<b>TA wise performance</b>	Oncology	2,394.2	2,679.7	2,939.0	8,012.9
	Biopharmaceuticals (CVRM, R&I and V&I)	1,263.3	1,180.8	1,209.7	3,653.8
	Rare Disease	2.1	3.3	6.2	11.6

Commenting on the performance, **Bhavana Agrawal, Chief Financial Officer & Director of the Company**, said, "Our Growth Through Innovation strategy is helping us achieve a robust growth in the country. Our Oncology business last quarter grew by 67%, Biopharmaceutical business grew by 10%, furthering efforts to deliver the next generation of therapeutics in our portfolio and pipeline, and our rare disease business is consistently increasing its focus to help more patients with NF1. Our focus on science and newer access strategies continues to enable us transform health outcomes for patients in the country".

**Dr. Sanjeev Panchal, Country President & Managing Director of the Company**, said "Our aspiration to be pioneers in science has increased our focus on specialist disease areas where we can make the most meaningful difference in helping people with cancer, other chronic and rare disease. This quarter, we grew by 44% and this consistent progress is a derivative of unwavering commitment to address unmet patient needs while delivering innovative medicines faster to patients in India. We are focused on increasing access to healthcare and making healthcare systems more resilient while contributing sustainably to people, society and the planet."

## Key milestones:

- Since 2023, the Company has delivered 13 approvals across its portfolio-Oncology, Biopharmaceutical, Rare Disease. Last quarter the Company announced:
  - The receipt of permission to import for sale and distribution from the Central Drugs Standard Control Organization, Directorate General of Health, Government of India for the additional indication of Olaparib film coated Tablets 100mg and 150 mg (Lynparza). Through this approval, Olaparib in combination with Durvalumab is indicated for the maintenance treatment of adult patients with advanced or recurrent endometrial cancer whose disease has not progressed on first-line treatment with Durvalumab in combination with platinum-based chemotherapy.
  - After the receipt of Import and Market Permission from the Drugs Controller General of India for Budesonide Ph. Eur 160mcg+ Glycopyrronium Ph. Eur 7.2mcg+ Formoterol Fumarate Dihydrate Ph. Eur 5mcg inhalation preparations (Breztri Aerosphere) in the month of December 2023, the Company launched the same in January 2025, which is indicated for the maintenance treatment to relieve symptoms and prevent exacerbations in adult patients with chronic obstructive pulmonary disease (COPD).
- Partnership for Health System Sustainability and Resilience (PHSSR) commissioned independent report was presented at the Embassy of Sweden in the presence of key dignitaries from the Ministry of Health & Family Welfare, key influencers from the healthcare ecosystem followed by a deep deliberation on how private and public sectors need to jointly prioritise areas of concern that emerged from the COVID-19 pandemic and prepare the Indian health system to tackle crises when needed.
