NOTES:

1. In compliance with the Circular No. 09/2023 dated 25th September, 2023 read with Circular Nos. 10/2022 dated 28th December, 2022, 14/2020 dated 8th April, 2020, 17/2020 dated 13th April, 2020, 20/2020 dated 5th May, 2020, 02/2021 dated 13th January, 2021, 21/2021 dated 14th December, 2021 and all other relevant Circulars (“MCA Circulars”) issued by the Ministry of Corporate Affairs (“MCA”) and Circular No. SEBI/HO/DDHS/P/CIR/2023/0164 dated 6th October, 2023 (“SEBI Circular”) issued by the Securities and Exchange Board of India (“SEBI”) and relevant provisions of the Companies Act, 2013 (“the Act”) and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), the Annual General Meeting (“AGM”) will be held without the physical presence of Shareholders at a common venue. The SEBI Circulars and MCA Circulars are collectively referred to as the “said Circulars”. The Company has engaged Central Depository Services Limited (“CDSL”) for facilitating voting through electronic means i.e., remote e-voting and voting at the AGM.

In this Annual Report, the connotation of “Members” and “Shareholders” is the same.

2. Explanatory Statement pursuant to Section 102 of the Act relating to Item nos. 3 and 4 of the Notice of the 64th AGM, is annexed hereto. Also, relevant details in respect of Directors seeking appointment / re-appointment at the AGM, in terms of Regulation 36(3) of the SEBI Listing Regulations and Clause 1.2.5 of Secretarial Standard - 2 on General Meetings are also annexed to this Notice.
3. Since this AGM is being held pursuant to the MCA circulars through VC/OAVM, physical attendance of Members has been dispensed with and there is no provision for the appointment of proxies. Accordingly, the facility for appointment of proxies by the Members under Section 105 of the Act will not be available for the 64th AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. The Members can join the AGM in the VC/OAVM mode within 15 minutes before the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for at least 1000 members on first come first served basis. This will not include large Members (Members holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairman of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
5. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
6. SEBI vide Circular Nos. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/131 dated July 31, 2023, and SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/135 dated August 4, 2023, read with Master Circular No. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/145 dated July 31, 2023 (updated as on August 11, 2023), has established a common Online Dispute Resolution Portal (“ODR Portal”) for resolution of disputes arising in the Indian Securities Market. Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievances with the RTA/Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>).

SIMMONDS MARSHALL LIMITED

7. Since the AGM will be held through VC/OAVM, the route map of the venue of the meeting is not annexed hereto.
8. In line with the relevant Circulars issued by the MCA and SEBI, the Annual Report including Notice of the 64th AGM of the Company inter alia indicating the process and manner of e-voting is being sent by e-mail, to all the Shareholders whose e-mail IDs are registered with the Company / Depository Participant(s) for communication purposes to the Shareholders and to all other persons so entitled. 13. The business set out in the Notice will be transacted through electronic voting system and the Company is providing facility for voting by electronic means. Instructions and other information relating to e-voting are given in this Notice under Note No. 24. The voting facility through electronic voting system shall be made available during the AGM and members attending the meeting through VC who have not cast their vote by remote e-voting shall be able to exercise their right during the meeting through electronic voting system.
14. The process and manner for e-voting and process of joining meeting through video conferencing along with other details also forms part of the Notice.
15. The Company is not required to close Register of Members and Share Transfer Books for the purpose of AGM.

16. Transfer to Investor Education and Protection Fund (IEPF):

Section 124 of the Companies Act, 2013, read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the Rules"), as amended, mandates that companies transfer dividend that has remained unclaimed /un-encashed for a period of seven years from the unpaid dividend account to the Investor Education and Protection Fund (IEPF).

Further, the Rules mandate that the shares on which dividend have not been claimed/encashed for seven consecutive years or more is transferred to the IEPF.

The following table provides a list of years for which unclaimed dividends would become eligible to be transferred to the IEPF on the dates mentioned below:

Sr. No.	Year ended	Date of Declaration	Due date of transfer to IEPF	Amount as on March 31, 2024
1.	31/03/2018	26/09/2018	01/11/2025	1,53,889
2.	31/03/2019	13/09/2019	20/10/2026	1,65,244

Members are requested to claim the dividend(s), which have remained unclaimed/unpaid, by sending a written request to the Company at secretarial@simmondsmarshall.com or to the Company's Registrar and Transfer Agent at rnt.helpdesk@linkintime.co.in or at their address at LINK INTIME INDIA PRIVATE LIMITED [Unit: SIMMONDS MARSHALL LIMITED] C-101, 247 Park, LBS Marg, Vikhroli West, Mumbai-400 083. Members can find the details of Nodal officer appointed by the Company under the provisions of IEPF at <https://simmondsmarshall.com/investors/#tab-id-12>

17. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Registrar /Company.
18. Members desirous of seeking any information concerning the Accounts of the Company are requested to address their queries in writing to the Company at least seven days before the date of the meeting so that the requested information can be made available at the time of the meeting.
19. Shares held in dematerialized form have several advantages like immediate transfer of shares, faster settlement cycle, faster disbursement of non-cash corporate benefits like rights, etc., lower brokerage, ease in portfolio monitoring, etc. Besides risks associated with physical certificates such as fake certificates, bad deliveries, loss of certificates in transit, get eliminated. Since there are several benefits arising from dematerialization, we sincerely urge you to dematerialize your shares at the earliest, if you are still holding the shares in physical form.

As per Regulation 40 of the Listing Regulations, as amended, transfer of securities of listed entities can be processed only in dematerialized form, with effect from 1st April, 2019.

Pursuant to SEBI circular dated 25th January, 2022, securities of the Company shall be issued in dematerialized form only while processing service requests in relation to issue of duplicate securities certificate, renewal / exchange of securities certificate, endorsement, sub-division / splitting of securities certificate, consolidation of securities certificates/folios, transmission and transposition.

