Subject: Kavveri Group Secures Prestigious Order from a Leading US Counter-Drone Company

Dear sir/madam,

Kavveri Defence and Wireless Technologies Limited ("**Kavveri**") is pleased to announce a significant order for the group for the design and development of the world's first complex **penta-band high-gain antenna** from a leading counter-drone company based in the United States. This order reinforces Kavveri's position as a trusted provider of advanced antenna solutions for defence and mission-critical communication applications, especially in new and emerging technologies.

This penta-band antenna will be an innovative solution to support five distinct frequency bands, providing superior performance and unmatched versatility. **Kavveri's development of this ground-breaking technology will enable seamless integration into the customer's core systems**, enhancing their counter-drone capabilities with robust, efficient, and highly reliable defence and mission-critical communication.

Speaking on this achievement, **Mr. Shivakumar Reddy**, Managing Director of Kavveri Defence and Wireless Technologies Limited, said: *"This design and development order from a global leader in counter-drone technology is a testament to Kavveri group's excellence in innovation and our ability to deliver cutting-edge solutions for defence and mission-critical applications. The penta-band antenna is a game-changer in terms of performance and versatility and we are honored to play a key role in enhancing the customer's systems. This project also highlights the potential of our solutions to address both defence and mission-critical communication demand*

Kavveri Defence and Wireless Technologies Limited
