MANAGEMENT ANALYSIS AND REVIEW REPORT:

We herewith submit Management Discussion and Analysis Report on the business of the Company for the year ended 31st March, 2024.

ECONOMY

For the year 2025, the IMF projected India's growth rate at 6.5 per cent. It attributed robustness and strength in domestic demand and a rising working-age population behind its growth projections. Notably, India's GDP expanded at 8.2 percent in 2023-24. That was higher than the 7 per cent in 2022-23, aided by a greater than expected expansion of 7.8 per cent in the fourth quarter, according to the provisional estimates of GDP growth released by the National Statistical Office (NSO).

INDUSTRY

Fast-moving consumer goods (FMCG) sector is India's fourth-largest sector and has been expanding at a healthy rate over the years because of rising disposable income, a rising youth population, and rising brand awareness among consumers. With household and personal care accounting for 50% of FMCG sales in India, the industry is an important contributor to India's GDP.

OUTLOOK

Total revenue of FMCG market is expected to grow at a CAGR of 27.9% through 2021-27, reaching nearly US\$ 615.87 billion. According to NielsenIQ's report, in 2024, the FMCG industry in India is expected to grow between 4.5-6.5%, owing to strength in the sector and Indian economy. Indian food processing market size is expected to reach US\$ 470 billion by 2028, exhibiting a growth rate (CAGR) of 9.5% during 2023-2028.

OPPORTUNITY

With rising disposable incomes, India's consumer market is set to become the third-largest in the world by 2027. Urbanization is a key driver of consumer spending. As more people move to urban areas, FMCG companies can more easily access consumers and establish physical retail stores, boosting sales and market penetration. The digitalization of the Indian market and the rise of online shopping platforms have created new distribution channels for FMCG companies.

THREATS, RISK & CONCERNS

Despite advancements, India still faces significant distribution challenges, particularly in rural areas. Physical connectivity, digital connectivity, and financial inclusion constraints limit the reach and revenue potential of FMCG companies in these regions. The FMCG sector in India is highly susceptible to seasonal variations and changing consumer preferences. The FMCG market in India is intensely competitive, with numerous domestic and international players

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors and Management is responsible for the preparation of the other information. The other information comprises the information obtained at the date of this auditor's report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that

there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of the Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that gives a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF Shanti Guru Industries Limited (Formerly RCL Retail Limited), CHENNAI FOR THE YEAR ENDED 31ST MARCH 2024

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial reporting of Shanti Guru Industries Limited (Formerly RCL Retail Limited), Chennai ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS Financial statements of the Company for the Year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over the Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Control over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS Financial statements, whether due to fraud or error.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial statements for external purposes in accordance with generally accepted accounting

principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management overriding of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on

- i. Existing policies and procedures adopted by the Company for ensuring orderly and efficient conduct of the business.
- ii. Continuous adherence to Company's policies.
- iii. Existing procedure in relation to safeguarding of Company's fixed assets, Investments, Receivables, loans and advances made and cash and bank balances.
- iv. Existing system to prevent and detect fraud and errors.
- v. Accuracy and completeness of Company's accounting records.
- vi. Existing capacity to prepare timely and reliable financial information.

(iii) All assets and liabilities for which fair value is measured are disclosed in the financial statements and are categorized within fair value hierarchy based on the lowest level input that is significant to the fair value measurement. The fair value hierarchy is described as below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2: Valuation techniques for which the lowest level inputs that are significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level inputs that are significant to the fair value measurements are unobservable.

(iv) For assets and liabilities that are recognized in the Balance sheet on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization at the end of each reporting period (i.e) based on the lowest level input that is significant to the fair value measurement as a whole.

(vi) The basis for fair value determination for measurement and / or disclosure purposes is detailed below:

Investments in Equity

The fair value is determined by reference to their quoted prices at the reporting date. In the absence of the quoted price, the fair value of the equity is measured using generally accepted valuation techniques.

Non-derivative financial liabilities

The fair value of non-derivative financial liabilities viz, borrowings are determined for disclosure purposes calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date."

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities.

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision effects only that period or in the period of the revision or future periods, if the revision affects both current and future years. Accordingly, the management has applied the following estimates / assumptions / judgements in preparation and presentation of financial statements:

(i) Property, Plant and Equipment, Intangible Assets and Investment Properties

The residual values and estimated useful life of PPEs, Intangible Assets and Investment Properties are assessed by technical team duly reviewed by the management at each reporting date. Wherever the management believes that the assigned useful life and residual value are appropriate, such recommendations are accepted and adopted for computation of depreciation/amortization. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

(ii) Current Taxes

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

(iii) Contingent Liabilities

Management judgement is exercised for estimating the possible outflow of resources, if any, in respect of contingencies / claims / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(iv) Impairment of Trade receivables

The impairment for financial assets is done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward-looking estimates at the end of each reporting date.

(v) Impairment of Non-financial assets (PPE/Intangible Assets / Investment Properties)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

(vi) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
