10. The Members can join the AGM through VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the AGM by following the procedure mentioned in the Notice. All the members of the Company are encouraged to attend and vote at the AGM through VC / OAVM.
11. The Explanatory Statement pursuant to Section 102(1) and (2) of the Act in respect of Item no. 3 and Special Business i.e. Item No. 4 to 8 is annexed hereto.

12. The Register of Directors and Key Managerial Personnel of the Company and their shareholding maintained under Section 170 of the Act, the Register of Contracts and Arrangements in which Directors are interested maintained under Section 189 of the Act and all other documents referred to in the Notice will be available for inspection in the electronic mode upto the date of AGM and will also be available electronically for inspection by the Members during the AGM. Members seeking to inspect such documents can send the e-mail to cs@alpalabs.in.
13. In compliance with the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of the Listing Regulations and the MCA Circulars, the Company is providing facility of remote e-voting to its Members through Central Depository Services (India) Limited ("CDSL") in respect of the business to be transacted at AGM. The facility of casting votes by a member using remote e-voting as well as e-voting system on the date of the AGM will be provided by CDSL. Members of the Company holding shares as on the cut-off date i.e. 21st September, 2024, may cast their vote either by remote e-voting or e-voting system as on date of AGM. A person who is not a member as on the cut-off date should treat this Notice for information purpose only.
The information with respect to voting process and other instructions regarding e-voting are detailed in Section A.
14. In compliance with the MCA Circulars and SEBI Circular no. SEBI/HO/CFD/CMD1/CIR1/CIR/P/2020/79 dated 12th May, 2020 read with SEBI Circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated 05th January, 2023, Notice of the AGM along with the Annual Report is being sent only through electronic mode to those Members whose email addresses are registered with the Company / DPs. Members may note that the Notice of 36th AGM and the Annual Report of the Company for the year ended 31st March, 2024 have been uploaded on the Company's website www.alpalabs.in and may be accessed by the members and will also be available on the website of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of CDSL at www.evotingindia.com.
15. M/s. Shilpesh Dalal & Co. Practicing Company Secretary (Membership No. F5316) has been appointed as the scrutinizer to scrutinize the remote e-voting (including ballot form received from the members who do not have access to the e-voting facility) and e-voting process on the date of AGM in a fair and transparent manner.
16. The Scrutinizer shall submit a consolidated Scrutinizer's Report (votes casted during the AGM and votes casted through remote e-voting) of the total votes cast in favour of or against, if any, not later than 48 hours after the conclusion of the AGM to the Chairman of the Company. The Chairman, or any other person authorised by the Chairman, shall declare the result of the voting. The result declared along with the consolidated Scrutinizer's Report shall be simultaneously placed on the Company's website www.alpalabs.in and on the website of CDSL and communicated to the BSE Limited and National Stock Exchange of India Limited.
17. The resolution shall be deemed to be passed on the date of AGM, subject to the receipt of sufficient votes.
18. Members seeking any information or clarification on the accounts or any other matter to be placed at AGM are requested to send written queries to the Company on cs@alpalabs.in atleast 3 days before the date of the meeting to enable the management to respond appropriately.
19. Regulation 40 of the Listing Regulations, as amended, mandates that requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form. Members holding the shares in physical form are requested to dematerialize their holdings at the earliest as it will not be possible to transfer shares held in physical mode. Further SEBI vide its circular no. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated 25th January 2022, has mandated that listed companies shall issue the securities in dematerialized form only, in order to enhance ease of dealing in securities markets by investors, for transactions including Issue of duplicate securities certificate, claim from unclaimed suspense account, renewal / exchange of securities certificate, endorsement, sub-division / splitting of securities certificate, consolidation of securities certificates / folios, transmission and transposition of shares. Dematerialization would facilitate paperless trading through state-of-the-art technology, quick transfer of corporate benefits to members and avoid inherent problems of bad deliveries, loss in postal transit, theft and mutilation of share certificate and will not attract any stamp duty. It also substantially reduce the risk of fraud. Hence, we request all those members who have still not dematerialized their shares to get their shares dematerialized at the earliest.
20. In accordance with the provisions of Section 72 of the Act and SEBI circulars, the facility for nomination is available for the members of the Company in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting the Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he / she may submit the same in Form No. ISR-3 or Form No. SH-14, as the case may be. The said forms are available on the Company's website at Members are requested to submit the said details to their respective DPs, in case the shares are held by them in dematerialised form and to the Company / RTA in case the shares are held by them in physical form.

21. As required in terms of Secretarial Standard - 2 and Listing Regulations, the information (including profile and expertise in specific functional areas) pertaining to Director recommended for re-appointment in the AGM has been provided in the explanatory statement to the Notice.
22. Process for those Members whose email ids are not registered with the Depositories or the Company for obtaining login credentials for e-voting:
- a. Members holding shares in physical form may request for the same along with providing necessary details like Folio No., Name of Member, self-attested scan copy of PAN Card and Aadhar Card by email to cs@alpalabs.in

24. Upto 1000 members will be able to join on a first come first serviced basis to the AGM.
25. Voting process and instruction regarding remote e-voting:

SECTION-A: Voting Process:

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
- Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on **Wednesday 25th Day of September, 2024 at 9:00 a.m.** and ends on **Friday 27th Day of September, 2024 at 5:00 p.m.**

During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of Saturday, 21st September 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

INDUSTRY STRUCTURE AND DEVELOPMENT

Pharmaceutical industry has emerged as one of the fastest growing industries in the world. The global pharmaceutical industry has shown rapid growth over the years driven by factors such as an aging population, increasing prevalence of chronic diseases, advancement in technology and raising healthcare awareness and expenditure fueled by expanding middleclass population seeking better access to healthcare. The pharmaceutical industry plays a crucial role in providing healthcare by researching, developing, producing and marketing a wide range of drugs including prescription medications, over the counter drugs, vaccines and biopharmaceuticals. The industry is characterized by stringent regulations, long research and development timelines, high investment in innovation and continuous quest for new and improved therapeutic solutions.

