Prime Minister Narendra Modi on Saturday claimed that Congress hates OBCs as it cannot come to terms with the fact that a person from Backward Classes is at the helm of the country. Division among dalits, adivasis and backward classes suits Congress' politics, but due to their unity it is losing its support base, he said, speaking at a campaign rally here for the November 20 Maharashtra assembly elections and Nanded Lok Sabha by-poll. "It suits the Congress' politics if Dalits, Adivasis and Backward Classes are divided. Its game plan is to divide you into different groups and communities," he said. Ganga in UP deteriorating due to discharge of sewage: NGT

PTI
New Delhi

The National Green Tribunal (NGT) has observed that the water quality in the Ganga in Uttar Pradesh is deteriorating because of the discharge of sewage or sullage into the river. Earlier, while considering the prevention and control of pollution in the Ganga, the green body sought compliance reports from various states, including Uttar Pradesh. In an order dated November 6, a bench of NGT Chairperson Justice Prakash Shrivastava said according to the report from Uttar Pradesh, there was a gap of 128 million litres per day (MLD) in sewage treatment in Prayagraj district. Also, 25 untapped drains discharged untreated

"They want to divide the OBC communities into small castes and snatch the power of their unity. If it happens, Congress will snatch the reservation," he alleged. Efforts to divide people on caste lines and deprive them of reservation were made by leaders from Jawaharlal Nehru to Rajiv Gandhi, he claimed. There is a wave in favour of the 'Mahayuti' alliance of BJP, Shiv Sena and NCP, he claimed, adding that its goal is 'Viksit Bharat'.

"Hence, the BJP and its allies are chosen by the people again and again. In the Lok Sabha elections, Nanded did not vote for us. I hope you will bless me now," he said, referring to the defeat of the BJP's Pratap Chikhlikar by Congress' Vasant Chavan. In the Haryana elections, BJP created history by winning the highest number of seats, the prime minister said, adding that the people of Maharashtra were set to repeat the history.

'Tata symbolised finest traditions of Indian enterprise, was committed to integrity, service'

New Delhi

Prime Minister Narendra Modi has described industry doyen Ratan Tata, who died on this day last month, as the epitome of the finest traditions of Indian enterprise with a steadfast commitment to integrity, excellence and service. Penning a tribute to the widely respected former Tata Group chairperson, Modi said his absence since his passing has been deeply felt not only in India but across the world. "Tata remains alive in the lives he touched and the dreams he nurtured, and generations will be grateful to him for making India

a better, kinder and more hopeful place, the prime minister said in an article -- "Tribute to Shri Ratan Tata" -- on his website. From bustling cities and towns to villages, his absence is deeply felt across every segment of society, Modi said, adding that seasoned industrialists, budding entrepreneurs and hardworking professionals have mourned his loss. Those passionate about the environment and devoted to philanthropy are equally saddened, he said, citing Tata's investment in these fields, including in numerous start-ups. Tata, the Prime Minister said, envisioned a society where business can serve

ent the finest traditions of Indian enterprise and a steadfast commitment to the values of integrity, excellence and service, the prime minister said. He noted that under his leadership the Tata Group ascended to new heights, embodying respect, honesty and credibility worldwide. Despite this, the industrialist wore his achievements lightly, with humility and kindness, Modi said. One of Tata's most defining qualities was his unwavering support for the dreams of others, Modi said, mentioning his mentoring of India's startup ecosystem and investing in many promising ventures. "He understood the hopes and aspirations of young entrepreneurs and recognised the potential they had to shape India's future. By backing their efforts, he empowered a generation of dreamers to take bold risks and push boundaries. This has gone a long way in creating a culture of innovation and entrepreneurship," Modi said. It will continue to positively impact India for decades to come, he said. Modi said Tata championed excellence, urging Indian enterprises to set global benchmarks. This vision, he hoped, will inspire the country's future leaders to make India synonymous with world-class quality.
