Subject: Intimation under Regulation 30 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015
Scrp Code: - 543782 - SEALMATIC INDIA LIMITED

Respected Sir/ Ma'am,

Sealmatic India Ltd, listed on the Bombay Stock Exchange (BSE: BOM: 543782) is pleased to announce the inauguration of its new state-of-the-art manufacturing facility at Kaman – Vasai (which was already mentioned in Prospectus), a significant leap towards enhancing the production capabilities. This new facility, spanning an impressive 25,000 sq ft, signifies a remarkable expansion, thus, this will enhance 65% of its production capacity to the existing production capacity housed at Mira Road.

Pursuant to Regulations 30 read with Schedule III of the Listing Regulations, disclosure required under SEBI Circular No. CFD/CFD-PoD-1/P/CIR/2023/123 dated 13th July 2023 is provided as under:

Particulars	Description
Existing capacity	The Company currently manufactures Mechanical Seals and its Components at Mira Road Factory, where the capacity stands at approximately 2100 units per month.
Existing capacity utilization	Not applicable, as the proposed plant will be a new manufacturing facility of the Company.
Proposed capacity installation	The Company will manufacture Mechanical Seals and API Vessels, where the capacity would stand at approximately 1050 components per month.
Period within which the proposed capacity is to be added	The new unit of Sealmatic in Kaman has become fully integrated and operational on the November 26 th 2024 of financial year 2024-25
Investment required	Capex spent for this facility is Rs. 6.80 Crores.
Rationale	This new facility, spanning an impressive 25,000 sq ft, signifies a remarkable expansion, thus, this will enhance 65% of its production capacity to the existing production capacity housed at Mira Road.

Mr Sadique Chaudhary, Director Production who has 30 years of rich experience in production of complex mechanical seals and API Vessels has overseen the recruitment of a skilled workforce and ensuring seamless operations within the new facility. ***“Branching out to a new location has allowed us to discover new manufacturing styles and processes in order to execute the daily orders for mechanical seals and seal supply systems, which will result in achieving the delivery period for our customers,”*** – concludes Mr Sadique Chaudhary. The new facility is equipped with a diverse range of cutting-edge machinery, including conventional CNC machines. In addition to it, the fabrication of API vessels along with all related processes, will be carried out exclusively within this facility, ensuring streamlined production and integration of automated processes in place.

“The prime focus of Sealmatic has always been to think ahead of the competition with innovating cutting-edge technology. It is a promise that we have made to each of our customers. We create bench mark in terms of innovation, efficiency, reliability and sustainability.” Hence, creating pathways for tomorrow’s workforce today - says; Umar AK Balwa – Managing Director.
