MANAGEMENT DISCUSSION & ANALYSIS REPORT:

1. This section includes discussion on the following matters within the limits set by the Company's Competitive position:

(A) OVERVIEW

G. G. Dandekar Properties Limited [Formerly known as G. G. Dandekar Machine Works Limited] (The Company) is addressing real estate business.

The Company during the year under review did not make any addition into the number of its properties. The commercial property in Pune is generating steady lease rental income in form of license fees for the company.

Considering the developments in the economic and commercial environment, the Company has diversified into real estate and leasing of property business by making modification in the object clause of Memorandum of the Company. The change in the object clause in the financial year 21-22 and the change in name of the Company in the year under review helped the company in securing moderate to lucrative business opportunities. The change will help in generating steady returns over the long term, which shall ensure consistent value creation for the members of the company. The Company foresees appreciation in the value of land and real estate based on the rise in demand for real estate spaces, which may positively impact the financial performance of the Company.

Associate Company:

The company has an associate company which was formed as joint venture company with subject experts who brought in with them rich industry experience in non-rice segment. The associate company has shown positive results and gains for the company. It has helped company to graduate from rice milling machinery business to various other grains, legumes, and spices etc.

The Company continues to operate in only one vertical commercial real estate - leasing of property.

(B) GLOBAL ECONOMY

"Global economy remains remarkably resilient, with growth holding steady as inflation returns to target," the IMF said while predicting the global real GDP growth at 3.2% for 2024 and 2025, the same rate as in 2023. Global real gross domestic product (GDP) growth is estimated at 3.2% in CY 2023, and projected to grow at the same rate in CY 2024 and CY 2025.

The IMF report attributed the slow pace of growth to several factors such as high borrowing costs, withdrawal of fiscal support, long-term effects of the COVID-19 pandemic, Russia's invasion of Ukraine, weak growth in productivity and increasing geoeconomic fragmentation. Global inflation moderated from its peak in the middle of CY 2022 while economic activity continued to grow, thus averting a possible global recession.

IMF expects global headline inflation to fall further from the annual average of 6.8% in 2023 to 5.9% in 2024 and to 4.5% in 2025, with advanced economies returning to their inflation targets sooner than emerging markets and developing economies. Risks to the global outlook for 2024 seem broadly balanced. These risks arise from price spikes stemming from geopolitical tensions and regional conflicts such as those in Gaza, attacks in the Red Sea, and continued war in Ukraine, a slower than expected decline in core inflation and interest rates remaining higher than expected.

On the upside are factors such as a short-term fiscal boost as many countries go to elections in 2024, faster monetary policy easing, and increase in productivity from technologies such as artificial intelligence.

(C) INDIAN ECONOMY

In 2023-24, as per current estimates, it is estimated to have grown 7.3 per cent on top of the 9.1 per cent (FY22) and 7.2 per cent (FY23) in the previous two years, and the economy is generating jobs. This impressive post pandemic recovery has seen the urban unemployment rate decline to 6.6 per cent. Since May 2023, the number of net new subscribers to EPFO in the age group 18-25 years has consistently exceeded 55 per cent of the total net new EPF subscribers. The government has extended the Pradhan Mantri Gharib Kalyan Anna Yojana for 80 crore citizens for five more years until December 2028.

Further, the government, despite the conflict in Ukraine and disrupted supplies, has managed crude oil purchases at the right price so that retail prices of petrol and diesel did not have to be increased for more than eighteen months. The government gave a 50-year interest-free loan of ₹1 lakh crore to states in FY23 and announced another ₹1.3 lakh crore of 50-year 12India's Economy to Rebound as Pandemic Prompts Reforms (imf.org)

The Indian Economy: A Review 6 interest-free loan in FY24. From April to November 2023, the states utilized more than ₹97,000 crore out of the ₹1.3 lakh crore of interest-free loans under the Special Assistance to states for Capital Investment that the Centre budgeted for FY24. . Resultingly, the states are improving their infrastructure, like schools, rural roads, electricity provision, etc. States' capital expenditure was up more than 47 per cent in the six months between April-September 2023 compared to April-September 2022.

Resilient economy – what made India resilient ?

The word 'resilience' is defined in the Cambridge dictionary as “the ability of a substance to return to its usual shape after being bent, stretched, or pressed.” In recent years, if there is one major economy in the world that displayed that quality beyond any reasonable doubt, it is India. After the pandemic-induced contraction in FY21, the Indian economy recorded two years of above-7 per cent growth and looks set to repeat it for the third year in FY24. In the first half of the current financial year, the economy has grown 7.6 per cent in real terms compared to the first half of FY23. Barring unforeseen global developments and based on historical patterns of growth in the second half, the overall growth rate for the year may even exceed the Reserve Bank of India (RBI) projection of 7 per cent. The National Statistical Office, in its First Advance Estimates, has estimated India's real GDP to grow at 7.3 per cent in FY24, higher than the forecast made by various national and international agencies.

India's real GDP is estimated to grow at an average of 7.9 per cent between FY22 and FY24. Very few economies in the world, if any, have maintained the post-Covid recovery as consistently as the Indian economy has done.

From IMF world outlook regarding Indian economy:

The International Monetary Fund (IMF) has raised India's growth forecast for 2024-25 to 6.8% from 6.5% on the back of strong domestic demand and a rising working-age population.

The Reserve Bank of India, the country's central bank, estimates the economy to grow at 7% in the current financial year that started on April 1.

The IMF estimates Asia's third largest economy's gross domestic product to grow at 6.5% in the next financial year, it said in the World Economic Outlook released on 16 April 2024. The agency also revised upwards the growth figure for 2023-24 to 7.8% from 6.7% it had forecast in January. India's own official estimates had pegged growth at 7.6%.

Growth surprised on the upside in the second half of 2023 as robust domestic demand fuelled activity, especially in emerging Asian economies. Malaysia, the Philippines, Vietnam, and most notably India, recorded sizable positive growth surprises. Growth for the region reached 5 percent in 2023, much stronger than a growth of 3.9 percent in 2022, and this represents a 0.4 percentage points higher than what we had projected in the October 2023 Regional Economic Outlook, and the momentum carries over into 2024. We now project the region to grow by 4.5 percent in 2024 and upward revision of 0.3 percentage points relative to October. With this, Asia would contribute about 60 percent of global growth. The region is projected to grow by 4.3 percent in 2025.

The driver of growth- for India, we expect investment to contribute disproportionately to growth, much of it public, especially in India. In emerging Asia, outside China and India, robust private consumption will remain the main growth engine.

(D) INDUSTRY STRUCTURE AND DEVELOPMENT

Real Estate is one of the industries with the highest international recognition. It is divided into four sub-sectors: residential, retail, hotel, and commercial. The expansion of this sector is largely supported by the expansion of the business environment and the need for office space, as well as urban and semi-urban housing.

The Indian real estate market is growing at a rapid pace. It is expected to increase to US\$ 1 trillion in 2030 from US\$ 200 million in 2021, making it the third largest globally. The real estate sector contributed around 7% to India's GDP in FY 2018-19, and its share is expected to advance to about 13% in 2025. The sector has robust forward and backward linkages with core sectors of the economy, namely, steel, cement, and other building materials, which directly/indirectly impacts 270 industries.

The commercial real estate market in India is well organized and highly competitive. Rising economy, digitalization, growth in the IT/ITeS sector and varied government reforms (industrial corridors, FDI policy, RERA, REITs) have resulted in higher demand for the commercial real estate space. Global investment poured in as the government relaxed FDI norms, promoting the development of malls and other organized retail spaces. At the same time, the digital economy and e-commerce attributed to a demand for coworking office spaces, smart warehousing, and logistics hubs.

(E) OPPORTUNITIES AND THREATS

The demand for commercial real estate has increased as a result of the booming economy and the returning workers to offices, as was previously said however with another issue that is becoming more significant is the rise of co-working spaces. Innovative office space ideas, business-friendly efforts and top-notch amenities for tenants are further factors driving the increase in demand.

Due to the removal of limits connected to the pandemic, vacancies in Grade A offices are now returned to being stable compared to the previous two years. JLL predicts that due to rising demand, the Grade A office market would reach 1.2 billion square feet by 2030.

Commercial real estate leases are typically long-term, and every three years, the rental rate increases by 15%, making it profitable for developers. This has fueled the creation of a number of new office space projects that are currently under construction and will be open soon.

Threat related real estate industry include following amongst others:

1. Political uncertainty – the change in leadership affects heavily the taxation system which has link to the real estate sector. When the political scenario changes leadership economic environment gets influenced. A war between the countries may affect the real estate industry.
2. Interest rates- when interest rates rise, it has firm impact on real estate markets. This rise will reduce the demand amongst the customers.
3. Economy and affordability – when the economy goes down, the affordability of the potential customer also goes down which in turn affects the growth of real estate industry.
4. Natural disaster-When natural disaster occurs, it affects the real estate industry adversely.

