Anticipating the growth, we expanded our malt distillation and maturation capacity a few years ago. As the malt maturation cycle is complete, more malt becomes available for bottling, and our Rampur Indian single malt volumes are growing," said Khaitan.

Sangam Whisky will be available in 750 ml bottles, priced between ₹4,000 and ₹7,500 each.

"In the past two to three years, we've introduced products in the premium category at every price point. Products like Jaisalmer Indian Craft Gin today have a market share of more than 50 per cent in the luxury segment. We launched Royal Ranthambore; sales have grown. We've grown two to three times over what we sold last year..." said Khaitan.
