- f) Attendance of Members at the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum, under the provisions of Section 103 of the Act read with the relevant Circulars.
5. In case of Joint Holders attending the AGM, only such Joint Holder who is named first in the order of names in the Register of Members will be entitled to vote.
6. Only bona fide members of the Company whose names appear on the Register of Members, will be permitted to attend the meeting through VC/OAVM. The Company reserves its right to take all necessary steps as may be deemed necessary to restrict non-members from attending the meeting.
7. Members holding shares in electronic form are requested to intimate all changes pertaining to their Company details, ECS mandates, email addresses, bank account detail, mobile number, nominations, power of attorney, change of address/name etc. to their DPs. Any changes effected by the DPs will be automatically reflected in the record maintained by the Depositories. Members holding shares in physical form are requested to notify changes to the said information to our RTA i.e. KFin Technologies Limited (Unit: SPL Industries Limited), by sending an email to einward.ris@kfintech.com or to cs@splimited.com, quoting their Folio number(s) along with supporting documents. Relevant forms (Form No. ISR-1) is available on the company's website at www.splimited.com and on RTA's website at <https://ris.kfintech.com/clientservices/isc/default.aspx> to enable members to make such requests.
8. The Securities and Exchange Board of India (SEBI) has mandated furnishing of PAN, KYC details (i.e., Postal Address with Pin Code, email address, mobile number, bank account details etc.) and nomination details by holders of physical securities in prescribed forms. Any service requests or complaints received from the Member, will not be processed by RTA till the aforesaid details/ documents are provided to RTA. In terms of SEBI Circular No. SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/37 dated March 16, 2023, issued in supersession to the earlier SEBI Circulars i.e. Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/ CIR/2021/655 dated November 3, 2021 and Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/687 dated December 14, 2021, in case any of the above cited documents/ details are not available in the Folio(s) on or after October 01, 2023, RTA shall be constrained to freeze such Folio(s). Further, SEBI has also mandated linking PAN with Aadhaar. The Central Board of Direct Taxes (CBDT) had extended the date for linking of PAN with Aadhaar to June 30, 2023. Further, the folios in which PANs are not linked with Aadhaar numbers as on the notified cut-off date, shall also be frozen. The requirement of existing investors to link their PAN with their Aadhaar number is not applicable for Non-Resident Indians (NRI), Overseas Citizens of India (OCI) unless the same is specifically mandated by CBDT, Ministry of Finance / any other Competent Government authority. Accordingly, Members are requested to send requests in the prescribed forms to the RTA of the Company for availing of various investor services as per the aforesaid SEBI circulars. Relevant details and forms prescribed by SEBI in this regard are made available on https://ris.kfintech.com/clientservices/isc/default.aspx#isc_download_hrd and on company's website i.e. www.splimited.com. The securities in the frozen folios shall be eligible to receive payments (including dividend) and lodge grievances only after furnishing the complete documents. If the securities continue to remain frozen as on December 31, 2025, the RTA / Company shall refer such securities to the administering authority under the Benami Transactions (Prohibitions) Act, 1988, and / or the Prevention of Money Laundering Act, 2002.
9. SEBI vide its Circular No SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/37 dated March 16, 2023 mandated that the Members (holding securities in physical form), whose folio(s) are not updated with the KYC details (any of the details viz., PAN; Choice of Nomination; Contact Details; Mobile Number; Bank Account Details and signature) shall be eligible for any payment including dividend, interest or redemption in respect of such folios, only through electronic mode with effect from April 01, 2024, Members are requested to refer to and follow the process detailed in the said circular to update KYC details.
- However, SEBI vide its Circular No. SEBI/HO/MIRSD/POD1/P/ CIR/2023/181 dated November 17, 2023, has done away with the provision regarding freezing of folios not having PAN, KYC, and Nomination details.
- In compliance with the above SEBI Circular, the Company has disseminated the requirements to be complied with by holders of physical securities on its website www.splimited.com. The Company has also directly intimated its security holders about folios which are incomplete with regard to details required under para 4 of this circular on or before the given timeline.
10. Members holding shares in Electronic (demat) form or in physical mode are requested to quote their DPID & Client ID or Folio details, respectively, in all correspondences, including dividend matters to the RTA i.e. KFin Technologies Limited (Unit: SPL Industries Limited), Plot 31-32, Selenium, Tower B, Gachibowli, Financial District, Nanakramguda, Hyderabad - 500 032 or the Secretarial Department of the Company.
11. SEBI vide Circular Nos. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/131 dated July 31, 2023, and SEBI/HO/OIAE/ OIAE_IAD-1/P/ CIR/2023/135 dated August 4, 2023, read with, Master Circular No. SEBI/HO/ OIAE/OIAE_IAD1/P/ CIR/2023/145 dated July 31,2023 (updated as on August 11, 2023), has established a common Online Dispute Resolution Portal ('ODR Portal') for resolution of disputes arising in the Indian Securities Market

Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievances with the RTA / Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal at <https://smartodr.in/login>

12. In the line with the measures of "Green Initiatives", the Act provides for sending Notice of the AGM and other correspondence through electronic mode. Hence, members who have not registered their email IDs so far, are requested to register their email IDs with their depository participants in respect of shares held in electronic form and in respect of shares held in physical form, are requested to submit their request with their valid e-mail IDs to our RTA at evoting@kfintech.com or cs@splimited.com for receiving all the communications including annual report, notices, letters etc., in electronic mode from the Company. The company is concerned about the environment and utilizes natural resources in a sustainable way.
13. Pursuant to Section 101 and Section 136 of the Act, read with relevant Companies (Management and Administration Rules), 2014, and Regulation 36 of SEBI (Listing Obligations Disclosures Requirement) Regulation, 2015 ("SEBI Listing Regulations"), companies can serve Annual Report and other communications through electronic mode to those Members who have registered their e-mail IDs either with the Company or with the Depository Participants.
14. Dispatch of Annual Report through electronic mode: In compliance with the MCA Circulars and SEBI Circular dated May 12, 2020 and May 13, 2022 read with January 05, 2023 and October 7th, 2023, Notice of the AGM along with the Annual Report for FY 2023-24, are being sent only through electronic mode to those Members whose email ids are available with the Company/Depositories/RTA.
15. Members may note that the Notice of the AGM and Integrated Annual Report 2023-24 will also be available on the Company's website www.splimited.com and websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com, respectively, and on the website of KFin Technologies Limited at <https://evoting.kfintech.com/>.
16. Mandatory PAN Submission: The Securities and Exchange Board of India ("SEBI") has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic mode are, therefore, requested to submit their PAN to their depository participants with whom they are maintaining their demat accounts. Members holding shares in physical mode can submit their PAN to the Company / to our RTA.
17. As per Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015, as amended (the "SEBI Listing Regulations"), securities of listed companies can only be transferred only in dematerialized form, with effect from 1st April 2019. SEBI vide its notification dated January 24, 2022 further notified that transmission or transposition of securities held in physical or dematerialised form shall be effected only in dematerialised form. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holding to demat form. Members can contact the Company or our RTA for assistance in this regard.
18. Information required under Regulation 36(3) of SEBI Listing Regulations and Para 1.2.5 of Secretarial Standard - 2 on General Meetings issued by ICSI, in respect of Director(s) seeking re-appointment at the AGM is furnished as annexure to this Notice. The Director(s) has furnished consent/declarations for his re-appointment as required under the Act and rules made thereunder as well as SEBI Listing Regulations.
19. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in dematerialized form only while processing service requests viz. STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 IN RESPECT OF SPECIAL BUSINESS SET OUT IN THE NOTICE

Item No. 4

The Board of Directors of the Company intends to maintain limit of such sum or sums of money from time to time as may be required for the purpose of the business of the Company, notwithstanding that the money to be borrowed together with the money already borrowed by the Company (apart from “temporary loans” as explained in section 180(1)(c) of the Companies Act, 2013 obtained by the Company in the ordinary course of business) may, at any time, exceed upto a sum of Rs. 100 Crore (Rupees One Hundred Crore only) over and above the aggregate paid up capital of the Company and its free reserve (that is to say reserve not set apart for any specific purpose) on such terms and conditions as the Board may consider necessary and expedient in their absolute discretion. However, as per Sec 180(1) (c) of the Companies Act, 2013, the Board of Directors of a public company, shall not, except with the consent of the shareholders by a Special Resolution, borrow money, where the moneys to be borrowed, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company’s bankers in the ordinary course of business) will exceed the aggregate of paid-up capital of the Company and its free reserves. Since funds are continuous requirement of an organization and capital is base component of any project, keeping in view of broad-based operations of the Company, its enhanced capital requirement and for its operational efficiency, the Board recommends the resolution set forth in Item No. 4 for the approval of the Members as Special Resolution.

None of the Directors or Key Managerial Personnel or their relatives have any concern or interest, financial or otherwise, in passing of the said Resolution, except to the extent of their shareholding in the Company.

Item No. 5

As per the provisions of Section 188 of the Companies Act, 2013 (‘Act’), transactions entered with related parties which are on an arm’s length basis and in the ordinary course of business, are exempted from the requirement of obtaining prior approval of shareholders.

