Dear Sir,

With reference to above mentioned subject and with reference to our earlier intimation dated 30th September, 2024, we would like to intimate that The U.S. International Trade Commission (USITC) vide its News release 24-106 determined that a **U.S. industry is not materially injured or threatened with material injury by reason of imports of aluminum extrusions from India along with 13 other countries** that the U.S. Department of Commerce (Commerce) has determined are sold in the United States at less than fair value.

As a result of the Commission's (USITC) determinations, Department of Commerce of USA will not issue antidumping duty orders on imports of this product from India along with 13 other countries, and countervailing duty orders on imports of this product in USA.
