## Safe Harbour Statement

Certain statements in this release concerning our future prospects are forward-looking statements. Forward-looking statements by their nature involve a number of risks and uncertainties that could cause actual results to differ materially from market expectations. These risks and uncertainties include, but are not limited to our ability to manage growth, intense competition among Indian and overseas IT Products companies, various factors which may affect our cost advantage, such as wage increases or an appreciating Rupee, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Intellect Design Arena has made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, unauthorised use of our intellectual property and general economic conditions affecting our industry.

Intellect Design Arena may, from time to time, make additional written and oral forward-looking statements, including our reports to shareholders. These forward-looking statements represent only the Company's current intentions, beliefs or expectations, and any forward-looking statement speaks only as of the date on which it was made. The Company assumes no obligation to revise or update any forward-looking statements.

# Strategic Initiatives

# Intellect to assume digital banking operations of Central 1, Canada

As a strategy to expand Intellect's first principle based eMACH.ai Open Finance Platform footprints in North America, Intellect has signed an agreement to assume digital banking operations of Central 1 Credit Union in Canada

- Under this agreement, Intellect will take over contractual responsibilities of digital banking offerings for a significantly large number of Credit Unions of Canada who are currently using Central 1's Forge, MemberDirect, Public Website and Mobile Applications and products while Central 1 will continue to provide the technology infrastructure and related services
- Select members of Central 1's team will also transition to Intellect for ensuring knowledge retention and continuity
- The Intellect team will operate Central 1's digital banking software and support clients as they transition to a new eMACH.ai Digital banking platform. The transaction is expected to close in the next few weeks and will give Intellect direct market access to the Credit Unions in Canada

# Intellect to assume digital banking operations of Central 1, Canada

**Sheila Vokey,**  
President & CEO, Central 1

“We are confident that Intellect and the transferring Central 1 team members will provide a strong and stable path for our clients as they transition to new digital banking platforms. Our discussions and work with the Intellect team through this process have demonstrated their deep care for clients and commitment to serving our members and clients long into the future. We look forward to continued collaboration with the Intellect team in the months ahead.”

**Rajesh Saxena,**  
CEO of Intellect  
Global Consumer Banking

“Intellect has partnered with leading financial institutions in Canada and globally for more than three decades. This strategic agreement reinforces Intellect’s commitment to Canadian credit unions and banks. We take the responsibility of ensuring a seamless and reliable wind down of Forge and MemberDirect with utmost seriousness and look forward to welcoming the talented team members-

-from Central 1, who we know will bring invaluable expertise in serving Canadian credit unions and banks. Beyond this agreement, our eMACH.ai Digital Engagement platform, built on First Principles Thinking, provides further opportunities to collaborate with credit unions and banks, and reimagine digital banking experiences. This agreement symbolises Intellect’s vision to strengthen its presence further in Canada and North America. With our eMACH.ai Digital Engagement Platform, a composable and Open finance platform, we aim to empower them with unparalleled agility and innovation. We are excited to collaborate with credit unions to transform digital banking experiences and meet the evolving expectations of their members through innovation, growth, and meaningful engagement.”

