DICABS at a Glimpse:

Starting out as a fledgling ACSR conductor manufacturing facility in 1970, Diamond Power Infrastructure Limited (DICABS), an ISO 9001: 2008-certified company, has grown to become India's largest and only integrated manufacturer of power transmission equipment, as well as a leading turnkey services provider (EPC). Our journey from modest beginnings to industry leadership is a testament to our unwavering commitment to quality, innovation, and excellence.

➤ Our Vision

Looking forward, we are excited about the opportunities that lie ahead. With our strong foundation, extensive expertise, and commitment to excellence, DICABS is poised to continue its leadership in the power transmission and distribution sector. We are committed to exploring new horizons, embracing new technologies, and delivering value to our customers, stakeholders, and the community at large.

➤ Powering India's Growth

Today, DICABS is proud to play a crucial role in powering India's growth. Our comprehensive range of products and services, coupled with our relentless focus on innovation and quality, makes us the preferred partner for power transmission and distribution projects across the country. Our dedication lies in driving progress and contributing to the development of a robust and reliable power infrastructure for the nation.

➤ Unmatched Manufacturing Process

A highly skilled team operates advanced manufacturing facilities to produce high-quality power transmission products. Utilizing imported machinery like CNC-controlled extruders, the company manufactures HT XLPE power cables up to 400 KV with precision. DICABS is India's largest manufacturer of MV and EHV cables, meeting standards for medium and high voltage solutions in the power industry.

➤ Comprehensive Product Range

DICABS offers solutions that span the entire value chain of power transmission and distribution. Our product range covers nearly 80% of the T&D infrastructure requirements, ensuring that we can provide integrated solutions for a wide variety of projects. We design our products to meet the highest standards of reliability and performance, from conductors and transformers to cables and insulators. Under the brand name "DICABS," we stand as one of India's leading manufacturers of high-quality HT/LT XLPE and PVC Power, Control, and Aerial Bunched Cables up to 400 KV rating.

➤ **Leadership in Power Transmission**

DICABS, India's largest single-integrated power equipment manufacturer, holds a leadership position in the power transmission and distribution sector. Our extensive experience, coupled with our state-of-the-art manufacturing unit at Vadadala near Vadodara, Gujarat, positions us uniquely in the market to cater to the growing demands of the power sector.

➤ **State-of-the-art testing facilities**

Quality and reliability are paramount to us. Our world-class EHV Testing Facility, NABL-approved, is capable of testing power cables up to 500 KV, making it a unique asset in the country. Additionally, our cables are rigorously tested by leading laboratories such as CPRI, ERDA, RTC, NTH, MPLUN, NSIC, C&I (NABL), NRO (MOHALI), QMTL, DTH, TAG CORPORATION, ATCC, and GTAS, ensuring top-notch quality and reliability.

➤ **Pioneering Innovations**

Innovation is at the heart of everything we do. Over the years, we have introduced numerous path-breaking technologies and proactive solutions that have set new benchmarks in the industry. Our commitment to continuous improvement and our ability to pioneer newer technologies have been key drivers of our exponential growth and success.

Delivering the Power of Uninterrupted Performance

Power and Control Cables

Our power cables transmit a reassuring quality that can be counted on at all times. Our range includes LV and HV cables from 1.1 kV to 132 kV and EHV cables from 220 kV to 550 kV. In order to deliver world-class power transmission products, we leverage our CCV method of manufacturing, coupled with German technology.

Our key equipment suppliers include global leaders such as Scholz, Nokia-Maillefer, HFSAB (Sweden) and Supermac among others. Amongst the top five power cable manufacturers in India, DICABS has also established India's first 'Horizontal Lead Extruder System' as well as the 'Aluminum Corrugation Sheathing Line' for cables, ranging from 66 kV and above. Our cable capacities include:

- LV cables (1.1 kV): **34,300 KMPA**
- HV cables (up to 132 kV): **19,500 KMPA**
- EHV cables (220 kV & above): **2,000 KMPA**

Dependable Range of Cables

- LV (1.1 kV) grade aluminum/copper, armoured/unarmoured, PVC (FR/FRLS/LS24) cables up to 1000 sq mm in single core and 630 sq mm in multi-core that conform to IS1554-I, IS 7098-I and other international standards
- Copper control cables up to 61 core with PVC/XLPE that conform to IS & international standards and specifications
- HV cables up to 132 kV as per IS & international standards and specifications
- EHV cables from 220 kV to 550 kV
- Aerial Bunch Cables (ABC), both in LV & HV grade that conform to various IS standards
- Specialty cables which include control & instrumentation cables
- PVC/XLPE insulated ACSR and AAA conductors for special purposes
- Flexible cables with single core and multi-core features that conform to international standards and IS specifications
- Instrumentation, computer cables & CCTV camera cables

- Installed capacity of over **2,50,000 M T**
- Annual capacity of over **1,00,000 KMPA**

Standing Tall Against all Odds

Transmission Towers

Our transmission towers have been designed to withstand the roughest of weathers. Sturdily built and technically superior in quality, these towers can perform in the most demanding conditions. Not surprisingly, DICABS' transmission towers are powering every corner of the country by delivering power efficiently and reliably.

Facilities

Our state-of-the-art facility is located at Vadadala, Savli, Vadodara. It has been designed to manufacture a wide range of transmission towers, with a capacity of **48,000 MTPA.**

Power of Innovation 

High Voltage R&D Laboratory

It is the first of its kind, state-of-the-art centre in India for the research and development of the highest range of cables as well as other power products. The 50 mtr x 24 mtr x 18 mtr shielded room is the biggest one in India.

Message from the Chairman

Mr. Maheswar Sahu

Chairman's Message to Shareholders

Dear Members,

I trust this report finds you and your families in good health. As I reflect on the past year, the timeless adage, "Necessity is the mother of invention," resonates deeply, reminding us that change, while inevitable, also empowers us to flourish in new circumstances.

We are pleased to report that our company has successfully emerged from a period of insolvency, a testament to the extraordinary contributions and unwavering commitment of all involved. In today's ever-changing business environment, where challenges abound, those who face them with steadfast focus and determination find rare opportunities for growth and success.

Our transformation journey has fortified the resilience of our business. By following a clear and strategic roadmap, we are not only reinforcing our leadership in the B2B sector but are also positioning ourselves to become a leading player in the B2C space. We are determined to elevate our market position through strategic initiatives that enhance our organizational, digital, and functional excellence.

Despite the challenges posed by fluctuating raw material costs and supply chain disruptions, we have sustained our growth trajectory and delivered strong performance. This success is a direct result of the dedication and hard work of our entire team, alongside the unwavering support of our shareholders.

As a leader in the cables and conductors' industry, we recognize the critical role our products play in driving future progress. Innovation remains the cornerstone of our strategy. Over the past year, we have made significant investments in research and development, improving the efficiency, durability, and safety of our offerings. We are particularly excited about our advancements in high-performance cables and sustainable materials, tailored to meet the evolving demands of the energy, telecommunications, and infrastructure sectors.

Our strategic initiatives have also yielded successful market expansion and have strengthened our position in existing markets. Recent collaborations and acquisitions have been meticulously aligned to broaden our product portfolio and enhance our global footprint. These efforts position us to seize emerging opportunities and generate long-term value for our shareholders.

Sustainability remains at the core of our operations. We are committed to minimizing our environmental impact and advancing responsible practices throughout our supply chain. Our focus on developing eco-friendly products and optimizing manufacturing processes underscores our dedication to a greener future. By adhering to stringent environmental standards and embracing sustainable technologies, we aim to make a positive impact on the communities we serve.

On behalf of the Board of Directors, I extend my deepest gratitude for your unwavering support and trust. Together, we will continue to stride towards a future of sustained success and prosperity.

Chairman**

Message from Mr. Rakesh Ramanlal Shah

Mr. Rakesh Ramanlal Shah

Dear Valued Shareholder,

We are pleased to report a strong performance for FY24, marked by significant revenue and profit after tax (PAT) growth compared to the previous year. This success is attributed to the healthy volume growth in our Cables and Conductors business, showcasing the strength of our execution capabilities, our solid market position, a robust distribution network, and favourable market conditions.

Our journey has been both exciting and fulfilling, largely due to the unwavering support of our customers and sales partners. We extend our deepest gratitude to you, as your trust has helped position DICABS as a leading company in our industry. Customer expectations have risen exponentially, and this trend is here to stay. We are committed to ensuring that our customers remain fully satisfied.

Despite our rapid growth and ascension to a leadership position within the industry, DICABS continues to be driven by its core values of simplicity, teamwork, trust, customer focus, and a commitment to delivering on our promises. These principles have earned us a unique position of respect within the Indian industry.

As we look to the future and aim to continue our success in an evolving world, we are confident in our well-established market presence, strong product portfolio, and streamlined, efficient manufacturing capabilities. However, we recognize the need to be even more proactive, agile, and customer centric. Anticipating the future and being prepared with solutions before our customers even ask for them will be key to our continued success.

The cable industry is currently facing numerous challenges, along with new market opportunities and product developments. With the growing focus on the renewable energy sector, we have successfully developed and delivered products tailored to this segment, ensuring that we remain internationally competitive.

We take this opportunity to express our sincere gratitude for the unwavering support and trust you have consistently placed in DICABS. This confidence encourages us to move forward with determination and to remain ahead in our ongoing efforts to be the preferred brand. We are committed to improving each day to serve you better.

Non-executive Director (Promoter)

Message from Mr. Himanshu Jayantilal Shah

Mr. Himanshu Jayantilal Shah

Dear Valued Shareholder,

As we reflect on the past year, I am pleased to share with you the remarkable progress and achievements of our company, as well as our vision for the future. Together, we have laid a strong foundation, and I want to extend my gratitude to everyone who has contributed to this journey in various ways.

As we step into the new financial year, we recognize the emergence of new opportunities and avenues within the external business environment. The demand for Cables and Conductors is expected to remain robust, supported by the government's intensified focus on infrastructure development across the country.

With a dynamic team, a comprehensive product portfolio, and a steadfast commitment to customer-centricity, we are confident in our ability to capitalize on these opportunities and generate significant value for our stakeholders.

At DICABS, we continue to maintain our optimism about India's growth story and the vast opportunities it presents. We have been diligently preparing to seize these opportunities, and this year's performance stands as a testament to our sustained efforts in this direction. It is with immense pride that I update you on our company's achievements, which reflect our unwavering commitment to excellence and our relentless pursuit of growth. This year, we have not only met but exceeded expectations, further reinforcing DICABS's position as a leader in the electrical industry.

Our business model is evolving as we continue to enhance our key internal operations to ensure a consistently positive experience for our customers. We remain committed to placing our customers at the core of our business processes and have identified key areas for growth, both in the near term and beyond.

Looking ahead, we remain focused on executing our strategic objectives and navigating the challenges of our industry with determination. Our strong foundation, innovative spirit, and customer-centric approach will be the driving forces behind our continued growth and success. We are confident that our ongoing efforts will not only reinforce our leadership position in the Cables and Conductors sector but also deliver substantial value to our shareholders.

