Old tax regime to continue along with new laws; FY25 tax tabulation under existing Act

ENSURING CONTINUITY. Experts say that the new Bill retains all the provisions of the Income Tax Act, 1961

Shishir Sinha
New Delhi

The new income Tax Bill has ended, for now, the speculation that the old tax regime will end. The Bill, once introduced, will be referred to the department-related Standing Committee on Finance.

Meanwhile, experts say that the new Bill retains all the provisions of the Income Tax Act, 1961, ensuring continuity while eliminating redundant sections and outdated clauses.

Commenting on key features of the new Bill, Amit Maheshwari, Tax Partner at AKM Global, said that contrary to speculation, the old tax regime will not be abolished but will continue to operate alongside the new regime, offering taxpayers flexibility in choosing the system that best suits their needs.

Moreover, clauses from the other laws such as 'wealth tax' have been incor-

FILING OF RETURNS. The computation of taxable income and its reporting for FY25 and FY26 would be required to be done under the existing Income Tax Act GETTY IMAGES

porated clearly in the code as compared to earlier referencing that was making interpretation complex, he said.

SIMPLER LAWS
He highlighted one of the significant changes — the newly-introduced Section 275(6), which mandates that the Dispute Resolution Panel (DRP) must provide detailed

directions, explicitly stating the points of determination, its decision and the reasons behind it. This marks a significant shift from the earlier Section 144C, which lacked clarity on the manner of issuing DRP directions.

"With this amendment, DRP orders will now be well-reasoned and adequately explained, ensuring transpar-

ency and reducing reliance on past rulings. This change is expected to enhance taxpayer confidence and improve the quality of dispute resolution in tax matters," he said.

Experts feel that disputes will come down. Rohinton Sidhwani, Partner at Deloitte India, said the primary objective of the new Bill is to simplify tax laws, ensuring they are more transparent, easier to interpret and taxpayer-friendly. By replacing complex provisions with clearer provisions, it aims to reduce legal disputes and encourage voluntary tax compliance.

GREATER CLARITY
"This reform is a significant step towards modernising India's tax framework, bringing greater clarity and efficiency. However, its success hinges on smooth implementation and how well taxpayers adapt to the changes. The Bill promises a more streamlined, accessible tax

system, making it easier for citizens and businesses to fulfil their obligations while fostering trust in the system," Sidhwani said.

As per the proposed law, clearer tax treatment on employee stock options (ESOPs) have been included for reduced tax disputes and it includes judicial pronouncements of the last 60 years for more clarity. Also, income not forming part of total income have now been moved to schedules to simplify the statute.

According to Sandeep Jhunjhunwala, M&A Tax Partner at Nangia Andersen LLP, the Bill, subject to approval and amendments under the Parliamentary process, is slated to be effective only from April 1, 2026, which implies that "computation of taxable income and its reporting, for financial years ending March 2025 and March 2026, would still be required to be done under the existing Income Tax Act itself."

Modi formally pitches indigenous Pinaka rocket launchers to France

Prime Minister Narendra Modi, during his official visit to Paris, offered the indigenous developed and manufactured Pinaka multi-barrel rocket launchers (MBRL) to the French Army, which would be a confidence booster for self-reliance in the military sector. In his pitch, Modi said the possible acquisition by the French Army would elevate Indo-French defence ties.

"Prime Minister Modi also invited the French Army to take a closer look at the Pinaka MBRL, emphasising that an acquisition of this system by France would be another milestone in Indo-French defence ties," read a joint statement issued on Wednesday.

A top DRDO officer, on condition of anonymity, said that the talks are at a very preliminary stage between the two sides on the export of Pinaka MBRL. The Indian Army, meanwhile, has already inducted four regiments of Pinaka and will get another six regiments by

2027, given that the force is satisfied with its performance. Overall, the Army wants to induct 25 regiments of the rocket systems in future.

SCORPENE SUBMARINES

The joint statement, however, stated that both the leaders commended progress in collaboration in the construction of Scorpene submarines in India, including indigenisation attempts on the platform. Particularly,

the work carried out with a view to the integration of DRDO-developed Air Independent Propulsion into P75-Scorpene submarines and the analyses conducted regarding the possible integration of the Integrated
