NOTES:

1. In view of the continuing COVID-19 global pandemic the Ministry of Corporate Affairs (“MCA”) vide its General Circular No. 14/2020 dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020, General Circular No. 20/2020 dated May 5, 2020, General Circular No. 22/2020 dated June 15, 2020, General Circular No. 02/2021 dated January 13, 2021, General Circular No. 10/2021 dated June 23, 2021, General Circular No. 19/2021 dated December 8, 2021, General Circular No. 02/2022 dated May 5, 2022, General Circular No. 10/2022 dated December 28, 2022 and General Circular No. 09/2023 dated September 25, 2023 (collectively referred to as the “MCA Circulars”) and Securities and Exchange Board of India (“SEBI”) vide its Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020, Circular No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021, Circular No. SEBI/HO/CFD/CMD2/CIR/P/2022/62 on May 13, 2022, Circular No. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 on January 05, 2023 and Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2023/167 dated October 07, 2023 (collectively “SEBI Circulars”) have permitted companies to conduct the Annual General Meeting (“AGM”) through Video Conference (“VC”) / Other Audio-Visual Means (“OAVM”) subject to compliance of various conditions mentioned therein. In compliance with the aforesaid MCA and SEBI Circulars, applicable provisions of the Companies Act, 2013 and rules made thereunder, and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, (“SEBI Listing Regulations”) the 43rd AGM of the Company is being convened and conducted through VC. The deemed venue for the AGM shall be the Registered Office of the Company.
2. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the Company. Since this AGM is being held through VC / OAVM pursuant to the Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed hereto. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
3. An Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014, setting out the material facts and reasons for the resolutions in respect of the business set out above is annexed hereto.
4. The relevant details as required under Regulation 36(3) of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”) and Secretarial Standard on General Meetings (‘SS-2’), issued by the Institute of Company Secretaries of India, in respect of Directors seeking appointment/re-appointment at this Annual General Meeting (‘AGM’/ ‘the meeting’) is also annexed as **Annexure-A**.
5. Since the AGM will be held through VC/ OAVM, the route map of the venue of the Meeting is not annexed hereto.
6. The Company is pleased to provide two-way VC facility through VC / OAVM.
7. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India and MCA and SEBI Circulars the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting’s agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system during the AGM will be provided by CDSL.
8. The Members can join the AGM in the VC/OAVM mode 30 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc.

who are allowed to attend the AGM without restriction on account of first come first served basis.

9. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
10. In case of joint holders attending the meeting, only such joint holder who is higher in the order of names will be entitled to vote at the Meeting.
11. The Voting rights of Members shall be in proportion to their shares of the paid-up Equity Share Capital of the Company as on Cut-off Date of **September 16, 2024**.
12. The Register of Members and the Share Transfer Books of the Company shall remain closed from **September 17, 2024 to September 23, 2024** (both days inclusive).
13. Institutional/Corporate members (i.e. other than individuals/HUF, NRI etc) are required to send a scanned copy (PDF/JPEG format) of its Board or Governing Body resolution/authorisation etc authorising its representative to attend the AGM through VC/OAVM on its behalf and to vote through remote e-voting pursuant to section 113 of the Act. The said resolution/authorisation shall be sent to the Company via email through its registered email address at cs@hpthreads.com with a copy to siroyam@gmail.com.

DISPATCH OF ANNUAL REPORT THROUGH ELECTRONIC MODE

14. In compliance with the Circulars, owing to the difficulties involved in dispatching of physical copies, the Notice of the AGM along with the Annual Report 2023-24 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. The physical copies of the Annual Report will be sent to the shareholders based on the specific request at cs@hpthreads.com.
15. In line with the Circulars, the Notice calling the AGM has been uploaded on the website of the Company at www.hpthreads.com. The Notice can also be accessed from the websites of the Stock Exchange i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.

16. Member(s) may also note that the Notice of the Meeting and the Annual Report for FY 2023-24 will also be available on the Company's website at <http://www.hpthreads.com/annual-reports.php>.
17. For receiving all communication (including Annual Report) from the Company electronically:
 - a) Members holding shares in physical mode and who have not registered / updated their email address with the Company are requested to register / update the same by sending signed request letter mentioning your name, email-id, folio number, number of shares held, certificate number, distinctive number and Complete Address along with self-attested copy of PAN card to the Company's Registrar and Share Transfer Agent i.e. Alankit Assignments Limited at rta@alankit.com.
 - b) Members holding shares in dematerialised mode are requested to register / update their email addresses with the relevant Depository Participant
18. **INTRUCTIONS FOR SHAREHOLDRES FOR REMOTE E-VOTING ARE AS UNDER:**
 - (i) The voting period begins on **September 20, 2024 at 9.00 A.M. and ends on September 22, 2024 at 5.00 P.M.** During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of **September 16, 2024** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
 - (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
 - (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public noninstitutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all

the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Members seeking to inspect such documents can send an email to cs@hpthreads.com.
43. Members holding shares in physical form, in identical order of names, in more than one folio, are requested to send to the Company or RTA, the details of such folios together with the share certificates for consolidating their holdings in one folio. A consolidated share certificate will be issued to such Members after making requisite changes.
44. As per Regulation 40 of the SEBI Listing Regulations and notification issued by SEBI in this regard, the securities of listed companies can be transferred only in dematerialised form with effect from April 1, 2019, except in case of transmission or transposition of securities. In view of the above and to avail various benefits of dematerialisation, members are advised to dematerialise shares held by them in physical form. In case any clarification is needed in that regard, Members can contact the Company's RTA.
45. Members holding shares in dematerialised mode are requested to intimate all changes pertaining to their bank details/NECS/mandates, nominations, power of attorney, change of address/name, e-mail address, Permanent Account Number ('PAN') details, etc. to their Depository Participant only and not to the Company's RTA. Changes intimated to the Depository Participant will then be automatically reflected in the Company's records which will help the Company and its RTA to provide efficient and better service to the members.

In case of members holding shares in physical form, such information is required to be provided to the Company's RTA.
46. Non-Resident Indian Members are requested to inform the Company's Registrar & Transfer Agent (RTA) immediately:
 - a) The particulars of the Bank Account maintained in India with complete name, branch, account type, account number and address of the Bank, if not furnished earlier.
 - b) Any change in their residential status on return to India for permanent settlement.
47. The Securities and Exchange Board of India ('SEBI') has mandated the submission of Permanent Account Number ('PAN') by every participant in securities market. Members holding shares in electronic mode are, therefore, requested to submit their PAN to their Depository Participant with whom they are maintaining their demat accounts. Members holding shares in physical mode can submit their PAN to the Company/RTA.
48. In all correspondence with the Company and/or the RTA, members are requested to quote their folio number and in case their shares are held in the dematerialised form, they must quote their DP ID and Client ID number for easy reference and speedy disposal thereof.

EXPLANATORY STATEMENT PURSUANT TO SECTIONS 102 OF THE COMPANIES ACT, 2013

ITEM NO. 4

In accordance with Nomination and Remuneration Policy, Article of Association of the Company and based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors has proposed that Mr. Vikram Jhunjhunwala (DIN: 00474691) be appointed as an Independent Director on the Board of the Company for a term of 5 (five) consecutive Years from August 07, 2024 till August 06, 2029.

In accordance with the provisions of Section 149 read with Schedule IV to the Act and Regulation 17 of SEBI (Listing and Obligations and Requirements) Regulations, 2015 ("SEBI Listing Regulations"), appointment of an Independent Director requires approval of members. The appointment of Mr. Vikram Jhunjhunwala, shall be effective upon approval/confirmation by the members in the Meeting.

The Company has received a notice in writing from a member under Section 160 of the Act proposing the candidature of Mr. Vikram Jhunjhunwala for the office of Director of the Company. Mr. Vikram Jhunjhunwala is not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given his consent to act as a Director. He has also confirmed that he is not debarred from holding the office of Director by virtue of any order by SEBI or any other authority. The Company has received a declaration from Mr. Vikram Jhunjhunwala that he meets the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and & Regulation 16(1)(b) under the SEBI Listing Regulations.

In the opinion of the Board, Mr. Vikram Jhunjhunwala is a person of integrity, possesses relevant expertise / experience and fulfils the conditions for his appointment as an Independent Director as specified in the Act and the SEBI Listing Regulations. Mr. Vikram Jhunjhunwala is independent of the management and possesses appropriate skills, experience and knowledge.

Brief resume and other details of Mr. Vikram Jhunjhunwala are provided in the **Annexure - A** to the Notice, pursuant to the provisions of (i) SEBI Listing Regulations and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

Electronic Copy of draft letter of appointment of Mr. Vikram Jhunjhunwala setting out the terms and conditions of his

appointment is available for inspection by the members of the Company. Please refer to Note No. 42 given in the Notice on inspection of documents.

He shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose as may be decided by the Board, reimbursement of expenses for participating in the Board and other meetings within the limits stipulated under Section 197 of the Act.

