ADITYA BIRLA FINANCE LIMITED

DAY TODAY

ARIES (Mar 21 - Apr 20)

BY PETER VIDAL

There could be an air of expectation all week, largely due to your lunar alignments. This generates a sense that while life is good. you never know what is around the next corner. Quite right, too. And that's why you must be on your guard.

TAURUS (Apr 21 - May 21) The Moon's position has to be watched for most daily ups and downs, and

today's patterns are curious ones. It's as if the mood of the times suits you but the circumstances might not. So, if you feel slightly shortchanged, it could be because you need to catch your breath

GEMINI (May 22 - June 21) There's an

increasing sense of tension, perhaps passion. But are you comfortable with this? I suspect not. Not that is, unless you devote yourself to worthy causes and selfless duties. The downside is that you could expose yourself to exploitation. Help others.

CANCER (June 22 - July 23) You're such a

sensitive soul that it's always pleasant when you think that you're getting the support you feel you need. Which means that people you love are on your side for a change, which is not always the way that it seems. You're still keeping some of your plans to yourself.

LEO (July 24 - Aug 23) You may be in a

strange state, quite happy to say what you think on the one hand, but not to reveal your true feelings on the other. Perhaps you're right. Perhaps you're not confident enough in your emotions to be able to talk about them

VIRGO (Aug 24 - Sep 23)

yet. Wait for the right time

and place.

There is a great deal to be said for standing your ground. But, I'm not sure if it's enough. There's an old eastern proverb that the branch which bends in the wind stays on the tree. That's a

way of saying that, in a week of

change, complete flexibility is

probably your best option.

LIBRA (Sep 24 - Oct 23) The surface may be calm, but in the astrological universe there's a

great deal bubbling underneath, and it's all about to burst through. In straight, practical terms, your energy is soon to increase, but you'll also be growing more impatient and eager.

SCORPIO (Oct 24 - Nov 23)

experience will be indirect, by which I mean that they could come via other people, or in ways you didn't expect. In either case, the next month could be a time of mystery.

SAGITTARIUS (Nov 24 - Dec 22) There's a time to

move, and a time to stand still. And this, I'd say, is a time to stand still. As is tomorrow and the day after. Yet by the end of

the week you'll be moving fast. That is the planetary prognosis. Now all you have to do is arrange your daily diary to fit in with the celestial formations.

CAPRICORN (Dec 23 - Jan 20) Partners are in a

expect. But it is a situation you can encourage by praising, boosting, flattering and helping them. In other words, don't wait for them to come to you. Make the first move.

AQUARIUS (Jan 21 - Feb 19)

You could be taking on fresh responsibilities, mainly emotional

ones. Even at work a new task could have a sense of personal, almost parental, commitment about it. There's also a vague spot of financial confusion around, but you'll be tempted to give money to worthwhile causes. You can do good.

PISCES (Feb 20 - Mar 20)

The heavens are in a creative state. What I really mean by this is that you are in a

position to develop and express your unique gifts. whatever they are. Much of your energy will be directed towards personal engagements.