Global economic overview

The global economy expanded by 3.2% in the CY 2023, demonstrating remarkable resilience in the face of continuing economic adversities like geopolitical challenges, demand slowdown and fluctuations in commodity prices which has led to inflationary pressures in both advanced and emerging markets.

The global Manufacturing PMI has been under contraction in CY2023 but has indicated stabilisation towards the start of CY2024. Additionally, commodity prices have remained relatively stable in CY2023 despite the ongoing economic slowdown in China & Europe and geo-political challenges in Europe and the Middle East. Owing to the rising interest of foreign institution investor, several emerging economies like India, Vietnam and Mexico are expected to show a positive growth trajectory.

Outlook

Global growth is estimated to remain stable at 3.2% throughout CY 2024 and CY 2025 Global inflation is receding at a faster pace than anticipated. It declined from 8.7% in CY 2022 to 6.8% in CY 2023 and is expected to further decline to 5.9% in CY 2024, according to IMF.

However, geopolitical risks remain high, particularly in light of the continuing conflict in the Middle East and political tensions in Europe. Going forward, declining inflation and greater government spending is anticipated to alleviate fiscal pressures and expected to attract investments for future growth.

World Economic Outlook Update, January 2024: Moderating Inflation and Steady Growth Open Path to Soft Landing

Global growth is projected to stay at 3.1 percent in 2024 and rise to 3.2 percent in 2025. Elevated central bank rates to fight inflation and a withdrawal of fiscal support amid high debt weigh on economic activity. Inflation is falling faster than expected in most regions, amid unwinding supply-side issues and restrictive monetary policy. Global headline inflation is expected to fall to 5.8 percent in 2024 and 4.4 percent in 2025, with the 2025 forecast having been revised down.

World Economic Outlook, October 2023: Navigating Global Divergences

The latest World Economic Outlook reports signs that policy tightening is starting to cool activity despite core inflation proving persistent. Risks are more balanced as banking sector stress has receded, but they remain tilted to the downside.

World Economic Outlook, July 2023: Near-Term Resilience, Persistent Challenges

Global growth is projected to fall from an estimated 3.5 percent in 2022 to 3.0 percent in both 2023 and 2024. The rise in central bank policy rates to fight inflation continues to weigh on economic activity. Global headline inflation is expected to fall from 8.7 percent in 2022 to 6.8 percent in 2023 and 5.2 percent in 2024. Underlying (core) inflation is projected to decline more gradually, and forecasts for inflation in 2024 have been revised upward.

Indian Economy

The IMF's latest 'World Economic Outlook' report indicates that India's economic growth forecast for the current year has also been raised to 7.0 percent. The development has come in the backdrop of notable rise in consumption prospects, especially in rural areas. With this, India continues to maintain its position as the fastest-growing economy among emerging markets and developing economies.

India's GDP expanded at 8.2 percent in 2023-24. That was higher than the 7 per cent in 2022-23, aided by a greater than expected expansion of 7.8 per cent in the fourth quarter, according to the provisional estimates of GDP growth released by the National Statistical Office (NSO).

The Indian economy exhibits robust fundamental policies by Reserve Bank of India (RBI), which plays a key role in maintaining stability through its adept monetary policy framework. By carefully managing interest rates and liquidity, the RBI aims to control inflation while fostering sustainable economic growth. It ensures a resilient financial sector, contributing to overall economic stability.

Textile Industry

Global Textile Market

The global textile industry attained a market size of USD 1,837.27 billion in CY 2023.5 The global textile industry witnessed a trend of adopting Artificial Intelligence (AI) in CY 2023, which also helped enhance the industry's productivity. Innovations such as automation and digital printing have significantly transformed the global market by enhancing the productive efficiency of the industries and meeting the dynamic market demands in the reported year.

The Global textile industry is recovering, with inventory levels of international retailers and brands back to pre-pandemic norms. Despite this, the industry remains cautious about demand as textile companies await an increase in order book momentum.

The growth in this industry was significantly contributed by the growth in the Asia Pacific markets for the year under review. The European markets are also expected to experience significant growth in the future.

The consumers increasing environment-consciousness is moving the industry towards manufacture of sustainable products. Further the buyers' thrust to diversify their supply chain beyond China to avoid over-reliance on a single country is a driver for India to come up as a value chain partner owing to our raw material strength and robust manpower pool.

