Managing Director's Message

Dear Member,

I am pleased to welcome you to the 41st Annual General Meeting (AGM) of your Company, and share with you its 41st Annual Report for FY 2023-24. This AGM is being held virtually.

The Board strives continually to take a proactive approach to ensure that the appropriate structures and processes are in place, to facilitate independent and effective oversight of operations, capital deployment, strategic growth initiatives and risk management practices. The Board takes great pride in the systems of strong corporate governance it has built, which, we believe, serve as the foundation for enduring success and shareholder confidence.

As I conclude, I would like to thank my fellow Board members, I also express my gratitude towards all shareholders, stakeholders, bankers and customers whose continued confidence drives us forward. Thank you for your support and I look forward to your continued patronage

Best regards, and wishing you and your families a safe rest of the year.

Yours,

Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

8. As the Annual General Meeting of the Company is held through Video Conferencing/OAVM, we therefore request the members to submit questions in advance relating to the business specified in this Notice of AGM on the email ID compliance.joyrealty@gmail.com

9. The Register of Members and Share Transfer Books will remain closed from 20th September, 2024 to 27th September, 2024 (both days inclusive) for the purpose of Annual General Meeting (AGM).

10. Members holding shares in the dematerialized mode are requested to intimate all changes with respect to their bank details, ECS mandate, nomination, power of attorney, change of address, change in name, etc, to their Depository Participant (DP). These changes will be automatically reflected in the Company's records, which will help the Company to provide efficient and better service to the Members. Members holding shares in physical form are requested to intimate the changes to the Registrar & Share Transfer Agents of the Company (RTA). Members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.

11. Pursuant to the requirement of Regulation 26(4) and 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard 2 issued by The Institute of Company Secretaries of India, the brief profile/particulars of the Directors of the Company seeking their appointment or re-appointment at the Annual General Meeting (AGM) are stated at the end of this Notes annexed hereto.

12. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their DPs with whom they are maintaining their demat accounts and members holding shares in physical form to the Company / RTA.

13. The members are requested to intimate to the Company, queries, if any, at least 10 days before the date of the meeting to enable the management to keep the required information available at the meeting.

14. The Shareholders holding Shares in Physical form are advised to get their shares dematerialized as no physical shares can be traded in the Stock Exchanges in terms of SEBI and Stock Exchange guidelines.

15. This is to bring to the notice of the Shareholders that as per SEBI Notification, the request for effecting transfer of securities held in Physical form (except in case of transmission or transposition) would not be entertained and shall not be processed by the Company/ RTA of the Company w.e.f. 1st April, 2019. Hence, Shareholders are advised to get their physical shares dematerialized.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

REAL ESTATE AND DEVELOPER

The management has vision, experience and resources to promote real estate business aggressively. Your Company focuses to provide a meaningful work with a measureable outlook & maximum impact on the society.

ECONOMIC OVERVIEW

The fiscal year 2023-2024 witnessed a dynamic economic landscape characterized by recovery from the pandemic-induced challenges. The Indian economy showcased signs of growth, albeit with certain sectors recuperating at a faster pace than others. This period marked a critical phase for Avishkar Infra Realty Limited (Formerly Known As Joy Realty Limited) as we navigated through these shifts in the macroeconomic environment.

FUTURE PROSPECTS

The Real Estate and construction sector plays a crucial role in overall development of India's core infrastructure. India is the second largest populated country in the world which means that there is huge potential in the real estate sector in India. Overall, the long-term view for the Indian real estate sector is positive since its fundamental demand drivers - increasing urbanization, favorable demographics, growth of the services sector and rising incomes are still intact. The long term demand projection for real estate is certainly healthy given the housing shortage. In the short term, the demand for optimally priced and quality real estate is expected to grow.

OPPORTUNITIES AND THREATS

➤ **Opportunities**

There are good opportunities available in the real estate market in India since price of property are in south trend. The Government has been pragmatic and supportive in its approach in reducing interest rate on housing and providing finance through bank for property development business project to projects. We are hopeful for demand of commercial and residential property in near future.

➤ **Threats**

The slowdown of consumer demands and reduction of real estate prices, the credit squeeze by the Reserve Bank of India to Real Estate Development Company is likely to slow down the momentum of growth on capital gearing of the company.

