Outlook

The Indian economy is poised for steady growth, with projections indicating a GDP growth rate of 6.5-6.8% for the fiscal year 2024-25. Rural consumption has remained encouraging, supported by strong agricultural performance due to a favourable monsoon. The services sector continues to be a key driver of growth. Government spending has also started to rebound post the Centre and various State elections, which will give necessary impetus to Infrastructure sector spend in the near term.

As India strives to achieve the vision of a 'Viksit Bharat' by 2047, the government is expected to maintain its strong commitment to infrastructure investments, recognising it as a key driver of broader economic growth. The forthcoming Union Budget is likely to strike a balance between policy continuity and fiscal discipline. India would still be one of the fastest growing major economies in the world, although the pace and sustainability of the growth trend could be shaped by how the country navigates challenges around global and financial market volatility, potential implications of intensified trade wars and domestic inflationary impulses.

The global economy at the current juncture is at a crossroad. Whereas policy changes by the USA could result in another bout of tariff war, on the other hand the ceasefire between Hamas and Isarel should improve the situation in the GCC region. European economies continue to move sideways while questions over the Chinese economy further cloud the growth picture and push the global economies towards fragmentation and localization.

On a positive note, the GCC region led by Saudi Arabia will continue to strengthen its physical and digital infrastructure apart from monetizing its oil and gas wealth. Coincidentally, multiple GCC countries have also embarked upon the Energy expansion and transition journey with large investment outlays.

In this economic backdrop, the Company will continue to pursue its objective of a volume led profitable and return accretive growth. The Company has robust order prospects for the near term and is confident of maintaining its growth momentum by leveraging the emerging opportunities and maximising shareholder value on a sustainable basis.

**INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM STANDALONE
FINANCIAL RESULTS**

TO THE BOARD OF DIRECTORS OF LARSEN & TOUBRO LIMITED

1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **LARSEN & TOUBRO LIMITED** (the "Company"), which includes the interim financial information of 31 joint operations consolidated on a proportionate basis for the quarter and nine months ended December 31, 2024 (the "Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 and Regulation 52 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements ("SRE") 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India ("ICAI"). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We have also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the Listing regulations, to the extent applicable.

4. The Statement includes the interim financial information of the joint operations listed in **Attachment A**.
