Auditor's Report On Quarterly Financial Results and Year to Date Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To

Board of Directors of **M/s. Rajeswari Infrastructure Limited** / Interim Resolution Professional

Qualified Opinion

We have audited the quarterly financial results of **M/s. Rajeswari Infrastructure Limited** for the quarter ended 31st March, 2024 and the year-to-date results for the period 01st April, 2023 to 31st March, 2024, attached herewith, being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. These quarterly financial results as well as the year-to-date financial results have been prepared on the basis of the interim financial statements, which are the responsibility of the company's management. Our responsibility is to express an opinion on these financial results based on our audit of such interim financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard for Interim Financial Reporting (Ind AS 34), prescribed, under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder; or by the Institute of Chartered Accountants of India, as applicable and other accounting principles generally accepted in India.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement(s). An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid financial statements give the information required by the Companies Act 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2024 and its loss and its cash flows for the year ended on that date.

The peer review process of our firm has been completed and the certificate is expected from the Peer Review Board of the ICAI. Hence, the current report is provided as per request of the Company to comply with the statutory requirements. The certificate will be provided to the company and other stakeholders when the same is received by us.

Basis for Qualified Opinion:

1. Going concern assumption:

We draw attention to Note Nos. 6.7, 6.8, 6.9, 9.8, 15.2, 28 of the Financial Statements which indicate that the CIRP process is underway since 10.05.2023 and no resolution plan has yet been approved by the COC. Though the total admitted liabilities are being covered by the guarantees given correspondingly, we have been unable to obtain audit evidence regarding the Resolution Plan under consideration as it is highly confidential as per law. Hence, we could not obtain sufficient appropriate audit evidence in support of the going concern assumption used by the entity for the preparation of the financial statements. These events and conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The financial statements do not adequately disclose this matter.

2. Application of selected accounting policies and standards:

- a) IND AS 37 The claims admitted by the IRP as final and to be settled form part of the liability of the Company and only the timing of the settlement of the same is uncertain. It depends on the completion of the CIRP process. The Company has classified the total dues admitted of Rs.35,34,04,463.00 as contingent liability which constitutes a departure from the Accounting Standards prescribed under section 133 of the Companies Act, 2013. The amounts already accounted in the books as loans amount to Rs.12,68,45,552.69 and if the company had created a provision as stated above the net loss of the Company would be Rs.22,86,94,223.87. The provisions and net loss are under stated by Rs.22,65,58,910.31. It is clear that it is more likely than not that a present obligation exists arising from past actions of the Company at the end of the reporting period and a reliable estimate is available.
- b) IND AS 109 We refer to Note No.18 and 19 with respect to deposits made to the Financial Creditor and the accrued interest on the same. The said deposits have been subsumed in the final dues admitted by the IRP. Hence, these assets qualify to be written off as the Company has no reasonable expectations of recovering the asset in its entirety or a portion thereof. The Company has not derecognized these assets in the financial statement which constitutes a departure from the Accounting Standards prescribed under section 133 of the Companies Act, 2013. The effect of the same on the net loss of the company would be an additional loss of Rs.1,20,80,052.00. Assets are overstated and net loss understated by Rs.1,20,80,052.00.

3. Events occurring after reporting date:

IND AS 10 – Since the CIRP process has been extended upto 17.07.2024 and the date of approval for issue of the financial statements precede said date, the effects and implications of the decisions and outcomes of the CIRP process have not been reflected in the financial statements. The same is considered as a non-adjusting event after the reporting period. The financial statements do not adequately disclose this matter.

4. Confirmation of balances:

We have been unable to obtain sufficient appropriate audit evidence in the case of debtors and creditors as stated in the financial statements. Hence, the effects of material misstatements with regard to the above could not be ascertained by us. The financial statements do not adequately disclose this matter.

Our opinion stands modified in respect of the above-mentioned matters.

Emphasis of Matter:

CIRP process: The company is under the CIRP process since 10.05.2023 and the same has been extended up to 17.07.2024 as per latest order. The RP has admitted claims to the tune of Rs.34,88,48,041.00 of Financial Creditors and Rs.45,56,422.00 of Operational Creditors against a guarantee value of Rs.1,23,30,00,421.00 which includes the personal guarantee of the directors as well. A Resolution Plan has been submitted by the exmanagement and is awaiting approval by the COC.

In our opinion and to the best of our information and according to the explanations given to us and subject to the above qualifications, these quarterly financial results as well as the year-to-date results:

(i) are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in this regard; and

(ii) give a true and fair view of the loss and other financial information for the quarter ended 31st March, 2024 as well as the year-to-date results for the period from 01st April, 2023 to 31st March, 2024.