It is proposed to authorize the Board of Directors (the "Board" which term shall be deemed to include the Nomination and Remuneration Committee of the Board), to alter and vary the terms and conditions of his appointment and /or remuneration or any part thereof, from time to time in accordance with the applicable provisions of the Companies Act, 2013, rules framed thereunder and SEBI Listing Regulations.

Given his experience, the Board considers it desirable and in the interest of the Company to have Mr. Vikram Jhunjhunwala on the Board of the Company and accordingly the Board recommends the appointment of Mr. Vikram Jhunjhunwala as an Independent Director as proposed in the Resolution set out at Item No. 4 of the accompanying Notice for approval by the Members. In the opinion of the Board, he fulfils the conditions specified in Act for the appointment.

Save and except Mr. Vikram Jhunjhunwala, and his relatives to the extent of their respective shareholding interest, if any, in the Company for Item no. 4, none of the other Directors / Key Managerial Personnel and their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out in Item no. 4.

This statement may also be regarded as an appropriate disclosure under the SEBI Listing Regulations.

The Board recommends the Special Resolution set out at Item No. 4 of the Notice for approval by the members.

III. OTHER INFORMATION:

1. Reason of loss or inadequate profits:

The Company has posted a loss during the financial year ended March 31, 2024, the main reason for loss/inadequacy is due to slowdown in global economies including the European economy which is one of the major markets of the company, thereby reducing the performance of the Company.

2. Steps taken or proposed to be taken for improvement:

The Company is making continuous efforts to add new geographies markets to its market portfolio, focussed on new product development, and lastly further seriously looking at technology upgradation to

be at par with modern cost efficiency standards and benchmarks, besides de-bottlenecking and adding new allied product lines.

3. Expected increase in productivity and profits in measurable terms:

With increasing market portfolio and technology upgradation, the business is expected to improve in the coming financial year. With the introduction of new products and addition of geographies, the company is seeing a significant increase in demand for its products from global markets, also enhanced by quicker turnaround time. The management is cautiously optimistic towards the external economic environment and expects consumer demand to become more consistent and robust in the current financial year. Further, various policy decisions taken would act as growth channel for the Company which would contribute in increased revenues and higher margins.

IV. DISCLOSURES:

The disclosures on remuneration of Directors and details of all elements of remuneration package, details of fixed components and stock options details etc. are given in the Corporate Governance Report which forms an integral part of Annual Report.

Management Discussion and Analysis

OVERVIEW

The objective of this report is to convey the Management's perspective on the external environment and textile industry, as well as the Company's strategy, operating and financial performance, material developments in human resources and industrial relations, risks and opportunities, and internal control systems and their adequacy during the Financial Year 2023-24.

ECONOMY REVIEW

Global Economy & Outlook

The global economy remains remarkably resilient, with steady growth as inflation returns to target. The journey has been eventful, starting with supply-chain disruptions in the aftermath of the pandemic, a Russian-initiated war on Ukraine that triggered a global energy and food crisis, and a considerable surge in inflation, followed by a globally-synchronised monetary policy tightening. Yet, despite many gloomy predictions, the world avoided a recession, the banking system proved largely resilient, and major emerging market economies did not suffer sudden stops.

Growth in employment and incomes held steady, reflecting supportive demand developments including greater than expected government spending and household consumption and a supply-side expansion amid, notably, an unanticipated boost to labour force participation. The unexpected economic resilience, despite significant central bank interest rate hikes aimed at restoring price stability, also reflects the ability of households in major advanced economies to draw on substantial savings accumulated during the pandemic.

The baseline forecast is for the world economy to continue growing at 3.25% during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies where growth is expected to rise from 1.6% in 2023 to 1.7% in 2024 and 1.8% in 2025 will be offset by a modest slowdown in emerging market and developing economies from 4.3% in 2023 to 4.2% in both 2024 and 2025. The forecast for global growth five years from now at 3.1% is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8% in 2023 to 5.9% in 2024 and 4.5% in 2025, with advanced economies returning to their inflation targets sooner than emerging markets and developing economies. Core inflation is generally projected to decline more gradually.

Indian Economy & Outlook

The economy grew to 7.6% in fiscal 2023 with strong momentum in manufacturing and services. Agriculture growth dropped sharply due to the impact of erratic rainfall. This was compensated by an increase in manufacturing growth to 8.5%. Construction also grew rapidly by 10.7% due to strong housing demand. Services, which account for 50% of GDP, grew by 7.5%, led by financial, real estate, and professional services.

Growth will be robust despite moderating in FY 2023-24 and FY 2024-25. It will be driven by public and private sector investment demand and by gradual improvement in consumer demand as the rural economy improves. Exports are likely to be relatively muted in FY 2024-25 as growth in major advanced economies slows down but will improve in FY 2024-25. Monetary policy is expected to remain supportive of growth as inflation abates, while fiscal policy aims for consolidation but retains support for capital investment. On balance, growth is forecast to slow to 7.0% in FY 2024 but improve to 7.2% in FY 2024-25.

INDUSTRY REVIEW

Global Textile Industry

The textile market size has grown strongly in recent years. It will grow from USD 638.03 billion in 2023 to USD 689.54 billion in 2024 at a compound annual growth rate (CAGR) of 8.1%. The growth witnessed in the historical period can be ascribed to factors such as the expansion of the global population, heightened demand for man-made fibres, government initiatives supporting the textile industry, robust economic growth in emerging markets, and the implementation of restrictions on plastic usage.

Indian Textile Industry

As one of the largest textile industries in the world, the Indian textile industry contributes approximately 2.3% to the country's GDP, 13% to industrial production and 12% to total export earnings. India is one of the largest producers of cotton and jute in the world. It is also the 2nd largest producer of silk, with 95% of the world's hand-woven fabric coming from India. India's total textile exports are expected to reach USD 65 billion by FY 2025-26 and are expected to grow at 10% CAGR 2019-20 to reach USD 190 billion by 2025-26. The textiles and apparel industry in India has strengths across the entire value chain from fibre, yarn, and

fabric to apparel. The Indian textile and apparel industry is highly diversified with a wide range of segments ranging from products of traditional handloom, handicrafts, wool and silk products. India has been observing a robust trade in technical textile products and the country has been a net exporter. The government has also launched the Production Linked Incentive Scheme with an approved outlay of ₹ 10,683 crore to promote production of Man-Made Fibre Apparel, Man-Made Fibre Fabric and products of Technical Textiles in the country. HP MMF Textiles Limited (HP MMF)

HP MMF is a wholly-owned subsidiary company of H.P. Cotton Textile Mills Limited. The Company is yet to commence its operations.

RISKS AND CONCERNS

The broader economic trends are poised to directly affect a company's growth potential. Persistent inflation has increased commodity prices worldwide. Furthermore, the anticipated rise in central bank interest rates in the coming year may dampen growth and strain economies, especially in emerging markets. It is thereby important to manage cost pressures to sustain the Company's overall performance in these conditions.

Efficiency of the Company's risk management practice is derived from the knowledge and hands-on engagement of our management team. The Company acknowledges that risk is an integral and unavoidable component of the business and intends to manage the risk proactively and efficiently. A detailed Risk Management Policy lays down the framework of Risk Management within the Company.

RISK MANAGEMENT PROCESSES

Risk Identification

Mechanisms for the identification of risks include periodical risk surveys across the Company, industry benchmarking, periodic assessments of the business environment, incident analysis, findings of internal audits, etc.

Risk Description

The identified risks are structured across the following categories: Name of Risk, Scope of Risk, Nature of Risk, Quantification of Risk, Risk Tolerance/Appetite, Risk Treatment and Control Mechanism, Potential Action for Improvement, and Strategy and Policy Development.

Risk Assessment

Risk assessment is the process of risk prioritisation or profiling. The likelihood and impact of risk events have been assessed for the purpose of analysing their criticality. The likelihood of occurrence of risk is rated based on the number of past incidents in the industry, future trends, or research available. Risks may be evaluated based on whether they are internal or external, controllable or non-controllable, and inherent or residual.

Risk Treatment – Mitigation

Treatment of risk is the process of selecting and implementing measures to mitigate risks. Risk control actions are prioritised as per their potential to benefit the organisation. Risk treatment includes risk control/mitigation and extends to risk avoidance, risk transfer (insurance), risk financing, risk absorption, etc.

OPPORTUNITIES AND THREATS

Opportunities:

- Expected favourable trade agreements with many countries present an opportunity for textile manufacturers to expand into new markets and diversify their customer base
- Rising demand for low-cost, sustainable and eco-friendly products. This presents an opportunity for textile manufacturers to develop new products that are made from renewable materials and produced using sustainable manufacturing processes. Cost can be reduced by blending with cheaper man-made fibre

Threats:

- The textile industry is highly sensitive to global economic conditions and can be significantly impacted by global demand and pricing
- There is competition from other low-cost man-made fibres. Consumers are shifting their focus to low-cost products which has led to intense competition and pricing pressure in the global textile industry
- There is a high cost to comply with environmental, social and labour regulations which can be costly and time-consuming

HUMAN RESOURCES

The Company is committed to cultivating a professional environment that empowers its people and helps them to grow in their careers. To remain competitive, improving employee productivity is of utmost importance to the organisation. The Company constantly strives to strengthen its manpower in alignment with the business needs and continues to engage them through various employee engagement activities. The number of permanent employees on the Company's rolls as on 31 March 2024 stood at 1,163.