The new medications are being constantly developed, approved and marketed resulting in significant market growth. Oncology, immunology and neurology are the fastest growing therapy segments. The biologics market is also growing at a significant rate in the therapy areas such as oncology, diabetes and auto-immune diseases. The pharmaceuticals supply chain has also undergone significant transformation spurred by globalization, technological advancements, regulatory shifts and raising demand for healthcare products. The focus is now shifting from manual and transactional process to automation and strategic innovation. Significant investment in automating manufacturing and packaging processes to enhance productivity and operational cost efficiency is also taking place in the industry.

The pharmaceutical industry is estimated to grow from current US \$ 1.6 trillion to about US \$ 2.4 trillion by 2030. Overall, the pharmaceutical industry is expected to continue to evolve as it adapts to new technologies, regulatory changes and ongoing demand for innovative healthcare solutions. Inflation is falling faster than expected in most regions, amid unwinding supply-side issues and restrictive monetary policy. Global headline inflation is expected to fall to 5.8% in 2024 and to 4.4% in 2025

With disinflation and steady growth, the likelihood of a hard landing has receded, and risks to global growth are broadly balanced. On the upside, faster disinflation could lead to further easing of financial conditions. Looser fiscal policy than necessary and versus what is assumed in the projections could imply temporarily higher growth, but at the risk of a more costly adjustment later. Stronger structural reform momentum could bolster productivity with positive cross-border spill overs. On the downside, new commodity price spikes from geopolitical shocks including continued attacks in the Red Sea and supply disruptions or more persistent underlying inflation could prolong tight monetary conditions. Deepening property sector woes in China or, elsewhere, a disruptive turn to tax hikes and spending cuts could also cause growth disappointments.

ECONOMIC OUTLOOK

INDIAN ECONOMY

In FY 2023-24, the Indian economy has gained significant momentum, driven by positive macroeconomic indicators, improved labour market conditions, heightened urban demand, and increased government focus on capital expenditure. The National Statistics Organisation (NSO) in India has projected a robust growth of 7.6% for the Indian economy in FY 2023-24, exceeding the 7.0% growth witnessed in the previous FY 2022-23. Moreover, the Interim Budget for FY 2024-25 announced by the government indicates a move towards a self-reliant India, diminishing dependence on imports and fostering growth in domestic industries. By maintaining the status quo on both direct and indirect taxes, it ensures stability and simplicity for consumers.

According to the Short-Term Energy Outlook (STEO) April 2024 report, crude oil prices are expected to decline, reaching around US\$ 90 per barrel for the rest of CY 2024 and averaging US\$ 85 per barrel in CY 2025 as global oil production increases. This, along with the declining palm oil prices projected to moderate in CY 2023, will likely impact the Indian economy favourably

Looking ahead to FY 2024-25, the outlook is promising. The IMF projects a growth rate of 6.8% for India, while the Reserve Bank of India forecasts a growth rate of 7.2%. The government's support in the form of increased capital expenditure outlay for FY 2024-25, will be a key growth driver. Private consumption and public investment will likely fuel growth, while inflation moderation will likely support consumption trends.

GLOBAL ECONOMIC REVIEW:

In 2023, the global economy showed resilience despite significant challenges. The year began with supply-chain disruptions due to lingering post-pandemic effects, followed by surging inflation and a global energy and food crisis triggered by geopolitical tensions between Russia and Ukraine. Additionally, attacks on commercial shipping in the Red Sea caused a temporary rise in global transportation costs. Despite these challenges, global GDP grew by an estimated 3.2%, supported by robust employment growth, government spending and resilient household consumption. Though headline inflation peaked at 8.7% in 2022, causing economic concerns, it moderated to an average of 6.8% in 2023 due to synchronized monetary policy tightening by central banks. World Bank predicts high interest rates in 2024 and 2025 due to higher and stable commodity prices, geopolitical concerns and possibility of higher rates for longer in the US.

Despite geopolitical tensions and lingering economic headwinds, the outlook for the global economy is improving. The May 2024 Chief Economists Outlook from the World Economic Forum found that only 17% of economists surveyed expect conditions to worsen, a significant improvement compared to the 56% recorded in January 2024. This indicates a tempering down of the negative sentiment.

The global pharmaceutical market was estimated at around US\$ 1.6 tn in CY2023, a US\$ 100 bn more than CY2022. In the post pandemic era, pharmaceutical companies have been refreshing their portfolio strategies to continue their growth trajectory, with a combination of mergers and acquisitions (M&A), investments in research and development (R&D), including novel therapies and a higher adoption of digital capabilities. Most of these companies continue to be resilient in the face of increasing competition, the ever-evolving regulatory landscape, pricing and reimbursement pressures, looming patent expirations and growing demands from patients and health care providers for more effective medications and experiences.

Global health systems have demonstrated remarkable resilience in the face of the pandemic, global inflation, and regional conflicts, and have moved forward to adopt novel therapies and increased usage overall. Overall, global use and spending on medicines is exceeding pre-pandemic growth rates and is expected to continue significantly above those trends through 2028.

The global medicine market using list price levels is expected to grow at 5–8% CAGR through 2028, reaching about \$2.3Tn in total market size. Spending and volume growth following diverging trends by region with larger established markets growing more rapidly, driven by new and existing branded products, while Pharmerging markets will grow more slowly and be driven more by volume than the mix of more expensive therapies.

EMERGING TRENDS: Following are some key emerging industry trends.

Pricing Pressure: With rising demand for healthcare and falling budgets, governments and payers are exerting pressure to drive down prices. Governments, insurers and patients are requiring greater transparency around drug pricing. This has many benefits including better understanding of patient experience and improved adherence.

Specialty Pharma: Specialty medicines are those which treat chronic, complex and rare diseases, and while they have a range of characteristics — including the complexity of disease management or distribution — the most commonly noted attribute is that they are more expensive than other more traditional medicines. Specialty medicines have been increasing as a share of spending in higher-income countries and upper middle-income countries. Globally specialty medicines will be 43% of global spending by 2028

Complex Generics: A complex generic is a generic that could have a complex active ingredient, complex formulation, complex route of delivery, or complex drug device combinations. Complex generic drugs are cheaper than branded drugs and offer the opportunity to capture additional value to patients by addressing additional unmet needs and enabling complex drug manufacturers to achieve market differentiation and earn higher margins. Opportunities for generics remain strong and positive across the globe, with an increasing demand for affordable healthcare and government focus on cost control and expansion of medical infrastructure. The availability of cost-effective, safe generic alternatives offers a tool, that can be used to balance access to and affordability of many major therapies required to maintain a healthy population of patients across multiple disease areas.