24. **Voting through electronic means:**
- (i) Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the relevant Circulars issued by MCA the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
- The Company has engaged the services of Central Depository Services (India) Limited (CDSL) as the Agency to provide e-voting facility. The detailed procedure to be followed in this regard has been given below. The members are requested to go through them carefully.
- (ii) The Board of Directors of the Company has appointed Mr. Mahesh Soni, failing him, Ms. Sonia Chettiar, Partner of M/s. GMJ & Associates, Company Secretaries, as Scrutinizer to scrutinize the e-voting and remote e-voting process in a fair and transparent manner.
- (iii) The members who have cast their vote by remote e-voting prior to the AGM may also attend/participate in the AGM through VC/OAVM but shall not be entitled to cast their vote again.
- (iv) Voting rights shall be reckoned on the paid-up value of shares registered in the name of the member/beneficial owner (in case of electronic shareholding) as on the cut-off date i.e., **September 19, 2024**
- (v) A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date, i.e. **September 19, 2024** only shall be entitled to avail the facility of e-voting/remote e-voting.
- (vi) Any person who becomes a member of the Company after dispatch of the Notice of the Meeting and holding shares as on the cut-off date i.e., **September 19, 2024**, may obtain the Login details from **LINK INTIME INDIA PRIVATE LIMITED** (Registrar & Transfer Agents of the Company).
- (vii) The Scrutinizer, after scrutinizing the votes cast at the meeting and through remote e-voting, will, not later than three days of conclusion of the Meeting, make a consolidated scrutinizer's report and submit the same to the Chairman. The results declared along with the consolidated scrutinizer's report shall be placed on the website of the Company (www.simmondsmarshall.com) and on the website of CDSL (<https://www.evotingindia.com>). The results shall simultaneously be communicated to the Stock Exchange.
- (viii) Subject to receipt of requisite number of votes, the Resolutions shall be deemed to be passed on the date of the Meeting, i.e. **September 26, 2024**
- (ix) **THE INTRUCTIONS OF MEMBERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**
- a) The voting period begins at 9.00 a.m. (IST) on September 23, 2024 and ends at 5.00 p.m. (IST) on September 25, 2024. During this period Members' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of **September 19, 2024** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- b) Members who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

- c) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its members, in respect of all Members’ resolutions. However, it has been observed that the participation by the public non-institutional Members/retail Members is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the Members.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- d) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual Members holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Members are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual Members holding securities in Demat mode** is given below:

MANAGEMENT DISCUSSION AND ANALYSIS**BUSINESS OVERVIEW:**

The main business of the Company is manufacturing and sale of Industrial Fasteners.

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The last year marked a period of economic recovery for India, with GDP growth projected at around 6.5%, and expected to clock 7%-plus growth in the coming years, as per the Economic Survey 2023-24. The Manufacturing PMI has grown from 55 in January 2023 to 59.1 in March 2024. Strong domestic consumption and government investments in infrastructure are driving this growth. Despite challenges such as inflationary pressures and global commodity price fluctuations, India remains a key player in the global economy. This favorable economic environment presents significant opportunities for industries, including the fastener sector, to expand and innovate.

The increasing production within the automotive sector is driving up demand for fasteners used in vehicle assembly and manufacturing. Additionally, the industry's competitive manufacturing capabilities offer substantial export potential. Advances in technology and a heightened focus on sustainability present opportunities for the development of innovative and eco-friendly fastener solutions that align with contemporary market demands. Nevertheless, the industry must navigate several challenges, including fluctuations in raw material prices, which can impact production costs and profitability. Key concerns include addressing environmental impacts, such as waste management and emissions, to ensure sustainable operations. Moreover, compliance with increasingly stringent national and international regulations necessitates considerable resources and vigilance. Staying abreast of rapid technological advancements in materials and manufacturing processes is also essential for maintaining competitiveness.

As we advance through 2023-24, our company is resolutely focused on harnessing emerging opportunities and mitigating industry challenges. By upholding our commitment to innovation, quality, and operational excellence, we are positioned to drive sustainable growth and deliver exceptional value to our stakeholders. Our strategic initiatives ensure that we remain adaptable and resilient, reinforcing our dedication to long-term success and industry leadership.

OPPORTUNITY, THREATS, RISKS & CONCERN

The current GDP projection of 7% for the financial year 2024-25 will be mainly fueled by robust domestic consumption. However, external factors could temper this growth. Market sentiment and the continuation of the government's economic and investment policies play crucial roles in shaping investor confidence. Positive market sentiment can drive investment, leading to economic growth and job creation. Conversely, uncertainty or negative sentiment can result in reduced investment and slower economic progress. Despite these potential challenges, GDP growth is expected to remain steady and broad-based, indicating a robust and resilient economy with multiple strong sectors contributing to its expansion, providing stability and reducing reliance on any single industry.

The current interest rate structure fully reflects the repo rate hikes, providing the Reserve Bank of India (RBI) with room to potentially lower interest rates. This favorable interest rate environment, combined with subdued inflation, is likely to support economic growth. With a supportive policy framework from both the government and the RBI, India is projected to reach a GDP of USD 7 trillion by 2030. The country's favorable demographic profile, including a large working-age population with increasing disposable income, is expected to drive economic expansion.

Crude oil prices and USD/INR exchange rates are anticipated to remain stable in FY 2024-25. This stability will likely benefit the balance of payments by keeping the current account deficit low. Stable currency rates should enhance merchant trade and improve export competitiveness. Additionally, India's inclusion in the Global Bond Index may lead to an appreciation of the rupee due to anticipated foreign investment inflows.

India is expected to benefit from an above-average monsoon this year, leading to improved crop yields and higher minimum support prices. This will boost rural cash flows and increase rural demand, positively impacting the Fast-Moving Consumer Goods (FMCG) and automotive sectors. The automobile industry, a key economic indicator, is expected to perform strongly. India, a major player in the automotive sector, is the largest manufacturer of two-wheelers globally and ranks third in heavy truck production and fourth in car manufacturing.

SIMMONDS MARSHALL LIMITED

The commercial vehicle (CV) segment should gain from increased government spending on infrastructure in the latter half of the financial year. The passenger vehicle (PV) segment is likely to experience moderate growth, with a notable rise in luxury vehicles driven by affluent buyers in Tier-II cities. The ongoing shift toward electric vehicles (EVs) positions India to become the third-largest EV market by 2025 and establishes it as a potential hub for car exports.

The tractor segment is poised for recovery with favorable monsoon conditions, timely sowing, and new feature-rich models with higher horsepower. This segment has the potential to surpass the peak of 1 million units achieved in 2022-23.

However, there are risks to this positive outlook, including extreme weather conditions, monsoon failures, geopolitical uncertainties, supply chain disruptions, and rising commodity prices. Despite these challenges, India's skilled workforce positions it well for sustainable growth in the future.