(F) SEGMENT-WISE PERFORMANCE OR PRODUCT-WISE PERFORMANCE

Your company continues to operate in 1 segment only which is real estate leasing of property.

In the year 2022-23, the Company has purchased pre-leased commercial property in Pune which is a rapidly developing city and counted among the best urban infrastructure in India. It is ranked second in the Ease of Living Index 2020 by the Ministry of Housing and Urban Affairs in India. It was ranked highest among all Indian cities by

Mercer's 21st Annual Quality of Living Rankings in 2019 and ranked seventh in terms of per capita income. The city's real estate sector growth is driven by IT, education, automobile, and manufacturing sectors. India's Smart Cities Mission has driven the growth of Pune's urban infrastructure. Investments valued at more than Rs. 650 Bn are expected to be infused over eight years for establishing metro rail links, a new airport terminal, and a ring road.

(G) OUTLOOK

Commercial Real Estate in India:

India's commercial real estate market has been steadily growing, and the rise of small and medium real estate land developers and a segment of institutional capital has acted as a catalyst for the sector. Additionally, the development of robust office infrastructure has increased the country's economic activity, creating opportunities for real estate-focused startups.

Pune is a rapidly growing city in Maharashtra with a thriving economy and a strong presence in the IT, manufacturing, and automobile industries. It is home to many large corporations, including Amazon, TATA, and Infosys, making it an ideal location for [commercial real estate investments](#).

The demand for commercial property in Pune for sale is rising. With upcoming properties offering a range of options for investors. From commercial shops for sale in Pune to large office spaces, there are plenty of opportunities to tap into. Real estate Pune developers also focus on building robust office infrastructure to meet the growing demand from occupiers.

India's population is expected to be 1.52 Bn by 2036 with a 70% increase in the urban areas. India's urban population is expected to grow from 35% in 2022 to 39% by 2036, driving the growth of the real estate sector. India has more than 50% of the population below the age of 25 and more than 65% of the population below the age of 35. This demographic advantage is expected to translate into increased real estate demand.

The Government of India allowed FDI up to 100% in the Indian real estate sector, which is expected to attract increasing investments.

The pandemic-infused trends coupled with low-interest rates, affordability, and other favorable factors harnessed the positive sentiments in these markets resulting in growing property sales.

(H) RISK AND CONCERNS

The Company continues to operate in Real-estate- leasing of property since the FY 2022-23. Though this business in the evolving stage, following risks are identified:

Inadvertent delay.
8.	There was delay of 1 year 1 month from conclusion of six months from the change of activities of the Company, for changing the name of the Company in order to comply with Regulation 45 of SEBI (LODR) Regulations, 2015.	<p>The Company had been taking steps to change its name due to technical issues related to Ministry of Corporate Affairs V3 portal, the company has made couple of unsuccessful attempts for reservation of proposed name.</p> <p>The company has prepared a draft application to be sent to SEBI regarding the matter. The same has been sent over mail for review/comments to your office. The company in its meeting of Board of Directors held on 30 May 2023 has passed a resolution for change in name subject to the approval of the shareholders to be obtained in due course.</p>
9.	The Company did not procure and attach certificate from a Practicing Chartered Accountant as contemplated by Regulation 45(3) of the SEBI (LODR) Regulations, 2015 to the postal ballot notice issued to shareholders on June 28, 2023. The Company placed the certificate from Practicing Chartered Accountant before members in the postal ballot notice dated December 26, 2023.	Inadvertent non-compliance-the Company ratified the non-compliance by placing certificate from practicing company secretary before members in the postal ballot notice dated December 26, 2023. The Company received approval of members on January 25, 2024 and complied with the provision of the said regulation.
10.	The Company failed to comply with Section 108 of the Companies Act 2013 read with Rule 20 Companies (Management and Administration) Rules, 2014 and Regulation 47 of the SEBI (LODR) Regulations, 2015 as the Company had not published the Notice of the Annual General Meeting simultaneously with the submission of the same to the stock exchange in English language national daily newspaper and in one daily newspaper published in the language of the region, where the registered office of the Company is situated.	Inadvertent non-compliance.

We have audited the accompanying standalone financial statements of G. G. Dandekar Properties Limited ("the Company"), which comprise the Standalone Balance Sheet as at 31 March, 2024, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2024, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	The key audit matters	How our audit addressed the key audit matters
1.	<p>Contingent liabilities / provisions in relation to tax litigations:</p> <p>There are some litigations pending before various forums against the Company. The Company has received certain demand orders and notices under direct tax laws which the Company is contesting. We identified this as a key matter as the estimate of these amounts involve a significant degree of management judgement and high estimation uncertainty.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Obtained an understanding, assessed, and tested the internal control environment relating to the identification, recognition, and measurement of provisions for disputes and disclosures of contingent liabilities in relation to tax litigations • Obtained details of ongoing and completed tax assessments, demands and other litigations issued by tax authorities, from the management. • Reviewed the orders/notices received from tax authorities and held discussion with management to understand management's assessment of the quantification and likelihood of significant exposures and the provision required for specific cases. Analysed the management's estimates related to the recognized provisions for disputes and disclosures of contingent liabilities in relation to tax litigations and uncertain tax positions in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon (Other Information)

The Company's management and Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the IndAS.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of section 143(11) of the Act, we enclose in "Annexure-A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by sub-section 3 of Section 143 of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the Directors as on 31 March, 2024, and taken on record by the Board of Directors, none of the Directors are disqualified as on 31 March, 2024 from being appointed as a Director in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure-B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls with reference to the Standalone Financial Statements.
 - g) With respect to the matter to be included in the Auditors' Report under section 197(16):
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

(B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements in Note No. 36 to the Standalone Financial Statements;
- b) The Company did not have any long-term contracts, including derivative contracts, for which there were any material foreseeable losses; and
- c) There were no amounts, which were required to be transferred to the Investor Education and Protection Fund by the Company.
- d) With respect to clause (e) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended
 - (i) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested by the Company to or in any other person or entity, including foreign entity (Intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (ii) Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entity (Funding Parties), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided above, contain any material misstatement.
- e) The Company has neither declared nor paid any dividend during the year.
- f) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 1 April, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31 March, 2024.

“Annexure–B” to the Independent Auditor’s Report

(Referred to in Paragraph 2 (A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the standalone financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the internal financial controls over financial reporting of G. G. Dandekar Properties Limited (“the Company”) as of 31 March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting with reference to the standalone financial statements and such internal financial controls were operating effectively as at 31 March, 2024, based on the internal control over financial reporting with reference to the standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India(ICAI)(the “Guidance Note”).

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 (‘the Act’).

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the 'Guidance Note' issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to these standalone financial statements based on our audit. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls were established and maintained and whether controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of such internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control with reference to standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

1. Company Overview:

G. G. Dandekar Properties Limited (formerly known as G. G. Dandekar Machine Works Limited) ('the Company') is a Public Limited Company domiciled and registered in India. The Registered Office of the Company is situated at 211/A, MIDC Butibori Industrial Area, Kinhi Village, Tal. Hingna, Dist. Nagpur 441122. The equity shares of the Company are listed on the Bombay Stock Exchange (BSE). The Company is engaged in the business of renting and/or leasing immovable properties.

These standalone financial statements were approved for issue by the Board of Directors on 30th May 2024.

2. Statement Of Compliance

The financial statements of the Company comply in all material respects, with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act'), read together with the Companies (Indian Accounting Standards) Rules, 2015 (the 'Rules'), as amended and other relevant provisions of the Act. In addition, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations requires a different treatment.

3. Basis of Preparation, Presentation and Measurement:

These financial statements have been prepared on an accrual basis and under historical cost convention, except for certain financial assets and financial liabilities that have been measured at fair value in accordance with Ind AS.

These financial statements are presented in Indian Rupees (₹) which are rounded to the nearest Lakhs (up to two decimals), unless otherwise stated.

4. Basis of Current and Non-Current Classification:

All assets and liabilities have been classified as Current or Non-Current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Act. Based on the nature of the activities and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of Current/ Non-Current classification of assets and liabilities. Accordingly, an asset is treated as current when it is expected to be realised within twelve months after the reporting period, and liability is current when it is due to be settled within twelve months after the reporting period.

5. Use of Estimates:

The preparation of Financial Statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that may affect the reported amounts in the Balance Sheet, related disclosures of the contingent liabilities and others at the end of each reported period and in Statement of Profit and Loss for the relevant period.

The estimates are based on the management's best knowledge of current events and actions. However, due to uncertainties relating to these judgments, assumptions and estimates, the actual amounts may differ. Estimates and underlying assumptions are reviewed on an ongoing basis on each reporting date and may change from period to period. Appropriate changes in estimates are made prospectively, when the management becomes aware of changes in circumstances surrounding the estimates and the differences, if any, between the actual results and estimates are recognized in the period in which the results are known.