INDEPENDENT AUDITORS' REPORT

To,
The Members,
Avishkar Infra Realty Limited (Formerly known as Joy Realty Limited)

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited standalone financial statements of **Avishkar Infra Realty Limited (Formerly known as Joy Realty Limited)** ("the company"), which comprise the Balance Sheet as at 31st March 2024, the Statement of Profit and Loss (including other Comprehensive Income), the Statement in Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statement, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statement").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in india, of the state of affairs of the company as at 31st March, 2024 and profit and total comprehensive income, change in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were

addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matter related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statement.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report that:

ANNAEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **Avishkar Infra Realty Limited (Formerly known as Joy Realty Limited)** of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub - section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Avishkar Infra Realty Limited (Formerly known as Joy Realty Limited)** as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the

internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as

at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

B.1.3 Functional and presentation currency

Indian rupee is the functional and presentation currency.

B.1.4 Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions.

These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements are:

- Useful lives of Property, plant and equipment
- Valuation of financial instruments
- Provisions and contingencies
- Income tax and deferred tax
- Measurement of defined employee benefit obligations
- Export Incentive

B.1.5 Going Concern

These financials are prepared on going concern basis on following basis:

i) Company has incurred loss during the year and in the preceding previous years; however considering future business prospects, this is going concern.

B.2 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

B.2.1 Other Operating Revenue

Other Operating Revenue comprises of income from ancillary activities incidental to the operations of the company and is recognised when the right to receive the income is established as per the terms of contracts.

B.2.2 Dividend and Interest income

Dividend income is recognized when the right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the revenue can be measured reliably).

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable (provided that it is probable that the economic benefits will flow to the Company and the revenue can be measured reliably).

B.3 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

B.4 Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax. Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Current tax:

Current tax is determined on taxable profits for the year chargeable to tax in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 including other applicable tax laws that have been enacted or substantively enacted.

Provisions for current income taxes are presented in the balance sheet after off-setting advance taxes paid and TDS/TCS receivables.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India. MAT Credit Entitlement, is classified as unused tax credits under deferred tax by way of a credit to the statement of profit and loss.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred tax asset is recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

B.5 Property, Plant and Equipment**Cost:**

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.

The cost comprises the purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant and equipment is provided using the written down method based on the useful life of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirements of Schedule II of the Act. The estimate of the useful life of the assets has been assessed based on technical advice which considered the nature of the asset, the usage of the asset,

expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Depreciation on items of property, plant and equipment acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal. Cost of lease-hold land is amortized equally over the period of lease.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition:

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset at the time of disposal and are recognized in the statement of profit and loss.

B.6 Impairment Losses

At the end of each reporting period, the Company determines whether there is any indication that its assets (property, plant and equipment, intangible assets and investments in equity instruments in subsidiaries carried at cost) have suffered an impairment loss with reference to their carrying amounts. If any indication of impairment exists, the recoverable amount (i.e. higher of the fair value less costs of disposal and value in use) of such assets is estimated and impairment is recognised, if the carrying amount exceeds the recoverable amount.

When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

B.7 Inventories

Inventories are taken as verified, valued and certified by the management. Inventories are stated at lower of cost and net realisable value.

Cost of inventories is determined as follows:

Shares - At lower of cost or net realizable value

Inventories are valued at cost or net realizable value whichever is less. The Construction Work in Progress includes Cost of Land, Properties, Development Rights, TDR Rights, Construction Costs and Direct Expenses attributable to the projects

B.8 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursements will be received and the amount of the receivable can be measured reliably.

Contingent liability is disclosed for possible obligations which will be confirmed only by future events not within the control of the Company or present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent Assets are not recognized since this may result in the recognition of income that may never be realized.

B.9 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets:

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

Classification of financial assets

The financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets are added to the fair value of the financial assets on initial recognition.

After initial recognition:

(i) Financial assets (other than investments) are subsequently measured at amortised cost using the effective interest method.

Effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost:

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments on principal and interest on the principal amount outstanding.

Income on such debt instruments is recognised in profit or loss and is included in the “Other Income”. The Company has not designated any debt instruments as fair value through other comprehensive income.

(ii) Financial assets (i.e. investments in instruments other than equity of subsidiaries) are subsequently measured at fair value.

Such financial assets are measured at fair value at the end of each reporting period, with any gains (e.g. any dividend or interest earned on the financial asset) or losses arising on re-measurement recognised in profit or loss and included in the “Other Income”.