Independent Auditor's Report

To the Members of H.P. Cotton Textile Mills Limited Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying standalone financial statements of **H. P. Cotton Textile Mills Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement Cash Flow and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS OF OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of

the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report

Key audit Matter	How the matter was addressed in our audit
<p>Valuation of Inventories</p> <p>As at 31 March 2024, the carrying value of the inventories is ₹ 2901.09 Lacs.</p> <p>The cost of inventory is calculated using acquisition cost, conversion costs and administration overheads incurred to bring the inventory to its present location and condition, which involves management judgments and estimation.</p> <p>Due to the Significance of the inventory balance to the standalone financial statements of the company and the level of judgments and estimates required, we identified the valuation of inventories as a key audit matter.</p> <p>Refer Note 2.2(vi) and Note 8 to the standalone financial statements.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <p>(a) Assessing the appropriateness of the accounting policy for inventories with relevant accounting standards;</p> <p>(b) We obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Company's key controls over the valuation of inventories;</p> <p>(c) Assessing methodology – considering the consistency and appropriateness of the management estimates and assumptions made for arriving at Net realizable value of inventories;</p> <p>(d) Verified the expenses considered as cost of conversion on the different classes of finished goods and work-in progress;</p> <p>(e) Made enquiries regarding obsolete inventory items and looked at the condition of items counted;</p> <p>(f) We evaluated the appropriateness and adequacy of disclosures in the standalone financial statements in accordance with the applicable accounting standards.</p>

Key audit Matter	How the matter was addressed in our audit
<p>Recoverability of deferred tax assets (DTA)</p> <p>The Company has recognised ₹ 692.80 Lacs as DTA, as at 31 March 2024, relating to carry forwards tax losses, unabsorbed depreciation and MAT credit to the extent it is probable that the future taxable profits will be available against which such unused tax losses and MAT credit can be utilized.</p> <p>Such recognition of DTA is a key audit matter as the recoverability of tax losses within the time frame allowed, involves significant estimate of the financial projections, availability of sufficient taxable income in the future and significant judgments in the interpretation of tax regulations and tax positions adopted by the Company.</p> <p>Refer note 2.2(xviii) "Income Tax" for accounting policies, note 19 "Deferred Tax Assets/ Liabilities" and note 35 "Income tax expense" for disclosures related to taxes of the Standalone Financial Statements.</p>	<p>Our audit procedures included the following:</p> <p>(a) We obtained an understanding of controls performed by the management to assess the recoverability of the DTA relating to carry-forwards tax losses, unabsorbed depreciation and MAT Credit entitlement;</p> <p>(b) Evaluated the Company's tax positions by comparing it with prior years and past precedents;</p> <p>(c) Evaluated the estimates of profitability made by the management on the basis of which it is considered probable that the Company will have sufficient taxable income against which the unused tax losses will be utilised and also within the expected timing of utilisation;</p> <p>(d) Discussed with the management the future business plans and financial projections and underlying assumptions used based on which the estimate of profitability is made;</p> <p>(e) We evaluated the adequacy of disclosures in the financial statements related to deferred tax in notes 2.2(xviii), note 19 and note 35 respectively of the standalone financial statements in accordance with the requirements of Ind AS 12.</p>

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting

principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud

or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying

transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid standalone financial statements have been kept by the Company so far as it appears from our examination of those books;

 2. The management has represented that, to the best of its knowledge and belief, as disclosed in note no. 50(l) to the Standalone financial statements, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 3. Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clause (1) and (2) above contain any material misstatement.
- v. The Company has neither declared nor paid any dividend during the year.

vi. Based on our examination which included test checks, excepts for the instances mentioned below, the company has used an accounting software for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software:

(a) The feature of recording audit trail (edit Log) facility was not enabled for certain changes in the accounting software which can be performed by users having privileged access (debug).

(b) The feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes for the accounting software used for maintaining the books of accounts.

Further, where audit trail feature was enabled and operated throughout the year, we did not come across any instance of audit trail feature being tampered.

(Report on the Internal Financial Controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”))

We have audited the internal financial controls with reference to standalone financial statements of the **H.P. Cotton Textile Mills Limited** (“the Company”), as of 31 March 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE INTERNAL FINANCIAL CONTROLS

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing issued by ICAI prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial

controls were operating effectively as at 31st March, 2024, based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

1. CORPORATE INFORMATION

Nature of operations

H. P. Cotton Textile Mills Ltd. ('the Company') is a public company domiciled in India and is incorporated under the provisions of the Companies Act, 1956. It has its registered office at Delhi Road, V.P.O Mayar, Hisar. The Company is a leading manufacturer of cotton specialty yarns and cotton sewing threads catering to both local and export markets. The shares of the Company are currently listed at Bombay Stock Exchange.

2. MATERIAL ACCOUNTING POLICIES

2.1 Statement of Compliance and basis of preparation of standalone financial statements

(a) General information and statement of compliance with Ind AS

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013 ('the Act') read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other pronouncements/provisions of applicable laws and guidelines issued by the Securities and Exchange Board of India (SEBI).

The standalone financial statements have been prepared on accrual and going concern basis. The accounting policies have been consistently applied to all the periods presented in the standalone financial statements except where newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The standalone financial statements for the year ended 31 March 2024 were authorised and approved for issue by the Board of Directors on 14 May 2024. Revisions to standalone financial statements, if required, is permitted by the Board of Directors subject to obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

Application of new and revised Indian Accounting Standard (Ind AS)

All the Ind AS issued and notified by the Ministry of Corporate Affairs ('MCA') under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the standalone financial statements are authorised

have been considered in preparing these standalone financial statements.

Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31,2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

(b) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and financial liabilities that are measured at fair value; and
- 2) defined benefit plans - plan assets measured at fair value.

(c) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (not exceeding twelve months) and other criteria set out in the Schedule III to the Act.

(d) Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lacs with two decimal places as per the requirement of Schedule III, unless otherwise stated.

(e) Use of estimates

The estimates and judgements used in the preparation of the standalone financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

after that date but provide additional evidence about conditions existing as at the reporting date.

(f) Significant accounting judgments, estimates and assumptions

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require material adjustment to the carrying value of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements is included in the following notes:

Critical judgments in applying accounting policies

The key judgments, made by the management, in applying the Company's accounting policies having an effect on these standalone financial statements are as follows:

- (i) **Recognition of deferred tax-** The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.
- (ii) **Evaluation of indicators for impairment of assets-** The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.
- (iii) **Recoverability of advances/receivables** – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.
- (iv) **Provisions and contingencies-** The amount of provisions and contingencies have been recognised in accordance with Ind AS 37 Provisions, contingent liabilities and contingent assets as the evaluation of the likelihood of the contingent events requires best judgment by management regarding the probability of exposure to potential loss.

Key source of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company has based its assumptions and estimates on parameters available at the time of preparation of standalone financial statements. However, existing circumstances and assumptions about future developments, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

- (i) **Useful lives of property, plant and equipment-** The estimated useful lives of property, plant and equipment are based on a number of factors including the effects of obsolescence, demand, competition, internal assessment of user experience and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditure required to obtain the expected future cash flows from the assets. The Company reviews the useful life of property, plant and equipment at the end of each reporting date.
- (ii) **Recoverable amount of property, plant and equipment-** The recoverable amount of property plant and equipment is based on estimates and assumptions regarding in particular the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.
- (iii) **Post-retirement benefit plan-** Employee benefit obligation (gratuity) are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iv) **Fair value measurement of financial instruments-**

The fair values of financial assets and financial liabilities recorded in the standalone balance sheet in respect of which quoted prices in active markets are not available are measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

2.2 Summary of material accounting policies

i. Property, plant and equipment

An item on property, plant and equipment is recognized as asset, if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. All costs including borrowing costs related to the acquisition and installation of property, plant and equipment are capitalised.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance including assets having cost upto ₹ 10,000 are charged to the standalone statement of profit and loss during the reporting period in which they are incurred.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the standalone statement of profit and loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

ii. Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment, if any. Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, etc. The amortisation method and useful lives are reviewed periodically at each reporting date.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the standalone statement of profit and loss.

Useful life considered for calculation of amortisation for various intangible assets are as follows-

Asset category	Estimated useful life (in years)
Software	3-5 years

The amortisation expense on intangible assets with finite life is recognised in the standalone statement of profit and loss under the head Depreciation and amortization expense.

iii. Depreciation

The Company depreciates its property, plant and equipment (PPE) over the useful life on Straight line basis in the manner prescribed in Schedule II to the

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

Act. Management believes that useful life of assets are same as those prescribed in Schedule II to the Act. Useful life considered for calculation of depreciation for various assets class are as follows-

Asset category	As per management estimate	As per Schedule II
Computers	3 years	3 years
Furniture and fixtures	10 years	10 years
Building	30 years	30 years
Vehicles	8 years	8 years
Plant and machinery	15 years	15 years
Office equipment	5 years	5 years
Servers and networks	6 years	6 years

Leasehold improvements are depreciated over the period of lease or 3 years, whichever is less.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on additions / deletions is calculated pro-rata from the month of such addition / deletion, as the case maybe.

iv. Impairment of non-financial asset

The Company tests the assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

v. Revenue and other income

The Company derives revenues primarily from sale of manufactured cotton, specialty yarns and cotton sewing threads.