I extend my heartfelt gratitude to our valued customers and all stakeholders for their unwavering support. I also want to acknowledge the dedicated and sincere efforts of all our colleagues and employees. With confidence, we look forward to a future as prosperous as our past.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Company Overview

Diamond Power Infrastructure Limited has undergone major restructuring, and we have successfully recommissioned the existing infrastructure. We are now moving towards the completion of pending projects and working on projects to make us more competitive by innovating and adapting to newer technologies and markets.

Diamond Power Infrastructure Limited (DICABS) is a manufacturer of power cables that includes LV, MV, EHV and Conductors. Our products are widely used for projects in power generation, electricity transmission & distribution and industrial uses. The Company supplies cables to government distribution companies (discoms), private discoms, private EPC contractors, and industrial and export clients.

DICABS is the only power transmission & distribution equipment manufacture having manufacturing facilities for cables, conductors and transmission towers under one roof. Our world class manufacturing facilities, a vastly experienced team of professionals and the ability to pioneer newer technologies have earned us a leadership position in the power transmission & distribution sector in India.

DICABS: "POWERING PROGRESS"

The tagline "Powering Progress" adopted by DICABS signifies the company's commitment to driving forward-thinking advancements and fostering development across various sectors. This phrase encapsulates DICABS's mission to be a catalyst for positive change and innovation.

Here are the key aspects and significance of this tagline:

Embracing Cutting-edge Technology: DICABS places a strong emphasis on integrating the latest technologies to push boundaries and create new solutions. This aligns with their dedication to staying at the forefront of industry advancements.

Sustainable Progress: "Powering Progress" highlights the company's commitment to sustainable practices, ensuring that growth and development are environmentally responsible.

Worldwide Impact: "Powering Progress" represents DICABS's global vision and goal of positively impacting industries and communities worldwide. A future-oriented approach implies a forward-looking perspective, always aiming to anticipate and shape their industry's future landscape.

Quality and Excellence: The tagline reinforces the company's dedication to delivering high-quality products and services that drive progress.

By adopting "Powering Progress" as its tagline, DICABS communicates its core values and strategic objectives, portraying itself as a dynamic and proactive company committed to making significant contributions to technological, economic, social, and global advancements.

We are excited to share our vision and future plans for the company's markets, as well as our analysis of how we are moving forward to a prosperous future for the company and its stakeholders.

Economic Review

Global Economic Review

According to IMF World economic Outlook (Apr-2024), Economic activity was surprisingly resilient through the global disinflation of 2022–23. As global inflation descended from its mid-2022 peak, economic activity grew steadily, defying warnings of stagflation and global recession. Growth in employment and incomes held steady, reflecting supportive demand developments including greater than expected government spending and household consumption and a supply-side expansion amid, notably, an unanticipated boost to labour force participation. The unexpected economic resilience, despite significant central bank interest rate hikes aimed at restoring price stability, also reflects the ability of households in major advanced economies to draw on substantial savings accumulated during the pandemic. The pace of expansion is low by historical standards, owing to both near-term factors, such as still-high borrowing costs and withdrawal of fiscal support, and longer-term effects from the COVID-19 pandemic and Russia's invasion of Ukraine, weak growth in productivity and increasing geo-economics fragmentation. Global headline inflation is expected to fall from an annual average of 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. The latest forecast for global growth five years from now at 3.1 percent is at its lowest in decades. The pace of convergence toward higher living standards for middle- and lower-income countries has slowed, implying a persistence in global economic disparities.

Risks to the global outlook are now broadly balanced. On the downside, new price spikes stemming from geopolitical tensions, including those from the war in Ukraine and the conflict in Gaza and Israel, could, along with persistent core inflation where labour markets are still tight, raise interest rate expectations and reduce asset prices. A divergence in disinflation speeds among major economies could also cause currency movements that put financial sectors under pressure. Monetary policy remains focused on aligning inflation with the target to pave the path for sustained growth in the medium term.

Looking forward to a powering future

The global economy is undergoing a transformative shift towards sustainable energy solutions, driven by the need to mitigate climate change and reduce greenhouse gas emissions. Governments worldwide are implementing policies and incentives to promote renewable energy and electric vehicles, creating substantial demand for high-quality cables and conductors, which are critical components in these industries.

Solar Sector: The global solar power market is poised for significant growth, thanks to technological advancements, decreasing costs of solar PV systems, and supportive government policies. The International Energy Agency (IEA) predicts that solar power will surpass all other electricity sources by 2035. The global solar cable market benefits from increased investments in renewable energy infrastructure, including major expansions in solar installations across various regions.

EV Sector: The global electric vehicle market is experiencing rapid expansion, with a projected market value of USD 802.81 billion by 2027, growing at a compound annual growth rate (CAGR) of 22.6% from 2020. Government incentives, advancements in battery technology, and increasing consumer awareness of the environmental benefits of electric vehicles drive this growth. The demand for EV cables is increasing in tandem with the worldwide adoption of electric vehicles.

The primary markets for solar and EV cables are...

Solar Sector:

United States: The U.S. solar market is one of the largest and fastest-growing markets in the world, supported by federal and state incentives, tax credits, and an increasing emphasis on renewable energy. The Solar Investment Tax Credit (ITC) has been a significant driver of growth. We expect U.S. solar capacity to continue expanding, driving demand for solar cables and related infrastructure.

Germany is a leading European solar market with a long-standing commitment to renewable energy. The country's Energiewende (energy transition) policy aims to shift from fossil fuels and nuclear energy to renewable sources, including solar power. This policy framework has resulted in substantial investments in solar installations, boosting the demand for solar cables.

Japan's solar market is rapidly growing due to government incentives, feed-in tariffs, and a focus on energy security and diversification. The country's limited natural resources and vulnerability to energy supply disruptions have driven investments in solar power, increasing the demand for high-quality solar cables.

EV Sector:

The United States is a major market for electric vehicles, driven by increasing consumer demand, government incentives, and a strong push towards reducing carbon emissions. The development of a large EV charging infrastructure is also contributing to the growing demand for EV cables.

Germany is a key player in the European EV market, with significant investments in electric mobility and charging infrastructure. Government incentives, coupled with the strong presence of automotive manufacturers, have fueled the growth of the EV market, increasing the need for high-quality EV cables.

Norway has one of the world's highest per capita rates of electric vehicle adoption. Generous government incentives, such as tax exemptions, free parking, and access to bus lanes, have made EVs highly attractive to consumers. This has led to a substantial demand for EV cables and related infrastructure.

Indian Economic Review

Amid a challenging global economic landscape and deteriorating geopolitical conditions, India continues to shine as a bright spot. It is the fifth-largest economy in the world and is poised to retain its position as the world's fastest-growing major economy.

According to provisional estimates of gross domestic product (GDP) growth released by the National Statistics Office (NSO), India registered the highest growth at 8.2% among major advanced and emerging market economies. This positions the country as a global economic leader, supported by robust domestic demand, moderate inflation, a stable interest rate environment, and strong foreign exchange reserves.

Furthermore, an accelerated pace of economic reforms and increased capital expenditure paved the way for construction activities and large-scale employment opportunities in the country. The International Monetary Fund (IMF) commended India's economic resilience, robust growth, and notable progress in formalization and digital infrastructure. India had successfully harnessed inflation in FY 2023-24 which is still plaguing major advanced economies. India's Consumer Price Index (CPI) inflation rate further decreased to 4.83% (provisional) in April 2024 against 4.85%(final) in March 2024. The RBI, in its efforts to control inflation and boost economic growth, decided to keep the policy repo rate unchanged at 6.50%.

Due to increasing disposable income levels, there is a surge in household consumption in both urban and rural regions, boosting the demand across sectors. India's economic outlook is optimistic as it reaps the benefits of demographic dividend, physical and digital infrastructure enhancements, increased capital expenditure and the government's proactive policy measures such as Production Linked Incentive (PLI) Schemes. According to the IMF, the Indian economy is expected to expand steadily at 6.8% in 2024.

Sector Basics - Cables

Cables involve one or more conductors which are used for the transmission of electricity, data, or signals. Demand for cables and conductors are directly linked to the growth of the manufacturing and infrastructure sector like power, telecommunications, and residential and commercial real estate.

In the fiscal year, our company has identified significant growth opportunities in the solar and electric vehicle (EV) sectors, driven by increasing demand for renewable energy solutions and electric mobility. This section discusses the strategic initiatives and market dynamics that enable us to capitalize on these expanding markets.

India's power cable industry is a significant segment of the country's electrical infrastructure market. Here's a comprehensive overview of the industry, including key data and trends:

Market Overview

Market size and growth: The Indian wire and cable market according to various reports is estimated to have surged to around ~ Rs. 750 billion in FY 2022-23 from Rs.335 billion in FY 2014-15. It is estimated that the industry registered a volume growth of around 10% between FY15 and FY23 and going forward it is expected to grow at 13% CAGR till FY27 taking it to Rs 1200 billion on the back of higher infrastructure spending by the government and growth in real estate sector and private capex. The cables industry can be broadly segmented into extra high voltage power cables greater than 66 KV, medium voltage power cables up to 33 KV and low voltage power cables up to 1 KV, instrumentation and control cables, light-duty cables, fiber optic cables, copper telephone cables, elastomer rubber cables and specialty cables

Key Applications: Power Transmission and Distribution: Power cables are critical for transmitting electricity from generation plants to consumers. Industries use power cables for machinery, equipment, and internal distribution systems.

Residential and Commercial: Electrical wiring and connectivity installation in homes, offices, and commercial buildings.

Industry Structure

Major Players: Large Manufacturers: Important players include Sterlite Technologies, KEC International, Polycab India Ltd., Finolex Cables Ltd., and RPG Cables. These companies have substantial production capacities and a wide range of cable products.

Regional Companies: Several regional players also contribute significantly to the market, catering to local and niche requirements.

Production Capacity: India has a robust manufacturing base for power cables, with several large and medium-sized factories spread across the country. The production capacity caters to a variety of cable types, such as low-voltage, medium-voltage, high-voltage, and specialty cables.

Trends and developments

1. Technological Advancements:

- **Smart Cables:** There is a growing trend to integrate smart technologies into power cables for monitoring and diagnostics.
- **High-Voltage Cables:** Adoption of HVDC and other high-voltage technologies is increasing.

2. Sustainability:

- **Eco-Friendly Materials:** There is an increasing focus on using environmentally friendly materials and reducing the carbon footprint of cable manufacturing.
- **Recycling Initiatives:** We're working to improve old cable recycling and waste reduction.

3. Regulatory Framework:

- **Standards and Compliance:** To ensure safety and performance, the industry adheres to Indian and international standards, such as IS (Indian Standards) and IEC (International Electrotechnical Commission).
- **Government Policies:** Policies promoting infrastructure development, renewable energy, and electrification support the growth of the power cable market.

4. Challenges:

- **Raw Material Prices:** Fluctuations in the prices of raw materials like copper and aluminium can impact production costs.
- **Supply Chain Problems:** Global supply chain disruptions and logistics challenges can impact the timely availability of components and materials.