Biosimilars: Bio similar products are an identical copy of an original product already authorized for use and offer new therapeutic options with the potential for cost savings to the healthcare system. The introduction of regulatory frameworks for bio similar over the past 15 years has finally begun to contribute to systemic savings in a tangible way, and 2020, in particular, contributed a significant boost in bio similar impact from the U.S. for the first time. In the next five years, biologics will see \$52 billion in lower brand spending, compared to \$15.8 billion in the past five.

Growing incidence of Chronic & Sub-chronic therapies: With changing lifestyle, aging population and improved diagnosis, incidence of chronic diseases or life style therapies are significantly increasing. This includes therapies such as Cardio-vascular, Anti-diabetic and Central Nervous System. This trend is even more prevalent in emerging markets such as India and Brazil.

Artificial Intelligence and Machine Learning:

- **Drug Discovery and Development:** AI and ML are playing an increasingly vital role in accelerating drug discovery processes by predicting drug interactions, identifying potential drug candidates, and optimizing clinical trials. In 2024, more pharmaceutical companies are expected to adopt AI-driven platforms to reduce costs and time in drug development.
- **Personalized Medicine:** AI is helping to tailor treatments based on individual patient data, leading to more personalized and effective therapies.

Advanced Therapeutics and Gene Editing:

- **CRISPR and Gene Therapy:** Gene-editing technologies like CRISPR are advancing rapidly, offering the potential to treat or even cure genetic disorders. 2024 is likely to see more clinical trials and potential approvals for gene-editing therapies.
- **Cell and Gene Therapies:** Continued innovation in cell and gene therapies, particularly in areas like oncology and rare diseases, will be a significant focus. These therapies are moving from experimental stages to more widespread clinical applications.

GROWTH DRIVERS:

Technological Advancements

- **Artificial Intelligence and Machine Learning:** AI and ML are transforming drug discovery, clinical trials, and personalized medicine. These technologies reduce the time and cost of drug development, allowing for faster innovation and market entry.

- **Automation and Robotics:** Enhanced manufacturing processes through automation and robotics are improving efficiency, reducing human error, and lowering production costs, leading to more scalable operations.

Rise of Biopharmaceuticals

- **Biologics and Biosimilars:** The demand for biologic drugs, including monoclonal antibodies and cell therapies, continues to grow. Biosimilars, which are more cost-effective alternatives to biologics, are gaining traction, especially in markets where cost containment is critical.
- **Gene and Cell Therapies:** Advances in gene and cell therapies, particularly for rare and chronic diseases, are opening new avenues for treatment, driving investment and growth in these areas.

Aging Population and Chronic Diseases

- **Increased Demand for Healthcare:** The global aging population is leading to a higher prevalence of chronic diseases such as diabetes, cardiovascular diseases, and cancer. This demographic shift is driving the demand for new and improved therapeutic options.
- **Preventive Healthcare:** There is also a growing focus on preventive healthcare, including vaccines and early-stage diagnostics, which are becoming critical in managing long-term health outcomes.

CHANGING LIFESTYLES:

In today's world, lifestyle of individuals is increasingly becoming hectic and stressful leading to unhealthy eating habits, lack of exercise, less sleep and other lifestyle choices. This change in lifestyle has resulted in higher obesity, hypertension, depression, diabetes, cardiovascular diseases and other physical problems. sedentary lifestyle, changing dietary habits, hectic and stressful life, less sleep and certain environmental factors causes higher incidence of chronic diseases. This includes obesity, hypertension, depression, diabetes, cardiovascular diseases and other physical problems.

RISING DISPOSABLE INCOME:

Disposable income, also known as disposable personal income (DPI), is the amount of money that households have available for spending and saving after Income Tax have been accounted for. Disposable personal income is often monitored as one of the many key economic indicators used to gauge the overall state of the economy. In emerging markets, long term economic growth will lead to rise in disposable incomes. Due to this, the demand for better healthcare solutions will gradually increase.

IMPROVING PURCHASING POWER:

The middle-class population as well as per capital income continues to expand, driving demand for healthcare solutions. This expansion is likely to be more prominent in emerging markets.

TECHNOLOGY & INNOVATION:

Patients are better informed and aware of the healthcare choices available to them through technological advances such as mobile apps and healthcare devices. A new wave of innovation continues to replenish the product pipeline and will provide essential therapeutic advances for patients. In addition to novel medicines, there will be an ongoing flow of new mechanisms that will see their first human uses in areas such as genome-editing, micro biome as well as regenerative cell technologies that include stem cells harvested from one part of the body to use against a disease in another part.

HEALTH INSURANCE & INFRASTRUCTURE:

Penetration of health insurance is expected to surge with the government sponsored initiatives and programs. Increase in private sector insurance will also play an important role in affordability for higher cost. Moreover, medical infrastructure due to setting up / renovation of hospitals and healthcare centers, procurement of medical equipment and devices and improvement in medical education is expected to give healthcare providers the tools and resources necessary to treat their patients.

REGULATORY POLICIES:

Regulatory agencies have set a high priority to improve the drug review process to increase competition to reduce prices. Policies imposed by regulatory will be a significant growth driver to achieve success.

PERFORMANCE SNAPSHOT:

During the financial year under report, the Company registered a Standalone total income of 12361.29 Lacs as against 10236.36 Lacs in the previous financial year, a growth of 20.70% has been noticed. Since the company is moving on a strong path to achieve the highest milestone in the pharmaceutical industry for this company has started new market in overseas countries so that turnover can be maximized through supplies in overseas market.

As during the year company has also been noticed that order from government department has been significantly increased as compared to the previous year it may impact on the turnover also.

SEGMENT REPORTING:

The Company operates in a single segment of Drugs and Chemicals, which is the primary reportable segment, and the same is given in the notes to the financial statements.