Investments in equity instruments of subsidiaries

The Company measures its investments in equity instruments of subsidiaries at cost in accordance with Ind AS 27. At transition date, the Company has elected to continue with the carrying value of such investments measured as per the previous GAAP and use such carrying value as its deemed cost.

Impairment of financial assets:

A financial asset is regarded as credit impaired when one or more events that may have a detrimental effect on estimated future cash flows of the asset have occurred. The Company applies the expected credit loss model for recognising impairment loss on financial assets (i.e. the shortfall between the contractual cash flows that are due and all the cash flows (discounted) that the Company expects to receive).

De-recognition of financial assets:

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. On de-recognition of a financial asset in its entirety, the difference between the asset’s carrying amount and the sum of the consideration received and receivable is recognised in the Statement of profit and loss.

Financial liabilities and equity instruments

Equity instruments

Equity instruments issued by the Company are classified as equity in accordance with the substance and the definitions of an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the “Finance Costs”.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

B.10 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

C. Critical Accounting judgements and key sources of estimation uncertainty

The preparation of financial statements in conformity with Ind AS requires the Company's Management to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities recognised in the financial statements that are not readily apparent from other sources. The judgements, estimates and associated assumptions are based on historical experience and other factors including estimation of effects of uncertain future events that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates (accounted on a prospective basis) and recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods of the revision affects both current and future periods.

The following are the key estimates that have been made by the Management in the process of applying the accounting policies:

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value are measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments.

Allowance for doubtful trade receivables

Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts.

Estimated irrecoverable amounts are derived based on a provision matrix which takes into account various factors such as customer specific risks, geographical region, product type, currency fluctuation risk, repatriation policy of the country, country specific economic risks, customer rating, and type of customer, etc.

Individual trade receivables are written off when the management deems them not to be collectable.

Note 3.1 : Capital Management

For the purpose of the company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objectives of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise return to stakeholders through the optimisation of the debt and equity balance.

The Company determines the amount of capital required on the basis of annual planning and budgeting and corporate plan for working capital, capital outlay and longterm product and strategic involvements. The funding requirements are met through internal accruals and a combination of both long-term and short-term borrowings.

The Company monitors the capital structure on the basis of total debt (long term and short term) to equity and maturity profile of the overall debt portfolio of the Company.

Note 3.2 : Financial Risk Management

In course of its business, the Company is exposed to certain financial risks that could have significant influence on the Company's business and operational/ financial performance. These include market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk.

The Board of Directors reviews and approves risk management framework and policies for managing these risks and monitors suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings. In line with the overall risk management framework and policies, the management monitors and manages risk exposure through an analysis of degree and magnitude of risks.

(i) Market Risk

Market risk is the risk that changes in market prices, liquidity and other factors that could have an adverse effect on realizable fair values or future cash flows to the Company. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates as future specific market changes cannot be normally predicted with reasonable accuracy.

(a) Foreign Currency Risk Management:

The Company undertakes transactions denominated in foreign currencies and thus it is exposed to exchange rate fluctuations. The Company actively manages its currency rate exposures, arising from transactions entered and denominated in foreign currencies, and uses derivative instruments such as foreign currency forward contracts to mitigate the risks from such exposures. The company does not use derivative instruments to hedge risk exposure.

(b) Interest Rate Risk Management:

The Company is exposed to interest rate risk pertaining to funds borrowed at both fixed and floating interest rates. The Company's risk management activities are subject to management, direction and control under the framework of risk management policy of interest rate risk. The management ensures risk governance framework for the company through appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. For the company's total borrowings, the analysis is prepared assuming that amount of the liability outstanding at the end of the reporting period was outstanding for the whole year.

Particulars	As at March 31, 2024	As at March 31, 2023
Total Borrowings	807.12	1,015.07

(ii) Credit Risk

Credit risk refers to the risk that a counterparty or customer will default on its obligation resulting in a loss to the company. Financial instruments that are subject to credit risk principally consist of Loans, Trade and Other Receivables, Cash and Cash Equivalents, Investments and Other Financial Assets.

Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risk. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties

Trade receivables consist of a large number of customers, spread across diverse industries and geographical areas. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in independent markets. Ongoing credit evaluation is performed on the financial condition of accounts receivable and, where appropriate. The average credit period are generally in the range of 14 days to 90 days. Credit limits are established for all customers based on internal rating criteria.