6. Material Accounting Policies:

6.1. Property, Plant and Equipment (PPE)-

- a. An item of PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE is stated at its original cost net of tax / duty credits availed, if any, but including borrowing costs for qualifying assets and other attributable costs incurred for bringing the asset to its working condition for its intended use, less accumulated depreciation and cumulative impairment, if any.
- b. Subsequent expenditure incurred is included in the asset's carrying amount appropriately, only when it is probable that future economic benefits will flow to the Company and related costs can be measured reliably. All other costs in the nature of repairs and maintenance expenses are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

- c. Where a cost of a part of an asset ("asset component") is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part is determined separately and such asset component is depreciated over its separate useful life.
- d. Items of PPE not ready for its intended use on the reporting date are disclosed as "Capital Work in Progress".
- e. An item of PPE is de-recognised upon disposal or when retired from active use when no future benefits are expected from its use. Gains/ losses on de-recognition are recognised in the statement of Profit and Loss.

6.2. Intangible Assets-

- a. An Intangible asset is recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably and is stated at cost less accumulated amortisation and impairments, if any.
- b. Software, which is not an integral part of any related hardware, is classified as an intangible asset.
- c. The carrying amount of an intangible asset is de-recognised on disposal or when no future economic benefits are expected to flow from its use or disposal. The gain or loss arising from de-recognition is recognised in the Statement of Profit and Loss.

6.3. Investment property

- a. Investment in land and/or buildings that are not intended to be occupied substantially for use by or in the operations of the Company are classified as investment property
- b. Investment property is initially measured at cost, including related transaction costs. The cost of investment property includes its purchase price and directly attributable expenditure, if any. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.
- c. Subsequent to the initial recognition, investment property is stated at cost less accumulated depreciation and accumulated impairment loss, if any.
- d. Investment property is derecognised either when it is disposed of or permanently withdrawn from use and no future economic benefit is expected from its disposal.
- e. Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed as required by IND AS 40 'Investment Properties'. Fair values are determined based on a periodic evaluation performed by an accredited external independent valuer applying valuation model recommended by recognised valuation standards committee.

6.4. Depreciation and Amortisation-

- a. Depreciation on fixed assets is charged on Written Down Value method using the useful lives and residual values of all the assets, as prescribed under Part – C of Schedule II to the Companies Act, 2013, except as stated in para (b) & (c) below.
- b. Leasehold land is amortised on a straight-line basis over the period of lease.
- c. Computer Software are being amortised on a straight-line basis over a period of 6 years from the date of put to use.
- d. Depreciation on investment property is charged on Written Down Value method using the useful lives as per the useful life prescribed under Schedule II of the Act.

6.5. Non-Current Assets Held for Sale-

The Company classifies non-current assets as held for sale if their carrying amounts are expected to be recovered principally through sale transaction rather than through continuing use. Non-current assets, classified as held for sale are measured at the lower of their carrying amounts and the fair value less costs to sell. The criteria for assets held for sale classification is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition.

6.6. Impairment of Non-Financial Assets-

The Company assesses at each reporting date, whether there is any indication that a non-financial asset is required to be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. Recoverable amount is the higher of an asset's fair value less costs of disposal or its value in use. Where carrying amount of an asset exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discounting factor.

The impairment loss, is recognised in the statement of profit and loss.

When there is an indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment.

6.7. Financial Instruments-

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The company recognises a financial instrument when it becomes a party to the contractual provisions of instrument.

a) Financial Assets-

i. Initial Recognition

On initial recognition, a financial asset is recognised at fair value. In case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction costs are added to or deducted from, as the case may be, the fair value of such financial assets or liabilities, on initial recognition.

ii. Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

Financial Assets measured at Amortised Cost

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model with an objective to hold these assets for collecting contractual cash flows and the contractual terms of the financial assets give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent measurement is done using the effective interest rate (EIR) method. The EIR amortisation of these financial assets is included in finance income. Impairment losses and reversals thereof arising on these assets are recognised in the Statement of Profit and Loss.

Financial Assets Measured at Fair Value through Other Comprehensive Income (FVOCI): Financial assets are measured at fair value through Other Comprehensive Income (OCI), if financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and to sell financial assets and the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent measurement, until they are derecognised or reclassified, is done at fair value and unrealised gains and losses are recognised in other comprehensive income except for the recognition of impairment losses and reversals thereof, interest revenue and foreign exchange gains and losses are recognised in the Statement of Profit and Loss.

Financial Assets Measured at Fair Value through Profit or loss (FVTPL):

Financial assets are measured at fair value through Profit or loss unless it is measured at amortised cost or at fair value through OCI. Subsequent measurement is done at fair value and unrealised gains and losses are recognised in the statement of profit and loss.

Investment in equity instruments issued by subsidiary, associate and joint venture companies are measured at costless impairment.

iii. Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

The impairment provisions for financial assets are mainly based on past history, assumptions about risk of defaults, expected loss rates and timing of cash flows. As a practical expedient, the company uses a standard provision matrix. The company applies standard ECL impairment allowance based on ageing of receivables to estimate the provision amount. However, in case of significant increase in the credit risk, lifetime ECL is used.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive after applying a standard provision matrix. ECL impairment loss allowance or reversal thereof is recognised in the Statement of Profit and Loss.

iv. De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or the company transfers its rights to receive cash flows from the asset and transfers substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

b. Financial Liabilities-

i. Initial Recognition

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs that are not recognised at fair value through profit and loss account.

ii. Subsequent Measurement

For the purposes of subsequent measurement, financial liabilities are classified and measured as follows-

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

iii. De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

6.8. Fair Value Measurements:

Space here is intentionally left blank. Data continues on next page.

- a. Fair value is the price that would be received on sale of an asset or paid for transfer of a liability in an orderly transaction between market participants at the measurement date
- b. Fair value measurement of assets and liabilities is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.
- c. All assets and liabilities for which fair value is measured or disclosed are categorised within fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level-1 - Quoted market prices in the active market for identical assets and

Level-2- Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level-3- Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly unobservable.

Above levels of fair value hierarchy are applied consistently and generally, there are no transfers between the levels of the fair value hierarchy unless the circumstances change warranting such transfer.

6.9. Borrowing Costs-

Borrowing costs, net of any investment income from temporary investment of related borrowings, directly attributable to the acquisition, construction or production of a qualifying asset, are capitalised as a part of the cost of the asset. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

6.10. Inventories-

- a. Raw material, stores and spares are valued at lower of cost measured on weighted average cost basis or net realisable value. Cost of inventories comprises all costs of materials, duties and taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition. These items of inventory are considered to be realisable at cost if the finished products in which they will be used, are expected to be sold at or above cost
- b. Work in Progress is valued at lower of cost of production or net realisable value.
- c. Finished Goods are valued at lower of cost or net realisable value. Cost includes direct material, labour cost, appropriate share of manufacturing overheads and other costs incurred in bringing the inventory to their present condition and location.

6.11. Cash and Cash Equivalents:

Cash and cash equivalents are cash, balances with bank and short-term deposits (three months or less from the date of placement), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value. Cash and cash equivalents include balances with banks other than balances that have no restrictions for withdrawal/usage.

6.12. Foreign Currency Transactions-

- a. The functional currency and presentation currency of the company is Indian Rupee.
- b. Transactions in currencies other than the Company's functional currency are recorded on initial recognition using the exchange rate prevailing on the date of transaction. However, where consideration is received or paid in advance the date of such payment or receipt of advance is considered as the date of transaction for determining the exchange rate to be used for initial recognition of the related asset, expense, liability or, income.
- c. At each Balance Sheet date, foreign currency monetary items are restated using the closing rate. Non-monetary items are measured at historical cost and are not retranslated.
- d. Exchange differences that arise on settlement of monetary items or on restating of monetary items at each Balance Sheet date at the closing rate are recognised in the Statement of Profit and Loss in the period in which they arise.

6.13. Provisions, Contingent Liabilities and Contingent Assets-

a. Provisions are recognised only when the Company has:-

- i. a present obligation (legal or constructive) as a result of past event
- ii. a probable outflow of resources embodying economic benefits will be required to settle the obligation; and
- iii. The amount of obligation can be reliably estimated.

Provision is measured using cash flows estimated to settle the present obligation. The carrying amount of provision is the present value of those cash flows.

b. Contingent liabilities are disclosed in case of:-

- i. a present obligation arising from past events, when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation,
 - ii. a present obligation arising from past events, and the amount of obligation cannot be measured with sufficient reliability,
 - iii. a possible obligation arising from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.
- c. Possible obligations arising from past events where likelihood of actual outflow of resources is remote are not considered as contingent liabilities.
- d. Contingent assets are neither recognised, nor disclosed.
- e. Provisions and Contingent Liabilities are reviewed at each Balance Sheet date.