OUTLOOK – GLOBAL AND DOMESTIC:

Global growth, projected at 3.2% for CY 2023, is expected to continue at the same rate through CY 2024 and CY 2025. This steady expansion is likely to be modest due to rising inflation and growing geopolitical tensions. Advanced Economies (AEs) are anticipated to see a gradual increase in growth, from 1.6% in CY 2023 to 1.7% in CY 2024 and 1.8% in CY 2025. Meanwhile, Emerging Markets and Developing economies (EMDEs) are projected to experience a slight decline in growth, from 4.3% in CY 2023 to 4.2% in both CY 2024 and CY 2025.

India's economic outlook remains robust, driven by strong consumer demand, rising capital expenditure, improving rural consumption prospects due to easing inflation, and proactive government policies. The Interim Budget 2024-25 sets the stage for realizing the vision of a developed and self-reliant India by 2047. It outlines a comprehensive strategy for economic management, focusing on infrastructure development, digital public infrastructure, taxation reforms, and proactive inflation control.

EXPORTS:

During the year total export stood at Rs. 1611.91 Lakhs as against of Rs. 1527.01 lakhs in the previous year. Company is estimating constant improvement in export in coming years.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Internal Control Systems are designed to ensure the reliability of financial and other records and accountability of executive action to the management's authorization. The internal control systems are reviewed by the top management and by the audit committee of the board and proper follow up action is ensured wherever required. Regular audit committee meetings are held where statutory auditors as well as internal auditors participate and internal audit reports are discussed and reviewed.

FINANCIAL AND OPERATIONAL PERFORMANCE:

During the year under review, the Company has achieved the total revenue from operations of Rs. 17684.56 Lakhs as against Rs. 17097.41 Lakhs in the previous year and has earned profit after tax of Rs. 341.86 Lakhs as against the net loss of Rs. 275.51 Lakhs in the previous year.

- (b) review the performance of the chairman of the listed entity, taking into account the views of executive Directors and non-executive Directors;
- (c) assess the quality, quantity and timeliness of flow of information between the management of the listed entity and the Board of Directors that is necessary for the Board of Directors to effectively and reasonably perform their duties.

Familiarization Programme for Independent Directors:

At the time of appointing a Director, a formal letter of appointment is given to the Director, which inter alia explains the role, functions, duties and responsibilities expected from him as a Director of the Company. The Director is also explained in detail the compliances required from him under the Companies Act, 2013, and SEBI Listing Regulations, 2015 and relevant Acts, Rules and Regulations. With a view to familiarize him with the Company's operations, the Chairman, Managing Director & CEO, and Executive Director have a personal discussion with the newly appointed Director. They are also informed of the important policies of the Company including the Code of Conduct for Board members and Senior Management Personnel and the Code of Conduct to regulate, monitor, and report trading by designated persons.

At various Board meetings during the year, quarterly information is made on operations that include information on business performance, operations, projects, market share, financial parameters, working capital management, fund flows, regulatory changes, etc.

The above initiatives help the Director to understand the Company, its business, and the regulatory framework in which the Company operates and equips him to effectively fulfill his role as a Director of the Company. The Company has framed a policy for familiarization programme for Independent Directors and the same is disclosed on the website of the Company i.e. <https://simmondsmarshall.com/investors/#tab-id-11>

Confirmation of Board for the independence of Independent Directors:

In the Opinion of Board, the Independent Directors fulfil the conditions specified in the Listing Regulations and are independent of the Management.

INDEPENDENT AUDITORS' REPORT

**To the Members of
Simmonds Marshall Limited
Report on the Audit of Standalone Financial Statements**

Opinion

We have audited the accompanying standalone financial statements of **Simmonds Marshall Limited** ("the Company"), which comprises of Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit (including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matters	Auditor's response
1.	<p>Inventory – existence and valuation</p> <p>As at March 31, 2024, the Company held inventories of Rs. 5,060.99 Lakhs. [Also, refer Note no. 9 of the standalone financial statements]</p> <p>Inventories existence and valuation was an audit focus area because of its size and assumptions used in the valuation.</p> <p>In view of the above, the matter has been determined to be a key audit matter.</p>	<p>Audit procedures performed:</p> <p>We have performed following audit procedures over inventory existence and valuations.</p> <p>(a) Performing procedures to ensure that the changes in inventory are properly recorded.</p> <p>(b) Performing substantive analytical procedures to test the correctness of inventory existence and valuation.</p> <p>(c) Testing of accuracy of inventory reconciliations with the ledgers at year end, including test of reconciling items.</p> <p>(d) Testing on a sample basis the accuracy of cost for inventory by verifying the actual production costs and testing the net realizable value by comparing actual cost with relevant market data.</p> <p>The procedures performed gave us a sufficient evidence to conclude about the inventory existence and valuation.</p>

<p>2.</p>	<p>Trade receivables- collectability and certainty As at March 31, 2024, the Company held trade receivables of Rs. 2,100.98 lakhs. [Also, refer Note no. 10 of the standalone financial statements] Trade receivables collectability and certainty was an audit focus area because of significant judgements involved to determine the level of allowance. In view of the above, the matter has been determined to be a key audit matter.</p>	<p>Audit procedures performed: We have performed following audit procedures over trade receivables : (a) Performing procedures to ensure that the changes in trade receivables between the last confirmation receipt and date of the Balance sheet are properly recorded (Roll forward procedures) (b) Performing substantive analytical procedures to test the correctness of receivables valuation (c) Testing of accuracy of trade receivables reconciliations with the general ledgers during the year, including test of reconciling items (d) We obtained a list of long outstanding receivables and assessed the recoverability of these through inquiry with management. The procedures performed gave us a sufficient evidence to conclude about the collectability and certainty of trade receivables.</p>

Information Other than the Financial Statements and Auditor’s report thereon

The Company’s Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board’s Report including Annexures to the Board report but does not include the standalone financial statements and our auditor’s report thereon. The reports are expected to be made available to us after the date of this auditor’s report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management responsibilities for the Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in

accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. Pursuant to the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.
 - (c) The Balance sheet, the Statement of Profit & Loss (including other comprehensive income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the director is disqualified as on March 31, 2024 from being appointed as a Director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure "B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
 - (h) With respect to the matters to be included in the Auditor's report in accordance with the Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial performance in its financial statements. (Refer note no 34 to financial statements)
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement. (Refer Note no. 51 (e) to the financial statements)

- v. The Company has not declared or paid dividend during the financial year 2023-24. Accordingly, reporting under Rule 11 (f) of Companies (Audit and Auditors) Rules, 2014 is not applicable.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has features of recording audit trail (edit log) facility and the same was operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. (Refer note no. 50 to the financial statements).

