Director's Message

Dear Shareholders,

The Indian economy remains robust and is projected to expand by approximately 6.5- 7 % in FY25, positioning it among the fastest-growing major economies, as reported by the World Economic Outlook. India has demonstrated resilience in the face of global economic challenges and is on

track to become the fourth largest economy worldwide. This progress is attributed to solid economic fundamentals, growth-focused policy initiatives, responsible fiscal management, and significant structural reforms that have allowed India to effectively address global adversities.

The real estate sector has witnessed strong performance across segments during the year. Office spaces, residentials, retail leasing, and green developments have recorded a significant upstick in the year. Indian real estate continues to resign as the preferred investment avenue for homebuyers as well as investors. The residential sector has seen a sharp recovery since pre-pandemic levels on the back of robust housing demand and resurgent supply by reputed developers.

As our focus is to expand both our residential and commercial business segments. To this end, the company has implemented several new initiatives, including active participation in the re-development of older buildings, as this market shows significant potential for growth within the real estate industry. The company successfully completed multiple re-development projects in the Mumbai region during the fiscal year 2023 and is poised to continue its efforts in re-development in the forthcoming years.

I am pleased to inform you that the company is broadening its operations from the suburban areas of Mumbai to the city itself, anticipating a rise in

demand driven by the development of the coastal road and the Mumbai Metro lines. This strategic move is expected to contribute significantly to the Company's growth in the real estate sector as it pursues further expansion.

Our organization is dedicated to improving education and wellbeing within our local communities by implementing Corporate Social Responsibility initiatives targeted at those in need. While we are not obligated to participate in CSR activities due to our company not being classified under the mandatory requirements, we endeavor to enhance the quality of life and provide educational resources to underprivileged children through modest initiatives such as the distribution of free books and educational materials. Additionally, we aim to promote environmental and social recovery through our efforts in this domain. Through these initiatives, our company has made a meaningful contribution to society and recognizes the importance of CSR activities.

Our presence in the real estate sector is distinguished by our unwavering dedication to innovation, quality, and sustainability. We integrate superior design, functionality, and environmental responsibility into the residential and commercial properties we develop, utilizing advanced technologies and adhering to industry best practices. With a strong commitment to sustainability and eco-friendly living, we are resolute in our efforts to minimize our environmental impact through responsible business practices.

I extend my gratitude to our Board members for their continued guidance, our employees for their dedication and our stakeholders, for their unwavering support and faith in us. We eagerly look forward to your continued partnership on this exciting journey.

Best wishes,

Sanjay Nathalal Shah

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Overview

The global economy experienced moderate growth during the financial year 2023-24. Despite challenges such as geopolitical tension, inflationary pressures, and supply chain disruptions, the real estate sector remained resilient, adapting to shifting market dynamics and consumer behaviours.

The Indian Economy showed a steady recovery post pandemic with a focus on infrastructure development, urbanization, and favourable government policies which bolstered the real estate market.

The Indian economy has had a smooth sailing so far in 2023 due to sustained GDP growth and reducing inflationary pressures; the central bank also shifted its stance to support growth. However, global financial volatility and subdued business sentiment may pose some challenges. As GDP growth in Q1 belied expectations, a few agencies decided to raise their FY 2023-24 growth forecasts for India, while other continued to lower their projections in view of the global macroeconomics turmoil. Currently, most agencies peg the country's growth in the range of 5.5-6.5%.

Indian Economy

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

The policies and reforms implemented by the Indian government play a crucial role in shaping the economy. Measures related to taxation, investment regulations, labour laws, infrastructure development, and ease of doing business can impact business sentiment, investment flows, and economic growth.

Improving infrastructure is crucial for sustaining economic growth. Investments in transportation, power, telecommunications, and urban development can enhance productivity, attract investments, and promote regional development.

Controlling inflation is an important aspect of managing the Indian economy. The Reserve Bank of India (RBI), the country's central bank, formulates monetary policies to manage inflation and promote economic stability. Interest rates, liquidity measures, and credit availability are key tools used by the RBI to manage inflation and support growth.

India's economy recovered quickly from the pandemic and further growth is expected to be supported by solid domestic demand and increase in capital investments. The International Monetary Fund (IMF) and Reserve Bank of India (RBI) estimate real GDP growth of 6.8% in 2022-23 and 6.1% in 2023-24.

Maintaining fiscal discipline and managing public debt are essential for economic stability. Sound fiscal policies, effective budgetary management, and revenue generation efforts play a critical role in ensuring macroeconomic stability and long-term growth prospects.