6.14. Revenue Recognition-

a. Revenue from contracts with Customers:

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer. In case of multiple performance obligations, the revenue is recognised to the extent of transaction price allocated to the performance obligation that is satisfied

The Company recognises revenue over a period of time, if one of the following criteria is met:

- i. The customer simultaneously consumes the benefit of the Company's performance or;
- ii. The customer controls the asset as it is being created/enhanced by the Company's performance or;
- iii. There is no alternative use of the asset and the Company has either explicit or implicit right of payment considering legal precedents.

In all other cases, performance obligation is considered as satisfied at a point in time.

Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party. Variable consideration is estimated using the expected value method or most likely amount as appropriate in a given circumstance. Payment terms agreed with a customer are as per contractual terms or business practice, as the case may be. Revenue is recognised only to the extent that it is highly probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be reliably measured.

Revenue from the sale of goods

Revenue from the sale of goods is recognised when substantial control of the goods has been transferred to the customer. The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is dispatched to the customer or on delivery to the customer, as may be specified in the contract.

Revenue from services

Revenue from erection and commissioning services is recognised on completion of contractual obligations.

a. Other Revenue:

Interest income is recognised on time proportion basis determined by the amount outstanding and the rate applicable using the effective interest rate method provided there is no uncertainty over its ultimate realisation.

Dividend income is recognised when the Company's right to receive the same is established.
Any other incomes are accounted for on accrual basis.

6.15. Warranty expenses-

The estimated liability for product warranties is recorded at the end of financial year. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures.

The timing of outflows will vary as and when warranty claim will arise - being typically up to 2 to 3 years.

6.16. Income Tax –

a. Income Tax Expense comprises of Current Tax and Deferred Tax.

b. Current Tax expense is determined on the basis of taxable income for the current accounting period computed in accordance with the provisions of the Income Tax Act, 1961 and based on the history of allowances and disallowances in the earlier years.

The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Current tax relating to items recognised outside the statement of profit and loss is recognised, either in OCI or in equity. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

c. Provision for Deferred Tax is recognised using balance sheet method for all taxable temporary differences between carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax bases used in computation of taxable profits. Deferred tax is measured using tax rates and laws enacted or substantially enacted as on the reporting date. Deferred tax asset is recognised and carried forward only to the extent that it is probable that taxable profits will be available against with those deductible temporary differences can be utilised in the future.

6.17. Leases-

a. The Company assesses and designates a contract as a lease contract, at inception of a contract. The determination of whether an arrangement is a lease is based on the substance of the arrangement. The arrangement is a lease if fulfilment of the arrangement is dependent on the use of an identified asset or assets and the arrangement conveys a right to control the use of the identified asset or assets for a period of time in exchange for a consideration, even if that right is not explicitly specified in an arrangement.

b. Accounting as lessor:

The Company classifies its lease contracts either as operating leases or finance leases at the inception of the lease. Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised over the term of the relevant lease. Initial direct costs, which are material, incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Initial direct costs incurred in negotiating and arranging an operating lease that are not material in nature are charged to the statement of Profit and Loss as and when incurred. Contingent rents are recognised as revenue in the period in which they are earned.

c. Accounting as lessee-

In case of contracts of material value where the Company is a Lessee, it recognises a right of use asset (ROU asset) and a lease liability on the commencement date of the contract.

A ROU asset is valued using cost model. At the commencement of the lease ROU asset is recognised at cost which comprises of - total lease payments to be made over the lease term valued at its present value using Company's incremental borrowing rate, initial direct costs and costs of restoration; net of lease incentives received. ROU asset is depreciated over the lease term on straight line basis over the shorter of the lease term and useful life of the underlying asset.

The Company determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

A lease liability is recognised at present value of total lease payments to be made over the lease term using Company's incremental borrowing rate. Lease liability is increased to reflect interest on the lease liability and reduced to reflect payments made to the lessor. The carrying value of lease liability is reassessed when there is change in lease term.

The Company has availed recognition exemption and chosen not to apply the above accounting treatment for short-term leases and leases for low-value underlying assets where lease payments associated with those leases are recognised as an expense as and when incurred on systematic basis

6.18. Employee Benefits-

a. Short Term Employee Benefits

All employee benefits payable wholly within the twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, short-term compensated absences, expected cost of bonus, ex-gratia and performance-linked rewards are considered as short-term employee benefits and are expensed in the period in which the employee renders the related service.

b. Post-Employment Benefits:

i. Defined Contribution Plans

The State governed Employee Provident Fund and Pension Scheme, Employees State Insurance Scheme are the defined contribution plans. The liability on account of the Company's contributions paid or payable under these schemes is recognised during the period in which the employee renders the related service and is charged to the Statement of Profit and Loss. The Company has no further obligation beyond these contributions towards employees.

ii. Defined Benefit Plans

The employees' gratuity fund scheme is the Company's defined benefit plan. The present value of the obligation under the said defined benefit plan is determined on the basis of actuarial valuation from an independent actuary using the Projected Unit Credit Method.

Remeasurements, comprising of actuarial gains are recognised immediately in the balance sheet with a corresponding debit or credit to Other Comprehensive Income (OCI) in the period in which they occur. Remeasurements are not reclassified to Statement of Profit or Loss in subsequent periods.

In the case of funded plans, the fair value of the plan's assets is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on net basis.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Net interest is calculated by applying the discount rate to the net defined benefit liability or the fair value of the plan asset. The cost is included in employee benefits expense in the Statement of Profit and Loss.

c. Other Long Term Employee Benefits:

The employees of the Company are entitled to compensated absences. The Company records an obligation for such compensated absences as per the rules of the Company and is measured on the basis of actuarial valuation from an independent actuary. Actuarial gains and losses are immediately recognised in the Statement of Profit and Loss in the period in which they occur.

5.12 Segment Reporting:

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision maker (CODM) in the Company to make decisions for performance assessment and resource allocation. Operating segments are reported in a manner consistent with the internal reporting provided to the CODM. The CODM regularly monitors and reviews the operating result of the Company through identified segments. The CODM has been identified as the Chairman and Managing Director who makes strategic decisions.

The reporting of segment information is the same as provided to the Management for the purpose of the performance assessment and resource allocation to the segments. The Accounting Policies adopted for segment reporting are in line with the Accounting Policies of the Company.

6.19. Earnings Per Share (EPS)-

Basic EPS amount is calculated by dividing the net profit for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

6.20. Cash Flow-

The Cash Flow Statement is prepared by the Indirect Method set out in Ind AS-7 'Cash Flow Statement' and presents cash flow by operating, investing and financing activities of the Company.

7. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended 31 March, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

(Amount in Rs Lakhs)

Sr. No.	PARTICULARS	AS AT 31 st March 2024	AS AT 31 st March 2023
A.	Disputed Liabilities in respect of Income Tax	445.51	704.94
B.	Disputed Liabilities in respect of Wealth Tax	22.64	22.64
C.	Butibori Grampanchayat Tax	19.99	18.32

During the year the Company has received show cause and demand notices from the Income Tax Department pertaining to the AY 2011-12 and AY 2013-14. For these assessment years an aggregate demand of Rs. 305.50 Lakhs has been raised on the Company. Due to Covid-19 pandemic, subsequent operational disruption and closure of manufacturing operations at Nagpur, frequent changes in key managerial personnel during the period from 2021 to 2022 and website/ domain issues, hearing and demand notices served by the Income Tax Department were not responded to. Once the management became aware of the existence such notices, it took steps, after consultation with legal experts, to file appeals against the orders with the Income Tax Appellate Tribunal (ITAT) with a request for condonation of delay in filing such appeals. The management is of the firm view that the company has a fair chance of succeeding in the appeals. However, especially considering the delays in filing the appeals, as an abandoned caution the Company has made an aggregate provision of Rs. 305.50 Lakhs in the books of account for the year ended on 31 March, 2024, in respect of the AY 2011-12 and 2013-14.

In other cases, pending resolution of the respective proceedings, it is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above as it is determinable only on receipt of judgement/decisions pending with various forums/authorities.

The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities, wherever applicable in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial position. The Company does not expect any reimbursements in respect of the above contingent liabilities.

	b) Non-Current Liability	1.09	0.68

c. The employee benefit plans of the Company typically expose the Company to actuarial risks such as: Investment risk, Interest Rate Risk and Longevity Risk, etc. which are explained below:

i. **Investment Risk**

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

ii. **Interest Risk**

The plan exposes the Company to the risk of fall in Interest rates on plan assets. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

iii. **Longevity Risk**

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

43. a. Disclosure pursuant to Ind AS 107 -Financial risk management

The activities of the Company expose it to a variety of financial risks. The Company's risk management policies are focused to identify the unpredictability of financial markets, put required controls, monitor and minimize potential adverse effects on its financial performance. The risk management policies and systems are reviewed periodically to reflect changes in market conditions and company's activities. Board of Directors has overall responsibility for the setup and oversight of company's risk management framework.