Anticipated Free Trade Agreement (FTA) include the longoverdue UK FTA and EU FTA, along with negotiations between UK India and the Russia-led five-member Eurasian Economic Union (EaEU) set to commence in 2024. Another FTA between India and Oman is on the horizon and is likely to be signed in 2024. This will make us competitive in these markets.

Rapid Adoption of Digitalization, Block chain, Traceability and increased action towards Sustainability & ESG focus would be an optimal strategy to boost efficiency and maintain competitiveness. ESG is at the core of Strategy for every retailer. They are prioritizing vendors on the basis of ESG score.

India’s Textile Market

India’s textile market is one of the world’s largest markets. The industry contributed to the Gross Domestic Product (GDP) by 2.3% in FY 2024. It has a 4% share in the global trade of textiles and apparel. This industry remained a significant contributor to the growth of the economy by providing employment opportunities and attracting investments. Some of the most important textile production locations in India are Gujarat, Maharashtra, Tamil Nadu, Punjab, Uttar Pradesh and West Bengal. The domestic market faced several headwinds during the reported year including fluctuation of cotton prices. Even the festive season did not bring enough market demand, and at the same time increasing imports of fabrics from Bangladesh at lower production cost also put pressure in the domestic market. Although India is the largest exporter of textiles and apparel in the global market, the contribution of the industry in trade declined in FY 2024. However, the export statistics indicate that cotton yarn, fabrics and handloom products experienced an increase of 6.71% in their exports.

The Government of India consistently made efforts to support the growth of this industry in the reported year. The Ministry of Textiles approved 18 Research and Development (R&D) projects across key strategic areas including sustainable textiles⁷, providing the industry with significant growth opportunities.

This initiative is expected to boost innovation and enhance the industry’s operational efficiency. The government signed the Trade and Economic Partnership Agreement (TEPA) with the European Free Trade Association in the reported year.

This agreement included integrating advanced technologies to enhance the productivity in the industry and support the industry’s growth further.

Key initiatives undertaken by the Government of India in FY 2024

PM MITRA Scheme

The government launched the PM Mega Integrated Textile Region and Apparel (PM MITRA) Parks Scheme to build and develop textile infrastructure. The scheme is inspired by the 5F vision: Farm to Fibre to Factory to Fashion to Foreign.

PLI Scheme

The government also launched the Production Linked Incentive (PLI) Scheme for Textiles, with an investment of INR 10,683 crore over the next five years, to promote the production of man-made fibres (MMF) apparel. The MMF are artificially produced fibres and are becoming common among the weavers and spinners in India. The PLI scheme also promotes the production of technical textile products in the country.

Kasturi Cotton Bharat

Kasturi Cotton Bharat programme of the Ministry of Textiles is a first-of-its-kind branding, traceability and certification exercise carried out jointly by the Government of India, Trade Bodies and Industry to promote the cotton produced in India.

National Technical Textile Mission (NTTM)

The GOI launched the National Technical Textiles Mission (NTTM). It promotes the development and export of technical textiles.

SPL’S APPROACH TO RISK MITIGATION AND STRATEGIES

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY

An independent internal audit function is an important element of a company's internal control system. SPL possesses a strong and comprehensive internal control system, specifically designed to guarantee the accuracy and reliability of financial information, as well as the integrity of records used in the preparation of financial statements and other reports. This system ensures the responsible management of assets, aligning with the size and complexity of SPL's operations. The Company firmly believes that this provides, among other things, a reasonable assurance that transactions are executed with appropriate management authorization and oversight.

SPL's internal control system is supplemented by a comprehensive program of internal audits, reviewed by senior management and documented policies, guidelines, and procedures. The internal audit findings provide vital inputs for risk identification and assessment. Further, periodic assessment of business risks is carried out by the Management and the Audit Committee of Board to identify and address significant threats that may hinder the accomplishment of SPL's business objectives. It also ensures that the business transactions are recorded in all material, with respect to permitted preparation of financial statements in conformity with established accounting principles, along with the assets of the Company being adequately safeguarded against significant misuse or loss.

ENVIRONMENT, HEALTH AND SAFETY (EHS)

SPL is committed to its Environment, Health and Safety (EHS) initiatives, which aim to promote long-term sustainability and value for the Company and its stakeholders. It understands that EHS-related incidents can have significant regulatory and reputational consequences. Therefore, it organizes awareness workshops to ensure the safety of personnel involved in the Company's production operations. Alongside, the Company takes various measures to avoid any unforeseen incidents that could jeopardize its EHS objectives. As a responsible corporate citizen, SPL is proactive in addressing environmental issues and acknowledges its social responsibilities. It is dedicated to achieving environmental and economic benefits by promoting energy efficiency, water conservation, chemical usage reduction, and waste management. The Company ensures compliance with all obligations related to its products, with a focus on environmental and occupational health and safety. Preserving the natural environment and promoting community well-being are integral components of its corporate social responsibility. SPL recognizes that acting responsibly and sustainably can create new business and social opportunities, increase shareholder value, enhance its brand and reputation with multiple stakeholder groups, and protect the environment and natural resources for their immeasurable value.