Industry Overview

Indian real estate sector has witnessed high growth in the recent times with rise in demand for office as well as residential spaces. The Private Equity investments in India's real sector, stood at US\$ 4.2 billion in 2023. The Securities and Exchange Board of India lowered the minimum application value for Real Estate Investment Trusts from Rs. 50,000 (US\$ 685.28) to Rs. 10,000-15,000 (US\$ 137.06-205.59) to make the market more accessible to small and retail investors.

Construction is the third largest sector in terms of FDI inflow. FDI in sector (including construction development & activities) stood at US\$ 58.5 billion from April 2000- September 2023.

Some of the major investments and developments in this sector are as follows:

- Foreign investors pump around US\$ 4 billion yearly into Indian real estate, with a 20% YoY increase in foreign inflows in 2023.
- In 2023, luxury home sales in India priced at Rs. 4 crore (US\$ 481,927) and surged by 75%, doubling their share in total housing sales.
- The Indian real estate sector witnessed strong private equity (PE) investment of US\$ 1.92 billion in second quarter of 2023, demonstrating investor confidence in the market. According to the most recent investment report Cushman & Wakefield, this was 63% higher than the previous quarter (first quarter of 2023) and 60% higher than the same time last year.
- Transactions for office spaces in April – June 2023, which totalled 14.8 million square feet, represented the highest quarterly figure recorded since first quarter 2021.
- As of June 5, 2023, 119.7 lakh houses have been sanctioned and 74.75 houses have been completed and delivered to urban poor under the Pradhan Mantri Awas Yojana- Urban (PMAY-U).
- **Mumbai Metropolitan Region (MMR) Market Overview**

- I. Mumbai Continues to maintain its position as the largest market in terms of real estate sales with sale of 40,798 units in the first half of 2023. While the growth in sales remained steady compared to the second half of 2022, the city has witnessed an 8% YoY decline in the total sales during the first half of 2023. The market has maintained the elevated sales level even as the growth rate is tapering.
- II. The optimism for sales momentum to improve continues to remain high supported by factors such as the expected rise in income levels and the strong desire for homeownership, which continue to be key drivers for residential sales in the Mumbai market.

- III. Although there was a minor dip in residential market transactions, the number of new project launches continued to remain robust. In H1 2023, a substantial supply of 50,546 units was added, marking the highest number since the first half 2014. Nonetheless, developers remain cognizant of consumer sentiment and affordability. 70% of the supply added in 2022 are in suburban markets like the Western Suburbs, Thane, Peripheral Central Suburbs and Central Suburbs.
- IV. The weighted average residential property prices have recorded an upward movement in H1 2023 by 6% YoY. The increased raw material prices coupled with strong demand were the primary drivers for developers to opt for price rise.
- V. The unsold inventory has risen by 7% YoY in H1 2023 on account of the massive supply added in the market. However, the Quarters- to-Sell has reduced from 12 quarters in 2021 to 8.4 quarters in H1 2023. This reduction indicates a faster pace of property sales and suggests that the market is absorbing the available inventory more efficiently.
- VI. The Mumbai Metropolitan Regions (MMR) residential market is set to experience robust growth and expansion in the upcoming quarters. With its status as a leading financial and commercial hub, the region continues to attract a diverse population, including professionals and investors. This influx of people, coupled with limited available land, is expected to drive demand for residential properties, leading to potential price appreciation. Additionally, the governments continued focus on infrastructure development and urban planning initiatives will enhance connectivity and further boost the attractiveness of MMRs real estate market.
- VII. As our Company is engaged in the business of Real-Estate Development & Construction Activities in the region of Mumbai comes under the Mumbai Metropolitan Region (MMR), India's most valued real estate market, is currently experiencing a surge in end user demand, promising sustained sales momentum. This optimism, however is tempered by concern over rising property prices and project execution risks.
- VIII. Reflecting on the post-pandemic market dynamics data from the Anarock Group indicated a 31% year-on-year increase in sales across India's top seven cities in 2023, with MMR leading the pack with around 153,870 units sold. This resurgence highlights the region's robust recovery and its dominant share in the national real estate landscape.
- IX. Mumbai's real estate market ranked third in the Knight Frank's Prime Global Cities Index for prime residential price growth in the last quarter of 2023, indicating a strong demand for lifestyle upgrades among affluent buyers, the primary driver behind the city's 10% price growth over the past 12 months.