# Intellect Board Approves ₹20 Crore Investment in GlobalLinker to Enhance SME Global Trade Opportunities

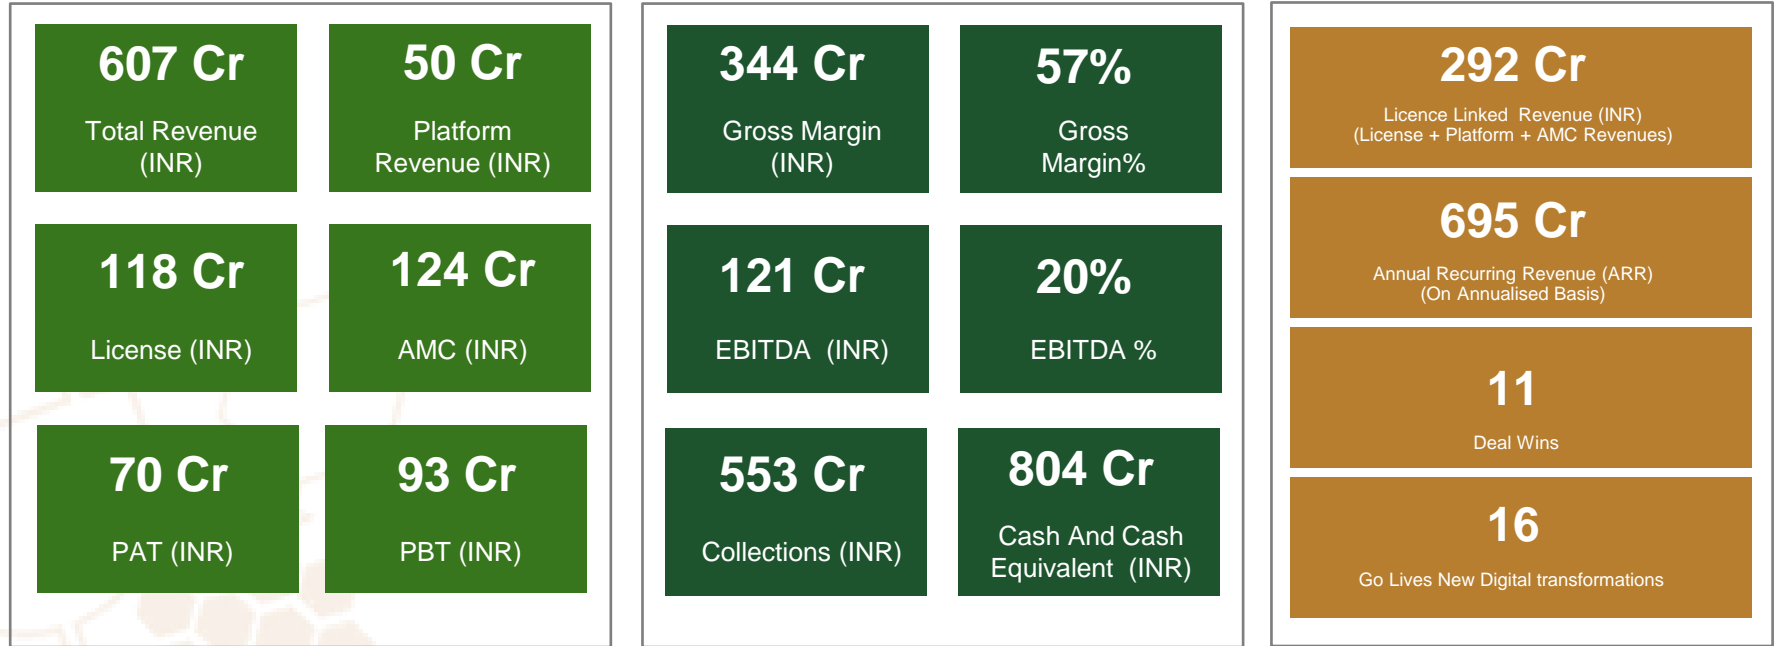

**Intellect Board has approved an investment of Rs. 20 crore as a primary equity infusion in DigiVation Digital Solutions Pvt. Ltd., an India-headquartered international e-commerce company operating under the brand GlobalLinker. Founded in 2010, GlobalLinker's user-friendly platform enables small and medium enterprises (SMEs) to connect and trade globally, effectively streamlining cross-border business and driving growth.**

- By fostering collaboration with GlobalLinker, Intellect aims to accelerate its expansion in the corporate and government e-procurement space and further strengthen its leadership position in wholesale banking, supply chain, and trade financing
- The convergence of GlobalLinker's offerings along with Intellect's eMACH.ai Wholesale Banking suite will create global market access for SMEs along with financing options through banks and financial institutions

# Accelerating growth with eMACH.ai

eMACH.ai accelerates growth with 11 Deal Wins  
and 16 Digital Transformations in Q3FY25

eMACH.ai, the First Principles Thinking-based Most Comprehensive, Composable, and Intelligent Open Finance Platform, has been selected by 11 customers worldwide in Q3FY25

## Driving Transformation with eMACH.ai

2 Deals in Americas

4 Deals in Europe

3 Deals in Africa

2 Deals in Middle East

## 2 Deal Wins in Americas

1

**R.E. Chaix, a US-based trusted wholesale insurance brokerage**, has enhanced its operations by adopting the cutting-edge eMACH.ai Magic Submission, eMACH.ai Xponent, and eMACH.ai Risk Analyst platforms. These advanced solutions empower R.E.Chaix to make faster, more informed decisions while delivering a superior customer experience. By leveraging AI-powered tools for automated submissions, advanced analytics, and intelligent risk assessment, the brokerage has streamlined workflows and reinforced its commitment to innovation in risk management.

This strategic adoption highlights the brokerage's position as a forward-thinking leader in the insurance sector, delivering exceptional value to both underwriters and customers

2

One of the largest and oldest U.S. banking institutions, with a strong focus on asset and wealth management, has selected eMACH.ai's Corporate Treasury eXchange (CTX) to optimise cash management for its corporate clients. This decision reflects the institution's dedication to innovation, digital transformation, and delivering advanced, scalable solutions. CTX's capabilities in liquidity management and automation further support its commitment to operational efficiency and exceptional client service

## 4 Deal Wins in Europe

1

A prominent Spanish banking and financial services company, recognised as one of the world's largest banks by market capitalisation, has announced a pivotal step in its strategic expansion into Asia by leveraging its longstanding 15-year partnership with the cutting-edge eMACH.ai Payments Platform. This transformative initiative underscores the bank's steadfast commitment to driving digital innovation, operational excellence, and delivering seamless, next-generation payment experiences across Asia—one of the fastest-growing and most dynamic financial markets globally