HUMAN RESOURCE MANAGEMENT

SPL considers its team, comprising the total employee count of the Company stands at 310, to be its most valuable and indispensable asset. The Company undertakes various measures to improve the productivity of its employees. The team's collective competencies, skills and knowledge are essential for driving the Company forward and creating an agile and performance oriented organization. It strives to create a supportive environment that fosters employee engagement and enables them to find meaning in their work, while contributing to the Company's success. Additionally, the Company also focuses on building transparent, safe and inclusive workplaces that will motivate its employees to enhance their productivity. Moreover, the existing HR policies of the Company also help in recruiting and retaining the right employees in the organisation. The Company's human resource policies align closely with the overall business strategy and play an integral role in executing business operations.

Various initiatives undertaken by the Company in HR space include:

- Right people in the right positions, to ensure maximum Organisation Structure efficiency
- Making employees Partners in Prosperity, through Variable Pay
- Role Rotation
- New Joinee Assimilation
- Incentivising Innovation

DISCLOSURE OF ACCOUNTING TREATMENT

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind-AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 read with Section 133 of the Companies Act, 2013.

WAY FORWARD

SPL is adapting to challenges and leveraging them as opportunities by learning from its experiences over the past few years and enhancing its business model with agility. The Company has achieved new milestones in the past year and is now striving for greater profitability and reach through geographic and product category expansions, aimed at strengthening the team, enhancing scale, and placing a greater emphasis on sustainability.

**Particulars of Energy Conservation, Research and Development Technology
Absorption and Foreign Exchange Earnings and Outgo**

(Particulars pursuant to the Rule 8(3) Companies (Accounts) Rules, 2014)

A. Conservation of Energy

i. Steps taken for conservation of energy:

Your company continuously taking necessary steps to absorb and adopt the latest technology and innovation in the Garment Industry. These initiatives enable the facilities to become more efficient and productive as the company expands, thereby helps in energy conservation. All machinery and equipment are continuously serviced, updated and overhauled in order to maintain them in good condition. This resulted in consumption of lesser energy consumption. Energy Conservation continues to receive increased emphasis at all the units of the Company. Inter unit studies are carried out on a regular basis for taking steps for reduction of the energy consumption. Hence your company has not opted for alternate energy sources. Additionally, constant efforts in continuing all previous conservation measures and increasing awareness of energy management amongst employees have continued which should enable further savings to transpire going forward.

ii. The steps taken by the Company for utilizing alternative source of energy:

Your company has taken steps for up gradation and modernization of various machines in phased manner. The Company also replaces old plant and machinery in the processing unit and steps are taken to modernization of various operations including installation of robotic machines for handling very specialized work/activities.

B. Technology Absorption

In addition to product and raw material development which continues to be strengthened, Research and Development activities on fashion designing are carried out on on-going basis. Absorbing technologies with state of art machineries like automated cutting machine, automated fabric inspection machines, etc., the quality of the products and efficiency of the systems have been substantially improved. By applying those technologies, the cost of production was under control. The nature of activities of the Company does not warrant any exclusive R&D department.

The Company has installed ZLD (Zero Liquid Damage) plant and Water RO plant for the workers of the company. ZLD technology is used to utilize the waste water to the last extent till where it can be utilized avoiding water wastage. ROs are used to purify the water and making it fit for drinking for the workers of the company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SPL INDUSTRIES LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of SPL INDUSTRIES LIMITED ("The Company") which comprises the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity, statement of cash flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We wish to draw attention to note 37 of the standalone financial statements in respect of the related party transactions, the Audit Committee meeting held on May 27, 2024 has approved all Related Party Transactions as per Regulation 23 of SEBI (Listing obligations and Disclosure Requirements) and has decided to take the approval from shareholders for all existing material related party contracts or arrangements entered into prior to the date of notification of these regulations and which may continue beyond such date, in the upcoming AGM of the company.

Our opinion is not modified in respect of this matter

Key Audit Matters

Key Audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters	Procedures Performed/Auditor's Response

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management discussion and Analysis, Board's report including annexures to Board's report, Business responsibility report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Further, during the course of our audit, on test check basis, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.
- v. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.
- (d) With respect to matter to be included in Auditors' Report under Section 197(16) of the Act, as amended:

In our opinion and according to information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any of its directors is not in excess of the limit laid down under Section 197 of the Act.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of SPL INDUSTRIES LIMITED ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered of India.