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

Annexure "A" referred to in "Report on Other Legal and Regulatory Requirements" section of our report to the members of Simmonds Marshall Limited for the year ended March 31, 2024:

- i. a. In respect of Company's Property, Plant and Equipment (PPE) and Intangible Assets:
 - A. The Company has maintained proper records, showing full particulars including quantitative details and situation of PPE and relevant details of right-to-use assets.
 - B. The Company has maintained proper records, showing full particulars including quantitative details of intangible assets.
- b. As explained to us and on the basis of our examination of the records of the Company, the Company has a phased program for physical verification of all the PPE over a period of three years. In our opinion, the frequency of verification is reasonable considering the size of the Company and nature of its PPE. Pursuant to the program of the physical verification of PPE, physical verification of certain PPE has been carried out during the year and no material discrepancies were noticed on such verification.
- c. There are no immovable properties held in the name of the Company. However, refer note no. 2 (i)(3) to the standalone financial statements.
- d. The Company has not revalued any of its PPE (including right- of-use assets) and intangible assets during the year. Hence, reporting under Clause 3(i)(d) of the Order is not applicable to the Company.
- e. According to the information and explanations given to us, and on the basis of our examination of the books and records of the Company, neither any proceedings have been initiated during the year nor are pending as at March 31, 2024 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988, as amended, and rules made thereunder and hence, reporting under Clause 3(i)(e) of the Order is not applicable to the Company. (Refer Note no. 51 (a) to the financial statements)
- ii. (a) The inventories have been physically verified by the management at reasonable intervals during the year, except for goods in transit and inventories lying with third party. The coverage and procedures of physical verification of the inventories followed by the management are reasonable and adequate in relation to the size of the Company and nature of it's business. Goods in transit and inventories lying with third party have been verified by way of subsequent receipts/confirmations. As per the information and explanations given to us and on the basis of examination of records of the Company, no discrepancy of 10% or more in the aggregate for each class of inventory was noticed on physical verification of inventories as compared to book records.
- (b) The Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. According to the information and explanations given to us, and on the basis of our examination of the books and records of the Company, the quarterly returns or statements comprising stock and book debt statements, filed by the Company with such banks are materially in agreement with the books of account of the Company of the respective quarters. The Company has not been sanctioned any working capital facility from financial institutions.
- iii. In respect of Investment made, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties:
 - a) The Company has not granted any loans or advances in the nature of loans or not provided any guarantee or security to any other entity during the year and hence, reporting under Clause 3(iii)(a) of the Order is not applicable to the Company.
 - b) According to the information and explanations given to us, investment made are in the ordinary course of business and accordingly in our opinion, prima facie, not prejudicial to the Company's interest. The Company has not provided any guarantees or securities nor granted any loans and advances in the nature of loans during the year.
 - c) In respect of loans and advances in the nature of loans granted in earlier years of Rs. 200 lakhs, principal and receipts of interest thereon is regular during the year.

Hence, reporting under Clause 3(viii) of the Order is not applicable to the Company.
- ix. (a) Based on our audit procedures and on the basis of information and explanations given to us, we are of the opinion that the Company has not defaulted in the repayment of loans or other borrowings or in the repayment of interest thereon to the lenders. Accordingly, reporting under clause 3(ix)(a) of the Order is not applicable to the Company.
- (b) On the basis of information and explanations given to us, the Company has not been declared as willful defaulter by any bank or financial institution or other lender.

- (c) In our opinion and according to the information and explanations given to us, the Company has applied term loans for the purpose for which they were obtained.
- (d) On an overall examination of the financial statements, in our opinion, the Company has not utilized funds raised on short term basis for long term purposes.
- (e) Based on our audit procedures and on the basis of information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary and associate. Accordingly, the provisions of clause 3(ix)(e) of the Order are not applicable to the Company.
- (f) Based on our audit procedures and on the basis of information and explanations given to us, during the year the Company has not raised any funds on the pledge of securities held in its subsidiary and associate. Accordingly, the provisions of clause 3(ix)(f) of the Order are not applicable to the Company.
- x. (a) The Company has not raised any money by way of Initial public offer or further public offer (including debt instrument) during the year and hence, reporting under Clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year or in the recent past and hence, reporting under Clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by or on the Company, noticed or reported during the year, nor have we been informed of such case by the management.
- (b) During the year, no report under sub section 12 of Section 143 of the Act has been filed in Form ADT-4 as prescribed in Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) Based on our audit procedures performed and according to the information and explanations given to us, during the year, no whistle blower complaint was received by the Company and hence, reporting under Clause 3(xi)(c) of the Order is not applicable to the Company.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and hence, reporting under Clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, all the transactions with related parties are in compliance with Section 177 and 188 of the Act and all the details have been disclosed in the financial statements as required by the applicable accounting standard. Refer note. 41 to the financial statements.
- xiv. (a) In our opinion and according to the information and explanations given to us, the Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports for the year under audit issued to the Company during the year and till date, in determining nature, timing and extent of our audit procedures.
- xv. According to the information and explanations given to us and based on our examination of the records, the Company has not entered into any non-cash transactions prescribed under Section 192 of the Act with directors or persons connected with them during the year.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of clause 3(xvi) (a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities which require a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.

- (d) As per the information and explanations given to us and as per the definition of Group under Core Investment Companies (Reserve Bank) Directions 2016, there are no Core Investment companies forming part of the group.
- xvii. The Company has not incurred cash losses during the current and immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year. Hence, reporting under Clause 3(xviii) of the Order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. During the year, Corporate Social Responsibility (CSR) is not applicable to the Company as per Section 135 of the Act. Hence, reporting under paragraph 3(xx) of the Order is not applicable to the Company.