5. Future Outlook :

- We expect the market to continue its upward trajectory due to the ongoing need for infrastructure upgrades, the expansion of the energy sector, and growing urbanization.
- Innovations in cable technology and materials will play a crucial role in meeting the evolving demands of the industry.

SECTOR BASICS - CONDUCTORS

INDIAN MARKET

The conductor's market in India is experiencing notable growth, with a compound annual growth rate (CAGR) projected to be around 8–10% over the next five years. Here are some detailed insights, including growth numbers. In 2023, the value of the Indian conductor's market stood at approximately USD 1.5 billion. We expect the market to grow at a CAGR of 8–10% from 2023 to 2028. We anticipate the market to reach a value of approximately USD 2.2 to 2.5 billion by 2028.

Key Drivers of Growth

Infrastructure Development: The Indian government's focus on infrastructure projects, such as the Smart Cities Mission and the expansion of the national grid, is a major catalyst. Investments in infrastructure are driving the demand for conductors to support the growing electricity transmission and distribution networks.

Increasing Electricity Demand: India's electricity consumption is rising due to urbanisation, industrialisation, and the expansion of electrification programs. The need for efficient and reliable conductors is crucial to supporting this demand, contributing significantly to market growth.

Renewable Energy Investments: With the government's ambitious target of 450 GW of renewable energy capacity by 2030, large-scale solar and wind power projects are on the rise. These projects require advanced conductors for effective energy transmission, driving market expansion.

Technological Advancements: Innovations in conductor technology, such as high-temperature low-sag (HTLS) conductors and aluminium conductor composite cores (ACCC), are improving the efficiency and capacity of power transmission. Adoption of these technologies is boosting market growth.

Government Initiatives

The Saubhagya Scheme, which aims for universal electrification, is driving demand for conductors in rural areas.

The Deen Dayal Upadhyaya Gramme Jyoti Yojana (DDUGJY) is an initiative that aims to improve rural electrification and power infrastructure. This initiative, which focusses on rural electrification and improving power infrastructure, is significantly boosting the conductor's market.

KEY DRIVERS OF GROWTH

The cables industry is poised for significant growth, driven by a robust capital expenditure cycle from both the government and private sector. Government initiatives across various sectors—such as power, housing, infrastructure, and digitization—are expected to create substantial business opportunities for the wire and cable industry in the medium to long term. Additionally, the industry's growth will be propelled by infrastructure development, urbanization, the establishment of smart cities, the expansion of residential and commercial real estate, rural electrification, and the shift towards renewable energy, collectively suggesting a promising future for the cables and wires sector.

Demand Drivers

Renewable Energy: The growth in renewable energy projects (solar and wind) is driving the demand for specialised cables to connect these sources to the grid.

Electrification: Increased electrification of transportation, including electric vehicles (EVs) and charging infrastructure, boosts the demand for power cables.

Electricity Consumption – Increase in per capita consumption, demographic dividend, rising disposable income, evolving consumer behaviour.

Infrastructure Development – India's infrastructure market is poised to remain robust, buoyed by flagship schemes including the National Infrastructure Plan, Gati Shakti program, Sagarmala, Bharatmala, Jal Jeevan Mission, Smart Cities Mission, and RDSS, among others.

Boost in Capex - The Annual Budget for 2024 has proposed a significant boost in capital expenditure (capex) aimed at enhancing investment in infrastructure activities in India. This initiative is expected to enhance a corresponding increase in private sector capex, supported by key initiatives such as the Production Linked Incentive (PLI) scheme and the 'Make in India' program.

Emerging area - Digitalization, Shift towards Renewable energy, Electric Vehicles, IoT.

Exports – Traction in electricity transmission & distribution to continue in the Middle East, SAARC and America.

COMPANY REVIEW

A Brand DICABS is a familiar name in the industry and owing to our past legacy and we plan to gain energy from the same. We are not only focusing on continuing the qualitative attributes that helped us the first time but also looking to reconnect with our past partners and customers. DICABS has been fortunate to have a strong connection with major industrial players because of qualitative products matching with the quantitative requirements. The factory, being located in the State of Gujarat which is largest industrially growing state and has immense opportunities in Solar and Wind power, has mammoth demand of various products of Company. The Indian Government vision of unified nationwide smart grid, one that connects power generated from various resources and transmits it across the nation through an interconnected grid, is already in place. The Company is a major player in Power industry for more than 15 years. Our USP is our quality which is paramount for any business's success in the current scenario and step with the infrastructural development of the Country.

GROW WITH DICABS

To meet the increasing demand and capitalise on market opportunities, Diamond Power Infrastructure Limited (DICABS) is planning significant expansions in both the solar wire and cable market as well as the EV cable market over the next three years. This includes increasing our manufacturing capacity to produce a broader range of high-quality cables that meet the evolving needs of these sectors. By expanding our production capabilities, we aim to strengthen our market presence and ensure a reliable supply of advanced cable solutions.

Manufacturing Expansion: We are significantly increasing our production facilities to cater to the growing demand for solar and EV cables. This expansion will involve state-of-the-art manufacturing technologies and processes to ensure high quality and efficiency.

We will allocate a significant portion of our investment to research and development. Our R&D efforts will focus on creating innovative cable solutions that offer enhanced performance, durability, and sustainability.

Workforce Development: To support our growth plans, expanding our workforce with skilled professionals will be critical. In order to equip our team with the latest industry knowledge and skills, we will invest in training and development programs.

Market penetration: Our goal is to enter new markets by leveraging our expanded capacity and strategic partnerships. This includes exploring opportunities in emerging markets with high potential for solar and EV adoption.

Opportunities and Threats:

The new Management of the Company is well equipped with the vision to take Company towards high growth with optimum utilization of resources of the Company in proper manner. New management is taking diligent efforts to boost the capacity utilization of the Company which remained under-utilized/ unutilized since inception of takeover due to absence of working capital. The Company is in the process of hiring qualified professionals to stimulate the vision of new management towards the Company. The Company is well placed to encash the opportunity in terms of ease of doing business and the relaxations provided by the government which will accelerate the business of the Company in terms of the revenue.

The Company had been into NCLT under CIRP process and there were no business operations almost for half a decade. The new Management of the Company is trying to streamline the business activities of the Company.

Strengths:

- Strong demand for power cables in India due to increasing infrastructure development and industrialization.
- Established reputation and brand image/ recognition in the market.
- Ability to leverage government initiatives such as "Make in India" and "Digital India" to increase business opportunities across the country.
- Presence of raw materials such as copper and aluminum in India, reducing dependence on imports.

Weaknesses:

- Strong competition from domestic and international players in the market.
- Commodity Pressure- Volatility or Steep Increase in commodity prices lead to increase in Cost of production and diminishing profit.
- Limited access to advanced technology and equipment, leading to potential quality issues.
- Power disruptions: Any impact on power distribution and electricity delivery can impact the demand for electrical products. Availability of stable and quality power supply continues to be an important factor for the industry's growth prospects.
- Geopolitical crisis: Volatility in the commodity and foreign currency markets may impact raw material availability due to geopolitical challenges in different geographies around the world.

Opportunities:

- Growing demand for renewable energy technology such as wind and solar power, which require power cables for transmission.
- Increasing government investment in infrastructure development projects such as smart cities, highways, and railways.
- Growing demand for electric vehicles, which require charging infrastructure and power cables.
- Potential to expand internationally to new markets in Asia and Africa.
- Potential for government incentives for businesses that invest in research and development.

Threats:

- Increasing competition from low-cost manufacturers in China and other countries.
- Potential for changes in government policies, geopolitical situation and regulations that could impact the industry.
- Technological disruption from alternative forms of energy transmission such as wireless power transmission.
- Potential for economic downturns or global crises that could impact demand for power cables.
- Brand Positioning impact due to the competitors.

Risk and Concern:

The wire and cable industry have vast potential in growth in coming years but it has some challenges also, the increasing price rise and competition from Chinese imports. The wire and cable industry is experiencing volatility in raw material prices, as the price of copper continues to increase, profit margins are squeezed and they become uncompetitive in the international market. Country is experiencing an all-time high price of fuel it's direct impact on domestic transportation, in result wire and cable transportation has increased. Also, a large section of the industry is still unorganized; there is a lack of quality product offerings from these players due to non-compliance with the product guidelines. Slowdown in the Indian economy due to global developments could adversely impact growth in the short-term envisage a risk

The new management of the Company are reviewing the existing risk management policy and lay down defined risk management mechanism covering the risk mapping and trend analysis, risk exposure, potential impact and risk mitigation process. Management is yet to set up exercises to be carried out to identify and evaluate, manage and monitor various risk.

From renewable sources		
Total electricity consumption (A)	0	0
Total fuel consumption (B)	0	0
Energy consumption sources through other sources (C)	0	0
Total energy consumed from renewable sources (A+B+C)	0	0
From non-renewable sources		
Total electricity consumption (D)	27971352000000	4085028000000
Total fuel consumption (E)	5140231480931	0
Energy consumption sources (F) through other	0	0
Total energy consumed from non-renewable sources (D+E+F)	33111583480931	4085028000000
Total energy consumed (A + B + C + D + E + F)	33111583480931	4085028000000
Energy intensity per rupee of turnover (Total energy consumed / Revenue from operations)	9643.091262938	26429.3537025026
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	0	0
Energy intensity in terms of physical Output	0	0
Energy intensity (optional) – the relevant metric may be selected by the entity	0	0

Note: Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency?(Y/N) If yes, name of the external agency: No

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

Not applicable, as DICABS does not fall under PAT scheme of Government of India.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2023-24	FY 2022-23
Water withdrawal by source (in kilolitres)		
(i) Surface water	0	0
(ii) Groundwater	13,785	110
(iii) Third party water	0	0
(iv) Seawater / desalinated water	0	0
(v) Others	0	0

Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	13,785	110
Total volume of water consumption (in kilolitres)	13,785	110
Water intensity per rupee of turnover (Total water consumption / Revenue from operations)	0.0000040146	0.0000007117
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)	0	0
Water intensity in terms of physical Output	0	0
Water intensity (optional)–the relevant metric may be selected by the Entity	0	0

Note: Indicate if any independent assessment / evaluation / assurance has been carried out by an external agency?(Y/N) If yes, name of the external agency: No

4. Provide the following details related to water discharged:

Parameter	FY 2023-24	FY 2022-23
Water discharge by destination and level of treatment (in kilolitres)		
(i) To Surface water		
-No treatment	NA	NA
-With treatment – please specify level of Treatment	NA	NA
(ii) To Groundwater		
-No treatment	NA	NA
-With treatment – please specify level of Treatment	NA	NA
(iii) To Seawater		
-No treatment	NA	NA
-With treatment – please specify level of Treatment	NA	NA
(iv) Sent to third-parties		
-No treatment	NA	NA
-With treatment – please specify level of Treatment	NA	NA
(v) Others		
-No treatment	NA	NA
-With treatment – please specify level of Treatment	NA	NA
Total water discharged (in kilolitres)	NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?(Y/N) If yes, name of the external agency: No