Note - Significant Accounting Policies

1 General Information

SPL Industries Limited, a publicly listed entity, was incorporated on December 6, 1991, in India. The Company's registered office is located at 5/66, K.C. House, 3rd Floor, Padam Singh Road, Karol Bagh, New Delhi - 110005, India. The Company is primarily engaged in the export of garments. Additionally, SPL Industries Limited undertakes various processing activities including printing, dyeing, coloring, spinning, weaving, combing, knitting, and bleaching. During the financial year, the Company generated export revenue of ₹14,133.43 lakhs and processing income of ₹3,780.76 lakhs

2 Material Accounting Policies

2.1 Basis of preparation of financial statements

a) Basis Of Preparation and compliance with Ind AS

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind-AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

For all periods up to and including the year ended 31st March 2023, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements have been prepared on the historical cost basis, except for certain financial instruments (refer accounting policy regarding financial instruments), which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services as at the date of respective transactions.

b) Use of Estimates and Judgments

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

c) Basis of measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities, including derivative financial instruments which have been measured at fair value as described below and defined benefit plans which have been measured at actuarial valuation as required by relevant Ind AS.

Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Fair value for measurement and /or disclosure purpose in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

With effect from April 1, 2019, the Company adopted Ind-AS 116 - Leases. The effect on adoption of Ind-AS 116 is insignificant on the financial statements.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

d) Functional and presentation currency

These Ind AS Financial Statements are prepared in Indian Rupee which is the Company's functional currency. All financial information presented in Rupees has been rounded to the nearest lakhs with two decimals.

2.2 Adoption of new and amended standards

The company has adopted all relevant, new and revised financial reporting standards effective for annual financial period beginning on or after 1 April, 2023

a) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, net of discounts, volume rebates, Goods & Service Tax (GST) and other indirect taxes.

- i) Sales are recognised when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract.
- ii) Processing Charges are recognised at the time of dispatch of goods to the customers and are net of trade discounts, rebates, etc.
- iii) Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- iv) Income from duty drawback is recognised on accrual basis
- v) Income from other Export Incentive are recognised as and when accepted by the Government Authority
- vi) Dividend Income is recognised when right to receive is established.
- vii) Claim receivables are accounted for depending on the certainty of receipt and claims payable are accounted for at the time of acceptance.

b) Property, Plant and Equipment

(i) Property, plant and equipment

On transition to Ind-AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April, 2015 measured as per the previous GAAP and use that carrying value as a deemed cost of property, plant and equipment.

(ii) Capital Work in Progress

Capital work in progress, property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

The Company identifies and determines cost of each component/ part of Property, plant and equipment separately, if the component/ part has a cost which is significant to the total cost of the Property, plant and equipment and has useful life that is materially different from that of the remaining asset.

Expenses incurred towards the acquisition/ construction of property, plant and equipment not ready for use at the balance sheet date are disclosed under capital work- in- progress.

(iii) Depreciation

Assets in the course of development or construction and freehold land are not depreciated.

Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use.

Depreciation on all plant and machinery is provided on Written Down Value Method and on other fixed assets is provided on the basis of Straight Line Method. Depreciation has been provided on the basis of useful life of the assets and the manner as prescribed in Schedule II of The Companies Act 2013. Following useful life were used for calculating depreciation amount as per Schedule II of The Companies Act 2013:

Particulars	Useful Life (in Years)
Factory Building	30 Years
Plant & Machinery	15 Years
Electric Installation & Equipment	10 Years
General Laboratory Equipment	10 Years
Office Equipments	5 Years
Servers & Networks	6 Years
End User Devices (Computer & Mobile Phones)	3 Years
Furniture & Fixtures	10 Years
Motor Cycles	10 Years
Motor Car & Buses	8 Years

When significant spare parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

c) **Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

d) **Impairment of financial assets**

(i) **Financial assets (other than at fair value)**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 ('Financial Instruments') requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. The Company provides for impairment upon the occurrence of the triggering event.

(ii) **Non-financial assets**

Tangible and intangible assets

Property, plant and equipment and intangible assets are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

e) **Financial instruments**

Financial assets and liabilities are recognised when the Company becomes a party to the contract that gives rise to financial assets and financial liabilities. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

De-recognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For other fair value related disclosures **Refer note no 47.**

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets and financial liabilities. For financial assets a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

For more information on financial instruments **Refer note no 47.**

f) Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

In order to hedge its exposure to foreign exchange, the Company enters into forward, futures and other derivative financial instruments. The Company does not hold derivative financial instruments for speculative purposes.

