We serve across 15 states in India and deliver excellence across 15+ countries, with an extensive global footprint, including markets like the UAE, Israel, Hong Kong, and Jordan. We continue to focus on investments in advanced manufacturing, automation, and sustainable practices, which have contributed to better operational efficiency and consistent production standards.

We operate across 51,237 sq. ft., with an additional 25,000 sq. ft. for future growth and plans to expand by 8,000 MTPA. We're also focused on sustainability, with a power capacity of 750 KVA, including 35 KVA from solar energy. With over 1,200 clients across 10+ industries, including pharmaceuticals, automotive, and food packaging, we continue to serve diverse sectors with exceptional precision and reliability.

We are excited to showcase our innovative and sustainable packaging solutions at Packplast Africa 2024 in Nairobi, Kenya, on 20<sup>th</sup>, 21<sup>st</sup>, 22<sup>nd</sup> November, 2024, connecting with industry players and exploring new growth opportunities.

Our recent success at Prawaas 4.0 in Bengaluru, held on 29<sup>th</sup>, 30<sup>th</sup>, 31<sup>st</sup> August, 2024, also allowed us to present our latest safe and sustainable mobility solutions. These events highlight our commitment to driving innovation and expanding our presence in both packaging and mobility sectors.

As we move forward, our focus will be on expanding market share and exploring growth opportunities in high-demand sectors like sustainable packaging, advanced thermoplastics, and customized compounding solutions. By venturing into materials like ABS, PMMA, ASA, and PC, along with our environmentally conscious manufacturing practices, we at G M Polyplast are strengthening our market position."
