The approval shall accelerate the Company’s transition into a leading FMCG company. The HPC business comprising of dental care, skin care, home care and hair care has a strong brand equity in India’s FMCG space. It enjoys a loyal consumer base across the country and the acquisition shall strengthen the company’s existing FMCG product portfolio with an array of marquee brands and is expected to contribute positively to growth in revenue and EBITDA.

The shareholders of the Company have already approved the acquisition on 4th August, 2024 pursuant to approval of the Board of Directors of the Company.

The HPC Business of PAL is being acquired on a going concern basis and includes all the assets and liabilities attributable to the business, relevant employees, distribution network, contracts, licenses, permits, consents, and approvals integral to this operation (hereafter referred to as the “Business Undertaking”). Further, the Company also acknowledges the value of the intellectual properties of the HPC Business’ product portfolio and its market importance. Accordingly, the Company and PAL have also agreed to enter into a licensing agreement permitting the Company to use the trademarks and associated intellectual property rights, owned by PAL, that relate to the product portfolio of the HPC Business.

The transfer of the HPC business has been mutually negotiated between the Company and PAL for a lump sum consideration of INR 1100,00,00,000/- (Rupees Eleven Hundred Crores only) which shall be subject to customary closing date adjustments and on such other terms as set out in the business transfer agreement executed between the Company and PAL. Separately, a licensing arrangement for a 3 % turnover based fee along with other conditions has been agreed between the Company and PAL.
