Subject: Reply to the clarification sought on movement in price of the Share of the Company

Dear Sir/Madam,

We acknowledge receipt of your email dated 15.10.2024 regarding the significant price movement of our security in the recent past.

In this regard, we would like to confirm that Continental Chemicals Ltd. has not made any announcements or engaged in any corporate actions or material developments that would explain the recent rise in our share price. We further confirm that there has been no event, information, or any impending announcements that, in our opinion, would have a bearing on the price behavior of our scrip.

The Company remains in full compliance with Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and all other relevant regulations. Any material event or price-sensitive information, as and when applicable, will be promptly disclosed to the Exchange as per regulatory guidelines.

As the observed price movement does not stem from any action taken by the Company, we believe that it may be driven by market conditions or external factors beyond our control. We assure you that there is no undisclosed information from our side that would have influenced the price behavior.

Should you require any further details or clarification, we are happy to provide the same through the BSE Listing Centre portal under the relevant category.

Thank you for your attention to this matter.

Please take the same in your records.

Yours Faithfully,

For Continental Chemicals Limited