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation: NIL

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2023-24	FY 2022-23
NOx Ppm	Parts per Million	18	0
Sox Ppm	Parts per Million	21	0
Particulate matter (PM)	Milligram per meter cube	32/80	0
Persistent organic pollutants (POP)	-	0	0
Volatile organic compounds (VOC)	-	0	0
Hazardous air pollutants (HAP)	-	0	0
Others–please Specify	-	0	0

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency: NO

7. Provide details of greenhouse gas emissions (Scope1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2023-24	FY 2022-23
Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes Of CO2 equivalent	NA	NA
Total Scope 2 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes Of CO2 equivalent	NA	NA
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	-	NA	NA
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	-	NA	NA
Total Scope 1 and Scope 2 emission intensity in terms of physical output	-	NA	NA
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	-	NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?(Y/N) If yes, name of the external agency: No

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.: Not Applicable

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2023-24	FY 2022-23
Total Waste generated (in metric tonnes)		
Plastic waste (A)	NA	NA
E-waste (B)	NA	NA
Bio-medical waste (C)	NA	NA
Construction and demolition waste (D)	NA	NA
Battery waste (E)	NA	NA
Radioactive waste (F)	NA	NA
Other Hazardous waste. Please specify, if any. (G)	NA	NA
Other Non-hazardous waste generated (H). Please specify, if any. (Break-up by composition i.e. by materials relevant to the sector)	NA	NA
Total (A+B + C + D + E + F + G+ H)	NA	NA
Waste intensity per rupee of turnover (Total waste generated / Revenue from operations)	NA	NA
Waste intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total waste generated / Revenue from operations adjusted for PPP)	NA	NA
Waste intensity in terms of physical output	NA	NA
Waste intensity (optional) – the relevant metric may be selected by the entity	NA	NA
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of waste		
(i) Recycled	NA	NA
(ii) Re-used	NA	NA
(iii) Other recovery operations	NA	NA
Total	NA	NA
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of waste		
(i) Incineration	NA	NA
(ii) Landfilling	NA	NA
(iii) Other disposal operations	NA	NA
Total	NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?(Y/N) If yes, name of the external agency: No

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Non-Hazardous Waste: Non-hazardous waste refers to solid or semi-solid materials that do not pose a risk to human health, agriculture, or the environment when disposed of properly. This type of waste does not have harmful physical, chemical, reactive, toxic, flammable, explosive, or corrosive characteristics.

Hazardous Waste: Hazardous waste is any waste that, due to its physical, chemical, reactive, toxic, flammable, explosive, or corrosive properties, poses a danger to health or the environment. This danger can arise whether the waste is handled alone or in combination with other substances.

Domestic Waste (Garbage):

- Collection: Waste bins with lids will be provided in all offices and plant areas for collecting waste. These bins will be lined with plastic bags, and the collected waste will be transported to the designated collection area (Waste Yard).
- Disposal Method: Papers and plastics collected will be sent to an authorized recycler.
- Food Waste: Food waste from the canteen will be collected in plastic bins with lids, lined with black plastic bags, and stored in a designated collection area. These bins will be cleaned thoroughly on a daily basis by the catering agency.
- Disposal Method: The catering agency will handle the disposal of food waste.

Storage and Disposal of Hazardous Waste:

Storage: All hazardous waste, including waste oil, lubricants, oil sludge, oil filters, etc., that cannot be neutralized, reused, or recycled, will be stored in containers appropriate for their classification. These containers will be clearly labeled with warning notices.

Disposal Method: Hazardous waste will be disposed of through a licensed carrier and sent to an approved vendor authorized by the Gujarat Pollution Control Board (GPCB) for treatment or disposal in a designated hazardous waste pit or processing facility. By adhering to these guidelines, we aim to ensure safe and environmentally responsible waste management practices across our operations.

By adhering to these guidelines, we aim to ensure safe and environmentally responsible waste management practices across our operations.

If not, provide details of all such non-compliances, in the following format: The Company comply with Gujarat Pollution control board

Leadership Indicators

**1. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres)
For each facility/plant located in areas of water stress, provide the following information:**

(i)Name of the area: Nil

(ii)Nature of operations: Nil

(iii)Water withdrawal, consumption, and discharge in the following format:

There is no water withdrawal, consumption, and discharge in areas of water stress.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?(Y/N) If yes, name of the external agency. No

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

The Company is in process of initiating data collection to calculate Scope 3 emissions

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.No

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

The Company does not have any operations/offices in/around ecologically sensitive areas.

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as out come of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
NA			

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Our resources include an ambulance, trained firefighters, and first aid responders to ensure comprehensive coverage during emergencies.

Areas of Focus for Emergency Response:

- Fire Incidents: Addressing fires caused by flammable chemicals, oils, or electrical short circuits, particularly in the panel room and transformer locations.
- Fall Incidents: Responding to accidents involving individuals falling from heights.
- Transportation Accidents: Managing emergencies related to transportation accidents.
- Natural Disasters: Handling emergencies arising from heavy rain, storms, floods, and earthquakes.

Onsite Emergency Plan: We have developed a detailed onsite emergency plan, which includes:

- A list of key personnel and local services.
- Protocols for internal and external communication.
- A comprehensive list of hazardous materials, including Material Safety Data Sheets (MSDS), and guidelines for handling emergencies involving these materials.

Annual Mock Drill Plan: An annual plan for mock drills has been established to test and refine our emergency procedures. These drills are conducted periodically to ensure the effectiveness of our onsite emergency plan. Training is provided to all relevant personnel, and records of these exercises and training sessions are meticulously maintained.

This proactive approach ensures that our team is well-prepared to handle emergencies and minimize their impact on our operations and personnel.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of **DIAMOND POWER INFRASTRUCTURE LIMITED**

Report on the Audit of Standalone Financial Statements

We have audited the accompanying Financial Statements of **DIAMOND POWER INFRASTRUCTURE LIMITED ("the Company")** which comprises the Balance sheet as at **31st March, 2024**, the Statement of Profit & Loss (including Other Comprehensive Income), the Statement of Cash Flows and Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements")

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, subject to the effect of the matter described in the "Basis of Qualified Opinion" section of our Report hereinbelow, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the State of Affairs of the Company as at March 31, 2024, and its Total Comprehensive Income comprising its Profit and Other Comprehensive Income, Changes in Equity and its Cash Flows for the year ended on that date.

Basis for Qualified Opinion

Attention is Invited to Note 4 of the Notes to the Standalone Financial Results wherein Management has disclosed the fact relating to the pending updation of the Property Plant & Equipment Register with all necessary details and physical verification / reconciliation with books of accounts of the same including the Capital Work-in-Progress and giving appropriate effect to the same.

Due to the pendency of the exercise, the Property, Plant & Equipment Block is being carried forward with the balances as appearing from the NCLT / RP Period prior to takeover by the new Management while fresh additions made are being added to the respective blocks. Further, the Company has also appropriated and capitalised electricity, manpower and interest costs to CWIP block which are identified and / or worked out as relating to ongoing expansion / commissioning of CWIP.

The Depreciation on the unreconciled / pending to be updated values which are being carried forward from the NCLT / RP period has been provided only @ 20% of the applicable depreciation on such values citing that the manufacturing operations were not operating at optimum capacity and the same has been considered based on estimated capacity utilization. Depreciation on fresh additions are being provided at appropriate rate whereas no depreciation has been provided on CWIP since the same has not been commissioned.

Since the process of updation, physical verification and reconciliation of Property, Plant & Equipment including capital work-in-progress is going on, we will be able to verify and opine on the correctness of the Values of Property, Plant & Equipment as appearing in the books only upon completion of the process.

Further, since the aforesaid process is going on, we will be able to ascertain the capacity utilization and veracity of the management estimate of 20% for calculation of depreciation as well as for appropriation / capitalization of power, manpower and borrowing costs to Capital Work-in-Progress only upon completion of the process. Hence, we will be able to opine on the depreciation as calculated as well as the appropriation / capitalization carried out also upon completion of the process.

Hence, the State of Affairs, the Net Profit and Total Comprehensive Income for the year ended March 31, 2024 are subject to the effect of this matter.

Conduct of Audit

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone annual financial results.

Conduct of Audit

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone annual financial results.

Emphasis of Matter:

a) Attention is invited to Note 29 of the Notes to the Standalone Financial Statements regarding difference in Inventories of Rs. 3065.64 Lacs relating to period prior to takeover by new management found during Physical Verification as at the end of the year and write-off of the same with corresponding effect to Capital Reserve in consistency with the effect given to other differences at the time of takeover by the new management.

b) Attention is Invited to Note 52 wherein it has been disclosed that the Enforcement Directorate has not yet released the attachment on the assets of the Company and that the Company has filed petitions before the relevant Honourable Courts seeking release of the attachments on the assets.

Our Opinion is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matters to be communicated in our report.

Inventory Existence and Valuation :

(Reference is Invited to Note 3.14 under Significant Accounting Policies and Note 10 and Note 29 of the Notes to the Standalone Financial Statements)

The carrying value of inventories as at March 31, 2024 is Rs. 12,028.38 lacs. The Inventories are located at multiple locations inside the factory and third-party locations. The Inventories included substantial values carried forward from the period prior to takeover by the new management (Refer Note 48 of the Notes to the Financial Statements). Valuation of Inventories is primarily arrived at directly from books of accounts but some manual calculations are also carried out.

Existence and Valuation of Inventory has been considered as a key audit matter due to :

a) Significance of the inventory balance to the total assets as per Standalone Financial Statements.

b) Multiple locations that inventory is held at.

c) Valuation of inventory partially in a non-automated environment, and the resultant likelihood of material misstatement resulting from errors in computation.

d) Physical Verification being carried out for the first time as at the year end after takeover by the New Management resulting in significant differences in Inventories relating to period prior to takeover by the new management

e) The potential risk of non-existence of inventory and the identification of non-moving, obsolete / damaged inventory is a significant area of audit importance

f) The inventory valuation also requires management estimates towards write-down of inventory items to its net realizable value (wherever applicable) and allowance for slow moving or non-moving inventory.

How the Key Audit Matter was addressed in our Audit :

Our audit included, but was not limited to, the following procedures:

a) Evaluating the Company's inventory Accounting Policies and assessing compliance with the relevant accounting standards

b) Evaluating the design and testing the implementation and operating effectiveness of the Company's internal controls over physical verification of inventory, inventory valuation and accounting.

c)Evaluating the design and testing the implementation and operating effectiveness of the Company's internal controls over physical verification of inventory, inventory valuation and accounting.

d)Observing the physical verification conducted by management as at the year end including observing compliance of stock count instructions by management personnel, observing steps taken by management to ascertain the existence of inventory on the date of the count (including identification of non-moving, obsolete / damaged inventory), performing independent inventory counts on sample basis and reconciling the same to the management counts and reviewing the reconciliation of the differences in inventory quantity between the physical count and the books of accounts,

e)Checking the accounting of Inventory difference as per the accounting policies of the Company specially those relating to period prior to takeover by the new Management.

f)Testing the costs as calculated by the management on a sample basis by verifying underlying records such as purchase invoices, cost sheets, overhead allocations and capacity utilization certificates as also comparing the cost of the Raw material, Finished goods and Work In Progress with the estimated net realizable value, on sample basis, and checking if those inventories were recorded at net realizable value where the cost was higher than the net realizable value with an overall intent to ascertain that the Valuation was arrived at as per the accounting policy of the Company.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance, Shareholder's Information and Other Information included in the Company's Annual Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's reports thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the IND-AS and other accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Account) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

Other Matters:

The Standalone Financial Results of the Company for the year ended 31st March 2023 were audited by the previous statutory auditors of the Company and they had expressed a disclaimer of opinion on Standalone Financial Results vide their report dated 30th May 2023.