Annexure “B” referred to in “Report on Other Legal and Regulatory Requirements” section of our report to the members of Simmonds Marshall Limited for the year ended March 31, 2024:

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of the **Simmonds Marshall Limited** (“the Company”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity’s assets that could have a material effect on the financial statements (4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the entity from time to time.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

2. Use of Estimates and judgments:

The preparation of the financial statements requires the Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

Critical accounting judgments and key source of estimation uncertainty:

The Company is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an on-going basis.

- (a) Recognition and measurement of defined benefit obligations, key actuarial assumptions - Note no. - 43
- (b) Estimation of useful life of the Property, plant and equipment and intangible assets - Note no. B.5

3. Property, plant and equipment (PPE)

Property, plant and equipment (PPE) are capitalized on the day they are ready for use and are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring to the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Company and that the cost of the item can be reliably measured.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Assets which are not ready for their intended use are disclosed under Capital Work-in-Progress.

4. Intangible assets

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

5. Depreciation and Amortization:

(a) Property plant and equipment (PPE)

Depreciation is provided on the straight line method applying the useful lives prescribed in part C of Schedule II to the Companies Act, 2013.

The range of estimated useful lives of Property, plant and equipments are as under:

Building (including roads) - 3 to 30 Years

Plant & Equipment - 10 to 15 Years

Furniture & Fixtures - 5 to 10 Years

Office Equipment - 5 Years

Electrical Installations - 10 Years

Vehicles - 8 Years

Computers & Servers - 3 - 6 Years

(b) Intangible assets

Software is amortized over a period of 3 years

Royalty is amortised over a period of 5 years

Goodwill is impaired based on impairment testing not amortized

The residual values, useful lives and methods of depreciation of Property Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

6. Financial Instruments:

Financial assets - Initial recognition:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. On initial recognition, a financial asset is recognised at fair value however, trade receivables that do not contain significant financing component are measured at transaction price (net of variable consideration). In case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Subsequent measurement:

Financial assets are subsequently measured at:

- amortised cost
- fair value through profit & loss (FVTPL)
- fair value through other comprehensive income (FVTOCI)

The above classification is being determined considering :

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial assets.

Financial assets are not reclassified subsequent to their recognition, except if and in the period, the Company changes its business model for managing financial assets.

(i) Measured at amortised cost:

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at fair value through other comprehensive income (FVTOCI):

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(iii) Measured at fair value through profit or loss (FVTPL):

Financial assets other than equity instrument are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss.

Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVTOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, than the Company reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For financial assets measured at FVTPL, there is no requirement of impairment testing.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs which are not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value are recognised in the Statement of Profit and Loss.

Loans & Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in the Statement of Profit & Loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of profit and loss.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value with changes in fair value recognised in Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

7. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

8. Inventories

Inventories includes Raw Material, Work-in-Progress, Finished goods, Stores & spares, Tools, Packing Materials are stated at cost and net realizable value whichever is lower.

Raw Materials, Stores & Spares, Tools and Packing Materials

Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average cost basis.

Work-in-Progress and Finished Goods

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes cost of direct material, labour, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis.

Traded Goods

Stock in trade are valued at lower of cost and net realizable value. Cost includes cost of purchase and other direct costs incurred. For this purpose cost is determined on weighted average cost basis.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

Adequate allowance is made for obsolete and slow moving items.

9. Cash and Cash Equivalents:

Cash and Cash equivalents include cash and cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

10. Foreign Currency Transactions:**a) Initial Recognition**

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to Statement of Profit and Loss

11. REVENUE RECOGNITION**REVENUE FROM CONTRACTS WITH CUSTOMERS**

The Company recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable. Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, noncash consideration in exchange of transferring of promised goods or services to the customer. The Company considers whether there are other promises in the contract that are separate performance obligations to which the transaction price needs to be allocated (e.g. warranties etc.).

Variable Consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled to in exchange for transferring goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved. Some contracts with the customers provide them with a right to return and volume rebates. The right to return and volume rebates gives rise to variable consideration. The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration. Consideration is also adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company. If a contract contains more than one distinct goods or services, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Company reasonably estimates those. Revenue is recognized for each performance obligation either at a point in time or over time.

Sale of goods:

Revenue from the sale of goods is recognised when the control of the goods passes to the buyer either at the time of dispatch or delivery or when the risk of loss transfers. Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items. Claims / Refunds not ascertainable with reasonable certainty are accounted for, on final settlement and are recognized as revenue on certainty of receipt on prudent basis.

Rendering of services:

Revenue from sale of services are recognized when the services are rendered.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established. Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

Contract balances:

Trade Receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only a passage of time is required to before payment of the consideration is due).

Contract liabilities:

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the Company performs under the contract.

12. Employee Benefits:

The Company has provided following post-employment plans:

- (a) Defined benefit plans such as gratuity and
- (b) Defined contribution plans such as Provident fund & Superannuation fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the

present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuary through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling are recognised in the period in which they occur directly in Other Comprehensive Income. Re-measurement are not reclassified to profit or loss in subsequent periods. Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund, superannuation fund and certain state plans. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.

13. Taxes on Income:

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than the assets will not be realised in the future. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date..

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

14. Borrowing Costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Borrowing cost include exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Other borrowing costs are recognized as an expense in the period in which they are incurred.

15. Earnings Per Share:

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

16. Leases:**As a Lessee:**

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset;
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The re-measurement normally also adjusts the leased assets. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

17. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in financial statements.

D. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date

The significant actuarial assumptions were as follows:

	As at March 31, 2024	As at March 31, 2023
Financial Assumptions		
Discount rate	7.19%	7.47%
Salary Escalation Rate	4.75%	4.75%
Demographic Assumptions	IALM (2012-14) Urban	IALM (2012-14) Urban
Mortality in Service	Indian Assured Lives Mortality (2012 - 14)	Indian Assured Lives Mortality (2012 - 14)
Mortality Rate	5%	5%
Attrition Rate	For all age groups	For all age groups
Retirement Age	58 Years	58 Years

E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

	Impact on defined benefit obligation		
	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	56.93	64.50
Salary Escalation Rate	1.00%	60.41	54.53
Attrition Rate	1.00%	3.78	4.48

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change as compared with the previous period.

F. The defined benefit obligations shall mature after year end March 31, 2024 as follows:

Year ending March 31, 2024	Rs. in Lakhs
	Defined benefit obligation

Note 45 : Financial instruments

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

"The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter-party. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts."