Revenue from sale of goods is recognised when the Company satisfies its performance obligation and substantial risks and rewards of ownership are transferred to the buyer which generally coincides when the goods are dispatched from the factory. Amounts disclosed as revenue are net of returns and allowances, trade discounts and rebates. The Company collects Goods and Service Tax on behalf of the government and therefore, these are not economic benefits flowing to the Company. Hence, these are excluded from revenue.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. Where the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (x) Investment and other financial assets – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Where a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

Financing component

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

Cost to obtain a contract with customer

The Company pays sales commission to selling agents for each contract that they obtain for sales of Company's products. Such commission are in nature of incremental cost to obtain contract with customer and the Company has elected to apply the optional practical expedient for costs to obtain a contract wherein it immediately expenses off such sales commissions because the amortisation period of the asset that the Company otherwise would have used is one year or less.

Duty drawbacks and other export incentives: Duty drawbacks and other export incentives under various schemes are recognised as revenue in the year of export when no significant uncertainty exists with respect to their recovery.

Insurance and other claims: Revenue in respect of claims is recognised when no significant uncertainties exist with regard to the amount to be realised and the ultimate collection thereof.

Interest income: Income from interest is accounted for on time proportion basis taking into account the amounts outstanding and the applicable rate of interest.

vi. Inventories

Inventories are valued at cost or net realisable value, whichever is lower.

The cost of raw materials and stores and spares is determined using moving weighted average formula and includes cost of purchase and other cost incurred in bringing the inventory to their present location and condition. Raw materials and stores and spares are not written down below cost if the finished product in which they will be manufactured are expected to be sold at or above cost.

Work-in-progress is valued at raw material cost plus conversion cost incurred on them depending upon the stage of completion based on weighted average formulae.

Cost of finished goods include raw material cost, conversion cost and packing cost incurred to bring the goods to their present location and condition. Inventory of finished goods is measured at cost or net realisable value, whichever is lower.

Goods in transit are stated at cost. Net realisable value of the inventories is measured at estimated selling price of each item of inventory in the ordinary course of business less the estimated cost of completion and estimated costs necessary to make the sale.

vii. Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

viii. Government grants

Grants from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to the standalone statement of profit and loss on a straight – line basis over the expected lives of related assets and presented within other income.

Government grants related to revenue are recognised on a systematic basis in the standalone statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Government grant receivable as compensation for expenses or losses already incurred with no future related cost are recognised in standalone

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

statement of profit and loss of the period in which it becomes receivable.

ix. Dividend

Final dividends on shares are recognised as a liability on the date of approval by the shareholders and interim dividends are recognised as a liability on the date of declaration by the Company's Board of Directors.

x. Investments and other financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss),
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

Equity investments in subsidiaries are measured at cost. The investments are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, policy for impairment of financial assets is followed.

Investments in mutual fund are measured at FVTPL. Profit or loss on fair value of mutual fund is recognised in the standalone statement of profit and loss.

For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at FVTOCI.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Initial recognition

Purchases and sales of financial assets are recognised on the trade-date i.e. the date on which the Company commits to purchase or sale the financial asset.

Measurement

At initial recognition, the Company measures trade receivables at their transaction price and measures other financial assets at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments and equity instruments at fair value through profit or loss (FVTPL)

Debt instruments at amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/ losses. Impairment losses are presented as separate line item in the standalone statement of profit and loss.

Debt instrument at FVTOCI

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ losses. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/ losses and impairment expenses are presented as separate line item in standalone statement of profit and loss.

Debt instrument at FVTPL

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net within other gains/ losses in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at FVTPL are recognised in other gain/ losses in the standalone statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note

40 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition

A financial asset is derecognised only when

- The Company has transferred or has expired the rights to receive cash flows from the financial asset and
- The Company has transferred substantially all of the risks and rewards of the ownership.

Where the Company has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if it has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income recognition

Interest income

Interest income from FVTPL is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVTOCI is calculated using the effective interest method is recognised in the standalone statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

Dividends

Dividends are received from financial assets at FVTPL and at FVTOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

xi. Financial liabilities

Initial recognition

The Company recognizes the financial liabilities in its balance sheet when it becomes party to the contractual provisions of the instrument.

The Company's financial liabilities include trade payables, other payables, short-term and long-term borrowings.

Measurement

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the standalone statement of profit and loss.

Financial liabilities designated upon initial recognition at FVTPL are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are

satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognised in OCI. These gains/ losses are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the standalone statement of profit and loss. The Company has not designated any financial liability as at fair value through profit and loss.

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the initial recognition amount (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the standalone balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/ losses.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the standalone financial statements for issue, not to demand payment as a consequence of the breach.

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 60-90 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the standalone statement of profit and loss.

xii. Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is reported in the standalone balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

xiii. Fair value measurement of financial instruments

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of nature, characteristics and risks of the asset and liability and the level of the fair value hierarchy as explained above.

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes:

- Disclosure regarding significant estimates and assumptions- Note 2.1
- Quantitative disclosures of fair value measurement hierarchy- Note 2.2, paragraph xiii.
- Financial instruments (including those carried at amortised cost)- Note 2.2, paragraph x.

xiv. Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

Contingent assets

Contingent assets are not recognised in the standalone financial statements. Contingent assets are disclosed in the standalone financial statements to the extent it is probable that economic benefits will flow to the Company from such assets.

xv. Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xvi. Employees benefits

- (i) Short term employee benefits: Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.
- (ii) Other long-term employee benefits obligations: The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the discount rates for Government Securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurement as a result of experience adjustments and changes in actuarial assumptions are recognised in the standalone statement of profit and loss.
- (iii) Post-employment benefits: The Company operates the following post-employments schemes:
 - (a) defined contribution plans- provident fund; and
 - (b) defined benefit plans- gratuity

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

(a) Defined contribution plan

Provident fund

The Company makes payment to statutory fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952 which is a defined contribution plan. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense in the standalone statement of profit and loss as and when they are due.

(b) Defined benefit plans

Gratuity

The liability or asset recognised in the standalone balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the standalone statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the standalone statement of changes in equity and in the standalone balance sheet.

xvii. Foreign currency translations

(i) Functional and presentation currency

The standalone financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

ii) Transaction and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the standalone statement of profit and loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the standalone statement of profit and loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the standalone statement of profit and loss, within finance cost. All other foreign exchange gains/ losses are presented in the standalone statement of profit and loss on net basis.

xviii. Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the standalone financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the standalone statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum alternate tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

xix. Leases

On inception of a contract, the Company (as a lessee) assesses whether it contains a lease. A contract is, or contains a lease when it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for initial direct costs incurred, lease payments made at or before the commencement date, any asset restoration obligation, and less any lease incentives received. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are also adjusted for any re-measurement of lease liabilities. Unless the Company is reasonably certain to obtain ownership of the leased assets or renewal of the leases at the end of the lease term, recognised right-of-use assets are depreciated to a residual value over the shorter of their estimated useful life or lease term.

The lease liability is initially measured at the present value of the lease payments to be made over the lease term. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease term includes periods subject to extension options which the Company is reasonably certain to exercise and excludes the effect of early termination options where the Company is not reasonably certain that it will exercise the option. Minimum lease payments include the cost of a purchase option if the Company is reasonably certain it will purchase the underlying asset after the lease term.

Lease liabilities are re-measured with a corresponding adjustment to the related right-of-use asset if the Company changes its assessment if whether it will exercise an extension or a termination option and any lease modification.

Lease liability and ROU asset have been separately presented in the Standalone Balance Sheet and lease payments are presented as follows in the Company's standalone statement of cash flows:

- short-term lease payments, payments for leases of low-value assets and variable lease payments that are not included in the measurement of the lease liabilities are presented within cash flows from operating activities;

Summary of significant accounting policies and other explanatory information to the standalone financial statements for the year ended 31 March 2024

- payments for the interest element and principal element of recognised lease liabilities are presented within cash flows from financing activities

xx. Segment reporting

In accordance with Ind AS 108, operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments. The business activities of the Company predominantly fall within a single reportable operating segment, i.e., Textile (spinning). The Board of Directors is the Company's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108.

xxi. Cash and cash equivalents

Cash and cash equivalent in the standalone balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the standalone statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown as borrowings under financial liabilities in the standalone balance sheet.

xxii. Cash flow statement

Cash flows are reported using indirect method in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows". The cash flows from regular revenue generating, financing and investing activities of the Company are segregated. Cash and cash equivalents in the cash flow comprise cash at bank, cash/cheques in hand and short-term investments with an original maturity of three months or less.