The company has exposure to the following risks arising from financial instruments:

(A) Credit risk; (B)Liquidity risk and (C)Market risk.

(A) Credit risk:

Credit risk refers to the risk of default on its obligation by the customer or counterparty in meeting its contractual obligations, resulting into a financial loss to the company. The maximum exposure to the credit risk is primarily from company's trade and other receivables amounting to as at 31 March, 2024 ₹1,032.74 Lakhs and as at 31 March, 2023 ₹ 838.32 Lakhs. Details of receivables and other current assets are as per the table below:

Space here is intentionally left blank. Data continues on next page.

(Amount in Rs Lakhs)

PARTICULARS	AS AT 31 st March 2024	AS AT 31 st March 2023

Total financial Assets Carried at Amortised Cost	1,032.64	800.62
Investments	0.10	37.70
Total Financial Assets Carried at Fair Value	0.10	37.70

Receivables are reviewed, managed and controlled for each customer separately. Credit risk is managed through credit approvals process by establishing credit limits and continuously monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. An impairment analysis is performed at each reporting date on an individual basis for major customers. Company has a practice to provide for doubtful debts on a case-to-case basis after considering inter-alia customer's credibility etc.

The allowance for Expected Credit Loss on customer balances for the year ended 31 March, 2024 and 31 March, 2023 was ₹6.73 Lakhs.

There is no significant credit risk on cash and cash equivalents as the Company generally invest in deposits with banks with good credit ratings.

There is no significant credit risk on other receivables, which mainly comprise of security deposits.

(B) Liquidity risk

Liquidity risk refers to the risk that the Company may encounter in meeting its obligations associated with its financial liabilities on time or at a reasonable price. The Company's Accounts and Finance department is responsible for liquidity and fund flow management. In addition to that, processes and policies related to such risks are overseen by the Senior Management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(C) Market risk:

Market risk refers to the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. It comprises of below mentioned three types of risks:

- i) Currency risk
- ii) Interest rate risk
- iii) Other price risk such as equity/debt securities price risk

i) Currency risk

Currency risk refers to the risk that arises when future commercial transactions and recognized assets and liabilities are denominated in a currency that is not the Company's functional currency. Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Company mainly operates in Indian domestic market. The maximum exposure to the currency risk is primarily from trade payables on account of goods imported into the country. The Company does not have any foreign currency payables as at the year-end hence, the Company does not have any currency risk at present.

ii) Interest rate risk

Interest rate risk refers to the risk that fair value or future cash flows of financial instrument will fluctuate because of changes in market interest rates. The Company's borrowing is linked to repo rate and therefore, to that extent the Company is currently exposed to such risk.

The exposure of Company's borrowings to interest rate risk at the end of the reporting period are as follows:

(Amount in Rs Lakhs)

PARTICULARS	AS AT 31 st March 2024	AS AT 31 st March 2023
Floating rate borrowings- Functional Currency	437.09	459.00

iii) Equity Price risk

Price risk refers to the risk of fluctuations in the value of assets and liabilities as a result of change in market prices of Investments.

The Company does not have any assets or liabilities whose value can change due to change in market prices hence the Company is not exposed to equity price risk as on 31 March 2024.

45. Disclosure pursuant to Ind AS- 108 'Operating Segments'

In accordance with requirements of IND-AS-108 on Segment Reporting issued by the ICAI, the Company has identified 'Leasing of immovable properties' as its reportable segment.

Basis of identifying operating segments, reportable segments, and definition of each reportable segment:

a. Basis of identifying operating segments:

Operating segments are identified as those components of the

- i) that engage in business activities to earn revenues and incur expenses;
- ii) whose operating results are regularly reviewed by the management to make decisions about resource allocation and performance assessment; and;
- iii) for which discrete financial information is available.

b. Reportable segments:

An operating segment is classified as reportable segment if reported revenue (including inter-segment revenue) or absolute amount of result or assets exceed 10% or more of the combined total of all the operating segments.

The Company has only one reportable segment viz. renting and/or leasing immovable properties. During the financial year 2023-24, the company was engaged in leasing of commercial properties. The Company is not reliant of any one customer.

In the previous financial year, the Company had two reportable segments i.e. (i) Manufacturing Division and (ii) Real Estate Leasing Division. The nature of business of these segments were different and were managed. The Board of Directors in their meeting held on 20 February 2023 decided to discontinue the manufacturing activities. Disclosure pursuant to the Indian Accounting Standard -108 on "Segment Reporting" is as below.

Independent Auditor's Report

To the Members of G. G. Dandekar Properties Limited,
(Formerly known as G. G. Dandekar Machine Works Limited)

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of G. G. Dandekar Properties Limited ("the Parent Company") which includes share of profit in its associate company (together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at 31 March, 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and notes to the consolidated financial statements including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at 31 March, 2024, and the loss and total comprehensive income changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report.

We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Other Matters

We did not audit financial information of an associate entity; whose financial statements reflect total assets of ₹ 882.41 Lakhs as at 31 March 2024 and total revenues of ₹ 2851.29 Lakhs, total net profit after tax of ₹ 57.32 Lakhs for the year ended 31 March 2024. Financial Statements of above entity have been audited by its independent auditor. The independent auditor's report on the financial statements of this entity have been furnished to us and our opinion on consolidated financial statements, in so far it relates to the amounts and disclosures included in respect of this entity, is based solely on the report of such auditor and the procedures performed by us are as stated above. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	The key audit matters	How our audit addressed the key audit matters
1.	<p><u>Contingent liabilities / provisions in relation to tax litigations:</u> There are some litigations pending before various forums against the Group. The Group has received certain demand orders and notices under direct tax laws which the Group is contesting. We identified this as a key matter as the estimate of these amounts involve a significant degree of management judgement and high estimation uncertainty.</p>	<p><u>Our audit procedures included the following:</u></p> <ul style="list-style-type: none"> • Obtained an understanding, assessed, and tested the internal control environment relating to the identification, recognition, and measurement of provisions for disputes and disclosures of contingent liabilities in relation to tax litigations • Obtained details of ongoing and completed tax assessments, demands and other litigations issued by tax authorities, from the management. • Reviewed the orders/notices received from tax authorities and held discussion with management to understand management's assessment of the quantification and likelihood of significant exposures and the provision required for specific cases. • Analysed the management's estimates related to the recognized provisions for disputes and disclosures of contingent liabilities in relation to tax litigations and uncertain tax positions in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Parent Company's annual report, but does not include the consolidated financial statements, standalone financial statements and our auditors report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated, compare with the financial statements of the associate company audited by the other auditors, to the extent it relates to this entity and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. Other information so far as it relates to associate company, is traced from their financial statements audited by the other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate company in accordance with the accounting principles generally accepted in India, including the Ind AS.

The respective Board of Directors of the companies included in the Group and of its associate company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing ability of respective entities to continue as a going concern,

disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are also responsible for overseeing financial reporting process of the Group and of its associates.

Auditor's Responsibility for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Parent company has adequate internal financial controls in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. For the entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most

significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. (A) As required by sub-section 3 of Section 143 of the Act, based on our audit and on the consideration of the report of the other auditors on the separate financial information of the associates referred to in the Other Matters section above we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the Directors of the Parent Company as on 31 March, 2024, and taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its associate company, none of the Directors of the Group companies are disqualified as on 31 March, 2024 from being appointed as a Director in terms of section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the group and the operating effectiveness of such controls, refer to our separate report in "Annexure-A" which is based on the auditors' reports of the Parent Company and its associate company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to the Consolidated Financial Statements.
 - g) With respect to the matter to be included in the Auditors' Report under section 197(16):
In our opinion and according to the information and explanations given to us, the remuneration paid by the Parent Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group in Note No. 37;
 - b) The Group did not have any long-term contracts, including derivative contracts, for which there were any material foreseeable losses; and
 - c) There were no amounts, which were required to be transferred to the Investor Education and Protection Fund by the Group.
 - d) With respect to clause (e) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended
 - i. The respective Management of the Company and its associates have represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or its associates to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or its associates ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- ii. The respective Management of the Company and its associates have represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or its associates from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company or its associates shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - iii. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided above, contain any material misstatement.
- e) The Parent Company has neither declared nor paid any dividend during the year.
- f) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from 1 April, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31 March, 2024.
2. With respect to the matters specified in clause (xxi) of paragraph and paragraph 4 of the Companies (Auditor’s Report) Order, 2020 (the “Order”/ “CARO”) issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor’s report, according to the information and explanations given to us, and based on the CARO report issued by us and the auditors of respective companies included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, as provided to us by the Management of the Parent Company, we report that there are no qualifications or adverse remarks in these CARO reports of the said respective companies included in the consolidated financials.