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows:

C. Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:

Particulars	Level 1	Level 2	Level 3
March 31, 2023			
Assets at fair value	-	-	-
Liabilities at fair value	-	34.77	-
March 31, 2024			
Assets at fair value	-	-	-
Liabilities at fair value	-	26.86	-

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the years.

Note 46 : Financial risk factors

The Company's principal financial liabilities comprise of loans, borrowings, trade and other payables. The purpose of these financial liabilities is to finance the Company's operations and to provide support its operations. The Company's principal financial assets, trade and other receivables and cash & cash equivalents derive their value directly from its operations.

The Company's activities exposes it to Liquidity Risk, Market Risk and Credit risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised as below

a) Liquidity risk

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk management implies maintaining sufficient cash including availability of funding through an adequate amount of committed credit facilities to meet the obligations as and when due.

The Company manages its liquidity risk by ensuring as far as possible that it will have sufficient liquidity to meet its short term and long term liabilities as and when due. Anticipated future cash flows, undrawn committed credit facilities are expected to be sufficient to meet the liquidity requirements of the Company.

(i) Financing arrangements

The Company has access to the following undrawn borrowing facilities as at the end of the reporting period:

Particulars	Rs. in Lakhs	
	As at March 31, 2024	As at March 31, 2023

Lease Liabilities	3,639.63	33.55	3,606.09
Other financial liabilities	389.75	143.09	246.66

(b) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

(i) Foreign currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has foreign currency trade payables, receivables and borrowings and is therefore exposed to foreign exchange risk. The exchange rates have been volatile in the recent years and may continue to be volatile in the future. Hence the operating results and financials of the Company may be impacted due to volatility of the rupee against foreign currencies. The Company is not significantly exposed to foreign currency risk due to their limited transaction in the foreign currency.

* Derivative financial instruments such as foreign exchange forward contracts are used for hedging purposes and not as trading or speculative instruments.

[^] Receive fix in INR and pay floating in GBP.

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Company's long term borrowings have fixed rate of interest and are carried at amortised costs. The interest rate risk exposure is mainly from changes in fixed and floating interest rates. The interest rate are disclosed in the respective notes to the financial statement of the Company. The following table analyse the breakdown of the financial liabilities by type of interest rate:

Particulars	Rs. in Lakhs	
	As at March 31, 2024	As at March 31, 2023
Borrowings bearing fixed rate of interest	898.01	912.82
Borrowings bearing variable rate of interest	3,885.51	3,817.83
	4,783.52	4,730.65

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's loss before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Rs. in Lakhs	
	As at March 31, 2024	As at March 31, 2023
Increase in basis points	50.00	50.00
Effect on loss before tax	19.43	19.09
Decrease in basis points	50.00	50.00
Effect on loss before tax	(19.43)	(19.09)

(c) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations. The Company is exposed to credit risks from its operating activities, primarily trade receivables, cash and cash equivalents, deposits with banks and other financial instruments.

To manage the credit risk from trade receivables, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

	As at March 31, 2024	As at March 31, 2023
Financial assets for which loss allowance is measured using Life time Expected Credit Losses (ECL)		
- Trade Receivables	2,100.98	2,325.54

Trade and other receivables

The Company considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risks on an ongoing basis throughout each reporting period. The average credit period allowed to the customers is in the range of 30-90 days.

To assess whether there is a significant change increase in credit risk the Company compares the risks of default occurring on the assets as at the reporting date with the risk of default as at the date of initial recognition. It considers the reasonable and supportive forward looking information such as:

- (i) Actual or expected significant adverse changes in business.
- (ii) Actual or expected significant changes in the operating results of the counterparty.
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- (iv) Significant increase in credit risk on other financial instruments of same counterparty

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Consolidated Financial Statements and Auditor’s report thereon

The Parent Company’s Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board’s Report including Annexures to the Board report, Corporate Governance report and Management Discussion and Analysis, but does not include the consolidated financial statements and our auditor’s report thereon. The reports are expected to be made available to us after the date of this auditor’s report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those charged with Governance for the Consolidated Financial Statements

The Parent Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error , which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Group’s financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

We did not audit the financial statements of the subsidiary included in the consolidated financial statements, whose financial statements reflects total assets of Rs 805.04 lakhs as at March 31, 2024 (as at March 31, 2023 Rs 749.74 lakhs), total income of Rs 1526.79 lakhs, net profit and other comprehensive income of Rs 7.38 lakhs and net cash outflows of Rs 8.22 lakhs for the year ended March 31, 2024 (total income of Rs 1523.25 lakhs, net profit and other comprehensive income of Rs 13.39 lakhs and net cash inflows of Rs 10.27 lakhs for the year ended March 31, 2023), as considered in the consolidated financial statements. The consolidated financial statement also include the group's share of net profit of Rs 8.08 lakhs for the period from April 01, 2023 to December 07, 2023, the date on which the associate was disposed off, refer note no. 33 of the consolidated financial statement, (Rs 4.63 lakhs for the year ended March 31, 2023) as considered in the consolidated financial statements, in respect of the associate whose financial statements have not been audited by us. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and the associate, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and associate, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and records.
 - (c) The consolidated Balance sheet, the consolidated Statement of Profit & Loss (including other comprehensive income), consolidated Statement of Changes in Equity and the consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015.
 - (e) On the basis of the written representations received from the directors of the Parent Company as on March 31, 2024 taken on records by the Board of Directors of Parent Company, none of the director is disqualified as on March 31, 2024 from being appointed as a Director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Parent Company and the operating effectiveness of such controls, please refer annexure B of the standalone audit report attached with the standalone financial statements.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Group to its directors during the year is in accordance with the provisions of Section 197 of the Act.
 - (h) With respect to the matters to be included in the Auditor's report in accordance with the rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Group has disclosed the impact of pending litigations on its financial performance in its consolidated financial statements. Refer Note No.- 34 to the consolidated financial statements.
- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Group from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Group shall, whether, directly or indirectly, lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the associate, which is incorporated in India and whose financial statement have been audited under the Act, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement.
- v. The Group has not declared or paid any dividend during the financial year 2023-24. Accordingly, reporting under Rule 11 (f) of Companies (Audit and Auditors) Rules, 2014 is not applicable.
- vi. Based on our examination which included test checks, the Parent Company has used accounting software for maintaining its books of account which has features of recording audit trail (edit log) facility and the same was operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. (Refer note no. 50 to the financial statements).

