Airtel provides connectivity to Galwan river and Daulat Beg Oldie (DBO), India's northernmost military outpost

Ladakh, India, November 06, 2024: Bharti Airtel ("Airtel"), one of India's leading telecommunications service providers, joined hands with the Indian Army to launch its network in Galwan and Daulat Beg Oldie (DBO), the northernmost military outpost in the border town. This makes Airtel the only private telecom service provider to offer its services 16700 ft. above the sea level.

The Company has installed 17 mobile towers across Kargil, Siachen, Galwan, Daulat Beg Oldie (DBO) and the Changthang regions, extending connectivity to remote villages of Ladakh. Airtel worked with the Leh Signalers to execute this challenging task.

Galwan and Daulat Beg Oldie (DBO) are both located in the Ladakh region on the Indo China border at the northeastern corner of the Karakoram Range.

About Bharti Airtel Limited

Headquartered in India, Airtel is a global communications solutions provider with over 550 million customers in 15 countries across India and Africa. The Company also has its presence in Bangladesh and Sri Lanka through its associate entities. The company ranks amongst the top three mobile operators globally and its networks cover over two billion people. Airtel is India's largest integrated communications solutions provider and the second largest mobile operator in Africa. Airtel's retail portfolio includes high-speed 4G/5G mobile broadband, Airtel Xstream Fiber that promises speeds up to 1 Gbps with convergence across linear and on-demand entertainment, streaming services spanning music and video, digital payments and financial services. For enterprise customers, Airtel offers a gamut of solutions that includes secure connectivity, cloud and data centre services, cyber security, IoT, Ad Tech and cloud based communication.