'ANNEXURE –A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under Report on Other Legal and Regulatory Requirements' section of our report of even date for the year ended 31st March 2024 of DIAMOND POWER INFRASTRUCTURE LIMITED)

(i) (a) (A) **As per the information and explanations given to us, the updation / preparation of Property, Plant and Equipment Register showing full particulars including quantitative details and the situation of Property, Plant & Equipment is pending. The Management has disclosed this in Note 4 of the Notes to the Standalone Financial Statements and the same is also covered in the Basis of Qualified Opinion section of our Independent Auditors' Report**

(B)The Company does not have any Intangible Assets.Hence the provisions of clause (i)(a)(B) of paragraph 3 of the Order is not applicable to the Company.

(b) As per information and explanations given to us there was no physical verification of Property, Plant and Equipment carried out during the year. The Management has disclosed in Note 4 of the Notes to the Standalone Financial Statements that wherein it has been highlighted that the updation / preparation of Property, Plant and Equipment Register with all necessary details and reconciliation with the books of accounts including physical verification as well as verification of amounts reflected as capital work in progress (CWIP) and giving appropriate effect to the same is pending to be done in the books of accounts. The matter is also covered in the Basis of Qualified Opinion Section of our Independent Auditors Report.

(c)According to the information and explanations given to us and on the basis of our examination of the records of the Company, we report that the title deeds of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the Financial Statements are held in the name of the Company.

(d)The Company has not revalued any of its Property, Plant and Equipment and / or Intangible assets during the year.

(e)According to information and explanations given to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

(ii) (a) As per the information and explanations given to us, subsequent to the takeover by the new management pursuant to the approval of the resolution plan in the preceding year (Refer Note 48 of the Notes to the Standalone Financial Statements fore details relating thereto), the Physical Verification of Inventories and Reconciliation of the same with that appearing in the books of accounts was carried out for the first time after takeover by the new management at the end of the year under report only. The coverage and procedure of such verification by the management was, in our opinion, prima facie appropriate considering the nature of business and location of Inventories.

Inventories amounting to Rs. 3065.64 Lacs were identified as appearing as per books of accounts without any movement from the period prior to takeover by the new management till the end of the year and the same were also not physically available. This difference has been written off as at the end of the year (Refer Note 29 to the Notes to the Standalone Financial Statements). Apart from the same, no discrepancies of 10% or more in aggregate for each class of inventories were noticed.

(b) The Company has not been sanctioned Working Capital Limits in excess of five crore rupees, in aggregate, from banks or financial institutions at any point of time in previous year.

(iii) As per the information and explanations given to us, subsequent to the takeover by the new management pursuant to the approval of the resolution plan in the preceding year (Refer Note 48 of the Notes to the Standalone Financial Statements fore details relating thereto), the Company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to Companies, Firms, LLPs or Other Parties during the preceding year or the year under report.

As per the information and explanations given to us, the Company had made investments in Subsidiaries and Associates as well as given loan and guarantees in the period prior to takeover by the new management. However, these investments and loans have either written off or provision has been made in full against non-recoverability of the same pursuant to takeover by the new management as a result of which the effectives values of these investments and loans have been nullified in the books and the guarantees also stand extinguished upon approval of the Resolution Plan.

Hence, no comments are required on Paragraph (iii)(a),(b),(c),(d),(e) and (f) of the Order.

(iv) As per the information and explanations given to us, subsequent to the takeover by the new management pursuant to the approval of the resolution plan in the preceding year (Refer Note 48 of the Notes to the Standalone Financial Statements fore details relating thereto), since the Company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to Companies, Firms, LLPs or Other Parties during the preceding year or the year under report. the provisions of sections 185 are not applicable and no compliance is required u/s 186.

As per the information and explanations given to us, the Company had made investments in Subsidiaries and Associates as well as given loan and guarantees in the period prior to takeover by the new management wherein wherein it is not possible to verify the compliance with S. 185 and S. 186 of the Act. However, these investments and loans have either written off or provision has been made in full against non-recoverability of the same pursuant to takeover by the new management as a result of which the effective values of these investments and loans have been nullified in the books and the guarantees also stand extinguished upon approval of the Resolution Plan.

(v) The Company has not accepted any deposits or deemed deposits within the meaning of Section 2(31) of the Companies Act 2013 read with the Companies (Acceptance of Deposits) Rules, 2014 and hence the compliance to the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act and the Rules framed there under are not applicable. No order has been passed by Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.

(vi) The requirement of maintenance of cost records as per the Companies (Cost Accounting Records) Rules, 2014 prescribed by the Central Government for the maintenance of cost records under Section 148(1) of the Companies Act, 2013 was not applicable to the company for the year under report.

(vii) (a) According to the records of the Company, the Company is regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Custom Duty and other material statutory dues applicable to it.

According to the information and explanations given to us, no undisputed amounts payable in respect of Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues applicable to the Company were outstanding, as at 31st March, 2024 for a period of more than six months from the date they became payable.

(b) According to the records of the company, there are no dues of Sales Tax, Income Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax or Goods and Service Tax which have not been deposited on account of any dispute except the following :

- Income Tax Demand for Various Years – Rs. 115377 Lacs

(These Demands were raised subsequent to the approval of the Resolution Plan by the Hon. NCLT and hence not maintainable as per the management of the Company. On that ground itself, the Ld Commissioner of Income Tax Appeals deleted the demands in the Appellate Orders for each of the years. However, the Income Tax Department has filed further appeals before the Hon. Income Tax Appellate Tribunal which are pending to be heard)

- Goods and Service Tax Demand of Rs. 90 Lacs

The Company has filed an appeal before the First Appellate Authority which is pending to be heard)

(iii) There are no transactions not recorded in the books of accounts that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Hence no further comments are required under Para 3(viii) of the Order.

(iv)(a) According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company had in the past, before takeover by the new management, defaulted in the repayment of loans or borrowings and in the payment of interest thereon to all lenders which led to the initiation of Corporate Insolvency Resolution Proceedings which were ultimately resolved upon approval of the Resolution Plan in June 2022 (Refer Note 48 of the Notes to the Standalone Financial Statements). Subsequent to the takeover by the new management, the Company has not defaulted in repayment of loans or other borrowings or in payment of interest thereon including the amount payable to the lenders as per the approved Resolution Plan. and classified all borrowing as NPA by banks and FIs in past.

(b) According to the information and explanations given to us, subsequent to the takeover, by the new management (Refer Note 48 of the Notes to the Standalone Financials Statements) the Company is not a declared wilful defaulter by any bank or financial institution or other lender.

(c) Subsequent to the takeover by the new management (Refer Note 48 of the Notes to the Standalone Financials Statements) the Company has not taken any Term Loans. Hence, no comments are required on Paragraph 3(ix)(b) of the Order

(d) On the basis of review of utilization of funds which is based on an overall examination of the balance sheet of the Company, related information as made available to us and as represented to us by the Management, we report that in general funds raised on short-term basis have not been used for long-term purposes

(e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures. Hence, reporting under Paragraph (ix) (e) of the Order is not applicable. As such the Company has not made any investment in any subsidiary, associate or joint venture subsequent to the takeover by the new management (Refer Note 48 of the Notes to the Standalone Financials Statements) and the investments made prior to the same have been written off fully as non-recoverable at the time of the takeover (Refer Note 7 of the Notes to the Standalone Financials Statements)

(f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associates or joint ventures. Hence, reporting under Paragraph (ix) (f) of the Order is not applicable. As such the Company has not made any investment in any subsidiary, associate or joint venture subsequent to the takeover by the new management (Refer Note 48 of the Notes to the Standalone Financials Statements) and the investments made prior to the same have been written off fully as non-recoverable at the time of the takeover. (Refer Note 7 of the Notes to the Standalone Financials Statements)

(x) (a) The Company has not raised any moneys during the year by way of Initial Public Offer or Further Public Offer.

(b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year.

(xi) (a) As such, there has been no fraud by the Company or any fraud on the Company that has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year.

(c) As per the information and explanation given to us, no whistle-blower complaints, were received by the Company during the year.

(xii) The Company is not a "Nidhi" Company. Accordingly, Paragraph (xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv)(a) The Company has an internal audit system commensurate with the size of the Company and nature of its business.

(b) The Reports of the Internal Auditor for the period under Audit were considered by the Statutory Auditors.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, Paragraph 3(xv) of the Order is not applicable.

(xvi) (a) As per information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934).

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities during the year.

(c) The Company or any Member Company of the Group is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India and hence, reporting under Paragraph (xvi) (c) & (d) of the Order is not applicable.

(xvii) The Company has not incurred any cash losses in current financial year. However, it had incurred cash losses of Rs. 2404.18 Lacs during the immediately preceding financial year which have been worked out on the basis of the audited financial statements of the preceding year which were audited by the previous auditors.

(xviii) There has been no resignation of the Statutory Auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) Since the provisions of S. 135 of the Companies Act, 2013 with regard to Corporate Social Responsibility (CSR) are not applicable to the company hence the clause 3(xx) of the Order is not applicable.

(xxi) The Financial Statements covered by this Report being standalone Financial Statements, no comments are required under Paragraph (xxi) since those are related to Consolidated Financial Statements.

“Annexure – B” to the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **DIAMOND POWER INFRASTRUCTURE LIMITED (“the Company”)**, as on **31st March, 2024** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the ‘Guidance Note’) issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

As at the end of the year, the updation / preparation of Property, Plant and Equipment Register with all necessary details and reconciliation with the books of accounts including physical verification as well as verification of amounts reflected as capital work in progress (CWIP) and giving appropriate effect to the same was pending to be done in the books of accounts. The Company has allotted the task relating to the same to an Independent Agency and the same was expected to be completed in the first quarter of the next Financial Year.

The Property, Plant and Equipment Block is being carried forward with balances as appearing from the Pre-NCLT / RP period pending the exercise as aforesaid and adjustments to be made as an outcome of the same while fresh additions made during the year have been presented under the respective blocks.

The Company has further appropriated and capitalised electricity, manpower and interest costs to CWIP block which are identified and / or worked out as relating to ongoing expansion / commissioning of CWIP.

During the year / period under reporting, the Company was still not running at its optimum capacity and only 20% of the Company's Property, Plant & Equipment were operational. Hence the Company has provided for depreciation equivalent to only 20% of the applicable depreciation on the PPE Block as per part C of Schedule II of the Companies Act, 2013, on pro-rata basis for normal wear and tear while on additions during the year depreciation has been fully provided.