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. With respect to the matters specified in paragraph 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, as the requirements of this order are not applicable to other components of the Group included in the consolidated financial statements, with respect to the Parent Company, please refer Annexure A of the standalone audit report attached with the standalone financial statements.

B. MATERIAL ACCOUNTING POLICIES

1 (a). Basis of Preparation of Consolidated Financial Statements:

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('the Act') read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 and other related provisions of the Act.

The consolidated financial statements are prepared on the accrual basis of accounting and historical cost convention except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- (i) Certain financial assets and liabilities are measured at Fair value (Refer note no.B.6)
- (ii) Defined benefit employee plan (Refer note no. B.12)

All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Act.

(b). Principles of consolidation:

Subsidiary -

Subsidiary is an entity over which the group has control. The group controls an entity when the group is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary is fully consolidated from the date on which control is transferred to the group. It is deconsolidated from the date that control ceases.

The group combines the financial statements of the parent and its subsidiary line by line adding together like items of assets, liabilities, equity, income and expenses. Intragroup transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of the subsidiary have been changed where necessary to ensure consistency with the policies adopted by the group.

Investment in associate -

Associates are all entities over which the group has significant influences but not control or joint control. Investments in associate are accounted for using equity method accounting. Under the equity method, an investment in an associate is initially recognised in the consolidated balance

sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate. Thus, the proportionate interest in the associate has been considered for preparation of the aforesaid consolidated financial statements.

2. Use of Estimates and judgments:

The preparation of the financial statements requires the Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the management and are based on historical experience and various other assumptions and factors (including expectations of future events) that the management believes to be reasonable under the existing circumstances. Actual results may differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Critical accounting judgements and key source of estimation uncertainty

The Group is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an on-going basis.

- (a) Recognition and measurement of defined benefit obligations, key actuarial assumptions - Note no. - 43
- (b) Estimation of useful life of the Property, plant and equipment and intangible assets - Note no. B.5

3. Property, plant and equipment (PPE)

Property, plant and equipment (PPE) are capitalized on the day they are ready for use and are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the asset to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring to the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate only if it is probable that the future economic benefits associated with the item will flow to the Group and that the cost of the item can be reliably measured.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Assets which are not ready for their intended use are disclosed under Capital Work-in-Progress.

4. Intangible assets

Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

5. Depreciation and Amortization:

(a) Property plant and equipment (PPE)

Depreciation is provided on the straight line method applying the useful lives prescribed in part C of Schedule II to the Companies Act, 2013.

The range of estimated useful lives of Property, plant and equipments are as under:

Building (including roads) - 3 to 30 Years

Plant & Equipment - 10 to 15 Years

Furniture & Fixtures - 5 to 10 Years

Office Equipment - 5 Years

Electrical Installations - 10 Years

Vehicles - 8 Years

Computers & Servers - 3 - 6 Years

(b) Intangible assets

Software is amortized over a period of 3 years

Royalty is amortised over a period of 5 years

Goodwill is impaired based on impairment testing and not amortised

The residual values, useful lives and methods of depreciation of Property Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

6. Financial Instruments:

Financial assets - Initial recognition:

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. On initial recognition, a financial asset is recognised at fair value however, trade receivables that do not contain significant financing component are measured at transaction price (net of variable consideration). In case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the financial asset.

Subsequent measurement:

Financial assets are subsequently measured at:

- amortised cost
- fair value through profit & loss (FVTPL)
- fair value through other comprehensive income (FVTOCI)

The above classification is being determined considering :

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial assets.

Financial assets are not reclassified subsequent to their recognition, except if and in the period, the Group changes its business model for managing financial assets.

(i) Measured at amortised cost:

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Measured at fair value through other comprehensive income (FVTOCI):

Financial assets are measured at FVTOCI, if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

(iii) Measured at fair value through profit or loss (FVTPL):

Financial assets other than equity instrument are measured at FVTPL unless it is measured at amortised cost or at FVTOCI on initial recognition. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL. For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss.

Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss

Impairment

The Group recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVTOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward looking.

The Group's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Group does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Group recognises 12-months expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, than the Group reverts to recognizing impairment loss allowance based on 12 months ECL. The impairment losses and reversals are recognised in Statement of Profit and Loss. For financial assets measured at FVTPL, there is no requirement of impairment testing.

Derecognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement.

In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs which are not carried at fair value through profit or loss.

The Group's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value are recognised in the Statement of Profit and Loss.

Loans & Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in the Statement of Profit & Loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Group are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of profit and loss.

Derivative financial instruments

The Group uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value with changes in fair value recognised in Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

7. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

8. Inventories

Inventories includes Raw Materials, Work-in-Progress, Finished goods, Trade Goods, Stores & spares, Tools, Packing Materials are stated at cost and net realizable value whichever is lower.

Raw Materials, Stores & spares, Tools and Packing Materials

Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average cost basis.

Work-in-Progress and Finished Goods

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes cost of direct material, labour, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis.

Traded Goods

Stock in trade are valued at lower of cost and net realizable value. Cost includes cost of purchase and other direct costs incurred. Cost is determined on weighted average cost basis.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

Adequate allowance is made for obsolete and slow moving items.

9. Cash and Cash Equivalents:

Cash and Cash equivalents include cash and cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

10. Foreign Currency Transactions:**a) Initial Recognition**

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Group are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to Statement of Profit and Loss.

11. REVENUE RECOGNITION**REVENUE FROM CONTRACTS WITH CUSTOMERS**

The Group recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable. Revenue is the transaction price that the Group expects to be entitled to. In determining the transaction price, the Group considers effects of variable consideration, the existence of significant financing contracts, non-cash consideration. The Group considers whether there are other promises in the contract that are separate performance obligations to which the transaction price needs to be allocated (e.g. warranties etc.).

Variable Consideration

If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled to in exchange for transferring goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved. Some contracts with the customers provide them with a right to return and volume rebates. The right to return and volume rebates gives rise to variable consideration. The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration. Consideration is also adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Group. If a contract contains more than one distinct goods or services, the transaction price is allocated to each performance obligation based on relative stand-alone selling prices. If stand-alone selling prices are not observable, the Group reasonably estimates those.