Entry tax for which the company is contingently liable*	77.87	77.87

* Estimated liability amounting to ₹77.87 lacs pertains to Haryana entry tax for the period April' 2008 to March' 2016. The Entry tax was imposed by the Government of Haryana but was struck down by the Hon'ble High Court of Punjab and Haryana. The Government of Haryana had gone into appeal before the Hon'ble Supreme Court of India against the judgement of Hon'ble High Court of Punjab and Haryana. The Hon'ble Supreme Court upheld the levy of the entry tax. However, the matter of determination and settlement of the amount of tax is pending with the state. Further, with the introduction of Goods and Service Tax Act, 2017, entry tax has been repealed. In the absence of the appropriate rules and provisions for payment of entry tax, the management has decided to disclose this liability as contingent and accordingly, no adjustment has been considered necessary in these standalone financial statements.

Financial assets and financial liabilities measured at fair value in the standalone statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates;

Notes

to Standalone Financial Statements for the year ended 31 March 2024

(All amounts in ₹ lacs, unless stated otherwise)

CIN: L18101HR1981PLC012274

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

During the year, there were no transfers between level 1 and level 2, and no transfers into and out of level 3 fair value measurements.

The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels as at the end of reporting period.

(iii) Specific valuation techniques used to value financial instruments include the use of quoted market prices and NAV of the instrument.

(iv) Fair value of financial assets and liabilities measured at amortised cost

	31 March 2024		31 March 2023	
	Carrying amount	Fair Value	Carrying amount	Fair Value
Financial assets				
Other financial assets				
Security deposits	162.84	162.84	149.89	149.89

The carrying amount of trade receivables, other financial assets, trade payables, other financial liabilities, borrowings and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

The fair values for security deposits were calculated based on cash flows discounted using the current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

40. FINANCIAL INSTRUMENTS

A. Capital risk management

The Company's objective when managing capital are to

- safeguard their ability to continue as a going concern, so they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital, in order to maintain capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in the economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

During the year, the Company has complied with the externally imposed capital requirements to which it is subject.

The Company monitors capital on the basis of net debts to total equity on a periodic basis. The following table summarizes the capital of the Company:

B. Financial risk management

Financial risk management objectives and policies

The Company's principal financial liabilities comprise borrowings, lease liability, trade payables, employee related payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalents, other bank balances, trade receivables, security deposits and export incentives receivable that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The management is responsible for formulating an appropriate financial risk governance framework for the Company and for periodically reviewing the same. The senior management ensures that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

(I) Market risk :

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

(i) Interest rate risk

(a) Liabilities

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. As at 31 March 2024, the Company is exposed to changes in market interest rates through bank borrowings at variable interest rates.

Interest rate risk exposure

Below is the overall exposure of the Company to interest rate risk:

Particulars	31 March 2024	31 March 2023
Variable rate borrowings	3,297.89	3,988.91
Fixed rate borrowings*	175.72	48.49
Amount disclosed under borrowings	3,473.61	4,037.40

*For fixed rate borrowing, the management has assessed that their fair value is almost equivalent to their carrying amounts, largely due to the rate of interest of these instruments, which is approximately equal to market rate of interest for the Company and being entire loan taken from third party.

Sensitivity

Below is the sensitivity of profit or loss and equity changes in interest rates.

Particulars	31 March 2024	31 March 2023
Interest sensitivity*		
Interest rates – increase by 500 basis points	20.17	14.52
Interest rates – decrease by 500 basis points	(20.17)	(14.52)

* Holding all other variables constant

(b) Assets

The Company's fixed deposits are carried at fixed rate. Therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales in overseas markets in various foreign currencies and through foreign currency loans. Foreign currency exchange rate exposure is balanced by hedging through forward contracts.

Derivative instruments

Derivative contracts outstanding

* Holding all other variables constant

(II) Credit Risk:

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,

Notes

to Standalone Financial Statements for the year ended 31 March 2024

(All amounts in ₹ lacs, unless stated otherwise)

CIN: L18101HR1981PLC012274

- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised as income in the standalone statement of profit and loss. The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

The Company's maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. The credit limit of each customer is defined in accordance with the assessment. Outstanding customer receivables are regularly monitored by the management.

Detail of trade receivables that are past due is given below:

Particulars	As at 31 March 2024	As at 31 March 2023
Not due	148.50	47.74
0-180 days past due	477.80	798.68
More than 180 days past due	2.10	4.40
Total	628.40	850.82

The credit risk for cash and cash equivalents, bank deposits and loans is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings.

Concentration of financial assets

Concentration of credit risk with respect to trade receivables are limited, due to the Company's consumer base being large and diverse. All trade receivable are reviewed and assessed for default on a quarterly basis.

The Company's exposure to credit risk for trade receivables is presented below:

Particulars	As at 31 March 2024	As at 31 March 2023
Export wholesale customers	555.89	840.28
Domestic wholesale customers	72.51	10.54
Total	628.40	850.82

Liquidity Risk :

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management

The amount recognised in the Standalone Statement of Profit and Loss under employee benefit expense are as follows:

Particulars	As at 31 March 2024	As at 31 March 2023
Current service cost	46.81	45.62
Interest cost	20.27	19.06
Total amount recognised in statement of profit and loss	67.08	64.69

The amount recognised in the Other Comprehensive Income are as follows:

Particulars	As at 31 March 2024	As at 31 March 2023

Actuarial (gains)/ losses arising from change in experience adjustments	17.93	6.35
Total amount recognised in other comprehensive income	20.05	3.76

(b) Assumptions:

1. Economic assumptions

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on Government bonds at the accounting date relevant to currency of benefit payments for a term that matches the liabilities. Salary growth rate is Company's long term best estimate as to salary increases and takes into account inflation, seniority, promotion, business plan, HR policy and other relevant factors on long term basis as provided in relevant accounting standard.

Particulars	As at 31 March 2024	As at 31 March 2023
Discount rate	7.22%	7.36%
Salary growth rate	3.00%	3.00%
Average remaining working life (years)	17.78	19.05

(All amounts in ₹ lacs, unless stated otherwise)

CIN: L18101HR1981PLC012274

2. Demographic assumptions

Attrition rates are the Company's best estimate of employee turnover in future determined considering factors such as nature of business and industry, retention policy, demand and supply in employment market, standing of the Company, business plan, HR Policy as provided in the relevant accounting standard. Attrition rates used for valuation are given below:

Particulars	As at 31 March 2024	As at 31 March 2023
Retirement age	58	58
Withdrawal rate, based on age		
Upto 30 years	20.00%	20.00%
From 31 to 44 years	10.00%	10.00%
Above 44 years	5.00%	5.00%
Mortality rate	100% of IALM (2012-14)	100% of IALM (2012-14)

(c) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	As at 31 March 2024	As at 31 March 2023
i) Impact of the change in discount rate		
Present value of obligation at the end of the period	295.43	275.35
Impact due to increase of 0.50%	(7.53)	(7.02)
Impact due to decrease of 0.50%	7.95	7.42
ii) Impact of the change in salary increase		
Impact due to increase of 0.50%	8.25	7.70
Impact due to decrease of 0.50%	(7.86)	(7.34)

Sensitivities due to mortality and withdrawals are not material and hence impact of change due to these are not calculated. Sensitivities as rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable.

(d) The expected expense of the Company during the next year is ₹69.83 lacs (previous year: ₹67.09 lacs).

(e) The maturity analysis of the defined benefit obligation is as below:

Particulars	As at 31 March 2024	As at 31 March 2023
Within next 1 year	51.46	50.96
Between 1 to 5 years	107.23	94.49

Independent Auditor's Report

To the Members of H.P. Cotton Textile Mills Limited
Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of **H.P. Cotton Textile Mills Limited** ("the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as 'the Group'), as listed in Annexure A, which comprise the Consolidated Balance Sheet as at 31 March 2024, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement Cash Flow and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at 31 March 2024, and its Consolidated profit and other comprehensive income, the Consolidated changes in equity and its Consolidated cash flows for the year ended on that date.

BASIS OF OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

Key audit Matter	How the matter was addressed in our audit
<p>Valuation of Inventories</p> <p>As at 31 March 2024, the Holding company holds inventories having carrying value is ₹ 2901.09 Lacs.</p> <p>The cost of inventory is calculated using acquisition cost, conversion costs and administration overheads incurred to bring the inventory to its present location and condition, which involves management judgments and estimation.</p> <p>Due to the Significance of the inventory balance to the consolidated financial statements of the company and the level of judgments and estimates required, we identified the valuation of inventories as a key audit matter.</p> <p>Refer Note 2.2(vi) and Note 7 to the consolidated financial statements.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> (a) Assessing the appropriateness of the accounting policy for inventories with relevant accounting standards; (b) We obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Company's key controls over the valuation of inventories; (c) Assessing methodology – considering the consistency and appropriateness of the management estimates and assumptions made for arriving at Net realizable value of inventories; (d) Verified the expenses considered as cost of conversion on the different classes of finished goods and work-in progress; (e) Made enquiries regarding obsolete inventory items and looked at the condition of items counted; (f) We evaluated the appropriateness and adequacy of disclosures in the consolidated financial statements in accordance with the applicable accounting standards.

