Sub: Newspaper Advertisement on Postal Ballot

We enclose herewith copies of the Newspaper Advertisement published in the newspapers i.e. in Economic Times, in English language and in Maharashtra Times, in Marathi language on 27th February, 2025 regarding the Postal Ballot.

The above information is also available on the website of the Company at www.bharatpetroleum.in.

This is for your information.

Thanking you,

Yours faithfully,
For Bharat Petroleum Corporation Limited

(V. Kala)
Company Secretary

SpiceJet Back in the Black with ₹25cr Profit in Dec Qtr

Our Bureau

New Delhi: Low-cost carrier SpiceJet earned a profit of ₹25 crore for the December quarter of the current financial year (Q3FY25). In an exchange filing on February 26, the aviation player said its stand-alone profit for Q3FY25 stood at ₹25 crore, compared to a loss of

₹301.5 crore in the corresponding quarter of the previous financial year. For the September quarter (Q2FY25), the company reported a loss of ₹441.7 crore. "This quarter's performance is a testament to SpiceJet's resilience and our relentless focus on financial and operational recovery. For the first time in a decade, the company has turned north-west positive - an important milestone

that underscores the success of our turnaround strategy. The past is behind us, and we are now firmly focused on building a stronger, more resilient future for SpiceJet," said Ajay Singh, chairman and managing director, SpiceJet. Earlier this year, the airline successfully closed a Qualified Institutional

Placement (QIP), which attracted participation from marquee funds like Tata Mutual Fund, Discovery Global, and Goldman Sachs. SpiceJet was in urgent need of capital as it had defaulted on statutory dues and payments to vendors, including aircraft and engine lessors, some of whom filed petitions in court seeking to declare the airline bankrupt.

Assam Set to Get a ₹55k cr Infra Boost

Bikash Singh

Guwahati: Union minister for road transport and highways Nitin Gadkari Wednesday announced several infrastructure projects worth about ₹55,000 crore for Assam. These include a 12 km underwater tunnel between Gohpur and Numaligarh, estimated to cost ₹15,000 crore. For this, a detailed project report has been done and clearance has been granted by the ministry of defence. Gadkari made the announcement through a video message on the second day of the Advantage Assam 2.0 investor summit in Guwahati. At the event, union minister of ports, shipping & waterways Sarbananda Sonowal announced an investment of more than ₹4,800 crore to transform Assam's inland waterways.

Nitin Gadkari

'May Raise Ethanol Blend Goal to 20%+

Bikash Singh

Guwahati: Union petroleum minister Hardeep S Puri on Wednesday said India will reach its 2025 target of 20% ethanol blending in petrol next month and that a committee is now looking into increasing the target further. The country has already achieved a 19.6% ethanol blending rate, Puri said at Advantage Assam 2.0 Investment Summit here. "We are considering blending more than 20% biofuel. A group under NITI Aayog has already been established to explore this possibility." The minister also said all fossil fuel production companies in the country are expected to achieve net-zero emissions by 2045. He said the country is working to bring down the price of green hydrogen to \$2.5 per kilogram from \$4.5 now, which can trigger "a massive shift to green hydrogen." "I foresee that India will be consuming 6.5-7 million barrels in the short to medium term." Puri said one million square km will be opened for Open Acreage Licensing Programme (OALP) under the Hydrocarbon Exploration and Licensing Policy (HELPS).

Delhi Airport Fee Hike may Push up Airfares Marginally

Our Bureau

New Delhi: Airfares for domestic flights from the Delhi airport may see an increase of around 2% if it is allowed to implement the new charges it has proposed, said the chief executive of Delhi International Airport (DIAL). Videsh Kumar Jaipuriar said the tariff hike became necessary to recover the investment the company DIAL has made to upgrade infrastructure at the airport. DIAL, the company that operates the airport, invested around ₹2,900 crore to expand the airport's Terminal 1, and build a new runway and a 2.4 km elevated taxiway besides upgrading road infrastructure and transfer facilities.

Delhi International Airport

The airport's yield per passenger, which is the average revenue it earns per passenger, will increase from ₹120 to ₹130 if the Airport Economic Regulatory Authority (AERA) allows the proposed hike.

AERA sets revenue targets for airports every five years based on parameters such as operating costs, depreciation, non-aero revenues and taxes, and fixes charges through which an airport operator raises revenue. Jaipuriar said despite the increase, the yield per passenger of the airport will be lesser than other Indian airports like Bengaluru, Chennai and Kolkata, and major global airports like London's Heathrow, Changi (Singapore) and Charles de Gaulle (Paris).

"We have not shied away from investments and in improving passenger experience," Jaipuriar said. "Since taking over the airport in 2006, DIAL has invested ₹30,000 crore, and ₹25,000 crore has been given as part of revenue sharing to the Airports Authority of India. A dividend of ₹192 crore has been given during this period," he said. The airport has proposed to charge passengers based on their class and time of travel. If approved by the government, this will be the first time in the country will have such a variable tariff structure.