Impact of Economic and Regulatory Changes on Real Estate

In 2024, economic fluctuations and regulatory shifts will significantly impact the real estate sector in India. Factors such as inflation, interest rates, and government policies will play a crucial role in shaping market dynamics.

The introduction of **Real Estate Regulatory Authority (RERA)** regulations has improved transparency and accountability, boosting confidence among consumers and investors. However, challenges persist, particularly in regulatory compliance and procedural inefficiencies. Delays in approvals and adherence to regulations can prolong project timelines and increase cost, emphasising the need to navigate regulatory framework efficiently. Stakeholders must stay vigilant and adaptable amidst the changing economic and regulatory environment. Compliance with RERA guidelines remains crucial for maintaining consumer trust and market integrity.

Additionally, streamlining regulatory processes and addressing compliance hurdle are essential to mitigate project risks and ensure operational efficiency. By proactively tackling these challenges, the real estate industry can maximise its growth potential and resilience amid economic uncertainties and regulatory complexities.

Emerging Trends in Residential Real Estate

Luxury Real Estate has long been a resilient segment, often maintaining stability despite fluctuations in external factors like interest rates and market prices. However, the preferences of luxury homebuyers are constantly evolving and 2024 is expected to bring notable shifts in their purchasing behaviours.

In the upcoming year, we anticipated changes in the buying preferences of luxury home seekers. Established developers are projected to focus on premium developments, leveraging advanced technologies to enhance the residential experience. Technologies such as **Artificial Intelligence (AI)** and chatbots are poised to play a pivotal role, offering personalised services like virtual concierge services, biometric authentication, and heightened security measures, thus elevating the luxury living experience.

Moreover, there is a continued demand for second homes, vacation properties, and plotted developments in 2024. Despite economic fluctuations, the allure of owning a second home remains strong, fueled by desires for leisure, investment diversification, and lifestyle enhancements.

One prominent trend to watch out for in 2024 is the perceptible increase in the shares of luxury housing within the overall residential market sales. As the economy stabilises and consumer confidence strengthens, affluent buyers are expected to gravitate towards high-end properties, contributing to a notable uptick in luxury real estate transactions.

In conclusion, the luxury real estate segment in India is poised for growth in 2024, driven by evolving consumer preferences, technological advancements, and sustained demand for second homes. Developers and investors in this space must remain attuned to these trends and adapt

their strategies to capitalise on the opportunities presented by the evolving landscape of luxury housing and second-home demand.

Sustained Growth Momentum Expected in Top 7 Cities Residential Real Estate Market

The residential real estate market in India is predominantly fueled by demand from end users necessitating the creation of a conducive environment to foster greater demand from this segment.

According to ICRA forecasts, the area sold in the top seven cities of India is projected to experience robust growth of 13-15 per cent in FY2024 and 10-11 per cent in FY2025. This growth is primarily attributed to the sustained strong demand from end-users and a healthy, albeit moderating, affordability factor. In FY2024, launches in these cities reached a decade-high, with a notable 15 per cent year-on-year increase, and are anticipated to rise further by 9-10 per cent in FY2025. Consequently, the replacement ratio is expected to surpass one time in both FY2024 and FY2025.

One notable trend driving this growth is the increased preference among homebuyers for larger living spaces. This shift in preference has led to a change in the overall segment-wise composition of sales across the top seven cities, with a rising share of the mid and luxury segments.

As the real estate market continues to evolve, developers in these cities are expected to cater to the evolving demands of end-users by focusing on providing spacious and well-designed residential units. Additionally, affordability remains a key factor influencing purchasing decisions, prompting developers to offer competitive pricing and attractive payment plans to attract potential buyers.

The residential real estate market in the top seven cities of India is poised for sustained growth in the coming years, driven by strong end-user demand and favourable market conditions. Developers and investors should capitalise on this momentum by adapting their strategies to align with the changing preferences of homebuyers and the evolving dynamics of the market.

Resilient Growth Forecasted for Residential Real Estate Despite 2024 General Election

In 2024, India is set to witness a General Election in the first half of the year, a significant event that could potentially impact policies and market sentiment. However, despite the political events planned, the residential real estate sector is expected to maintain its momentum and witness new launches and growth.

The supply in the residential real estate market is influenced by various factors, including labour availability, price fluctuations of input materials, and market sentiments. With the impending General Election and the anticipation of an interim budget, the sector may experience stability in the first half of the year, with no major surprises expected.