2

A major Turkish bank has selected the eMACH.ai Digital Engagement Platform to enhance its operations in Austria. This strategic move is aimed at delivering seamless and personalised experiences to customers across all channels and stages of their banking journey. By leveraging eMACH.ai's advanced capabilities in real-time engagement, AI-drive personalisation, and omnichannel support, the bank aims to provide meaningful and consistent interactions, improving customer satisfaction and loyalty. This adoption underscores the bank's commitment to innovation and its dedication to meeting the dynamic needs of customers in the Austrian market while reinforcing its global presence in the financial sector

## 4 Deal Wins in Europe (Contd)

3

A leading Nordic wholesale bank, integral to the financial ecosystems of the Nordic and Baltic regions, has reinforced its commitment to innovation and customer-centricity by renewing its partnership with Intellect Wholesale Banking. This contract renewal marks the adoption of the latest version of eMACH.ai's Corporate Treasury eXchange (CTX) platform, a transformative solution designed to elevate cash management for corporate clients. The platform delivers optimised liquidity management, streamlined operations, and seamless treasury experiences, aligning with the bank's mission to provide sustainable financial solutions. This partnership highlights the bank's leadership in wholesale banking innovation, further empowering its corporate clients to navigate and thrive in an increasingly dynamic financial environment

4

A greenfield Electronic Money Institution (EMI) based in Malta has significantly upgraded its payment and transfer services across Malta and the entire European Economic Area by adopting the cutting-edge eMACH.ai Core Banking, Cards and Digital Engagement Platform along with iTurmeric. These innovative products enable the institution to provide a highly contextual and personalised experience for its customers at every stage of their financial journey. The institution streamlined and automated the entire card lifecycle, ensuring that processes are more efficient and user-friendly, ultimately enriching the overall customer experience. In addition, the composable platform iTurmeric enabled them to create applications with minimal coding, dramatically reducing development time and making the process more accessible to a broader range of professionals

## 3 Deal Wins in Africa

1

Partnering with Africa's largest financial institution marks a significant achievement for eMACH.ai. Spanning 22 countries, this collaboration highlights our capability to replace legacy systems and position eMACH.ai as the backbone of Corporate Treasury Management (CTX) across Africa. Leveraging our deep industry expertise in sectors like natural resources, transportation, and financial services, we will deliver tailored, scalable, and future-ready solutions that align with the client's enterprise architecture. This win solidifies our leadership in CTX platforms for emerging and developed markets, showcasing our resilience, precision, and strategic value in driving complex, multi-country implementations for global financial giants

2

A prominent Southern African financial services provider, with decades of industry expertise, has implemented the eMACH.ai Core Banking Platform to deliver signature banking experiences tailored to its evolving customer base. This strategic initiative empowers the institution to provide a contextual and personalised banking journey, ensuring seamless engagement and meaningful interactions at every stage of the customer lifecycle. By leveraging eMACH.ai's advanced capabilities, the provider aims to redefine the banking experience, aligning with its commitment to innovation and customer-centricity. The adoption of eMACH.ai Core Banking marks a significant milestone, enabling the delivery of cutting-edge financial services that meet the dynamic needs of modern customers while solidifying the provider's position as a leader in the Southern African financial landscape

3

A multinational banking and financial services conglomerate headquartered in Johannesburg, South Africa, has selected the eMACH.ai Digital Engagement Platform to revolutionise its customer experience. This strategic adoption empowers the bank to deliver a superior banking experience by addressing both stated and unstated customer needs while ensuring seamless integration across every touchpoint in the customer journey. The platform's cutting-edge capabilities in AI-driven personalisation, real-time engagement, and omnichannel support enable the bank to enhance customer satisfaction and loyalty. This move underscores the bank's commitment to leveraging advanced digital technologies to redefine customer engagement and solidify its position as a leader in the global banking sector

## 2 Deal Wins in Middle East

1

A leading full-service corporate bank in UAE that offers corporate and commercial banking, treasury and trade finance services, personal banking options, and Shari'a-compliant services, has renewed its trust with Intellect by choosing eMACH.ai TRADE for a seamless & unified omnichannel experience across Transaction Banking platform, hosted on eMACH.ai cloud

2

One of the largest financial institutions in Saudi has renewed its trust with Intellect by choosing eMACH.ai TRADE for building CBX for Trade Corporates, enabling a seamless & unified omnichannel experience across the Transaction Banking platform

# Digital Transformations: Driving Operational Excellence

eMACH.ai has played a pivotal role in driving the **digital transformation of sixteen leading financial institutions worldwide**

By integrating platforms such as eMACH.ai Liquidity Management Solution, Corporate Treasury Exchange (CTX), eMACH.ai Core Banking, eMACH.ai Lending, eMACH.ai Collection, and eMACH.ai Treasury, these institutions have been empowered to scale their operations efficiently

This suite of products and platforms streamlines processes, significantly reduces costs, enhances risk management strategies, and promotes sustainable practices

## 3 Go Lives in Americas

1

One of the largest wholesalers in the US went live with eMACH.ai Magic Submission powered by Purple Fabric for extraction and comparison of Binder and Policy document

2
