Dear Sir/Madam,

Sub : Presentation on the Unaudited Financial Results of the Company for the quarter ended June 30, 2024
Ref : Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

With reference to subject matter and pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulation 2015, we are enclosing herewith presentation on the Unaudited Financial Results of the Company for the quarter ended June 30, 2024.

The aforesaid presentation would also be available on the website of the Company viz; www.harshaengineers.com in accordance with Regulation 46 of SEBI (Listing Obligations and Disclosure Requirements) Regulation 2015

Kindly take the same on your records.

Thanking you,

Yours faithfully,

FOR HARSHA ENGINEERS INTERNATIONAL LIMITED

Kiran Mohanty
Company Secretary and Chief Compliance Officer

Cautionary statement regarding forward-looking statements

- This presentation may contain certain forward-looking statements relating to Harsha Engineers International Limited (“HEIL”, or “Company”) and its future business, development and economic performance. These statements include descriptions regarding the intent, belief or current expectations of the Company, its subsidiaries and associates and their respective directors and officers with respect to the results of operations and financial condition of the Company, subsidiary or associate, as the case may be. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to (1) competitive pressures; (2) legislative and regulatory developments; (3) global, macroeconomic and political trends; (4) fluctuations in currency exchange rates and general financial market conditions; (5) delay or inability in obtaining approvals from authorities; (6) technical developments; (7) litigation; (8) adverse publicity and news coverage, which could cause actual development and results to differ materially from the statements made in this presentation. Company assumes no obligation to update or alter forward-looking statements whether as a result of new information, future events or otherwise. Any forward-looking statements and projections made by third parties included in this presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.
- This presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this presentation. This presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this presentation is expressly excluded.
- This presentation does not constitute a prospectus, offering circular or offering memorandum or an offer, or a solicitation of any offer, to purchase or sell, any shares and should not be considered as a recommendation that any investor should subscribe for or purchase any of company’s securities in any jurisdiction. Neither this presentation nor any other documentation or information (or any part thereof) delivered or supplied under or in relation to the shares shall be deemed to constitute an offer of or an invitation by or on behalf of company. No part of it should form the basis of or be relied upon in connection with any investment decision or any contract or commitment to purchase or subscribe for any of company’s securities.
- HEIL assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent development, information or events, or otherwise. Unless otherwise stated in this document, the information contained herein is based on management information and estimates. The information contained herein is subject to change without notice and past performance is not indicative of future results. HEIL may alter, modify or otherwise change in any manner the content of this presentation, without obligation to notify any person of such revision or changes.
- No person is authorized to give any information or to make any representation not contained in and not consistent with this presentation and, if given or made, such information or representation must not be relied upon as having been authorized by or on behalf of HEIL.

Revenue - Engineering CONSOLIDATED

EBITDA - Engineering CONSOLIDATED

PAT - Engineering CONSOLIDATED

Revenue - Engineering INDIA

EBITDA - Engineering INDIA

PAT - Engineering INDIA

1. On a consolidated basis Q1 FY 2025 results are broadly in line with the management expectations, though consolidated top line shows a minor de-growth as compared to the corresponding Q1 FY 2024 numbers primarily on account of de-growth in top line of Harsha Romania due to current difficult condition in Europe market. However, as compared to Q1 FY 2024 the EBITDA margins of Q1 FY 2025 have reported a robust growth of around 38%.

For Q1 FY 2025, topline, as compared to Q4 FY 2024 has been largely flat for Engineering business and shows some de-growth for Solar Business on account of Capex cycle linked nature of the business. However, the EBITDA margins have shown a moderate improvement in Q1 FY 2025 as compared to Q4 FY 2024.

2. Harsha India Engineering business has continued to perform strongly. While the top line growth remains modest, there is a continued strong growth in EBITDA margins as compared to Q1 FY 2024 as well as Q4 FY 2024 primarily on the back of strong growth in the Bushing business and continued positive contributions coming from Japan based customers, Stampings as well as increased offtake from key domestic customers for their existing as well as new projects. However, contribution from large size bearing cage segment still continues to remain modest but is expected to catch up going forward.
3. The activity of new product development in India continues with full force with almost 100 nos. new products being developed in Q1 FY 2025 reflecting built up of future pipeline.

