MANAGEMENT DISCUSSION AND ANALYSIS REPORT**I. COMPANY OVERVIEW:**

Apex Capital and Finance Limited (the “Company”) is an NBFC and is engaged in the business of providing various financial services, such as loans, advances, investments, leasing, hire-purchase and more. The Company is regulated by the Reserve Bank of India (RBI) under the framework of the RBI Act, 1934. The main objective of the Company is to finance various individuals, corporates, firms, societies and Industrial enterprises by way of making loans and advances in India and to carry out all such activities as may be ancillary to the achievement of main objectives of the Company.

INDUSTRY STRUCTURE AND DEVELOPMENT:

Non-banking financial companies (NBFCs), public and private banks, and financial institutions form the four broad constituents of the credit ecosystem of the Indian financial sector, with NBFCs being a key pillar therein.

NBFCs remain an important constituent of India’s financial sector, and continue to leverage their superior understanding of regional dynamics and customised products and services to expedite financial inclusion in India. Lower transaction costs, innovative products, quick decision making, customer orientation and prompt service standards have differentiated NBFCs from banks.

Considering the reach and expanse of NBFCs, these entities are well-suited to bridge the financing gap in a large country like India. Systemically important NBFCs have demonstrated agility, innovation and frugality to provide formal financial services to millions of Indians.

The sector has undergone remarkable growth and has established itself as a significant player in the country’s financial landscape. As of FY 2023, the NBFC sector reached an impressive size of US\$ 326 billion, underscoring its influence in the financial domain. Growth in the business of NBFCs is primarily attributed to a substantial increase in the demand for specialised financial services, particularly from Micro, Small, and Medium Enterprises (MSMEs), which typically face challenges in obtaining loans from traditional banks. Moreover, the rise of digitisation has been a driving force behind the NBFC sector’s growth. Adoption of digital platforms has enabled NBFC’s to broaden their customer base, streamline operations, reduce costs and enhance overall customer experience. This transformation is further accentuated by the role of emerging technologies like artificial intelligence, machine learning, robotic process automation and big data.

NBFCs are stronger and more resilient today, and better positioned in almost all operationally critical parameters. Provisioning levels have also increased in the past couple of years, as NBFCs created management overlays to provide for uncertainty pertaining to the pandemic. Overall, the sector has much stronger balance sheets today.

NBFCs also contribute to capital formation in the economy by channelling savings into productive investments. They mobilize funds from various sources and invest them in projects and businesses that require financing. NBFCs indirectly contribute to overall economic growth. Their role in credit intermediation helps in stimulating consumption and investment, leading to economic expansion.

Your Company's performance for the F. Y. 2023-24 has to be viewed in the context of aforesaid economic and market environment.

II. OPPORTUNITIES AND THREATS:

The establishment of Non-Banking Financial Companies (NBFCs) in India is driven by various threats and challenges that traditional banking institutions may not be equipped to address adequately. These risks include potential asset-liability mismatches, credit concentration risks, and operational vulnerabilities. As a result, regulatory oversight is crucial to ensure the stability of the NBFC sector and protect the interests of consumers and investors. The Reserve Bank of India (RBI) closely monitors NBFCs and implements prudential regulations to mitigate these risks and promote a robust and resilient financial system in the country.

NBFCs have various ways to grow their business, including obtaining affordable loans from multilateral development banks and using blended finance instruments to access concessional capital. Additionally, NBFCs can transform their operations by utilising digital tools and resources, which not only reduces their environmental impact but also improves governance and resource management. Overall, opportunities and sustainability are important drivers for growth in the NBFC sector and being innovative and ahead of the curve will lead to success in the market.

