"Today, the emergency committee met and advised me that, in its view, the situation constitutes a public health emergency of international concern. ### China asks US to push Israel to stop Gaza operations

Washington, Aug 14 (UNI) A Chinese envoy on Tuesday urged the United States to take "sincere and responsible actions" to push Israel to stop its military operations in Gaza as soon as possible and to stop slaughtering civilians.Fu Cong, China's permanent representative to the United Nations, strongly condemned Israel's attack on the Al-Taba'een school in Gaza City over the weekend which killed more than 100 Palestinians, in remarks at the UN Security Council briefing on the situation in the Middle East, including the Palestinian question. He stressed that "civilians and the civilian infrastructure must not be the target of military operations," adding that "this is a red line under the international humanitarian law." "Attacking schools where a large number of civilians are seeking shelter again and again is a heinous act," he said. Juba, Aug 14 (UNI) : The ongoing conflict in Sudan between the Sudanese Armed Forces (SAF) and the paramilitary Rapid Support Forces (RSF) has forced more than 800,000 people to flee into neighboring South Sudan since April 2023, a South Sudanese official said

Wednesday. Albino Akol Atak, minister for humanitarian affairs and disaster management, said the escalation in fighting has exacerbated the already dire humanitarian situation compounded by climate change-induced impacts such as delayed rains and flooding.

"This year in South Sudan we have had a lot of crises that have made our people vulnerable, one of them is climate change's impact on our people that is causing floods and drought, and the other is the conflict in Sudan that has forced more than 800,000 people to flee to South Sudan. All these people are coming lacking everything including food," Akol said during a handover ceremony of relief

represent Palestine during the conflict resolution process, and not the Hamas movement.On October 7, 2023, Israel was subjected to an unprecedented rocket attack from the Gaza Strip. In addition, Hamas fighters infiltrated the border areas, opened fire on the military and civilians and took hostages. Israeli authorities say that about 1,200 people were killed during the raid.

The Israel Defense Forces launched Operation Iron Swords in the Gaza Strip and announced a complete blockade of the enclave. The enclave's health ministry says that the death toll from Israeli strikes on the Gaza Strip since October 7 has

food to the United Nations World Food Program (WFP) in Juba, the capital of South Sudan.

He noted that most of the arrivals are stranded at some of the transit centers as they arrive with nothing, warning they are straining resources available to the South Sudanese government and host communities.

"This year we are going to deal with very difficult floods, according to information provided to us by the government of Uganda. The water level is rising in Lake Victoria and as a result of that, the government of Uganda has started releasing water from the Owen Falls Dam in Jinja," Akol said.

The Ugandan authorities initially released 2,600 cubic meters per second downstream into South Sudan, but have reduced the amount. "This is based on our request because we cannot afford this water to pass through our Nile River in huge quantities that will worsen flooding," Akol added.

Moscow, Aug 14 (UNI) : Kiev planned to seize the Kursk nuclear power plant on August 11 and use it to start negotiations with Moscow with an ultimatum, Akhmat special forces regiment commander Apti Alaudinov said on Wednesday.

the whole layout of the operation, which was being prepared, by what forces and what was planned. What can I say: on the 11th [of August] it was necessary to take the nuclear power plant in Kurchatov...