The estimates of valuation as per actuarial valuation take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The expected contributions for Defined Benefit Plan for the next financial year will be in line with FY 2023-24.

The plan typically expose the Company to actuarial risks such as: interest rate risk, liquidity risk, salary escalation risk and regulatory risk.

Interest Rate Risk:

The plan exposes the Company to the risk off all in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk:

This is the risk that the Company is not able to meet the short-term gratuity pay outs. This may arise due to nonavailability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk:

The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase in salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Regulatory Risk:

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity pay-outs (e.g. Increase in the maximum limit on gratuity of ₹ 10 lacs)

Defined Benefit : Leave Encashment

Employee who has completed 6 months with the company is eligible for earned leave. 36 earned leaves are credited to employee per year and the maximum leave accumulation allowed is 60. Any leave in excess of 60 is automatically encashed. All encashments are at the last drawn basic salary. The actuarial valuation has been carried out for the first time during this financial year.

- iii.** The Company has not granted any Loans or Advances in the nature of loans to Promoters, Directors, KMPs and Related Parties either severally or jointly with other persons that are repayable on demand or without specifying any terms or period of repayment.
- iv.** The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.
- v.** The Capital Work-in-Progress ageing schedule for the year ended on March 31, 2024 and March 31, 2023 is as follows:

(₹ in lacs)

Capital Work in Progress (CWIP)	As at March 31, 2024	As at March 31, 2023
Less than 1 Year	924.64	-
1-2 Years	-	-
2-3 Years	-	-
More than 3 Years	18,845.04	18,845.04
Total	19,769.69	18,845.04

Attention is Invited to Note 4. As at the end of the year, the updating / preparation of Property, Plant and Equipment Register with all necessary details and reconciliation with the books of accounts including physical verification as well as verification of amounts reflected as capital work in progress (CWIP) and giving appropriate effect to the same was pending to be done in the books of accounts. The Company has allotted the task relating to the same to an Independent Agency and the same was expected to be completed in the first quarter of the next Financial Year.

In the intermittent period, the Property, Plant and Equipment Block including CWIP is being carried forward with balances as appearing from the Pre-NCLT / RP period. The Company has also undertaken expansion activities which include commissioning of the CWIP. Additions made during the year are added to the CWIP. Further, the Company has appropriated and capitalized electricity, manpower and interest costs to CWIP block which are identified and / or worked out as relating to ongoing expansion / commissioning of CWIP.

The CWIP is expected to be capitalized in a phased manner as each phase is commissioned and and difference on account of the reconciliation exercise also accordingly be accounted for.

- vi.** According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company had defaulted in the repayment of its borrowings and had been declared as a Willful Defaulter which ultimately led to institution of Corporate Insolvency Resolution Process in 2018. Subsequent, the approval of the Resolution Plan by the Hon. NCLT in June 2022 the liabilities to the lenders have been restated as per the said approved plan upon takeover by the new management. Post Takeover by the new management, there have been no defaults in repayment of dues to any lenders as per agreed terms
- vii.** The Company has not been sanctioned Working Capital Limits in excess of five crore rupees, in aggregate, from banks or financial institutions at any point of time in previous year.
- viii.** The Company has not entered into any transactions with Struck-off Companies.

- ix. There were several charges registered by various lenders with Registrar of Companies against the Loans granted by them to the Company prior to 2018. Subsequently, the Company went into Corporate Insolvency Resolution Process. The Resolution was finally approved by the Hon. NCLT wherein liabilities were reorganized as the Resolution Plan (Refer Note 53). Pursuant to the same, the lenders were required to approve and assist the new management for carrying out the satisfaction of all charges with the Registrar of Companies and register the charge only to the extent of amount payable as per the Resolution Plan. However, the same has not yet happened. The Company is actively pursuing all the lenders to provide the necessary documentation to carry out the exercise and expects the same to be completed in the next Financial Year. In the meanwhile, however, 21 Charge ID's totally to ₹ 12,558.27 lacs are still appearing as open before the Registrar of Companies.
- x. The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Companies Act 2013 read with Companies (Restrictions on number of Layers) Rules, 2017
- xi. There was no Scheme of Arrangements during the year.
- xii. The Company has not advanced or loaned or invested funds to any other person(s) or entity(is), including foreign entities (Intermediaries) with the understanding that the Intermediary shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
- xiii. The Company has not received any fund from any person(s) or entity(is), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- xiv. The Company does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.
- xv. The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

"The company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an internal part of how to plan and execute its business strategies. The company is exposed to market risk, credit risk and liquidity risk.

The company senior management oversees the management of these risks. The senior Professionals working to manage the financial risks and the appropriate financial risk governance framework for the company are accountable to the Board of Directors and Audit Committee. This process provided assurance the Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objectives. In the event of crises caused due to external factors such as caused by recent pandemic "COVID 19" the management assesses the recoverability of its assets, maturity of its liabilities to factor it in cash flow forecast to ensure there is enough liquidity in these situations through internal and external source of funds. These forecast and assumptions are reviewed by board of directors.

1. Risk Management Framework

The Company's board of directors has overall responsibility for establishment and Oversight of the company's risk management framework. The board of directors has established the processes to ensure that executive management controls risks through the Mechanism of property defined framework. The Company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by the board annually to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

2. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers. The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The management impact analysis shows credit risk and impact assessment as low.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate. The company management has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed quarterly. Any sales exceeding those limits require approval from the Directors of the company. Most of the Company's customers have been transacting with the company for over Five to Ten years against those customers. In monitoring customer credit risk, Customers are reviewed according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry and existence of previous financial difficulties. The company has not written off any amount in recent past for impairment in receivables. In view of the same no provision for impairment is done in current financial year.

3. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The following are the contractual maturities of the financial liabilities, including estimated interest payments as at March 31, 2024:

(₹ in lacs)

4. Market Risk

Market risk is the risk that the Fair value of future cash flow of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: Currency rate risk, Interest Risk and equity price risk.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the Company has borrowings which have fixed interest rate, therefore Company is not exposed to such risk.

(ii) Foreign Currency Risk

The company has its operations in India only and hence is not exposed to currency risk on account of receivables and payables in foreign currency. The functional currency of the company is Indian Rupee.

(iii) Equity Price Risk

The Company has no investments in equity and hence is not susceptible to market price risk arising from uncertainties about future values of the investment securities.

5. Capital Management

The Company's capital management objectives are:

- To ensure the Company's ability to continue as going concern
- To provide adequate return to shareholders through optimization of debt and equity balance

For the purpose of the Company's capital management, capital includes issued equity capital and other equity reserves attributable to the equity holders of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and business opportunities. The Company monitors capital structure using a debt equity ratio, which is debt divided by equity.

Subsequently, new RP Mr. Prashant Jain was appointed vide order dated May 04, 2021 to manage the affairs of the Company as per provisions of the Insolvency and Bankruptcy Code.

After a prolonged Resolution Process, the Hon'ble NCLT vide its order dated June 20, 2022 approved the Resolution Plan submitted by M/s GSEC Limited in consortium with Mr. Rakesh Shah. Thereafter, as per approved plan, a Monitoring Committee was constituted to take necessary actions for implementation of the approved resolution plan.

On trigger date i.e. September 17, 2022, M/s GSEC Limited in consortium with Mr. Rakesh Shah took over charge of the company and reconstituted the Board of Directors of the Company and new management was put in place."

"As per the Resolution Plan approved, the Resolution Applicant agreed to pay ₹ 2,40,027.47 Lacs in total towards the liabilities of the Company to all its financial and operational creditors against claims admitted by the RP.

Out of the said amount, one block of ₹ 50,100.00 Lacs was to be paid in cash. Out of the said ₹ 50,100.00 Lacs, an amount of ₹ 2,000.00 Lacs was to be paid towards the Resolution Costs, ₹ 500 Lacs was to be paid to the Operational Creditors, ₹ 240 Lacs was to be paid towards employee liabilities and balance ₹ 47,360.00 Lacs was to be paid to the lenders over a period of 5 years which included Non Convertible Debentures of ₹ 3,316 Lacs. The second block consisted of issuance of 0.01% Unsecured Redeemable Bonds repayable at the end of 30 years to the tune of ₹ 1,89,927.47 Lacs.

Further, as per the Resolution Plan approved, the equity shareholding of existing share holders, as on the date of takeover by the new management, was extinguished by 99% and consequently the total share capital was reduced to 1% of the Paid up equity share capital and the Preference Share Capital was fully extinguished.

As per the Resolution Plan approved, the accounting effects for reduction in equity and preference share holding and the excess liabilities to be written off were given with corresponding effect to Capital Reserve (Resolution Plan) at the time of takeover by the new Management. Similarly, write off of assets as well as any provisioning for impairment of assets or towards doubtful of recovery assets was also done at that time with corresponding effect to Capital Reserve (Resolution Plan). The Management has adopted a Policy to continue giving effect to any liability or asset pertaining to the period prior to the takeover by the new management with corresponding effect to Capital Reserve (Resolution Plan), in order to be consistent in the accounting treatment as well as to ensure that such items do not impact financial figures relating to the period subsequent to takeover by the new management.

Diamond Power Infrastructure Limited

Notes Forming Part of the Financial Statements for the year ended on 31st March 2024

1. General Information of the Company:

Diamond Power Infrastructure Limited (the Company), incorporated on 26 August 1992, under the provisions of Companies Act, 1956. is a listed public limited company domiciled and headquartered in India. The Company is engaged in manufacturing of Cables and Conductors.

After more than 20 successful years, the Company ran into financial trouble and finally went into Corporate Insolvency Resolution Proceedings in 2018. After prolonged proceedings, a Resolution Plan submitted by M/s GSEC Limited in consortium with Mr. Rakesh Shah was finally approved by the Hon. NCLT on 20th June, 2022. Thereafter, on trigger date i.e. 17th September, 2022, M/s GSEC Limited in consortium with Mr. Rakesh Shah took over charge of the company. The Board of Directors was re-constituted and new management was put in place to implement the Resolution Plan approved by the NCLT and re-start the operations of the Company.

The Company has started operations under the new management since December, 2022 with part utilization of the infrastructure. Since then the Company has progressed significantly under the new management. In the first full year of operations i.e. 2023-24 itself, the Company has achieved robust turnover and attained profitability also despite not operating at full capacity. As the operations stabilize, the Company will start operating at higher capacities and expects to achieve substantial turnover and profitability going forward

The Shares of the Company are listed on the BSE and NSE and trading approval for the Shares have been received post takeover by new management and re-alignment of share capital as per the approved Resolution Plan.

2. Basis of Preparation:

a. Statement of Compliance

These financial statements have been prepared on a going concern basis following the accrual basis of accounting in accordance with the Generally accepted Accounting Principles (GAAP) in India following the Indian Accounting Standards (referred to as "IndAS") as specified under the section 133 of the Companies Act, 2013 read with Rule 3 of Companies (Indian Accounting Standard) Rules, 2015 and relevant amendments rules issued thereafter.

b. Basis of Measurement

The financial statements have been prepared on a historical cost convention, except for certain financial assets and financial liabilities that are measured at fair value as required under relevant Ind AS at the end of each reporting period as set out in the accounting policies below.