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit and loss.

g) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

h) Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from 1 April 2023, as below:

Ind AS 103 - Reference to conceptual framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16- Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced. While the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 - Onerous contracts - Costs of fulfilling a contract

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 -Annual improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 116 - Annual improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 1 - Presentation of financial statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 - Income taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 - Accounting policies, changes in accounting estimates and errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

i) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Current v/s Non-Current Classification

Company presents assets and liabilities in balance sheet based on current/non current classification.

An asset is current when it is:

- * Expected to be realised or intended to be sold or consumed in normal operating cycle
- * Held primarily for the purpose of trading
- * Expected to be realised within twelve months after the reporting period, or
- * Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is current when:

- * It is expected to be settled in normal operating cycle
- * It is held primarily for the purpose of trading
- * It is due to be settled within twelve months after the reporting period, or
- * There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Advance tax paid is classified as current assets.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

j) Inventories

Inventories are valued at lower of cost or net realizable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overhead incurred in bringing them to their respective present location and condition. Cost of raw materials, process chemicals, stores and spares, packing material, trading and other products are determined on First in First out (Weighted Average) method. Scrap is valued at net realizable value.

k) Taxation

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except when it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax

liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

GST paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of GST paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

l) Employee benefit schemes

(i) Short-term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

(ii) Compensated absences:

The compensated absences are based on a independent actuarial valuation report using the project unit credit method. The Company presents the leave as a current and non- current liability in the balance sheet based on the Actuarial valuation.

(iii) Gratuity

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on project unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognized in OCI are not to be subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company transfers it immediately to retained earnings.

(iv) Provident Fund

Eligible employees of the Company receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary.

(v) Termination benefits

Termination benefits if any are recognised as an expense immediately

m) Provision for liabilities and charges, Contingent liabilities and contingent assets

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past event whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

Refer Note 41 for details.

n) Foreign currency transactions

In the financial statements of the Company, transactions in currencies other than the functional currency are translated into the functional currency at the exchange rates ruling at the date of the transaction. Monetary assets and liabilities denominated in other currencies are translated into the functional currency at exchange rates prevailing on the reporting date except for those whose provisions have already been booked. Non-monetary assets and liabilities denominated in other currencies and measured at historical cost or fair value are translated at the exchange rates prevailing on the dates on which such values were determined.

All exchange differences are included in the statement of profit and loss.

o) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit and loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit and loss attributable to equity shareholders and the weighted average

number of equity shares outstanding for the effects of all dilutive potential equity shares.

p) **Segment Reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue are accounted for based on the cost price. Revenue, expenses, assets and liabilities which are not allocable to segments on a reasonable basis, are included under "Unallocated revenue/ expenses/ assets/ liabilities".

q) **Cash Flow Statement**

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

r) **Leases**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2016, the Company has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

Company as a lessor

A lease is classified at the inception date as a operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease & a lease other than finance lease is operating lease.

Operating lease payments are recognised as an income in the statement of profit and loss on a straight- line basis over the lease term.

Refer Note- 42 for disclosure

s) **Investment Property**

(i) **Recognition & Measurement**

Land or building held to earn rentals. An investment property is measured initially at its cost. The cost of an investment property comprises its purchase price and any directly attributable expenditure. After initial recognition, the company carries the investment property at the cost less accumulated depreciation and accumulated impairment, if any. The residual value, and the fair value of investment property is reviewed at least at each financial year end and, if expectations differ from previous estimates, the change(s) is accounted for as a change in an accounting estimate in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors.

(ii) **Depreciation**

Depreciation on Investment property is provided on Straight Line Value Method. Depreciation has been provided on the basis of useful life of the assets and the manner as prescribed in Schedule II of The Companies Act 2013.

t) **Government Grants**

The Company recognises government grants only when there is reasonable assurance that the conditions based grants will be received. Where Government grants attached to non-monetary assets (PPE), the cost of such assets are presented at Net value after reducing the grant and depreciation is charged on net value of PPE.

3A) **Recent Accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS1- Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April1,2023. The Company has evaluated the amendment and the impact of the amendments in significant in the standalone financial statements.

Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Error - This amendment has introduced a definition of accounting estimates and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and off setting temporary differences. The effective date for adoption of this amendments annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement..

Segments have been identified as reportable segments by the Company chief operating decision maker ("CODM"). Segment profit amounts are evaluated by the board, which has been identified as the CODM, in deciding how to allocate resources and in assessing performance.