Key audit Matter	How the matter was addressed in our audit
<p>Recoverability of deferred tax assets (DTA)</p> <p>The Holding Company has recognised ₹ 692.80 Lacs as DTA, as at 31 March 2024, relating to carry forwards tax losses, unabsorbed depreciation and MAT credit to the extent it is probable that the future taxable profits will be available against which such unused tax losses and MAT credit can be utilized.</p> <p>Such recognition of DTA is a key audit matter as the recoverability of tax losses within the time frame allowed, involves significant estimate of the financial projections, availability of sufficient taxable income in the future and significant judgments in the interpretation of tax regulations and tax positions adopted by the Holding Company.</p> <p>Refer note 2.2(xviii) "Income Tax" for accounting policies, note 18 "Deferred Tax Assets/ Liabilities" and note 34 "Income tax expense" for disclosures related to taxes of the Consolidated Financial Statements.</p>	<p>Our audit procedures included the following:</p> <ol style="list-style-type: none"> We obtained an understanding of controls performed by the management to assess the recoverability of the DTA relating to carry-forwards tax losses, unabsorbed depreciation and MAT Credit entitlement; Evaluated the Holding Company's tax positions by comparing it with prior years and past precedents; Evaluated the estimates of profitability made by the management on the basis of which it is considered probable that the Holding Company will have sufficient taxable income against which the unused tax losses will be utilised and also within the expected timing of utilisation; Discussed with the management the future business plans and financial projections and underlying assumptions used based on which the estimate of profitability is made; We evaluated the adequacy of disclosures in the financial statements related to deferred tax in notes 2.2(xviii), 18 and 34 respectively of the consolidated financial statements in accordance with the requirements of Ind AS 12.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive

income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors are also responsible for overseeing the Company's financial reporting process of the companies included in the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books;
 - c. The consolidated financial statements dealt with by this report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting

- Standards (Ind AS) specified under Section 133 of the Act;
- e. On the basis of the written representations received from the directors of the Holding company and its subsidiary company as on 31 March 2024 and taken on record by the Board of Directors of the Holding company, and its subsidiary company respectively, none of the directors of the Group companies, are disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of Holding company, and its subsidiary company and the operating effectiveness of such controls, refer to our separate report in **"Annexure B"**;
 - g. As required by Section 197(16) of the Act based on our audit, we report that the Holding company has paid remuneration to its directors during the year in accordance with the provisions of Section 197 read with Schedule V to the Act; and
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Holding company and its subsidiary have disclosed the impact of pending litigations as at 31 March 2024 on the consolidated financial position of the Group in note 36 to the consolidated financial statements.
 - ii. The Holding company and its subsidiary did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2024;
 - iii. There has been no delay in transferring of amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary company during the year ended 31 March 2024.
- iv.
 - 1. The respective managements of the Holding company and its subsidiary company have represented to us that, to the best of its knowledge and belief, as disclosed in note no. 50(k) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the the Holding company or its subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - 2. The respective managements of the Holding company and its subsidiary company has represented to us that, to the best of its knowledge and belief, as disclosed in note no. 50(l) to the Consolidated financial statements, no funds have been received by the Holding company or its subsidiary company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding company or its subsidiary company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - 3. Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clause (1) and (2) above contain any material misstatement.

- v. The Holding company or its subsidiary company have neither declared nor paid any dividend during the year.
- vi. Based on our examination which included test checks, excepts for the instances mentioned below, the Holding company and its subsidiary company have used an accounting software for maintaining its books of accounts which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software:
 - (a) The feature of recording audit trail (edit Log) facility was not enabled for certain changes in the accounting software which can be performed by users having privileged access (debug).
 - (b) The feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes for the accounting software used for maintaining the books of accounts.

Further, where audit trail feature was enabled and operated throughout the year, we did not come across any instance of audit trail feature being tampered.

- vii. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Holding Company and its subsidiary included in the consolidated financial statements of the Holding Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports

Annexure B

(Report on the Internal Financial Controls with reference to the consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act"))

In conjunction with our audit of the consolidated financial statements of **H.P. Cotton Textile Mills Limited** ("the Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company, which are companies covered under the Act, as on that date.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE INTERNAL FINANCIAL CONTROLS

The Company's Board of Directors of the Holding Company and its subsidiary company, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Group's business, including adherence to Group's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company, as aforesaid, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing issued by ICAI prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan

and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company as aforesaid.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company and its subsidiary company, which are companies covered under the Act, have in all material respects, an adequate internal financial

controls with reference to consolidated financial statements and such controls were operating effectively as at 31st March, 2024, based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Revisions to consolidated financial statements, if required, is permitted by the Board of Directors subject to obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

Application of new and revised Indian Accounting Standard (Ind AS)

All the Ind AS issued and notified by the Ministry of Corporate Affairs ('MCA') under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the consolidated financial statements are authorised have been considered in preparing these consolidated financial statements.

Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31,2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

(b) Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and financial liabilities that are measured at fair value; and
- 2) defined benefit plans - plan assets measured at fair value.

(c) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiary as at 31 March 2024. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements;
- The Group's voting rights and potential voting rights; and
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed-off during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to consolidated financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies. The consolidated financial statements of all entities used for the purpose of consolidation are drawn up to the same reporting date as that of the parent company, i.e., year ended on 31 March 2024.

The consolidated financial statements have been prepared on the following basis:

The consolidated financial statements of the parent and its subsidiary have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, revenues and expenses after eliminating intra-group balances / transactions and resulting profits in full.

Non-controlling interest share in net assets of 'the Group' is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Company's shareholders.

(d) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle (not exceeding twelve months) and other criteria set out in the Schedule III to the Act.

(e) Rounding of amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest lacs with two decimal places as per the requirement of Schedule III, unless otherwise stated.

(e) Use of estimates

The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(f) Significant accounting judgments, estimates and assumptions

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require material adjustment to the carrying value of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is included in the following notes:

Critical judgments in applying accounting policies

The key judgments, made by the management, in applying the Group's accounting policies having an effect on these consolidated financial statements are as follows:

- (i) **Recognition of deferred tax-** The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.
- (ii) **Evaluation of indicators for impairment of assets-** The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

- (iii) **Recoverability of advances/receivables** – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

- (iv) **Provisions and contingencies-** The amount of provisions and contingencies have been recognised in accordance with Ind AS 37 Provisions, contingent liabilities and contingent assets as the evaluation of the likelihood of the contingent events requires best judgment by management regarding the probability of exposure to potential loss.

Key source of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group has based its assumptions and estimates on parameters available at the time of preparation of consolidated financial statements. However, existing circumstances and assumptions about future developments, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

- (i) **Useful lives of property, plant and equipment-** The estimated useful lives of property, plant and equipment are based on a number of factors including the effects of obsolescence, demand, competition, internal assessment of user experience and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditure required to obtain the expected future cash flows from the assets. The Group reviews the useful life of property, plant and equipment at the end of each reporting date.
- (ii) **Recoverable amount of property, plant and equipment-** The recoverable amount of property plant and equipment is based on estimates and assumptions regarding in particular the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

(iii) Post-retirement benefit plan- Employee benefit obligation (gratuity) are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iv) Fair value measurement of financial instruments- The fair values of financial assets and financial liabilities recorded in the consolidated balance sheet in respect of which quoted prices in active markets are not available are measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

2.2 Summary of material accounting policies

i. Property, plant and equipment

An item on property, plant and equipment is recognized as asset, if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. All costs including borrowing costs related to the acquisition and installation of property, plant and equipment are capitalised.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance including assets having cost upto ₹ 10,000 are charged to the consolidated statement of profit and loss during the reporting period in which they are incurred.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the consolidated statement of profit and loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

ii. Intangible assets

Intangible assets are stated at cost less accumulated amortisation and impairment, if any. Intangible assets are amortised over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, etc. The amortisation method and useful lives are reviewed periodically at each reporting date.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the consolidated statement of profit and loss.

Useful life considered for calculation of amortisation for various intangible assets are as follows-

Asset category	Estimated useful life (in years)
Software	3-5 years

The amortisation expense on intangible assets with finite life is recognised in the consolidated statement of profit and loss under the head Depreciation and amortization expense.

iii. Depreciation

The Group depreciates its property, plant and equipment (PPE) over the useful life on Straight line basis in the manner prescribed in Schedule II to the Act. Management believes that useful life of assets are same as those prescribed in Schedule II to the Act.

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

Useful life considered for calculation of depreciation for various assets class are as follows-

Asset category	As per management estimate	As per Schedule II
Computers	3 years	3 years
Furniture and fixtures	10 years	10 years
Building	30 years	30 years
Vehicles	8 years	8 years
Plant and machinery	15 years	15 years
Office equipment	5 years	5 years
Servers and networks	6 years	6 years

Leasehold improvements are depreciated over the period of lease or 3 years, whichever is less.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on additions / deletions is calculated pro-rata from the month of such addition / deletion, as the case maybe.

iv. Impairment of non-financial asset

The Group tests the assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

v. Revenue and other income

The Holding Company derives revenues primarily from sale of manufactured cotton, specialty yarns and cotton sewing threads.

Revenue from sale of goods is recognised when the Group satisfies its performance obligation and substantial risks and rewards of ownership are transferred to the buyer which generally coincides when

the goods are dispatched from the factory. Amounts disclosed as revenue are net of returns and allowances, trade discounts and rebates. The Group collects Goods and Service Tax on behalf of the government and therefore, these are not economic benefits flowing to the Group. Hence, these are excluded from revenue.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. Where the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (x) Investment and other financial assets – initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. Where a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

Financing component

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Cost to obtain a contract with customer

The Group pays sales commission to selling agents for each contract that they obtain for sales of Group's products. Such commission are in nature of incremental cost to obtain contract with customer and the Group has elected to apply the optional practical expedient

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

for costs to obtain a contract wherein it immediately expenses off such sales commissions because the amortisation period of the asset that the Group otherwise would have used is one year or less.

Duty drawbacks and other export incentives: Duty drawbacks and other export incentives under various schemes are recognised as revenue in the year of export when no significant uncertainty exists with respect to their recovery.

Insurance and other claims: Revenue in respect of claims is recognised when no significant uncertainties exist with regard to the amount to be realised and the ultimate collection thereof.

Interest income: Income from interest is accounted for on time proportion basis taking into account the amounts outstanding and the applicable rate of interest.

vi. Inventories

Inventories are valued at cost or net realisable value, whichever is lower.

The cost of raw materials and stores and spares is determined using moving weighted average formula and includes cost of purchase and other cost incurred in bringing the inventory to their present location and condition. Raw materials and stores and spares are not written down below cost if the finished product in which they will be manufactured are expected to be sold at or above cost.

Work-in-progress is valued at raw material cost plus conversion cost incurred on them depending upon the stage of completion based on weighted average formulae.

Cost of finished goods include raw material cost, conversion cost and packing cost incurred to bring the goods to their present location and condition. Inventory of finished goods is measured at cost or net realisable value, whichever is lower.

Goods in transit are stated at cost. Net realisable value of the inventories is measured at estimated selling price of each item of inventory in the ordinary course of business less the estimated cost of completion and estimated costs necessary to make the sale.

vii. Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Holding Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

viii. Government grants

Grants from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to the consolidated statement of profit and loss on a straight – line basis over the expected lives of related assets and presented within other income.

Government grants related to revenue are recognised on a systematic basis in the consolidated statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Government grant receivable as compensation for expenses or losses already incurred with no future related cost are recognised in consolidated statement of profit and loss of the period in which it becomes receivable.

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

ix. Dividend

Final dividends on shares are recognised as a liability on the date of approval by the shareholders and interim dividends are recognised as a liability on the date of declaration by the respective Board of Directors of the Holding Company.

x. Investments and other financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss),
- those to be measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

Equity investments in subsidiaries are measured at cost. The investments are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, policy for impairment of financial assets is followed.

Investments in mutual fund are measured at FVTPL. Profit or loss on fair value of mutual fund is recognised in the consolidated statement of profit and loss.

For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at FVTOCI.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Initial recognition

Purchases and sales of financial assets are recognised on the trade-date i.e. the date on which the Group commits to purchase or sale the financial asset.

Measurement

At initial recognition, the Group measures trade receivables at their transaction price and measures other financial assets at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments and equity instruments at fair value through profit or loss (FVTPL)

Debt instruments at amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/ losses. Impairment losses are presented as separate line item in the consolidated statement of profit and loss.

Debt instrument at FVTOCI

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ losses. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/ losses and impairment expenses are presented as separate line item in consolidated statement of profit and loss.

Debt instrument at FVTPL

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net within other gains/ losses in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVTPL are recognised in other gain/ losses in the consolidated statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note

39 details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition

A financial asset is derecognised only when

- The Group has transferred or has expired the rights to receive cash flows from the financial asset and
- The Group has transferred substantially all of the risks and rewards of the ownership.

Where the Group has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if it has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income recognition

Interest income

Interest income from FVTPL is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVTOCI is calculated using the effective interest method is recognised in the consolidated statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

Dividends

Dividends are received from financial assets at FVTPL and at FVTOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

xi. Financial liabilities

Initial recognition

The Group recognizes the financial liabilities in its balance sheet when it becomes party to the contractual provisions of the instrument.

The Group's financial liabilities include trade payables, other payables, short-term and long-term borrowings.

Measurement

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit and loss.

Financial liabilities designated upon initial recognition at FVTPL are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value

gains/ losses attributable to changes in own credit risk are recognised in OCI. These gains/ losses are not subsequently transferred to profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the consolidated statement of profit and loss. The Group has not designated any financial liability as at fair value through profit and loss.

Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the initial recognition amount (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the consolidated balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/ losses.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the consolidated financial statements for issue, not to demand payment as a consequence of the breach.

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 60-90 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit and loss.

xii. Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is reported in the consolidated balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

xiii. Fair value measurement of financial instruments

The Group measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of nature, characteristics and risks of the asset and liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes:

- Disclosure regarding significant estimates and assumptions- Note 2.1
- Quantitative disclosures of fair value measurement hierarchy- Note 2.2, paragraph xiii.
- Financial instruments (including those carried at amortised cost)- Note 2.2, paragraph x.

xiv. Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

Contingent assets

Contingent assets are not recognised in the consolidated financial statements. Contingent assets are disclosed in the consolidated financial statements to the extent it is probable that economic benefits will flow to the Group from such assets.

xv. Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xvi. Employees benefits

(i) Short term employee benefits: Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefits obligations: The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the discount rates for Government Securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurement as a result of experience adjustments and changes in actuarial assumptions

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

are recognised in the consolidated statement of profit and loss.

(iii) Post-employment benefits: The Group operates the following post-employments schemes:

- (a) defined contribution plans- provident fund; and
- (b) defined benefit plans- gratuity

**(a) Defined contribution plan
Provident fund**

The Group makes payment to statutory fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952 which is a defined contribution plan. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense in the consolidated statement of profit and loss as and when they are due.

**(b) Defined benefit plans
Gratuity**

The liability or asset recognised in the consolidated balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the consolidated statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the consolidated

statement of changes in equity and in the consolidated balance sheet.

xvii. Foreign currency translations

(i) Functional and presentation currency

The consolidated financial statements are presented in Indian rupee (INR), which is Group's functional and presentation currency.

ii) Transaction and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the consolidated statement of profit and loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the consolidated statement of profit and loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the consolidated statement of profit and loss, within finance cost. All other foreign exchange gains/ losses are presented in the consolidated statement of profit and loss on net basis.

xviii. Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the consolidated financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted

Summary of significant accounting policies and other explanatory information to the consolidated financial statements for the year ended 31 March 2024

to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current tax assets and tax liabilities are off set where the respective companies in the Group have a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the consolidated statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum alternate tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Group will pay normal income tax during the specified period.

xix. Leases

On inception of a contract, the Group (as a lessee) assesses whether it contains a lease. A contract is, or contains a lease when it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for initial direct costs incurred, lease payments made at or before the commencement date, any asset restoration obligation, and less any lease incentives received. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are also adjusted for any re-measurement of lease liabilities. Unless the Group is reasonably certain to obtain ownership of the leased assets or renewal of the leases at the end of the lease term, recognised right-of-use assets are depreciated to a residual value over the shorter of their estimated useful life or lease term.

The lease liability is initially measured at the present value of the lease payments to be made over the lease term. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease term includes periods subject to extension options which the Group is reasonably certain to exercise and excludes the effect of early termination options where the Group is not reasonably certain that it will exercise the option. Minimum lease payments include the cost of a purchase option if the Group is reasonably certain it will purchase the underlying asset after the lease term.

Lease liabilities are re-measured with a corresponding adjustment to the related right-of-use asset if the Group changes its assessment of whether it will exercise an extension or a termination option and any lease modification.

Lease liability and ROU asset have been separately presented in the Consolidated Balance Sheet and

lease payments are presented as follows in the Group's consolidated statement of cash flows:

- short-term lease payments, payments for leases of low-value assets and variable lease payments that are not included in the measurement of the lease liabilities are presented within cash flows from operating activities;
- payments for the interest element and principal element of recognised lease liabilities are presented within cash flows from financing activities

xx. Segment reporting

In accordance with Ind AS 108, operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments. The business activities of the Group predominantly fall within a single reportable operating segment, i.e., Textile (spinning). The Board of Directors of the Holding Company is the Group's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108.

xxi. Cash and cash equivalents

Cash and cash equivalent in the consolidated balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown as borrowings under financial liabilities in the consolidated balance sheet.

xxii. Cash flow statement

Cash flows are reported using indirect method in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows". The cash flows from regular revenue generating, financing and investing activities of the Group are segregated. Cash and cash equivalents in the cash flow comprise cash at bank, cash/cheques in hand and short-term investments with an original maturity of three months or less.