Despite the political backdrop, experts foresee a buoyant residential market, particularly in the mid and premium segments. The demand for residential apartments is expected to remain robust, driven by a solid supply pipeline. Numerous branded developers have already announced

plans for new launches and expansions into emerging markets, signalling confidence in the sector's growth prospects.

In 2024, the residential real estate market is projected to witness a strong influx of new launches, with an estimated range of 280,000-290,000 units. This surge in supply indicates a positive response from buyers, who continue to show interest in owning homes across various segments of the market.

While the General Election may introduce some uncertainty, the resilience of the residential real estate sector is expected to prevail. Developers are poised to capitalise on the growing demand and seize opportunities for expansion, driving continued growth and activity in the market despite the political dynamics at play.

Innovating Affordable Housing for Enhanced Living Experiences

The real estate sector has witnessed significant transformation driven by technological advancements such as home automation and artificial intelligence tools. As we look ahead to 2024, experts anticipate a surge in realty growth fueled by greater acceptance of innovation and technology.

One prominent trend emerging in the residential real estate market is the increasing focus on affordable housing solutions that offer enhanced living experiences. Homebuyers, particularly in the mid-segment, are aspiring for luxurious living amenities and unique experiences at affordable price points.

Innovations in technology are playing a pivotal role in shaping the future of affordable housing. Home automation systems, powered by gadgets and AI tools, are revolutionising the way residents interact with their homes. From smart lighting and temperature control to automated security systems, these advancements are enhancing convenience, comfort, and security in affordable housing developments.

In 2024, we anticipate a growing demand for affordable homes that offer luxury features and amenities while maintaining affordability. Homebuyers are seeking properties that are centrally located and well-connected, providing easy access to essential amenities and transportation networks.

Developers are responding to this demand by incorporating innovative design elements and technology-driven solutions into their affordable housing projects. From eco-friendly construction materials to energy-efficient appliances and digital concierge services, these developments aim to deliver a better lifestyle experience for residents without compromising on affordability.

The convergence of innovation and affordability is driving a new era of residential real estate development in India. By leveraging technology and embracing innovative design concepts, developers have the opportunity to create affordable housing solutions that cater to the evolving lifestyle preferences of homebuyers in 2024 and beyond.

Steady Surge in Demand Forecasted for Commercial Realty and Office Market in 2024

The office market in India has been actively seeking innovative strategies to enhance absorption rates, consistently striving for expansion and improvement. As we approach 2024, experts foresee a continued upsurge in demand for commercial real estate and a thriving office market characterised by innovation and growth.

In the upcoming year, the office market is poised for consolidation on strong foundations, reflecting stability and resilience. Occupier needs are anticipated to evolve, prompting market offerings to realign themselves accordingly. The Indian economy's robust growth prospects and favourable domestic outlook will bolster occupier and developer confidence, contributing to sustained demand in the office sector.

Demand-supply equilibrium is expected to keep vacancy levels within a manageable range, providing potential for rental upside. With rising capital investments, increased manufacturing output, and supportive government policies, the industrial and warehousing sector is projected to experience substantial growth momentum. Advancements in technologies such as Artificial Intelligence (AI) and the Internet of Things (IoT) will drive the proliferation of smart and automated warehouses, reshaping the landscape of industrial and warehousing facilities.

Furthermore, experts anticipate significant growth in the flex segment, with projections indicating the leasing of more than 1.5 lakh seats, surpassing the 1.45 lakh level achieved in 2023. The flex demand is closely linked to the emphasis on enhancing employee experience, making it an integral part of occupier strategies.

2024 is set to witness a consistent upsurge in demand for commercial real estate and office spaces in India. With a focus on innovation, expansion, and enhanced occupier experiences, the market is poised for steady growth and evolution in the year ahead. Developers, occupiers, and investors alike stand to benefit from the opportunities presented by the dynamic commercial real estate landscape in 2024.

Opportunities

- The Indian residential sector has been on a roll in the first half of 2023 with both housing sales and new launches scaling new heights. Housing sales across the top 7 cities in H1 2023 have already reached over 63% of the total sales in entire 2022 despite rise in both interest rates and housing prices. This itself indicates the undeterred demand for housing across the top 7 cities & and looking at the present scenario, it is very likely that similar growth trends may continue in the second half of 2023 as well. Many factors point towards this anticipated growth in the residential segment in the second half as well.
- Firstly, with inflation under control, RBI may not increase the repo rates any further rather it is quite likely that it may reduce it in its next monetary policy, making home loans slightly cheaper.
- Secondly, there has been robust land acquisition across the top 7 cities, indicating strong vibrancy in the market. Many Tier 1 developers have a strong pipeline of new launches in the coming quarters. This is largely because they are recording robust sales across their projects. In fact, the unfettered demand for housing across the country has also enabled

the top 8 listed developers to reduce their debt from INR 405 Bn in FY20 to over INR 230 bn in FY23 - recording a decline of 43 in the period. This decline in net debt is essentially because of the boosted sales and revenues collected by these listed developers. These developers' sales volumes have surpassed pre-pandemic levels and are headed for a new peak. With improved cash flows over the last few years, their debt has thus reduced significantly.

