Environmental, Social and Governance – ESG (Towards a sustainable Future)

### ESG - Our focus area

The ambit of ESG is wide and evolving. It is our firm belief that to achieve our ESG objectives and have a greater impact, we need to be focused on identified areas rather than spreading wide. Accordingly, in our Responsible and Sustainable Business Conduct policy, we have identified following as our areas of focus:

#### Governance

Conduct and govern business with integrity in a manner that is ethical, transparent and accountable.

## Financial Inclusion

Provide access to relevant and affordable financial products and services that meet the needs of larger society.

# Preserving & Protecting Environment

Information

and Cyber

Strive to adopt environmental practices and processes that minimize / eliminate the adverse impact of company operations on the environment.

## Empowering Society

Promote social welfare activities for inclusive growth, equitable development, and well-being of society.

#### **Customer Centricity**

Innovate / invest in products, technologies and processes that enhance customer experience and promote professional, fair and transparent dealings.

#### Human Capital Management

Create a thriving, safe and inclusive workplace for its employees and providing merit-based opportunities for professional development and growth.

## Security

Adopt robust information security, cyber security and fraud controls.

#### Stakeholder Engagement

Engage with relevant stakeholders for enhancing the sustainable and responsible business practices.

## Key initiatives during the year
