NEW AGRI EXPORTS POLICY IN MAHARASHTRA

Value addition, GI-tagged items, mkt access in focus

NANDA KASABE & SANDIP DAS

Pune/New Delhi, February 25

MAHARASHTRA ON FRIDAY unveiled a new Agriculture Export Policy (AEP) in line with the Centre's directives to states to formulate region-specific policies with a focus on promoting exports of geographical indication- (GI) certified and region-specific 'unique', products.

The policy focuses on developing entrepreneurs in agri exports and diversifying the export basket to boost highvalue and value-added agricultural exports. It also aims at providing an institutional mechanism for pursuing market access in addition to tackling barriers and deal with sanitary and phytosanitary issues.

"Around 26 agricultural products have been granted GI tag from the state and we will be working towards boosting exports of these products," said Sunil Pawar, managing director of the Maharashtra State Agriculture Marketing Board, which will function as the nodal agency for agri-exports promotion.

Anoop Kumar, principal secretary (cooperation and marketing), Maharashtra, said the state

less at the same level.

Dhanlaxmi Bank aiming at healthy balance sheet

losses at 5-10% for non-perishables and about 30% for perishables. Since the AEP's launch, 21

states and two Union Territories have finalised their state-specific action plans. In accordance with the Centre's policy, Maharashtra has established a statelevel steering committee under the chairmanship of the principal secretary, cooperation and marketing, and a cluster facilitation cell under the guidance of district collectors.

The thrust of the policy is on developing product-specific clusters in various agro-climatic zones of the country to help deal with supply side issues.

More than 41 clusters have

been identified for export promotion of 18 products. Some of the clusters include Shopian (Jammu and Kashmir) and Kinnaur (Himachal Pradesh) for apples, Lucknow (Uttar Pradesh), Kutch (Gujarat) and Mahbubnagar (Telangana) for mangoes, Anantpur (Andhra Pradesh) and Theni (Tamil Nadu) for bananas, Nashik (Maharashtra) for grapes, Siphahijala (Tripura) for pineapples, Solapur (Maharashtra) and Chitradurga (Karnataka) for pomegranates and West Jaintia Hills (Meghalaya)

Modi bats for indigenous manufacturing in defence sector

PRESS TRUST OF INDIA New Delhi, February 26

CYBER SECURITY IS NO longer limited to just the digital world as it has now become a matter of national security, Prime Minister Narendra Modi said on Friday. He also noted that the

process of importing defence items is so long that by the time they reach our security forces, many of them have become outdated and therefore, the solution is to go for indigenous manufacturing. "Even during the period of

slavery and immediately after Independence, the strength of our defence manufacturing was very high. Weapons made in India played a big role in World War II," he said in his address at the Defence Ministry's post-budget webinar.

Although this strength of ours kept on weakening in later years, it shows that there was no shortage of capacity in India then and neither it is there now, he added.

About 70% of this year's defence budget has been kept for domestic industry only, he

"The strength of India's IT is our great strength. The more we use this power in our defence sector, the more confident we will be in our security," he noted.

documents can be downloaded from the website https://tntenders.gov.in at free of cost. Manual Submission and E-submission of

tenders will be accepted. Amount of Earnest Money Deposit will be 1% of the value put to tender for a package / Work. Any additional / further details and conditions related to this tender can be had from Engineering section of this office on all working days during

Govt agencies to procure record 44.4 MT of wheat in upcoming rabi

New Delhi. February 25

THE GOVERNMENT ON Friday set a record wheat procurement target of 44.4 million tonne (MT) for the 2022-23 rabi marketing season starting on April 1.

The wheat will be procured by the Food Corporation of India (FCI) in collaboration with state government agencies from farmers in the key producing states, including Punjab, Haryana, Madhya Pradesh, Rajasthan and Uttar Pradesh, between April and June.

The second advance estimates of foodgrain production by the ministry of agriculture have pegged wheat production at 111.32 MT, which implies that the government agencies will be purchasing close to 40% of the total production.

In the 2021-22 marketing season, the government had purchased 43.34 MT of wheat from farmers by paying the minimum support price (MSP). This year, the government will pay an MSP of ₹2.015 per quintal. The state-wise procurement targets are 13.2 MT for Punjab, 12.9 MT for Madhya Pradesh, 8.5 MT for Haryana, 6 MT for Uttar Pradesh and 1 MT for Bihar.

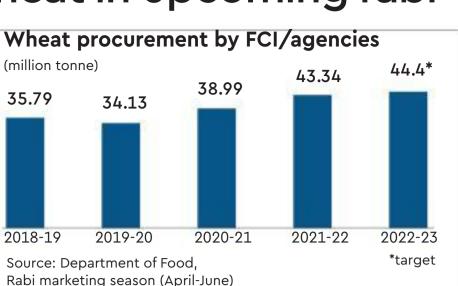

Sudhanshu Pandey, secretary, department of food and public distribution, recently chaired a meeting of food secretaries and FCI officials to discuss arrangements for wheat and rabi paddy procurement.

The government has

Commissioner,

Namakkal Municipality.

Dated: 24.02.2022

decided to procure 4.29 MT of rice(rabi) from seven producing states. Rice is mostly grown in the kharif season. Promotion of coarse grains, implementation of minimum threshold parameters for online procurement operations, supply of jute bags and packaging material, storage space, improving efficiency and transparency in procurement operations, and online settlement of food subsidy claims were also discussed in the meeting, according to a statement.

FCI is the central agency that manages procurement, storage and transportation of rice and wheat to states for distribution, mainly for the NFSA and other welfare schemes. More than 800 million people get 5 kg of highly subsidised foodgrain per head, per month under the NFSA. This includes around 2.5 crore Antyodaya Anna Yojana households, which constitute the poorest of the poor. They are entitled to 35 kg per household per month at subsidised prices. The economic cost of food-

grain procurement by FCI which include expenses such as MSP payment to farmers, procurement, acquisition and distribution costs for rice and wheat, was ₹3,597.17 and ₹2,499.69 per quintal, respec tively, in 2021-22. The govern ment distributes rice and wheat to beneficiaries under NFSA at ₹3 and ₹2 per kg, respectively.

The Union Budget for FY23 has provided ₹2.06 lakh crore for food subsidy allocation, 28% lower than the revised estimate of ₹2.86 lakh crore in 2021-22 The lower provision is because of additional expenses incurred in implementing the Pradhan Mantri Garib Kalyan Anna Yojana till March 31, 2022.