THREATS, RISKS AND CONCERNS

LITIGATION RISKS:

The Company is producing various products and the risk of future litigation may exist due to very complex terms and conditions of the agreements, at present there are few litigation's are pending which may do not have any impact on the company as the litigation is not much have such depth to effect the affairs of the company.

COMPETITION RISK:

Indian Market is growing rapidly and the new players in the Pharma industry may create new challenges for existing Pharma companies. Competition is an integral part of all industries and pharmaceutical is no exception. Different markets / businesses have different intensities of competitions and Company has a robust framework to identify its competitive advantages like early-to-market, niche new product launches through identifying unmet medical needs etc.

REGULATORY RISK:

Threats.

- **Evolving Regulations:** Pharmaceutical companies operate in a highly regulated environment, with frequent updates and changes to regulations, particularly in areas like drug approvals, manufacturing standards, and labeling.
- **Non-Compliance:** Failure to comply with regulations can result in fines, product recalls, and damage to the company's reputation.

Controls

- **Robust Compliance Programs:** Implement comprehensive compliance programs that include regular training, internal audits, and monitoring systems to ensure adherence to regulatory requirements.
- **Regulatory Intelligence:** Establish a dedicated team or system to stay updated on regulatory changes and proactively adjust company practices.
- **Documentation and Reporting:** Maintain accurate and detailed records of all processes, decisions, and communications related to regulatory compliance.

FOREIGN EXCHANGE RISK:

The Company earns a vital part of its revenue in foreign exchange, thus exposing it to the volatility in the exchange rates. The Company follows a conservative and disciplined hedging policy which ensures protecting the desired exchange rate for sustaining the profitability.

Operational Risks

Threats:

- **Manufacturing Issues:** Operational disruptions, such as equipment failures, production errors, or workforce shortages, can affect the supply of pharmaceutical products.
- **Scalability Challenges:** Rapidly scaling operations, particularly for new drug launches, can lead to quality issues, supply chain bottlenecks, and increased costs.

Controls:

- **Process Optimization:** Continuously optimize manufacturing processes to improve efficiency, reduce downtime, and enhance quality control.
- **Contingency Planning:** Develop and regularly update contingency plans for key operational risks, including alternative production sites, backup suppliers, and emergency response protocols.
- **Scalable Infrastructure:** Invest in scalable infrastructure and flexible manufacturing capabilities to accommodate growth and changes in demand.

PRODUCT LIABILITY RISK:

The business is exposed to potential claims for product liability. These risks are sought to be managed by appropriate laboratory and clinical studies for each new product, compliance with Good Manufacturing Practices and independent quality assurance system. The Company also has an adequate insurance cover for product liability.

MANUFACTURING & SUPPLYING RISK:

Although a major portion of the Company's finished formulations are being manufactured at in-house facilities, the Company also depend on third party suppliers for sourcing for some of the markets. Any significant disruption at in-house facilities or any third-party manufacturing locations due to economic, regulatory political & social factors or any other event may impair the Company's ability to produce, procure and/or ship products to the markets on a timely basis and could expose the Company to penalties and claims from customers.

OVERSEAS MARKETS:

The development of the business in overseas markets is a critical factor in determining future ability to sustain or increase global product revenues. This poses various challenges including volatile economic conditions, IP issues, developed market compliance standards, inadvertent breaches of local / international law and interventions by national governments or regulators restricting access to market and / or introducing adverse price controls.

However, the Company carefully monitors the business scenarios of these markets, prepares the business plan and undertakes various researches to reduce the risk at the minimal level.

CURRENCY FLUCTUATION RISKS:

Currency risks mainly arise out of overseas operations and financing activities. Exchange rate fluctuations could significantly impact earnings and net equity because of invoicing in foreign currencies, expenditure in foreign currencies. The Company has a defined foreign exchange risk management framework to manage these risks excluding translation risks.

DEPENDENCE ON INFORMATION TECHNOLOGY:

The Company is highly dependent on information technology systems and related infrastructure. Any breakdown, destruction or interruptions of this system could impact the day-to-day operations. There is also a risk of theft of information, reputational damage resulting from infiltration of a data center and data leakage of confidential information either internally or otherwise. The Company keeps on investing appropriately on the protection of data and information technology to reduce these risks

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has recently set up the new software system to enable to track the real time information at any time with the clear picture. We try every possible manner to protect the safeguards of assets of the members of the company. The Company is currently having strong system of internal controls in supervision, checks, policies and procedures, which are being tested on routine basis by the management and the internal auditors. The system is being reviewed and updated on an ongoing basis. Moreover, the company continuously upgrades these systems in line with the best accounting practices. The Audit Committee also reviews the adequacy of internal controls systems and the compliance

thereof. Further, the annual financial statements of the company are reviewed and recommended by the audit committee for the consideration and approval of the board of directors. The committee also reviews internal controls systems, significant accounting policy, major accounting entries, related party transactions, etc.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined that there are no key audit matters to be communicated in our report.

Responsibility of Management for the Standalone Financial Statements

- 6 The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Report on Corporate Governance, Directors' Report, etc., but does not include the standalone financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.
- 7 The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these financial statements that give a true and fair view of the state of affairs, profit and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 8 In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative to do so.
- 9 Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

- 10 Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 11 As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management’s use of the going concern basis of accounting in preparation of standalone financial statement and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company (including its joint operations) to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Company to express an opinion on the standalone financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the standalone financial statements, which have been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.
- 12 We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13 We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

- 14 As required by the Companies (Auditors’ Report) Order, 2020 (“the Order”) issued by the Central Government in terms of section 143 (11) of the Act, we give in the “Annexure A” a statement on the matters specified in paragraphs 3 and 4 of the Order.