- Other parameters including the stock market etc. also reflect positive trends which in a way are likely to positively impact the residential market.
- Thus, going forward, we anticipate residential demand to remain steady and be driven primarily by the end users, which will inevitably prevent any unnatural speculative spikes. Grade A developers will continue to dominate the residential market and gain more market share, which will help your Company in creating opportunities to grow further.

Threats and Challenges

The real estate industry faces various threats and challenges that can impact its operations, profitability, and growth prospects. Here are threats and challenges:

- **Economic Volatility and Market Fluctuations:**

Real estate industries often navigate uncertain waters in a world where economic conditions can change rapidly. Economic downturns and fluctuations can lead to decreased property demand, stagnant property values, and increased competition among real estate businesses.

To address this challenge, real estate professionals must develop adaptive strategies to whether economic storms. Diversification of investment portfolio, focusing on properties with consistent demand (such as rental properties), and staying well-informed about market trends are essential steps to mitigate the impact of economic volatility.

- **Regulatory Hurdles and Legal Complexities:**

Real estate transactions are subject to myriad regulations and legalities that vary from one jurisdiction to another. Navigating complex zoning laws, property rights, and environmental regulations can be daunting.

To overcome this challenge, real estate professionals must engage legal experts specialising in law. Conducting thorough due diligence before any transaction and maintaining client transparency can also help build trust and ensure compliance with legal requirements.

- **Technological Disruption and Innovation:**

The rapid advancement of technology is transforming the real estate industry, revolutionising how properties are listed, marketed, and transacted. Real estate professionals who fail to adopt to these change risk falling behind their tech-savvy competitors.

Embracing technological innovations, such as virtual property tours, online listing platforms, and data analytics tools, can give real estate businesses a competitive edge. By

harnessing the power technology, real estate professionals can enhance customer experiences, streamline operations and stay relevant in a digital age.

- **Rising Costs and Affordability Concerns:**

Escalating construction costs, land prices, and property taxes pose significant challenges to real estate developers and potential homebuyers. Affordability concerns can limit access to housing and impact the overall real estate market.

Real estate professionals can explore sustainable and cost-effective construction practices to address this challenge. Collaborating with local governments to promote affordable housing initiatives and exploring financing options that cater to first time homebuyers can also contribute to alleviating affordability concerns.

- **Changing Consumer Preferences and Expectations:**

As demographics and societal preferences evolve, real estate industries must adapt to meet the changing needs of consumers. Modern homebuyers and renters increasingly seek properties that offer energy efficiency, smart home features, and sustainable design.

Real estate professionals can embrace this challenge by staying attuned to consumer preferences and incorporating these features into their property offerings. Investing in eco-friendly technologies, promoting green building practices, and showcasing the value of sustainable properties can attract a growing segment of environmentally conscious buyers.

The real estate industry is marked by its resilience and adaptability in facing challenges. Embracing innovation, fostering transparency, and prioritising sustainability are key strategies enabling the industry to overcome obstacles, thrive, and flourish in an ever-changing market.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.
- If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Standalone Balance Sheet, the Standalone Statement of Profit and Loss, and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to other matters to be included in the auditor's report in accordance with the requirement of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the Company has paid/provided for remuneration to its Directors during the year and hence it can be said that the Company has complied with the provisions of section 197 of the Act.
 - g. With respect to the adequacy of the Internal Financial Controls over Financial Reporting of the Company and operating effectiveness of such controls, refer to our separate Report in **Annexure "B"**
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position; as such the question of commenting on disclosing impact of any such litigation in its Standalone Financial Statements does not arise.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

- iii. There were no amounts which required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (v) The company has not declared or paid any dividend during the year.

