DroneAacharya Aerial Innovations Limited is delighted to announce that it has received the Directorate General of Civil Aviation (DGCA) authorized Type Certification for its advanced multipurpose Drone named **AgriVeer**.

This certification marks a significant milestone, officially recognizing AgriVeer as meeting the stringent safety and performance standards set by regulatory authorities. With this approval, DroneAacharya is now authorized to commercially launch the drone across India, unlocking vast opportunities in key industries such as agriculture, education, and RPTO training. The growing demand for drone technology in these sectors highlights AgriVeer's potential to enhance efficiency, precision, and safety in operations.

This achievement reinforces DroneAacharya's position as a leader in drone innovation in India. Equipped with next-generation AI-powered capabilities, the company continues to push the boundaries of technology, delivering state-of-the-art solutions tailored to industry needs.

We invite all stakeholders to acknowledge this significant development.