15 As required by Section 143 (3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The standalone financial statements dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- d. Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, in our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. We have also audited the internal financial controls over financial reporting of the Company as on 31st March, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report as per "Annexure B" expressed an unmodified opinion;
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer note no.35.
 - i. The Company does not have any pending litigations which would impact its financial position;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.(a)

On the basis of written representation received from the management, we report that, no funds other than as disclosed in the notes to the accounts have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries."), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - iv.(b)

On the basis of written representation received from the management, we report that, no funds other than as disclosed in the notes to the accounts, have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- iv.(c) Based on audit procedures applied by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. No dividend has been declared nor paid during the year. Hence no compliance with section 123 of the Companies Act, 2013 was required.
- vi Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

“ANNEXURE A” REFERRED TO IN PARAGRAPH 14 OF OUR AUDITOR’S REPORT OF EVEN DATE TO THE MEMBERS OF "ALPA LABORATORIES LIMITED”, ON THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31ST MARCH, 2024

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i). (a) (A)** The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (i). (a) (B)** The Company has maintained proper records showing full particulars of Intangible assets.
- (i). (b)** The Property, Plant and Equipment have been physically verified by the management in a phased manner, designed to cover all the items in current period being capitalised in current year itself, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the Property, Plant and Equipment has been physically verified by the management during the year and no material discrepancies between the books records and the physical Property, Plant and Equipment have been noticed.
- (i). (c)** The title deeds of all the immovable properties classified as PPE including investment properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
- (i). (d)** The Company has not revalued its property, plant and equipment (including right of use assets) or intangible assets during the year.
- (i). (e)** No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- (ii). (a)** The management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and inventory lying with third parties. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed. In respect of inventory lying with third parties, these have substantially been confirmed by the third parties.
- (ii). (b)** The Company has been sanctioned working capital limits in excess of ` 5 crore in aggregate from banks during the year on the basis of security of current assets of the Company. The company has not provided the copies of quarterly returns / statements filed by the Company with such banks. Hence we are unable to comment on the same.

- (iii). The Company has made investments in, companies, firms, Limited Liability Partnerships, but has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties.
- (iii). a) The Company has not provided any loans or advances in the nature of loans or stood guarantee, or provided security to any other entity during the year, hence reporting under clause 3(iii)(a)(c) (d)(e)and (f)of the Order are not applicable.
- b) In our opinion, the investments made during the year are, prima facie,not prejudicial to the Company's interest.
- (iv). The Company has not granted loans nor provided any guarantees or securities to parties covered under Section 185 of the Act. Further, provisions of sections 186 of the Companies Act, 2013 in respect of loans, investments, guarantees and security have been complied with by the Company.
- (v). The Company has not accepted any deposits or amounts which are deemed to be deposits under the directives of the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder, where applicable. Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi). We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of the Company's products and services and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii). a) The Company is generally regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as may be applicable to it, with the appropriate authorities.

No

undisputed statutory dues in respect of Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues were in arrears as at 31st March, 2024 for a period of more than six months from the date they became payable.

- (vii). b) The dues outstanding in respect of income-tax, sales-tax and value added tax on account of any dispute are as follows:

Name of Statute	Nature of Dues	Amount (in `)	Amount paid under protest (in `)	Period to which the amount relates	Forum where dispute is pending
M.P.VAT Act	Value Added	3.18	-	2002-03	Second Appeal filed before MP Appeal Board, Bhopal.
Central Sales Tax Act	Central Sales	15.03	-	2002-03	Second Appeal filed before MP Appeal Board, Bhopal.
M.P.VAT Act	Value Added	16.55	-	2005-06	Second Appeal filed before MP Appeal Board, Bhopal.
Central Sales Tax Act	Central Sales	22.81	-	2005-06	Second Appeal filed before MP Appeal Board, Bhopal.
Income Tax Act	Income Tax	27.00	-	2007-08	Litigation pending in MP High Court.

- (viii). According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been recorded in the books of account.

- (ix). a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.
- b) According to the information and explanations given to us including representations received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or other lender.
- c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.

- d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- f) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associates or joint ventures.
- (x). a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company
- (x). b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the
- (xi). a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the standalone financial statements and according to the information and explanations given by the management, no fraud by the Company or no material fraud on the Company has been noticed or reported during the year.
- b) According to the information and explanation given to us, no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;
- c) According to the information and explanation given to us, no whistle-blower complaints, received during the year by the company;
- (xii). The Company is not a nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii)(a),(b) and (c) of the Order is not applicable to the Company.
- (xiii). In our opinion, all transactions with the related parties are in compliance with section 177 and section 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable accounting standards.
- (xiv). a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under Section 138 of the Act which is commensurate with the size and nature of its business.
- (xiv). b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv). The Company has not entered into any non-cash transactions with directors or persons connected with them during the year. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.

- (xvi) According to the information and explanations given to us, we are of the opinion that the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, accordingly the provisions of clause 3(xvi) of the Order are not applicable.
- (xvii) The Company has not incurred cash losses in the current year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act.
- b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act.
- (xxi) The reporting under clause (xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF ALPA LABORATORIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of ALPA LABORATORIES LIMITED (“the Company”) as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility for the Audit of the Internal Financial Controls with Reference to Standalone Financial Statements

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that We comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Fair Value Measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
 2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.
 3. The fair values for loans and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.
 4. The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Note - "37"**Financial Risk Management***Financial risk management objectives and policies*

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk by evaluating and exercising independent control over the entire process of market risk management. The recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

Market Risk- Foreign currency risk.

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods, commodities and services in the respective currencies.

(a) (iii) *Market Risk- Price Risk*

(a) Exposure

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet either at fair value through OCI or at fair value through profit and loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

(b) Sensitivity

The table below summarizes the impact of increases/decreases of the BSE index on the Company's equity and Gain/Loss for the period. The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES

A. COMPANY BACKGROUND

Incorporated as Alpa Laboratories Private Limited on 18th March 1988 under the Companies Act, 1956 and converted to public limited company on 03rd September 1998 with the name of Alpa Laboratories Limited. The Company has been listed on the Bombay Stock Exchange and the National Stock Exchange since 06th August 2007.

Basis of Preparation of Financial Statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that are measured at fair value.
- 2) assets held for sale - measured at lower of carrying amount or fair value less cost to sell.

(iii) Current non-current classification

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of current - noncurrent classification of assets and liabilities.

(iv) Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2. Use of estimates and critical accounting judgements

In the preparation of financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, and future periods affected.

Key source of estimation of uncertainty at the date of standalone financial statements, which may cause material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment, useful lives of property, plant and equipment and intangible assets, valuation of deferred tax assets, provisions, contingent liabilities, and fair value measurements of financial instruments as discussed below. Key source of estimation of uncertainty in respect of revenue recognition and employee benefits have been discussed in the respective policies.

