Dear Sir/Madam,

**Sub: Disclosure of material event/information under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations, 2015)**

The Company gets Administered Price Mechanism (APM) domestic gas allocation for supplying towards Compressed Natural Gas (CNG (T)) and Domestic Piped Natural gas (PNG (D)). GAIL (India) Ltd. is the nodal agency for supplying the APM gas.

Based on the communication received from nodal agency, APM priced domestic gas allocation to the Company has been reduced by~ 16%, effective 16<sup>th</sup> October 2024, compared to the earlier allocation. Such reduction is across the CGD industry and the industry is engaged with the key stakeholders seeking resolution in the interest of end consumers and continued growth of CNG vehicles in India. While Company shall take all the steps needed to optimise the profitability, it may however be noted that pending the resolution, there would be an adverse impact on the profitability of the Company.

The Company shall also examine and calibrate the retail prices to end consumers to mitigate the impact of lower allocation while it will continue to provide uninterrupted gas to its consumers.

You are requested to take the same on your record.

Thanking you,

Yours faithfully,  
For **Adani Total Gas Limited**