These Financial Statements are presented in Indian Rupees (INR) which is the Company's functional currency and all amounts are rounded off to the nearest lakhs (upto two decimals) except when otherwise stated.

C. Significant accounting judgements, estimates and assumptions

The preparation of the company's financial statements requires management to make judgements, estimates and assumptions that affect application of accounting policies and the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Estimates are based on historical experience and other factors, including futuristic information, that may have a financial impact on the Company. However, these may change due to market changes or circumstances arising that are beyond the control of the company. Any change in these estimates and assumptions will generally be reflected in the financial statements of the period in which such changes arise or prospectively unless they are required to be treated retrospectively under the relevant Ind-AS.

d. Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

i. Taxes

The tax expense for the year under report includes provision for current tax as well as provision for deferred tax.

Provision for Current tax is made, based on tax estimated to be payable as computed under the various provisions of the Income Tax Act, 1961.

Significant management judgement is required to determine the amount of deferred tax assets that can be recognized based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

ii. Employee Benefit Plans

The cost of the defined benefit gratuity plan, other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

iii. Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgement and the use of estimates regarding the outcome of future events.

iv. Property, Plant and Equipment

Useful lives and residual values are determined by the management at the time the asset is acquired and reviewed at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification as per the Company's normal operating cycle. The operating cycle is the time between the acquisition of assets and their realisation in cash and cash equivalents. Based on the nature of products, the Company has identified twelve months as its operating cycle.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

f. Application of New Ind AS and List of Standards issue but not made effective

All the Indian Accounting Standards issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the financial statements are authorized have been considered in preparing these financial statements. Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on March 31, 2024, there we no new Standards or Amendment issue but not made effective.

3. Significant Accounting Policies:

3.1 Property, Plant & Equipments

Recognition and initial measurement

Property, Plant & Equipment are initially recognized at their cost of acquisition.

The cost of acquisition includes freight, installation cost, duties & taxes (other than those subsequently recoverable from taxing authorities such as the Goods and Services Tax for which Input Tax Credit is availed by the Company) including borrowing costs for qualifying assets, if capitalization criteria are met, and other incidental expenses, identifiable with the asset, incurred during the installation / construction stage in order to bring the assets to their working condition for intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Cost incurred subsequent to putting an item of PPE into operation such as repair and maintenance costs are usually recognized in statement of profit or loss as incurred. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company.

Subsequent measurement (depreciation and useful lives)

Property, Plant and Equipment are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Freehold Land, if any, is not depreciated.

Depreciation is recognized so as to write-off the cost of assets less their residual values over their useful lives. Depreciation on property, plant and equipment has been provided using straight line method using rates determined based on management's assessment of useful economic lives of the asset and the actual usage of the asset.

Followings are the estimated useful lives of various category of assets used which are aligned with useful lives defined in schedule II of Companies Act, 2013:

Building	30 Years
Plant & Machinery / ETP Plant	15 Years
Furniture & Fixture	10 Years
Computers	03 Years
Electrical Installation	10 Years
Vehicles	08 Years
Office Equipment	05 Years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

An item of property, plant and equipment and any significant part initially recognized is de- recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, when the asset is de-recognized.

3.2 Capital work-in-progress (CWIP)

Costs incurred for PPE not ready for use or in the course of construction of being ready for intended use as at the reporting date are disclosed as capital work-in progress. At the point when an item is started to be operated for its intended use, the accumulated costs are transferred to the appropriate category of PPE and depreciation is commenced.

3.3 Investment property

Property that is held for long term rental yield or for capital appreciation or both, and that is not occupied by the Company, is classified as Investment property. Investment properties measured initially at cost including related transitions cost and where applicable borrowing cost. Subsequent to initial recognition, Investment Properties are measured in accordance with Ind AS 16. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repairs and maintenance costs are expensed when incurred.

An Investment Property is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, upon de-recognition.

3.4 Intangible assets

Recognition and Measurement

Intangible assets are recognized when the asset is identifiable, is within the control of the company, it is probable that the future economic benefits that are attributable to the asset will flow to the company and cost of the asset can be reliably measured.

Intangible assets acquired by the company that have finite useful lives are measured at cost.

Expenditure on research activities is recognized in the statement of profit and loss as incurred. Development expenditure is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the company intends to and has sufficient resources to complete development and to use or sell the asset.

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates.

Subsequent Measurement

Intangible assets are stated at their cost less accumulated amortization and any accumulated impairment losses. Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level.

Amortisation

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

3.5 Intangible Assets under Development

Costs incurred for Intangible Assets not ready for use or in the course of development of being ready for intended use as at the reporting date are disclosed as intangible assets under development. At the point when an item is started to be operated for its intended use, the accumulated costs are transferred to the appropriate category of Intangible Assets and amortization is commenced as relevant to that category.

3.6 Leases

The Company determines whether an arrangement contains a lease at the inception of the Contract by assessing whether the fulfilment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to control the use of that asset to the Company in return for payment.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the Contract involves use of an identified asset
- the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- the Company has the right to direct the use of the asset.

The Company as lessee

The Company recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception comprises of the amount of initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any indirect costs less any lease incentives.

The right-of-use assets are subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the statement of profit and loss.

Lease liability is measured at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications.

The Company recognizes the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in statement of profit and loss.

Variable lease payments not included in the measurement of the lease liabilities are expensed to the statement of profit and loss in the period in which the events or conditions which trigger those payments occur.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities include these options when it is reasonably certain that such options would be exercised.

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

In a sale and lease back transaction, the Company measures right-of-use asset arising from the leaseback as the proportion of the previous carrying amount of the asset that relates to the right-of-use retained. The gain or loss that the company recognizes in the statement of profit and loss is limited to the proportion of the total gain or loss that relates to the rights transferred to the buyer.

Right of use asst and Lease Liability are presented separately in the Balance Sheet and lease payments are classified as Financing Cash Flows.

The Company follows the above accounting policies where it is a lessee for all leases except where the term is twelve months or less or the leases are of very low value. For these short term or low value leases, the Company recognizes the lease payments as on operating expense on a straight-line basis over the term of the lease.

The Company as lessor

Operating lease:

Rental income from operating leases is recognised in the statement of profit and loss on a straight- line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying value of the leased asset and recognised on a straight-line basis over the lease term.

Finance Lease:

When assets are leased out under a finance lease, the present value of minimum lease payments is recognised as a receivable. The difference between the gross receivable and the present value of receivable is recognised as unearned finance income. Lease income is recognised over the term of the lease using the net investment method before tax, which reflects a constant periodic rate of return.

3.7 Impairment of Non-Financial Assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets to determine whether there is any indication of impairment. If any such indication of impairment exists, then the asset's recoverable amount is estimated. For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash generating units (CGUs).

3.8 Provisions, Contingent Liabilities And Contingent Assets

Provisions

Provisions, which required a substantial degree of estimation, are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is recognized in the Statement of Profit & Loss

When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost in respective expense.

Contingent Liabilities and Contingent Assets

Contingent liabilities are not recognized but are disclosed in the notes. Contingent liabilities are disclosed for possible obligations which will be confirmed only by the future event not wholly within the control of the Company or present obligations arising from the past events where it is probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets are neither recognized nor disclosed in the financial statements.

3.9 Income Tax

Income Tax Expenses comprise the sum of Current Tax (including past year tax difference) and Deferred Tax

Current Tax

Provision for current tax is made as per the provisions of the Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxation authority.

3.10 Employee Benefits

Short-term Employee Benefits

Employee benefit liabilities such as salaries, wages and bonus, etc. that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at an undiscounted amount expected to be paid when the liabilities are settled.

Post-employment benefit plans

Defined Contribution Plans:

State governed Provident Fund Scheme and Employees State Insurance Scheme are defined contribution plans since eligible employees are entitled to get benefits and both the Company and eligible employees make monthly contributions towards the same. The contribution paid / payable by the Company under the schemes is recognized during the period in which the employees render the related services.

Defined Benefit Plans:

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's gratuity scheme is a defined benefit plan. The Company recognizes the defined benefit liability in Balance sheet. The present value of the obligation under such defined benefit plan and the related current service cost and, where applicable past service cost is determined based on an actuarial valuation done using the Projected Unit Credit Method by an independent actuary, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligations are measured at the present value of the estimated future cash flows.

Re-measurements, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) is reflected immediately in Other Comprehensive Income in the Statement of Profit and loss. All other expenses related to defined benefit plans are recognized in Statement of Profit and Loss as employee benefit expenses. Re-measurements recognized in Other Comprehensive Income will not be reclassified to Statement of Profit and Loss hence it is treated as part of retained earnings in the Statement of Changes in Equity.

Other Long Term Employee Benefits:

Other Long Term Employee Benefits such as long term compensated absences are measured at present value of estimated future cash flows to be made by the company and is measured, recognized and presented in the same manner as the defined benefit gratuity plant narrated above.

3.11 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or Liability
- The principal or the most advantageous market must be accessible to/ by the Company.

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: valuation techniques for which the lowest level input that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: valuation techniques for which the lowest level input which has a significant effect on the fair value measurement is not based on observable market data.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.12 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement:

For purposes of subsequent measurement, financial assets are measured in their entirety at either amortised cost or fair value depending on classification of the Financial Asset :

Financial Assets at Amortised Cost

A Financial Assets is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised Cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortization and losses arising from impairment are recognized in the Statement of Profit & Loss. The amortized cost of the financial asset is also adjusted for loss allowance, if any.

Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at fair value through other comprehensive income if both the following conditions are met:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at fair value and changes therein are recognized directly in other comprehensive income, net of applicable taxes.

Financial Assets at Fair Value through Profit and Loss (FVTPL)

FVTPL is a residual category for Financial Assets.

Any Financial Asset, which does not meet the criteria for categorization as at Amortized Cost or as FVTOCI, is classified as at FVTPL. In addition, the company may elect to designate a Financial Asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial Assets included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit & Loss.

Derecognition:

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. Any gain or loss on derecognition is recognised in the Statement of Profit and Loss.

Impairment of financial assets:

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e. g. Loans and trade receivables.
- The company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables that do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Financial liabilities

Initial recognition and measurement:

All financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

All financial liabilities are initially measured at fair value deducted by, in the case of financial liabilities not recorded at fair value through profit or loss, transaction costs that are attributable to the liability.

Subsequent measurement:

Financial liabilities are classified as measured at amortised cost using the effective interest method. The Company's financial liabilities include trade payables, borrowings and other financial liabilities.

Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as expense over the relevant period of the financial liability in the Statement of Profit and Loss.

Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount presented in the Balance Sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

3.13 Investments in subsidiaries, associates and joint ventures

Investments in Subsidiaries, Associates and Joint ventures are carried at cost / deemed cost applied on transition to Ind AS, less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of investment is assessed and an impairment provision is recognised, if required immediately to its recoverable amount. On disposal of such investments, difference between the net disposal proceeds and carrying amount is recognised in the statement of profit and loss.