4. China has reported satisfactory performance with a strong top line growth in Q1 FY 2025 as compared to Q1 FY 2024/Q4 FY 2024 and bottom line is also positive. However, Romania has reported weak performance with continued operating losses resulting into a combined negative PAT contribution between China and Romania in Q1 FY 2025 of around Rs.2.70 crores. However, the efforts of increasing the share of cages with key customers in Romania have started showing positive results and Romania is expected to come in positive operating margin territory from Q4 FY 2025.
 5. Progress on our Greenfield project is on track and is targeted to be commissioned by Q4 FY 2025

Company Overview

Largest manufacturer of precision bearing cages in India*

6.5% of the market share in the global organized bearing brass, steel and polyamide cages market^

4 strategically located manufacturing facilities with various warehouses at different locations worldwide – supplying products to over 25 countries across 5 continents

Supplies products to each of the top 6 global bearing manufacturers^^

Capability to manufacture bearing cages with diameters between 20mm to 2,000mm with >7,500 products manufactured since incorporation

Diversifying into complex and specialized precision stamped components

50-60% of domestic market share

India

China

Romania

Schaffler AG
JTEKT

NTN
SKF

NSK
TIMKEN

Bearing cages | ~US\$5.2bn market expected to grow at ~6.4%

Bearing cages form an important component within Bearings

Bearing Cages are critical components requiring highest lead time, technical & tooling expertise

Separate rolling elements, reduce friction & heat generated in bearing

Keep the rolling elements evenly spaced optimizing load distribution on the bearing

Cages offer high rigidity, strength

High heat resistant operating conditions

Small portion of total cost of bearing - The global bearing cages is estimated at about 5% of the global bearings market

Bearing cages have increasing usage across key fast-growing end user industries

Breakup of Bearing Market based on Application (USD bn)

Segment / Market Size	2022 F	2029 F	% share 2021	CAGR %
Automotive	24.8	37.0	22.5%	5.8%
Aviation & Aero	21.9	34.0	19.7%	6.5%
Railways	19.5	30.9	17.6%	6.7%
Construction	15.2	24.2	13.6%	6.8%
Mining	12.3	19.3	11.1%	6.6%
Electronics	10.0	15.5	9.0%	6.5%
Agriculture	6.2	9.5	5.6%	6.3%

High growth bearing cages market

Global Bearing Cages Market (USD mn)

India market is expected to grow at a **CAGR of 8.3% during 2021 to 2029.**

Supplies to each of the top 6 global bearing manufactures

Global bearing companies have **steadily increased outsourcing** manufacture of bearing cages

Given the **complexity of bearing cages production**, customers prefer continuing with **reliable vendors** for a long period for **consistency of quality**

Different designs of bearing cages with diverse applications

Full-service capabilities under one roof

Tooling Design

- Expertise to design and develop **advance tooling** inhouse which enables HEIL to manufacture **precision products**
- Engaged with customers to in product development process from **design stage**

Tool Manufacturing

- Comprehensive tooling, testing and measurement infrastructure
- **Dedicated tool production facilities** at Changodar have strengthened HEILs ability to meet customer demands

Process Design & automation

- **Decades of experience** – technologically driven manufacturing process enables HEIL to provide solutions in a **cost-effective manner**
- In-house automation has helped to **optimize O&M expenses, reduce production cycle time** and **minimize capex**
- *Indigenously designed vision camera system detects defects that are not possible to detect with naked eye*

Product Development

- Expertise in product development - product development cell and innovation centre

Key Strategies going forward

-  **Enhance market leadership in bearing cages and customer base expansion**
-  **Growing bronze bushings and specialised component segment**
-  **Increased focus on developing products suited to capture market opportunity in the growing EV segment**
-  **Retain and strengthen technological leadership through continued focus on development and automation**
-  **Focus on growth by partnerships with customers and opportunistic inorganic acquisitions**
-  **Focus on increasing operational efficiencies to improve returns**

THANK YOU