- (x)(a) According to information and explanation given to us, the records examined by us and based on examination of the documents provided to us, the company has not raised money by way of further public offer during the year. Hence sub-clause 3(x)(a) of the Companies (Auditors Report) Order, 2020 is not applicable to the company.
- (b) The Company has not made any preferential allotment / private placement of shares / fully / partly / optionally convertible debentures during the year under review.
- (xi)(a) According to information and explanation given to us, the records examined by us and based on

examination of the documents provided to us. No fraud by the Company or any fraud on the Company has been noticed or reported during the year, hence sub-clause 3(xi) (a) of the Companies (Auditors Report) Order, 2020 is not applicable to the company.

- (b) According to information and explanation given to us, the records examined by us and based on examination of the documents provided to us. No report under sub-section (12) of section 143 of the Companies Act has been filed by us in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government and hence clause 3(xi) (b) of the Companies (Auditors Report) Order 2020 is not applicable to the company.
- (c) According to information and explanation given to us, the records examined by us and based on examination of the documents provided to us. No whistle-blower complaints have been received during the year by the company, hence sub-clause 3(xi) (c) of the Companies (Auditors Report) Order, 2020 is not applicable to the company.
- (xii) The Company is not a Nidhi Company and hence clauses 3(xii) of the Companies (Auditors Report) Order 2020 is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations give to us, the company is in compliance with section 177 and 188 of the companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Financial Statements as required by the applicable Accounting Standards.
- (xiv) (a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
(b) We have considered the internal audit reports of the company issued till date, for the period under audit.
- (xv) In our opinion and based on our examination. The company has not entered into any non-cash transactions with its directors or persons connected with its directors, hence sub-clause 3(xv) of the Companies (Auditors Report) Order, 2020 is not applicable to the company.
- (xvi) (a) The nature of business and the activities of the Company are such that the Company is not required to obtain registration under section 45-IA of the Reserve Bank of India Act 1934 and hence sub-clause 3(xvi)(a) of the Companies (Auditors Report) Order, 2020 is not applicable to the company.
(b) The company is not required to be registered under section 45-IA of the reserve bank of India Act, 1934 hence clauses 3(xvi)(b) of the Companies (Auditors Report) Order 2020 is not applicable to the Company.
(c) The company is not a Core investment company (CIC) as defined in the regulation made by registered under section 45-IA of the reserve bank of India Act, 1934 hence clauses 3(xvi)(c) of the Companies (Auditors Report) Order 2020 is not applicable to the Company.
- (xvii) On an examination of the Statement of Profit and Loss account, we are of the opinion that the Company has not incurred cash losses during the current financial year, hence clauses 3(xvii) of the Companies (Auditors Report) Order 2020 is not applicable to the Company.
- (xviii) There is no resignation previous statutory auditors during the year as per section 140 of company Act, 2013. Clause (3) (xviii) Companies (Auditors Report) Order 2020 is not applicable to the Company.

- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx) In our opinion and based on our examination, there is no unspent amount under sub-section (5) of section 135 of the companies Act 2013, pursuant to any project, hence clauses 3(xx) of the Companies (Auditors Report) Order 2020 is not applicable to the Company.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of, B-RIGHT REALESTATE LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **B-RIGHT REALESTATE LIMITED** (‘the Company’) as of 31st March, 2024. In conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the ‘Guidance Note’) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE No.:1**Corporate Information**

B-RIGHT REALESTATE LIMITED is a Company domiciled in India and incorporated under the provision of the Companies Act, 1956. The Company is engaged in a business of Real Estate Development & Investments. On 2nd January, 2020 the Company was converted from Private Limited Company to Public Limited Company w.e.f 25th September, 2020 name of the Company was changed from Marshal Vinimay Limited to B-Right Realestate Limited. B-Right Realestate Limited has listed on Bombay Stock Exchange- SME on 13th July 2022.

Basis of Preparation

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards as prescribed under section 133 of the Companies Act 2013('the act') read with rule 7 of the Companies (Accounting) Rules, 2014, the provisions of the Companies Act 2013 (to the extent notified) and guidelines issued by the Securities and Exchange Board Of India (SEBI). The Financial statements have been prepared on an accrual basis. The accounting policies adopted in the preparation of financial statements are considered with those of previous year, except for the change in accounting policy explained below.

Summary of significant accounting policies.**A. Use of estimates**

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgements estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

B. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods/Services

Revenue is recognized when/as the company satisfies a performance obligation by transferring a promised goods or services (i.e. an asset) to a customer who has obtained control over the asset.