3.14 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value is the price at which the inventories can be realised in the normal course of business after allowing for the cost of conversion from their existing state to a finished condition and for the cost of marketing, selling and distribution.

Raw Materials are Value at Cost ascertained on a weighted average basis.
Finished goods produced by the company are valued at lower of cost or net realizable value.

Semi-Finished goods have been valued at lower of Raw Material cost, Direct Labour and appropriate proportion of variable and fixed overheads, latter being allocated based on normal operating capacity or net realizable value.

Stock of goods purchased for resale purposes are valued at their acquisition cost inclusive of all duties and taxes or Net Realizable Value whichever is lower.

Provisions and / or write-offs are made to cover slow-moving and obsolete items based on historical experience of utilisation on a product category basis and market conditions.

3.15 Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short- term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

3.16 Foreign currency

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are re-measured into the functional currency at the exchange rate prevailing on the balance sheet date.

Exchange differences arising on settlement of transactions and translation of monetary items are recognized in the statement of Profit or Loss except to the extent, exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings, are capitalized as part of borrowing costs.

3.17 Forward contracts

The Company is exposed to foreign currency fluctuations on foreign currency assets and forecasted cash flows denominated in foreign currency. The Company tries to limit the effects of foreign exchange rate fluctuations by following risk management policies including use of derivatives. For this the Company enters into forward exchange contracts, where the counter-party is a Bank. These forward contracts are not used for trading or speculation purpose.

In case, of forward contracts the gain or loss arising on exercise of option or settlement or cancellation are recognized in the Statement of Profit & Loss for the period.

The forwards contracts outstanding as at the end of the reporting period are recognized / restated at forward contract rates for the end date of the contract for a period equivalent to the balance maturity period of the contract as at the end of the reporting period and corresponding exchange gain or loss arising on the same is recognized in the Statement of Profit & Loss for the period.

3.18 Revenue Recognition

Sale of Products

Revenue from Sale of Products is recognised when control of the products or significant risks and rewards of ownership are transferred to the buyer for a consideration. This usually occurs when the products have been shipped or delivered to the specific location as the case may be, the risks of loss has been transferred, and either the customer has accepted the products in accordance with the sales contract, or the Company has objective evidence that all criteria for acceptance have been satisfied. Sale of products include related ancillary services, if any.

Domestic Sales are recognized at the transaction price of the consideration receivable net of Sales Returns and excluding the Goods and Service Tax (GST) element as well as net of expected volume discounts. Export Sales are recognized at their CIF Value charged to the Customers in Invoices.

Revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A liability is recognised for expected volume discounts payable to customers in relation to sales made until the end of the reporting period. Any obligation to provide a refund is recognised as a provision..

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component and consideration payable to the customer like return and trade discounts.

Sale of Scrap

Revenue from sale of scrap is recognized as and when scrap is sold.

Other income

Interest Income is recognized on a time proportionate basis including interest accrued based on the amount outstanding and rate applicable and shown under 'Other Income'. Interest income from Financial Assets is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Export Benefits

Duty free imports of raw materials under Advance License for imports as per the Import and Export Policy are matched with the exports made against the said licenses and the net benefit/obligation is accounted by making suitable adjustments in raw material consumption. The benefits accrued under the duty drawback scheme and Merchandise Export from India Scheme (MEIS) as per the Import and export Policy in respect of exports under the said scheme are recognized when there is a reasonable assurance that the benefit will be received and the company will comply with all attached conditions. The above benefits are included under the head 'Export Incentives.'

Dividend income

Revenue is recognized when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Rental Income

Revenue is recognized for the period for which the Property is given on Rental to a Lessee and right to received arises on account thereof.

Other Items of Income :

Other items such as Insurance Claims, Commission, Misc. Incomes etc. are accounted on accrual basis (depending on certainty of realization) and disclosed separately as Operational or Non-Operational Income under Other Income.

3.19 Earnings Per Share

Basic earnings per share is computed using the net profit for the year attributable to the shareholders' and weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholders' and weighted average number of equity shares.

3.20 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. Exceptional Items of Cash Flows due to peculiarity of particular circumstances relating to the Company are disclosed separately in the Cash Flow Statement.

3.21 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of such assets up to the assets are substantially ready for their intended use. The loan origination costs directly attributable to the acquisition of borrowings (e.g. loan processing fee, upfront fee) are amortised in the year in which they occur.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

3.22 Segment Reporting

With respect (Ind AS - 108 Segment Reporting), the Management of the Company is of the view that the products offered by the Company are in the nature of cables and conductors, having the same risks and returns, same type and class of customers and regulatory environment. Hence, the Company effectively has a single reportable business segment only. Also all products of the Company are sold within India having the same risks and returns and hence the Company effectively has a single geographical segment as well.

3.23 Government grants

Government grants are recognised at its fair value, where there is a reasonable assurance that such grants will be received and compliance with the conditions attached therewith have been met.

Government grants related to expenditure on property, plant and equipment are credited to the statement of profit and loss over the useful lives of qualifying assets or other systematic basis representative of the pattern of fulfilment of obligations associated with the grant received.

Grants received less amounts credited to the statement of profit and loss at the reporting date are included in the balance sheet as deferred income.

3.24 Good and Services Tax

GST is a destination-based tax and is levied at the point of supply. It is collected on sale of goods and services on behalf of Government and is remitted by way of payment or adjustment of credit on input goods or services. GST input credit is accounted on an accrual basis on purchase of eligible inputs, capital goods and services.

GST Accounts are created under Balance Sheet Groupings for liability towards GST collected on Sales / Other Revenue and asset towards GST paid on purchases or other expenditure for which credit is available. For Each month the GST liability is worked out after offsetting the credit available against the GST collected. The Net GST Account appears in the Balance Sheet as a Liability, if any amount is payable as at the year-end after offsetting the available credit and as an Asset if credits remain unutilized after adjusting the amount payable.

The balance of GST input credit is reviewed at the end of each year and amount estimated to be un-utilizable is charged to the statement profit and Loss for the year.

3.25 Exceptional Items

When items of income and expense within statement of profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the company for the period, the nature and amount of such material items are disclosed separately as exceptional items.

3.26 Items relating to period before takeover by New Management

As per the Resolution Plan approved by the Hon. NCLT, accounting effects for reduction in equity and preference share holding and liabilities write off as per the Resolution Plan were given with corresponding effect to Capital Reserve (Resolution Plan) at the time of takeover by the new Management. Similarly, write off of assets as well as any provisioning for impairment or doubtful of recovery assets was also done at that time with corresponding effect to Capital Reserve (Resolution Plan)

Subsequently, any accounting effect to be given to any liability or asset pertaining to the period prior to the takeover by the new management shall also be done at that time with corresponding effect to Capital Reserve (Resolution Plan), in order to be consistent in the accounting treatment as well as to ensure that such items do not impact financial figures relating to the period subsequent to takeover by the new management.

Mr. Pawan Lohiya does not hold any shares in the Company.

Your Directors recommend the resolution at Item No. 4 for your approval as a Ordinary Resolution and Item No. 5 as a Special Resolution.

None of the Directors or Key Managerial Personnel or their relatives are in anyway concerned or interested in the resolution as set out in Item no. 4 & 5 of this Notice except Mr. Pawan Lohiya who is interested in the resolution pertaining to his own appointment.

Item No. 6

M/s. Dalwadi & Associates, Cost Accountants (Registration No.: 000338), have been appointed as the Cost Auditors by the Board of Directors of the Company on recommendation of the Audit Committee, for conducting audit of cost records and accounts maintained by the Company for the financial year 2024-25 at the remuneration of Rs. 2,00,000 (Rupees Two Lakhs only) plus taxes and out of pocket expenses, if any on actual basis.

In terms of provisions of Section 148(3) of the Act, read with Companies (Audit and Auditors) Rules, 2014, consent of the members of the Company is being sought for ratification of the remuneration payable to the Cost Auditors for the financial year 2024-25. The Board recommends the resolution as set out at Item no. 6 of the Notice for approval of the Members as an Ordinary Resolution.

None of the Directors or Key Managerial Personnel or their relatives are in anyway concerned or interested in the resolution as set out in Item no. 6 of this Notice.

Item No. 7 & 8

As per the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company on 27th May, 2024 has approved the payment of remuneration to Mr. Maheswar Sahu and Mr. Rabindra Nath Nayak, Non-Executive Independent Directors of the Company in accordance with the provisions of Section 197, 198 read with Schedule V of the Companies Act, 2013 and all other applicable provision of the Companies Act, 2013, for the financial year 2023-24.

Legal provisions and background:

The Ministry of Corporate Affairs has on March 18, 2021 notified the amendments to Sections 149(9) and 197(3) of the Act by the Companies (Amendment) Act, 2020 to enable Companies faced with no profits or inadequate profits to pay certain fixed remuneration to their Non-Executive Independent Directors (IDs) in accordance with the provisions of Schedule V to the Act.

To give effect to the amendments made to Sections 149(9) and 197(3), a concurrent amendment was also made to Schedule V to the Act through Notification No. S.O. 1256(E), issued by the Ministry of Corporate Affairs on March 18, 2021. This notification has prescribed the limits of the remuneration payable to IDs, in the event of no profits or inadequate profits. Under Item (A) of Section II of Part II of Schedule V to the Act, in the event of no profits or inadequate profits IDs can receive remuneration in accordance with the limits prescribed therein, which are based on the 'effective capital' of the Company.

The threshold limit prescribed for commission under Section 197 of the Act is 1% of the net profits of the Company if there is a Whole-time Director. However, sitting fees paid to the Non-Executive Directors are outside the purview of the above limits.

In case the Company proposes to make payment of remuneration within limit prescribed under the schedule V of the Companies Act, the approval shareholders vide special resolution.

Regulation 17(6)(ca) of the Securities and Exchange Board of India ("SEBI") (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), inter alia provides that the Board shall recommend to the Members for their approval all fees or compensation, if any, paid to Non - Executive Directors, including Independent Directors.

Rationale and proposal :

The said Directors of the Company play an important role in overseeing the governance, performance and sustainable growth of the Company. The Independent Directors contribute their wealth of knowledge, skills, expertise, independent perspective, strategies and experience to the business of the Company and provide required diversity in Board's decision-making process.

In view of the above and in appreciation to the contribution and services of the said Independent Directors in professional capacity have rendered and continue to render to the Company, the Board on the basis of recommendation of the Nomination and Remuneration Committee ("NRC"), at their meetings held on May 27, 2024, have approved and recommended remuneration subject to maximum of ₹ 10,00,000/- (Rupees ten lakhs only) (over and above the Board/Committee meeting Sitting Fees) to each of the said Directors. Further, in case of loss or inadequacy of profits, the said amount would be paid as minimum remuneration in accordance with Schedule V of the Act for a period not exceeding three years or such other period as may be statutorily permitted, with requisite approvals. The specified information while seeking approval/consent of the shareholders as required under Schedule V is listed out herein below:
