Allied Digital receives Letter of Award for upgradation and modernization of MSETCL Network using SD-WAN

Mumbai, February 6, 2025 — Allied Digital Services Limited, a global leader in IT services and a renowned Master System Integrator (MSI), has been awarded a project by **Maharashtra State Electricity Transmission Company Limited (MSETCL)** to upgrade and modernize its network through the implementation of Software-Defined Wide Area Network (**SD-WAN**).

MSETCL, a fully owned corporate entity under the Maharashtra Government, plays a pivotal role in transmitting electricity from generation points to distribution centers. It manages a substantial portion of Maharashtra's electric power transmission network and is committed to modernizing its infrastructure in order to improve operational efficiency and reliability.

As part of this initiative, Allied Digital will deploy a cutting-edge SD-WAN solution across MSETCL's offices, extending to the Division Office level, ensuring a high-performance, reliable, and consistent network infrastructure. The scope of work includes:

- **Supply, Installation, Configuration, and Commissioning** of an advanced SD-WAN solution at MSETCL offices across Maharashtra.
- **Deployment of Cloud Instances** to support the SD-WAN solution and seamless integration with MSETCL's cloud.
- **Providing Comprehensive SD-WAN Architecture**, enabling remote connectivity.

This project is valued at more than INR.14 Cr. and shall be implemented in 4-8 weeks followed by 60 months of O&M (Operations & Maintenance), ensuring optimal network performance and continued support. This strategic win further cements Allied Digital's leadership in network transformation and smart infrastructure solutions, driving digital innovation in the power sector.

Mr. Nitin D Shah, CMD – Allied Digital commented, *"We are honored to be entrusted by MSETCL for transformation of this critical network. This project reinforces Allied Digital's expertise in delivering cutting-edge digital engineering solutions. By implementing an advanced SD-WAN solution, we will enable MSETCL to achieve superior network performance, security, and scalability, ultimately strengthening Maharashtra's power transmission ecosystem. We anticipate further upside from this project, with scope for follow up projects from MSETCL as well as similar opportunities from the power sector."*