The Company is recognizing revenue as the percentage of completion method of accounting which requires the reporting of revenues and expenses on a period-by-period basis, as determined by the percentage of the contract that has been fulfilled

Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

C. Fixed Assets & Depreciation

Property, Plant and Machinery are stated at cost less depreciation / amortization and impairment losses, if any. The cost of Fixed Assets comprises its purchase price includes any taxes, duties, freight and other incidental expenses related to acquisition, improvements and installation of the assets.

Borrowing costs that are directly attributable to the acquisition / construction of the Qualifying asset are capitalized as part of the cost of such asset, up to the date of acquisition / completion of construction. Depreciation on tangible assets is provided on the WDV Method over the useful lives of assets estimated by the management. Depreciation for assets purchased/ Sold during a period is proportionately charged. The Management estimates are based on the useful life provided in the Schedule II to Companies Act 2013, however for certain assets the Management Estimation may differs from the useful life mentioned in Schedule II in future.

D. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses if any. Internally generated intangible assets, excluding capitalize development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

Intangible assets are amortized on a straight line basis over the estimated useful economic life. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS 5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

Gains or losses arising from derecognizing of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

E. Inventories

Inventories are valued at Lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of Completion and estimated costs necessary to make the sale.

F. Investment:

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

G. Foreign currency transaction:

Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction and adjusted appropriately to capital or revenue, with the difference in the rate of exchange arising on actual receipt/payment during the year.

H. Leases:**Where the Company is the lessee**

Leases which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are classified as finance leases and are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as assets acquired on finance lease. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges on account of finance leases are charged to statement of profit and loss.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term.

I. Taxation:

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Income taxes reflect the impact of timing differences between taxable income and accounting Income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

J. Segment Reporting:

The company is operating in single segment “business of Real Estate Developments And Financial Intermediation Services” and hence segment wise separate reporting as per AS 17 issued by ICAI is not required.

K. Impairment of Assets:

At the date of each Balance Sheet the company evaluates, indications of the impairment internally if any, to the carrying amount of its fixed and other assets. If any indication does exist, the recoverable amount is estimated at the higher of the realizable value and value in use, as considered appropriate. If the estimated realizable value is less than the carrying amount, an impairment loss is recognized.

L. Provisions:

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Where the company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

M. Contingent liabilities:

A contingent Liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements -Notes to Accounts

N. Borrowing Cost:

Borrowing costs directly attributable for acquisition of qualifying assets are capitalized as part of the asset. The other borrowing costs are charged to revenue as and when they are incurred.

O. Earnings Per Share:

The company reports basic earning per share in accordance with AS-20 "Earning Per Share". Basic earning per share have been computed by dividing net profit after tax by weighted average number of shares outstanding for the year.

P. Cash and cash equivalents:

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

Q. NOTES FORMING PART OF ACCOUNTS:

B-RIGHT REALESTATE LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **B-RIGHT REALESTATE LIMITED** (hereinafter referred to as the "Holding Company") and its subsidiaries (the holding Company and its subsidiaries together referred as "the Group), which comprise the Consolidated Balance Sheet as at 31st March, 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), and the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended, and notes to the Consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2024, the consolidated Profit & Loss statement, consolidated total comprehensive income, consolidated changes in equity and its cash flows for the year ended.

Basis for opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group in accordance with the Code of Ethics issued by the ICAI, together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key Audit Matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Holding Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the company Act, 2013 we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statement. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities in then consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced.

We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The accompanying statement includes the unaudited/audited financial statements and other financial information of Two (02) Subsidiary Companies & Nineteen (19) Step down Subsidiary Companies.

Two (2) Subsidiary Companies & Nineteen (19) Step down Subsidiary Companies included in the statement whose result reflect Total Revenues of Rs. 3,842.51 lakhs and, net profit of Rs. 878.90 lakhs and, for the Year ended 31st March, 2024 as considered in the Statement.

Two (2) Subsidiary Companies & Nineteen (19) Step down Subsidiary whose financial statements and other financial information as considered in the statement, out of which One (1) Subsidiary & Seventeen (17) Step down Subsidiary whose financial statements and other financial information have not been audited. These unaudited financial statements and/or financial information referred in Para 2 above have been approved and furnished to us by the Management and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such unaudited financial statements/financial information.

Our opinion on the Statement is not modified in respect of the above matters with respect to our reliance on the work done referred in Para 1 above and the financial statements/financial information certified by the Management referred in Para 2 above.