Entry tax for which the company is contingently liable*	77.87	77.87

* Estimated liability amounting to ₹77.87 lacs pertains to Haryana entry tax for the period April' 2008 to March' 2016. The Entry tax was imposed by the Government of Haryana but was struck down by the Hon'ble High Court of Punjab and Haryana. The Government of Haryana had gone into appeal before the Hon'ble Supreme Court of India against the judgement of Hon'ble High Court of Punjab and Haryana. The Hon'ble Supreme Court upheld the levy of the entry tax. However, the matter of determination and settlement of the amount of tax is pending with the state. Further, with the introduction of Goods and Service Tax Act, 2017, entry tax has been repealed. In the absence of the appropriate rules and provisions for payment of entry tax, the management of the Holding Company has decided to disclose this liability as contingent and accordingly, no adjustment has been considered necessary in these consolidated financial statements.

Financial assets and financial liabilities measured at fair value in the consolidated statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates;

Notes

to Consolidated Financial Statements for the year ended 31 March 2024

(All amounts in ₹ lacs, unless stated otherwise)

CIN: L18101HR1981PLC012274

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

During the year, there were no transfers between level 1 and level 2, and no transfers into and out of level 3 fair value measurements.

The Company's policy is to recognise transfers into and transfer out of fair value hierarchy levels as at the end of reporting period.

(iii) Specific valuation techniques used to value financial instruments include the use of quoted market prices and NAV of the instrument.

(iv) Fair value of financial assets and liabilities measured at amortised cost

	31 March 2024		31 March 2023	
	Carrying amount	Fair Value	Carrying amount	Fair Value
Financial assets				
Other financial assets				
Security deposits	162.84	162.84	149.89	149.89

The carrying amount of trade receivables, other financial assets, trade payables, other financial liabilities, borrowings and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

The fair values for security deposits were calculated based on cash flows discounted using the current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

39. FINANCIAL INSTRUMENTS

A. Capital risk management

The Group's objective when managing capital are to

- safeguard their ability to continue as a going concern, so they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital, in order to maintain capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Group's various classes of debt. The Group manages the capital structure and makes adjustments to it in the light of changes in the economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

During the year, the Group has complied with the externally imposed capital requirements to which it is subject.

The Group monitors capital on the basis of net debts to total equity on a periodic basis. The following table summarizes the capital of the Group:

B. Financial risk management

Financial risk management objectives and policies

The Group's principal financial liabilities comprise borrowings, lease liability, trade payables, employee related payables and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include cash and cash equivalents, other bank balances, trade receivables, security deposits and export incentives receivable that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The management is responsible for formulating an appropriate financial risk governance framework for the Group and for periodically reviewing the same. The senior management ensures that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives.

(I) Market risk :

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Group manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

(i) Interest rate risk

(a) Liabilities

The Group's policy is to minimise interest rate cash flow risk exposures on long-term financing. As at 31 March 2024, the Group is exposed to changes in market interest rates through bank borrowings at variable interest rates.

Notes

Interest rate risk exposure

Below is the overall exposure of the Group to interest rate risk:

Particulars	31 March 2024	31 March 2023
Variable rate borrowings	3,297.89	3,988.91
Fixed rate borrowings*	175.72	48.49
Amount disclosed under borrowings	3,473.61	4,037.40

*For fixed rate borrowing, the management has assessed that their fair value is almost equivalent to their carrying amounts, largely due to the rate of interest of these instruments, which is approximately equal to market rate of interest for the Group and being entire loan taken from third party.

Sensitivity

Below is the sensitivity of profit or loss and equity changes in interest rates.

Particulars	31 March 2024	31 March 2023
Interest sensitivity*		
Interest rates – increase by 500 basis points	20.17	14.52
Interest rates – decrease by 500 basis points	(20.17)	(14.52)

* Holding all other variables constant

(b) Assets

The Group's fixed deposits are carried at fixed rate. Therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(ii) Foreign currency risk

The Group operates internationally and portion of the business is transacted in several currencies and consequently the Group is exposed to foreign exchange risk through its sales in overseas markets in various foreign currencies and through foreign currency loans. Foreign currency exchange rate exposure is balanced by hedging through forward contracts.

Derivative instruments

Derivative contracts outstanding

₹/GBP- decrease by 4% (previous year:- 2%)*	0.08	0.02

* Holding all other variables constant

(II) Credit Risk:

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,

Notes

to Consolidated Financial Statements for the year ended 31 March 2024

(All amounts in ₹ lacs, unless stated otherwise)

CIN: L18101HR1981PLC012274

- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements."

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans or receivables have been written off, the Group engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised as income in the consolidated statement of profit and loss. The Group measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

The Group's maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. The credit limit of each customer is defined in accordance with the assessment. Outstanding customer receivables are regularly monitored by the management.

Detail of trade receivables that are past due is given below:

Particulars	As at 31 March 2024	As at 31 March 2023
Not due	148.50	47.74
0-180 days past due	477.80	798.68
More than 180 days past due	2.10	4.40
Total	628.40	850.82

The credit risk for cash and cash equivalents, bank deposits and loans is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings.

Concentration of financial assets

Concentration of credit risk with respect to trade receivables are limited, due to the Group's consumer base being large and diverse. All trade receivable are reviewed and assessed for default on a quarterly basis.

The Group's exposure to credit risk for trade receivables is presented below:

Particulars	As at 31 March 2024	As at 31 March 2023
Export wholesale customers	555.89	840.28
Domestic wholesale customers	72.51	10.54
Total	628.40	850.82

Liquidity Risk :

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Group treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors

Actuarial (gains)/ losses arising from change in experience adjustments	17.93	6.35
Total amount recognised in other comprehensive income	20.05	3.76

(b) Assumptions:

1. Economic assumptions

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on Government bonds at the accounting date relevant to currency of benefit payments for a term that matches the liabilities. Salary growth rate is Group's long term best estimate as to salary increases and takes into account inflation, seniority, promotion, business plan, HR policy and other relevant factors on long term basis as provided in relevant accounting standard.

Particulars	As at 31 March 2024	As at 31 March 2023
Discount rate	7.22%	7.36%
Salary growth rate	3.00%	3.00%
Average remaining working life (years)	17.78	19.05

Notes

(All amounts in ₹ lacs, unless stated otherwise)

CIN: L18101HR1981PLC012274

2. Demographic assumptions

Attrition rates are the Group's best estimate of employee turnover in future determined considering factors such as nature of business and industry, retention policy, demand and supply in employment market, standing of the Group, business plan, HR Policy as provided in the relevant accounting standard. Attrition rates used for valuation are given below:

Particulars	As at 31 March 2024	As at 31 March 2023
Retirement age	58	58
Withdrawal rate, based on age		
Upto 30 years	20.00%	20.00%
From 31 to 44 years	10.00%	10.00%
Above 44 years	5.00%	5.00%
Mortality rate	100% of IALM (2012-14)	100% of IALM (2012-14)

(c) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	As at 31 March 2024	As at 31 March 2023
i) Impact of the change in discount rate		
Present value of obligation at the end of the period	295.43	275.35
Impact due to increase of 0.50%	(7.53)	(7.02)
Impact due to decrease of 0.50%	7.95	7.42
ii) Impact of the change in salary increase		
Impact due to increase of 0.50%	8.25	7.70
Impact due to decrease of 0.50%	(7.86)	(7.34)

Sensitivities due to mortality and withdrawals are not material and hence impact of change due to these are not calculated. Sensitivities as rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable.

(d) The expected expense of the Group during the next year is ₹69.83 lacs (previous year: ₹67.09 lacs).

(e) The maturity analysis of the defined benefit obligation is as below:

Particulars	As at 31 March 2024	As at 31 March 2023
Within next 1 year	51.46	50.96
Between 1 to 5 years	107.23	94.49
After 5 years	136.74	129.90
Total expected payments	295.43	275.35

(f) The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 7.73 years (previous year: 7.76 years).

Subsidiary Company

The Subsidiary Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a unfunded plan. There were no employees in the Subsidiary Company during the period and hence, no expense has been incurred during the period.

48. IND AS 115 - REVENUE FROM CONTRACTS WITH CUSTOMERS

Ind AS 115: Revenue from Contracts with Customers, establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts. Under Ind AS 115, revenue is recognised through a 5-step approach:

- (i) Identify the contract with customer;
- (ii) Identify separate performance obligations in the contract;
- (iii) Determine the transaction price;
- (iv) Allocate the transaction price to the performance obligations; and
- (v) Recognise revenue when a performance obligation is satisfied.

(i) Disaggregation of revenue

The Group has performed a disaggregated analysis of revenues considering the nature, amount, timing and uncertainty of revenues. This includes disclosure of revenues by geography.

Revenue from operations	Year ended 31 March 2024	Year ended 31 March 2023