“Annexure–A” to the Independent Auditor’s Report

(Referred to in Paragraph 1A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the consolidated financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the internal financial controls over financial reporting of G. G. Dandekar Properties Limited (“the Parent Company”) and its associate company as of 31 March, 2024 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent Company and its associate company have, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal controls over financial reporting criteria established by the respective companies considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the “Guidance Note”).

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent Company and its associate company are responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013 ('the Act').

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent Company and its associates based on our audit. We conducted our audit in accordance with the 'Guidance Note' issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors of associate company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial control system over financial reporting of the Parent Company and its associate company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to associate company is based solely on the corresponding report of the auditors of such company.

Our opinion is not modified in respect of the above matter with respect to our reliance on the work done by and the reports of such other auditor and the financial information certified by the Management.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH, 2024

1. Group Overview:

G. G. Dandekar Properties Limited (formerly known as G. G. Dandekar Machine Works Limited) ('the Parent Company') is a Public Limited Company domiciled and registered in India. The Registered Office of the Parent Company is situated at 211/A, MIDC Butibori Industrial Area, Kinhi Village, Tal. Hingna, Dist. Nagpur 441122. The equity shares of the Parent Company are listed on the Bombay Stock Exchange (BSE).

The Consolidated Financial Statements comprise the financial statements of the Parent Company and its associate entity (together referred to as "the Group").

The Group is engaged in the renting and/or leasing immovable properties and manufacturing of Food Processing Machineries.

These consolidated financial statements were approved for issue by the Board of Directors on 30th May 2024.

2. Statement Of Compliance

The consolidated financial statements of the Group comply in all material respects, with the Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (the 'Act'), read together with the Companies (Indian Accounting Standards) Rules, 2015 (the 'Rules'), as amended and other relevant provisions of the Act. In addition, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations requires a different treatment.

3. Basis of Preparation, Presentation and Measurement:

These consolidated financial statements have been prepared on an accrual basis and under historical cost convention, except for certain financial assets and financial liabilities that have been measured at fair value in accordance with Ind AS.

These financial statements are presented in Indian Rupees (₹) which are rounded to the nearest Lakhs (up to two decimals), unless otherwise stated.

4. Basis and Principles of Consolidation:

a. The consolidated financial statements incorporate the financial statements of the Parent Company and its Associate entity.

b. When the Group has significant influence over the other entity, it recognizes such interests as associates. Significant influence is the power to participate in the financial and operating policy decisions of the entity but is not control or joint control over the entity.

c. The results of associates are incorporated in the consolidated financial statements using equity method of accounting after making necessary adjustments to achieve uniformity in application of accounting policies, wherever applicable.

d. As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Parent Company's separate financial statements.

5. Basis of Current and Non-Current Classification:

All assets and liabilities have been classified as Current or Non-Current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Act. Based on the nature of the activities and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of Current/ Non-Current classification of assets and liabilities. Accordingly, an asset is treated as current when it is expected to be realised within twelve months after the reporting period, and liability is current when it is due to be settled within twelve months after the reporting period.

6. Use of Estimates:

The preparation of Consolidated financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that may affect the reported amounts in the Balance Sheet, related disclosures of the contingent liabilities and others at the end of each reported period and in Statement of Profit and Loss for the relevant period.

The estimates are based on the management's best knowledge of current events and actions. However, due to uncertainties relating to these judgments, assumptions and estimates, the actual amounts may differ. Estimates and underlying assumptions are reviewed on an ongoing basis on each reporting date and may change from period to period. Appropriate changes in estimates are made prospectively, when the management becomes aware of changes in circumstances surrounding the estimates and the differences, if any, between the actual results and estimates are recognised in the period in which the results are known.

7. Material Accounting Policies:

7.1. Property, Plant and Equipment (PPE)-

- a. An item of PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. PPE is stated at its original cost net of tax / duty credits availed, if any, but including borrowing costs for qualifying assets and other attributable costs incurred for bringing the asset to its working condition for its intended use, less accumulated depreciation and cumulative impairment, if any.
- b. Subsequent expenditure incurred is included in the asset's carrying amount appropriately, only when it is probable that future economic benefits will flow to the Group and related costs can be measured reliably. All other costs in the nature of repairs and maintenance expenses are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.
- c. Where a cost of a part of an asset ("asset component") is significant to total cost of the asset and useful life of that part is different from the useful life of the remaining asset, useful life of that significant part is determined separately and such asset component is depreciated over its separate useful life.
- d. Items of PPE not ready for its intended use on the reporting date are disclosed as "Capital Work in Progress".
- e. An item of PPE is de-recognised upon disposal or when retired from active use when no future benefits are expected from its use. Gains/ losses on de-recognition are recognised in the statement of Profit and Loss.

7.2. Intangible Assets-

- a. An Intangible asset is recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Group and the cost of the asset can be measured reliably and is stated at cost less accumulated amortisation and impairments, if any.
- b. Software, which is not an integral part of any related hardware, is classified as an intangible asset.
- c. The carrying amount of an intangible asset is de-recognised on disposal or when no future economic benefits are expected to flow from its use or disposal. The gain or loss arising from de-recognition is recognised in the Statement of Profit and Loss.

7.3. Investment property

- a. Investment in land and/or buildings that are not intended to be occupied substantially for use by or in the operations of the Group are classified as investment property.
- b. Investment property is initially measured at cost, including related transaction costs. The cost of investment property includes its purchase price and directly attributable expenditure, if any. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.
- c. Subsequent to the initial recognition, investment property is stated at cost less accumulated depreciation and accumulated impairment loss, if any.
- d. Investment property is derecognised either when it is disposed of or permanently withdrawn from use and no future economic benefit is expected from its disposal.
- e. Though the Group measures investment property using cost-based measurement, the fair value of investment property is disclosed as required by IND AS 40 'Investment Properties'. Fair values are determined based on a periodic evaluation performed by an accredited external independent valuer applying valuation model recommended by recognised valuation standards committee.

7.4. Depreciation and Amortisation-

- a. Depreciation on fixed assets is charged on Written Down Value method using the useful lives and residual values of all the assets, as prescribed under Part – C of Schedule II to the Companies Act, 2013, except as stated in para (b) & (c) below.
- b. Leasehold land is amortised on a straight-line basis over the period of lease.
- c. Computer Software are being amortised on a straight-line basis over a period of 6 years from the date of put to use.

- d. Depreciation on investment property is charged on Written Down Value method using the useful lives as per the useful life prescribed under Schedule II of the Act.

7.5. Non-Current Assets Held for Sale-

The Group classifies non-current assets as held for sale if their carrying amounts are expected to be recovered principally through sale transaction rather than through continuing use. Non-current assets classified as held for sale are measured at the lower of their carrying amounts and the fair value less costs to sell. The criteria for assets held for sale classification is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition.

7.6. Impairment of Non-Financial Assets-

The Group assesses at each reporting date, whether there is any indication that a non-financial asset is required to be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. Recoverable amount is the higher of an asset's fair value less costs of disposal or its value in use. Where carrying amount of an asset exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discounting factor.

The impairment loss is recognised in the statement of profit and loss.

When there is an indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment.

7.7. Financial Instruments-

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Group recognises a financial instrument when it becomes a party to the contractual provisions of instrument.

a) Financial Assets-

i. Initial Recognition

On initial recognition, a financial asset is recognised at fair value. In case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction costs are added to or deducted from, as the case may be, the fair value of such financial assets or liabilities, on initial recognition.

ii. Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

Financial Assets measured at Amortised Cost

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model with an objective to hold these assets for collecting contractual cash flows and the contractual terms of the financial assets give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent measurement is done using the effective interest rate (EIR) method. The EIR amortisation of these financial assets is included in finance income. Impairment losses and reversals thereof arising on these assets are recognised in the Statement of Profit and Loss.

Financial Assets Measured at Fair Value through Other Comprehensive Income (FVOCI): Financial assets are measured at fair value through Other Comprehensive Income (OCI), if financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and to sell financial assets and the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Subsequent measurement, until they are derecognised or reclassified, is done at fair value and unrealised gains and losses are recognised in other comprehensive income except for the recognition of impairment losses and reversals thereof, interest revenue and foreign exchange gains and losses are recognised in the Statement of Profit and Loss.

Financial Assets Measured at Fair Value through Profit or loss (FVTPL):

Financial assets are measured at fair value through Profit or loss unless it is measured at amortised cost or at fair value through OCI. Subsequent measurement is done at fair value and unrealised gains and losses are recognised in the statement of profit and loss.

