FINAL DECISION STILL PENDING

BCCI may Not Raise Number of Matches for IPL '25: Shah

As per sponsorship and media rights deals, the event was planned to have 84 matches in 2025 as against 74 in 2024

Javed Farooqui

Mumbai: The BCCI is likely to retain a 74-match format for IPL 2025, despite initial plans to expand it to an 84-match format as per media rights contracts, though the final decision is still pending, a top official indicated.

According to BCCI's media rights and sponsorship contracts, the IPL was planned to expand to an 84-match format for the 2025 and 2026 seasons, with further expansion to 94 matches in 2027.

Talking to ET, BCCI Secretary Jay Shah said that the increase in matches is the cricket board's prerogative and not an obligation that must be fulfilled.

"We have not taken a call on organising 84 matches in IPL 2025 since we also have to factor the load on the players due to the increase in matches. While it's (84 matches) part of the contract, it's up to the BCCI to decide whether to organise 74 or 84 matches," said BCCI secretary Jay Shah.

Sources close to the development say that IPL TV and digital rights owners, Star India and Viacom18, favour a 74-match tournament. The broadcasters argue that an 84-match IPL could lead to viewer fatigue, making ad monetisation more challenging, especially considering the slowdown in media ad spends on IPL over the last two years despite rising viewership.

Currently, Disney-owned Star India and Reliance Industries-promoted Viacom18 are in the process of merging their businesses, with approvals from the Compe-

titution Commission of India and the National Company Law Tribunal still pending.

Both Disney and Reliance are hopeful that the Star-Viacom18 merger will be completed before IPL 2025. Once finalised, a single entity controlled by Reliance will manage the sale of IPL TV and digital ad inventory. Additionally, the companies will pay less for a 74-match IPL, as media rights fees are paid per match, and the bidding was based on 410 matches during the 2023-27 cycle, including 84 matches in 2025.

Franchises, on the other hand, believe that an 84-match IPL will boost their revenue by providing more matches to sell. Star and Viacom18 have together com-

mitted a combined ₹48,390 crore for the IPL media rights. The proposed merged entity will have over 110 TV channels and two streaming platforms, Disney+ Hotstar and Jio Cinema.

The BCCI had reported combined revenue of ₹27,411 crore over the past five fiscal years (FY18-FY22) from media rights, sponsorships, and revenue shares from the International Cricket Council (ICC).

Regarding the proposed merger between Star India and Viacom18 and the consolidation of cricket rights under a single merged entity, Jay Shah expressed confidence that new players would emerge to add competitiveness to future bidding processes for BCCI's media rights assets, including the IPL.

He pointed to the intense competition between Viacom18 and Sony Pictures Networks India during the bidding for media rights to India's bilateral home matches as an example. Shah added that the BCCI will continue to aggressively build and scale up cricket infrastructure including the new National Cricket Academy in Bengaluru, the international cricket stadium in Varanasi, and indoor sports facilities in North Eastern states and Jammu.

While stating that the IPL franchises are divided on the issue of IPL player retention, Shah said the BCCI will take a decision on this issue in a few days after consulting the stakeholders.

"Some franchises are in favour of a mega auction since it will give them an opportunity to build a strong team. Some franchises don't want a mega auction since they already have a strong team. Both consistency and shuffling are important," he stated.

We've not taken a call on organising 84 matches in IPL 2025 since we also have to factor the load on the players due to the increase in matches. While it's (84 matches) part of the contract, it's up to the BCCI to decide whether to organise 74 or 84 matches

JAY SHAH
Secretary,
BCCI

HC Asks SpiceJet to Ground, Return 3 Engines to Lessors

Our Bureau

New Delhi: The Delhi High Court on Wednesday asked low-cost airline SpiceJet to ground its three engines by Friday on non-payment of lease rental dues to its lessors, Team France 01 SAS and Sunbird France 02 SAS.

Justice Manmeet Pritam Singh Arora further asked SpiceJet to return the engines in 15 days to the lessors and make necessary arrangements for inspection of these engines, as desired by the lessors on Monday.

The high court has been expressing displeasure over SpiceJet's repetitive failures to clear its dues to the engine lessors.

Wednesday's decision follows the lessors rejecting the debt-laden airline's promoter Ajay Singh's offer to pledge his personal shares, equivalent to the outstanding dues of \$2.5 million, for clearing SpiceJet's dues towards lease rentals.

Expressing doubt over the stabi-

SpiceJet Profit Down 20% in Q1

New Delhi: Low-cost carrier SpiceJet on Wednesday reported a 20% drop in consolidated profit for the April-June quarter as a financial crunch took a toll on its operations. The carrier's profit for the quarter was ₹158.8 crore as against ₹197.5 crore in the year-ago period. Experts said the cash crunch had forced the airline to ground several aircraft, hurting revenue. **Our Bureau**

ty of SpiceJet's share price, Justice Arora had on Monday also observed that lessors were not confident about the sustained value of the shareholdings. "It has been fluctuating... It's possible that the shares will be volatile," he said while asking Singh whether he could double the shareholding for pledge.

Swan Energy may Sell 51% in LNG Terminal to Turkey's State-run Co

Bloomberg

Mumbai: India's Swan Energy plans to sell its stake in a floating liquefied natural gas terminal to Turkey's state-run Botas for \$399 million. The deal, which is likely to be completed in six months, is subject to the approval of shareholders and regulators, the Mumbai-based company said in a stock exchange filing.

Vasant 1, the 180,000-cubic-meter floating storage and regasification unit, is owned by its subsidiary Triumph Offshore. Swan holds a 51% stake in the unit, while India's fertilizer giant IFFCO controls the rest. It isn't clear if IFFCO too will sell its shares. Spokespersons from both IFFCO and Swan didn't immediately comment on the matter.

The textiles-to-petrochemicals company had originally planned to commission the terminal on India's west coast at the Jafra port in 2019-20.
