FESTIVE DEMAND BOOSTER

Growth trajectory set to return for Reliance Retail in Dec quarter

Consolidation period over, say analysts

VIVEAT SUSAN PINTO
Mumbai, January 10

THE COUNTRY'S LARGEST organised retailer, Reliance Retail, may be back on the growth path in the third quarter of the current financial year backed by festive demand, sector analysts say. Parent Reliance Industries (RIL) is set to declare its financial results on January 16.

In the result preview ahead of RIL's earnings next week, global brokerages such as Goldman Sachs, Bernstein and CLSA have said that the period of consolidation for Reliance Retail has concluded in the first half of FY25. This period of consolida-

tion was marked by muted store launches and a focus on improving profitability, experts said.

"The retail business should return to its growth trajectory in the second half of FY25 backed by festive demand in Q3," CLSA said in a note on RIL this week.

In its preview on RIL, released Thursday, Goldman Sachs said that it saw discretionary spends turning positive in the October-December 2024 period, which would aid retailers such as Reliance.

"We have seen improvement in trends across discretionary consumption companies in our coverage. The same-store sales growth (SSG) trend has begun improving for quick-service restaurants (QSRs) and there is an improvement in like-for-like growth for jewellery players. Hence, we expect improvement in the year-on-year sales growth for

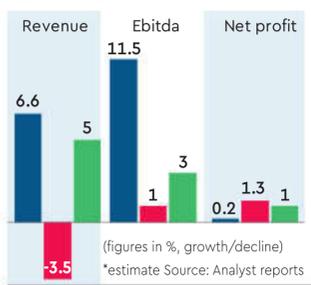

festive demand in apparels and electronics. Goldman Sachs expects a 5% year-on-year sales growth for Reliance Retail in Q3. In Q2, Reliance Retail had reported a 3.5% decline in topline. In Q1, the organised retailer had reported a 6.6% topline growth,

Reliance Retail in Q3," Goldman Sachs said.

In its outlook on Reliance for FY25, released Tuesday, Bernstein said that it expected mid-single-digit sales growth in FY25 in the retail business, starting with the third quarter, which may see an uptick, led by

festive demand in apparels and electronics.

Goldman Sachs expects a 5% year-on-year sales growth for Reliance Retail in Q3. In Q2, Reliance Retail had reported a 3.5% decline in topline. In Q1, the organised retailer had reported a 6.6% topline growth,

driven mainly by sales of cooling category products.

Earnings before interest, tax, depreciation and amortisation (Ebitda) may grow at 3% year-on-year in Q3, Goldman Sachs said. In Q2, Reliance Retail had reported a 1% rise in Ebitda. While in Q1, the retailer had reported a 11.5% increase in Ebitda, driven by demand in cooling products and TVs.

Sector analysts also expect Reliance Retail to maintain a cautious store addition strategy in Q3 in keeping with the trend of rationalizing costs. In Q2, for instance, Reliance had added 28 stores on a net basis, with a closure of 436 unprofitable stores, Bernstein said.

"We expect the majority of these store (closures) would be from the grocery vertical, shutting down unprofitable Reliance Fresh and Reliance Smart stores in tier-1 and metro cities, driven by the uptick of quick commerce within the Top 10 cities," Bernstein added.

SpiceJet set to bring 10 planes back to service amid dip in operations

The return of these planes will boost the carrier's fleet to 38 aircraft

NITIN KUMAR
New Delhi, January 10

FINANCIALLY TROUBLED LOW-COST carrier SpiceJet on Friday said it plans to bring back 10 of its grounded aircraft to service by mid-April 2025. The move aims to expand the airline's fleet to 38 aircraft, up from its current size of 28. The new additions will include four Boeing 737 MAX aircraft while the remaining units will be sourced from the airline's fleet of Boeing 737s and Q-400s.

The announcement comes at a critical time for SpiceJet, as its operational performance has seen a decline. According to data from the Directorate General of Civil Aviation (DGCA), the airline's total number of departures dropped 30% to 4,408 in November 2024, compared to 6,311 in January 2024. Passenger numbers also plummeted 38% to 576,143 in November 2024, as against 930,495 in January 2024.

This is another effort by the Gurugram-headquartered airline to recover from a series of operational challenges. The airline had earlier raised ₹3,000 crore through a Qualified Institutional Placement (QIP) to bolster its financial position. Since October 2024, SpiceJet has already added 10 aircraft, comprising three previously grounded planes and seven leased units, the company said.

SpiceJet is on a strong path to recovery, and we remain focused on providing reliable and affordable air travel

major lessors and partners.

The low-cost carrier has recently signed an agreement with US-based engine MRO provider StandardAero, which will assist in the restoration of the airline's grounded MAX fleet. It has also resolved disputes with several major lessors and partners, including Export Development Canada, Engine Lease Finance Corporation, Babcock & Brown Aircraft Management, Airastle (Ireland), Wilmington Trust SP Services (Dublin), Shannon Engine Support, among others demonstrating its commitment to operational stability and growth.

In addition, SpiceJet has partnered with CFM International, the manufacturer of LEAP-1B engines and a key lessor to support the return of its Boeing 737 MAX aircraft to service.

While the airline's announcement was initially met with optimism, SpiceJet's stock experienced a steep decline in Friday's trading session. The share price dropped by 6.95%, hitting an intraday low of ₹49, and closed the day 5.70% lower at ₹49.60.

Byju's staff files ₹177-cr claims

ANEES HUSSAIN
Bengaluru, January 10

IN THE ONGOING corporate insolvency resolution process of Byju's, employee claims filed as operational creditors have reached ₹177.5 crore, with approximately ₹32.56 crore being provisionally admitted by the resolution professional (RP), according to a document reviewed by FE.

Of the total claims, about ₹59.87 crore has not been admitted, while claims worth ₹85.06 crore are currently under verification, the document dated December 28, 2024, shows.

The RP, Pankaj Srivastava, has indicated that claims are being verified on a continuous basis, with some being provisionally admitted pending further documentation and verification of company records. Employees who don't find their names in the current list have been advised to send a reminder email to the designated email ID for follow-up on their claims, the document noted.

AI-powered healthcare firm Innovaccor raises \$275 mn

FE BUREAU
January 10

SAN FRANCISCO AND NOIDA-HEADQUARTERED artificial intelligence-powered healthcare platform Innovaccor has raised \$275 million in a Series F funding round, marking its first capital infusion since 2021. The latest round saw participation from B Capital Group, Banner Health, Generation Investment Management, Kaiser Permanente, and Microsoft's M12 venture fund.

The company which serves six of the top 10 US health systems, has now raised \$675 million in total funding.

Although it did not disclose its latest valuation, during its last funding round in December 2021, the company had raised \$150 million in Series E financing at a post-money valuation of \$3.2 billion.

The fresh capital will be deployed towards expanding the company's AI and cloud capabilities, particularly in developing copilots for healthcare functions, including utilisation management and clinical decision support. The company also plans to scale its developer ecosystem platform.

Over the past year, Innovaccor acquired two companies - Cured and Pharmacy Quality Solutions to further its offerings.