Investment in equity instruments issued by subsidiary, associate and joint venture companies are measured at cost less impairment.

iii. Impairment of Financial Assets

In accordance with Ind AS 109, the Group applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

The impairment provisions for financial assets are mainly based on past history, assumptions about risk of defaults, expected loss rates and timing of cash flows. As a practical expedient, the Group uses a standard provision matrix. The Group applies standard ECL impairment allowance based on ageing of receivables to estimate the provision amount. However, in case of significant increase in the credit risk, lifetime ECL is used.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive after applying a standard provision matrix. ECL impairment loss allowance or reversal thereof is recognised in the Statement of Profit and Loss.

iv. De-recognition of Financial Assets

The Group de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or the Group transfers its rights to receive cash flows from the asset and transfers substantially all risks and rewards of ownership of the asset to another entity.

If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

b. Financial Liabilities-

i. Initial Recognition

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs that are not recognised at fair value through profit and loss account.

ii. Subsequent Measurement

For the purposes of subsequent measurement, financial liabilities are classified and measured as follows-

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

iii. De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

7.8. Fair Value Measurements:

a. Fair value is the price that would be received on sale of an asset or paid for transfer of a liability in an orderly transaction between market participants at the measurement date.

b. Fair value measurement of assets and liabilities is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

c. All assets and liabilities for which fair value is measured or disclosed are categorised within fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level-1 - Quoted market prices in the active market for identical assets and

Level-2 - Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level-3- Valuation techniques for which lowest level input that is significant to the fair value measurement is directly or indirectly unobservable.

Above levels of fair value hierarchy are applied consistently and generally, there are no transfers between the levels of the fair value hierarchy unless the circumstances change warranting such transfer.

7.9. Borrowing Costs-

Borrowing costs, net of any investment income from temporary investment of related borrowings, directly attributable to the acquisition, construction or production of a qualifying asset, are capitalised as a part of the cost of the asset. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

7.10. Inventories:

a. Raw material, stores and spares are valued at lower of cost measured on weighted average cost basis or net realisable value. Cost of inventories comprises all costs of materials, duties and taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition. These items of inventory are considered to be realisable at cost if the finished products in which they will be used, are expected to be sold at or above cost.

b. Work in Progress is valued at lower of cost of production or net realisable value.

c. Finished Goods are valued at lower of cost or net realisable value. Cost includes direct material, labour cost, appropriate share of manufacturing overheads and other costs incurred in bringing the inventory to their present condition and location.

7.11. Cash and Cash Equivalents:

Cash and cash equivalents are cash, balances with bank and short-term deposits (three months or less from the date of placement), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value. Cash and cash equivalents include balances with banks other than balances that have no restrictions for withdrawal/usage.

7.12. Foreign Currency Transactions:

a. The functional currency and presentation currency of the Group is Indian Rupee.

b. Transactions in currencies other than the Group's functional currency are recorded on initial recognition using the exchange rate prevailing on the date of transaction. However, where consideration is received or paid in advance the date of such payment or receipt of advance is considered as the date of transaction for determining the exchange rate to be used for initial recognition of the related asset, expense, liability or income.

c. At each Balance Sheet date, foreign currency monetary items are restated using the closing rate. Non-monetary items are measured at historical cost and are not retranslated.

d. Exchange differences that arise on settlement of monetary items or on restating of monetary items at each Balance Sheet date at the closing rate are recognised in the Statement of Profit and Loss in the period in which they arise.

7.13. Provisions, Contingent Liabilities and Contingent Assets-

a. Provisions are recognised only when the Group has:-

- i. a present obligation (legal or constructive) as a result of past event
- ii. a probable outflow of resources embodying economic benefits will be required to settle the obligation; and
- iii. The amount of obligation can be reliably estimated.

Provision is measured using cash flows estimated to settle the present obligation. The carrying amount of provision is the present value of those cash flows.

b. Contingent liabilities are disclosed in case of:

- i. a present obligation arising from past events, when it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation,
- ii. a present obligation arising from past events, and the amount of obligation cannot be measured with sufficient reliability,
- iii. a possible obligation arising from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

c. Possible obligations arising from past events where likelihood of actual outflow of resources is remote are not considered as contingent liabilities.

- d. Contingent assets are neither recognised, nor disclosed.
- e. Provisions and Contingent Liabilities are reviewed at each Balance Sheet date.

7.14. Revenue Recognition:

a. Revenue from contracts with Customers:

Revenue from contracts with customers is recognised when a performance obligation is satisfied by transfer of promised goods or services to a customer. In case of multiple performance obligations, the revenue is recognised to the extent of transaction price allocated to the performance obligation that is satisfied.

The Group recognises revenue over a period of time, if one of the following criteria is met:

- i. the customer simultaneously consumes the benefit of the Group's performance or;
- ii. the customer controls the asset as it is being created/enhanced by the Group's performance or;
- iii. There is no alternative use of the asset and the Group has either explicit or implicit right of payment considering legal precedents.

In all other cases, performance obligation is considered as satisfied at a point in time.

Transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party. Variable consideration is estimated using the expected value method or most likely amount as appropriate in a given circumstance. Payment terms agreed with a customer are as per contractual terms or business practice, as the case may be. Revenue is recognised only to the extent that it is highly probable that the economic benefits will flow to the Group and the revenue and costs, if applicable, can be reliably measured.

Revenue from the sale of goods

Revenue from the sale of goods is recognised when substantial control of the goods has been transferred to the customer. The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is dispatched to the customer or on delivery to the customer, as may be specified in the contract.

Revenue from services

Revenue from erection and commissioning services is recognised on completion of contractual obligations.

b. Other Revenue:

Interest income is recognised on time proportion basis determined by the amount outstanding and the rate applicable using the effective interest rate method provided there is no uncertainty over its ultimate realisation.

Dividend income is recognised when the Group's right to receive the same is established.
Any other incomes are accounted for on accrual basis.

7.15. Warranty expenses:

The estimated liability for product warranties is recorded at the end of financial year. These estimates are established using historical information on the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The timing of outflows will vary as and when warranty claim will arise - being typically up to 2 to 3 years.

7.16. Income Tax –

a. Income Tax Expense comprises of Current Tax and Deferred Tax.

b. Current Tax expense is determined on the basis of taxable income for the current accounting period computed in accordance with the provisions of the Income Tax Act, 1961 and based on the history of allowances and disallowances in the earlier years.

The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted, at the reporting date.

Current tax relating to items recognised outside the statement of profit and loss is recognised, either in OCI or in equity. Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

c. Provision for Deferred Tax is recognised using balance sheet method for all taxable temporary differences between carrying amounts of assets and liabilities in the Group's financial statements and the corresponding tax bases used in computation of taxable profits. Deferred tax is measured using tax rates and laws enacted or substantially enacted as on the reporting date. Deferred tax asset is recognised and carried forward only to the extent that it is probable that taxable profits will be available against with those deductible temporary differences can be utilised in the future.

7.17. Leases:

a. The Group assesses and designates a contract as a lease contract, at inception of a contract. The determination of whether an arrangement is a lease is based on the substance of the arrangement. The arrangement is a lease if fulfilment of the arrangement is dependent on the use of an identified asset or assets and the arrangement conveys a right to control the use of the identified asset or assets for a period of time in exchange for a consideration, even if that right is not explicitly specified in an arrangement.

b. Accounting as lessor:

The Group classifies its lease contracts either as operating leases or finance leases at the inception of the lease.

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised over the term of the relevant lease. Initial direct costs, which are material, incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Initial direct costs incurred in negotiating and arranging an operating lease that are not material in nature are charged to the statement of Profit and Loss as and when incurred. Contingent rents are recognised as revenue in the period in which they are earned.

c. Accounting as lessee-

In case of contracts of material value where the Group is a Lessee, it recognises a right of use asset (ROU asset) and a lease liability on the commencement date of the contract.

A ROU asset is valued using cost model. At the commencement of the lease ROU asset is recognised at cost which comprises of - total lease payments to be made over the lease term valued at its present value using Group's incremental borrowing rate, initial direct costs and costs of restoration; net of lease incentives received. ROU asset is depreciated over the lease term on straight line basis over the shorter of the lease term and useful life of the underlying asset.

The Group determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Group is reasonably certain to exercise that option.

A lease liability is recognised at present value of total lease payments to be made over the lease term using Group's incremental borrowing rate. Lease liability is increased to reflect interest on the lease liability and reduced to reflect payments made to the lessor. The carrying value of lease liability is reassessed when there is change in lease term.

The Group has availed recognition exemption and chosen not to apply the above accounting treatment for short-term leases and leases for low-value underlying assets where lease payments associated with those leases are recognised as an expense as and when incurred on systematic basis.