3. Revenue Recognition

Revenue is measured at the fair value of consideration received or receivable net of discounts, considering contractually defined terms and excluding taxes and duties collected on behalf of the government.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Revenue from sale of goods is recognised when the Company has transferred to the buyer the significant risks and rewards of ownership, no longer retains control over the goods sold, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Depending on the contractual terms, risks and rewards of ownership is transferred when the delivery is completed. In case of exports sale delivery is completed on issuance of bill of lading

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and effective interest rate applicable.

Dividend income

Dividend income is recognized at the time when the right to receive is established by the reporting date.

Other operating revenue - Export incentives

Export Incentives under various schemes are recognized on accrual basis.

Other Incomes

Other incomes have been recognized on accrual basis in the financial statements, except when there is uncertainty of collection.

4. Property, plant, and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to costs incurred initially to acquire an item of property, plant, and equipment and to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is derecognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, plant, and equipment is stated at cost/deemed cost, less accumulated depreciation, and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised.

Capital work-in-progress and intangible assets under development represents expenditure incurred in respect of capital projects / intangible assets under development and are carried at cost. Cost comprises of purchase cost, related acquisition expenses, development / construction costs, borrowing costs and other direct expenditure.

Borrowing costs incurred during the period of construction is capitalised as part of cost of qualifying asset. The gain or loss arising on disposal of an item of property, plant and equipment is determined as the difference between sale proceeds and carrying value of such item and is recognised in the statement of profit and loss.

5. Depreciation and amortisation of property, plant and equipment and intangible assets

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a Written Down Value basis. Land is not depreciated.

Property, plant and equipment's residual values and useful lives are reviewed at each balance sheet date and changes, if any, are treated as changes in accounting estimate.

- a. Fixed asset is depreciated on a written down value basis over the useful lives of assets as prescribed under Part C of Schedule II of the Companies Act 2013.
- b. Depreciation for assets purchased or sold during the period is charged to revenue pro-rata to the period of their use.

6. Inventories

Finished goods (including for trade), work in process and raw materials are stated at 'Cost or Net Realizable Value, whichever is lower'. Cost of Inventories comprises cost of purchases and other costs incurred in bringing the inventories to their present location and condition. 'First In First Out' cost formula is used for determination of cost of inventories.

7. Foreign Currency Transactions

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognized at the prevailing exchange rates on the transaction dates. Realized gains and losses on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss. Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

8. Employee Benefit

a. The Company's contribution to Life Insurance Corporation of India (LIC) for group gratuity policy is charged to the Profit and Loss account each year. The contribution for Group Gratuity Policy is based on values as actually determined and demanded by LIC at the year end.

b. Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

9. Borrowing Cost

Borrowing cost consists of interest and other costs incurred in connection with the borrowing of funds and include exchange differences to the extent regarded as an adjustment to the same. Borrowing costs directly attributable to the acquisition and/ or construction of a qualifying asset are capitalized during the period that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period to get ready for its intended use. All other borrowing costs are charged to the Standalone Statement of Profit and Loss as incurred.

10. Borrowings

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividend on these preference shares is recognised in Statement of Profit and Loss as finance costs.

11. Provisions & Contingent liabilities and assets

a. Provisions are recognized only when there is a present obligation, because of past events and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

b. Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or (ii) Present obligations arising from the past events where it is probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

c. Contingent assets are neither recognized nor disclosed except when realization of income is virtually certain, related asset is disclosed.

12. Taxation

Tax expense recognized in Standalone Statement of Profit and Loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Minimum Alternate Tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Standalone Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognized on temporary differences between the carrying amount of assets and liabilities in the financial statement and the corresponding tax bases used in computation of taxable profit under Income Tax Act, 1961.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside Standalone Statement of Profit and Loss is recognized outside Standalone Statement of Profit and Loss (either in other comprehensive income or in equity).

13. Financial Instruments

i) Financial Assets

A. Initial Recognition and Measurement

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognized using trade date accounting.

B. Subsequent measurement

a) Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL.

C. Investments in subsidiaries, associates, and joint ventures

Investments in subsidiaries, associates and joint ventures are carried at cost/deemed cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of investment is assessed and an impairment provision is recognized, if required immediately to its recoverable amount. On disposal of such investments, difference between the net disposal proceeds and carrying amount is recognized in the statement of profit and loss.

D. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognized in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of Financial Assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

ii) Financial Liabilities

A. Initial Recognition and Measurement

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) Derecognition of Financial Instruments

The Company derecognizes a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset, and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

iv) Offsetting

Financial Assets and Financial Liabilities are offset, and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

14. Earnings Per Share

Basic earnings per share have been computed by dividing profit or loss for the year by the weighted average number of shares outstanding during the year. Partly paid-up shares are included as fully paid equivalents according to the fraction paid up.

Diluted earnings per share have been computed using the weighted average number of shares and dilutive potential shares except where the result would be anti-dilutive.

15. Government Grants

Grants from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Profit and Loss on a straight - line basis over the expected lives of related assets and presented within other income.

16. Leases

For any new contracts entered on or after 1 April 2019, (the transition approach has been explained and disclosed in Note 31) the Company considers whether a contract is or contains a lease. A lease is defined as ‘a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period in exchange for consideration’.

Classification of leases

The Company enters leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee’s option to extend/purchase etc.

Recognition and initial measurement

At lease commencement date, the Company recognizes a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of use asset or the end of the lease term. The Company also assesses the right of use asset for impairment when such indicators exist.

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company’s incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. After initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in standalone statement of profit and loss on a straight-line basis over the lease term.