Revenue is recognized for each performance obligation either at a point in time or over time.

Sale of goods:

Revenue from the sale of goods is recognised when the control of the goods passes to the buyer either at the time of dispatch or delivery or when the risk of loss transfers.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items.

Claims / Refunds not ascertainable with reasonable certainty are accounted for, on final settlement and are recognized as revenue on certainty of receipt on prudent basis.

Rendering of services:

Revenue from sale of services are recognized when the services are rendered.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

Contract balances:

Trade Receivables:

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e. only a passage of time is required to before payment of the consideration is due).

Contract liabilities:

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the Group performs under the contract.

12. Employee Benefits:

The Group has provided following post-employment plans:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund & Superannuation fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuary through actuarial valuation using the projected unit credit method.

The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Group determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans. The Group's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.

13. Taxes on Income:

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the specified period. The

Group reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Group will pay normal income-tax during the specified period.

14. Borrowing Costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Borrowing cost include exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

15. Earnings Per Share:

Basic earnings per shares are calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

16. Leases:

As a Lessee:

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset;
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The re-measurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

17. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in financial statements.

Note 37 : Segment Reporting

Business Segment

The Group's Board of Directors consisting of Managing Director together with the Chief Financial Officer has been identified as the Chief Operating Decision Maker (CODM) as defined under Ind AS 108 "Operating Segments". The CODM evaluates the Group's performance and allocates the resources based on an analysis of various performance indicators. The Group is primarily engaged in the business of manufacture of Industrial Fasteners, bolts etc. Since all these segments meet the aggregation criteria as per the requirements of Ind AS 108 on 'Operating segments', the management considers these as a single reportable segment. Accordingly, disclosure of segment information has not been furnished.

Geographical Segment

Revenue is segregated into two segments namely India (sales to customer within India) and other countries (sales to customer outside India) on the basis of geographical location of customers for the purpose of reporting geographical segments. All non current assets are located within India. The accounting policy adopted for segment reporting are in line with the accounting policies adopted for the preparation of financial statements.

D. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

	As at March 31, 2024	As at March 31, 2023
Financial Assumptions		
Discount rate	7.19%	7.47%
Salary Escalation Rate	4.75%	4.75%
Demographic Assumptions		
Mortality in Service	IALM (2012-14) Urban	IALM (2012-14) Urban
Mortality Rate	Indian Assured Lives Mortality (2012 - 14)	Indian Assured Lives Mortality (2012 - 14)
Attrition Rate	5% For all age groups	5% For all age groups
Retirement Age	58 Years	58 Years

E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

	Impact on defined benefit obligation		
	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	1.00%	56.93	64.50
Salary Escalation Rate	1.00%	60.41	54.53
Attrition Rate	1.00%	3.78	4.48

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change as compared with the previous period.

F. The defined benefit obligations shall mature after year end March 31, 2024 as follows:

Year ending March 31, 2024	Rs. in Lakhs Defined benefit obligation
2025	79.67

Note 45 : Financial instruments

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows: Rs. in Lakhs

C. Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:

	Level 1	Level 2	Level 3
March 31, 2023			
Assets at fair value	-	-	-
Liabilities at fair value	-	34.77	-
March 31, 2024			
Assets at fair value	-	-	-
Liabilities at fair value	-	26.86	-

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the years.

Note 46 : Financial risk factors

The Group's principal financial liabilities comprise of loans, borrowings, trade and other payables. The purpose of these financial liabilities is to finance the Group's operations and to provide support its operations. The Group's principal financial assets, trade and other receivables and cash & cash equivalents derive their value directly from its operations.

The Group's activities exposes it to Liquidity Risk, Market Risk and Credit risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised as below

(a) Liquidity risk

The risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk management implies maintaining sufficient cash including availability of funding through an adequate amount of committed credit facilities to meet the obligations as and when due.

The Group manages its liquidity risk by ensuring as far as possible that it will have sufficient liquidity to meet its short term and long term liabilities as and when due. Anticipated future cash flows, undrawn committed credit facilities are expected to be sufficient to meet the liquidity requirements of the Group.

(i) Financing arrangements:

The Group has access to the following undrawn borrowing facilities as at the end of the reporting period:

	Rs. in Lakhs	
	As at March 31, 2024	As at March 31, 2023

Lease Liabilities	3,639.63	33.55	3,606.09
Other financial liabilities	389.75	143.09	246.66

(b) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

(i) Foreign currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group has foreign currency trade payables, receivables and borrowings and is therefore exposed to foreign exchange risk. The exchange rates have been volatile in the recent years and may continue to be volatile in the future. Hence the operating results and financials of the Group may be impacted due to volatility of the rupee against foreign currencies. The Group is not significantly exposed to foreign currency risk due to their limited transaction in the foreign currency.

[^]Receive fix in INR and pay floating in GBP.

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Group's long term borrowings have fixed rate of interest and are carried at amortised costs. The interest rate risk exposure is mainly from changes in fixed and floating interest rates. The interest rate are disclosed in the respective notes to the financial statement of the Group. The following table analyse the breakdown of the financial liabilities by type of interest rate:

Rs. in Lakhs		
	As at March 31, 2024	As at March 31, 2023

Borrowings bearing variable rate of interest	3,885.51	3,817.83
	4,783.52	4,730.65

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's loss before tax is affected through the impact on floating rate borrowings, as follows:

Rs. in Lakhs		
	As at March 31, 2024	As at March 31, 2023
Increase in basis points	50.00	50.00
Effect on loss before tax	19.43	19.09
Decrease in basis points	50.00	50.00
Effect on loss before tax	(19.43)	(19.09)

(c) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations. The Group is exposed to credit risks from its operating activities, primarily trade receivables, cash and cash equivalents, deposits with banks and other financial instruments.

To manage the credit risk from trade receivables, the Group periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly. The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period.

Trade and other receivables

The Group considers the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risks on an ongoing basis throughout each reporting period. The average credit period allowed to the customers is in the range of 30-90 days.

To assess whether there is a significant change increase in credit risk the Group compares the risks of default occurring on the assets as at the reporting date with the risk of default as at the date of initial recognition. It considers the reasonable and supportive forward looking information such as:

- (i) Actual or expected significant adverse changes in business.
- (ii) Actual or expected significant changes in the operating results of the counterparty.
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
