Sub: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – verification of market rumour

Dear Sir/Madam,

Pursuant to Regulation 30(11) of SEBI LODR Regulation 2015 as amended by SEBI LODR (Amendment) Regulation 2024, Petronet LNG Limited (PLL) would like to provide following clarification on the news/information uploaded on Petroleum and Natural Gas Regulatory Board's (PNGRB) website (www.pngrb.gov.in) titled as Optimising LNG Supplies from Terminals in India and related media news, due to which there is negative material price movement in the share price of the Company:

1. The said published paper itself mentions that as per the existing provisions of PNGRB Act 2006, Regulating LNG Terminals or its Tariff does not fall under the purview of PNGRB.
2. As such any regulation for regulating LNG Terminals and its Tariff would require amendment(s) in the PNGRB Act 2006.
3. PLL's Dahej terminal offers competitive and one of the lowest Regas Charges as compared to any other terminals in the Country. Such regas charges have been fixed on the basis of Agreements between Petronet LNG Limited and various users/capacity holders.
4. Further, LNG regas charges constitute merely around 5% to 6% of delivered gas price to the consumers. Also, the regas tariff in the country is market determined and there is no monopoly in regas terminal business.

This is for information and records please.

Yours faithfully,

(Rajan Kapur)
Company Secretary