17. Recent Accounting Pronouncements

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has introduced a definition of ‘accounting estimates’ and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it

does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

B. Critical estimates and judgements -

The preparation of financial statements requires the use of accounting estimates which will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

i. Estimation of current tax expenses and Payable and Recognition of deferred tax assets for carried forward tax losses

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions (refer note 28). The extent to which deferred tax assets/minimum alternate tax credit can be recognized is based on management's assessment of the probability of the future taxable income against which the deferred tax assets/minimum alternate tax credit can be utilized.

ii. Estimated Fair value of unlisted securities

Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities and share based payments are disclosed in the notes to standalone financial statements. (Refer note 36)

iii. Probable outcome of matters included under Contingent Liabilities

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, (refer note 30). By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments by management and the use of estimates regarding the outcome of future events.

iv. Recoverability of advances / receivables

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit losses on outstanding receivables and advances.

v. Classification of leases

The Company enters leasing arrangements for various premises. The assessment (including measurement) of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/terminate etc. After the Commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to extend or to terminate.\

vi. Inventories

The Company estimates the net realizable values of inventories, considering the most reliable evidence available at each reporting date. The future realization of these inventories may be affected by future demand or other market-driven changes that may reduce future selling prices.

vii. Provisions

At each balance sheet date basis, the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

- 8 The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated Profit including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of each Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of consolidated financial statements by the Directors of the Holding Company, as aforesaid.
- 9 In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative to do so.
- 10 Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

- 11 Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
- 12 As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, I am also responsible for expressing my opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.
- 13 We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 14 We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 15 As required by section 197(16) of the Act, based on our audit and after considering unaudited financial statement as certified by the management, on standalone financial statements / consolidated financial statements of the subsidiary, we report that the Holding Company, has paid/provided remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V of the Act. In our opinion, no reporting is required under Section 197(16) of the Act. Our opinion is not modified in respect of this matter with respect to our reliance on the work done and relying on such unaudited financial statement submitted to us by the management.
- 16 As required by Section 143 (3) of the Act, based on information of our audit and on the consideration of the unaudited reports on separate financial statements / consolidated financial statements and other financial statements of the subsidiary, we report to the extent applicable that:
- a. We have sought and, except for the matters described in the Basis for Qualified Opinion paragraph, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books and the reports of the other auditors;
 - c. The consolidated financial statements dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d. Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - d. Except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, in our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of written representations received from the directors of the Holding Company taken on record by the Board of Directors of the Holding Company and the relevant assertion contained in the Management's Representation Letter provided for the subsidiary, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the Management on separate financial statements and other financial information of the subsidiary incorporated in India whose financial statements have been audited under the Act:
 - i. The Consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group;
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. During the year ended 31st March, 2024, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries companies.

- iv.(a) On the basis of written representation received from the management, we report that, no funds other than as disclosed in the notes to the accounts have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries.”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- iv.(b) On the basis of written representation received from the management, we report that, no funds other than as disclosed in the notes to the accounts, have been received by the company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- iv.(c) Based on audit procedures applied by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. No dividend has been declared nor paid during the year. Hence no compliance with section 123 of the Companies Act, 2013 was required.
- vi. Based on our examination which included test checks, the Group has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.
- 22 The Consolidated Financial Statements also include the subsidiary's unaudited Financial Statements / financial information. These financial statements / financial information are unaudited and have been furnished to us by the Management duly certified by them hence we are unable to comment on any qualification in relation to the financial statements of the subsidiary.

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF ALPA LABORATORIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with Our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2024, we have audited the internal financial controls over financial reporting of ALPA LABORATORIES LIMITED (hereinafter referred to as “the Holding Company”) and its subsidiary company, which is incorporated in India, as of that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary company, which is company incorporated in India, are responsible for establishing and maintaining internal financial controls based on “internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility for the Audit of the Internal Financial Controls with Reference to Consolidated Financial Statements

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary company, which is incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other matters

Unaudited internal financial controls with reference to financial statements in so far as it relates to one subsidiary, which is a company covered under the Act, whose financial information reflect total assets of ` 120.86 Lakhs as at 31 March 2023, total revenues of ` .86 Lakhs net loss (including other comprehensive income) (before eliminating intercompany transactions) off amounting to INR 6.28 Lacs and net cash outflows amounting to ` 24.04 lakhs for the year ended on that date has been considered in the consolidated financial statements. The internal financial controls with reference to financial statements of this subsidiary company, which is company covered under the Act, is unaudited and our opinion under Section 143(3)(i) of the Act on adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to the aforesaid subsidiary, which is company covered under the Act, is solely based on the corresponding internal financial controls with reference to financial statements report certified by the management of such company. In our opinion and according to the information and explanations given to us by the management, these financial information are not material to the Group. Our opinion is not modified in respect of the above matter with respect to our reliance on the the financial information certified by the management.

Note - "36"**Fair Value Measurement***Financial Instrument by category and hierarchy*

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.
3. The fair values for loans and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.
4. The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Note - "37"**Financial Risk Management***Financial risk management objectives and policies*

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk by evaluating and exercising independent control over the entire process of market risk management. The recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures like foreign exchange forward contracts, borrowing strategies and ensuring compliance with market risk limits and policies.

Market Risk- Foreign currency risk.

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods, commodities and services in the respective currencies.

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

1. Basis of Preparation of Financial Statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that are measured at fair value;
- 2) assets held for sale - measured at lower of carrying amount or fair value less cost to sell;

(iii) Current non-current classification

All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of current - non current classification of assets and liabilities.

(iv) Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2. Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Associates

Associates are all entities over which the company has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

(iii) Joint ventures

Interests in joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet.

(iv) Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

3. Use of estimates and critical accounting judgements

In the preparation of financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Key source of estimation of uncertainty at the date of standalone financial statements, which may cause material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment, useful lives of property, plant and equipment and intangible assets, valuation of deferred tax assets, provisions, contingent liabilities and fair value measurements of financial instruments as discussed below. Key source of estimation of uncertainty in respect of revenue recognition and employee benefits have been discussed in the respective policies.

4. Revenue Recognition

Revenue is measured at the fair value of consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes and duties collected on behalf of the government.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Sale of goods

Revenue from sale of goods is recognised when the Company has transferred to the buyer the significant risks and rewards of ownership, no longer retains control over the goods sold, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the Company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. Depending on the contractual terms, risks and rewards of ownership is transferred when the delivery is completed. In case of exports sale delivery is completed on issuance of bill of lading

Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and effective interest rate applicable.

Dividend income

Dividend income is recognized at the time when the right to receive is established by the reporting date.

Other operating revenue - Export incentives

“Export Incentives under various schemes are recognized on accrual basis.

Other Incomes

Other incomes have been recognized on accrual basis in the financial statements, except when there is uncertainty of collection.

5. Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is derecognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, plant and equipment is stated at cost/deemed cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised.

Capital work-in-progress and intangible assets under development represents expenditure incurred in respect of capital projects / intangible assets under development and are carried at cost. Cost comprises of purchase cost, related acquisition expenses, development / construction costs, borrowing costs and other direct expenditure.

Borrowing costs incurred during the period of construction is capitalised as part of cost of qualifying asset. The gain or loss arising on disposal of an item of property, plant and equipment is determined as the difference between sale proceeds and carrying value of such item, and is recognised in the statement of profit and loss.

6. Depreciation and amortisation of property, plant and equipment and intangible assets

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a Written Down Value basis. Land is not depreciated.

Property, plant and equipment’s residual values and useful lives are reviewed at each balance sheet date and changes, if any, are treated as changes in accounting estimate.

- a. Fixed asset is depreciated on a written down value basis over the useful lives of assets as prescribed under Part C of Schedule II of the Companies Act 2013.
- b. Depreciation for assets purchased or sold during the period is charged to revenue pro-rata to the period of their use.

7. Inventories

Finished goods (including for trade), work in process and raw materials are stated at ‘Cost or Net Realizable Value, whichever is lower’. Cost of Inventories comprises cost of purchases and other costs incurred in bringing the inventories to their present location and condition. ‘First In First Out’ cost formula is used for determination of cost of inventories.

8. Foreign Currency Transactions

(i) Functional and presentation currency

The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

9. Employee Benefit

a. The Company's contribution to Life Insurance Corporation of India (LIC) for group gratuity policy is charged to the Profit and Loss account each year. The contribution for Group Gratuity Policy is based on values as actually determined and demanded by LIC at the year end.

b. Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

10. Borrowing Cost

Borrowing cost consists of interest and other costs incurred in connection with the borrowing of funds and also include exchange differences to the extent regarded as an adjustment to the same. Borrowing costs directly attributable to the acquisition and/ or construction of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Standalone Statement of Profit and Loss as incurred.

11. Borrowings

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividend on these preference shares is recognised in Statement of Profit and Loss as finance costs.

12. Provisions & Contingent liabilities and assets

a. Provisions are recognized only when there is a present obligation, as a result of past events and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

b. Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or (ii) Present obligations arising from the past events where it is probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made.

c. Contingent assets are neither recognized nor disclosed except when realization of income is virtually certain, related asset is disclosed.

13. Taxation

Tax expense recognized in Standalone Statement of Profit and Loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Minimum Alternate Tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Standalone Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognized on temporary differences between the carrying amount of assets and liabilities in the financial statement and the corresponding tax bases used in computation of taxable profit under Income Tax Act, 1961.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside Standalone Statement of Profit and Loss is recognized outside Standalone Statement of Profit and Loss (either in other comprehensive income or in equity).

14. Financial Instruments

i) Financial Assets

A. Initial Recognition and Measurement

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognized using trade date accounting.

B. Subsequent measurement

a) Financial Assets measured at Amortised Cost (AC)

A Financial Asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI)

A Financial Asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial Assets measured at Fair Value Through Profit or Loss (FVTPL)

A Financial Asset which is not classified in any of the above categories are measured at FVTPL.

C. Impairment of Financial Assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

ii) Financial Liabilities

A. Initial Recognition and Measurement

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent Measurement

Financial Liabilities are carried at amortized cost using the effective interest method.

Trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

iii) Derecognition of Financial Instruments

The Company derecognizes a Financial Asset when the contractual rights to the cash flows from the Financial Asset expire or it transfers the Financial Asset and the transfer qualifies for derecognition under Ind AS 109. A Financial liability (or a part of a Financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

iv) Offsetting

Financial Assets and Financial Liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

15. Earnings Per Share

Basic earnings per share has been computed by dividing profit or loss for the year by the weighted average number of shares outstanding during the year. Partly paid up shares are included as fully paid equivalents according to the fraction paid up.

Diluted earnings per share has been computed using the weighted average number of shares and dilutive potential shares except where the result would be anti-dilutive.

16. Government Grants

Grants from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Profit and Loss on a straight - line basis over the expected lives of related assets and presented within other income.

17. Recent Accounting Pronouncements

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, the MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below :

Ind AS 1, Presentation of Financial Statements – The amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and the impact of the amendment is insignificant in the Group's financial statements.

Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – The amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.

Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.

18. Leases

Where the Group is the lessee

Right of use assets and lease liabilities

For any new contracts entered into on or after 1 April, 2019, (the transition approach has been explained and disclosed in Note 31) the Company considers whether a contract is, or contains a lease. A lease is defined as ‘a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration’.

Classification of leases

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee’s option to extend/purchase etc.

Recognition and initial measurement

At lease commencement date, the Company recognizes a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

Subsequent measurement

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company’s incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognizing a right-of-use asset and lease liability, the payments in relation to these are recognized as an expense in standalone statement of profit and loss on a straight-line basis over the lease term.

B. Critical estimates and judgements -

The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results. Management also need to exercise judgement in applying the Group’s accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those

originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

- i. Estimation of current tax expenses and Payable and Recognition of deferred tax assets for carried forward tax losses
The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions (refer note 27). The extent to which deferred tax assets/minimum alternate tax credit can be recognized is based on management's assessment of the probability of the future taxable income against which the deferred tax assets/minimum alternate tax credit can be utilized.
- ii. Estimated Fair value of unlisted securities
Information about the valuation techniques and inputs used in determining the fair value of various assets, liabilities and share based payments are disclosed in the notes to standalone financial statements. (refer note 35)
- iii. Probable outcome of matters included under Contingent Liabilities
Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, (refer note 29). By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments by management and the use of estimates regarding the outcome of future events.
- iv. Recoverability of advances / receivables
At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit losses on outstanding receivables and advances.
- v. Classification of leases
The Company enters into leasing arrangements for various premises. The assessment (including measurement) of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/terminate etc. After the Commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to extend or to terminate.\
- vi. Inventories
The Company estimates the net realizable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realization of these inventories may be affected by future demand or other market-driven changes that may reduce future selling prices.
- vii. Provisions
At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.