Segments Revenue, Results, Assets and Liabilities include the respective amounts identifiable to each of the segments and amount allocated on a reasonable basis. Unallocated expenditure consist of common expenditure incurred for all the segments and expenses incurred at corporate level. The assets and liabilities that cannot be allocated between the segments are shown as unallocated corporate assets and liabilities respectively.

The accounting policies of the reportable segments are the same as the Company's accounting policies described in Note 3. Segment profit (Earnings before interest, depreciation and amortization, and tax) amounts are evaluated regularly by the Board that has been identified as its CODM in deciding how to allocate resources and in assessing performance. The Company financing (Including finance costs and finance income) and income taxes are reviewed on an overall basis and are not allocated to operating segments.

Fair Value Hierarchy

The table shown below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value of the financial assets and liabilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

Other non-current financial assets and liabilities: Fair value the carrying value as considered to approximate to fair value.

Derivative financial assets/liabilities: The Company enters into derivative contracts with various counterparties, principally financial institutions. Forward foreign currency contracts are valued using valuation techniques with market observable inputs. The most frequently applied valuation techniques for such derivatives include forward pricing using present value calculations, foreign exchange spot and forward premium rates. However, company did not enter into any forward contract during the FY 2023-24 & FY 2022-23

There has been no transfer between level 1 and level 2 during the above periods

48 Financial risk management objectives and policies

The Company's activities expose it to the following risks:

- a) Credit risk
- b) Liquidity risk
- c) Market risk

a) Credit Risk

Credit risk is the risk that counter party will not meet its obligations under a financial instruments or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

i) Trade receivables

Customer credit risk is managed by the Company subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and major customers are generally secured by obtaining other forms of credit insurance. The maximum exposure to credit risk at the reporting date is the carrying value of trade receivable disclosed in Note 12.

ii) Financial instrument and cash deposit

Credit risk is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Counterparty credit limits are reviewed by the Company periodically and the limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Typically the Company ensures that it has sufficient cash on demand to meet expected short term operational expenses. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans/internal accruals.

c) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and foreign currency risk. Financial instruments affected by market risk include borrowings, trade receivable and trade payable.

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates. The Company does not have significant debt obligations with floating interest rates, hence, is not exposed to any significant interest rate risk.

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company having a foreign currency risk majorly for trade receivables. The company mitigate the forex risk in relation to trade receivables by entering into the derivative instrument i.e. forward sale contract.

48.1 Foreign currency risk management

The company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The carrying amount of the company foreign currency dominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

(In ₹ lakhs unless otherwise stated)

Particulars	Liabilities (Foreign Currency)		Assets (Foreign Currency)

48.2 Foreign currency sensitivity analysis

The Company is mainly exposed to the currency : USD

The following table details the Company's sensitivity to a 5% increase and decrease in the INR against the relevant foreign currencies. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. This is mainly attributable to the exposure outstanding on receivables and payables in the Company at the end of the reporting period. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rate. A positive number below indicates an increase in the profit or equity where the INR strengthens 5% against the relevant currency. For a 5% weakening of the INR against the relevant currency, there would be a comparable impact on the profit or equity, and the balances below would be negative.

Impact on Profit/(Loss)/ Total Equity

Particulars	As at March31, 2024	As at March31, 2023
Increase in Exchange Rate by 5%	125.86	103.51
Decrease in Exchange Rate by 5%	-125.86	-103.51

49 Capital management

The Company's objective is to maintain a strong capital base to ensure sustained growth in business. The Capital Management focusses to maintain an optimal structure that balances growth and maximizes shareholder value.

The Company is predominantly equity financed. Further, the Company has sufficient cash, cash equivalents, current investments and financial assets which are liquid to meet the debts.

50 Critical estimates and judgements in applying accounting policies

The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Information about estimates and judgements made in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as follows:

i) Property, plant and equipment and useful life of property, plant and equipment and intangible assets

The carrying value of property, plant and equipment is arrived at by depreciating the assets over the useful life of assets. The estimate of useful life is reviewed at the end of each financial year and changes are accounted for prospectively.

ii) Provisions and contingencies

"The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS. A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Where the effect of time value of money is material, provisions are determined by discounting the expected future cash flows. The Company has significant capital commitments in relation to various capital projects which are not recognized on the balance sheet.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial position or profitability (Refer Note 40 and 41).

iii) Defined benefit plan

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation. The mortality rate is based on publicly available mortality table. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. (Refer note no. 30)

(iv) Taxes

Deferred tax assets and liabilities are recognised for deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
