INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM STANDALONE FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF THE WATERBASE LIMITED

- 1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of THE WATERBASE LIMITED ("the Company"), for the quarter and six months ended 30 September 2024 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
- 2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
- 3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
- 4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

New Delhi, November 6, 2024: The Waterbase Ltd. (TWL), pioneer in the Indian Aquaculture Industry with integrated offerings of hatchery, shrimp feed, farm care products and shrimp processing & exports has announced its financial results for the guarter and half year ended September 30, 2024.

CEO's message

Commenting on the results, **Mr. Ramakanth V. Akula, CEO** said, "The subdued momentum from the first quarter has carried over into Q2, driven by a blend of internal and external challenges. A lackluster operating environment—affected by excessive rainfall and flooding in Andhra Pradesh, along with disease outbreaks—has dampened sentiment among shrimp farmers. While the stringent implementation of our cash-and-carry policy has enhanced the revenue mix in the feed business, with cash sales now comprising nearly 80%, it has also led to channel attrition and impacted overall feed sales volumes.

The shrimp processing business, which had been scaling well, now faces headwinds from declining demand in key global markets and softening prices, while supplies from Latin American countries continue to increase. Nevertheless, we remain cautiously optimistic about improved prospects in the coming quarters.

Considering the prevailing challenges affecting shrimp exports, we are advancing our strategic initiative to diversify by establishing a stronger presence in the domestic market. Building on our initial success in Bangalore, we are expanding our HoReCa operations to supply frozen shrimp into high-potential markets like Mumbai and Delhi.

Despite multiple headwinds prevailing across the industry, we remain confident that India's fundamental strengths as a leading producer of farmed shrimp, combined with our own core advantages—an integrated business model, enriched revenue mix, strategic diversification efforts, and a resilient financial profile—position us well to create value as conditions improve."
