PRESS RELEASE

Jain Irrigation & SKUAST-Kashmir Partner to Provide Smart Agricultural Solutions to Farmers of Jammu & Kashmir

Jalgaon, 12th September – In a significant step towards revolutionizing agricultural practices in Jammu and Kashmir, Jain Irrigation Systems Ltd. and the Sher-e-Kashmir University of Agricultural Sciences and Technology (SKUAST-Kashmir) have entered into a Memorandum of Understanding (MoU) to offer smart, technology-driven solutions to the region's farmers. The MoU was signed by the Vice Chancellor of SKUAST-Kashmir, Professor Nazeer Ahmad Ganai and Mr. Ajit Jain, Joint MD Jain Irrigation Systems Limited at Jain Hills, Jalgaon.

The partnership between Jain Irrigation Systems Ltd and SKUAST-Kashmir aims to introduce state-of-the-art irrigation techniques and sustainable farming practices that are tailored to meet the unique challenges of the region. This collaboration will focus on improving water management, developing clean planting material, enhancing crop yields, promoting climate smart technologies, solutions & precision farming practices to ensure long-term sustainability.

Speaking at the event, Vice Chancellor Professor Nazeer Ahmad Ganai expressed his enthusiasm for the partnership, stating “This collaboration marks a crucial milestone in our ongoing efforts to uplift the farming community of Jammu and Kashmir. By adopting smart technologies and innovative practices, we aim to empower farmers with the tools they need to increase productivity, conserve water, and ensure food security in the region.”

The exchange of MoU between Mr. Ajit Jain, JMD, JISL and Professor Nazeer Ahmad Ganai, Vice Chancellor of SKUAST-Kashmir along with their respective teams.

Mr. Ajit Jain, representing Jain Irrigation systems limited, also highlighted the significance of the agreement: “We are proud to collaborate with SKUAST-Kashmir in bringing cutting-edge irrigation, clean planting material and precision farming solutions to the farmers of Jammu and Kashmir. Together, we will work to introduce climate smart and precision farming techniques that will not only optimize resource utilization but also lead to sustainable agricultural growth in the region.”

Through this collaboration, farmers in Jammu & Kashmir will have access to training programs, demonstrations of smart irrigation systems & guidance on the best practices for utilizing advanced farming technology. The initiative is designed to create an environment of innovation & adaptability that can help farmers tackle climate challenges, reduce water wastage & maximize the output of their crops.

Happy customer, Mr. Abdul Ahad Sofi in his apple orchard, Budgam, J&K; Bumper yield with Jain Drip at an apple farm in Baramula District in Kashmir.
