**Royal Sense Limited is excited to announce the official launch of our latest products in  
Pharmaceutical Category**

*Here are some details you might find in the launched products:*

**1) Stergic Lumia Steam Vaporiser**

**Details:**

"Stergic Lumia Steam vaporizer: device converting water to mist, relieving congestion, coughs, and colds, with optional medicated inhalants."

**Description**

Stergic Lumia steam vaporizer is a device that converts water into a soothing mist, providing relief from congestion, coughs, and colds. It works by heating water to produce steam, which is then inhaled to loosen mucus and reduce inflammation. Optional medicated inhalants like eucalyptus oil or menthol can enhance benefits. Key features include:

- Adjustable steam control
- Multiple mist settings
- Built-in medication tray
- Auto-shutoff
- Quiet operation
- Easy cleaning

**Benefits:**

- Relieves sinus pressure and congestion
- Soothes sore throats
- Helps alleviate asthma symptoms
- Moisturizes dry nasal passages
- Promotes relaxation and better sleep

Steam vaporizers are ideal for cold and flu season, allergy sufferers, and those with respiratory issues, providing non-invasive, drug-free relief.

## 2) JCZ PLUS

**Details:** JCZ PLUS is combination of Nimesulide 100mg+ Phenylephrine 5mg + Levocetirizine 5mg Tablets used as an Anti-inflammatory, decongestant, and antihistamine combo: Relieves pain, fever, congestion, and allergies, with 3-in-1 cold and flu symptom management.

**Description:** JCZ PLUS is combination of Nimesulide 100 mg, Phenylephrine 5 mg, and Levocetirizine 5 mg is a triple-action formulation designed to provide comprehensive relief from cold, flu, and allergic rhinitis symptoms.

Nimesulide, a nonsteroidal anti-inflammatory drug (NSAID), effectively alleviates fever and body pain. Phenylephrine, a decongestant, reduces nasal congestion and sinus pressure, while Levocetirizine, an antihistamine, mitigates allergic reactions, itching, and sneezing.

This combination is indicated for relief from symptoms such as fever, body pain, nasal congestion, sinus pressure, allergic cough, sneezing, runny nose, and itching. The single-tablet dosage offers convenience and rapid relief. However, it is contraindicated in cases of hypersensitivity to ingredients, pregnancy, lactation, and certain medical conditions.

Patients should consult a doctor before use and follow the recommended dosage, typically one tablet twice daily.

## 3) IONZOX

**Details:** Ionzox is combination of Chlorzoxazone (250mg) + Diclofenac (50mg) + Paracetamol (325mg) Muscle relaxant, anti-inflammatory, and analgesic combo for pain relief and muscle spasms.

### **Description**

Ionzox is combination of Chlorzoxazone (250mg) + Diclofenac (50mg) + Paracetamol (325mg) Chlorzoxazone (500mg) + Diclofenac (50mg) + Paracetamol (325mg) is a synergistic combination for relieving acute musculoskeletal disorders. Chlorzoxazone, a muscle relaxant, alleviates muscle spasms and stiffness. Diclofenac, an NSAID, reduces inflammation and pain, while Paracetamol provides analgesic and antipyretic effects.

Indications include muscle spasms, back pain, osteoarthritis, sprains, and soft tissue injuries. Contraindications include hypersensitivity, liver/kidney impairment, pregnancy, lactation, and certain medical conditions. This triple-action formulation offers rapid relief, convenience, and efficacy. Dosage is typically 1 tablet 2-3 times daily, as directed by a physician.

Precautions: Monitor liver function, avoid prolonged use, and consult a doctor before use, especially in patients with gastrointestinal issues or bleeding disorders.

### **4) Stergic Oxygen Mask**

**Details :** Stergic Oxygen Masks Life-Saving Respiratory Aids

Oxygen masks deliver essential oxygen to individuals with respiratory distress. Four primary types cater to diverse needs:

Simple Mask (40-60% O<sub>2</sub>)

Reservoir Mask (60-80% O<sub>2</sub>)

Venturi Mask (24-50% O<sub>2</sub>)

Non-Rebreather Mask (80-100% O<sub>2</sub>)

Key features include adjustable straps, breathable materials, and oxygen flow control. Applications range from medical emergencies (COPD, cardiac arrest) to aviation, healthcare settings, and high-altitude activities.

Benefits:

Enhanced oxygenation

Relieved respiratory distress

Support for life-threatening conditions

Proper use and maintenance under medical supervision ensure effectiveness and safety. Oxygen masks are crucial in saving lives and alleviating respiratory distress, making them indispensable in emergency and medical situations. Their precise oxygen delivery and comfort features provide vital support for individuals in respiratory need.

### 5) Stergic Digital Thermometer

**Details:** Stergic Digital Thermometer Accurate body temperature readings with LCD display, quick response (50 seconds), and oral/rectal/underarm use,  $\pm 0.1^{\circ}\text{C}/\pm 0.2^{\circ}\text{F}$  accuracy.

**Description:** Digital thermometers provide accurate and quick body temperature readings, making them essential for healthcare and home use. These thermometers feature a fast response time of around 10 seconds, a clear LCD display, and versatile usage options for oral, rectal, and underarm measurements.

With an accuracy of  $\pm 0.1^{\circ}\text{C}/\pm 0.2^{\circ}\text{F}$ , digital thermometers ensure reliable temperature monitoring. Their hygienic design, compact size, and ease of use make them suitable for all ages.

Common applications include medical facilities, home care, travel, pediatric care, and geriatric care, providing peace of mind and promoting health and wellness.

#### 6) Stergic Lumia FC Nebuliser

**Details:** Compressor Nebulizer: Portable, adjustable output (2-8ml/min), rechargeable, medication chamber, mask/mouthpiece, 100-150 psi compressor, treats asthma, COPD, bronchitis.

**Description:** The Compressor Nebulizer is a portable respiratory therapy device that effectively converts liquid medication into a fine mist. Its key features include an adjustable output of 2-8ml/min, rechargeable battery, medication chamber, and interchangeable mask and mouthpiece. The device operates at a compressor pressure of 100-150 psi, producing particles sized 0.5-5 microns with a noise level below 60 dB.

Ideal for managing asthma, COPD, bronchitis, and cystic fibrosis, this nebulizer ensures efficient medication delivery and quick symptom relief. Its compact design (6x4x8 inches, 3 lbs) and DC 12V, 2A adapter make it suitable for home, clinic, or travel use. With a warranty ranging from 1-5 years depending on the model, the Compressor Nebulizer offers reliable and easy-to-use respiratory therapy.

#### 7) Sumerest

**Details:** Sumerest is combination of Dextromethorphan Hydrobromide, Phenylephrine Hydrochloride and Chlorpheniramine Maleate Tablets Dextromethorphan (cough suppressant), Phenylephrine (decongestant), Chlorpheniramine (antihistamine)