Report on Other Legal and Regulatory Requirements

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **B-RIGHT REALESTATE LIMITED**, (of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **B-RIGHT REALESTATE LIMITED**, (hereinafter referred to as the ‘Holding Company’) and its subsidiaries (Holding Company and its subsidiaries together referred to as “the Group”) as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its subsidiary which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to its subsidiary companies, incorporated in India is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this manner.

Principles of Consolidation

The consolidated financial statements relate to, the Holding Company and its majority owned subsidiary (hereinafter collectively referred to as the “Group” or “Company”) The consolidation of accounts of the Company with its subsidiary has been prepared in accordance with Accounting Standard (AS) 21 ‘Consolidated Financial Statements’ The financial statements of the parent and its subsidiary are combined on a line by line basis and intra group balances, intra group transactions and unrealized profits or losses are fully eliminated.

Minority interest in net income of the consolidated subsidiaries is adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.

Basis of Preparation

The Consolidated financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these Consolidated financial statements to comply in all material respects with the accounting standards as prescribed under section 133 of the Companies Act 2013(‘the act’) read with rule 7 of the Companies (Accounting) Rules, 2014, the provisions of the Companies Act 2013 (to the extent notified) and guidelines issued by the Securities and Exchange Board Of India (SEBI). The Consolidated Financial statements have been prepared on an accrual basis. The financial statements of the parent and its subsidiary are combined on a line by line basis and intra group balances, intra group transactions and unrealized profits or losses are fully eliminated.

Summary of significant accounting policies.

A. Use of estimates

The preparation of Consolidated financial statements in conformity with Indian GAAP requires the management to make judgments estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management’s best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

B. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sale of Goods/Services

Revenue is recognized when/as the company satisfies a performance obligation by transferring a promised goods or services (i.e. an asset) to a customer who has obtained control over the asset.

The Company is recognizing revenue as the percentage of completion method of accounting which requires the reporting of revenues and expenses on a period-by-period basis, as determined by the percentage of the contract that has been fulfilled.

Interest

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

C. Fixed Assets & Depreciation

Property, Plant and Machinery are stated at cost less depreciation / amortization and impairment losses, if any. The cost of Fixed Assets comprises its purchase price net of any taxes, duties, freight and other incidental expenses related to acquisition, improvements and installation of the assets. Borrowing costs that are directly attributable to the acquisition / construction of the Qualifying asset are capitalized as part of the cost of such asset, up to the date of acquisition / completion of construction.

Depreciation on tangible assets is provided on the WDV Method over the useful lives of assets estimated by the management. Depreciation for assets purchased/ Sold during a period is proportionately charged. The Management estimates are based on the useful life provided in the Schedule II to Companies Act 2013, however for certain assets the Management Estimation may differs from the useful life mentioned in Schedule II in future.

D. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

Intangible assets are amortized on a straight line basis over the estimated useful economic life. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS 5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

Gains or losses arising from derecognizing of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

E. Inventories

Inventories are valued at Lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of Completion and estimated costs necessary to make the sale.

F. Investment:

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

G. Foreign currency transaction:

Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction and adjusted appropriately to capital or revenue, with the difference in the rate of exchange arising on actual receipt/payment during the year.

H. Leases:**Where the Company is the lessee**

Leases which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are classified as finance leases and are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as assets acquired on finance lease. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges on account of finance leases are charged to statement of profit and loss.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term.

I. Taxation:

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Income taxes reflect the impact of timing differences between taxable income and accounting Income originating during the current year and reversal of timing differences for the earlier years.

Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred tax liabilities are recognized for taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

J. Segment Reporting:

The company is operating in single segment “business of Real Estate Developments And Financial Intermediation Services-others” and hence segment wise separate reporting as per AS 17 issued by ICAI is not required.

K. Impairment of Assets:

At the date of each Balance Sheet the company evaluates, indications of the impairment internally if any, to the carrying amount of its fixed and other assets. If any indication does exist, the recoverable amount is estimated at the higher of the realizable value and value in use, as considered appropriate. If the estimated realizable value is less than the carrying amount, an impairment loss is recognized.

L. Provisions:

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and are reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Where the company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

M. Contingent liabilities:

A contingent Liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

N. Borrowing Cost:

Borrowing costs directly attributable for acquisition of qualifying assets are capitalized as part of the asset.

The other borrowing costs are charged to revenue as and when they are incurred.

O. Earnings Per Share:

The company reports basic earning per share in accordance with AS-20 "Earning Per Share". Basic earning per share have been computed by dividing net profit after tax by weighted average number of shares outstanding for the year.

P. Cash and cash equivalents:

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.