7.18. Employee Benefits-

a. Short Term Employee Benefits

All employee benefits payable wholly within the twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, short-term compensated absences, expected cost of bonus, gratia and performance-linked rewards are considered as short-term employee benefits and are expensed in the period in which the employee renders the related service.

b. Post-Employment Benefits:

i. Defined Contribution Plans

The State governed Employee Provident Fund and Pension Scheme, Employees State Insurance Scheme are the defined contribution plans. The liability on account of the Group's contributions paid or payable under these schemes is recognised during the period in which the employee renders the related service and is charged to the Statement of Profit and Loss. The Group has no further obligation beyond these contributions towards employees.

ii. Defined Benefit Plans

The employees' gratuity fund scheme is the Group's defined benefit plan. The present value of the obligation under the said defined benefit plan is determined on the basis of actuarial valuation from an independent actuary using the Projected Unit Credit Method.

Remeasurements, comprising of actuarial gains are recognised immediately in the balance sheet with a corresponding debit or credit to Other Comprehensive Income (OCI) in the period in which they occur. Remeasurements are not reclassified to Statement of Profit or Loss in subsequent periods.

In the case of funded plans, the fair value of the plan's assets is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on net basis.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Net interest is calculated by applying the discount rate to the net defined benefit liability or the fair value of the plan asset. The cost is included in employee benefits expense in the Statement of Profit and Loss.

c. Other Long Term Employee Benefits:

The employees of the Group are entitled to compensated absences. The Group records an obligation for such compensated absences as per the rules of the Group and is measured on the basis of actuarial valuation from an independent actuary. Actuarial gains and losses are immediately recognised in the Statement of Profit and Loss in the period in which they occur.

7.19. Segment Reporting:

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision maker (CODM) in the Group to make decisions for performance assessment and resource allocation. Operating segments are reported in a manner consistent with the internal reporting provided to the CODM. The CODM regularly monitors and reviews the operating result of the Group through identified segments. The CODM has been identified as the Chairman and Managing Director who makes strategic decisions.

The reporting of segment information is the same as provided to the Management for the purpose of the performance assessment and resource allocation to the segments. The Accounting Policies adopted for segment reporting are in line with the Accounting Policies of the Group.

7.20. Earnings Per Share (EPS)-

Basic EPS amount is calculated by dividing the net profit for the year attributable to equity holders of the Parent Company by the weighted average number of Equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

7.21. Cash Flow-

The Cash Flow Statement is prepared by the Indirect Method set out in Ind AS-7 'Cash Flow Statement' and presents cash flow by operating, investing and financing activities of the Group.

8. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended 31 March, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

During the year the Parent Company has received show cause and demand notices from the Income Tax Department pertaining to the AY 2011-12 and AY 2013-14. For these assessment years an aggregate demand of Rs. 305.50 Lakhs has been raised on the Company. Due to Covid-19 pandemic, subsequent operational disruption and closure of manufacturing operations at Nagpur, frequent changes in key managerial personnel during the period from 2021 to 2022 and website/ domain issues, hearing and demand notices served by the Income Tax Department were not responded to. Once the management became aware of the existence such notices, it took steps, after consultation with legal experts, to file appeals against the orders with the Income Tax Appellate Tribunal (ITAT) with a request for condonation of delay in filing such appeals. The management is of the firm view that the parent company has a fair chance of succeeding in the appeals. However, especially considering the delays in filing the appeals, as an abandoned caution the parent Company has made an aggregate provision of Rs. 305.50 Lakhs in the books of account for the year ended on 31 March, 2024, in respect of the AY 2011-12 and 2013-14.

In other cases, pending resolution of the respective proceedings, it is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above as it is determinable only on receipt of judgement/decisions pending with various forums/authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities, wherever applicable in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial position. The Company does not expect any reimbursements in respect of the above contingent liabilities.

c. The employee benefit plans of the Company typically expose the Company to actuarial risks such as: Investment risk, Interest Rate Risk and Longevity Risk, etc. which are explained below:

i. Investment Risk

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

ii. Interest Risk

The plan exposes the Company to the risk of fall in Interest rates on plan assets. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

iii. Longevity Risk

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

44. a. Disclosure pursuant to Ind AS 107 -Financial risk management

The activities of the Group expose it to a variety of financial risks. The Group's risk management policies are focused to identify the unpredictability of financial markets, put required controls, monitor and minimize potential adverse effects on its financial performance. The risk management policies and systems are reviewed periodically to reflect changes in market conditions and Group's activities. Board of Directors has overall responsibility for the setup and oversight of Group's risk management framework.

The Group has exposure to the following risks arising from financial instruments:

(A) Credit risk; (B) Liquidity risk and (C) Market risk.

(A) Credit risk:

Credit risk refers to the risk of default on its obligation by the customer or counterparty in meeting its contractual obligations, resulting into a financial loss to the Group. The maximum exposure to the credit risk is primarily from Group's trade and other receivables amounting to as at 31 March, 2024 ₹ 1,276.76 Lakhs and as at 31 March, 2023 ₹ 1,084.09 Lakhs. Details of receivables and other current assets are as per the table below:

(Amount in Rs Lakhs)

PARTICULARS	AS AT 31 st March 2024	AS AT 31 st March 2023
Investments	624.52	626.27
Trade Receivable	-	3.01
Cash & Cash Equivalents (Excluding Cash on Hand)	114.52	191.50
Other Bank Balances	501.37	205.84
Other Financial Assets	36.25	19.77
Total financial Assets Carried at Amortised Cost	1,276.66	1,046.39
Investments	0.10	37.70
Total Financial Assets Carried at Fair Value	0.10	37.70

Receivables are reviewed, managed and controlled for each customer separately. Credit risk is managed through credit approvals process by establishing credit limits and continuously monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. An impairment analysis is performed at each reporting date on an individual basis for major customers. Group has a practice to provide for doubtful debts on a case-to-case basis after considering inter-alia customer's credibility etc.

The allowance for Expected Credit Loss on customer balances for the year ended 31 March, 2024 and 31 March, 2023 was ₹ 6.73 Lakhs.

There is no significant credit risk on cash and cash equivalents as the Group generally invest in deposits with banks with good credit ratings. There is no significant credit risk on other receivables, which mainly comprise of security deposits.

(B) Liquidity risk

Liquidity risk refers to the risk that the Group may encounter in meeting its obligations associated with its financial liabilities on time or at a reasonable price. The Group's Accounts and Finance department is responsible for liquidity and fund flow management. In addition to that, processes and policies related to such risks are overseen by the Senior Management. Management monitors the Group's net liquidity position through rolling forecasts on the basis of expected cash flows.

(C) Market risk:

Market risk refers to the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. It comprises of below mentioned three types of risks:

- i) Currency risk
- ii) Interest rate risk
- iii) Other price risk such as equity/debt securities price risk

i) Currency risk

Currency risk refers to the risk that arises when future commercial transactions and recognized assets and liabilities are denominated in a currency that is not the Group's functional currency. Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Group mainly operates in Indian domestic market. The maximum exposure to the currency risk is primarily from trade payables on account of goods imported into the country. The Group does not have any foreign currency payables as at the year-end hence, the Group does not have any currency risk at present.

ii) Interest rate risk

Interest rate risk refers to the risk that fair value or future cash flows of financial instrument will fluctuate because of changes in market interest rates. The Group's borrowing is linked to repo rate and therefore, to that extent the Group is currently exposed to such risk. The exposure of Group's borrowings to interest rate risk at the end of the reporting period are as follows:

(Amount in Rs Lakhs)

PARTICULARS	AS AT 31 st March 2024	AS AT 31 st March 2023
Floating rate borrowings- Functional Currency	437.09	459.00

iii) Equity Price risk

Price risk refers to the risk of fluctuations in the value of assets and liabilities as a result of change in market prices of Investments.

The Company is not exposed to equity price risk as on 31 March 2024.

46. Disclosure pursuant to Ind AS- 108 'Operating Segments'

In accordance with requirements of IND-AS-108 on Segment Reporting issued by the ICAI, the Company has identified 'Leasing of immovable properties' as its reportable segment.

Basis of identifying operating segments, reportable segments, and definition of each reportable segment:

a. Basis of identifying operating segments:

Operating segments are identified as those components of the Company

- i) that engage in business activities to earn revenues and incur expenses;
- ii) whose operating results are regularly reviewed by the management to make decisions about resource allocation and performance assessment; and;
- iii) for which discrete financial information is available

b. Reportable segments:

An operating segment is classified as reportable segment if reported revenue (including inter-segment revenue) or absolute amount of result or assets exceed 10% or more of the combined total of all the operating segments.

The Company has only one reportable segment viz. renting and/or leasing immovable properties. During the financial year 2023-24, the Company was engaged in leasing of commercial properties. The Company is not reliant of any one customer.

In the previous financial year, the Company had two reportable segments i.e. (i) Manufacturing Division and (ii) Real Estate Leasing Division. The nature of business of these segments were different and were managed. The Board of Directors in their meeting held on 20 February 2023 decided to discontinue the manufacturing activities.