NBFC creates an opportunity in creating for the Indian financial system, contributing significantly to economic growth, financial inclusion, and credit availability. Following are the areas where NBFC sector played a crucial role in India's overall development over the years:

1. **Credit Penetration and Financial Inclusion:** NBFCs have been instrumental in increasing credit penetration in India, especially in regions and sectors where traditional banks have limited reach. They have been successful in catering to the needs of underserved and unbanked segments of the population, contributing to financial inclusion.
2. **Diverse Financial Products:** NBFCs have introduced innovative and specialized financial products to meet the specific needs of different customer segments. From microfinance for the economically weaker sections to housing finance and vehicle loans, NBFCs have diversified the range of financial services available in the country.
3. **Complementing Banking Sector:** NBFCs complement the role of banks by providing additional channels for credit intermediation. They have been crucial in easing the pressure on the banking sector by taking up certain types of lending and serving niche markets, thereby promoting a more balanced and diversified financial system.
4. **Supporting MSMEs and Infrastructure Development:** NBFCs play a significant role in supporting the growth of Micro, Small, and Medium Enterprises (MSMEs), which are vital contributors to the Indian economy. They also contribute to infrastructure development by financing projects in this sector.
5. **Job Creation:** The growth of the NBFC sector has led to increased employment opportunities in various financial services-related roles. This has a positive impact on the overall economy by generating income and increasing consumer spending.
6. **Enhanced Competition and Innovation:** The presence of NBFCs has spurred healthy competition in the financial sector, leading to innovation in products and services. This

benefits consumers as they get access to a broader range of financial products at competitive rates.

7. Rural and Agricultural Finance: NBFCs have played a significant role in rural and agricultural finance. They have supported farmers and rural businesses by providing credit and financial services tailored to their needs.

In conclusion, the NBFC sector has significantly contributed to India's overall development by expanding credit access, promoting financial inclusion, supporting economic growth, and offering innovative financial products. Its continued growth and evolution will remain vital for sustaining and strengthening India's financial ecosystem in the future.

III. SEGMENT-WISE PERFORMANCE:

The Company is engaged in a single segment i.e. finance/lending. Details of performance have been provided in this report.

IV. OUTLOOK:

According to a report by Infomerics Ratings, the NBFC sector has showcased strong resilience and growth with an improvement in asset quality, lower GNPA ratio and a healthy capital position. While the credit growth of NBFCs have been accelerating, the NBFC sector has also been the largest net borrowers from the financial ecosystem. Non-Bank Financial Companies have increased their share in total credit to more than one-fourth now from a share of only one-sixth a decade ago.

NBFCs have demonstrated strong financial health, similar to the banking sector. As of end of March 2024, the gross non-performing assets (GNPAs) of both scheduled commercial banks (SCBs) and NBFCs were below 3 percent of total advances. Provisional data shows that the GNPA ratio for NBFCs stood at 2.5 percent at the end of March 2024, revealed a latest report by Informerics Ratings.

Further, the capital position of NBFCs remains healthy CRAR stood at 26.6 percent in March 2024, well above the regulatory minimum requirement. Over the past four years, the personal loans category surged by a compound annual growth rate (CAGR) of 33%, significantly outpacing the overall credit growth of nearly 15%.

The RBI increased risk weights on unsecured consumer credit and bank credit to NBFCs on November 16, 2023, to pre-empt buildup of any potential risk in these segments.

NBFCs are expected to play a crucial role in the India growth story fuelling formalised credit penetration among the underserved. Policy push, regulatory oversight and digital across the value chain are expected to define the growth of this sector.

Apex Capital and Finance Limited expects to improve its performance in financial year 2024-25. The approach would be to continue with the growth momentum while balancing risk. The Company will continue to invest in strengthening risk management practices; and in maintaining its investment in human resources to consolidate its position as a potential NBFC in India.

Information other than the Financial Statements and Auditor’s Report thereon

The Company’s management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor’s report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Management’s Responsibility for the IND AS Financial Statements

The Company’s board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement , whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going

concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, specified under section 143(10) of the Act we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements of the Company to express an opinion on the financial statements.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work, and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The Annexure (B) to the Independent Auditor's Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Apex Capital and Finance Limited ('the Company') as of 31st March, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024.

B Use of Estimates
